

Chapter 131

You are a pregnant woman with a child whose father is unknown in her belly.

And he, should he be engaged to Lanita and get married recently, right?

Suzi, you can't miss him!

One afternoon, Suzi sat in a café so painfully, alone in a daze.

The shadow of Arron kept flashing in his mind.

Suzi didn't notice it at all, and Arron was sitting there with a cold face on a deck opposite her coffee deck, which was blocked by a large cylinder.

She was smiling at Joan just now, and he saw it clearly. The hands were involuntarily clenched and loosened, and then clenched again.

The knuckles were all squeaked by kappa.

Tomorrow is the day when she and him agreed to divorce. When the divorce was about to happen, the man was sitting here, watching her and Joan Qingqing, me and me.

She sat here without moving all afternoon, and he didn't move either.

In the evening, Suzi left the coffee shop, and Arron also left. When he got in the car, Christopher asked him: "Siye, I saw the person coming out of the cafe just now. It seems to be Miss Shen?"

Christopher was sure that the person must be Suzi.

It's just that since Shanna's death, every time Christopher talks to Suzi, Suzi doesn't care about Christopher, and Christopher doesn't find it boring anymore.

Turning around, Christopher saw his grandfather's face glowing with green light.

Christopher almost blurted out: "Master? Wouldn't someone give you a cuckold? But it doesn't seem to be the case? Miss Lanita has always been strictly controlled by you, and she dare not go out of her natal house. , Is it possible that you were cuckold once you entered a coffee shop and saw Miss Shen once?"

Christopher was just so mad in his heart, but he didn't dare to say anything. Arron commanded with a dark face: "Drive!"

"Yes, Fourth Master." Christopher drove away.

Here, Suzi also returned to her rental house.

The rental house was still in the bungalow in the slum she had rented two months ago. In the past, she only rented a bed, but now she rented a ten-square-meter hut for 600 yuan a month.

The place is small, but Suzi lives very comfortably.

This is also a small home for yourself.

While finishing the room, a figure stood at the door, and Suzi turned around and saw Lanita standing at the door.

"Why are you here!" Suzi felt annoyed to death when he saw Lanita.

The Lin family are like dog-skin plasters, they can't get rid of them.

Lanita triumphantly said: "Suzi, I guess you must want me to find you? Or you would definitely not rent the original place. Since you still choose to live here, of course I will. I will find you."

"What's the matter!" Suzi asked.

"Can't I come if it's okay? After all, you are the adopted daughter of our Lin family, I should call your sister." Lanita smiled triumphantly.

"Say it!" Suzi's patience was limited.

"Suzi, you stabbed the old man Huo Jianshan and he could not find you, but he found us!" Lanita looked at Suzi fiercely.

Suzi was angrily laughed: "Huo Jianshan is looking for you to do my A55! Do you want to tell me that Huo Jianshan insulted me in public and brought me to the private room. You instigated it? Okay, I'll call the police now!"

"You!" Lanita bit her silver teeth angrily. After a few seconds, she smiled again: "I didn't come to you because of Huo Jianshan's affairs. It is the Fu family's business that the old things do not give up. Er. I want to tell you that tomorrow, I will have an engagement banquet with Arron. Tomorrow I will become the Fu family."

Suzi couldn't help taking a step back: "What?"

Chapter 132

Lanita looked at Suzi with an extremely arrogant smile: "!! Tomorrow! I am going to be engaged to Arron! And you! You, a counterfeit, shamelessly occupied my husband for two months! Was Huo Jianshan insulted in the street? This is you The retribution! The hateful thing is that you stabbed the old immortal.

There is still Young Master Ling to protect you!

Suzi, you can't harm my husband now, you turn around and go to harm Young Master Ling again, right? "

Suzi forced himself to calm down, and then smiled at Lanita: "Congratulations on your engagement tomorrow. As the adopted daughter of the Lin family, I will be there tomorrow and I must go and bless you."

"You dare to go!"

"If you don't get rid of me, I will dare! I have been forced to do nothing, what dare I!" Suzi glared at Lanita fiercely: "Tomorrow at your engagement banquet, I will It is said publicly that the child in my stomach is also Arron's. I saw who was ashamed of the engagement scene when I saw it!"

"You..." Lanita pointed at Suzi and cursed, "You are shameless."

"Get off now! I'll go if you don't." Suzi looked at Lanita coldly.

Lanita ran away.

The engagement banquet with Arron was something that Lanita had been looking forward to for two months, and she had only expected it after two months of fear. She didn't want to be ruined by Suzi again.

Suzi, who was sitting alone in her small rental house, also sat on the side of the bed angrily, tears streaming out, she gritted her teeth and clenched her fists on the pillow.

He picked up his cell phone and pressed Jarod's cell phone.

Suzi wanted to ask Jarod what his deep hatred with Suzi was. The whole Lin family wanted to frame her again and again, but when the phone button was pressed, Suzi hung up again.

She didn't want to provoke Arron, because that would cause trouble for Joan.

From now on, Suzi just wants to stay with Joan and live his life well.

This night, Suzi did not sleep well. She had a lot of dreams. Sometimes when she was in jail, she suffered from all kinds of hardships, there was the fuzzy figure of the father of the child in her stomach, and there were also a month or two that she spent with Aunt Xia.

More of it was the few days when Arron had only warmth to her, buying clothes for her, buying a computer for her, and treating her as a younger sister.

In her dream, there is only no Joan.

However, this does not affect Suzi's attitude towards Joan from now on.

Sunday the next day.

Suzi woke up early and cleaned up a small room that was less than ten square meters. The room was so big that she swept it three or four times. The neighbor's aunt looked at her repeating work and asked her: "Ms. Shen, what's wrong with you? You are? Isn't there something on my mind?"

Suzi replied mechanically: "He is engaged."

"Who's engaged? Your ex-boyfriend, oh yo, you look like a brokenhearted lover, the little girl is so pitiful, it's okay, there will be better guys waiting for you in the future, no It's uncomfortable, ah!" The aunt kindly persuaded Suzi.

Only then did Suzi recover, his face flushed instantly.

She squeezed a smile at the neighbor: "No, auntie, it's a sister of one of my relatives who got engaged today. But I can't go back and celebrate for her. It's in my hometown."

The aunt smiled and said nothing.

Suzi spent the whole morning agonizingly, and was restless all the time.

I always thought in my heart, Lanita is wearing an engagement gown in a large and luxurious hotel in this city, accepting guests' blessings with Arron?

At this moment, Arron and Lanita did hold an engagement banquet in a certain hotel, but this hotel was not as luxurious as Suzi imagined, but the same as when Arron and Suzi were engaged.

The hotel they are in is very small.

The number of guests who came to celebrate was as few as three or four tables.
