

My Wife Is a Superstar Chapter 93

Nan Chen recalled the incident in Zheng Lunlun's room.

Although he didn't open the closet door, Nan Chen knew she was hiding inside that time!

Was this evil woman actually planning to marry Zheng Lunlun?

If that's the case, then their relationship...

Nan Chen dared not think any further. This woman was too evil, simply too evil!

I can't let her come near anyone else related to the Nan family! I can't let her stay in this city anymore!

But the children must stay, as the blood of the Nan family flows in them. I can't let their future be ruined by the hands of this woman!

"You, get out." Nan Chen looked at Nan Xing suddenly.

"Hm?"

Nan Xing was a little shocked. He was a part of the party involved, and the one who would be proposing, so why have him leave?

"Get out!" Nan Chen repeatedly angrily.

“Okay.” Nan Xing dared not defy him, and went out obediently.

The temperature in the office dropped a few degrees, and Ning Ran could feel the pressure dropping as it suffocated her.

Nan Chen stood up, and walked away from his seat towards Ning Ran.

Ning Ran felt like it was the grim reaper approaching her. This Poker Face wouldn't actually kill her right here, would he?

Probably not. After all, he is a person of high social status, so he wouldn't take such risks over a nobody like her.

Ning Ran reassured herself.

Nan Chen stood in front of Ning Ran, and the scent of orange blossom filled his nose.

The torment of inner contradictions was eating away at Nan Chen.

He really like the scent, and couldn't get it off his mind.

Yet, he hated this woman and hoped for her to disappear as far away as possible.

But, he had been searching for this scent for so many years.

And when the person with this scent finally appeared in his life, she made him hate her so much that he wished for her to be gone.

But if she left, then wouldn't the scent be gone along with her?

Nan Chen just stood next to her, giving her a lot of pressure.

She mustered up her courage, and looked up at Poker Face.

Ning Ran realized that the coldness in his eyes seemed to have disappeared, as confusion took its place.

Now this is interesting. Even a big strong man like this would feel lost?

“Who are you going to marry?” Nan Chen finally spoke.

His voice was deep and magnetic, and he had returned to being cold and distant.

Ning Ran was a little confused, as she didn't plan on marrying anyone.

What kind of weird question is this?

“It's none of your business.” Ning Ran replied coldly.

Deep down inside, she was actually afraid as Poker Face was very near to her.

This man was a dangerous one, after all.

Nan Chen got angrier.

“The children belong to the Nan family.”

Even Nan Chen's voice was trembling. I don't care who you marry, but this involves the children!

“Mr. Chen, I think you're mistaken. The children are mine.” Ning Ran corrected him.

“The children stays. You leave.” Nan Chen said coldly.

Ning Ran was also getting irritated.

“I gave birth to them and raised them on my own. Why should I hand them over to you?!” Ning Ran raised her voice.

“Because their surname is Nan.”

“Wrong! Their surname is Ning!” Ning Ran snapped back.

“Ning?”

Nan Chen suddenly noticed something wrong with this. This woman is called Ding Mi, so why would her children’s surname be Ning?

He hadn’t given it much thought before, but now he felt that it was an important issue.

If the children were to take their mother’s surname, then it should be Ding. Why would their surnames be Ning?

Do these kids actually have a stepfather with the surname Ning?

“Who’s the person with the surname Ning? Where is he?” Nan Chen asked coldly.

Ning Ran was speechless.

She didn’t understand what Poker Face meant. Is he stupid? I’m the one surnamed Ning.

“Where is he?!” Nan Chen asked again.

Ning Ran felt a strong sense of hostility bursting out from this man. It was very terrifying.

“Where is... who?” Ning Ran asked tremblingly.

“Him!” Nan Chen became even more furious. Still trying to play dumb?!

“Who is he?” Ning Ran was confused.

Nan Chen felt that this woman was playing dumb and just making a fool out of him on purpose.

“You leave. The children stays. A hundred million.” Nan Chen said.

Ning Ran thought to herself, Goodness, the price has increased that much?! It was only tens of millions the last time they offered, and now it's a hundred million?!

“I'm not selling my kids.” Ning Ran rejected him coldly.

“Two hundred million!” Nan Chen offered again.

Wow, the price went up again!

Ning Ran imagined herself being a millionaire. It was quite nice. At least she'd be able to pay Zheng Lunlun back, so she wouldn't have to put up with him anymore!

And Cheng Xiangyun too. If she had two hundred million, Cheng Xiangyun would definitely suck up to her every day and be at her beck and call!

She could even buy lots of pretty clothes for her kids and give them the best education.

Nan Chen saw Ning Ran's eyes light up. So this woman really was just after the money!

She claimed that she wouldn't sell her kids, but was actually just waiting for a better price!

How despicable!

Ning Ran quickly snapped herself out of it. The two hundred million was not for free, but at the cost of losing her children!

Then I wouldn't want this money! I can't accept it!

"My children are my life. I won't sell them, no matter how much the price." Ning Ran said.

"Three hundred million!" Nan Chen offered once more. This was also the highest he could offer her.

Three hundred million was enough to give a person complete financial freedom. It was enough for a lifetime of luxury.

This woman should be content that she could get such an amount of money just by giving birth to these two children!

If she still won't agree to it, then Nan Chen wouldn't give her a single penny!

To handle a greedy person, we mustn't just give them everything they want. Instead, we should take away everything they want!

"Mr. Chen, you can stop with the offers. Rich people like you think money can solve all your problems, but that's not the case for me. I may need money very much, but I won't exchange my children for it. I stand by what I said. These kids are my life, and I won't give up on them, no matter the price." Ning Ran turned to leave after she finished her sentence.

She had nothing left to say to this man. He was always on top, thinking he could do whatever he likes with everything and everyone.

However, Ning Ran was not one who would let anyone control her life. No amount of money from anyone would change that.

Nan Chen blocked her path immediately.

“Walk out of there and you’ll regret it.” Nan Chen said coldly.

“I won’t regret it.”

“This is your last chance.”

“I don’t want this chance.”

“Then you will not get a single cent.” This was Nan Chen’s final warning.

“I never wanted your money to begin with.”

“Did you want more than that?”

“See it however you like.” Ning Ran said coldly.

Nan Chen’s face went pale from anger.

Even he didn’t know why he was so angry.

She was just another greedy person. Was she worth him being this angry?

She wasn’t!

Yet, he felt so angry! He couldn’t control it at all!

While he was lost in thought, Ning Ran had already walked out of his office.

The scent of orange blossom in the office faded. Nan Chen took a deep breath and calmed himself down.

He actually almost lost control over his emotions in front of this woman. It was unbelievable!
