

# The Charismatic Charlie Wade Chapter 2681

## Chapter 2681

Charlie's words left Melba completely speechless.

She finally knew that she was the biggest difference from Charlie.

She thinks human nature is too simple, and the world rules are too ideal.

But Charlie had already seen this through.

Helping others is really simple, but there must be a suitable reason.

Otherwise, even if the food wasted every day in developed countries is enough to feed all of Africa, Africa will still go hungry.

The reason is, why ask the billion people in developed countries to save the wasted food and send it to Africa?

It's very simple to waste it. If you don't want to eat, you can't eat it, just throw it in the trash can.

Why ask others to give this wasted food to Africans? It doesn't make sense!

The top 100 richest people in the world have money that can't be spent in a lifetime, but every day in the world, there are people who starve to death because they can't eat. The reason why people in the world are still starving to death is to kidnap these rich men morally?

The same is not justified.

The same goes for her seven companions.

What they did was nothing worth saving for Charlie.

Charlie asked Hamid to keep them alive, which was regarded as benevolence, and even their savior.

In this case, what about Charlie?

After understanding this, she slowly lowered her head and stopped talking.

She felt that she was a bit too emotional just now.

Instead of thanking Charlie for life-saving, she complained about his typical resentment.

Seeing that she finally stopped, Charlie's mood eased slightly.

Hamid on the side seemed a little unhappy seeing Charlie, and he persuaded him: "Brother, Miss Watt may still be too young to see the sinister world, so some of the remarks are indeed a bit naive to us, but don't go too far in your heart. Charlie nodded and said lightly: "My brother is right, but anyone who has seen a sinister world will never go to such a ghostly place to make a documentary."

Hamid was very endorsed exclaimed: "To tell the truth, I did not understand what this group of young people think they are all Americans and come to Syria to shoot some anti-war documentary, but They didn't even realize that the entire Middle East region has become like a lawless land today, and it is the United States that has been behind it!

"If they weren't here to stir up, we don't know how easy it would be!

## **Chapter 2682**

"However, they sent troops to stir up a deal when we were all right. Even when they couldn't get their hands free, they didn't let us go. Instead, they secretly supported inciting one force to target another force, which in turn triggered our civil war.

“The result? Their group of young people came all the way to criticize us for fighting in the civil war. Can we say that their brains were eaten by dogs?”

Hamid’s words-out, Melba was even more ashamed to not look up.

In fact, although their so-called elites are highly educated, they are essentially a generation brainwashed by Western media.

They always feel that everything about Westerners is the truth, while other places except the West are backward.

They are in the West every day and they see how other countries fall behind, how turbulent, and how the people are not living the ideal way, so they can’t help but develop a sense of being the masters of the world.

As a result, they began to travel to various third-world countries, trying to change the entire third world on their own.

But they often overlook the most important point. Some third-world countries are not doing things themselves, but the proud United States is behind them.

Therefore, this behavior of them feels like they are standing on the moral commanding heights and is extremely noble, but it is actually very stupid in nature.

Seeing Melba lowering her head deeply, Charlie smiled and said to Hamid: “They did this as if his father took away other people’s clothes. Not only did they not know, but they also ran away. In the past, righteous words told people that you must be a civilized person in a civilized society, and you must not be as ridiculous as you are n@ked.

Hamid gave a thumbs up and said in admiration: “Brother, the summary is brilliant!”

Charlie smiled. Said: “It can’t be said to be incisive. It can only be said that the higher education in the countries is too brainwashed. This large group of doctors and postdocs can’t even understand the basic international situation.”

Hamid said with emotion: “It’s still a brother, you see. Must be thorough.”

Charlie looked at the time. It was estimated that it would take about 20 minutes before Chester and the others arrive. He saw Hamid standing on the ground. His left leg with muscle atrophy needed to stand on a rock ten centimeters high. Being able to maintain the balance between the left and right sides of the body, he couldn't help but

think to himself: "This Hamid is not a bad person, and he can be regarded as very moral, but he is quite good to me. Then think of him limping-one There must be many inconveniences and constraints on the leg in a war-torn place like Syria, so an idea came to him. So, he smiled and asked Hamid: "Brother, have you ever thought of putting your left leg healed?"

Hamid smiled bitterly: "Of course I thought about it, and I can use all the methods I can. In order to cure this leg, I have been to Germany, the United States, and Japan in another identity. I spent tens of millions of dollars on seeking medical treatment, but I still can't cure my leg.

When it comes to this, Hamid sighed: "Hey! If I didn't achieve great cause, I became a lame man. This is really me. A lifetime regret."

Charlie said with a smile: "It's not as serious as the biggest regret in a lifetime. It doesn't matter if the leg is lame, it can be cured! Hamid said helplessly: "It can be cured, of course, I don't say these words. But the best orthopedic surgeon in the world told me personally that it would be impossible to cure it, so I didn't have any hope. Maybe this is the destiny arranged for me by God, and it is destined that I cannot achieve great cause."

Charlie smiled, looking at him with an unfathomable expression, and asked: "If I say that I can cure your legs, would you believe it?"

"I don't believe it!" Hamid shook his head subconsciously.

But, in the next second, he suddenly realized something, and blurted out: "Brother, are you kidding me, or do you really have a way?!"

Charlie smiled: "Then I, your brother worthy of you, what about me? Would I make a joke about your regret?"

Hamid said excitedly: "Then what you mean is that you really have a way to heal my legs?!"

Having said this, Hamid did not hesitate to kneel on one knee, moping on top of his head, and respectfully said: “My brother! If you really have a way, please tell me the way, if my legs can really recover. , I will remember your kindness for the rest of my life!”

Charlie nodded, and took out a pill from his pocket. This is not a rejuvenation pill, but the previously refined blood-saving heart-saving pill.

This medicine was used to cure Jacob, who had high paraplegia. Although it could not extend Hamid’s life span by more than ten or twenty years, it would not be a problem to cure his legs!

## Chapter 2683

For Charlie, the Rejuvenation Pill is still of some value, but the cost of this blood-saving heart-saving pill is really low to negligible.

And this kind of pill is nothing to him now. Actually useful. The reason why he still carries it with him is to deal with some special circumstances.

For example, now this blood-saving heart-saving pill comes in handy.

Hamid’s left leg is the biggest regret in his life. In his opinion, it is impossible to cure it, but for Charlie’s blood-saving heart-saving pill, even if his legs are lame, One can be cured.

Therefore, Charlie first handed the pill to Hamid, and said with a slight smile: “Brother, my magic pill is made by ancient Chinese genius doctors. It can cure all diseases and is invaluable. I originally spent a lot of money. I bought it and carry it with him at all times, just in case and life-saving in an emergency.

He said, he sighed with emotion, and said, “But since you need it more than me this magical medicine, then I will give it to you today!

Hamid hearing this, was flattered on the one hand, and inevitably asked in amazement: “My brother, you mean my lame leg. Can it be cured as long as I take this pill?!”

Charlie nodded, and said in a very sure tone: “Yes, as long as you take it, it will be effective on the spot.

After speaking, he pointed to the surrounding environment and smiled: “As long as you take this medicine, you will definitely run more flexibly than a rabbit on this mountain in a minute.

Hamid heard him say that. He can’t believe it.

Because he really spent a lot of energy, money, and material resources in order to heal his leg.

He has basically seen the world’s top orthopedics experts once.

The more experts he has seen, the more he believes one thing is that his leg will never be healed. But right now Charlie handed him a black pill, saying this— pill can cure him. His lame leg has subverted his understanding of medicine.

So, he asked in disbelief: “What you said is true?”

Charlie smiled and said: “Is it true or not? Wouldn’t you know if you eat it? Besides, you don’t have to worry that I will harm you because If I want to kill you, it’s much more convenient to use a gun than poison.”

Hamid nodded, he didn’t worry that Charlie would harm him at all. In troubled times, he was very convinced that Charlie would beat him up for so many years with his own vision and judgment.

So, he turned his mind, took the pill, and said, “Brother, no matter if this medicine is effective or not, thank you first! No matter how much you spend on this pill, I will double it, oh no, give you ten times!

Then he immediately put the pill in his mouth, chewing the pill, he had not just got the time to swallow the pill immediately turned into a sweet syrup flowing into his body.

Right then, he felt the potion, like a sweet spring flowing through the dry land. It seemed to nourish the organs wherever it went from the moment it entered his mouth.

Then, something more magical happened!

He felt the power of the medicine, it seemed like Someone directed it directly to his left leg!

He felt that his left leg was getting hotter and more itchy, as if he had been bitten by countless mosquitoes. When he was very itchy, he suddenly realized that The muscles of his left leg that had been atrophied began to rejuvenate.

Originally, his left leg was not only suffering from muscle atrophy and lameness, but more importantly, because of the injury, so the whole limb basically was unable to exert much strength. But now is not the same.

He can feel the power of the left leg is recovering fast!

He tried to stand up, and had a very hard left leg, even in an instant burst of strong power, let him All of a sudden, he changed from a kneeling posture to a fully standing position.

What's more amazing is that his standing posture is no longer tilting his body to the left, but he is standing completely straight!

## **Chapter 2684**

Hamid was so shocked that he couldn't speak. He carefully touched his left leg for a long time, and then touched his right leg for a long time. Only then was he surprised to find that his two legs were exactly the same. It was thick and the same length!

Soon, he lifted his left leg with excitement, and found that the flexibility of his left leg was even better than before he was injured! Then he tried to jump in place a few more times, he even found that he was as light as a swallow, not only his legs were intact, but there was also unending strength in his body.

At this moment, Hamid thought he had a dream!

He pinched his thigh forcefully, only to realize that the pain came so directly and simply!

This made him realize that the scene before him was not a dream!

He was so excited that he was almost incoherent: “my legs are really good my legs my legs really all right really restored my legs as ever!!!

He shouted out that voice even before has been low with Melba, who dared not make any response, also looked at him subconsciously.

Melba could not imagine that Charlie could really cure Hamid’s whole world with a pill that seemed ordinary. Top orthopedic doctors can’t cure a disabled left leg.

But, the reality is like this!

Charlie looked at Hamid who was excited and intolerable, and said with a smile: “Brother, come on, take two steps with no illness!

Hamid does not Hesitantly nodded his head: “Okay! Taking two steps!” After that, he took a step on the rock pile on the top of the mountain.

This step was fast, steady, and easy!

Hamid took another step immediately, and it was also easy, and the body did not even have to change.

These two steps gave Hamid great confidence. He suddenly accelerated, and with a hard kick on his left leg, the whole person had already jumped out!

Ever since, a mad figure like a neurosis ran around in a circle on the top of this dim mountain.

While running, he was yelling in excitement, loud yelling, and loud laughter, reverberating in the surrounding valleys without people.

Fortunately, there is no man’s land with a radius of more than ten or twenty kilometers. Otherwise, ordinary people will really be scared out of good or bad.

Hamid can’t care about this anymore.

He felt like he was running n@ked in a sudden heavy rain in the scorching summer heat. The unrestrained feeling made him burst into tears involuntarily.

After running for several laps and shouting for several, Hamid strode to Charlie, grabbed Charlie's hand, almost mad with excitement, and at the same time said with 10,000 pious gratitude: "Brother! My leg is all healed! Completely healed! You are really my reborn parent! You are a healer, and this healthy leg is equivalent to giving me a second life!"

After that, he hurriedly asked: "Brother, this How much did the medicine cost? I must give you ten times!"

Charlie smiled indifferently and said seriously: "It's all between brothers. If you talk about the money, you will be out of the question, and if you are not humble, you really want to give me ten times, old Brother, you may not be able to afford it. As far as I know, there is a miraculous drug that is slightly stronger than it, and it was sold at a sky-high price of 2 billion yuan. If you really give me ten times, I am afraid that your army will have to sell iron.

Hamid's face was hot for a while, and he said embarrassingly: "Brother, it's your brother I'm abrupt. Such a magical medicine is not expensive to sell even for 100 million US dollars! It's just that brother, I'm really short of funds now. I will pay you ten million dollars, and I will slowly give you the rest!"

Charlie waved his hand and said calmly, "Brother, since you and I are worthy of calling each other brothers, then this medicine is my gift to you. Don't be so polite with me, but if I need help from my brother in the future, don't forget me.

## **Chapter 2685**

To Charlie, a blood-relief heart-saving pill was really nothing.

If he wants to mass-produce this kind of thing, he dare not say that he can directly put it on the production line, but it is very easy to refine one hundred and eighty, or even three or two hundred in a day.

The reason for playing so much is mainly to ensure that this thing is in the eyes of outsiders a very valuable pill.

Therefore, giving Hamid a pill at hand is almost equivalent to a fruit farmer who owns 10,000 acres of orchard and giving someone an apple at hand which is not worth mentioning.

However, this thing is of great significance to Hamid.

In a peaceful world where there is no war, a person with a disabled leg will have many inconveniences. He will even regard recovery as the greatest wish of life.

What's more, Hamid is a general who seeks to survive in the war.

Charlie cured his leg today, which is equivalent to saving his life.

With a healthy body, Hamid can better lead soldiers to fight, and even lead the soldiers, so that soldiers can maintain obedience.

Therefore, he excitedly said to Charlie: "Brother! You are my greatest benefactor in this life besides my parents! In the future, as long as you need my help, your brother will die for you!"

Charlie nodded and said with a smile: "With the words of my brother, my magic medicine is in vain."

Hamid said seriously: "Since my leg was scrapped, the team has dropped from more than 10,000 to 2,000. At that time, I actually didn't have the fighting spirit I had before. It's okay to come down. In the future, choosing a reliable force to rely on in the past can be considered as a guarantee..."

Having said this, Hamid was melancholic, suddenly a bit more fierce in his eyes.

His voice became unusually firm, and he shouted loudly: "But! Now that God has given me this opportunity, let me meet my brother, you noble, and let my brother heal my leg! Then I Hamid, from now on At the beginning, I must not sink into the same way as before! I must go all out to re-make the team bigger and stronger. Perhaps one day, I can also become a real prince and general!"

After that, he looked at Charlie and said sincerely: “Brother! If the day I really become a prince, brother, when I am crowned, my brother must come to witness for me!”

Charlie nodded and said with a smile: “I think you have the fate of being rich and wealthy. I think it won’t be long before you can wait until this day.”

Hamid laughed, stretched out his hand to Charlie, and said excitedly: “Brother, then I will lend you good words!”

Charlie smiled slightly, stretched out his hand and shook his hand firmly, and said, “In addition to fighting wars, you need to be more economically savvy. In this society, the economic foundation determines the superstructure. As long as you have enough funds, Don’t talk about 10,000 people at the bottom, even if there are 100,000 or 1 million people, it is not a problem at all.”

Hamid said seriously: “My brother is right. From now on, I will have to use 120% of the fighting spirit to regain the size of the team!”

While talking, the sound of a helicopter roared from a distance.

In mid-air dozens of kilometers away, two bright lights approached quickly.

Hamid knew that this was the helicopter that came to pick up Charlie, so he said with a bit of sorrow: “Brother, you are going away too hastily. I’m really ashamed of myself being a landlord and not being able to entertain you!”

Charlie smiled and said, “It doesn’t matter, there will be opportunities in the future.”

After speaking, Charlie remembered something and then said: “By the way, Faisal and the others, it’s not that they really betrayed you, but I used some tricks to add some psychological hint to them subconsciously. So after you go back, don’t embarrass them because you are angry, just don’t let them take up important positions for the time being.”

Hamid suddenly realized that he nodded and said, “No wonder they listened to your command one by one, it turned out to be like this...”

Having said that, he immediately assured Charlie: “Don’t worry, my brother, I will definitely not embarrass them, and for the seven hostages, I will keep them alive as you said.”
