

Chapter 123

Arron was in deep pain for Shanna's death.

It also made Suzi sad to the point that he almost had fetal gas, but Suzi, who was extremely sad, was not qualified to send Aunt Shanna for the last time.

Arron's funeral for her mother was extremely grand. The entire upper class was shocked, but Suzi had no chance to participate in the funeral. She even had no place to inquire about the cemetery where Aunt Shanna was buried.

Because at this time, the entire Fu family's relatives are all in the funeral for Shanna, including Joan who is also putting on hemp and filial piety for the little aunt. Not to mention Arron's closest son.

Suzi was walking aimlessly on the street alone. A black car was stopped in front of him, and he involuntarily swept Suzi onto the car. Suzi was shocked and lost in his eyes: "You... Who are you?"

The man who drove her into the car did not speak, and only drove all the way to the door of a hospital. After getting out of the car, Suzi knew that this hospital was the hospital where Huo Jianshan was admitted. The two men dragged Suzi halfway to Huo Jianshan. Come to his ward. Huo Jianshan has moved freely.

"You are desperate!" Huo Jianshan looked at Suzi bitterly.

Suzi's tired and sentimental expression carried a decisiveness: "The last name is Huo! I don't know you. I grew up like Suzi and I have never seen you before, but you yelled at the hospital door before you and me. Yes, I have spent your money. At your age, if you have a daughter, your daughter should be more than 30 years old, and I am only 20 years old! Your children are all teenagers older than me, and you , But planted me at the entrance of the hospital in broad daylight!

Huo Jianshan, I never expect a beast like you to show kindness to me!

Therefore, neither you nor you die, or I die! "

After a few words, Huo Jianshan was taken aback.

This little girl is very staunch.

"You ruined me, do you know?" Huo Jianshan said viciously.

"It's almost 70. If you ruin it, you will ruin it!" Suzi didn't even look at Huo Jianshan.

On the contrary, Huo Jianshan was frustrated, and really did not dare to be angry.

Joan wanted to protect Suzi, Huo Jianshan did not dare to touch Suzi, because he was afraid of Arron in his heart, but Huo Jianshan had lived for such a long time, and face was still needed. He didn't dare to touch Suzi, but he couldn't. Just forgive this woman!

"You are right! My old coffin board is almost 70, and it will be ruined if it is destroyed, but I have to hold you accountable! I'll tell you this straightforwardly, you have to lose money!" Huo Jianshan is not short of money.

But he has to have an attitude.

"Yes." Suzi agreed quickly: "How much?"

"One million! Only three days for you." Huo Jianshan knew that in the past few days, Joan had no time to pay attention to this little girl, because Joan was filial piety for his aunt.

Huo Jianshan is seizing this opportunity.

"If you don't collect a million for me in three days, don't say that Huo Jianshan is not polite to you! Just tell you this, Miss Shen, if you want to die, I will let you die!"

Suzi: "... " Back again and again.

Three days!

One million!

After Suzi stumbled out of Huo Jianshan's hospital, he raised his eyes to the busy street, not knowing where to go.

Three days passed in a flash.

In desperation, Suzi had to call for help Joan, who was on the last day of the funeral. In the end, although Shanna did not agree to be buried in Fu Jiazhu's grave, the entire Fu family followed the rules of Fu Jia's wife for Shanna's funeral.

That is to say, the Lingtai and the coffin are in the main hall of the Fu's old house. The spirit is set up for seven days, and after seven days, it will be funeral.

During these seven days, the younger generations of the Fu family all knelt in front of the spirit to observe the funeral for Shanna, and during this period, unless there was a particularly important event, they could not leave. At this moment, Suzi called Joan.

When Joan connected, he said in an impatient voice: "Suzi!"

He didn't call out "Little Tu Niu".

When Suzi heard this, his heart became cold.

At that end, Joan said impatiently: "I'm keeping filial piety for my little aunt! What a top priority is keeping filial piety! My cousin is now the authority of the entire Fu family, I must be here to keep filial piety, you How can you call me at this time!"

"Um...that, I'm sorry Young Master Ling, I...I'm hanging up."

"Wait!" Joan scolded, "What's the matter!"

Suzi: "..."

"Say!" Joan scolded. Based on his understanding of Suzi, the self-inhibiting local girl of the Forbidden Bathing Department would never call him at this critical moment if she had to have no choice.

"Huo Jianshan... is the old man who was crippled by my wine bottle barrel. He, within three days, will pay him one million in compensation. I..."

"This old immortal thing! What a D*mn thing to take advantage of! To make things difficult for you while I'm away! Wait!" At this moment, Joan was not angry for Suzi.

It's face.

Your own face, as well as the face of the Chu family.

Huo Jianshan didn't let Suzi go, obviously he didn't put Joan in his eyes. If he didn't give this old immortal thing a little bit of color, the old immortal thought he was really bullying!

You know, Joan was named by his grandfather, someone who was blessed by his cousin Arron!

Joan got up and came to Arron, who was wearing heavy filial piety: "Cousin, I know that keeping filial piety for my aunt is the top priority, but the interests of the Fu family and your cousin are also very important. Now there is a cousin

you used to The defeated generals of his men are arguing with me, trying to take advantage of the funeral of my little aunt and pick the matter. I know that you can't go away now, so let me settle the old immortal for you!"

Arron's deep eyes looked at Joan calmly: "Do you need me to send someone to go with you?"

Joan raised his eyebrows: "No need, cousin, you wait for my news. Between us brothers, it's my cousin who should share some for you now."

Arron didn't speak, but nodded, and said in a calm tone: "Go."

Joan raised his foot except for Fu Jia Lingtang.

As soon as I went out, I saw Darius who came to show his filial piety.

Darius asked strangely: "Mr. Ling, why don't your son keep your little aunt a filial piety?"

Because Joan was thinking about Suzi and Huo Jianshan, he was asked so suddenly by Darius, he blurted out: "Something happened to Suzi."

"Suzi?" Darius suddenly grabbed Joan's arm and asked, "Mr. Ling, what's wrong with Suzi? Tell me! What's wrong with Suzi?"

Joan: "It's okay!"

Behind him, Yan Kwan watched all this not far away, his eyes tightened suddenly.

Chapter 124

Christopher sympathized with Suzi, but he was Arron's bodyguard and confidant, and he was only loyal to Arron.

"What did you see?" Arron didn't look at Christopher, but asked with a cold face.

Christopher: "..."

"Say!"

"It seems to be a madam..." Christopher realized that he had said something wrong, and immediately slapped his lips, and then corrected: "It seems that something happened to Suzi, and Mr Ling is going to deal with it."

There were no waves on Arron's face, and there was no joy, anger, sorrow or sorrow.

"Got it." He only said lightly.

After speaking, continue to guard for the mother.

No one knows what is always in the heart of a low-hearted man. The guests who came to mourn are endless, and the old man of the Shu family has also come, and he is at the door. Old man Shu suppressed his voice and scolded his grandson: "Darius, you are so outrageous, what is this place?"

The dead are big!

What's more, this is Arron's mother! "

Elder Shu's voice was very small, but Christopher heard it too. Christopher had just seen that Darius and Joan had a brief dispute over Suzi's affairs.

Christopher couldn't help but worry about Suzi.

On the other end, Joan came out of the Fu family's mourning hall and drove all the way to the outside of the hospital where Huo Jianshan was located. From a distance, she saw Suzi standing alone.

After getting out of the car, Joan came to Suzi, and Suzi grabbed Joan's arm: "Young Master Ling, can you please tell Huo Jianshan, I will pay him the medical expenses, which is more expensive than the medical expenses." Times.

One hundred thousand yuan I agree! If there are more, I really can't afford to pay, unless I go to jail. "

Her words are so decisive, and her expression is the kind of expression that is ready to go to jail.

Joan suddenly pulled her lips and sneered: "Tu Niu, you are too hypocritical! Since you have called your master, your master must take care of your business to the end!"

After speaking, he put his arm around Suzi and walked towards the hospital.

Suzi's heart suddenly settled down.

Although Joan always ridiculed her with words, in this city, Joan rescued her again and again.

In the ward, Huo Jianshan had a shocked expression when he saw Joan come in with Suzi in his arms.

"Young Master Ling, you... aren't you guarding the spirits for Fourth Master Fu's mother and your little aunt? Why... why are you here?" Huo Jianshan was scared with a white hair.

He was not afraid of Joan.

A young man with a hairy head, a rich second generation with no abilities, Huo Jianshan is afraid of what he will do!

But Huo Jianshan was afraid of Arron.

The outside world knows that Arron almost wiped out the entire Fu family. Joan's mother was Arron's little aunt. The Chu family had never confronted Arron in the past. Coupled with the protection of Fu Hengsheng's father, Arron not only let it go. Little aunt's family. He also agreed to his grandfather's request to protect the Chu family and his cousin.

How could Huo Jianshan dare to offend the person Arron confessed to protect?

"One million, right?" Joan asked.

"No, Mr. Ling..." Huo Jianshan stammered.

"My woman!" Joan raised her arm and hugged Suzi tightly: "Huo Jianshan, listen to me, Suzi is my Joan's woman! From today, you dare to trouble my woman for a little bit. You can't live with me, Joan, or with my Chu family. In other words, you are deliberately having trouble with the Fu family and my fourth brother Arron!"
