

My Dreamy Old Husband

Chapter 275

“Stan, calm down!”

“Nate, don’t come over! He’s got a gun!”

The four of them were fighting against each other in the corridor. Things were about to get out of control. If Stanley really lost control and rushed outside with the gun, there would be no turning back.

Amidst the chaos, Sophia saw three people standing in the corridor ahead of them—Daniel, Harry, and Michael.

Seeing Daniel, Stanley left Sophia immediately and rushed to him with a gun in his hand. Even his eyes had turned red. “Daniel, tell me who that old man is!”

Daniel was shocked as he had never seen Stanley acting this way, so he decided to push the blame onto someone else. “Ask your Uncle Michael.”

Stanley quickly looked at Michael. “Uncle Michael, tell me where that old man is!”

Michael did not immediately reply to him. Instead, he asked calmly, “Stanley, what are you going to do after you know that?”

Stanley was very agitated. “I’ll shoot him!”

Michael snorted. “Don’t you have to pay the price for killing him?”

Stanley clenched his fists tightly as he spoke through gritted teeth, "I can't be bothered with that now!"

Sophia is actually defiled by an old man! I can't accept that!

Michael patted his shoulders and said maturely, "Young man, you have to think of the consequences when you decide to take an action. Learn from an old man like me."

Sophia also rushed to him. While struggling with Stanley just now, her clothes were disheveled, and her hair was in a mess after being grabbed by Stanley. The two flower hair clips were dangling beside her hair as exasperation and fear were shown on her petite, young face.

Michael stretched his hand to hug her, and he kissed her cheeks. After caressing her hair, he asked gently, "You must be scared just now. Why don't we go home soon?"

After her idol husband caressed her head, the anger within Sophia immediately disintegrated as she replied lovingly, "Stan is so fierce!"

Hugging Sophia, Michael glared at Stanley, who had become a statue at this point. When he turned back to Sophia, his expression immediately changed from being fierce to being gentle. "I'll punch him for you later!"

Immediately, everyone around felt that the couple was flaunting their love in front of them.

Daniel patted Stanley, who had been petrified. "Here you go. The old man you've been looking for is right here. Shoot him. Go on!"

Stanley was so shocked that the gun fell out from his hand.

Sophia's husband, the old and ugly man who jinxed his entire family, is actually Michael!!!

When has the bar to analyze a man become so high?

Michael comforted his wife by patting on her shoulder. “Go back to the room to change into some comfortable clothes, then let’s go back home for dinner.”

Sophia nodded. Before she walked away, she glared at the middleman who earned the most between the difference in pricing.

Damn it! Now everyone in Bayside City knows that I’m only worth 80,000!

After Sophia entered the room, the corridor became a battlefield for the men.

Michael cracked his knuckles and walked to Stanley; the smile on his face grew wider as he got closer.

“I heard that you wanted to shoot me.”

Stanley was so scared that he quickly shook his hands with a fearful look on his face while smiling awkwardly. “Hahahahah! Uncle Michael, how would I dare to do so?”

Meanwhile, he took a few steps backward quietly.

Even if I drank the potion of courage, I wouldn’t dare to shoot Uncle Michael ever!

Goodness, Sophia actually married Uncle Michael!

Damn it, Daniel! How dare he sell Sophia to Uncle Michael!

80,000! I’m just a nobody, yet my expenditure for a month is more than 80,000! Why wasn’t I offered such a good deal?

Michael slowly walked to him.

“I thought you wanted to shoot me, an old man, just now. Go on, now!”

Stanley was about to burst into tears. “Uncle Michael, please forgive me! I won’t dare to say anything like that! Not anymore!”

If I had known that Sophia was Uncle Michael’s wife, I wouldn’t have dared to have any thoughts for her at all!

Now I finally know why Uncle Michael often punched me for no reason.

I guess he won’t let me off today.

“Stan, I’ve reminded you since a long time ago.”

“Oh, Uncle Michael! I won’t dare to do that anymore! I will never have any thoughts for Aunt Sophia! I’m sorry! I’m really sorry!”

Seeing that he was about to get beaten up, Joel suddenly appeared. Looking as if he had found his savior, Stanley rushed to Joel immediately and hugged his thighs.

“Uncle Joel, save me! Uncle Michael is going to beat me up!”

Joel helped Stanley up and pushed him aside. “Go away.”

Joel ran away hastily with his gun, and Sean chased after him.

Looking at Michael, Joel still looked indifferent. “Why do you take it so seriously with a kid?”

Michael smiled. “I have to stop a budding affair from the source.”

Joel narrowed his eyes, but he still remained silent.

Michael did not say another word after that. After Sophia finished changing, she walked out from the room wearing casual clothes and left with Michael while holding hands.

Looking at Sophia, who had gone away with Michael hand in hand, Stanley burst into tears.

My first love is over just like this.

After returning home, Sophia was still in a daze for the better half of the day.

This day has been too exciting.

I merely wanted to make a scene at the engagement party to destroy their peaceful atmosphere. No matter what, I couldn't let my disgusting ex have a good life!

However, it was totally out of my expectation that Michael would stoop even lower than I did. I can't believe that he actually organized a charity banquet right next door all of a sudden.

What a psychopath indeed.

No matter what, today was perfect. I felt like I was living in a dream, apart from Joe's appearance.

Now that he knows I married an old man who dotes on me, he must be planning to do something to me. But I have nothing for them to take advantage of.

The person they want is Michael.

Is Tay Tay someone they are qualified to take advantage of?

Don't those shameless people know where they actually stand?

The atmosphere back home seemed to be different from usual. Nathan obediently slept alone in his room and took his green froggy blanket and pillow from the huge flamingo bed in the master room.

He suddenly felt a sense of danger. Sophia's dad has come looking for her. What if she leaves us to go back to her dad?

She can't do that!

So I need to make sure she gives birth to a little sister for me so that she won't leave.

In the master room, Sophia wore a sexy silk nightdress after she finished showering. Then, she waited for Michael on the bed.

It's time to sleep with my idol husband.

I'm actually looking forward to it!

What position should we try later?

She lay on the bed as she fantasized about it. However, after a long time, Michael did not come into the bedroom.

He seems to be busy.

She was scrolling through her phone on the bed. In such a short time, the news of the banquet had already spread around the internet.

The Harper Family's embarrassing engagement party, Taylor Murray's sudden appearance, Ethan Winston's auction, and Faye Edwards' embarrassing streaking video were all over the internet.

Sophia even found her own picture on some news channel, where she stood in the crowd wearing the beautifully-designed dress, 'Greenery'. She was definitely the most stunning person there, even surpassing most of the celebrities.

On the celebrity list, Michael and Harry dominated each of the boards. They had finally returned to their past glory.

The people who were spreading false rumors online had become the target for many insults online.

Suddenly, Sophia saw that Nicole sent a message to her.
