

Chapter 31

"Do you think that if the Liu family wants me to die at midnight, I won't be able to live until 3 a.m.?"

Xiao Fei raised his hand slightly to Li Gang. Then, he looked at Liu Yucheng with a faint smile.

Xiao Qi also sneered. "There are so many stupid people. But I don't know that even the real Yama has to detour when he sees His Highness."

"You, you..."

Liu Yucheng looked dull, as if he was dumbfounded.

Originally, he thought that as long as Xiao Fei and Li Tianlan were caught in the police department, it would be too easy to kill them with the connections of the Liu family.

Therefore, even if Liu Yiting didn't cooperate very well, they were still full of confidence.

However, when they really saw the Captain arrive, they were dumbfounded.

Captain Ma, the Chief Captain of the Department of Police in Luo City, could be said to have real power in the Department of Police. However, he said that he didn't care about this matter anymore?

And who was the guy in military uniform with three stars on his shoulder?

Damn it, Captain of 10,000 soldiers.

This, this...

Even the leader of ten thousand soldiers had to salute him. "Is he the descendant of a big shot?"

Liu Yucheng's face turned pale, and he felt it was a little difficult to swallow saliva.

Liu Yuxin's body trembled. He looked at Xiao Fei with a very ugly face, and his heart was full of despair.

At this time, Liu Guanghong's whole body began to tremble. He found that the development of things had exceeded his expectations.

At this moment, he could only look at the old acquaintance of Captain Ma. "Old Horse? What the hell is going on?"

His voice was very low and trembling, obviously full of despair.

"Everyone return to the team."

However, Captain Ma did not look at Liu Guanghong. Instead, he issued an order to let his men go back directly.

"Yes."

In the blink of an eye, everyone in the police

office had left. Only Liu Yiting was unwilling to leave. Instead, she looked at this scene with curiosity.

"I've told them to come and apologize within a day. That's the end of the matter."

Xiao Fei walked toward Liu Guanghong with his hands clasped behind his back.

He looked calm and said, "Unfortunately, so many days have passed, you actually want me to come to your house in person."

"Now, I'm here."

He took a step forward and did not exert much strength. However, the faces of the three members of Liu Guanghong's family all turned pale.

Liu Guanghong reluctantly said, "Yes... I'm sorry. I don't know your identity. Please forgive me. How about letting me hold a banquet to entertain you and apologize to you?"

"Given your status in Luo City, isn't it easy for you to kill me?"

Xiao Fei smiled and said, "Then, why do you have to treat me?"

"I, I was wrong..."

Liu Guanghong's voice trembled. "Then, what do you think we should do to let go of our Liu family?"

He was quite straightforward. He knew that this matter could not be settled simply, so he directly asked what he wanted to do.

"I heard that you have a good relationship with Lin Xiaotian?" Xiao Fei asked.

"Yes, Mr. Lin thinks highly of me and regards me as his brother." After hearing this, Liu Guanghong thought that there was a turning point in the situation, so he quickly said, "Mr. Lin once said that he would not let any of his brothers get into trouble because his brothers are in trouble and will support him from all sides."

His words were very obscure, but he told Xiao Fei that if you hurt me, you would not be able to get along with Mr. Lin.

Over the years, Lin Haotian had become famous and could be regarded as the number one figure in Luo City. Ordinary people did not dare to do anything to Lin Haodong.

"Very well."

Xiao Fei nodded.

When Liu Guanghong didn't know why, he saw Xiao Qi step forward and pull Liu Yuxin over with a sneer. "Do you want your daughter's life?"

"Dad, save me, save me..." Liu Yuxin was trembling with fear and kept crying.

"Boss, something happened."

Liu Yiting's face changed and she was about to take action.

"This has nothing to do with us. Let's get out of here right now."

However, her boss, the police officer of the Department of Police, pulled her away with a serious look at this moment.

"Let me go. As a policeman, I have my duty to maintain order. You can't do this..."

Liu Yiting's voice came, but she was immediately pulled away from the Liu family's villa by Captain Ma.

At this time, Xiao Qi looked at Xiao Fei and said, "Your Highness, this bitch dares to offend you. Do you want to kill her?"

Liu Yuxin was speechless. "..."

Liu Guanghong and Liu Yucheng, "..."

Other walls, "..."

"Who is this guy? How dare he cut me so easily? He's too rampant!"

"No."

Liu Guanghong and his son Liu Yucheng immediately shouted.

At this moment, Liu Yuxin felt that her whole body was extremely cold, as if death was coming.

She was so scared that she didn't dare to

move, and she even didn't dare to speak. She could only look at Li Gang for help.

He was the Captain of the 10,000s. If he was willing to save her, she would be able to do so.

However, Li Gang lowered his head and said nothing. With a wave of his hand, he ordered all his subordinates to retreat.

In this way, Liu Yuxin suddenly felt desperate.

Xiao Fei looked at Liu Guanghong. "Do you want all the members of the Liu family or the Liu's Group?"

"You, you actually want to rob my company?"

Liu Guanghong took a deep breath and stared at Xiao Fei with his eyes wide open.

"Puff!"

Xiao Qi burst into laughter. "Is your shabby company worthy of Prince Yu's great effort? If it were in the past, I wouldn't even bother to look at your small company."

"Then what do you want?" Liu Guanghong breathed quickly.

"I want to kill the Lins and the Huangs," Xiao Fei said lightly.

"What?"

At this moment, Liu Guanghong's heart beat faster. Although his Liu's Group was a little

famous in Donghan, it was far worse than Lin Huang, the new generation of the Wang family.

But now, this guy said that he wanted to move two at the same time. This...

"Not now, but in the future."

Xiao Fei added, "I'll tell you when I need you."

"You can ask Lin Haotian and Huang Tianqi to tell them about this matter, but Li Gang's people will kill you in less than two hours."

With this, Xiao Fei turned and walked out.

"Li Gang, send someone to keep an eye on the Liu family. If there's any small move, kill them all."

His voice was cold and full of murderous intent.

"Yes, sir."

Li Gang bowed with a solemn look, looked at Liu Guanghong's family of three, and said calmly, "Boss Liu, please cooperate with us next. Otherwise, we'll kill them first and report later."

"Military order? Whose order?"

Liu Guanghong's expression was dull.

"Hehe..."

Li Gang didn't say much, but looked at Xiao Qi who turned around and left with respect in his eyes.

His gaze caused Liu Guanghong's face to change dramatically. "He..."

Only a general could command a person like Li Gang. Could he be called a general? However, in front of another guy, he was just a follower.

Then, who was that guy?

At this moment, Liu Guanghong felt a chill run down his spine, as if he had run out of strength.

Only Li Gang snorted coldly. "From today onwards, my people will supervise the Liu family for twenty-four hours. Before that, no matter you contact anyone, you must report it first..."

"Yes, I, I am under supervision."

Liu Guanghong's face was full of bitterness.

After saying that, he sat on the ground as if he had run out of all his experience.

Chapter 32

"Your Highness, you don't have to let the Liu family take part in the fight between the Lin family and the Huang family. That small group of the Liu family doesn't have any use at all."

The business car moved forward slowly. Xiao Qi looked at Xiao Fei, who was sitting in the passenger seat, with a puzzled look on his face.

The Liu's Group, established by Liu Guanghong, was already a large enterprise in the eyes of ordinary people. It owned billions of assets, which could be said to be very extraordinary.

However, when faced with Lin's Family and Huang's Family, this Liu's Group was nothing.

Obviously, it was impossible to shake Lin's Group with Liu Guanghong's help.

"Liu Guanghong has a good relationship with Lin Haotian."

Xiao Fei touched his nose with a smile in his eyes. "I want them to know what it feels like to be traitors."

At that time, Lin Haotian and Huang Tianqi could be said to be the right-hand men of the Xiao Group. However, they chose to betray at the same

time. Under the cooperation of both sides, the Xiao Group collapsed instantly.

Otherwise, with the ability of his parents, Xiao's Group would not be in trouble.

"All of this is just a beginning."

Xiao Fei whispered and leaned against the car with his eyes closed.

"I see."

Xiao Qi replied in a low voice. He could feel what his Prince was thinking.

Killing was very simple for them.

So what if he killed all the clans of the Nine Clans?

It was just a matter of a moment.

The most painful thing in the world was not death, but death in despair.

Heaven's Way was good at reincarnation, killing people, and killing people. Those who rose from the ranks after betraying their masters were eventually betrayed by their relatives and relatives.

"Puke."

Just then, a heavy motorcycle stood in front of the business car. Liu Tingting, who was wearing a small leather coat, sat in the car with a cold face, and just stood in front of the car.

As a result, the business car had to vomit.

"What are you doing?"

What was this violent girl doing in the middle of the road?

"I didn't talk to you."

Liu Tingting glared at Xiao Qi. Then, she came to the passenger seat and knocked on the door. "Come out. I have something to tell you."

"....."

Xiao Fei did not respond to her, but continued to close his eyes.

"Hey, what do you mean? I'm talking to you." Liu Tingting was furious when she saw him. She reached out her head and glared at Xiao Fei. "Who are you looking at with a cold face?"

"Stop halfway. Your behavior has caused traffic traffic jam. But you are still a member of the Police Department. Don't you know the law?" Xiao Qi stared at Liu Yiting.

The latter snorted and said, "Don't worry. There aren't many cars on this road at ordinary times. Besides, this road is so broad. It's just a car. There won't be any problems."

With this, she looked at Xiao Fei and said, "I have something to tell you. Come out."

"If you have something to say, just say it."

Xiao Fei's eyes didn't really fall on her from beginning to end.

Such behavior made Liu Yiting unhappy. She shouted, "What do you mean? Don't you even want to take a look at me?"

As soon as he finished his words, he saw Xiao Fei looking at her. Moreover, he looked into her eyes, as if he wanted to see through her heart through her eyes.

When she saw it, she was a little flustered and avoided it with her eyes.

"Poof..."

Xiao Qi looked at this scene and couldn't help laughing. "It's my fault that I don't look at you. When I really look at you, you dodge again. What's the point?"

"Xiao Qi, you go back first."

At this time, Xiao Fei suddenly spoke.

At the same time, he glanced at Liu Qiting and said, "Get out of my way."

"What are you doing? I won't let you go. If you don't come out, I won't get out of my way." Liu Yiting looked at Xiao Fei shamelessly as if she was acting arrogantly.

"If you don't get out of my way, how can I get out of here?"

Xiao Fei put his hand on the door handle and looked at her with a faint smile.

"Ah..."

The woman's face turned red and she quickly retracted her head.

Xiao Fei opened the door and walked out. He walked to the side of the road and looked at the wide road, lighting a cigarette slowly.

Xiao Qi drove away. Before he left, he looked at Liu Yiting a few more times and muttered, "This woman is not simple. She actually managed to get Prince Yu out of the car. She's amazing."

Liu Yiting didn't feel that she had done anything extraordinary. She rode on her heavy motorcycle, went to the side of the road, and parked the car.

"I don't like men who smoke."

Liu Tingting looked at Xiao Fei with a frown and reminded him in an ambiguous way, "smoking is harmful to your health, especially the second-hand smoke. It's not good."

"What can I do for you?"

Xiao Fei put out the cigarette in his hand, looked at Liu Yiting, and touched his nose habitually. "Do you still want to take me back?"

"No."

Liu Tingting looked at Xiao Fei with a complicated expression. "Who are you exactly? Why can you use a military general at Li Gang's level?"

She seemed to know that Xiao Fei would not answer her question, so she continued to say, "Moreover, I have investigated your identity through the police system, but I didn't find any information about you..."

"If you're too curious, you'll die."

Xiao Fei said quietly.

"Humph, you want to threaten me? I have graduated for several years. If I can't be threatened, it's impossible for me to be a captain."

As she spoke, Liu Yiting's face showed a proud look. "I don't really want to investigate you. I'm just curious. You rubbed my belly a few times, but why my belly doesn't hurt anymore?"

At the same time, she jumped a few times and looked relaxed. "Before, every month, I was so painful that I almost died of pain. This time, it was just because you massaged me a few times. It was incredible."

"So you're looking for me for this matter?"

Xiao Fei touched his nose. He didn't expect that he had an idea on the spur of the moment. This girl was pleasing to the eye and helped her to relieve her pain. On the contrary, this girl chased him and didn't let go.

"Yes, do you know how I came here every month and these few days? It's so miserable and inhuman. And you cured me. I have a clear grudge

against you. You helped me. Of course, I have to repay you."

Liu Tingting looked at Xiao Fei with a smile and said, "Let's go. I'll treat you to dinner as a reward."

As he spoke, he reached out his hand to pull Xiao Fei.

However, Xiao Fei did not allow her to succeed.

"There's no need to eat."

Xiao Fei shook his head and left in the opposite direction with his hands clasped behind his back.

Liu Yiting stood still, her face turning green and red. As the policewoman of Luo City, she didn't have any boyfriend despite her bad temper.

However, her appearance and figure could be said to be superior to others.

He had thought that he would take the initiative to treat her to dinner in order to repay her for helping him get rid of his illness. At the same time, he could also find out who she was by the way and find out who she was.

Unexpectedly, this guy refused such a great beauty's invitation.

"Bastard, you've got a blockhead. You're such a boring guy."

Liu Yiting was so angry that she stamped her feet.

She stood still for a long time. Seeing that Xiao Fei had gone far away, she couldn't help laughing. "Do you think you can get rid of me after you leave?"

"I want to keep an eye on you."

"No one can escape from my palm."

She took out her cell phone, dialed a number, and said, "Help me investigate someone, his name is... called... er, I didn't know his name..."

"Shit..."

Chapter 33

Su Rou Group.

Among many companies in the East box, a medium-class enterprise mainly engaged in all kinds of cosmetics. Because of its high quality and extraordinary effect, although it was established less than five years ago, it was already well-known and it was already a listed company.

Its market value was one billion yuan.

Of course, the market value of one billion yuan was nothing among the many companies in an international city in Dongheng.

However, the founder of this enterprise was Su Hanyue.

She was the daughter of one of the Su family members of the East Hong Restaurant.

It could be said that the Su's were well-educated. Both generations of the Su's had been engaged in education since Old Master Su started.

Master Su, in particular, had many disciples all over the world and he had a very high reputation.

Su Hanrou's father was the headmaster of

Luo Cheng University. His pro-disciple also began to make an announcement, announcing that he was the best in the world, and there were no other people in the world.

Even Su Hanyue had to admit that the reason why she could develop Su Rou's group was not only because of her talent in business, but also because of her background.

However, this time, Su Rou's group encountered a great crisis.

The foreign businessmen ordered a large number of cosmetics. After receiving the goods, they even said that there was something wrong with the quality of the goods and asked for a refund.

Su Rou's Group had always abided by the rules of being a conscience enterprise. Generally speaking, it was impossible for there to be any business problems.

Now, the foreign large-scale group actually said that the quality of Su Rou's company was not good enough to ask for a refund. Either there was a problem in Su Rou's group, or someone deliberately targeted Su Rou's group.

No matter what the problem was, Su Rou's group would suffer a great loss this time.

"Boss Su, the budget of the losses has come out. If the other party really returns, even if all the

transportation and taxes are paid by the other party, our company will lose at least 100 million yuan."

In the president's office, Su Hanrou sat on the chair and heard the report of her subordinate. Her face suddenly turned pale. "One hundred million!"

She sat in the chair with a dull look, looking pale and whispering in a low voice, "I've worked hard to start a business for a few years. Do you want to be dumped?"

"President, maybe, there's room for negotiation."

Next to him, a middle-aged man sitting on the killing table said in a low voice, "Childe Wang is very concerned about the crisis of Su Rou's Group. He wants to invite you to dinner together and discuss how to solve it, as long as you..."

Before he could finish his words, he was interrupted by another young man. "Director Shi, you must have bad intentions toward Master Wang. You even advised Master Su to have dinner with him. You're pushing Master Su into the fire."

The middle-aged man named General Manager Shi raised his head and said with a sneer, "Ninghuang, don't think that president Su values you so much that you can do whatever you want. You don't have the right to speak. Shut up."

"You..."

The young man was furious, but he couldn't refute. He was only a department manager while the other party was a director and general manager. He really couldn't deal with the other party.

He was not Chu Chong. Although he dared to argue with Shi Zhengyang because Boss Su took a fancy to him, he must not go too far. Otherwise, even Boss Su could not treat him lightly.

General Shi, whose name was Shi Zhengyang, was the general manager general manager of Su Su Su Group. After drinking the young man named Ninghuang, he looked at Su Hanrou and said faintly, "Su Manager Su, there is one more thing. The manager of the factory is appointed."

"What?"

Su Hanyue suddenly raised her head, looked at Shi Hong Yang, and said in a low voice, "Who asked him to resign?"

"He was the one who blamed me for his resignation."

"Su Mo, I'm not sure if you can defeat him!" Shi Zhengyang said.

"You approved?"

Su Hanyue took a deep look at Shi Zhengyang. Was this guy who borrowed money to help her rise in the past going to turn the tables at this time?

"Yes."

Shi Zhengyang looked up at Su Hanrou. "Boss Su, this is within my power."

Su Hanyue did not speak, but her face turned pale.

She knew what the problem was, Shi Zhengyang.

In addition to himself, the biggest director who owned 20% of the company's shares was the general manager of the company. His status was second only to himself.

This person was ready to destroy Su Rou's group.

Unless she used the resources of the Sus, it would be too difficult for her to overcome this difficulty.

However, in the beginning, she did not do the education that the Su family was best at, but chose to start her own business. Her father did not support her at all. Now, she was afraid that the company would not be able to help her even if it was closed down.

"I'll handle it."

Su Hanyue closed her eyes and leaned against the chair, but her heart was cold.

After so many years of hard work, did he really have to turn into running water in a day?

"Boss Su, Master Wang, as the young master of the Wang family, is the most advantageous competitor for the Master of the Wang family. If Su Rou Group can get his support, it will definitely prosper in a short period of time. You'd better think about this matter carefully."

Shi Zhengyang stood up, but he still said with a smile on his face, and then left the president's office.

"Boss Su."

The young man named Ninghuang did not leave, but said with anger, "Director Shi went too far, and a part of Su Rou's group is also his. Doesn't he understand?"

"What if someone gives him more benefits than he can get from Su Rou Group?" Su Hanrou opened her eyes, her face still pale, but with a sneer.

"What do you mean?"

Ning Huang took a deep breath and asked, "Wang Q Kai?"

"I don't know."

Su Hanyue shook her head, looked at Ninghuang, and said in a low voice, "Senior Brother Ninghuang, you're my senior. I've trusted in your ability all the time, and you haven't let me down. This time, I want you to help me."

Ning Huang used to be the senior of Su Hanyue's college. He met her by chance and had excellent ability. At that time, after Su Hanrou made great achievements in business, she happened to meet Ning Ming who was looking for a job, so she hired him in.

Later, Ning Huang did not live up to her expectations. He showed enough ability and became the current manager of the department.

"Don't worry, Hanrou. I'll try my best."

Seeing that Su Hanyue trusted him so much, Ninghuang blushed with excitement. "What do you need me to do? I'll do it well."

"Help me investigate the production department. Is there any problem with the quality of this batch of cosmetics?"

said Su Hwrou.

"Okay, I'll go right away."

Ning Huang said hurriedly.

"Don't let others know." Su Hanyue said again.

"Don't worry. I know. This matter is known by heaven and earth. You know me." Ning Huang was excited in his heart. After that, he turned around and left.

Su Hanyue picked up her landline and dialed a number. "Hello, Mr. Weixi. I'm Su Hainrou from Su Rou Group. I heard that you're on a vacation in

Luo City. I wonder if you're lucky enough to have dinner with me?"

It was hard to believe that a fluent foreign language could be spoken by a person who had never studied abroad.

"It's a beautiful lady's invitation. Even if I don't have time, I have to take time out. I'm in Jun Shang International Hotel. What's your arrangement, Miss Su?"

The words on the phone made Su Hanrou's eyes brighten, and she quickly said, "In this case, the place is in Jun Shang International Hotel. I will contact you when I arrive."

"I'm looking forward to having dinner with you."

In Jun Shang International Hotel, a foreign man hung up the phone and looked at a young man sitting opposite him with a smile. "Just as Mr. Wang expected, Ms. Su called me to have dinner. Mr. Wang, would you like to join us?"

"No, I'd better avoid it first. However, you have to remember what we've discussed." On the opposite side, the young man in a white suit, who looked polite, smiled.

"Of course, it's my honor to cooperate with Mr. Wang."

With a smile, he shook hands with the young man opposite him.

The young man left with a smile. If Su Hanyue was here, she would find that this young man was none other than Master Wang, who was mentioned by Shi Zhengyang.

Chapter 34

In Jun Shang International Hotel, Su Hanyue came alone to attend the banquet.

His name was Weixi, and he was the person in charge of the Chilly Group, which Su Rou had cooperated with, within the country.

In fact, when it was mentioned that there was something wrong with the quality of that batch of profits, Su Hanrou had already understood that someone must have joined forces with the New Year Group to deal with Su Rou Group.

When she heard Shi Zhengyang say that Childe Wang wanted to invite her to dinner, she understood who was behind all this.

However, she was not reconciled.

He founded the Su Rou Group and developed it into an listed company. Within four or five years, he had a market value of one billion.

It could be said that Su Rou Group had the potential to become one of the top international big groups.

If she gave up just like that, she would definitely not accept it.

This time, Weixi was the key.

"I'm so lucky to be able to have dinner with

such a beautiful lady like Miss Su."

At the banquet, Weixi was very polite. Be it his speech or behavior, he was very graceful, showing the so-called gentlemanly demeanor.

"Mr. Weixi, regarding the goods of Su Rou Group this time..."

"It's dinner time. I don't want to talk about anything else."

However, when Su Hanrou talked about the quality issue of that batch of goods, Weixi avoided mentioning it.

Until the end of the banquet, Su Hanrou did not have the opportunity to talk with Weixi about the goods that Su Rou Group had sold.

"Weixi..."

"Dear Ms. Su, thank you for your hospitality. If you come to my country in the future, I will definitely treat you well."

"Look, it's getting late. Why don't we say goodbye to each other?"

In the end, after Weixi finished his meal, he gracefully drove Su Hanrou into the car, and then he turned back to his accommodation in Jun Shang International Hotel.

"We're in big trouble."

Back in the car, Su Hanrou frowned and felt bad. The other party avoided talking about it all

the time. It was obvious that he did it on purpose.

"Thump! Thump!"

At this time, someone knocked on her window. She turned her head and saw a bright smile on her handsome face. "Hanrou, what a coincidence. Why are you here?"

The comer was none other than Wang Q Kai, the handsome young master of the Wang family in a white suit.

"Master Wang."

Su Hanyue sighed softly. The appearance of Wang Qierai verified her thoughts.

"It's better to meet by chance than to meet by chance. Why don't we find a place to meet?" Wang Q Kai looked at Su Hanyue with a smile.

His appearance was beautiful, gentle, and quiet, like a God's favored daughter. In the entire East Cold, there were few people who could compare with Su Hanyue.

He had made up his mind to have this woman.

Even if he was a child of the Su's, so what?

"No, I still have something to do in the company. I have to go back and deal with it."

Su Hanrou shook her head. Not to mention that she already knew it was Wang's fault, even if it was not Wang's fault, she would not be with

Wang's.

He started the car very resolutely and roared away, leaving only a stream of tail gas for Wang Zh Kai.

He stood still with a smile on his face, "Su Hanyue, unless you can give up your dream, give up Su Rou Group, and go back to inherit the family business, this time, I will definitely ask you to kneel down and beg me."

"If you want Su Rou's group, if you want your dream to continue, you have to beg me. At that time, I want you to send yourself to me personally, hahaha..."

In his mind, it seemed that Su Hanrou, such a stunning beauty, sent him to her bed after washing his face.

Wang Qierai was so excited that his whole body was shaking.

"Master Wang."

He didn't know when Weixi came to Wang Zh Kai's back and greeted him with a smile.

"Weixi, you're here just in time. I know that there's a good place. It's the entertainment venue of the Eastern Joint Project. It's called Heavenly World. Beautiful women are like clouds. Let's go and have fun."

Wang Kai smiled and turned to look at Weixi.

"It's a great honor to meet you."

There was a smile on Weixi's face.

○ ○ ○ ○ ○ ○

Under the night sky, Xiao Fei strolled. He looked at the bright starry sky with his hands behind his back. The image of his childhood flashed in his mind. It was exactly that he was counting stars with his sister in his arms when he was a child.

"The stars are sparkling, and the stars are shining one after another..."

"The biggest one is Papa, Mommy, brother, and the little star in the middle of it is me."

"....."

In her ears, the voice was still the same, with a child's voice, naive and happy.

"Little Qi'er, wait for my brother. I'll find you even if I've searched every corner of this world..."

Standing at the head of the bridge, he whispered in a low voice with a trace of firmness in his eyes.

"Hello."

At this time, with the roar of a motorcycle, Liu Yiting, the policewoman, who had just met her, drove the motorcycle to dig next to her.

"What are you doing standing at the end of the bridge? Don't tell me you're ready to jump off

the bridge?"

Liu Yiting was wearing tight leather clothes and pants, which set off her perfect figure. Because of the social exercise, she looked full of energy and was like a little female leopard.

After digging the car into a place where there was no one by the roadside, he ran to Xiao Fei with a smile and looked up at him.

After looking at it, she couldn't help but feel her heart beating faster. "This guy's face is really handsome, and cool, with a strong masculine aura. Compared with those so-called red and purple people in the public world today, his appearance is not suitable for those guys to carry shoes for him."

Liu Yiting was deep in thought. Looking at Xiao Fei's chiseled face, she couldn't help but be obsessed with him.

Xiao Fei looked at Liu Yiting and found that this violent girl had been staring at his face and was obsessed with him. He couldn't help laughing.

A sense of prank arose in his heart. He reached out his hand and grabbed Liu Tingting's chin. His eyes were full of affection. He looked at her eyes and asked in a low voice, "Is it beautiful?"

"Yes, it's good-looking..."

The sudden change made Liu Yiting a little

flustered. She nodded repeatedly, blushed, and her heart beat faster.

"Do you like it?" Xiao Fei asked.

"I, I..."

Liu Yiting blushed and her heart beat fast. She murmured and couldn't speak. She only felt that this guy in front of her was really hateful. How could he ask her such a shameful question?

However, she was not a young girl at the age of 18 after all. She immediately came to her senses. When she saw the smile in Xiao Fei's eyes, she immediately became furious. "Wow, how dare you bully me."

He was ready to hit Xiao Fei.

However, at this time, Xiao Fei held her waist with one hand and held her close to himself. He said in a low voice, "Don't move."

His voice was low and full of power. Liu Yiting couldn't help but step back and look at him quietly.

boom! boom! boom! boom! boom! boom!
boom! boom

It was not until the roar of the motorcycle came that Liu Jianting was awakened.

Chapter 35

"Hello, is that motorcycle yours?"

A group of young men each drove a motorcycle to dig the roadside. The noise of the motorcycle kept ringing, but their eyes were looking at Xiao Fei and Liu Yiting.

"It's none of your business."

Liu Yiting came out of Xiao Fei's arms and looked at these guys with a frown. She snorted, "Little guy, do you want to drag the car when you get together at night?"

"Yes, do you dare to come with me? Little girl, you look good. Let's have a fight? If you lose, you will be mine in the evening."

"Yes, yes, if you win, let's give you one million each, shall we?"

"Tsk tsk, tsk. If you lose, you just need to accompany us for one night. Our kung fu is absolutely not comparable to your little thin lover's. At that time, it will definitely make you want to die."

"....."

These young men whistled and said with smiles.

They looked at Liu Yiting with hot eyes. This

girl was very vigorous and powerful just by looking at her, especially her slender legs. "Tsk, tsk, tsk. If I really do something like that, I'm sure I'll feel good..."

"Is that so?"

A bright smile appeared on Liu Tingting's face. "So, you're catching a ride on this road, aren't you?"

"Nonsense, haven't you heard that there are some Drag Racing Group often appearing on this road recently? No, no, we are the Drag Racing Group. No one can do anything to us. Even if the police office set up a place, they can't catch us, tsk, tsk."

"Our driving skills are beyond words. Seeing that you have such a motorcycle, there should be one that is released from my heart. I'll give you a chance. Come on, join us, become a member of us, and enjoy a different life."

"....."

These young men didn't realize who they were facing, so they just wanted Liu Tingting to drag the car with them.

Liu Tingting walked up to them with a smile and said, "Okay, I can go with you, but you have to go to a place with me first."

"Where is it?"

This group of young people did not suspect him and said with a smile, "Anyway, they are also riding a bicycle. Let's go, get in the car."

Liu Tingting looked at Xiao Fei and asked, "Would you like to join us?"

"You'd better not go. Otherwise, you'll suffer."

Xiao Fei reminded him kindly.

"What?" Su Mo was surprised.

Liu Yi Tingting's eyes flashed and she looked at him with a puzzled look.

"There's someone here that you can't deal with." Xiao Fei shook his head.

"It's impossible. I don't believe it. I can't deal with some people."

Liu Yiting didn't believe it.

She had been in office for many years relying on her own strength to get the upper position. How could she be afraid of a group of Drag Racing Group?

"You can try, but if something happens, don't blame me for not reminding you."

After Xiao Fei's reminder, he turned around and left leisurely.

He had already done enough. If this little girl really wanted to get close to him regardless of her life and death, he could not blame himself.

Liu Yi Tingting's eyes flashed. Although she didn't want to believe it, she also felt that the other party couldn't deceive her with this kind of thing.

Seeing Xiao Fei turn around and leave, she was still thinking about what kind of confidence these gangsters had to hurt her.

"Forget it. I'm very kind today. I'll let you go first. I'll call all the people in a few days, and then I'll take all of you." Then, Liu Yiting decided to listen to Xiao Fei's words and not argue with these guys.

She didn't look at those young people, but quickly caught up with Xiao Fei, "Wait for me."

"Hey, little girl, what do you mean? Are you lying to us?"

She left, but the group of young people did not give up. They rode a bike and caught up with her, looking at her with dissatisfaction.

"I didn't promise you to drag the car with you. Get out of my way. Don't affect me."

Liu Tingting sneered and quickly caught up with Xiao Fei with a curious look on her face. "I still don't know what your name is?"

"Why didn't I say you before in Dongming? Are you from another place?"

"By the way, how do you know that someone

among them is very powerful?"

"....."

She asked a series of questions. Regardless of Xiao Fei's answer, she followed Xiao Fei with her hands clasped behind her back.

If Liu Tingting's men saw this scene, they would be shocked.

Although their captain was known as One Flower of the Police Department, no one dared to pursue her because he was so irritable that he had broken the legs of several young masters who had pursued her with extreme means.

And she was also happy. Every day, except work, she never went shopping. She never showed such a look.

But now, she was so curious about a man.

"Beauty, don't look down on me."

The group of Drag Racing Group followed him, and their voices were already full of anger.

"Get the hell out of here."

It was rare for Liu Yiting to be so curious about a man. She just wanted to know about this magical man, but she was affected by a group of gangsters. Liu Yiting was not happy and directly hooted at him.

"Follow me and send all of you to the police office and lock you up."

"What?"

The group of ruffians' faces changed. They looked at Liu Tingting carefully. Suddenly, one of them said in a low voice, "I recognize her. It's her, Liu Jianting, the most violent girl in the police department of Luo City."

"Brothers, this little girl is not easy to deal with, and it is said that her background is not weak. Why don't we let her go today and deal with her later?"

"What are you afraid of? With Brother Bao around, why should we be afraid of this little girl? Let's take advantage of today's situation and deal with her."

As they spoke, everyone turned their eyes to the bald man, who had been silent for a long time and was covered with leopard patterns, and they all looked at him.

"Liu Tingting, the Flower of the Police Department of Luo City, or the National champion?"

Brother Bao, the bald man, stood up straight. He was two meters tall. He stood so casually that he burst out a fierce aura.

Liu Tingting's expression changed drastically after she felt it. "Who are you?"

There was a murderous look on his body.

Liu Yiting could sense that this kind of person

had either killed people on the battlefield or committed all kinds of crimes.

"Boom!"

Brother Leopard did not speak. Instead, he strode towards Liu Qiting and then punched her.

This punch was so powerful that even Liu Tingting's expression changed again.

However, she was a tough woman, so it was impossible for her to admit defeat.

At this moment, she shouted and also faced up with him. She jumped up high, kicked her slender legs sideways in the air, and kicked toward his fist.

"Little bitch, you're courting death."

Brother Leopard grinned hideously. Without hesitation, he swiftly grabbed Liu Tingting's feet and threw her to the distance with great ease.

She was heading in Xiao Fei's direction.

"Ah..."

Liu Yiting screamed.

Although he had sensed a murderous aura from him from the very beginning, he could only figure out how powerful he was after he made his move. This was not something that he could compare to.

In the face of Brother Leopard, she had no

strength to resist at all.

"I'm going to die..."

She felt sad and dared not to imagine it when she thought that she would fall on the ground. She closed her eyes.

"Bump..."

However, the next moment, Liu Yiting suddenly felt that something was wrong. She didn't fall to the ground, but fell into a hug.

"Could it be..."

Her face lit up with joy. When she looked up, she saw a long-smiling face.

At this moment, her heart was trembling. She only felt that this extremely handsome face was so attractive. Her heart beat wildly at this moment...

"I've already told you that you're no match for him, but you still want to flaunt your superiority."

Xiao Fei felt helpless.

After putting Liu Tingting down, he looked at Brother Leopard, who was rushing over, and said, "You're really good at beating a woman for no reason."

"Mind your own business, then you'll die first."

Brother Bao roared, and his whole person was like a moving Vajra, punching toward Xiao Fei.

The fist was as hard as iron, and wherever it passed, the air would burst.

"Poof..."

However, the next moment, when his fist was in front of Xiao Fei, it stopped abruptly.

He saw that Xiao Fei lifted his foot. It seemed to be slow and gentle, but it accurately touched the other side's lower abdomen, and he withdrew it at once.

Bang!

Even so, Brother Bao's whole face changed dramatically. Like a deflated balloon, his face cramped and he slowly fell to the ground. He opened his mouth and wanted to say something, but he couldn't say a word in the end.

"It's done so easily?"

Liu Lingting folded the account book with an unbelievable look on her face.

Brother Leopard had definitely received special training. Not only was he powerful, but his reaction speed was also very fast. Even he, who was the national champion, was no match for him.

However, in the face of the aggressive Brother Leopard, this man just lifted his foot slowly and let Brother Leopard kneel down on the ground at once?

"What?"

Am I dreaming?

He stepped forward and looked at Xiao Fei in surprise. He only felt that this man was like a mystery.

"This guy has the smell of blood. He has killed someone not long ago. You can take him back and have a good check."

Xiao Fei smiled faintly, turned around and left without staying any longer.

"Hey, wait a minute..."

Liu Yiting wanted to catch up with him, but in order to catch Brother Bao, she couldn't go away. She could only watch Xiao Fei walk away.

"Damn it, you unromantic bastard. You don't even look at me. Am I really ugly?"

"Although you saved me several times and I have a clear affection for you. I must repay you, but you are too mysterious. You are definitely not an ordinary person. I will not give up investigating you."

"Wait and see, we'll meet again."

Liu Tingting waved her fists. When she thought of how she had been saved by the other party not long ago, she raised her head and glanced at the unparalleled face of the world. Her face could not help but pink.

In front of them, the ruffians were all shocked. Seeing that Liu Yiting ignored them, they all left and drove away.

"Are you running away?"

Liu Tingting sneered and took out her phone to make a call. "Go back to your seat and close the net in a large area. Come on!"
