

Chapter 259

Breakfast is mainly light, but it is also very rich and delicious.

Suzi felt that his appetite was a little bigger than yesterday, and the only thing he loved to eat these breakfasts.

"Mom, the breakfast at stinky villain's is better than our breakfast." Lilly, in front of his mother, restored the name of the stinky villain to Arron.

Arron has adapted.

When Lilly called her stinky villain, Arron didn't even blink his eyelids, only bowed his head and drank the porridge.

He didn't like words when he ate, so he ate it soon, and then looked at Lilly with a solemn expression: "Lilly, have you eaten well?"

Lilly nodded in shock immediately: "Well, I'm ready to eat."

"Have you finished eating!" Arron looked at Suzi again.

Suzi: "Alright."

After a pause, she asked worriedly: "Take me out, and... is it necessary to bring the only one?"

The man did not answer.

Just get up, change clothes, take a briefcase.

Suzi didn't dare to ask more, only took the only hand and followed the man downstairs.

Christopher was already waiting downstairs, and when he saw Arron coming down, he immediately said, "Four Lord, I have found several stores, and I don't know if the little princess likes it or not."

"What!" Lilly immediately became interested when he heard that it had something to do with him.

"Go to the company for a meeting first. There is an emergency meeting this morning." Arron received the email this morning about the hospitalized Mr. Fu. Several senior leaders in the company were once the top leaders of Mr. Fu.

He came to Mr. Fu to retire, and his father was on the throne. Those people still assisted his father. Nowadays, those people are older than their father, but they still refuse to retire and want to take power alone.

Arron wanted to take advantage of his grandfather's meeting in the hospital to take these people down in one fell swoop. The meeting was not long, and he was more vigorous and vigorous.

A group of veterans who had followed the old chairman to fight in the north and south were also taken down by Arron's work one morning.

Said it was won, but didn't treat them badly.

The pensions given to them are very generous for everyone. Those people didn't complain anymore.

These things have been done last night at ten o'clock in the morning.

Arron hurried out of the conference room and came to his office to see Suzi and his only two mother and daughter sitting on the sofa obediently.

"Go!" Arron said.

Suzi whispered: "Should... want the only one to follow? She is still so young and can't see those dirty scenes, I...I don't ask her to follow me, you just Let her play in your company, your company, you can rest assured, can you?"

Lilly saw her mother say this, and suddenly hugged her mother's leg: "No! I want to follow my mother, I want to follow my mother! uuu."

Arron: "..."

Every time, he wanted to blow this woman's head!

People always say that a woman is stupid for having a child for three years, and it has been six years, how could her reaction be so slow!

Is paste in my mind!

So stupid!

Arron bent over and walked out with only one stride. Suzi also tended to follow behind her. In order to prevent the only fear, she held the only hand. Such an image of a family of three can be seen in the entire Fu Group. It is a piece of praise.

In Suzi's heart, it was even more bitter than Huanglian.

Before arriving in the car, Christopher was already waiting outside the car.

"Four Masters." Christopher handed a stack of materials to Arron: "This is Nancheng International Kindergarten, this is Lantian Baiyun Kindergarten, and this is Xiaohongxing Kindergarten. These three kindergartens are the best aristocratic kindergartens in Yuncheng."

Suzi was stunned by the side: "You...are you going to send the only one to kindergarten?"

Chapter 260

"Yes!" Arron said coldly: "Although I am the only hostage, I can't keep her by my side every day. Don't I want to do anything? Show you the children, can you afford me this price? ?"

Suzi: "..."

"So, send her to kindergarten. As for the expenses, it is superimposed from your repayment of my debt. When will you pay the money, when will you and your daughter be free." Arron's tone did not have the slightest warmth.

Christopher behind him wanted to laugh several times.

But Christopher was suffocated.

Only Christopher knew how hard and hard it was for Siye Fu to look for Suzi. For six years in a daze, Siye had almost never rested. Once he had the opportunity, he would constantly look for Suzi all over the country.

For Suzi, he and Lanita retired.

For Suzi, Fu Siye made himself a forbidden bath system.

Therefore, after six years, suddenly I found Suzi and brought her to raise her. Master did not hang Suzi and beat him up, but just talked coldly to her like this. Christopher felt as if the Fourth Master had changed himself.

Watching Master get in the car, Christopher said solemnly to Suzi who was startled outside: "Mrs., you must not think about picking up the little princess and then running away. Then Master..."

Christopher was just a joke, but after he finished speaking, he heard Suzi say: "I will not run away again. I have already planned to confess to Arron in my

life. He can let my daughter go to kindergarten. I am very grateful to him, what identity I am, I know very well in my heart.

Assistant Yan, don't worry, I'm not the kind of person who doesn't understand.
"

Christopher: "..."

What is your identity!

Tell me, what is your identity!

You are madam!

The unique identity of Fu Group!

Don't make a mistake. If you make a mistake, you should suffer again...

Christopher just thought this in his heart, he didn't dare to say it. He was afraid of his crow's mouth. As a result, when he was waiting for Suzi to get in the car, he heard Arron say: "What's your identity? Tell me! "Gosh!

Christopher squeezed a sweat for Suzi.

Suzi smiled lightly and said: "A woman for you and your friends to play with." Obviously, after the intense struggle the night before, and the day before yesterday, Suzi has accepted this identity.

"Ha! Ha ha!" Arron sneered twice: "Very good! Get in the car!"

Suzi took the only and obedient person into the car.

Along the way, Suzi was speechless, and Arron was speechless, but Christopher and Shen Tongyi had a few words.

"Little princess." Christopher shouted.

Shen Only did not answer.

Christopher shouted again: "Little princess."

Lilly sighed: "Hey, why have you been calling me the little princess in the past two days?"

Christopher smiled: "Why, the little princess doesn't like this title?"

Lilly shrugged and said in an indifferent tone: "Like is like, but I am afraid that it will not last long, because it was only on my birthday before my mother called me like this. At the beginning, I also wanted my classmates Call me the little princess, but my classmates call me Xiaoyezhong."

Christopher: "..."

Arron: "..."

Suzi lowered his head.

Lilly continued: "They said I was a child without a father, and said that I followed my mother's name, so they thought I was not a little princess. Now I am going to kindergarten again, and I am afraid that my classmates will hear you calling me little princess. They laughed at me again.

As soon as they laughed at me, I wanted to hit someone.

As soon as I hit people, the kindergarten teacher would call my mother to criticize her.

Will..."

Speaking of this, Lilly looked at Arron: "There are still bad guys, and I must have my mother lose a lot of money..."
