

## Chapter 43

Third point of view

Lily look at Asher a little startled. Asher looked back at her furiously, he couldn't stop thinking about that boy Niall, his hands around his woman, touching her when that's only for him to do. But he had to go and f\*ck everything up, instead of fighting for her like he wanted to, he tried to let her go for her own good. He thought she would be better off without him, get someone who could give her the world. But he couldn't, he was selfish, he wanted to be the only man who could give lily those things.

He didn't like the way that Niall guy was touching her, just thinking about anyone but him touching her made him seethe with rage. With that thought he stomped towards Lily with a determined look. *fck staying away from her, that girl is my everything and I'm going to fcking fight for her no matter what!*" Asher thought as he stopped before Lily.

Lily looked up frightened as Asher shoved her on the lockers. Closing her eyes and waiting for what would come next....But was only shocked to feel his soft warm lips on hers. She tried to fight it but it was useless. She k!ssed him back with as much desperation.

Asher bit my lips and I couldn't help but let a moan slip from my lips. Grabbing my a\$\$ he hoisted me up making me wrap my legs around his waist. He pressed his body closer to mine making me feel every inch of his hardened manhood. Letting out a soft gasp at the feeling I broke away from the k!ss to look directly in his eyes.

They were filled with lust and love something I thought he didn't have for me anymore. I let out a moan when I felt him grinding onto me. He smirked in

satisfaction at making me lose control. I gripped behind his head tugging at the hair making him groan in pleasure. I too gave him a smirk of my own. He smiled before going back to k!ss me. The k!ss soon became heated, both of us fighting for dominance.

I moaned when I felt his hands touching my breast and rested on my bra. With a swift tug Asher ripped my bra off clean and left me bare. My nipples hardened from the cool air and I couldn't help but glare at him for tearing my favorite bra. He just gave me a smirk before sinking his head to my nipples and started suckling them like a starved dog.

I couldn't think properly as I threw my head back in pleasure whispering his name. I knew we should stop but I couldn't. I missed being close to Asher and I couldn't help myself from giving in to him so easily. He let go of my nipples to lift up my skirt to my waist, leaving my lace panties on display.

He bit his lips as he stared at my panties giving a satisfied groan. He looked back at me his eyes more heated than before. He started to unbutton and unzip his pants, his eyes never leaving mine. I was breathing hard waiting for what was to come next. Freeing his manhood he pushed my panties to a side, with one swift move he was inside me, filling me with his enormous size. We both gasped of pleasure from the feeling.

He pulled me closer, pressing me to him as he pulled out until his tip alone was inside before slamming back in. Moaning out loud I started matching his movements scraping my nails down his back as he pounded into me restlessly.

"f\*ck Lily!" He groaned throwing his head back in pleasure. He looked back at me before k!ssing me softly. Making sure I feel every emotion in the k!ss.

"God I miss your pussy so much" he whispered on my lips as he continued to pound into me. I moaned when he hit my g spot making me clench around him and making him moan in pleasure. He was breathing hard as he kept up his pace never slowing down as he took me like I would disappear.

"Asher please don't stop" I whined as I felt myself get closer to my orgasm.

"Say you're mine Lily" he grunted out. I shook my head no, making him stop to look at me in anger. With a glare he started back pounding into me harder as he started rubbing my clit.

"Say you're f\*cking mine lily! Only mine!" He growled.

"I'm yours Asher, only yours!" I submitted as I climaxed onto him. I clenched his d!ck still feeling myself cumming. Asher let out an animalistic growl as he too came feeling me with his warm cum. Pulling out of me softly he rubbed his d!ck at the entrance to my clit before pulling it away. He put my panty back in place both of us trying to catch our breaths.

He was now hugging my body close to his as he nestled his head on my shoulder. The bell rang making us jump back in fright and looked at each other. Finally coming back to reality I forced Asher to put me down. I couldn't believe I gave in so easily. I'm so f\*cking disappointed in myself.

"Baby.." he tried to say pulling his pants up. I cut him off though

"Don't f\*cking baby me Asher" I said madly. Still angry with myself for giving into him so easily.

"Lily please let me explain" he pleaded zipping his pants in a rush. We both know that any minute the students would be back to get ready to go home. So with that I too rushed to put back my shirt and pulled my skirt back down. I could still feel his cum inside me slipping to wet my panties.

"You had the chance to, but you were too much of a pussy to do it" I retorted turning around to put the unused p.e uniform back in the locker.

He sighed sadly "I deserve that, but. ."

"No f\*cking butts Asher I don't want to hear anything you have to say, so please stop" I yelled out frustrated. I knew what ever conversation we would have I would take him back in a heart beat, but I didn't want to give in so easily anymore. If I'm worth it for him he'll fight for me no matter what.

"You didn't seem to want me to stop awhile ago" he pointed out when I turned to face him again

"What we did was a mistake, something that will never happen again" I lied smoothly. It hurt to even say that to him but I wanted to hurt him like he hurt me.

"You don't mean that lily" he whispered sadly his eyes moistened with unshaded tears. He tried to reach out for me but I side stepped him and walked towards the door.

I turned back to face him "yes I f\*cking do," I lied

Before closing the door I looked at his tear filled eyes before saying something "why don't you go back to your wh0res you've been entertaining earlier" I told him referring to the girl earlier. Upon my words Ashers eyes turned full of regret before he let out the tears his been holding. With that I closed the door with a bang and walked away.

I walked out of the school as quickly as possible and spotted Niall by his car. Running up to him I nearly tripped on a stone making some lingering students laugh at my expense. Childish mother f\*ckers. I thought as I made my embarrassing walk to Niall who lifted an eyebrow at my presence.

"You look like you just got banged" he teased as he glanced at my state.

"What no I don't?" I said well more like asked uncertain as I passed my hand through my unruly hair. I felt the disheveled strands as my finger tugged at some knots.

Niall chuckled "Your hair is a mess and your shirt is inside out" he pointed out. My hand automatically went to my shirt as I tugged it and looked around at the prying eyes of the other students.

"Oh shit" I muttered once I realized that indeed it was inside out. Gosh this is embarrassing. I pulled down my skirt suddenly feeling self conscious and pulled my shirt higher as I saw a little bit of my boobs peaking out.

"You also have a lot of love bites" he pointed out again louder than needed making me give him a lethal look. If looks could kill he would have been dead right now. Maybe I can arrange that.

"Shut up don't point it out" I hissed I'm gonna kill Asher

Niall suddenly looked at something or should I say someone behind me before looking back at me briefly "Looks like someone is looking for you" he said hastily

I looked around quickly before spotting Asher's broad figure approaching, he looked furious. I looked back at Niall panicked "can you give me a ride?" I rushed out already opening the passengers door. I don't want to talk to Asher right now, he looks like he could spank me right there.

"Uh sure, come in" he said sarcastically before chuckling at my desperate expression.

"LILY!" I heard Asher's booming voice yell in rage. I could see his fast approaching figure and my stomach clenched in nervousness. He was now running to reach the vehicle making me gulp in fear. I promptly put on the seat belt and closed the door, making sure to lock it before he tried to pull me out himself. I wouldn't put it past him, the dude is capable of doing anything.

"oh shit drive!" I yelled at Niall slamming my hand on the dashboard. He let out a snigger and started the car before dashing out of there. I let out a sigh of relief as I saw his disappearing figure.

"Looks like you guys like it rough" he suddenly joked. He glanced at me quickly wiggling his eyebrows in mockery before looking back at the road.

"Shut up Niall" I groaned embarrassed and blocked my face with my hands. I squirmed uncomfortably in my seat. Can't the seat just swallow me whole?

"Where should I drop you off?" He asked after an awkward moment of silence. I finally took my eyes away from the civilians who were strolling around freely.

"My dorm room" I answered. I stared at nothing in particular as my thoughts shifted to Asher. Why did he wait so long to talk to me.....well more like seduce me and make me weak to his advances. My thoughts were interrupted by a clearing of a throat.

"So when are we going to meet the parents?" Niall asked trying to make conversation. He glanced at me sideways waiting for my answer.

"I'm thinking about going tomorrow since school has closed today" I told him uncertain. I would of jumped up and down and celebrate for the break but just the thought of knowing that soon I'll be meeting my dad and half sister had me in a foul mood. I was already regretting agreeing to even meet up with them. I'm just doing it for mom

"Yeah that sounds good" Niall nodded in agreement as he bobbed his head to whatever that was in his thoughts. Probably a song since he started humming the sound. I raised an eyebrow at his weirdness before shaking my head. Why do I have such weird friends?

"Okay well you'll come pick me up around 8 am and we'll leave then " I continued talking letting him know of our plans. I really hoped he would come

early because I really didn't want to stay any longer than necessary in Sonia's presence.

I let out a quiet groan as I thought of having to even be near her tonight. To bad Noel and Rose are leaving in a few hours or I would have crashed at their place. They had to leave early since the drive is long, hopefully they would reach safe.

"Sure no problem " Niall agreed and pulled the car over to stop at the dorm room building. I unbuckled the seatbelt and got out.

"See you tomorrow " I waved before closing the door softly. Niall smiled and let the glass down on the passenger side.

" can't wait to meet the parents " He winked and drove off leaving me to look at the disappearing car. I shook my head and tilted it up to look at the tall building. I didn't exactly want to enter but I had no choice. With a sigh I forced my feet to move.

It was currently a few minutes after I was settled on my bed that I heard footsteps stop by my door. It couldn't have been Sonia because she would have unlocked the door right now since she does have a key.

My eyebrows knitted in confusion as I waited for the person to do something. They didn't disappoint when they started knocking. I got up and headed to the door.

"Who is it" I asked as I leaned on the door waiting for the person to answer. My breath hitched as I heard his hoarse voice. It was Asher and from the sound of his voice it sounded like he just stopped crying.

"Lily please open the door" he said desperately

I sighed "No Asher go home" I didn't want to have a repeat of earlier. It was embarrassing enough that I gave into him easily.

"Have you moved on with that asshole Niall?" He asked angrily. If I didn't know any better he was jealous and that made me giddy. But I refrained myself from giving into him easily.

"If I did I wouldn't have slept with you earlier" I answered, annoyed that he would even think I could move on from him so quickly. I'll admit I did try to see Niall as something more than friends but the thought grossed me out to think of other boys that weren't Asher in that way.

"I'm sorry Lil, it's just that I can't imagine you with anyone else but me " he whispered in a broken voice. His words left me speechless and I struggled to compose myself.

"Please just give me another chance" he said after awhile of me not responding

"I have given you plenty, you need to work harder this time, I'm not forgiving you that easily" I told him but it felt like I was reminding myself that

"I know I have to, and I'm willing to do anything possible to gain back your heart. I'm never letting you go ever again." He said in a determined voice. Who said you ever lost it?

"Asher please go home, Sonia could arrive here any minute now and I don't want her to see you here, I don't want drama right now" I said as I looked at the clock on my nightstand. I didn't want Sonia to see Asher here, who knows what that she devil would tell everyone.

"Okay baby, just please don't give up on me. I love you Lily" he said and walked away before I could respond. I heard his retreating footsteps before I whispered I love you too Asher for my ears only. I sighed before going back to bed.
