

My Wife Is a Superstar Chapter 122

“Sweetie, where did your mommy go?” Luo Fei continued to strike up a conversation.

But her efforts were in vain as they ignored her completely.

She continued talking, and then noticed that Dabao and Erbao completely ignored her.

As thick-skinned as she may be, she felt bored herself too.

But she had to continue as she still hadn't gotten the answers she had come for.

“Why do you call Zheng Lunlun blondie?” Luo Fei continued to ask the questions that she wanted to know the answers to.

Dabao and Erbao looked at each other again, and continued to ignore her.

“Did you guys know each other?” Luo Fei still wasn't letting up.

But she didn't get an answer to her questions, as the two did not respond to her at all.

“Sweetie, do you know anything about medicine? How is Zheng Lunlun now? Can he recover?” Luo Fei asked again.

“I don't know.”

Dabao was a polite child. He felt that it was inappropriate to just keep quiet after Luo Fei had asked so many questions.

“Wasn’t he detoxified? Why has his condition worsened again?” Luo Fei tried asking.

“Because someone applied Wang Chuan grass herbal oil on him.” Dabao said.

“Is it that serious? Then, wouldn’t he die if it was applied on him again? Is that Wang Chuan grass really that powerful? If applying it would kill someone, then wouldn’t he be dead if he drank it instead?” Luo Fei pretended to be surprised.

“A drop is enough to kill a cow if taken orally.” Dabao said.

“My goodness, is there really such a poisonous substance in the world? That’s just too scary!” Luo Fei said in shock.

“So you must be careful not to consume Wang Chuan grass by accident, Miss.” Dabao continued.

“Mhmm, I must be more careful, otherwise it would be really bad for me.” Luo Fei said.

Dabao nodded.

“Oh right, who applied the drug on Zheng Lunlun? Was someone trying to harm him?” Luo Fei asked again.

“I don’t know.” Dabao shook his head.

“Didn’t Nan Chen say who it was?” Luo Fei continued to probe.

“Uncle Nan Chen didn’t say anything.”

“Brother, just ignore her! Why are you talking so much with her? She’s a bad person!” Erbao couldn’t bear to watch any longer.

Luo Fei gritted her teeth in anger. This little witch had scared her to death with a snake during the day. She really wanted to strangle this kid!

But she maintained a friendly look on her face, “Sweetie, I’m really not a bad person. When we get back to Jiangcheng, I’ll treat you to a nice meal.”

Erbao was a glutton and her eyes would normally light up at the mention of food.

But it was different today. She wasn’t interested in the slightest by Luo Fei’s offer.

“My mommy will take me to eat all the good food. My mommy, daddy and Uncle Nan Chen are rich!”

What this means is, I don’t need your treat at all! I know so many rich people!

Luo Fei knew she couldn’t keep the conversation going any further. She laughed awkwardly and left.

Her eyes shone viciously in the night. She wanted to get rid of these kids.

The reason why Ning Ran has been so arrogant was because of these kids!

Once she loses the kids, she will be nothing to the Ning family!

You want to make a fortune using your children? Then I’ll just get rid of the children. I’ll see how you can get rich then!

Luo Fei came to the cabin that Zheng Lunlun was in again. She noticed a foul smell the moment she entered.

As she got closer to see if Zheng Lunlun was dead, a person suddenly popped out of the darkness and shone a flashlight on Luo Fei's face.

Luo Fei was shocked and let out a scream.

"Ms. Luo? What are you doing here?"

It was Qiao Zhan. He was sent by Nan Chen to protect Zheng Lunlun, as there could be no more accidents.

"I came to check on Lunlun to see if his condition has improved." Luo Fei panicked.

"Ms. Luo, do you usually check on people in the dark?" Qiao Zhan asked.

"What do you mean by that? There's no light here, and I don't have a flashlight on me. What else could I do?"

Naturally, Luo Fei noticed the suspicion in Qiao Zhan's question. So, she had to try and assert some dominance to keep Qiao Zhan in check.

Qiao Zhan was the captain of the Nan family's security team, and knew that Luo Fei was Nan Chen's honorary girlfriend.

She was someone he couldn't afford to offend.

But Qiao Zhan was no ordinary bootlicker either.

He was a special forces retiree and had the character of a soldier.

Even if Luo Fei was Nan Chen's girlfriend, he would say what he has to say and do what needs to be done.

“Someone has tried to harm Young Master Lun today, so Mr. Nan Chen had me stand guard here. Anyone that comes in is a suspect.” Qiao Zhan said.

“What are you implying, Qiao Zhan? Are you suspecting me of doing that? Am I someone you can afford to suspect? Do you know who I am?”

Qiao Zhan wasn't buying it, “Of course I know who Ms. Luo is. But by the order of Mr. Nan Chen, I will stand guard here and not allow anyone near Young Master Lun.”

“But I'm not going near him! Can't I just visit a patient?” Luo Fei protested.

“Of course, visiting a patient is no problem. But it's so dark here, do you have night vision, Ms. Luo? Are you able to see in the dark?”

“So you are still suspicious of me?”

“Everyone else here apart from the patient is a suspect. You are no exception, Ms. Luo.” Qiao Zhan stood his ground firmly.

“Qiao Zhan, you've got quite some guts for a mere guard dog of the Nan family. I'm the future lady of the Nan family! You'll regret speaking to me like this someday!”

The term 'guard dog' was clearly insulting.

But Qiao Zhan didn't mind it, nor did he refute it.

“I'm just following Mr. Nan Chen's orders. Please cooperate, Ms. Luo. In Jiangcheng, my job is to watch over the house of the Nan family. Here, my job is to watch over the safety of everyone in the Nan family. Whether or not Ms. Luo would be the future lady of the Nan family is another story. Even if Ms. Luo really does become the lady of the house, I will still say what I have to say. This is not something to worry about, and I am never worried.”

Qiao Zhan did not retort directly, but his words hinted, You may not necessarily be the lady of the Nan family!

Luo Fei got really angry.

The kids had bullied her, and now even a subordinate was bullying her. She had become the most insignificant person here!

“Remember what you said today. When I become the lady of the Nan family, you’ll be the first person I fire!” Luo Fei lashed out.

Qiao Zhan just sneered without saying a word.

“I bet you had something to do with the poison on Zheng Lunlun’s body! You claim to be guarding him here, but who knows what you might be plotting? I can’t trust you either! I’m taking this solution with me!” Luo Fei said and took away the bottle of Wang Chuan solution beside her.

Qiao Zhan remained silent.

As Luo Fei walked out, she remembered Dabao’s words about how a drop of this solution was enough to kill a cow if taken orally.

How would I have the kids consume a drop of this? If they were to take it, they would surely die! Then Ning Ran would be left with nothing!

But Dabao has some knowledge on medicine and had made this solution himself! So it would be unlikely to have him drink it.

Do I force it down him? That’s even more unlikely to work. There are two of them, so the other would surely scream for help if I touched one of them and I’d be doomed. What should I do?
