Chapter 2466

Issac asked again: "Then when are you going to act on Shoude and Steve?"

Charlie thought for a while, and said, "For these two days, first observe the two of them and see what actions they have."

After speaking, Charlie further ordered: "Old man, you have the widest network in Aurous Hill. You must give it to me and keep an eye on them. No matter where they have been or who they have met, report to me as soon as possible!"

Issac said without hesitation: "Master, don't worry, I will make arrangements!"

Charlie nodded, and said with a little regret: "Why didn't the two of them choose to stay in your hotel."

Issac smiled and said, "Master, that Walter lived in the Aurous Hill International Hotel before he disappeared. It is normal for his father to live there. As for Shoude, the Su family knows that this is the property of the Wade family. How could he come here to stay."

Charlie asked curiously, "With such a large property in the Su family, he didn't buy any property in Aurous Hill?"

Issac shook his head and said, “The Su family had a negotiation with the Wade family a few years ago. The two parties agreed on the commercial development of the two sides. In the city selected by the Su family, the Wade family would not buy a home. The reverse is also true. It was within the territory selected by the Wade family, so the Su family did not engage in industry here.”

Charlie asked him: “Then what is the basis for dividing the business territory of the two parties?”

Issac said: “It was your grandfather and Chengfeng who had a face-to-face meeting. After all, the strength of the two families is similar, and their businesses are blooming everywhere. He didn’t want to continue to fight in second-tier cities, so they privately defined a range. For example, in the southeast capital cities, Aurous Hill is the Wade family, and Suhang is the Su family territory.”

“In the final analysis, the Su family has a stronger voice. When dividing the business map, all the materials of Suzhou and Hangzhou were significantly better than those of Aurous Hill. Therefore, the Su family first picked Suhang away and left Aurous Hill to Wade’s.”

“Understood.” Charlie nodded slightly, and then asked: “Then since Regnar Wu is the richest man in Suhang, why didn’t he hear of anything to do with the Su family?”

Issac smiled and said, “You see, the Song family is the richest in Aurous Hill, and it has nothing to do with the Wade family.”

After speaking, Issac continued to explain: “In fact, the main purpose of the Su Wade family’s delineation is to avoid competition between the two sides, which is equivalent to a gentleman’s agreement.”

“However, local families are generally deeply entrenched. It is very difficult for us to confront the local snakes, or even crush each other.”

“After all, most of the strength of the two families is still concentrated in Eastcliff. China is so big, and the strength that everyone can spread across the country is not that strong.

“Whether it is the Wade family or the Su family, the total assets that can be invested in other cities in China are only hundreds of billions of dollars. However, in addition to Eastcliff, there are three first-tier cities in the country, and second-tier cities like Aurous Hill are even bigger. Heap, so on average, the human, material, and financial resources that can be invested in each city are not large.”

“After all, I’m in Aurous Hill, which means I just guard the Wade family’s stronghold in Aurous Hill.”

After speaking, Issac said again: “Just like the Wade family, if you don’t count the Emgrand Group that was bought for you young master, then the Wade family in Aurous Hill, and it doesn’t actually have much business.”

“The main part of the Wade family in Aurous Hill is the hotel. In addition, there are several security companies that do not seem to have any relationship on the surface. Then they participated in some projects. The total assets in Aurous Hill add up scattered and scattered. It’s only around one or two tens of billions, which is far behind the Song family’s 100 billion assets.”

“My most important task over the years is not to help the Wade family make money in Aurous Hill, but to help the Wade family develop contacts, networks, and a complete intelligence system in Aurous Hill, turning Aurous Hill into a component of the Wade family’s neural network. It’s like a tentacle of an octopus, and I can report any disturbance to the Wade family in time.”

Speaking of this, Issac couldn’t help but laughed at himself and said, “Actually, if it were not for the young master you were in Aurous Hill, the Wade family would not pay much attention to the situation here. There are many spokespersons like me in the Wade family all over the country. Those who really have a strong voice are the spokespersons of three first-tier cities.”

Charlie nodded: "I understand, since the Su family has no foundation in Aurous Hill, it is more proactive for us."

Issac agreed and said: "Yes, when the Su family is here, even if there is an emergency, it will only take a few hours to dispatch troops from Eastcliff temporarily."

After speaking, he asked again: "By the way, Master, if the time is right and you are ready to do something with them, do you have any suitable helper?"

Charlie nodded and smiled: "Of course! In this regard, I already have the most suitable candidate in my heart!"

Issac asked, "Who is it?"

Charlie said with a smile, "Ruoli!"
