

Chapter 1321

“Ah!” Ted shouted in pain as he flew in the air and vomited blood.

He flew about a hundred feet before crashing to the ground. There was a huge dent in Ted’s chest when he landed, and he died shortly after.

He killed Ted with just a punch. Ted was the strongest guard for the Prime Minister!

Donoghue’s other followers were furious and in shock.

Zhu Bajie did not give them a chance to speak as his internal energy exploded while he dashed towards them.

Bang! Bang! Bang!

Between two breaths, the few guards that were left dropped to the ground in a pool of blood.

“Useless people!” Zhu Bajie smirked as he glanced at Ted’s body and the others.

he glanced at the others.

To be honest, Zhu Bajie did not intend to kill anyone. However, Ted had insulted him multiple times and had taken advantage of Zhu Bajie when he was not paying attention to steal the Iced Fire Lily.

They were asking for their deaths!

“Beauty, I have killed all your followers. We both can have a good chat now.” Zhu Bajie turned and looked at Shentel with a smile on his face again.

“You...” Shentel was furious and shocked. As she was about to speak, she suddenly felt a terrible chill in her entire body as if she was in an igloo!

“Cold. I’m so cold!” she moaned as her whole body trembled and her face paled instantly.

Zhu Bajie frowned when he saw what was happening. ‘Is this the effect from the Iced Fire Lily?’

When Shentel consumed the Iced Fire Lily, she did not know that the Iced Fire Lily contained very strong energy. Under normal circumstances, it would be

normal circumstances, it would be consumed in smaller doses over half a month. However, she had swallowed the entire plant, and her body was not able to handle that!

“I’m very cold!” Shentel curled up on the grass because of the never-ending chill she felt. Her entire body trembled uncontrollably, and it was evident on her face that she was suffering.

When she almost could not take it anymore, the chill in her body disappeared but was followed by an intense heat! It felt as if a ball of flame was burning in her body.

“Ah!” she screamed, unable to bear the burning pain any longer. Her entire body was burning, and she was sweating profusely.

“Beauty, what happened?” Zhu Bajie smiled and walked over. “Beauty, it looks like you’re in pain. What happened? Is it the effect from the Iced Fire Lily? Is it too strong, and your body cannot stand it?”

Chapter 1322

Shentel's power was still at a low level, and her body was not able to stand the effects of consuming the Iced Fire Lily.

Zhu Bajie smiled and walked in front of her. "Beauty, are you feeling alright?"

When Zhu Bajie finished speaking, Shentel ran straight to him and landed in his arms. As he spoke, she pressed her red lips onto Zhu Bajie and kissed him. Shentel had completely lost her mind!

Gulp!

Zhu Bajie was stunned, but it was quickly followed by joy.

'This beauty is offering herself to me. I cannot reject it!'

As he thought that, Shentel had pushed Zhu Bajie to the ground, and he did not fight back. He would accept anyone!

Meanwhile, earlier, Zhu Bajie had distracted Gonggong and the other major sects so Darryl could escape with Diaochan.

Diaochan.

Darryl and Debra had brought Diaochan to a secluded palace.

“Let me go. I want to go back!” Diaochan struggled as they got to the palace. She cried as she remembered that Lu Bu’s body was destroyed. She just wanted to be back with him.

Darryl and Debra looked at each other as they saw that. They were frustrated.

Bang!

The next second, Darryl raised his hand and hit the back of Diaochan’s neck. Before Diaochan could react, she fainted instantly.

“What are you doing?” Debra was stunned as she furrowed her brows.

Darryl smiled bitterly and explained, “I’m just letting her be quiet for a while. There is no other reason!”

Diaochan had been shouting the entire journey. They would attract the others if they continued to let her be chaotic!

Journey. The others if they continued to let her be chaotic!

Debra nodded and sighed in relief as she said to Darryl, "Darryl, you should activate your internal energy to absorb the Spiritual Pearl and cultivate the Blood Battle Eight Directions Scripture. I'll stand guard." ①

There were over a hundred thousand people in Lu Bu's ancient tomb. Everyone wished they could get the Blood Battle Eight Directions Scripture. To be safe, Darryl should learn about Blood Battle Eight Directions Scripture. The only way was to memorize the formula, so no one would be able to steal it!

"Great!" Darryl smiled as he nodded. He leaned in to kiss Debra's cheek. "Thank you, and I'm sorry for all this trouble."

He sat with his legs crossed on the ground as he activated his internal energy and pushed it on the Spiritual Pearl.

Darryl started to feel dizzy, and then the
formula of the Blood Battle Eight

Chapter 1323

Darryl was excited beyond description. He shut his eyes and started to cultivate.

Debra was standing guard not far away to the side to protect Darryl.

Time passed as Darryl's cultivation had moved into its most critical stage. At that moment, the sound of footsteps was heard coming from outside the palace. The footsteps were light, but it sounded like there were several people.

A dozen women walked in slowly, following the sound of the footsteps. They all wore the same long white dress as they were Emei Sect's female disciples. Leading them was a woman dressed in blue jeans with a perfect figure. She looked sexy and beautiful. It was the current Emei Sect master, Megan.

Behind Megan was Ambrose. After Ambrose had won the spirit pill from Ophelia at the elixir competition, Lu Bu's ancient tomb experienced an unexpected phenomenon. Ambrose did not hesitate to follow the sect to check out the ancient

phenomenon. He did not hesitate to follow the sect to check out the ancient tomb.

“Darryl!” she shouted in surprise as she saw Darryl cultivating.

Megan led the Emei Sect to look for Lu Bu’s main tomb room earlier, but they could not find it. She had heard that Darryl had obtained the Blood Battle Eight Directions Scripture. She thought it was pointless going to the ancient tomb originally, but after bumping into Darryl, Megan was delighted.

‘Darryl? This is Darryl?’ Ambrose was stunned as he furrowed his brows and observed Darryl. His eyes were full of vengeance.

His master, Matteo Hanson, had told him that Darryl was the Incandescent Sect’s greatest enemy.

‘Megan?’ Darryl thought.

At that moment, Darryl’s eyes were shut as he was cultivating the Blood Battle Eight Directions Scripture. Although he could not see her, he could easily recognize Megan’s voice.

could not see. Darryl could not easily recognize Megan's voice.

He was surprised but annoyed at the same time with Megan's appearance there. Darryl had never forgiven Megan in his heart. Megan had killed Sister Adina at Eternal Life Island, and Darryl will never forget seeing Chester hold his dead wife Adina, looking devastated!

Darryl hated Megan. He did not wish to see her again, and he wanted to leave! However, Darryl was at the most critical stage of his cultivation; he could not be distracted. He might get severely injured if he was distracted!

"Darryl!" Megan called when she saw Darryl's eyes remained shut, and he did not respond. "Darryl, why are you ignoring me? Are you still angry about what I did? I know that I was wrong. Please give me another chance."

At that moment, Megan did not know Darryl was cultivating. She thought that Darryl just wanted to ignore her, and hence he sat there with his eyes shut, unable to speak.

hence he sat with his mouth shut,
unable to speak.

She was worried as she continued to speak sincerely, "Darryl, I'm the Sect Master of Emei Sect now. I can apologize to you in front of all Emei Sect's disciples; will that be fine? What can I do for you to forgive me? It's been almost ten years; please forgive me. I've missed you day and night for the past ten years."

Megan was about to walk closer.

"Stay there!" Debra took a step forward, blocking Megan from continuing. "I guess you're Megan. Darryl told me that you killed Chester's ex-wife, who was Darryl's sister-in-law. No matter how much time has passed since then, Darryl will never forgive you. Please leave."

Debra knew that Darryl could not be disturbed as he cultivated the Blood Battle Eight Directions. Hence, she just wanted to chase Megan away.

Megan squeezed her lips and said to Debra arrogantly. "Haha. Debra, I'm talking to my good brother. What does it have to do with you?"

Battle Eight. In response, she just wanted to chase Megan away.

Megan squeezed her lips and said to Debra arrogantly. "Haha. Debra, I'm talking to my good brother. What does it have to do with you?"

As she spoke, Megan looked towards Darryl again. "Good brother, you really refuse to say a single word to me?"

'Is this Megan crazy or what? You killed my sister Adina, and you expect me to forgive you? Where is the logic in that?' Darryl thought.

Darryl was at the most critical stage of cultivating. He had been peaceful and calm earlier, but now he was furious when he heard what she said.

Chapter 1324

“Megan, what are you doing?” Debra said, furious. “Darryl will never speak to you. Leave now or else I will take action!”

As she said that, Debra’s face was cold.

“Get out of my way!” Megan was furious as she lifted her hand and punched Debra!

‘I’m the Emei Sect’s, Sect Master. How dare this Debra keep chasing me away in front of all my disciples. This will tarnish my reputation if I allow her to do that!’ Megan thought.

Debra furrowed her brows and did not hesitate to lift her hand to match the punch.

Bang!

Both of their fists met, and Megan was seen moaning in pain as her body trembled and she staggered backward. She was blushing and looked embarrassed.

Debra, on the other hand, remained standing as normal! Debra was the

Antonia Sect's Sect Master and was

Debra, on the other hand, remained standing as normal! Debra was the Artemis Sect's Sect Master and was already at a Martial Emperor level for seven years. She could single-handedly battle with Emei Sect's previous Sect Master, Aurora. Megan was not a match for her.

"You!" Megan stabilized herself, stunned.

When she saw that Darryl still had not opened his eyes, Megan became furious as she shouted, "Darryl, I have apologized to you so many times. What else do you want me to do? Tell me!"

Megan was becoming more emotional as she spoke, "Why? Why did you accept Aurora and have a daughter with her? Everyone knows about this now! Why can't you accept me? Tell me. Tell me."

Megan was almost shouting as she said the last sentence!

Darryl felt a tightness in his chest. 'Megan, how dare you bring all these past events up? Sister Adina was such a kind person, and she had no internal energy at all. You still killed her. Why didn't you ask

person, and all his energy at all. You still killed her. Why didn't you ask yourself where your heart was when you killed her? How dare you blame me for forgetting you now!

At that moment, Darryl was furious.

Spit!

Next, Darryl's body shivered, and he vomited a mouthful of blood!

It was every cultivator's biggest fear to be disturbed as they were cultivating. On top of that, Darryl was cultivating the highest level of Blood Battle Eight Directions Scripture. As Megan distracted him, he was not able to calm his heart and became furious. This reversed his cultivation in an instant, and he could not stop vomiting blood. In a blink of an eye, he vomited even more blood.

"Darryl!" Debra's expression changed as she rushed over to check on him. "Are you alright?"

As she said that, Debra glared at Megan.

Darryl was pale as he shook his head and replied weakly, "I'm fine!"

Darryl was peeling his head and replied weakly, "I'm fine!"

He then glared at Megan and said coldly, "Megan, there is nothing left for us to talk about. I don't wish to see you again. Leave now!"

Megan staggered back as if she had been slapped by an invisible hand. She looked at Darryl's eyes. "You don't wish to see me. Fine then."

Megan thought that Darryl would look at her differently when she became Emei Sect's, Sect Master. However, reality gave her a slap in the face.

As Megan's heart felt squeezed by pressure, her love for Darryl turned into hatred.

Ambrose, who had been silently standing to the side this whole time, walked over and said, "Megan! Darryl is injured. The only threat to us is Debra being near him. Why don't we join forces and take her down? Then, we can kill Darryl after that. What do you think?"

Ambrose looked at Darryl with his eyes full of vengeance.

Ambrose looked at her with his eyes full of vengeance.

When Darryl destroyed the Incandescent Sect, he severely injured Matteo, and Matteo still had not recovered completely. Ambrose would never miss the opportunity when he saw Darryl was injured.

Hearing that, Megan sighed as she furrowed her brows. She was still hesitant.

‘Do I really want to kill Darryl?’

Megan thought of the times where she had put her dignity aside and begged Darryl for forgiveness, but he still ignored her. With how things have turned out, why would she still hesitate?

‘Since Darryl refuses to forgive me, why don’t I just destroy him so that no other woman can have him!’

With that thought, Megan nodded while looking at Ambrose. “Okay!”

Megan had completely given up hope on Darryl. There was not a single bit of love left, just hatred in her heart.

Chapter 1325

“What are the Emei Sect still doing here? Leave now!”

Seeing the two of them chatting, Debra lost her patience as she looked at Megan coldly. “Megan, Darryl has said he doesn’t wish to see you again. What is the point of you staying?”

Debra looked at Ambrose but did not take him seriously. To Debra, Ambrose was just a child and not a threat to her at all. At the same time, Darryl looked at Ambrose too, and a smile appeared on his face.

‘This child is so close to Megan. He looks around ten years old. I guess he must be Megan and Kent’s child,’ he thought.

At that time, Darryl still did not know that the child in front of his eyes was his biological son, and he had no blood relation with Megan at all!

“You want us to leave? Let’s see if you have the power to do that!” Ambrose said and did not waste any time before

Megan followed behind him. She worked

you want a fight, I'll give it to you!"

Bang!

As she spoke, a strong aura exploded
from Debra's body. The air surrounding
them froze.

Debra looked at Megan with despise!

'This Megan thinks she can beat me by
joining forces with a child? How naïve!'

Feeling Debra's humiliating stare,
Ambrose was furious. "Beautiful sister,
my advice to you is not to fight back, but
surrender now and give Darryl to us!"

As he spoke, a clear sound was heard.
Ambrose held the Tyrant Hammer tightly
in his hands!

Ambrose held the Tyrant Hammer tightly in his hands!

Ambrose activated the Tyrant Hammer in the next second, and a gold ray shone from it along with a strong aura. He held the Tyrant Hammer in his hands and attacked Debra instantly.

‘What a strong aura. Is that a grand weapon?’ Debra furrowed her brows in confusion as she saw the Tyrant Hammer in Ambrose’s hand.

Darryl’s face changed as he sat on the ground. He was shocked as he looked at Ambrose.

‘How does this child have a grand weapon?’

As he thought of that, Darryl could not help but shout at Debra, “Debra, be careful!”

Theoretically, it would be easy for Debra to defeat Ambrose and Megan with her power.

However, although Ambrose was young, he had a lot of tricks up his sleeves. At that moment, he held the Tyrant

Hammer in his hand and made the

he had a lot of...eves. At that moment, he held the Tyrant Hammer in his hand and made the Hammer become huge, blocking Debra by himself.

Megan and the other Emei Sect disciples all held their long swords to find an opportunity to strike Darryl.

Debra needed to deal with Ambrose and protect Darryl at the same time. She was overwhelmed and was carelessly hit by the Tyrant Hammer. Ambrose was still not very powerful, but the Tyrant Hammer was a grand weapon, and he was able to injure Debra with just a single hit.

Darryl was worried as he shouted, "Debra! This is not fine. You need to leave with Diaochan and leave me here!"

As a man, Darryl could not bear to see his beloved woman injured because of him! He wanted to charge over, but he was severely wounded, so there was nothing he could do.

"I am not leaving!" Debra bit her lips, looking determined. "I am your woman. We will live and die together!"

"I am not leaving!" Debra bit her lips, looking determined. "I am your woman. We will live and die together!"

"How loving you are!" Megan was provoked again. Her face was full of anger and vengeance. "Since you love each other so much, you shall die together."

Chapter 1326

Megan held a long sword in her hand and charged at Darryl again. "Darryl, hand over the Blood Battle Eight Directions Scripture, and I shall let you die an easy death!"

Megan had found out earlier that Darryl had located Lu Bu's real tomb room and taken the Blood Battle Eight Directions Scripture. However, at that point in time, Megan still believed she would have a happy ending with Darryl. Her love now became hate, and the only thing she wished for was Darryl's destruction and to obtain the Blood Battle Eight Directions Scripture.

Darryl laughed coldly, "You think people like you deserve to get the Blood Battle Eight Directions scripture? Don't even think about it!"

Megan blushed when she heard that. She was furious and ashamed. "Go to hell!"

As she said that, she pierced her long sword directly into Darryl's chest!

As she said that, her long sword directly into Darryl's chest!

"Darryl!" Debra was worried when she saw that. However, she was preoccupied with Ambrose and could not back him up.

Darryl could not avoid the sword. He clenched his fist tight, feeling this was unfair! At that moment, he had completely lost hope!

Bang!

Right at that critical moment, a ray of light shone from afar suddenly and landed right on Megan's long sword!

Megan could feel the force of strong energy, and her body trembled as she was forced a few steps back. She shouted angrily, "How dare you to interrupt my business?"

As she said that, Megan looked afar and saw a beautiful body was flying hurriedly over. The person had a perfect figure and dressed in a long, deep purple dress, showing all her elegance and her strong aura at the same time!

It was Quincy Long, Princess of the South

It was Quincy Long, Princess of the South Cloud World!

“You?!”

When they saw Quincy, the faces of Megan and the other Emei Sect disciples changed!

Quincy had impersonated Elysium Gate's Deputy Sect Master and captured people from various sects of the World Universe. The Emei Sect was not able to escape either.

When they saw Quincy, every Emei Sect disciple was reminded of their humiliation.

However, no one made a reckless move. No matter what, Quincy was just too powerful.

Quincy landed in front of Darryl. Her beautiful face was full of contempt. “Darryl, we meet again!”

When she said that, Quincy tried her best to control her anger.

Quincy was the Princess of South Cloud World and sister to the Empress. She was

Quincy was South Cloud World and sister to the Empress. She was superior to everyone and was just below the Empress. Quincy had experienced the world, but in the end, she lost to Darryl! Especially the Dragon Essence.

After Quincy obtained the Dragon Essence, she returned to South Cloud World. However, Darryl had pretended to be a eunuch and snuck into the South Cloud Palace. He gained the Empress' trust by solving an impossible problem, and a month later, he took the opportunity when Quincy was drunk to steal the Dragon Essence. Quincy never forgot that humiliation.

This trip was to investigate Lu Bu's ancient tomb, and Quincy had looked around but was not able to find anything. When Quincy was about to give up, they heard noises coming from nearby, and they rushed over to take a look.

Quincy had never imagined that she would bump into Darryl in this place.

Before they entered, Quincy heard Megan saying that the Blood Battle Eight Directions was with Darryl; Quincy was

Before they heard Megan saying that the Blood Battle Eight Directions was with Darryl; Quincy was surprised and delighted!

When she saw Darryl was severely injured, Quincy would naturally not miss that great opportunity!

'Sh*t! This woman again!' Darryl looked at Quincy blankly and stayed silent, but he wanted to cry.

'How unlucky am I? First Megan appears, and now Quincy!'

Megan stepped forward at that moment and said to Quincy bravely, "Hey!

This is between Darryl and me. Be smart, and don't interfere!"

As she said that, Megan was worried!

'Quincy is too powerful for me; I won't be able to defeat her! I almost got the Blood Battle Eight Directions Scripture. I can't just give up so easily now?!' she thought.

Chapter 1327

Quincy sighed and did not even bother looking at Megan as she smiled coldly at Darryl. "Darryl, accept your destiny. You're fated to end up in my hands today!"

Quincy grabbed Darryl's arms and flew outside. Her feet pointed lightly on the ground, and she flew far away!

In the blink of an eye, Quincy and Darryl disappeared from everyone's vision.

"Stay there!" Megan wanted to chase after them, but she was not able to catch up to Quincy. Her face paled instantly.

"Darryl!" Debra shouted as she was still occupied by Ambrose and could not leave. She could only watch as Darryl was taken away. She was so worried that she almost cried.

Megan's face turned dark, and she looked at Debra closely. "You b*tch! Go to hell!"

She was furious that Quincy had run away with Darryl and released her anger on Debra instead.

with Darryl and the danger on
Debra instead.

'It's all Debra's fault. If it weren't for her,
I would have captured Darryl long ago!'

Bang!

Megan's internal energy exploded to the
maximum level as she charged at Debra.
At the same time, she did not forget to
say to Ambrose, "No matter what, we
cannot let Debra leave here alive today!"

Ambrose nodded his head but did not
speak. His eyes were full of killing aura.

'Since Darryl has been abducted, I'll kill
his woman. At least I can get my revenge
for the Incandescent Sect and Master,' he
thought.

Bang! Bang! Bang!

In the blink of an eye, all three of them
battled fiercely.

"Darryl!"

"Darryl, are you here?"

Right at that moment, a few voices shouted from outside. This was followed by Dax and Chester walking over, leading the Elysium Gate disciples.

Like the rest, Dax and Chester had lost their way after they entered the ancient tomb. Apart from bumping into some poisonous bugs, they did not see any treasure. They had just received news that Darryl had found Lu Bu's real tomb room and found the Blood Battle Eight Directions Scripture. However, he was chased by many sects.

Dax and Chester did not think further and gathered everyone to look for Darryl's whereabouts immediately. They ended up there by coincidence.

'What?'

Dax and Chester were stunned as they went into the palace and saw what was happening inside. They saw Debra fiercely battling two other people in the palace, but Darryl was nowhere to be seen.

Dax shouted at Debra, "Sister Debra, where's Darryl?"

Dax shouted at Debra, "Sister Debra, where's Darryl?"

Debra was surprised and happy to see Dax and Chester. She replied immediately, "Darryl, h-he was captured by Quincy!"

'What? Darryl had been captured?' Dax and Chester were in shock.

The next second, Chester's eyes shone as he locked his gaze on Megan and yelled, "Megan! Still, remember me?"

Chester would never forget the image of Adina breathing her last breath in his arms!

Even though Chester had Shelly now, he had never forgotten about his revenge for Adina!

Chester was furious to meet his enemy!

At that moment, the vengeance in Chester's heart was boiling! Images of Adina kept appearing in his mind, and it was not going away! Adina was such a kind person, but she died under Megan's sword!

Chester was furious to meet his enemy!

"Brother Chester, why bother to speak to this woman? We shall kill her today to seek revenge for sister Adina!" Dax shouted as he held his double axes tight and charged at Megan.

'Megan killed Brother Chester's ex-wife and now harms Sister Debra. She deserves to die!' Dax thought.

Chapter 1328

Seeing Dax charging over, Megan became worried! She grabbed her long sword and blocked Dax's attack.

Bang!

The long sword clashed with the double axes, producing a loud bang. Megan was forced a few steps back with her face becoming pale.

Although Megan was Emei Sect's Sect Master, her ability was still much lower compared to Dax!

"Sect Master!"

"Be careful, Sect Master. We will help you," all the Emei Sect disciples shouted in shock and were about to charge forward to help.

Chester looked around with blood-red eyes and said to the disciples, "Come forward if you wish to die! Megan killed my wife, Adina. This is between Megan and me today. You all better stay out of the way; otherwise, I'll destroy the entire Emei Mountain."

the way; others were taken by the entire Emei Mountain.”

All of them stopped moving forward with worried looks as the Emei Sect disciples heard that.

Ever since Aurora and Abbess Mother Serendipity left, the Emei Sect's influence in society had weakened drastically.

However, the Eternal Life Palace Sect and Flower Mountain Sect had grown stronger and more powerful each day.

The Eternal Life Palace Sect wanted to destroy the Emei Sect.

“Megan, give me your life!” Chester shouted and did not waste more time charging towards Megan.

“Chester, Dax. I'll remember you all,” Megan said, panicking before flying far away.

Before leaving, Megan bent down and picked up the Spiritual Pearl. Darryl had left the Spiritual Pearl behind. Initially, the Spiritual Pearl contained the Blood Battle Eight Directions Scripture, but Darryl had taken the scripture. Hence the Spiritual Pearl that Megan picked up was

Battle Eight D... sure, but Darry had taken the scripture. Hence the Spiritual Pearl that Megan picked up was only an empty case. There was nothing inside.

However, Megan was not aware and thought she had picked up a treasure! She held the Spiritual Pearl in one hand, her long sword in another, and ran far away.

“Run?” Chester and Dax looked at each other and chased after her immediately!

Megan ran for a few minutes, but she could not run away from Dax and Chester due to the ancient tomb being too complicated. Megan was anxious to see Dax and Chester getting closer and closer to her!

At that moment, Megan saw a grand hall not far in front. She did not think twice as she ran straight in.

The moment she entered, she saw there were no other back doors in the grand hall. Megan's face changed, and she lost all hope at that instant.

“Megan, you must pay with your life for taking Adina's!” Chester shouted

“Megan, you must pay with your life for taking Adina’s!” Chester shouted, charging forward as he punched Megan in the back.

Megan clenched her teeth as she activated her internal energy to the maximum to block his attack.

Bang!

There was a deep vibration as Megan flew a dozen meters in the air. She crashed into a sculpture and vomited a mouthful of blood.

Bang!

Megan landed on the ground, and she heard the sound of a trap activating under her feet.

‘Did I just activate a trap?’ Megan panicked when she heard the sound.

Crack!

Before Megan could react, the ground under her feet collapsed into a big hole!

“Ah!” she screamed as she fell down the hole before she could react.

under her feet.

'Did I just activate a trap?' Megan panicked when she heard the sound.

Crack!

Before Megan could react, the ground under her feet collapsed into a big hole!

"Ah!" she screamed as she fell down the hole before she could react.

Everything happened too fast. When Chester ran forward, he could only see a big, dark hole. The hole was so deep, and Megan was nowhere to be seen.

At that moment, Dax walked over and stared blankly at the big hole as he asked, "Brother Chester, where's Megan?"
