

Chapter 2129

“From the looks of it, he intentionally peeked at Elder Master in the shower. If he stays at the Sun Set Sect that would be scary even to think about it.”

Everyone was chattering, and each of them had something to say. Selena had a devilish grin on her face.

‘Darren, don’t even think a despicable person like you can continue to stay at Sun Set Sect. I will let you reveal your true self today!’ she thought.

Selena looked serious as she said to Jackie and Sect Master, “Elder Master, Sect Master, this incident is obvious. Darren has evil intentions. He said that this beautiful lady is his friend, but he just wanted to do an evil act.”

After a short pause, Selena acted just and fair and said each word clearly, “This person will only be a threat if he continues to stay at Sun Set Sect. I beg you to execute Darren or exile him from the Sun Set Sect.”

After she spoke, a number of disciples nodded in agreement.

When she saw Jackie had furrowed her brows, she felt troubled.

Jackie also felt that Darryl had evil intentions. Given her character, a man like that must be executed.

‘However, Darren already had an intimate relationship with Sister yesterday night. If we were to kill him, Sister would be heartbroken,’ she thought.

The Sect Master bit her lips lightly as she felt awkward. She wished Darryl could leave the sect. If he continued to stay there, their whole problem would only get worse. However, he could not leave so easily with Jackie there.

Darryl squeezed his brows secretly as he looked at the arrogant Selena as his anger boiled in his heart secretly. ‘Selena must have brain damage. I never offended her, but she keeps causing problems for me. She even asked Jackie to kill me. I just beat her at the elixir production earlier; why do you need to get revenge against me just for that?’

Darryl smiled lightly but did not speak. He knew that under these circumstances, the more he

explained, the more complicated things would get.

At that moment, the main hall was completely silent, and the atmosphere was extremely stressful and depressing.

Finally, at that moment, Debra looked around and said lightly, "I did lose my memory. I can't remember a lot of things from my past."

She looked at Darryl and asked, "Since you know my name, you must know about my past; can you tell me? Oh yes, what's your name?"

Debra was an observant person. Although all the women around her said that that man had evil intentions towards her, she could feel that the man in front of her did not have deviant intentions towards her. He was sincere.

"I'm Darren! We met over ten years ago. We haven't seen each other in a while now. I really can't tell you about your past right now, but don't worry, I have medical skills. I will definitely find a way to restore your memory," Darryl smiled lightly as he looked at Debra and replied.

As he spoke, Darryl looked gentle but felt bitter in his heart. At that time, he wanted to tell Debra that he was Darryl, her man. However, how could he reveal his identity with Jackie, Sect Master, and so many Sun Set Sect disciples around?

Hearing that, Debra smiled briefly and nodded her head. 'I cannot remember this person at all, but I'm not sure why. He feels familiar.'

Seeing that, everyone at the main hall was stunned.

'This woman...this woman really lost her memory.'

'Mister Derby really seems to know her,' everyone thought.

Selena went on to beg Jackie, "Elder Master, since this woman really lost her memory, we must be extra careful. I propose we lock Darren up and interrogate him. Although he appears to care for this beautiful lady, who knows if he's a demon inside!"

Darryl's anger boiled when he heard that, and he almost could not stop himself from cursing.

'Selena is insane. Whether Debra and I know each other, is between the two of us. It's none of her business to get involved!'

Just at that moment, Jackie waved her gentle hands and said to Selena, “Enough! This beautiful lady already said she suffered from memory loss. Mister Derby also did not act with any evil intentions; don’t continue to speculate anymore.”

At the same time, she did not forget to glare fiercely at Darryl.

‘What is Darren good for? He’s only good in his medical skills, but the Elder Master is protective towards him,’ she thought.

Chapter 2130

At that moment, Jackie's vision landed on Darryl; she said deeply, "Darren, since this woman is your friend, you must take care of her, but just up to a certain extent. You must avoid any rumors, understand?"

She paid attention to Sect Master's reaction beside her.

Jackie said to be mindful of Sect Master. Mister Derby was the man that Sect Master loved; how could he be close to any other woman?

Darryl was not dumb; he knew what Jackie was trying to insinuate. He smiled and nodded. "Don't worry, Elder Master, I understand."

Although he had agreed, Darryl already had a plan in his heart. When Debra's condition improves, he will leave with her, even if he had to battle with the Sun Set Sect.

Jackie nodded in satisfaction when she saw Darryl had agreed as a smile appeared on her face.

The next second, Jackie looked around, and she said slowly, "Alright, since everyone is here, I have an announcement to make. From today onwards, Mister Derby will officially be our Sun Set Sect's Lord Master, and he is also the Sect Master's husband. His position is the same as the Sect Master and myself. As such, everyone must treat him with respect when you see him. Don't be rude, understand?"

Jackie turned her head and smiled at Sect Master as she said, "This is not only my orders, but also the Sect Master's orders, right?"

At that moment, the Sect Master's body was trembling as she bit her lips tightly and replied softly. "Right..."

She looked shy, but she felt incredibly frustrated and worried. Sect Master was not willing to acknowledge Mister Derby as her husband in front of everyone.

However, she had no choice. She hid under Mister Derby's blanket yesterday night and was caught in the act by Jackie. There was no way for her to explain herself.

At that moment, the entire main hall was in an uproar. They were stunned and looked at Darryl blankly, unable to speak.

‘Mister Derby is Sect Master’s husband? And he’s the Sun Set Sect Lored Master?’

‘This is so sudden. Since when is he in a relationship with the Sect Master?’

Selena glared at Darryl, her body trembling as she was stunned. She was in complete shock.

‘No wonder Elder Master was so protective of him earlier; he was the Sect Master’s husband. Elder Master and Sect Master were close like sisters, so naturally Elder Master would protect her sister’s man,’ she thought.

At that moment, Debra was not really shocked, but she looked curiously at Darryl.

‘This man became Sun Set Sect’s Lord Master?’

Although she had not heard about Sun Set Sect, Debra knew that if the man in front of her was able to have such an important position in a sect, he must not be an ordinary person.

‘Sh*t!’ Darryl smiled bitterly, and he felt extremely awkward. He was full of mixed emotions. ‘Jackie really acted on her words and made the announcement in front of everyone. Not only that, the most frustrating thing was that she did it in front of Debra. Luckily Debra lost her memory for the time being. If she had not lost her memory, she would be devastated to know that her husband is with another woman.’

Darryl turned his head and looked at Debra, feeling more guilty in his heart.

‘Don’t worry Debra. I will not stay at Sun Set Sect to be the Lord Master. I will definitely leave with you as soon as possible!’ he thought.

At that time, Selena gathered her thoughts. She stepped forward and said to Jackie, “Elder Master, since the formation of Sun Set Sect, we’ve never accepted male disciples. We even forbid any male from entering. There is nothing that can be done anymore about Mister Derby since he is Sect Master’s husband. However, I’m afraid it is not right for him to be the Lord Master. I hope the Elder Master will reconsider it.”

Chapter 2131

When she said that, Selena's face looked worried.

At that moment, Selena had never imagined that the man that she hated had reconciled with the Sect Master. Not only that, he was becoming the Lord Master of the Sun Set Sect and had a position at the same level as the Elder Master and Sect Master.

Selena was not only calculative; she was also an arrogant person. How could she allow a man to have a higher position than her? She was unwilling to even think about having to be respectful to Darryl when she sees him in the future.

At that instant, Jackie's face darkened as she scolded, "Selena, this is a decision that Sect Master and I made together. You don't want to accept it? Are you thinking of betraying us?"

Her icy cold voice echoed throughout the entire main hall, exuding a strong and firm aura.

Honestly, Jackie did not wish to award Darryl with such a high position either. However, her sister already had an intimate relationship with him, Jackie had no choice but to make that arrangement for Darryl to be loyal to her sister.

Bang!

Selena's body trembled, and she kneeled immediately. Her face was pale when she said with fear, "I dare not. I shall obey it since Elder Master has made the decision."

Jackie was firm and decisive. Even if Selena had the guts, she still would not dare to disobey the order. When she said that, Selena's hatred for Darryl only became stronger.

'I really don't know what poison Darren gave to the Elder Master and Sect Master that caused the Elder Master to be so protective of him,' Selena thought.

At that time, the female disciples looked at each other and started to kneel to Darryl. "Greetings, Lord Master!"

'Darryl is the Lord Master now, naturally we must greet him. This is the rule.'

Darryl was not excited at all; in fact, he was frustrated. However, he still smiled and waved his hands. "That's fine, you are all welcome. Please, rise."

Darryl said to Jackie, "I shall go take a rest."

Then, he left the main hall. He was exhausted from not sleeping the whole night. At the same time, Debra had been brought to sleep at the back.

Just as they left, a smile appeared on Jackie's face as she said to the Sect Master, "Sister, you did not have a good rest yesterday night. You should go sleep."

As she said that, Jackie's eyes looked as if she was teasing her.

The Sect Master's face became incredibly red as she knew that Jackie was still thinking about the incident between Mister Derby and her.

At that instant, the Sect Master was still thinking of explaining, but she decided to give up in the end. After a simple reply, she left the main hall too.

"Selena!"

Right as she stepped out, Jackie ordered Selena, "Selena, order someone to investigate this woman, Debra Gable. Find out everything about her background."

When she said that, Jackie looked calm, but her eyes were shining with deep thoughts.

Jackie was suspicious of Darren and Debra's relationship. However, Sect Master was there, and it was not convenient for Jackie to speak further. No matter what, Mister Derby was the Sect Master's husband. Jackie had no reservations since everyone had left.

Jackie planned that if they found out that Darren and Debra were just friends, everything would be fine. However, if both of them had an unusual relationship, she would kill Debra immediately.

In Jackie's heart, her sister was excellent and beautiful. Darren was lucky to have her sister fall in love with him. How could he be allowed to have another woman?

"Yes, Elder Master!" Selena replied as she rushed to execute her task.

Chapter 2132

Meanwhile, at World Universe, Yang Jian had led his North Moana grand army to surround the entire Yunzhou City.

Yunzhou city was a few miles away from Mount Hua. The place was surrounded by hills and was dangerous. It was the biggest city in the South West of World Universe. Most importantly, there was an important military situation happening there.

When Yang Jian attacked Mount Hua, all the sects were still at the Carter family's home and did not believe Megan. They only managed to react when the Carter family disciples returned with the report on the attack.

Earlier, the Carter family, Elysium Gate Sect, and the rest of the sects rushed over immediately. They managed to set up the protection before the North Moana grand army arrived.

At the hill near the rural area of Yunzhou City, Susan, Chester, Dax, and the Sect Masters from all the sects were standing there, looking stressed.

A few hundred feet ahead of them, hundreds and thousands of North Moana grand soldiers gathered there, crowding the area. All of them wore pure black armor and exuded a very killing aura making the atmosphere suffocating.

At that moment, Watson's face was pale, and he was panicking. "What do we do now? Grandmaster Erlang Yang Jian is leading his army by himself; will we be able to fight him?"

As he spoke, all the Sect Masters there could not hide the worries in their inner heart.

Half a year ago, Megan was trapped in the North Moana palace. All the sects went to her rescue and had witnessed the power of Yang Jian and the North Moana grand army. Meeting the army again, they had lost their battle spirit and courage.

Sigh!

Susan took a deep breath as she felt the worries in everyone's hearts as she said gently, "Don't panic everyone. Follow my instructions as planned later, and we will be fine."

Susan was also a famously intelligent woman; she was especially skilled in soldier formations.

When she spoke, everyone nodded their heads.

“Alright, we shall listen to Madam Creek.”

“We almost forgot that Madam Creek has great knowledge of formations. Maybe she could defeat the North Moana grand army.” ¹

At that moment, everyone was discussing and started to become excited.

Bang!

Just at that moment, everyone felt the air above them filled with a strong aura. Then, they saw a figure wearing golden armor, floating in mid-air, looking powerful and had an intimidating aura.

It was Yang Jian.

Yang Jian looked at Susan and the rest and said calmly, “Everyone, I didn’t lead my army here to attack you. My objective was to unite the nine continents and provide benefits to all the citizens. So, you don’t have to fight unnecessarily. Surrender to me and I shall treat all of you well.”

Although his voice was not loud, all of Yunzhou City could hear him.

At that moment, Susan and the others were stunned and could not stop but took a cold breath.

‘He is really Grandmaster Erlang. His aura is so strong,’ Susan thought, her body trembling as she panicked. She was not as confident as before.

Soon, Susan came to her senses and looked at Yang Jian fearlessly as she replied, “Each continent is living peacefully now; isn’t this good? But you want to use your army to attack all nine continents, causing all the citizens to suffer from the war and lose their homes. This is what you mean by bringing prosperity to all the citizens?”

She did not waste more time. “If you want to battle, bring it on. We, the World Universe, will never surrender.”

Susan was an intelligent woman; she knew that Darryl had defeated the North Moana grand army, causing Yang Jian to be humiliated earlier at South Cloud World. How would Yang Jian let the Carter family and all the Sects of the World Universe leave so easily?

At that moment, Yang Jian's face changed and looked incredibly dark. "How foolish! Soldiers, attack the city now!"

Earlier at South Cloud World, when he battled with Darryl in the past, Yang Jian was deeply impressed with Darryl's leadership. If Darryl were there, he would not be so decisive. However, knowing that Darryl was not in the World Universe, he no longer had any reservations.

"Kill!" After he spoke, the North Moana grand army charged at Yunzhou City like a strong tidal wave.

Susan bit her lips as she shouted, "Don't panic, everyone! Just do what I said before; start forming the formation to defend yourselves."

After she spoke, around 500,000 of the disciples from the different sects started moving to form the formation.

At that moment, the North Moana grand army arrived in front of them. The loud sound from the clashes trembled and shocked the world. Then, the formation formed by all the sects' disciples managed to block the attack of the soldiers.

Seeing that, a smile appeared on Susan's face. All the Sect Masters of the main sects beside her were extremely excited too.

"Ha-ha! That's all you have got?" Right at that moment, a figure rose in the air among the crowd of the North Moana grand army. His skinny face looked arrogant.

Chapter 2133

It was Zhang Jue.

Susan's formation would look impressive in front of everyone's eyes, but it was merely a beginner's level in front of Zhang Jue.

In the next second, Zhang Jue led the grand army and charged forward again.

Bang! Bang! Bang!

Under Zhang Jue's leadership, the North Moan army charged again. Soon, Susan's protection formation had a few breaks from the attack. The clashes of weapons and roaring voices echoed through Yunzhou City. In the blink of an eye, the battlefield was full of dead bodies everywhere!

Of course, the deaths and injuries were mainly from the World Universe.

What? Susan's face was incredibly pale as she looked at Zhang Jue floating in the middle of the air; her body was trembling slightly.

'Yang Jian's Military Adviser is Zhang Jue? This person is really powerful. The formation that I planned with so much effort was broken by him effortlessly,' she thought.

When she saw the North Moana grand army arrive in front of them, Susan bit her lips tightly. She gripped a long sword in her hands and waved it strongly. "Everyone, as a member of the World Universe, we swore to defend every inch of this land with our lives. Today, we will battle till our deaths and we will not surrender!"

Susan's exquisite face looked determined. Her body was lifted and went directly to meet the attack. She would not let Yunzhou city fall even if she needed to sacrifice her life that day!

"Battle till our deaths and do not surrender!"

"Kill!"

Chester, Dax, and the Sect Masters of the various sects roared and charged forward.

Everyone knew Yunzhou city was the World Universe's barrier. If they lost that spot, the North Moana grand army would directly enter into the World Universe. By then, the entire World

Universe would be in danger!

Meanwhile, at the Sun Set Sect in Yellow Sea Continent, Darryl's energy had been fully restored after resting for a few hours. He went to visit Debra immediately.

At that moment, Darryl was already the Lord Master of Sun Set Sect. All the disciples that he met along the way greeted him with respect.

However, he was not happy at all and was extremely worried instead.

Once he became the Lord Master, his every move would be watched by everyone. It would be more difficult if he wished to leave the Sun Set Sect.

However, Darryl could not be bothered. After he saw Debra, he would ask her to leave with him. He did not want to stay any longer.

Earlier, he could not risk leaving with Debra because Debra's condition was not well. She was weak. After resting for a few hours, she had almost recovered.

Knock. Knock.

Soon, he arrived at Debra's room. Darryl instructed the disciples guarding the door to leave; then, he knocked quietly.

Right after the knocking of the door was heard, Debra's voice was heard from the room, sounding gentle. "Who's there?"

Darryl took a deep breath and said gently, "Debra, it's me."

Debra opened the door, and she smiled briefly when she saw Darryl. "It's you. Is there anything you are here for?"

At that moment, Debra thought that Darren was really her friend previously. She did not notice Darryl's fake identity.

Creek.

Darryl smiled as he closed the door diligently. He then said seriously, "Debra, time is limited, and I am not able to tell you too much, but you must trust me."

As he spoke, Darryl held Debra's hand. "Leave this place with me. I will explain everything

properly when we reach a safe place.”

Debra blushed instantly when Darryl held her hands. She immediately struggled to release her hands from Darryl’s grasp. She spoke angrily and was embarrassed, “Darren, you...what are you doing?”

In Debra’s heart, Darren was only her friend. ‘He is the Sun Set Sect’s husband but he’s holding my hand. That is so inappropriate.’

She bit her lips and said gently, “Why must we leave when everything here is fine? Besides, what happens to the Sect Master if you leave? I can tell that she treats you very well.”

When she said that, Debra intentionally maintained a distance between Darryl and herself. At the same time, her eyes were filled with doubt.

Darryl could not cry or laugh as he scratched his head and explained, “Debra, I do not have any relationship with the Sect Master. On top of that, I am here out of my own free will. Actually, I am not even a member of the Sun Set Sect.”

At that moment, Darryl was extremely worried.

‘Debra already acknowledged that I am the Sect Master’s husband. This will be difficult to explain.’

Chapter 2134

At that moment, Darryl's face was serious, "Debra, this is not a place to stay for long. Follow me now. I will explain everything when we arrive at a safe place, please."

Darryl walked over and was about to hold Debra's hand again.

Honestly, he wanted to reveal his real identity, but he controlled himself in the end. Debra lost her memory and despised Darryl because of Donoghue's influence. He was worried that Debra might not want to leave with him once he revealed his real identity and might even be against him.

Most importantly, they were at the Sun Set Sect. There would be more trouble if his real identity was revealed and the people of Sun Set Sect knew about it.

Not waiting for Darryl to come closer, Debra took a few steps backward as she felt cautious. "I don't want to leave. I feel it is fine here. Besides, Darren, please respect yourself."

Debra's exquisite face was filled with objection. She did not want to stay there, but she only said it because she was against Darryl's behavior.

'I lost my memory and I can't remember a single thing. I'm still unsure if Darren is a friend of mine. How can I leave here with him and just take his word for it?' she thought.

'Sh*t!' Darryl wanted to cry but had no tears when he heard Debra's rejection. Feeling worried, he said, "Debra, actually I'm—"

Darryl had no other choice and was about to reveal his identity.

Creek.

However, as he was about to speak, the room door was pushed open from the outside. Then, Jackie walked in with a fake smile.

Sigh!

At that moment, Darryl's heart trembled when he saw Jackie. He could not help but take a deep breath and started to panic a little.

'Sh*t, why is this woman here suddenly? Did she hear what I said?' he thought.

At that moment, Debra was blushing and felt unsettled as well as nervous in her heart.

'Darren is the Sect Master's husband and he's in my room with the door closed. Will Jackie misunderstand? No matter what, her relationship with the Set Master is very close, just like sisters,' Debra thought.

At that moment, Jackie walked over to them and looked coldly at Darryl, "Oh? Darren, you're here too. Are you here to heal your friend? The door was closed. Aren't you worried that people may misunderstand the situation?"

Although she was smiling, Jackie's eyes were cold.

She was really curious about Debra's identity, so she wanted to go over to enquire about her background on her own. Who knew Darryl would be there with the door closed? She was upset instantly.

'Seems like Darren is really interested in this woman. How can he face my sister if he did something with this woman?' Jackie had to suppress her anger when she saw Darryl and Debra were fully dressed, so she had no evidence.

Darryl felt awkward when he heard what she said. He squeezed a smile and explained, "Elder Master, you're right. I'm here to treat Debra. She fainted earlier, so her body is too weak and cannot stand the breeze. That's why I closed the door. There is nothing more about it."

As he spoke, Darryl sent an eye signal to Debra secretly.

Jackie arrived all of a sudden, and Darryl was not prepared. Hence, he could only think of a way to calm her down temporarily.

Darryl was not worried about Debra exposing him because he did nothing to her earlier. However, he knew Debra really well, and she was kind-hearted. Although his actions earlier might have caused her to feel uncomfortable, she would not blame him.

At that moment, Jackie looked at Debra instantly. She smiled lightly and said, "Is that right, Miss Debra?"

Jackie felt like the situation was suspicious, and she did not believe Darryl's words at all.

Debra bit her lips lightly and nodded her head as she said, "Yes, I wasn't feeling well earlier and I had a headache once I felt the breeze, so we closed the door. However, I feel much better now that

Darren has treated me.”

Honestly, Debra really despised Darryl’s actions earlier in her heart. However, she could see that Darren had reasons for why he stayed at the Sun Set Sect.

Debra was a kind-hearted person. Under such circumstances, even if Darryl did not give her the eye signal secretly, she would never tell Jackie the real situation. That was because she knew that Darryl would be in trouble if she revealed what happened earlier.

At that moment, Debra still did not know that Darren was indeed Darryl and that he stayed at the Sun Set Sect because of her.

When she heard that, Jackie nodded slowly. “That’s fine if that is the case.”

Jackie smiled as she looked at Debra. “I’m glad you’re feeling much better. Oh yes, where do you plan to go next?”

Chapter 2135

Debra shook her head, looking conflicted. “Nowhere. I do not know where I am going.”

‘I was hiding from the complications of the wars, and that was why I was at the Yellow Sea Continent. I’m not familiar with this place at all and I don’t know where to go,’ Debra thought.

Jackie blinked as she continued to say, “Miss Debra, I won’t waste any more time. We, the Sun Set Sect, only accept female disciples. Since you lost your memory, you can consider joining our sect. Of course, if you don’t want to, I can ask someone to send you away.”

Jackie’s face looked calm. Although she was not showing any emotion, she felt extremely conflicted.

She wanted Debra to leave. Once Debra left, Darren would be able to attend to Sect Master sincerely and not think of others. It was just that Jackie was wary of her identity, and it was not appropriate for her to say what was in her heart. As such, she could only try to get an indication of Debra’s thoughts.

When she heard that, Debra bit her lips lightly as she had her head down, deep in thought and feeling hesitant.

Ever since she lost her memory, Debra felt the Forgotten Valley was the place she was most familiar with. However, Donoghue tricked her and left on his own. Debra was really disappointed because of that. Under such circumstances, Debra felt ashamed to return to her Master at Forgotten Valley.

‘I am not familiar with this place at all. If I stayed, could it work?’ she wondered.

Sigh!

At that moment, Darryl did not interrupt, but he was full of worries. ‘Sh*t, what is Jackie trying to do? She wants Debra to stay at Sun Set Sect? No, that cannot happen.’

Darryl could not stop sending eye signals to Debra, hoping to convince her to reject Jackie’s invitation and not stay at the Sun Set Sect. He had a plan; as long as Debra decided to leave, he would use the excuse of escorting her to leave the sect too.

However, Debra was deep in thought and did not notice anything about Darryl.

Finally, Debra sighed in relief and looked at Jackie as she said, “Alright, I’ll stay at the Sun Set Sect.”

Although she was familiar with the Sun Set Sect, the scenery was peaceful and quiet. It was a great place for Debra to cultivate and rest without being disturbed by anyone.

When he heard that, Darryl’s mind was spinning, and his mind went blank.

‘Debra wants to stay at the Sun Set Sect. It will be more difficult for me to take her away,’ he thought.

Jackie nodded as she replied with a smile, “It’s great that you’ve decided to stay. I shall discuss this with the Sect Master later, and we will pick a date to hold your admission ceremony.”

After she said that, Jackie ordered the two disciples by the door, “Miss Debra has decided to stay, and she is one of us now. Both of you take her for a walk around the sect to help her get familiar with this place.”

“Yes, Elder Master.” The two disciples walked in, greeted Debra, and left the room.

Darryl came to his senses and had mixed emotions. He wanted to cry, but there were no tears left.

1

Debra would be staying at Sun Set Sect; that is horrible.

At the same time, Darryl regretted it too. If he had known earlier, he would not have discussed it with Debra. He would have made her leave with him. It was too late.

At that moment, only Darryl and Jackie were left in the room. The atmosphere was awkward but tense.

At that time, Jackie stared closely at Darryl, and the corner of her mouth lifted as she grinned.

“Darren, it seems like Debra has quite a good relationship with you.”

Darryl felt frustrated, but he replied casually, “What do you mean?”

Jackie smiled lightly, “Ha-ha. This is her first time at the Sun Set Sect and she chose to stay. Don’t you think that was because of you?”

When she said that, Jackie's voice was not loud, but her gaze was intimidating.

When he heard that Darryl sighed and smiled bitterly as he said, "Elder Master, do you think that I had an intimate relationship with Debra? Didn't I tell you earlier that we were only friends."

'Something is wrong with Jackie. There are many things for her as the Elder Master to do but she ignored them. Instead, she's here speculating about my relationship with Debra,' he thought before he realized something suddenly.

'I had a misunderstanding with her and ended up becoming the Sect Master's husband. She's close with the Sect Master and they're almost like sisters. So, she's paying close attention to me on the Sect Master's behalf, making sure I don't have close interactions with another woman.'

Chapter 2136

Jackie moaned and was too lazy to speak further as she said coldly, “Darren, you know clearly in your heart whether you are friends with Debra. I am telling you, no matter what your relationship is, if you treat the Sect Master poorly, and upset her, I will not let you go easily.”

Jackie’s tone got colder as she continued to say, “Also, let me tell you one thing. I sent someone to investigate Debra’s background. If this woman’s relationship with you is not like what you said, you better watch out. I will torture Debra until she rather die than live.”

When she said the last sentence, Jackie smiled lightly as she glared at Darryl like he was giving him a hint. Then, she turned and left the room.

‘What?’ Darryl’s body went stiff instantly when he watched Jackie leave. Anger started burning in his heart at that instant.

‘Jackie is such a manipulative woman with terrible intentions. She even sent someone to investigate Debra.’

Alongside his anger, Darryl started to be worried. His face turned dark as he stepped out of the room.

Sigh!

Looking at the garden outside, Darryl sighed lightly as he asked Pang Tong and others in the Exquisite Pagoda, “Pang Tong, Yuan Tiangang; do you have any suggestions?”

“This...” Yuan Tiangang went silent for a while as he said bitterly, “If it was about astronomy or geography, feng shui or astrology, I might be able to help you, Master. But...in terms of a relationship between a woman and a man; I really have no clue.”

Pang Tong smiled bitterly and said, “Master, I am unable to help too.”

Darryl went silent.

Just at that moment, Zhang Xu, the Divine Grassist, spoke, “Master, you’re impatient and angry now. Obviously, you won’t be able to figure out anything. Why don’t you calm down first; maybe you’ll come up with a solution then?”

‘Calm down?’ Darryl was frustrated.

“How can I calm down in such a situation?” he replied instantly.

Debra chose to stay at the Sun Set Sect, and Jackie sent someone to investigate Debra’s identity.

Even just thinking about it, he knew that was a big problem.

“Master, doing calligraphy can help you calm down. I’m skilled at calligraphy, so why don’t I share my knowledge with you and try to practice calligraphy. Once you calm down, you won’t feel so frustrated,” Zhang Xu said carefully.

Sigh!

When he heard that, Darryl sighed discreetly and nodded gently, “Alright.”

‘Since I won’t be able to figure out a way for the time being; why don’t I follow Zhang Xu’s suggestion and practice calligraphy to calm down,’ he thought.

Then, Zhang Xu shared all of his knowledge of calligraphy with Darryl. Darryl calmed his heart and sat on the stone stool in the garden, practicing writing on the ground using a tree branch.

Darryl’s handwriting was good, but now that he had the Divine Grassist’s guidance, his calligraphy has improved substantially.

He was unsure how long he had been practicing, but he finally calmed down when night fell.

However, he still could not figure out a solution.

Noticing the sky had gone dark, Darryl returned to his room.

Once he reached his room, he saw a female disciple was waiting inside. Once she saw Darryl had returned, she spoke respectfully, “Lord Master, Elder Master says since you are the Lord Master now, and the Sect Master’s husband, it is not appropriate for you to stay here by yourself. From today onwards, you shall rest in the Sect Master’s room.”

Darryl was stunned when he heard that. He froze for a few seconds before he regained his thoughts. He could not cry or laugh in his heart.

Chapter 2137

'How considerate of Jackie. She is making sure I have an intimate relationship with the Sect Master by making us sleep together,' Darryl thought.

Then, Darryl looked inside and saw that the blanket on his bed had already been taken away. There was no way for him to sleep at all.

Darryl smiled bitterly and nodded his head, "Alright then!"

He followed behind the disciple and walked towards the Sect Master's room.

Darryl was stunned once he opened the door. The room was filled with a nice scent and was redecorated. Both of the female disciples stood there with respect, and on the chair to the side, the Sect Master sat there blushing. She looked really awkward.

Obviously, Sect Master did not want to sleep in the same room as Darryl, but she could not go against Jackie's orders.

When she looked at Darryl, the Sect Master was boiling and felt extremely shy.

The next second, the Sect Master said to the few female disciples, "Alright, all of you may leave now."

"Yes, Sect Master!" the female disciples replied and left. However, before they left, they did not forget to glare at Darryl and giggle.

'Darren already became the Lord Master and the Sect Master's husband, but he still looked so silly when he came to the Sect Master's room for the first time. How funny,' they thought.

At that moment, only Darryl and Sect Master remained in the room, and the atmosphere was tense.

After over ten seconds, Darryl regained his thought and smiled as he looked at Sect Master, "Sect Master, you must have waited for a long time. It is late now; let's rest."

He walked towards the bed. He was frustrated and angry because he was not able to get Debra to leave the sect earlier. However, when he saw the Sect Master, he could help but tease her to relax.

After Darryl took two steps forward, the Sect Master could not help but shout. She was embarrassed but furious. “Stay there! Who let you rest on the bed? You really think you are my husband? You are not allowed to touch anything in this room.”

The Sect Master was panting, and her body was trembling from anger.

‘Darren did not try to solve the problem when he knew Jackie had misunderstood us. Now he’s acting so wild in my room. What a despicable person. I am still pure, so how can I let him sleep in my bed?’ she thought.

‘Not allowed?’ Darryl thought as he paused his steps. He turned to look at the Sect Master and said, smiling, “Sect Master, it’s late. Where am I sleeping if not on the bed? Besides, this is Jackie’s orders, not mine; why are you getting angry at me?”

At that moment, Darryl was furious too. ‘If it weren’t for the Sect Master asking me to stay at the sect, I would not have bumped into Jackie. Then, all these frustrating events would not have happened.’

Sect Master became furious when she saw Darryl’s cheeky face.

“This is my room. My words are final. So, you can’t sleep on the bed. You can sleep on the floor if you want to rest. Also, you can’t remove your clothes,” she said coldly, blushing.

Her tone was cold, and her attitude was determined. ‘I can’t kick him out as this is Jackie’s orders. Otherwise, it will be complicated if Jackie finds out. However, he definitely is not allowed to touch my bed.’

‘Sleep on the floor and I can’t remove my clothes?’ Darryl thought.

Darryl could not help but grumble, “Who gives you the right to do so? I am your husband now, the Lord Master of Sun Set Sect. You don’t allow me to remove my clothes when I sleep, and you don’t allow me to sleep on the bed? What kind of rules are that? You are being unreasonable.”

The Sect Master grumbled but did not respond to him.

Sigh!

Darren sighed as he took another step again. “Alright, I won’t remove my clothes and will not do anything to you. But I must sleep on the bed; sleeping on the floor is torture!”

Chapter 2138

“You....”

At that moment, the Sect Master was furious. ‘This Darren is so evil; he wants to sleep on the bed?’

The Sect Master got angrier as she thought about it. She stomped her feet and shouted, “Get lost now!”

When she spoke, the Sect Master walked over quickly. She lifted her hands as if she was about to hit Darryl.

‘This terrible man wished to sleep in the same bed with me?! Dream on!’

Slap!

Darryl was paying attention to her reaction. When he saw her palm rushing towards him, he quickly moved aside, and at the speed of lightning, he sealed the Sect Master’s acupoint.

Darryl acted so quickly; the Sect Master had no chance to react at all.

At an instant, the Sect Master trembled and could not move at all. She was furious at that moment. “Darren, what are you doing?”

Darryl smiled lightly and looked at her as he teased, “What do you think? Of course, to get you to sleep with me.”

Darryl carried the Sect Master to her bed.

The Sect Master not only looked alluring, but her figure was perfect too. Once he thought of the fact that he could not leave with Debra all because of the Sect Master, Darryl wanted to punish her badly. At that moment, the angrier the Sect Master was, the happier Darryl felt.

If the Sect Master had released him on the first day he arrived at the Sun Set Sect, he might have already found Debra, and Debra would not have fainted near the Holly Lake. They would not be trapped there and not able to leave.

The Sect Master was unable to struggle, and her face was all red from anger. “Let me go now!”

Darryl could not help but laugh as he shook his head and said, “What can you do? I am your husband now, and you are my woman. It is reasonable for us to sleep together.”

When she heard that, the Sect Master was worried and wanted to cry. She bit her lips until it was about to bleed.

Darryl was only trying to make her angry; he had no intention of sleeping with her at all.

At that moment, when he saw her eyes were red and she was about to cry, Darryl smiled and said, “Fine, fine. I won’t sleep with you tonight. I will sleep on the floor. However, you must call me ‘husband’.”

“You...” The Sect Master’s face was boiling hot like a burning cloud. She was trembling with anger as she felt furious and embarrassed.

‘This Darren is too much! But, if I don’t call him husband, he may want to sleep with me. I am pure; how can I sleep on the same bed as him? It started as a misunderstanding by Jackie. If we sleep together, wouldn’t it be more difficult to explain later? However, I am the Sect Master of Sun Set Sect, so how can I say that?’

Seeing her face all red and she was hesitating, Darryl smiled at her red face, and he rushed her when he noticed she was hesitating. “Hurry, are you going to do it or not? If not, I will go ahead to sleep on the bed.”

“You...” Sect Master stared at Darryl, enraged. If you could kill someone with a stare, Darryl would have died a horrible death.

‘I thought given his excellent medical skills, he would be a gentleman. Who knew he was such a despicable person!’ At that moment, the Sect Master regretted everything.

She regretted not letting him leave after he shared the Yang Pill prescription. She had to suffer from his humiliation then.

“Sect Master, you are really stubborn. I am giving you a chance. If you still won’t greet me, then I have no choice but to rest on the bed,” Darryl replied, smiling.

As he spoke, he was about to lay on the bed!

At that instant, the Sect Master was really worried, and her body was trembling. She shouted immediately, “Yo-you don’t, husband....”

As she spoke, her face was as red as an apple.

Chapter 2139

Darryl felt the bones in his body were shivering when he heard her calling him 'husband.' A smile appeared on his face, and he felt delighted.

Although he still had not figured out a way to leave with Debra, he felt delighted when he heard the noble Sect Master calling him 'husband.'

The Sect Master bit her lips, and her face went red as she was incredibly furious and embarrassed. She had never imagined that she would call Darren 'husband'.

"I greeted you already. Go sleep on the floor," the Sect Master said coldly.

"Fine, fine." Darryl smiled and nodded as he released the Sect Master. Of course, he did not release her acupoint. He took advantage of her earlier because what if she tried to ambush him in the middle of the night. It would be wiser to be careful.

The next second, Darryl looked around and saw some paintings on the side table. He took the paintings and laid them on the ground. He had no choice as there were no extra blankets in the room; he could only lay on the paintings.

However, due to his carelessness, Darryl accidentally tore one of the paintings in half.

Seeing that, the Sect Master's body trembled as she shouted at Darryl, "You! This is the original copy of Master Cecil's Saint Cursive Calligraphy. You are doomed...."

When she said that, apart from feeling heartache, she felt delighted too.

'Doomed?' Darryl squeezed his brows and looked at the Sect Master curiously.

"Isn't this just a calligraphy painting? What's the big fuss?" he said.

The Sect Master smiled and said slowly, "Ha-ha! You must not know that Jackie gave it to me on the day the Sun Set Sect was formed. This is really meaningful to her. Now that you tore it, she won't forgive you so easily."

The Sect Master was right; the calligraphy painting was indeed a special gift from Jackie to the Sect Master during the formation of the Sun Set Sect. It was like a symbol of their sisterhood; it was exceptionally meaningful.

If it were any ordinary day, the Sect Master would be extremely furious when the calligraphy painting was torn. However, at that moment, she was excited beyond description.

Jackie was a person that treasured relationships very much. If it were her gift to the Sect Master or the gift from the Sect Master to her, she would treasure them very much. If she knew that Darryl tore the calligraphy painting, she would definitely not forgive him easily.

The Sect Master planned to tell Jackie early the next morning about how Darryl tore the calligraphy painting on purpose. Jackie would be furious by then, and she would at least chase Darryl out of the Sun Set Sect, if not kill him.

That way, she would feel so embarrassed with being Darren's woman anymore.

Honestly, the Sect Master's heart ached a little when she saw the calligraphy painting, but she felt much better when she thought she could solve the awkward situation she was in.

Darryl was stunned. 'A calligraphy painting is so important?'

When Darryl looked at the wordings on the painting, he was delighted instantly.

'Who wrote that? Their calligraphy skills are so basic,' he thought.

Darryl smiled and said to the Sect Master, "You call this calligraphy?"

During the day, Darryl's calligraphy skills improved substantially under the guidance of the Divine Grassist. He would not be easily impressed by some ordinary writing.

"What did you say? Did you know that this was the original writing of Master Cecil." The Sect Master trembled and became emotional.

Master Cecil was a high-level Buddhist Monk. He was famous in the Yellow World Continent. However, he was more famous for his calligraphy skills. He could be said to be the most famous calligrapher in the Yellow Sea Continent for the past 100 years.

However, Darren said that Master Cecil's calligraphy was ordinary.

How ridiculous.

Chapter 2140

The Sect Master continued to say to Darryl, “Darren, if Jackie finds out you tore the calligraphy painting, she won’t forgive you. Why don’t you leave now when she’s still not aware about this? Leave the Sun Set Sect and do not return.”

At that moment, the Sect Master lost all admiration she had of Darryl. All she wanted was for him to leave immediately. “I’ll only be able to maintain my purity if this man leaves.’

When he heard that, Darryl laughed bitterly. If the Sect Master said that two days ago, Darryl would have been grateful and left without a doubt. However, with Derba at the Sun Set Sect, how could he just leave?

Sigh!

Darryl sighed softly as he looked at Sect Master and said, “It’s just calligraphy. I can write you a new one.”

‘What?’ The Sect Master looked at Darryl curiously.

“Darren, I know your medical skills are great but don’t be overconfident. This is calligraphy we’re talking about,” she could not help but laugh. “This is the Saint Cursive Calligraphy painting. Master Cecil followed Divine Grassist Zhang Xu’s writing. He was a famous calligrapher during the Tang Dynasty in the World Universe and is famous for his cursive script. He was also someone Master Cecile greatly admired. So, in order to show his appreciation for the Divine Grassist, Master Cecil wrote this Saint Cursive Calligraphy.

“You are from the South Cloud World, so it’s fine that you don’t understand things in the World Universe. And you definitely don’t know about Divine Grassist, Zhang Xu.” 1

The Sect Master still thought that Darryl was from the South Cloud World. The Sect Master was right. The calligraphy painting that Darryl tore by accident was indeed a special writing by Master Cecil as a tribute to Divine Grassist Zhang Xu.

Hundreds of years ago, there were still borders separating the nine continents. However, the borders could only block ordinary people, while powerful cultivators could travel between the various continents.

Some cultivators brought Zhang Xu's calligraphy to the Yellow Sea Continent. Then, 300 years ago, Master Cecil, from the Yellow Sea Continent, was impressed when he saw Zhang Xu's calligraphy. He admired it so much; he treated it like his treasure and saw Zhang Xu as his idol.

'Divine Grassist Zhang Xu?' Darryl was stunned and could not help but laugh. 'The Master Cecil that Sect Master mentioned admired Divine Grassist Zhang Xu as his idol. Divine Grassist Zhang Xu is now in my Celestial Pagoda and has recognized me as his Master. It was such a coincidence that Zhang Xu had taught me calligraphy earlier.'

Darryl did not speak further. He saw there were brushes, ink, paper, and an inkstone on the wooden shelf. He went ahead to take them.

When she saw that, the Sect Master lifted her brows. "What are you doing?"

At that moment, the Sect Master felt angry but ridiculous at the same time when she saw Darryl take a brush.

'Darren has gone completely insane after becoming the Sun Set Sect Lord Master. He's going to write new calligraphy to replace the torn painting? That was Master Cecil's calligraphy; will he be able to replicate it? His only skill is in medicine; how much could he know about calligraphy?' she thought.

Darryl pretended that he did not hear the Sect Master ridiculing him. After he prepared the ink, he started to write immediately. He was so skilled at writing it was like a flying dragon or snake. It was extremely impressive.

In the evening, Zhang Xu had personally taught Darryl calligraphy. His skill had reached a level that no ordinary person could reach, especially in the cursive script. He had a great interpretation.

No matter what, Zhang Xu was the infamous Divine Grassist. How would Darryl's cursive script be poor under his guidance?

In less than half a minute, Darryl had completed the calligraphy painting. He put down his brush and looked at the Sect Master. "It's done! What do you think? Was your husband's calligraphy more than one point five stars better than Master Cecil's?"

"You think your writing is comparable with Master Cecil's—" Sect Master smiled lightly and was

about to tease Darryl.

Before she could finish speaking, her vision landed on Darryl's calligraphy. The Sect Master's body trembled as she was shocked.

She could not help but take a deep breath; her face still looked in shock. She was totally stunned.

Darryl's calligraphy looked spiritual and lively; the clouds and water looked almost alive. Each word was perfect and flawless. Its spirit was amazing.

Compared to Darryl's, Master Cecil's calligraphy looked like a child's writing. It was on a completely different level. 3
