BAM!

Fang Xia struggled and managed to use his shoulder to block the attack and move back several steps. "Who are you?!"

But the assailant didn't say anything and just wanted to kill him.

His moves were vicious and every move was a fatal attack.

Fang Xia hadn't fully recovered, so he was no match for his assailant. He overexerted himself and the wound on his chest opened, causing blood to flow out.

"AHH!" he howled and took the chance to smack the dagger in his opponent's hand away. Then a punch came towards him!

BAM!

BAM!

BAM!

Fang Xia ducked left and right. The fear in his eyes slowly became fury.

"It's you!" he suddenly shouted loudly. "Nanshan! How dare you come and kill me!"

The other party's gaze changed as his attacks became even more ferocious. It seemed like he had become anxious after Fang Xia had exposed

his identity.

Fang Xia was even more sure that this assailant was Nanshan!

These tactics and boxing techniques belonged to Nanshan for sure!

“There’s an assassin!” someone from outside suddenly shouted.

In an instant, all the lights were turned on.

It was followed by a flurry of footsteps.

The look in the masked assailant’s eyes changed and he couldn’t think so much anymore. He started attacking Fang Xia even more fiercely than before and sent Fang Xia flying with a kick.

Since he couldn’t kill Fang Xia with one blow, he didn’t have time to continue trying and had to make a run for it.

“Run after him!”

“Nab him! Don’t let him get away!”

“Chase after him!!”

Fang Xia had collapsed on the floor inside the room. His bones had just been set not too long ago and now they were broken again. The pain made him clench his teeth and he was about to start convulsing soon.

“Nanshan! Nanshan!” Fang Xia roared angrily.
“How dare you come and kill me!”

“How dare you!!”

He gritted his teeth and his face was pale. Huge beads of sweat continued to drip down his face.

“He’s still alive,” came a voice.

Fang Xia looked up. It was Brother Gou.

This was a man that terrified him!

Behind Brother Gou stood Jiang Ning!

This was a man that made him feel despair!

“I didn’t think that someone would want to kill you. And he’s actually crazy enough to attempt an assassination in my territory.” Jiang Ning glanced at Fang Xia and left him on the floor without getting anyone to help him up. “Fang Xia, it seems like someone doesn’t want you to remain alive.”

Fang Xia didn’t say anything.

His expression was cold and he just scoffed.

“Who was that?” asked Jiang Ning. “Who is trying to kill you?”

“That has nothing to do with you!” shouted Fang Xia. “You’ve gone to the Fang house, haven’t you? Have you taken the person you wanted? If you

have, then please keep your promise and let me go!”

Jiang Ning shook his head.

“The person I wanted to take away didn’t want to leave.” He glanced at Fang Xia. “But the Fang family has given up someone else in exchange for your life, so I can let you go.”

Fang Xia was surprised.

The Fang family had used someone else in exchange for his life?

Who else in the Fang family was worth as much as him?

“You’re going to let me go?” he couldn’t help but ask.

“I’m a man of my word,” said Jiang Ning. “But even if I let you go, I’m afraid you might not get back alive.”

He laughed and looked at the mess in the room as he shook his head. “The assassin is pretty highly skilled and might not be working alone. I’m afraid the road home for you might be a difficult one.”

Jiang Ning waved his hand. “Let him go.”

He didn’t say anymore and turned to leave.

“Wait!” Fang Xia immediately called after Jiang

Ning.

He knew that if he left this place by himself, Nanshan would definitely kill him on his way home!

Of course he knew who was backing Nanshan.

This bloody Fang Dong didn't want him to go back alive for sure. Once he was dead, then nobody would fight with Fang Dong to be the next head of the Fang family!

"You have to escort me back to the Fang house!" he said through gritted teeth.

Jiang Ning turned around as if he had just heard a joke.

“What did you say?”

“I said, you have to escort me back to the Fang house!”

Fang Xia’s face was a little red from embarrassment. He knew that this request was asking for too much and it was a little ridiculous even.

It was already not bad that Jiang Ning allowed him to live.

Otherwise, according to the rules of Donghai, he should have died a long time ago!

“Say that again.” Jiang Ning turned around while Brother Gou was already standing in front of Fang Xia. The moment Jiang Ning said the word, he would wring Fang Xia’s neck!

Fang Xia had no way to retaliate at all.

“Someone wants to kill me and doesn’t want me to stay alive. If you let me go now, it’s as good as killing me.” Fang Xia hesitated for a moment before continuing through gritted teeth, “If that’s the case, you might as well kill me now!”

Jiang Ning nodded. “I’ll grant you your wish.”

Brother Gou immediately reached a hand out to lift Fang Xia off the floor and grabbed his throat!

NH

“Wait! Wait!” Fang Xia slapped Brother Gou’s hand and his face was turning blue. He was just saying that out of spite and didn’t expect Jiang Ning to be so decisive about killing him!

THUD!

Brother Gou released him.

“If you aren’t willing to escort me back, I’d rather stay in Donghai.”

Fang Xia panted heavily and could barely look up at Jiang Ning.

At least Donghai was safe enough. Before his injuries were fully healed up, nobody would be able to kill him.

Nanshan had come once, so there was no way he could come a second time.

Once he was all healed up, he’d return home and settle this matter with the bloody Fang Dong!

“Aren’t you worried that if you don’t go back now, you won’t have any place in the Fang family in the future?” Jiang Ning gave him a wry smile. “I’ll be honest with you. When I went to the Fang house, I could tell that a number of them think that you’re dead, and most of them believe that you weren’t able to get the manual from me, and you’re an embarrassment to the Fang clan.”

Fang Xia’s expression changed upon hearing this.

NH

“You know very well what sort of man the head of the Fang family is. If you’re an embarrassment to the Fang clan, what consequences await you?”

Fang Xia’s expression became even nastier.

“I also heard that the Fourth Young Master of the Fang family doesn’t lose to you in gifting, knowledge or even the number of family members on his side.”

Fang Xia froze completely when he heard these words.

The fight to become the next head of the family had been intense since they were children.

His eldest sister, Fang Chun, was only interested in handling the household and wasn’t a threat to him. Fang Qiu was disliked since he was born, so Fang Xia wasn’t worried about him.

But Fang Dong!

That was his biggest competitor!

“I’d advise you to think of a way to get home. Otherwise, even if you don’t die, there’s no place for you in the clan anymore.”

Jiang Ning shook his head and didn’t say more. He turned and left the room.

Fang Xia sat on the floor and his heartrate increased. Many possibilities surfaced in his mind.

NH

The person who had tried to kill him earlier was Nanshan!

Even though he had tried to cover up, those moves definitely belonged to Nanshan!

He was the subordinate that Fang Dong trusted the most, so the person who wanted him dead was definitely Fang Dong.

That bloody idiot didn't want him to stay alive and didn't want him to be able to return to the Fang family!

After thinking through all of this, Fang Xia struggled to his feet and walked to the door.

“Jiang Ning! Wait!” he shouted as he panted. “What do you want?!”

Fang Xia wasn't stupid. If he wanted Jiang Ning to help him, then he had to pay the price.

Otherwise, never mind his initial plans of getting the manual or killing Jiang Ning – no matter how much he did, there would be no place for him in the clan. What was the point of doing so much?
