

Chapter 2659

Darryl's thoughts shifted; the three siblings were the ones who found the place, so it was normal to see Clarice there.

He looked at his surrounding environment with full alert. 'Clarice is here. So are her brothers here too? Hiding in a corner?'

At that moment, Clarice saw Darryl too. A dash of depression flashed through her eyes, but she calmed down very quickly.

"It's been a few thousand years, and this is the first time that this place is so merry."

Suddenly, the old man hovering above the black scaled dragon spoke. He glanced at Darryl and the others at the same time.

His voice was loud and clear; it was shocking.

Darryl's body trembled when he heard the

old man's voice. At that time, he still did not know who the old man was, but he was shocked when he heard his voice.

'This is just a transformation from energy; he's not a real person. How can he speak?'

'From his attire, he must have been a famous person who had ventured across the world.'

Darryl tried to calm down. He put his fists together and bowed to the old man. "I beg your apology, Sir, for trespassing uninvited."

"Right!"

The old man nodded and smiled at Darryl as he said, "You have achieved the Heaven Ascension level at such a young age and are still so humble. This is rare, indeed."

What?!

Darryl was utterly stunned; he was incredibly shocked.

Only Darryl knew his actual power; even Zhu Bajie had not figured it out. 'This old man glanced at me and could already tell my power accurately.'

'What kind of person is that? That is too scary.'

At that moment, Darryl could see the shadow of the Ghost Valley Sage in that old man, but he was much scarier than the Ghost Valley Sage.

Gulp!

A few seconds later, Darryl regained his thoughts and swallowed a mouthful of saliva. He suppressed the fear in his heart and bowed toward the old man again. "May I know your name, Sir?"

Darryl's heart raced when he asked that.

At that moment, a smile appeared on the old man's face. Clarice cut him off before

he could say anything.

"Darren!"

Clarice stood up and looked at Darryl, Jackie, and the rest of them. She spoke softly, "This is the Raksasa Tribe's ancestor, Kuafu."

When she said that, Clarice's face was full of respect.

What?!

At that moment, all of them were stunned. They stared blankly at the old man and could not say a single word.

Kuafu...

'Did I hear that wrongly? That old man is Kuafu?'

Everyone in the Nine Mainland had heard about the story of how Kuafu chased the sun. All of them knew about that. One

could say that Kuafu was even more famous than Zhurong, Gonggong, or even the Divine Farmer.

Kuafu was like a god during ancient times.

"Wow!"

Darryl snapped back to his senses; he was stunned for more than ten seconds. Then, he took a deep breath as he felt his entire body sweat profusely. He did not expect the old man to have such a powerful background.

He did not expect Kuafu to be the Raksasa Tribe's ancestor!

Darryl did not know that Kuafu was Emperor Xuan Yuan's top warrior during those times. He had helped the Emperor to conquer the world and had significant contributions in the battles. Besides, Kufu had been loyal to Emperor Xuan Yuan, and it was he who had led the Raksasa Tribe to

pledge their lives to Emperor Xuan Yuan.

However, after Kuafu passed away, the Raksasa tribe's leader lost control, and their people turned wild and arrogant. In addition to that, due to their cruel nature and eagerness to kill, they betrayed Emperor Xuan Yuan gradually.

Chapter 2660

Sigh!

Then, Kuafu, who was floating in the air, took a deep breath and looked around him. "I left my final thoughts here so that someone can inherit my legacy. I did not expect I would need to wait for so many years."

As he spoke, Kuafu's sight landed on Clarice. "Even though you are a woman, you are quite talented. From now on, you will inherit my legacy. Remember to contribute to the tribe, alright?"

Clarice's body trembled when she heard that; she was exceptionally emotional.

Then, Clarice regained her thoughts; she was surprised as she said, "Thank you for your recognition, Sir Ancestor, but I am

worried that I am not capable enough to assume that responsibility."

Clarice had a gentle characteristic, unlike most of the Raksasa Tribe women. She was stunned when she knew that Kuafu wanted her to accept his legacy so suddenly.

At the same time, Darryl, Jackie, and the rest were bewildered too.

Kuafu wanted to pass on his legacy to a Raksasa woman? He was an ancient god; imagine what power he would have?

Kuafu laughed.

Then he smiled as he looked at Clarice seriously; his vision was filled with admiration and kindness. "You are the only person from the Raksasa tribe here. If you do not accept it, who else would?"

Clarice nodded when she heard that. "Alright, I will follow your order, Sir Ancestor."

"Good, good!"

Kuafu was delighted; he nodded in compliment. Then, he looked at Darryl. "The rest of you are quite extraordinary as well, and I trust that you are kind people. During the process of passing my legacy power, we can't have any interruption. Perhaps all of you can guard us during that time. What do you think?"

That...

At that moment, Jackie and her followers' eyes shone; some of them hesitated.

Kuafu was an ancient god; who would not be envious when someone else could inherit his legacy? So, even though Jackie had some thoughts in her heart, she dared not show it.

However, Kuafu could only pass his legacy to someone from the Raksasa Tribe, and

Kuafu had chosen Clarice. Most importantly, Kuafu's power was still terrifying even though he was only a memory fragment. Jackie did not have the courage to steal from him.

"Alright! Don't worry, Sir!" Darryl did not even hesitate.

Darryl thought that Kuafu was a senior, and therefore, he must follow the old man's wishes. Besides, Darryl was a generous man; he did not even think he would steal the power.

"Great, great!"

Kuafu was delighted when he heard Darryl's agreement. He nodded as a way to compliment Darryl. Then, he signaled Clarice to commence the process to pass his power.

Darryl kept his promise; he led Jackie and the rest to guard at the entrance.

"Darryl!"

Jackie bit her lips and asked a question to clear her doubts. "Kuafu's legacy is not something normal. You know that the Raksasa Tribisre great in wars. They only had peace talks with the Nine Mainland because there was no choice due to the situation. However, once that woman inherited Kuafu's legacy power, the Raksasa Tribe's power would increase substantially. That is not good news to us.

"Even though Kuafu is strong, you should be able to defeat him based on your power."

"If you wish to take his legacy power, then we will work with you. What do you think?"

Jackie looked serious. Her vision was not focused; she dared not look into Darryl's eyes.

Jackie was an intelligent woman, and she had many ideas and thoughts. Her level of

intellect was even greater than Yvette's. Even though Darryl had forced her to consume the Heaven Cult Elixir, and she did not have a choice, she was still not convinced deep in her heart.

Jackie had a plan; she would instigate Darryl to take the legacy power and ambushed him at the most critical moment. As long as she defeated Darryl, she would be able to get the antidote to the Heaven Cult Elixir from him.

She would no longer be under Darryl's control if she had the antidote.

Chapter 2661

"No!"

However, Jackie underestimated Darryl's character. The man did not hesitate as he shook his head. "We must always honor our words. Since I have promised Kuafu, then I must do it.

"Besides, Kuafu's legacy power can only be passed to the Raksasa Tribe. No matter how powerful I am, I don't qualify for that."

"As for the feud between the Raksasa Tribe and the Nine Mainland, both parties have lived in peace for the past three years. It will not turn into a problem that easily."

Darryl's face was firm when he said that.

"I—" Jackie opened her mouth, but there were no words. She felt disappointed but also curious at the same time.

Jackie did not expect the man in front of her to have such great character. She thought that he was only a b*stard; she did not know he could be so firm on things that matter.

Jackie was frustrated that her plan had failed.

'Darryl does not wish to take the legacy, so I will have no chance to escape his control.

Bang!

At that moment, at the palace entrance, Kuafu's inheritance ceremony began.

Intense energy formed a circle of bright rays that surrounded Kuafu and Clarice.

The energy was so pure, and when everyone saw that, they were all incredibly amazed.

Sometime later, the inheritance ceremony ended!

"My child, the future of the Raksasa Tribe is now handed to you." As the bright ray dissolved, Kuafu's figure appeared. He looked at Clarice kindly and said, "My legacy power finally gets a successor; I can now rest in peace."

Then, Kuafu's body started to look surreal, just like a circle of smoke that would disperse at any time if the wind blew at it.

"Thank you, Sir Ancestor!" Clarice spoke when she saw Kuafu's shadow floated upward slowly. She felt heartbroken.

Kuafu seemed reluctant to leave as he looked at Clarice and then at Darryl and the rest. "The palace is supported by mental energy. I will disappear very soon, and the place will collapse. You must leave quickly."

Bang!

Just as he finished the last sentence, a strong wind started to howl around the

plaza and the palace. Kuafu, who hovered in mid-air, had then dispersed completely. He disappeared in front of Darryl and everyone else.

Bang, bang, bang!

Then, the entire palace started to shake as if the sky would fall and the earth would crack.

"Let's go!" Jackie's body shivered as she shouted. Her followers were terrified; their faces were pale.

Darryl did not leave immediately; he looked at Clarice quietly.

Perhaps it was due to the effect of the inheritance process, but Darryl could feel Clarice's aura. It was how she made him feel; it was completely different than before that. Her body had an extremely pure aura, as if she had turned into another person.

"Thank you, Darren. Thank you to everyone too!" Clarice walked forward quickly. Her gorgeous face looked worried. "This place is about to collapse; you should leave now."

Clarice could not hide her feelings of gratitude. "Darren, I will always remember your help today. If there is any need in the future, please look for me at the Raksasa Tribe."

Clarice did not know that the man in front of her had helped her multiple times, but he was not Darren. He was Darryl, who was famous across the Nine Mainland.

Darryl nodded and asked, "You are not leaving?"

Clarice smiled gently and said, "My eldest brother and second brother might be trapped somewhere; I need to go look for them. Don't worry; we will be fine." ①

Then, Clarice waved at Darryl before she

Chapter 2661

dashed toward the tunnel in front of her. In the blink of an eye, she had disappeared from everyone's view.

Chapter 2662

Sigh!

Darryl took a deep breath. He remembered Melody at that moment and started to worry again.

That place was about to collapse, but Melody was nowhere to be seen. 'Is she trapped in some corner like the two brothers?'

Bang, bang!

The vibration got stronger, and huge rocks continued to fall. Darryl could not think further; he gathered Jackie and the rest before they dashed toward the exit immediately.

At the same time, Darryl observed the surroundings to see if he could locate Melody.

Finally, Darryl and the rest saw a ray of light; that was the exit!

Roar!

Suddenly, loud screams and sounds of killing were heard from the other side of the exit.

Darryl was stunned. 'The Green Cloud Sect is under attack? Who are those people?'

'Is it Zhang Jue?'

"Darryl!"

Jackie hesitated when she saw Darryl's reaction. She said, "The Green Cloud Sect must have been conquered. If we go out like this, I'm afraid we'd bump into Zhang Jue."

That was right. When Jackie entered that place, she saw Zhang Jue attacking the Green Cloud Sect. The man did not see her,

and she had managed to get to the back hill discreetly before she entered the cave accidentally.

"What did you say?"

Darryl was stunned; he furrowed his brows as he looked at Jackie. "Zhang Jue is attacking the Green Cloud Sect? Aren't they allies?"

Jackie smiled coldly; she could not hide the hatred in her heart. "Zhang Jue, that despicable b*stard! He has no allies, only pawns!"

Suddenly, Jackie remembered something. "There is one more thing that you might not know."

"What is it?"

Sigh!

Jackie sighed in relief, but she looked conflicted. "I heard the news earlier.

Chester had asked for help discreetly from the New World royal family and the Elysium Gate. However, Zhang Jue found out about it. He surrounded and attacked Chester, and he fell down the cliff and died."

Jackie told him that calmly, but she kept her eyes on Darryl's reaction.

She wanted to instigate Darryl into getting into a battle with Zhang Jue. Those two people were her enemies; the more intense their battle was, the happier she would be.

What?

Darryl felt his mind buzzed; he was utterly stunned.

The next second, Darryl regained his thoughts. He grabbed Jackie's shoulders and shook her vehemently as he roared. "Who did you hear that from?"

'Brother Chester is dead? That is impossible!'

Darryl was too strong; Jackie's gorgeous face showed that she was in pain. She shouted, "You're hurting me."

Then, she pushed Darryl's hands away and continued to speak, "The news came from the Endless Sky Organization; it would not be fake. Don't forget; I was once their sect master."

Zhang Jue!

Darryl's eyes were incredibly red as he clenched his fists.

'I will never forgive you!'

...

On the other end, at the Green Cloud Sect main altar.

The intense battle had just ended. The sky started to drizzle, and rainwater washed away the bloodstains. It had formed a

Chapter 2662

small stream.

Zhang Jue sat in the main hall with a smile on his dark face.

In less than an hour, he had defeated the Green Cloud Sect. It was even faster than what he had expected. After that conquest, his power would increase substantially. He was another step closer to conquering the entire nine continents.

At that moment, many elite members from the Endless Sky Organization congratulated Zhang Jue.

"Congratulations, Master, for your success in conquering the Green Cloud Sect!"

Chapter 2663

Chapter 2663

"Master is supreme!"

Zhang Jue felt great when he heard his elite disciples congratulate him. He nodded and smiled as he said, "Everyone's contribution to the success of that battle is undeniable. I shall organize a celebration banquet for all of you. Everyone, please enjoy the drinks later."

Bang!

"A celebration banquet? I'm afraid you will not have the chance to celebrate!"

Suddenly, he heard a loud roar from the sky! Everyone who stood outside was shocked; their hearts trembled when they heard it. All of them looked in the direction of that voice.

Wow!

Everyone's heart quivered when they saw that.

They saw an incredibly cold and angry man approach them slowly. Even though he was alone, his aura was earth-shaking. He had sharp facial features, and his eyes shone with an intense killing aura. It was Darryl!

Darryl was utterly devastated when he learned about Chester's terrible fate. He let Jackie and the rest leave and headed toward the main hall by himself.

He was all alone, but his aura was too intimidating! His facial emotion had no arrogance but was filled with incredible sorrow, pain, and vengeance. His entire body exploded with killing aura!

Wow!

At that moment, the entire place went silent. Even the sound of a falling needle could be heard. Everyone looked at Darryl

quietly!

Darryl did not hesitate. Once he reached the main hall entrance, he lifted his hand and hit two Endless Sky Organization elite disciples. The attack sent them flying from the vibration. Before the two disciples could react or even shout in pain, they landed in a pool of blood.

Everyone was shocked and furious when they saw that.

Bang!

Zhang Jue's eyes shone brightly. He stood up immediately and smiled coldly at Darryl. "I thought you had vanished again, Darryl! So, what happened after you disappeared for those few years? Are you impatient now? Do you want to surrender?"

Zhang Jue smiled mockingly. "You must be here to avenge Chester, right? Well, he was a smart man. But he was also betrayed by

his own wisdom. He did not expect that I already knew about his plan. As such, he deserved to die." The man laughed.

Wow!

Darryl's eyes were blood red. His entire body was filled with a killing aura as anger boiled deep in his heart.

"Zhang Jue, today is the day you die!" Darryl said that coldly. He looked scary as if he had appeared from hell.

Chester and Darryl were brothers, and they had a close relationship. Darryl thought that they would be able to enjoy peace in the future. He did not expect Chester would die so terribly in Zhang Jue's hands before that day would arrive.

At that moment, anger seethed in Darryl's heart; it made Darryl lose all his senses.

Bang!

Darryl did not hesitate at all; his internal

energy exploded entirely. His body dashed at lightning speed, and he headed directly toward Zhang Jue. Everywhere he passed, the air cracked. It was too intimidating!

Zhang Jue did not panic when he saw Darryl's attack. On the contrary, his eyes shone with excitement, and his entire body released an intense battle aura.

He had done so many things to force Darryl to appear, and when he finally showed up, Zhang Jue felt excited. He had no fear at all.

"Darryl!"

Zhang Jue's face looked hideous. He spoke in a mocking tone. "I know you are eager to reunite with Chester in the underworld; let me grant you that wish."

As he spoke, internal energy rushed around Zhang Jue's entire body; he went to meet Darryl's attack directly!

Bang!

The next second, Darryl and Zhang Jue's palms hit each other; it activated their strong internal energy and surrounded the entire place! The air above the Green Cloud Sect's hill was twisted!

Then, Zhang Jue leaped a few dozen steps backward; his face looked dark and unstable.

Zhang Jue had been involved in the battle with the Green Cloud Sect, and he had exhausted his internal energy. So, when he faced Darryl's fully exploded energy, he could not bear the attack naturally.

However, Zhang Jue was not worried at all.

"Come on!"

Zhang Jue grinned; he pointed at Darryl and roared crazily. "Everyone, attack! Take Darryl down—dead or alive! Attack!"

Chapter 2653

'Even though I might not be able to defeat Darryl in a one-to-one battle for the time being, I have many followers. They can consume his internal energy.'

"No matter what, Darryl must die today. He must die!"

Whoosh, whoosh...

As he spoke, Darryl was already surrounded by his elite disciples. All of them roared as they activated their internal energy and charged toward Darryl!

Chapter 2664

Even though those elite members were not too strong, their aura would still be intimidating if all tens of thousands of them discharged their internal energy at the same time.

Sigh...

When he saw everyone charged toward him, Darryl's eyes were incredibly red. The anger that was burning in his heart exploded utterly. He roared crazily. "You want to kill me? Come on! I want all of you to die today! With my brother Chester!"

Darryl was like a tiger that pounced on his prey; he charged directly into the crowd.

Argh!

At that moment, loud screams continued to fill the main hall. Darryl managed to kill

many Endless Sky Organization's elite disciples before they could even take any action. The entire main hall was dyed in red by fresh blood!

Darryl's body was covered in fresh blood too, and he looked like the god of death from heaven.

As he attacked them, Darryl glanced at the situations around him. He saw the Green Cloud Sect Sect Master, Conner, his wife Camryn, and a few hundred elite disciples. They were tied up at the side of the hall.

All of them looked extremely weak.

However, Darryl still could not find Melody.

When he thought about how his apprentice might be in trouble, Darryl's anger boiled even further, and his attack got more intense.

Sigh!

At that moment, two people stood behind

Chapter 2664

Darryl in the middle of the main hall. They had witnessed everything. They looked calm, but their eyes shone with conflicted feelings.

That was Fang Mao and Sara. Of course, both of them looked like the Sky Mountain Sect's Sect Master and disciple.

When Zhang Jue had received news from Conner, he had rushed there with his men. At that moment, Fang Mao was still a guest at the Endless Sky Organization's main altar. After he knew about the situation, he did not hesitate; he immediately led Sara to follow them.

Once they arrived at the Green Cloud Sect and realized that Darryl was not there, Fang Mao and Sara sighed in relief. However, they did not expect Darryl to find his way there on his own.

That...

Sara was worried when she saw the attack

on Darryl. However, she dared not open her mouth; she could only stare at Fang Mao as she begged for his help.

Fang Mao shook his head discreetly; he glared at Zhang Jue in full alert.

He must not reveal that he only pretended to be the Sky Mountain Sect's Sect Master. Otherwise, all of his efforts would go to waste.

Wow!

In the intense battle, Darryl sent a few people flying backward with an attack. He set his sight on Zhang Jue. He said coldly, "Zhang Jue, I will kill you today!"

As he spoke, an incredibly terrifying aura exploded from his body again. At that moment, the air around them froze.

An aura from the Heaven Ascension level covered the entire place. Everyone in the main hall was terrified.

Bang!

Then, they heard a crystal-clear sound; a weapon shone brightly as it appeared in Darryl's hand.

The Heavenly Halberd!

With the appearance of the Heavenly Halberd, a strong blood aura filled all corners of the main hall. The temperature dropped significantly.

Sigh!

Everyone looked at Darryl in fear when they felt his strong aura. No one dared to take a step forward. The one who stepped forward would die. Who did not want to live?

Sh*t!

Zhang Jue's face darkened when he saw that. He was extremely worried. 'All these

Chapter 2664

people are rubbish. So many of them but none of them could defeat Darryl!"

Then, Zhang Jue roared. "Where are the 18 Hall Masters? Formation!"

Whoosh, whoosh, whoosh...

Right after he spoke, 18 figures dashed forward and surrounded Darryl. They were the Endless Sky Organization's Hall Masters, and there were 18 of them. Zhang Jue had selected those men carefully. All of them were strong and powerful.

Chapter 2665

The next second, after Darryl was surrounded, the eighteen Hall Masters moved gradually to make a formation very quickly.

A formation?

Darryl was stunned; he furrowed his brows.

'That formation looked unique. Besides, it was not recorded in the Bai Qi Formation either.'

At that moment, Darryl did not know that Zhang Jue had invented that formation, and it was called the Soul Trapping Formation. Zhang Jue created it over the past three years with nothing but his talent. It was the first time they had used that formation. So, Darryl did not know anything about it.

Zhang Jue was very talented in formation techniques. His talent was not inferior to Darryl; he might even surpass him.

Otherwise, he would not have repeatedly defeated Darryl during the years when he was helping Yang Jian to conquer the world.

However, Darryl was confident with his formation talent too. He was not worried at all!

'A formation? All formations have a solution.'

Darryl held the Heavenly Halberd tightly as he attempted to solve the formation.

However, half an hour had passed, and the formation continued to block Darryl's attack. There was no way for him to break through it.

At that moment, Darryl was worried!

Sigh...

Zhang Jue was not happy when he saw that. His face looked horrible. 'Sh*t, this Darryl is too difficult to handle. If another person were trapped in the Soul Trap Formation, they would not even survive a short moment. But Darryl is still holding on after so long.'

Then, Zhang Jue had an idea. He looked around before he smiled coldly and said, "Darryl is trapped in the formation and can't afford to be distracted. His focus is now solely on solving the formation. Whoever can take this opportunity to ambush him will be able to cause him serious injuries."

Zhang Jue's face looked hideous when he said that.

The most reliable option was to do that himself. However, he had exhausted his internal energy and needed time to recover. Hence, he wanted the others to ambush Darryl.

Chapter 2665

Sigh!

However, when the followers beside Zhang Jue heard that, all of them were in doubt as they stared at Darryl with fear.

Even though it was a perfect opportunity to ambush Darryl, the man was too powerful; any mistake would cause one's life.

Sh*t!

Zhang Jue's face darkened when no one dared to step forward. He scolded them. "All of you are rubbish. Now is the time for you to prove your loyalty, but all of you are afraid?"

"Let me help you, Mister Zhang!"

At that moment, a calm voice was heard as a person stepped forward. There was a smile on his face, and he looked confident.

It was Fang Mao.

When he saw the attacks on Darryl, Fang Mao had been trying to find a way to help him. So, when Zhang Jue wanted to send someone to ambush Darryl, he decided to take the risk.

Of course, Fang Mao did not want to attack Darryl; he only wanted to find a way to help him discreetly.

"Master!" Sara's body trembled as she pulled Fang Mao.

'What is Master doing? Aren't we going to rescue Big Brother? Why is he helping Zhang Jue to ambush him instead?'

Fang Mao blinked at Sara discreetly when he felt her nervousness; it was a sign to ask her not to worry.

Sara was an intelligent woman; she understood what her master meant. However, she was still worried. All the people there were Zhang Jue's followers. 'If

Master were to help Big Brother, wouldn't that reveal his identity?'

However, on second thought, her master was wise and had many tricks up his sleeves. If he could offer to do that, then he must have the way. When she realized that, Sara felt more comfortable.

Zhang Jue chuckled.

A smile appeared on the man's face when he saw Fang Mao step forward. He nodded and said, "Thank you, I will reward you when that is done."

Zhang Jue thought that Fang Mao was the Sky Mountain Sect's Sect Master. Even though he was not the top warrior in the Nine Mainland, he would not have any problem with ambushing Darryl. The man was trapped inside the formation, so he was distracted.

At that moment, Zhang Jue did not know

SAMSUNG

Chapter 2665

that the person in front of him was not the Sky Mountain Sect's Sect Master. Fang Mao only pretended to be him.
