

Chapter 1469

Parker was instantly worried as she replied softly, "You? What's your plan?"

'If Luca had the leadership skills, he would not have begged to form an alliance with me.'

"If you don't believe me, then we both will be eliminated together." Darryl smiled, looking unpredictable.

'Does he really have a plan?'

Parker went silent when she saw his expression. She then nodded. "Fine, I'll listen to you."

She did not know why she agreed, but Parker decided to trust Darryl in the end.

'No matter what, he saw that Quinton and the rest had formed an alliance, but I didn't notice.'

More importantly, Parker had absolutely no idea what to do.

Darryl took a deep breath and said to Quinton. "Quinton! Don't get too excited;

Quinton, "Quinton! Don't get too excited; we still don't know who's going to win or lose. My master said not to speak nonsense in the competition area."

His tone was calm but was insulting.

At that moment, Quinton and the others were beyond furious and did not speak further.

"Charge!"

"Attack now!"

"Break their formation, and chase them out of the arena."

The eight soldiers instantly followed Quinton's and the other three's orders and charged at Darryl and Parker.

It was eight against 40; the number was double theirs. Although it was not too big a scale, the aura was incredible.

Darryl smiled, looking at the people charging forward, and said to Parker softly, "Get the ten people on the left to move forward by five steps. The five people in the middle need to step

backward by three steps. Then...

backward by three steps. Then, move the rest towards the left by ten steps.”

Darryl looked steady and calm as he spoke.

“Everyone follow my orders!” Parker did not hesitate to repeat every sentence Darryl said. “The ten people on the right, move forward by five steps, the five people in the middle, step backward by three steps...”

As she spoke, the 40 soldiers changed their position under her orders immediately.

At that moment, Quinton and the other three had arrived, leading their soldiers. However, everyone was stunned by what had happened in front of them.

Under Parker's orders, the 40 soldiers were coordinated closely into a perfect defensive position. They guarded themselves like a steel wall, and the formation did not break no matter how much Quinton and the others tried to attack them.

Everyone that was watching the competition was cheering when they saw that!

Parker defended herself against four people and was successful in defending the position.

She was just too powerful?!

The New World Emperor, who sat on the dragon chair, laughed as he looked at Parker, impressed. "What a rare talent. He's calm even when facing a difficult situation."

At that moment, the New World Emperor and all the spectators still did not know that Darryl gave the orders. Parker was simply repeating his words.

As such, everyone looked amazed at Parker and completely ignored Darryl!

Parker was surprised and delighted as she saw everyone was amazed by her. Her body trembled as she looked at Darryl with surprise!

'It worked. We defended the attack! How did he do it?'

Chapter 1470

At that moment, Parker felt like what Darryl told her was not normal and held special meanings.

'Didn't he say he didn't know any soldier formations?' she thought as she looked at Darryl, curious.

Darryl smiled and looked relaxed. The formation he used was a rather simple formation from the Bai Qi Formations. However, it was more than enough to deal with Quinton and the rest.

If it were not for the fact that Darryl did not want to attract the New World Emperor's attention and reveal his identity, he would not have got Parker to order the formation. He would have defeated Quinton and the rest once the competition started.

'That...that was incredible!' Quinton and the rest were stunned, but they were also furious.

They had the advantage of having more people, but they were still defeated. It would be humiliating if they lost.

“Quinton, Titus, charge. Eliminate them,” Geoff shouted from the observation deck.

‘I must seek my revenge; Luca must lose!’

“Charge!” Quinton and the others clenched their teeth as they led the soldiers.

However, no matter how they attacked, they still could not get through Parker and Darryl’s formation. In comparison, when they lost their stamina, Darryl ordered Parker to attack mercilessly. They eliminated Quinton and the others from the competition.

At that moment, the atmosphere was heated. Everyone’s eyes were on Parker, full of respect.

“Incredible!”

“He turned it from a loss to a win!”

“Excellent. This round was incredible!”

Parker was stunned when she heard everyone’s cheers.

Only Parker knew that the real person

who won the competition was Darryl and not her. Without Darryl, her formation would have been broken, and she would not have lasted till the end.

“Sh*t!” Geoff was about to go crazy. He stared at Darryl, who was standing in the middle of the arena.

“Luca, you were lucky this time, but we’re not done yet!” he mumbled to himself as he left the observation deck.

Just like everyone, Geoff also felt that Darryl was just relying on Parker.

“Parker Yohan and Luca Moonlight will be going to the next round!” Florian walked over and announced with his crystal-clear voice.

When she heard that, Parker gathered her thoughts as she bowed towards the New World Emperor and proceeded to leave the arena.

Darryl followed behind her closely.

Once they left, many people gathered around to congratulate Parker.

“Parker, how did you do it?”

Once they left, many people gathered around to congratulate Parker.

“Mister Yohan, how did you do it?”

“Those were excellent war strategies. It was amazing.”

Parker squeezed a smile, replied to their praises for a while, and left the venue with Darryl.

Once they exited the venue and there were not many people, Parker called out to Darryl, “Hey! The setting you ordered; was it a formation?”

Just like others, Parker was curious.

Simultaneously, she realized that the Luca in front of her was not the same one as before. He was unpredictable.

“What formation?” Darryl pretended to be confused by Parker’s question.

Chapter 1471

“The formation you used just now!”
Parker stomped her feet impatiently.

“This guy is still trying to pretend?!”

Darryl scratched his head and said slowly, “I read a soldier’s strategy book before, and the book described how to use a formation. I suddenly remembered it when we were in the middle of all the chaos; that was what I told you!”

‘Soldier’s strategy book?’ Parker furrowed her brows and thought.

“Which strategy book? How come I’ve never seen it before?”

As the eldest Young Miss of Famed Sword Manor Eldest Young Miss, Parker had read countless books, but she had never seen a book about formation called the soldier’s formation.

‘Sh*t! It wasn’t easy to trick Parker.’

Darryl was frustrated when he saw Parker’s stubborn face. He smiled and said, “Is it important to know what formation it

was? We won!”

“No! You need to tell me!” Parker was determined. She was a stubborn lady and wanted to clarify everything no matter what she faced.

Darryl could not help but smile and nodded, “Fine, I’ll tell you. The formation is called, Four Ways Formation.”

‘Four Ways Formation?’ Parker furrowed her brows.

She could not help but ask, “If you know about formations, why did you want to form an alliance with me at the beginning. You also let me take the lead at the end.”

She rolled her eyes. “I understand now; you don’t want to show your power because you’re afraid to attract attention. Am I right?”

‘How smart is this, Parker? She easily guessed my intention.’

Darryl was stunned as he looked at Parker and nodded his head. “That’s right!”

“Why?” Parker had a strong interest in Darryl's identity. “Why do you want to hide your power? Who are you?”

‘Just a simple formation, and it had easily defeated Quinton and the others’ alliance. The identity of this Luca in front of me is definitely not simple!’

Darryl had a quick thought and said seriously, “Mister Yohan! You’re right. I’m hiding my real power, and my real name is not Luca Moonlight. However, I can’t tell you my real identity for now!”

After getting to know her for two days, Darryl could feel that Parker was a kind-hearted lady, so he was not worried about sharing a little secret with her.

“You...” Parker was frustrated as Darryl only shared half of the truth. She stomped her feet in anger.

At that time, Darryl smiled and continued to say, “Everyone has their secrets. Just like you, you dressed like a man to participate in this martial arts marriage tournament. I’m the same too. Now that we know each other’s secrets, I hope we

both can keep these secrets. What do you think?"

Parker went silent when she saw how serious Darryl was.

She was an intelligent woman. 'Darryl already shared the truth; he must have his own reasons for doing that.'

Parker sighed as she thought and looked at Darryl before nodding. "Alright, I won't ask anything else since you said that. Don't worry; I won't tell anyone about this matter."

Darryl smiled when he saw she had agreed. "Great! It's a deal."

"Yes, it's a deal!" Parker did not stay after their agreement and left immediately.

Darryl smiled quietly as he watched Parker leaving, and he also returned to the inn.

Chapter 1472

Once he returned to the inn, Darryl ordered Four Dragons Four Phoenixes, “Later you go to places near the royal palace to find out some news about Princess Yvette.”

Although he could see Yvette every day at the competition venue, Darryl still wished to know her situation in the palace. Honestly, he really wished to break into the palace to investigate, but when he thought of the fact that there were many powerful warriors in the palace, and he was one of the participants, he had to put off the idea.

“Yes, boss!” they answered together before leaving the inn immediately.

Four Dragons Four Phoenixes returned with some news a few hours later.

When he heard that Yvette had attempted to commit suicide multiple times in the past few days but was found just in time, Darryl’s heart ached uncontrollably.

The rest of the night, Darryl's mind was full of thoughts of Yvette, and he only managed to fall asleep after midnight.

The next morning, Darryl arrived at the martial art competition venue and was stunned! He saw that all the martial arts competition participants did not enter the competition venue but gathered at the road outside the entrance.

There were also many royal soldiers on both sides of the road, managing the crowd.

'Sh*t! Is there a problem with today's competition?' Darryl furrowed his brows at the sight before rushing over.

Once he arrived, he could see the New World Emperor and the ministers had arrived at the altar inside the venue.

However, there was no one in the competition venue. All of the participants were gathered on the main street outside.

Darryl had more doubts when he saw that.

'Sh*t! What does the New World Royal Family want to do?'

Florian walked out from the venue and said, "Everybody! Firstly, congratulations to all of you for reaching where you are today. Today will be the semi-finals of the martial arts competition."

'That's fast, and it's the semi-finals?' Darryl couldn't help but look around.

After two days of the competition, only 200 people out of the 10,000 that registered for the competition were left. The semi-finals that day were to identify the top ten to progress to the finals.

At that time, Darryl clenched his fist, and his heart was filled with fighting spirit. 'It doesn't matter what the rules for the semi-finals are. I must progress to the finals no matter what.'

"His Majesty has decreed an order just now." At that moment, Florian continued to speak, "The semi-finals will be held at the royal family's training ground. Wind Spirit Wolves often appear at the royal family's training ground, and everyone should know that the wind spirit wolf is a type of enchanted beast. Its power is at

type of enchanted beast. Its power is at Martial Saint level, and its body produces Internal Alchemy Elixir.”

When he said that, Florian smiled. “The rules for today’s competition is for everyone to entire the royal family’s training ground to kill the Wind Spirit Wolves and obtain the Internal Alchemy Elixir. The top ten people with the greatest number of Internal Alchemy Elixir will progress to the finals. The rest will be disqualified.”

At that moment, the entire place was in an uproar. All 200 participants were stunned.

Everyone knew that the level of the enchanted beasts was the same as human cultivators. It followed the sequence of Master, Master General, Martial Saint at different levels.

Wind Spirit Wolves were a type of enchanted beasts that specialized in speed. With the speed like the wind, a Martial Saint level Wind Spirit Wolf could move as fast as lightning. It was very difficult to capture it, not to mention

killing it and retrieving the Internal Alchemy Elixir.

At that moment, the participants with lower capability were worried. The semi-finals would be full of challenges for them. However, Matteo and some of the top participants looked calm.

It was just going to be Wind Spirit Wolves, so capturing them would be easy.

Darryl, who was standing at the side, smiled.

‘No wonder there was no one at the competition venue. The competition for today will be held at the royal family’s training ground!’

As for the Wind Spirit Wolves, Darryl was not worried at all.

He was a level five Martial Emperor; it would be no problem killing the Wind Spirit Wolves.

“Alright!”

At that time, Florian waved his hands, asking everyone to be silent. “Time is almost up: let me bring you all into the

almost up; let me bring you all into the training ground.”

Chapter 1473

As spoken, Florian rode the horse, guarded by the royal armies. He led the participants to amble into the royal city as they headed towards the training ground.

The royal family training ground was located a few miles away south of the royal city. It was also an ancient battlefield place. There were many ancient battlefields in the New World. Due to the close distance from the royal city, the sites were listed as prohibited places by the royal family. They were only used by the royal families as training

places by the royal family. They were only used by the royal families as training grounds.

The New World Emperor had given special permission to open the place as the competition venue for the participants of the semi-finals of the martial arts marriage tournament.

Soon, everyone arrived at the ancient battlefield.

At that moment, Darryl could not help but gasp when he saw the ancient battlefield in front of his eyes.

The ancient battlefield was not only huge and wide. Its environment looked complicated too. Trees and grass grew everywhere, and there was debris of fallen buildings hidden within it. The aura was ancient yet secretive.

10,000 royal armies surrounded the battlefield to prevent anyone else from entering, leaving only a small passage.

"Alright, everyone can enter now."

Once they reached the entrance, Florian

smiled and said, "Remember, the top ten participants that collect the most Internal Alchemy Elixir before the day turns dark will qualify to the next round. Good luck to all of you!"

Once he said that, the two hundred participants rushed in immediately.

Darryl did not have time to think much as he followed them to rush in. After they entered, Darryl did not follow the rest of the participants, but instead, he went to a place with fewer people.

'Haha. No invigilator is observing this training ground. I don't have to hide my real power; I can use my power as I wish.'

Hush!

Very quickly, as he reached the woods, Darryl saw a white shadow flashing by him at a very high speed. It was covered with snow-white fur, full of spiritual aura. Its pair of blood-red eyes shone brightly.

It was a Wind Spirit Wolf.

'How lucky am I! I found one when I had

just arrived.'

Darryl was delighted. He raced over immediately, and he felt that the Wind Spirit Wolf in front of his eyes was at Martial Saint level. It would definitely have the Internal Alchemy Elixir.

Bang!

In just a few seconds, Darryl managed to catch up and killed the Wind Spirit Wolf.

He obtained an Internal Alchemy Elixir. Darryl was delighted as he retrieved the Internal Alchemy Elixir. He felt happy and excited.

'Hey? It seemed like there were more inside!'

Darryl could clearly feel that there were motions of spiritual aura deep in the woods. It was apparent that there were more Wind Spirit Wolves, and there was definitely more than one wolf there.

'Wow?! Your luck is pretty good!'

Just when Darryl was about to go deeper into the woods, laughter could be heard behind him. He saw a man in tight black

behind him. He saw a man in tight black clothes who approached him with a fake smile.

The person was Carl Woods of the Spiritual Wind Sect from Westrington, a Level Two Martial Emperor.

Over the past two days of martial competition, Carl had always been in the top five rankings.

Darryl squeezed his brows when he saw Carl. He did not reply.

“Tsk tsk.”

At that moment, Carl looked at the dead body of the Wind Spirit Wolf at the side and said to Darryl calmly, “You are a lucky young man. You have already killed one after you have just entered.”

As he spoke, Carl reached out his hand and said firmly, “Hand over the Internal Alchemy Elixir.”

He had gone around but did not see any Wind Spirit Wolf at all. When he saw that Darryl had already obtained one, Carl wanted to take it from him.

wanted to take it from him.

'Sh*t! He is here to steal the Internal Alchemy Elixir?!'

As he thought of that in his heart, Darryl smiled and looked at Carl.

"Carl, the rules of the competition clearly state that once we entered the royal family training ground, everyone should use their own capability. I got the Internal Alchemy Elixir myself. Why should I give it to you?"

"Why should you give it to me?"

Carl laughed when he heard those words.

He said with his eyes shining wickedly, "Just because I'm more powerful than you!"

Chapter 1474

Bang!

As he spoke, a strong aura exploded from Carl's body. It was locked directly on Darryl.

In Carl's eyes, Luca—who was in front of him—was only at martial saint level. He could destroy him easily, even with one hand.

Interesting!

Darryl became angry instantly, but he did not panic.

“Is that so? You can try if you want to take it.”

As he said that, Darryl secretly activated his internal energy and was ready to fight.

‘There isn't anyone around. If Carl wants to look for death, I shall show my true power and grant his wish.’

“Oh?!”

Carl laughed when he heard Darryl was

still challenging him. He walked over slowly.

At that moment, the atmosphere was intimidating. The air was full of battling aura.

Just then, the sound of footsteps was heard from not far away, followed by a tall and colossal figure appearing in front of Darryl and Carl.

The person was tall and huge. He looked intimidating as he released a strong aura.

“Asher?”

Carl was stunned to see the person.

Asher Finn was from the Saint Sea Sect of South Cloud World, a Level Four Martial Emperor. He was mighty and had performed very well at the martial arts competition!

‘Sh*t! Another one is here!’

At that time, Darryl squeezed his brows.

It would be easy for him to handle Carl, but it would be complicated with Asher joining in. If Darryl were to use his real

joining in. If Darryl were to use his real energy but did not manage to kill them fast, his identity would be exposed.

“How interesting!”

At that time, Asher looked at Carl and Darryl and said, “Are you both here to form an alliance?”

When he said that, Asher saw the wind spirit wolf dead body on the ground.

“Haha, Asher, you must be joking. I will not form an alliance with this guy even if I want to do so.” Carl laughed silently. He looked at Darryl with a humiliating gaze.

Next, Carl looked at Asher.

“Asher, why don't we form an alliance? We will definitely qualify for this semi-final round. To show my sincerity, the Internal Alchemy Elixir from the Wind Spirit Wolf that he has shall belong to you. What do you think?”

Carl's eyes were full of expectation when he said that.

“Luca is only a Martial Saint. I don't even

bother to look at him. Why would I want to form an alliance with him?"

'Asher is completely different. His cultivation level is higher than mine. If we succeed in forming an alliance, both of us will qualify today.'

"Fine!"

Asher smiled and nodded to agree without any thoughts.

The next second, Asher walked over to Darryl, "Luca, be a smart person, hand over the Internal Alchemy Elixir to me."

Just like Carl, Asher looked down on Darryl. He thought he was a nobody with a Martial Saint level.

Sh*t!

Darryl laughed coldly in his heart as he faced what was in front of him.

'These two guys, even though they are cultivators, they're both bullies. They are totally immoral. I'm not sure how the royal family let them pass the selection round earlier.'

'These two guys, even though they are cultivators, they're both bullies. They are totally immoral. I'm not sure how the royal family let them pass the selection round earlier.'

'It will be a joke if this kind of person ended up being the Prince Consort.'

Darryl could not be bothered to continue speaking as he thought of that. He looked at Asher and Carl and said coldly, "I will not give you the Internal Alchemy Elixir. If you want it, go get it with your own ability!"

Darryl's eyes were cold when he said that.

Darryl decided that he wanted to take down the two of them even if he needed to take the risk of exposing his identity.

Chapter 1475

“Alright, alright!”

Darryl was determined.

Asher was stunned as he smiled coldly and said, “You have your principle. If that is the case, don’t blame us!”

At that moment, Carl charged over.

“Asher, this guy does not deserve to fight with you. Let me handle him!” As he spoke, he punched Darryl.

In Carl’s heart, Asher was more powerful than him. He needed to impress Asher as he wanted to form an alliance with him.

Bang!

Carl reacted swiftly. His punch carried powerful internal energy, and the air surrounding them became twisted.

Seeing Carl’s palm reach Darryl, Asher shouted suddenly, “Sh*t, hang on!”

Carl was confused. He pulled back his fist immediately and stepped aside.

(What is going on?)

‘What is going on?’

Darryl squeezed his brows deeply at that moment. He was frustrated.

Honestly, Darryl had complete confidence that he could destroy Carl with just one hit. He did not expect Asher to call for a stop suddenly.

Was his subconscious mind working?

At that time, Asher walked quickly over and stared closely at the white jade at Darryl’s waist. He looked surprised and sounded perplexed.

“Luca, how did you get this jade slip?”

At that moment, Asher was trying his best to control the excitement in his heart!

That was because Asher knew the white jade slip too well! It was a gift from the South Cloud World royal family.

Although Asher was from the Saint Sea Sect—a sect in the community—it was still closely related to the South Cloud World royal family.

A dozen years ago, The Saint Sea Sect was almost destroyed due to conflicts in the community. The South Cloud World royal family stood up to stop the conflict at the most critical moment and helped the Saint Sea Sect.

As such, Saint Sea Sect would not have existed until today if not for the South Cloud World royal family.

As the Saint Sea Sect's eldest disciple, Asher was invited to meet the South Cloud World Empress on multiple occasions. As such, he was very familiar with the gifts of the royal family.

Darryl's white jade slip on his body, no matter the material or the carving skill, belonged to the South Cloud World royal family!

'Luca has the gift from the South Cloud World royal family. His identity must not be simple. I must not fight with the wrong person.'

At that moment, Darryl could clearly feel that Asher's attitude was completely different than before. He looked unusual.

Darryl did not understand what was going on, but he could vaguely guess what was behind!

The next second, Darryl behaved calmly and said, "This is mine!"

Darryl was right. He had a marriage agreement with Quincy. That was the gift that the Empress presented to Darryl when she honored him as the Prince Consort.

'What? That is his?!'

'The person in front of my eyes is a member of the South Cloud World royal family?'

When he heard that, Asher's body trembled and started cold sweating. He immediately wanted to bow but was stopped by Darryl's glare.

No matter who Asher assumed he was, Carl was just beside them. If Asher behaved too emotionally, Darryl's identity would be exposed.

If possible, Darryl did not want to kill anyone at the semi-finals.

“Don’t bow, and especially don’t let anyone know my identity. Understand?” Darryl whispered to Asher.

Asher nodded continuously after hearing Darryl’s words.

“The person in front of my eyes must be a member of the South Cloud World royal family. He does not want to expose his identity because he did not want to attract attention! No matter what is his identity in the royal family, I must not jeopardize his plans.’

“Hey, Asher. What’s up?” Carl asked impatiently as he did not understand what was going on at the moment.

Asher replied coldly as he looked at Carl, “Carl, don’t you dare take advantage of Luca as long as I am here today. Get lost now!”

When he said that, Asher’s looked really fierce.

‘Sh*t. Carl almost caused me to insult my own gang.’

When he said that, Asher's looked really fierce.

'Sh*t. Carl almost caused me to insult my own gang.'

Feeling the deadly aura from Asher's vision, Carl could not help but take a deep cold breath. He looked confused.

"This..."

'What is going on?'

"How did Luca become a part of Asher's gang in just a blink of an eye?"

"Leave now!" Asher shouted angrily again when he saw Carl standing still.

At the same time, Asher looked towards Darryl for an order. If Darryl nodded his head, Asher would attack without hesitation.

Chapter 1476

“Fine, fine...”

Seeing that something was not right, Carl was terrified in his heart. He did not dare to stay any longer. He ran away quickly after replying.

‘I am not bothered by Luca, but I can’t afford to upset Asher.’

Sigh!

Asher took a deep breath when he saw Carl had run far away. He then said to Darryl politely, “Sir, let me help you obtain the Internal Alchemy Elixir later. I will help you to qualify smoothly!”

“That’s not necessary!” Darryl smiled and shook his head, “We shall go on separate ways.”

‘I am a nobody in everyone’s heart. People will suspect something is going on if they see me together with Asher suddenly.’

“It’s fine then.”

Asher did not want to impose when he heard that. He waved farewell to Darryl and left. Darryl did not stay long as he saw Asher leaving. He turned and walked deep into the woods.

Soon, walking past the woods, Darryl could see a big hole on the ground near some ruined buildings in front of him. A few Wind Spirit Wolves were circling the front of the hole's entrance.

Among them, two of them were Martial Saints.

'My luck is pretty good today. In just a short while, I met another three wolves.'

Darryl was delighted. He moved and charged over without a second thought.

Bang! Bang!

Darryl quickly killed the few Wind Spirit Wolves in just a few breaths and obtained another two Internal Alchemy Elixir.

However, at that moment, the sound of wolves' roar was heard, followed by many snow-white body shadows charging over!

'Sh*t! There are so many Wind Spirit Wolves! Have I entered their lair?'

Seeing that, Darryl was shocked but delighted. There were so many Wind Spirit Wolves. There must be a lot of Internal Alchemy Elixirs too.

'I will definitely qualify to the next round.'

As he thought of that, Darryl's internal energy turned, and his entire body emitted a battling aura as he charged into the group of Wind Spirit Wolves!

Not too long after, Darryl had killed another dozen of Wind Spirit Wolves. All of them were Martial Saints. With Darryl's Martial Emperor's power fully charged, no matter how many Wind Spirit Wolves there were, they were no match to Darryl.

Roar!

Just when Darryl was in an intense killing mood, an earth-shaking roar was heard coming from the hole on the ground not far away.

A massive shadow was seen crawling out

from the hole. His entire body's snow-white fur was as smooth as silk. The strong aura released from his body made one suffocate.

The intimidating roar earlier was from that giant Wind Spirit Wolf.

The Wind Spirit Wolf was over ten feet long, three feet high. There were some apparent wrinkles on its forehead. Its eyes were shining bright red light!

'Sh*t! Is that the Wind Spirit Wolf King?'

Darryl was stunned before he could gather his thoughts a few seconds later. He was utterly impressed in his heart!

Darryl was right. The giant beast in front of his eyes was the Wind Spirit Wolf King. He was supposed to be resting in the cave. However, he felt the presence of a powerful human killing its herd, and so he charged out immediately!

The Wind Spirit Wolf King was a Martial Emperor level, and hence it would also have its own intelligence.

Roar!

At that moment, as it saw Darryl killed over ten of his herd, the Wind Spirit Wolf's eyes were blood-red as he roared. The huge shadow charged towards Darryl as fast as lightning.

In the blink of an eye, the Wind Spirit Wolf King had stopped in front of Darryl. As it raised its front paw, a loud thunder sound was heard.

'Sh*t, this Wolf King is also equipped with thunder attack.'

Darryl was shocked, but he did not panic. He smiled coldly as he started to battle against the Wind Spirit Wolf.

Owooooo! Owooooo!

At that moment, all the other Wind Spirit Wolves lifted their head and roared to cheer for their leader.

Chapter 1477

Darryl laughed in his heart when he saw that.

Bang!

Darryl's pure internal energy exploded. He slammed the Wind Spirit Wolf King's head.

He then saw the huge body tremble.

It roared sadly, fell to the ground immediately, and took its last breath.

Owooooo! Owooooo!

All of the other wolves were furious when they saw that. They clenched their sharp teeth and roared at Darryl. They looked like they were about to charge at any time.

Although Darryl had killed the Wolf King in just a few seconds, the wolves would never be afraid. If one was to kill its own species, they would fight with their lives to seek revenge.

Darryl was not worried at all when he saw the wolves charging towards him. He had

the wolves charging towards him. He had killed the Wolf King; the rest of the herd was not a concern.

Just when Darryl was getting ready to retrieve the Internal Alchemy Elixir from the Wolf King's abdomen, Darryl seemed to have found something. He was stunned at that moment.

He saw there was a string tied on the Wolf King's neck. There was a black circle hoop hanging on the string. The circle hoop did not look like real jade. It carried the aura from spiritual energy. It was amazing.

'What was that?'

Darryl squeezed his brows. He pulled the jade circle hoop and held it in his hands to observe it.

Just at that moment, all the other wolves were planning to attack. However, once they saw the black circle hoop. They roared softly and moved backward slowly, looking intimidating.

'Shi*t, this thing is capable of chasing away wolves?'

Seeing that, Darryl was excited and happy. He was even more curious about the circle hoop.

“Pang Tong, do you know what this is?” Darryl could not help but ask. Pang Tong was a famous warrior during the three-kingdom period.

“Yes, sir!”

As he spoke, Pang Tong replied gradually, “This is a beast taming loop.”

Beast taming loop?

Darryl was stunned when he heard that. His heart is full of doubts.

Not waiting for him to ask further, Pang Tong explained slowly, “The beast taming loop is the secret tool between the beast trainer and the enchanted beast. The beast trainer would communicate with the enchanted beast with the beast taming loop.”

As he said that, Pang Tong briefly shared some facts about the beast trainer.

Historically, in the cultivation world,

there were beast trainers, apart from elixir producers. However, with the number of enchanted beasts getting lesser and lesser, beast trainers did not exist anymore. It could be said that there was no beast trainer anymore in the nine continents.

“Master!”

Just when Darryl was still in shock, Pang Tong continued to say, “This beast taming loop is good in chasing away wolves. I believe its master must have been a great beast trainer. Keep it properly. It may be useful for you in the future.’

When he said that., Pang Tong sounded serious.

Darryl nodded his head in agreement.

“This beast taming loop can chase the wolves away, hence it must have been something great. I will never lose it.’

As he thought of that, Darryl kept the beast taming loop in his own body. He then dissected the Wolf King’s body and retrieved the Internal Alchemy Elixir.

retrieved the Internal Alchemy Elixir.

'Sh*t...'

Darryl was stunned after he took the Internal Alchemy Elixir from the Wolf King. He was in shock and surprised!

He saw the Internal Alchemy Elixir in the Wolf King's body. It was a few times larger than the others. It was gold, and it shined brightly.

A gold Internal Alchemy Elixir.

With just a single elixir, he would be able to qualify for the next round. Darryl was too emotional to speak.

There was a strong aura, followed by a body shadow flying over quickly at that moment, not far up in the sky.

'Sh*t! Him again?'

Darryl lifted his head to see and was clenched his brows immediately. His happy and relaxed mood had turned horrible immediately.

He saw a smart-looking man who was highly confident, and his entire body

Chapter 1478

Once Matteo landed on the ground, he saw many Wind Spirit Wolves. He was extremely excited.

“Haha...The wolves are here!”

The next second, Matteo saw the dead body of the Wolf King. He questioned Darryl coldly, “Such a huge one! Is it the Wolf King? How did it die?”

As he spoke, Matteo did not even look at Darryl. He was arrogant, as if he gave him orders.

At that moment, Matteo did not know the person in his eyes was Darryl, his biggest enemy. In his heart, the man in front of his eyes was Luca, who was the last in the tournament rankings. Luca did not deserve his attention.

‘Sh*t! Matteo is still so arrogant despite not seeing him for a few years.’

As he scolded him secretly in his heart, Darryl clenched his fist tightly. However, after just a few seconds, he still pretended to be an average person.

pretended to be an average person.

“This... I’m not so sure. I heard some battling sounds over here, and so I rushed over here. Once I reached, the Wolf King was dead.”

As he said that, Darryl looked natural. He did not look like he was lying at all.

Darryl could feel that Matteo’s power had increased substantially as compared to before. He still looked deceitful. Darryl did not have any problems winning against Matteo. However, it was almost impossible to kill him quickly. If Darryl were to kill Matteo, he would need to use all his power, and his identity would be exposed.

Darryl needed to stay calm and not over-react. Hence Darryl would still need to tell a lie to describe the situation.

“Battle sounds?” Matteo squeezed his brows and walked over slowly. “Do you mean the Wolf King was killed by someone else?”

Matteo had not suspected that Luca killed the Wolf King. That was because he was

the Wolf King. That was because he was only a Martial Saint. He would not have such ability to do so.

“That’s right!” Darryl began to blabber nonsense. “There was more than one person too. Once they killed the Wolf King, they seemed to argue about sharing the elixir. I don’t know who they were, and I couldn’t see them.”

“Haha...”

Hearing that, Matteo smiled and looked closely at the Wolf King’s body.

“It seems like my luck is excellent. I picked up a readily available wolf.”

The Internal Alchemy Elixir of the Wolf King must be extremely rare. If he obtained the Wolf King’s Internal Alchemy Elixir, he could progress to the next round.

Matteo still did not know that Darryl had already taken the Internal Alchemy Elixir of the Wolf King.

Feeling satisfied, Matteo did not want to speak further. He waved his arms and

Speak further. He waved his arms and said, "If that is the case, you shall go now. There is nothing left for you."

There were so many Wind Spirit Wolves and the Wolf King. He must keep them for his own enjoyment.

'Sh*t! This Matteo is really terrible. He is so ambitious. He wanted all to himself.'

Darryl did not show any emotion on his face as he scolded him in his heart, but he still smiled bitterly at Matteo.

"Sect Master Hanson, there is a saying called 'finders keepers'," Darryl interjected reluctantly. "I am the one who found the Wolf King body first. It is not fair for you to ask me to leave."

Honestly, Darryl had obtained the Wolf King's internal alchemy elixir. He could have just left. However, he had to complete his act.

Matteo was smart. He might sense something if he did something wrong.

As expected, when Matteo heard that, he smiled coldly and said arrogantly, "Hey,

do you think you're qualified to bargain with me? Get lost quickly when my mood is still great!"

"Alright then!"

Darryl smiled bitterly and replied, "Good luck, Sect Master Hanson."

As he spoke, Darryl left quickly. The moment he turned to leave, Darryl's eyes were full of vengeance.

'Matteo, I shall let you be happy these two days. We shall see when we meet at the finals at the end.'

Seeing that Darryl had left, Matteo did not think further but turned his body and headed towards the Wolf King's body.

"Such a huge Wolf King. Its Internal Alchemy Elixir must be extraordinary."

Matteo was excited as he reached out his hand to grab the Internal Alchemy Elixir.

Chapter 1479

'What?' The next second, Matteo was furious, The wolf king's body was empty, and the Internal Alchemy Elixir had been taken.

"Luca lied to me. Sh*t!" Matteo looked horrible, and his eyes were burning with rage.

He clenched his fist, and his entire body released a fighting aura.

The situation was clear in his eyes. Luca had taken the Internal Alchemy Elixir but pretended that he had just arrived.

Matteo stood up immediately out of rage and was about to rush in the direction that Darryl went earlier.

Owoooo...Owoooo!

However, at that moment, the wolves gathered around and howled loudly.

Their howls were intimidating as they all charged and surrounded Matteo.

When Darryl was around, the wolves were afraid of him and didn't attack because

he carried the beast taming loop.

Now that he's gone, the pack of wolves were enraged after seeing Matteo dig around the wolf king's body.

Seeing that, Matteo was confused, angry, and surprised. He used his internal energy to fling the Wind Spirit Wolf that attacked as he shouted, "All of you leave at once."

However, there were just too many wolves; there were around 10,000 of them. Once he defeated a few, there would be more Wind Spirit Wolves charging towards him again. Under these circumstances, Matteo had no way to leave; he just had to fight with the rest of the wolves continuously.

Meanwhile, Darryl was extremely delighted as he heard the wolves roar behind him and Matteo's angry shouts.

'Matteo, since you're so arrogant, you can spend more time fighting the wolves,' Darryl thought before going to the other woods to investigate.

Soon, a whole day had passed. The night

was approaching as Darryl left the training grounds to go to the entrance point to gather with the rest of the participants.

As he was almost reaching the entrance, he could see Florian leading the royal armies and waiting at the entrance from afar.

In front of Florian were close to 200 participants, and almost everyone was there.

Once Darryl saw Matteo, he almost laughed out loud.

He saw Matteo's shirt was torn, and some parts of his body were injured. His body was covered in blood, looking horrible. It looked like he had to run.

Wolves attacked Matteo. Although he managed to escape, there were wounds all over his body where the wolves bit him. The injuries were minor, but he felt embarrassed.

"Hey, how dare you come here!" Matteo was furious, and his eyes were ablaze when he saw Darryl.

In an instant, everyone’s attention was focused on Darryl.

‘What’s going on?’

‘Luca offended Matteo? Is he looking for a death wish?’

At that moment, everyone did not know what had happened. No matter what, Matteo would never forgive Darryl for humiliating him. How could he let the others know?

Chapter 1480

Darryl was not worried as he smiled and said, "Sect Master Hanson! Why wouldn't I dare to come out? If it wasn't for me giving you the wolves, you might not have gotten so many Internal Alchemy Elixirs! Isn't that right?"

As he said that, Darryl looked at the result list at the side.

Darryl was the last to leave. Before he came, the temporary standing list for the semi-finals had already been generated!

Matteo was still way ahead in the list at first place with 1260 Internal Alchemy Elixirs. He had almost 100 more elixirs than the person in second place.

'Sh*t!' Darryl was shocked when he saw the list.

Matteo was really cruel; he had obtained 1260 Internal Alchemy Elixirs.

"You..." Matteo stared closely at Darryl, his eyes blood red. Darryl was right; even if the wolves surrounded Matteo, he had

also gotten countless Internal Alchemy Elixirs.

However, Matteo was furious! 'This Luca took the wolf king's Internal Alchemy Elixir and left the wolf king's dead body to me. He tricked me like I'm stup*d. I will never let this go.'

Matteo was becoming more furious and could not help but want to fight. In the end, he controlled himself. No matter what, he was in a competition to secure first place and marry the Princess.

Most importantly, Florian and the royal armies were watching.

A clean looking-guy stepped forward and smiled. "Luca. Stop wasting time. Show it if you have the Internal Alchemy Elixir. But from your look, you will not make it to the top ten."

He sounded arrogant. He was Johannes Ted, one of the Incandescent Sect seniors.

He was a level two Martial Emperor and also a participant.

Seeing the Deputy Sect Master's attitude

towards Luca, Johannes could feel something, and hence he did not hesitate to humiliate Darryl as revenge for the Sect Master.

'How dare you upset my Deputy Sect Master; you will pay for this!'

At the same time, Florian spoke calmly, "Luca, today's semi-final is about to end. Please hand over the Internal Alchemy Elixirs."

At the same time, Florian looked impatient. Just like others, Florian could not be bothered with Luca. Although he had beat Wyatt, he mainly relied on luck. No matter what, he was only at a Martial Saint level. Even if he obtained any elixir, he would not have made it to the top ten list.

"Yes!" Darryl smiled and turned to retrieve his elixir.

Everyone laughed instantly when they saw the quantity of Internal Alchemy Elixirs in Darryl's hand.

There were only thirty elixirs. With such results, there was no way for him to

results, there was no way for him to squeeze into the top ten list. He might not even be in the top 100.

Johannes was laughing hysterically as he teared up and pointed at Darryl. "Oh no. This is ridiculous, you're the last to arrive, but you obtained so little Internal Alchemy Elixirs? What? Did you spend the whole day running around the hill being chased by the Wind Spirit Wolves? Running for your life? Ha-ha!"

As he said that, everyone started to point at Darryl and laughed.

Darryl smiled but did not say a word when everyone humiliated him. That's right, Darryl had not taken out the wolf king's gold Internal Alchemy Elixir. However, Asher could not stand it anymore.

"Johannes!" Asher stepped forward and looked coldly at Johannes. "Is that funny? We're all contestants. What gives you the right to laugh at Luca although he doesn't have many Internal Alchemy Elixirs?"

At that moment, everyone stopped
