

Chapter 1045

"You...you ba5tard! I have raised you for so many years! I shouldn't have given birth to you! I knew you were such a ba5tard, and I should strangle you as soon as you were born! Why are you so cruel?"

"I ask you why you are so cruel. It is not a fatal thing to ask you for a kidney, but you are unwilling to save your sister's life! Why don't you die! You die now!"

Jarod held the mobile phone and yelled at the receiver viciously.

Because of his resentment, his hands with the phone were particularly hard.

As soon as he exerted force, the wound of his severed finger became painful.

Saw my severed finger. Jarod suddenly thought that his finger was broken because of Suzi.

Thinking of this, Jarod, who had a sense of compassion for Suzi five minutes ago, suddenly became extremely disgusting Suzi.

It is extremely disgusting that this daughter who has been abandoned since birth and has no affection at all.

On the other end, Suzi almost broke his teeth: "Jarod, don't worry! Even if I die in this life, Suzi, I will stab my own kidney, I will definitely not leave it to Lanita! A family of three will die this heart!"

Jarod: "..."

"Have you found a reporter? Did moral kidnap me? Come on, I'm not afraid, anyway, I'll die!"

Jarod: "..."

Before he said anything, Suzi had already hung up the phone.

This will make Suzi the only one in the room.

Lilly was coaxed to sleep by Sister Li, after all, he didn't sleep overnight at random.

And Arron, sitting in the study, urgently dealt with the reporter incident just now. He wanted to block all the news, and it would not spread out at all. This workload is very heavy. Arron's cell phone hasn't stopped before, hang up and call in, hang up and call in.

This disfigured, Suzi was sitting in the bedroom alone, she just drank the lotus seed soup that Sister Li made for her to clear away the heat and promote the lungs.

When I saw everyone taking care of themselves, even Galia and Rayna were unable to go to work, and were tired by myself, when I saw that Darius had openly fell out with Elder Shu because of his own affairs. At that time, Suzi's hatred for Jarod's family of three could not be described in words.

This moment.

No one happened to be in the bedroom.

Suzi took out his mobile phone and cursed Jarod.

Suzi has collapsed and can't collapse anymore. If she used to, she would definitely be able to figure out a good way to deal with Jarod.

But now, she was so annoyed that she could only curse, madly curse.

After scolding, she hung up the phone and broke down in tears.

Bleeding came from clenched hands.

Arron pushed the door in, and saw Suzi like this. He held Suzi in his arms: "Don't cry, leave it to me, I will handle this matter to me, I will definitely handle it. It's not a reporter. No matter how they report it, it will not be searchable on the Internet."

Suzi cried and threw herself into her husband's arms: "Arron, I hate them! I am really scared. I will meet so many reporters when I go out tomorrow morning. If that happens, I will really be crazy! "

Arron hugged Suzi, and gently comforted: "No, no. Go to sleep, you are sick and need a rest. Only when you are healthy can you deal with them."

Suzi went to sleep obediently.

This night, she had a dream again.

He didn't have nightmares anymore.

She dreamed of her mother.

Mother called her over and over again.

Suzi opened her eyes until she woke up Suzi. She seemed to be able to hear the shout. The voice was extremely gentle: "Suzi, my Suzi, my mother didn't see you, my mother didn't want to drag you down, but mother I don't want to be too far away from you, tell mom, what difficulties have you encountered?"

Suzi suddenly sat up from the bed, she looked around: "Mom..."

Chapter 1046

Suzi hasn't seen her mother for ten years. Sometimes, her mother's voice and smile, no matter how she thinks about it, she can't remember it in her mind.

Sometimes, the mother's voice and smile are very clear and vivid.

Suzi wanted to seize that moment very much.

However, that moment was only fleeting, and what was replaced was still a vague memory in front of me.

Suzi sighed and got off the bed.

Her body is still weak, but her spirit is much better than the state of collapse yesterday.

Suzi, who had recovered his calm, first thought of his daughter Lilly.

At the thought of her daughter standing up to protect her mother, Suzi gritted his teeth and wept.

She must be strong!

Coming out of the bedroom, she took out a simple and capable clothes to put on, and then went to the children's room.

The little girl didn't sleep much the night before, so she slept very early yesterday, and she still sleeps sweetly with a small butt.

When Suzi called Lilly to wake up, Lilly opened his eyes and raised his small hand to touch Suzi's forehead and nodded to himself: "Well, it finally stabilized and won't burn anymore."

Suzi smiled and said, "Little soldier, mother, thank you for taking care of me."

Lilly asked in surprise: "Mom, are you sad anymore?"

Suzi fist-bumped with her daughter, and said firmly: "With my daughter to protect me, our mother and daughter will kill the ghosts, and the devil will kill the demons!"

Lilly: "Hmm! I am my mother's little warrior!"

"Get up baby!" Suzi chose Shen Sole to choose a little warrior-like clothes for her and put it on for her.

As soon as the mother and daughter came out, they saw Sister Li who was serving breakfast from the kitchen to the dining room.

Sister Li saw that Suzi got up and shouted in surprise: "Madam, you... why are you up? Your body is still empty, why don't you lie in bed and rest? Go and lie down for a while. I'll take it in for you."

Suzi smiled: "I don't need Sister Li, I'm fine now. I have a daughter to take care of. I want to send her to kindergarten. I still have to work. I can't always lie in bed."

Hearing Suzi's words like this, there were some embarrassed and sympathetic expressions on Li's face.

Suzi saw it: "What's wrong with Sister Li?"

Sister Li warmly advised: "Madam, although when I went out to buy food this morning, there were no reporters at the gate, but they might hide in the corner because they didn't know me. ..."

Aunt Li looked at Suzi distressedly: "If your wife, if you go out, if you are blocked by those reporters again, what should you do? You'd better not go to work recently, your wife, those people are crazy dogs."

Suzi knew that Li's wife was doing her best.

She really broke down in the battle yesterday, but then she saw Suzi's heart broken when she saw the only six-year-old Shen standing in front of the reporters.

At that moment, how brave Lilly was, there was so much fear in Lilly's heart.

She is only six years old!

How can I bear it!

Therefore, Suzi, who had collapsed, was instantly pulled back!

She has to be strong!

She wants to be a role model for her daughter!

No matter what difficulties she encounters, she must not fall.

She can no longer let her daughter rush in front of her to protect her.

Suzi smiled at Li Sao indifferently: "Li Sao, I am not afraid of shadows. I can sit upright. I have a husband and a daughter. My health is responsible for my husband and my daughter. One part is my own. I don't want to give it to anyone, don't want to take it away!"

Li's eyes suddenly lit up.

Suzi continued: "That law stipulates that not saving people is an offence? What's more, using your own body to save people? Let those reporters report, even if those reporters are blocking me at the door, I have to send it. The only one to go to kindergarten, and I have to go to work!"
