

Chapter 1219 – 1222

Punished by His Love

Novel

Chapter 1219

The domineering little swan.

That's the sharp-hearted flesh of the Lord.

That was the girl the Lord looked at when she grew up. Her position in the Lord's heart is no one can do it.

Dalia is no better than Elma.

Even though Elden felt a lot of pain in his heart, Dalia who was a substitute for it, but he couldn't say anything.

He is just a bodyguard, that's a matter, the matter of the boss, the Lord, he can only act on orders.

At this moment, standing outside the cave, Elden looked at the people in the cave blankly.

An honest and honest man looked at him with unblinking eyes, while the woman in his arms shrank and shivered. Her big innocent and helpless eyes, with tears of despair, looked. Elden.

There was an old lady in rags beside her.

The old lady stood up unsteadily, blocking Dalia and Collin.

She said weakly: "Take me away. Take me away. You guys cut me off to vent your anger, okay?"

Elden: "..."

He couldn't answer, he just looked at Dalia.

Dalia looked at Elden with tearful eyes, her tone was extremely desperate: "I...I really don't owe Mr. Jun anything, I haven't taken his money, his one million is already I was taken away by his fiancée. Her fiancée hit me twice in a row and almost beat me to death."

"Why do you have to drive me to death?"

"Please, let me leave my life? I won't bother Mr. Jun. I will never see him again in my life. I don't want a penny from him. I just want to live. Please let me go. Good?"

Two big tears fell in her eyes, but she tried to squeeze a polite smile, trying to explain again and again: "I... really didn't take Mr. Jun anything and Finance. Really."

"I will never tell anyone in my life, I know him, no."

Dalia spared no effort to explain this, and her heart became more and more desperate.

She could even think that as long as Kraig took her back, she would definitely be tied up in front of Elma and let Elma personally execute her.

No!

She doesn't want that.

She has to live.

She has a baby.

Dalia looked at Elden with begging eyes.

At that end, Elden's heart was cut like a knife.

He solemnly said to Collin: "Madam is a good person. I hope you will treat her well in the future. Don't let her suffer. Madam is accustomed to being pampered. She can't do hard work, you remember."

Collin: "Hey, hey, okay, I must not let her do anything."

Elden turned and left.

After walking for a long time, he started signaling to contact other people.

Half an hour later, several people searching the mountain all went down the mountain.

At the foot of the mountain, beside the highway, Kraig was standing outside the car and walking back and forth. Most of the people he sent out came back and searched for nothing.

Only Elden was the only one who entered the mountain with few people. Therefore, Elden and a few brothers came back the latest.

Kraig pinned his hopes on Elden.

"Is there any sign?" he asked before opening his mouth.

Elden could even hear that Kraig was looking for someone, and his voice was dumb.

So, at this moment, he said with great regret: "Master...I have checked the whole mountain, and indeed there is nothing, Master, would they have taken a motorcycle or something? Escaped from the mountain road?"

Kraig: "..."

Chapter 1220

Seeing that his boss's face was covered with an extremely strong and ruthless color, Elden was even more certain that his boss was bound to give Dalia to the corpse.

He couldn't help but feel chills for the nameless lady.

Elden thought about men's hearts, why are they so cruel?

At the same time, he admired his boss for his decent fiancée Elma's loyal love.

Elden himself sighed in his heart: "A man can be no matter what woman he sleeps, but his heart is only given to a woman. Such a man can be regarded as the seed of infatuation and dedication. Such a man must be a good man. It's just that Dalia really ruined that nameless lady."

Thinking of the poor woman, Elden said again: "Master, maybe the person is still in the county where we were investigating. According to the doctor, she should not go far. Maybe we missed the investigation. Where is it?"

Seeing what Elden said so sincerely, Kraig said very tiredly: "Let's go."

Elden: "Go...where to go?"

"Go back the same way! Go to the county to investigate again, don't miss a toilet." Kraig said.

Elden: "Yes! Lord Lord!"

After a pause, he again cautiously suggested to Kraig: "Master, brothers are all a little tired looking for, let's whistle the flute for a few minutes to refresh the brothers?"

He just wanted to give a hint to the three poor people hiding on the mountain.

Tell them that Kraig has left.

Kraig said weakly: "Having the flute for a few minutes, don't affect the rest of the people in the mountains."

Elden: "Yes! Lord Lord."

Yubi, he gave an order, and a group of cars turned around and honked their horns at the same time.

The whistle sounded throughout the valley.

And drifting away.

Dalia, Collin and the old mother in the cave immediately understood that it was Kraig not searching for the mountain.

Kraig is gone.

He finally left.

Dalia knelt weakly at the entrance of the cave, and Shuangsou said to the outside: "Thank you, brother Elden, thank you for giving me a way to survive."

Collin behind him asked: "The person who put us is called Elden?"

Dalia cried and laughed: "I used to see his wife when he gave birth to a baby. I didn't expect him to remember me all the time."

Collin immediately said with emotion: "Good people still have rewards, and we will be safe forever, Shanshan."

Dalia hugged Collin, crying and said: "Dashan, we are out of danger, we don't have to wait to die anymore, Kraig is back, oooooo...we, let's go down the mountain and find food, I Almost starving to death, are you and your mother hungry too?"

"Go, let's go down the mountain, stop the car, and then find the county town to buy food." Collin also cried with joy.

On the highway, because there is no strict inspection by Kraig, a lot of vehicles pass.

After half an hour, Dalia, Collin and the old mother stopped a truck and headed straight to the next county.

Eating is the most important thing.

Dalia used to chew slowly, but this time, she turned out to be like a migrant worker on a construction site. She didn't wash her hands and face, and gnawed a bit of beef in her arms.

She eats very fragrant.

Both the old mother and Collin looked at her.

They are also hungry, but they are not as charming as Dalia.

Chapter 1221

After all, it is a woman who is pregnant with a child, not the same.

After eating and drinking, they took a taxi again and officially set off back to Collin's hometown.

When he sat in the car again, Dalia's heart became calmer.

She nestled warmly in Collin's arms, and the tone of her speech was a feeling of passing time: "Collin, in fact, Kraig has always been very good to me. When I lived in his house as a maid, he I have never treated me badly, and the treatment given to me is the best among the maids."

Collin lowered her chin, "You are a good woman."

Dalia still said: "It was me. At the beginning, I was wrong. People didn't treat me well, but I relied on him. Later, when he gave me beautiful clothes and took me out, I forgot. In fact, I have always been a maid. When he is willing to drag me and hold me, my status and status have risen."

"But he won't forever

Drag me and hold me. "

"One day, he didn't want to drag me and hold me. My status and status was like a dream. I fell from a height without falling to pieces. It was my life."

"So Dashan, I will never have that kind of wishful thinking again."

"It is important for a person to have self-knowledge, and for people to be independent, it is not a correct outlook on life to rely on anyone."

“When I return to your hometown, I can’t be idle. I’m looking for a job. We will create a home for the future together, okay?”

She looked at Collin tenderly.

Collin also said mildly: “You are pregnant with a child, I’m afraid you will work hard.”

Dalia shook his head: “It’s not hard work, but I feel very proud. I have a friend named Suzi, who borrowed 10,000 yuan from this friend of mine. Her previous experience and encounters are no better than mine, but she always All are self-reliant.”

“Until today I finally fully understand where the charm of her comes from.”

“She doesn’t rely on anyone, even if she begs for food, she survives by herself. She is not humiliated or humble, because she owes no one.”

Hearing Dalia’s words, Collin couldn’t help but said: “I really want to see your friend.”

Dalia’s expression dimmed immediately: “I don’t know if I can see Suzi again in this life? Maybe, many years later, Kraig and Elma got married, and they let me go when they died. I can go to Nancheng to visit Suzi and pay her back.”

Collin nodded and said, “Well, there must be a chance. You can go to bed first. When I get there, I call you. You haven’t rested for a few days. You need to rest.”

Dalia nodded: “Okay.”

She fell asleep soon.

However, the sleep is not stable.

Because she had a dream, in the dream, she stood in the mist and couldn't find her way, she was terrified.

She heard Kraig calling her, calling her: "Ashan, Ashan, where are you?"

Tears flowed from the corners of Dalia's eyes.

There was a pair of generous hands wiping tears for her, and the voice was gentle and kind: "Go to sleep, we will be calm in the future."

Dalia leaned in Collin's arms again, and she finally fell asleep, this time there was no dream.

On the other side, in fact, in the county where Dalia once stayed, Kraig really called Dalia over and over again: "Ashan, Ashan, where are you? Don't hide from me anymore, come home with me. ..."

Kraig hasn't closed his eyes for two days and nights.

His eyes were red, and he fell asleep while sitting in the car.

He had a dream. In the dream, he watched Dalia walk back and said to him in terror: "Mr. Jun, let me go. I will never look for you again. I know I was wrong. Please Mr. Jun."

Kraig said guiltily: "Ashan, what are you talking about? Why do you call me Mr. Jun, I am your husband, your husband! Go back with me, we will go back to Kyoto immediately, and I will give you one For weddings that have attracted the attention of the world, I have long since fallen in love with Elma. I love you, Ashan."

"Lord! Lord! Lord Lord! You...what did you say?" Elden, standing outside the car, shook Kraig up vigorously, asking in a very offensive tone?

Chapter 1222

Waking up by his subordinates, Kraig immediately took out the guy he was carrying and touched Elden's head: "You fcuking don't want to mess up! You interrupted your father's dream! Ye is dreaming, dreaming, you know! My dream !"

His dream.

He can see his Dalia in his dream.

Such a gentle and well-behaved woman, the woman who devoted herself to her, and who was extremely clean in body and mind.

She was pregnant with his child, she stood up awkwardly, stepped back, crying with tears on her face.

Kraig was just one step away from being able to put the woman in his arms and never let go of her again.

However, his dream was awakened by Elden!

Kraig yelled at Elden unreasonably: "You accompany me in my dreams!"

However, even if he touched Elden's head with a guy, Elden still asked him in a deadly offensive tone: "Master, you...you...what did you just say? Say, you want to marry that woman as your wife? You said you don't love Miss Qiu? You said the woman you love is Du...Du...Miss Du?"

Kraig: "Are you fcuking looking for death! A Shan has been with me for so many years, isn't it worth my love for her? And you! Your wife was pregnant! I didn't expect to see your wife and children , Ah Shan insists on going!"

Elden burst into tears suddenly.

Kraig: "..."

The man outside the car knelt in front of Kraig with tears: "Master, Lord Lord! I am damned! I am damned! You...crash me, you'll die me now, I'm damned! ..."

His cry was loud.

Attracted a lot of side bodyguards.

Kraig immediately asked: "What's wrong! What happened?"

Elden closed his eyes, and said with great regret: "Master, I...When we searched the mountain, I...I saw Madam."

"You! Say! What! What!" Kraig suddenly grabbed Elden's shirt and asked viciously.

"At that time, Madam, she... her face was begging for my gaze. She almost knelt down with me. She said that she would not disturb you in the future. She said that she apologized to you and Miss Qiu, and only hoped You leave her a way out."

Kraig: "..."

"Madam said, Qiu...Miss Qiu almost beat her to death twice, should she be relieved?"

"She begged me to give her a way out. She was already hungry, and her eye sockets were sunken a lot. I...Master, I looked at Madam and she was really pitiful, I... .. When Madam went to see my newborn child, my daughter-in-law and I have always been grateful to her..."

"So... I see her like that. I really can't bear it. I can't bear to take her back and let Miss Qiu take a breath of anger. You know Miss Qiu's temper. She has

been abroad all these years. I saw her dealing with those who are not pleasing to the eye with my own eyes, all...”

“So, I really can’t bear to catch my wife and hand it over to Miss Qiu. I just...”

“I came down the mountain to tell you that it was a fake that the search mountain didn’t find it. I told you that the brothers are all sleepy, and I honked the flute for a few minutes to refresh myself, just to let the lady know that we are gone, so that they can escape.”

“I...I really don’t know...Master, you...The person you love turns out to be your wife. I don’t know if you asked her to go back and marry her. “

“I thought you were going to hand her over to Miss Qiu. You have always spoiled Miss Qiu before.”

“Master, I D*mn! You kill me now! It’s me...I let the madam go.”

Kraig: “...”

He stared at the bold bodyguard in front of him dumbfounded.

His subordinates have always obeyed his orders very much, and have never disobeyed him for so many years. This is the first time.

It turned out to be for Ah Shan.

It seems that the kindness of that woman, the innocence of that woman, not only captured him.

She also impressed many subordinates around him.

At this moment, Kraig didn’t know whether to thank Elden or put Elden to death.

After a long while, Kraig laughed suddenly, and he laughed wildly at the sky in his extremely hoarse voice.

He muttered to himself: "Retribution! This is retribution!"

A woman who has loved him for so many years, a woman who washes his feet, pinches his feet, and cooks for him every day, a woman who has aborted him many times, and a woman who is pregnant with his child. Can let her go so lightly.

Chapter 1223

Kraig never wanted to recall the unfeeling and gloomy moment at that moment.

Isn't she stronger than Elma?

Kraig, you are covered by lard.

So, deserve it!

"Did you leave some money for her?" After smiling, Kraig asked Elden.

Elden: "..."

He went to search the mountain and wore a strong suit. Where can he hold money?

But at this moment, Elden dare not answer.

He knew that at this moment his father would definitely want to suffocate himself in regret.

“I asked if you left her with money!”

“No...no.”

“You ba5tard, why don’t you leave some money for her, why don’t you leave money for her, why don’t you leave money for her!” Kraig beat Elden madly.

Elden fell to the ground and said nothing.

Let his father beat him.

Tired from the fight, Kraig helped Elden up and asked him hoarsely: “Does it hurt?”

Elden said: “Master, this is actually not a bad thing. Only Madam, she is still alive, and we have narrowed down the scope. Now we are not looking for this part of the Northeast. From now on, we will keep silent and don’t have to be horrified. We will make unannounced visits.”

“One day, we will definitely find Mrs.”

Kraig nodded sadly: “Good brother.”

Elden said: “Leave this to me. I, Elden, will not find his wife in the second half of my life, and I will not come to see you!”

Kraig nodded: “Okay!”

He returned to Nancheng again after four days of searching for Dalia in the north.

Yes, Kraig returned to Nancheng, not Kyoto.

Although there is a gentleman in Kyoto who calls and scolds him over and over again, let him come back.

Although Kyoto also has a lot of official affairs waiting for him to deal with, but Kraig knows that these good brothers, Arron, will take care of him with full authority.

So, after four days, Kraig returned to Nancheng.

It was rainy this morning.

The sky is dark all day long, and under the music weather, people's general psychology is not so happy.

Suzi is too.

When she got up early in the morning, she worried a lot: "Arron, do you think my mother's old house will leak rain?"

"No, Mom's house has been renovated in all aspects. I bought her 18 million pieces of furniture. I'm letting her house leak. Am I looking for abuse?"

Suzi: "It's also..."

"But..." She began to worry about other things again: "In such rainy weather, do you say that Sister Shan... has a place to live? I don't know if Kraig has found him or not. Four or five days later, Kraig did not call back either. Eh..."

For some reason, Suzi was very worried about Dalia.

Maybe, the same experience.

How does Dalia's experience today resemble her six years ago?

Such an experience, which woman would like to go through?

When she was worried, someone rang the doorbell at the door. Suzi was standing by the door changing shoes. She turned around and opened the door.

The door opened, and Suzi stammered and asked: "You... are you a human or a ghost?"

Chapter 1224

Kraig smiled weakly: "You are a strong man in life, do you still believe this?"

Suzi looked at the man with a long beard covering his entire mouth, a smelly suit, messy hair, and a dandruff man: "You...have not taken a bath in half a month?"

Kraig said: "One week."

Suzi: "..."

"I didn't take a shower for a week, I didn't touch the bed for a week, I didn't sleep for a week, I didn't shave for a week, and... I didn't brush my teeth."
Kraig looked at Suzi with a laugh.

Suzi pinched his nose and looked at Kraig with disgust.

She couldn't believe that the man in front of her was the first time she saw him. With a gentle temperament, she suggested that he be a man in the construction industry.

"Have you found Sister Shan?" Suzi knew, and she asked it for nothing.

Kraig didn't answer, he only asked Suzi: "I'm like this, am I entitled to apologize to you?"

Suzi: "..."

"If you're still angry, I'll stand in the rain, and I'll count myself as my own if I get a problem, okay?" Kraig's tone was extremely humble.

Dalia has seldom contacted the outside world for so many years.

Dalia's whole mind was on his Kraig.

However, she made a friend of Suzi.

Facts have proved that Suzi is really worthy of Dalia's association and trust.

Therefore, Kraig came to apologize to Suzi.

At this moment, Suzi didn't know what to say.

She is not a person who pursues and beats people hard, and is not forgiving.

Besides, Kraig and Dalia are the two of them after all. As an outsider, she can't be too much trouble.

She sighed: "Mr. Jun, not finding Sister Shan is not necessarily a bad thing. Maybe Sister Shan is doing well now, but she just doesn't want to see you. So you don't have to worry about her too much."

Kraig raised his eyes to look at this quiet and sincere woman, his gloomy eyes suddenly lit up: "Suzi, I... I think so too. I have already deployed it. The northeast is so big, I spend In ten years, Sister Shan will always find you, right?"

Suzi rolled his eyes angrily: “You can be sure that you have no other women in the past ten years?”

Kraig laughed at herself and said: “A woman who has been with me for seven or eight years, who has done her best for me, and is pregnant with my child is missing. If I can still find another woman, what am I still doing? ?”

Suzi’s heart suddenly softened: “First...Come in.”

Kraig came in.

He gobbled up breakfast at Arron’s house, and then went to the Fu Group with Arron.

In the Fu Group, there is an office dedicated to Kraig and Arron. In those years, when Arron was looking for Suzi while expanding the company’s scale, Kraig came to help Arron solve many remote control problems. .

Two hours later, Kraig, who had shaved, took a shower and changed clothes, sat face to face with Arron in their office with a gloomy expression.

“Old Fu, you have been looking for Suzi for six years, why are you not crazy?” Kraig picked up the red wine on the table and drank it.

Arron said calmly: “If I go crazy, the two of them will really have nowhere to survive.”

Kraig: “...”

Arron is right.

If he didn’t find Suzi when he was looking for Suzi, but he himself went crazy first, then Suzi and the only one would really have no way to survive.

“Have you ever thought about giving up in the middle, when you can’t find it?”
Kraig asked again.

Arron shook his head and said to Kraig earnestly: “My mother has endured this kind of suffering for a lifetime, how can I make my child and her mother repeat the same mistakes?”

“What’s more, Suzi is the woman who saved my life.”
