

# Chapter 545

After getting off the plane, when he turned on the Internet for the first time, the reports on Suzi on the Internet were already like snow in the sky, and they were all insulting to Suzi.

Moreover, the wave after wave is like a series, but it is 10,000 times more exciting than the series.

Seeing such reports, Arron, who was sitting in the car at the time, pulled off his tie.

Christopher, the driver driving ahead, didn't even dare to breathe.

Since taking charge of the Fu Group, Arron has rarely become angry, and rarely has he been so calm. The fourth master of his own family has always been deserted, yet calm and relaxed.

Although he was a real murderous, he was coldhearted.

But Master never showed his anger outside.

However, seeing the hot search about Suzi sweeping the entire network with overwhelming momentum, Master was really not calm.

They did not come to this hotel the first time, but went home first.

When he got home, Christopher realized that the fourth master was going home to get his weapon.

Master with a weapon?

You know, Master never dealt with anyone by himself.

To what extent did he get angry today?

No one knew, Christopher couldn't guess how angry Master was.

Coming to the scene, as expected, the Fourth Master had solved several problems in his emotions and anger.

At this time, these reporters who made all the netizens of the whole network see Suzi, how will Master deal with them?

Even Christopher didn't know whether the Fourth Master would take a gun and give him all a dozen or twenty people in one pot in the next second.

However, Arron calmly looked at the reporters present, and said unhurriedly: "Continue to follow up the report." The reporters: "..."

Christopher: "..."

Seeing that no one dared to answer him.

Arron's face became cold: "Are they all dumb?"

One of the bold reporters asked tremblingly: "Four...Four Lord, you...what do you want us to report...what?"

"Do you have eyeballs?" Arron asked.

"Long...Long."

"What did you see!"

Reporter: "..."

"If you don't see it, it means that you have eyeballs but they didn't work. Since it's useless, then dig out your eyeballs." Arron said in a flat tone.

"I...I, I saw it." The reporter could only answer truthfully.

"Hmm!"

"I...I saw you let go of the four... the men who were good to your wife, and the women..." The reporter didn't understand, as Men, shouldn't they hate their rivals?

Especially for a king like Fu Siye who killed him for only a moment, shouldn't he be more cruel when facing his same s3x?

However, Master did not.

Is it really like what Fu Siye's assistant said, Siye...Fear?

The reporter was still thinking, and Arron had already walked away with his arms around Suzi.

The reporter looked at Christopher with a bitter expression: "Yan Yeer..."

"Yes, Siye is afraid of the inside, you report truthfully." Christopher dropped this sentence and went out.

## Chapter 546

Seeing Arron's arms around his wife and the assistant behind him, the three of them had already left the hotel. These reporters all looked at me and I looked at you.

Just escaped like this?

If it weren't for a wailing man in the small banquet hall, the reporters would really think this was a dream.

"Help, help me, take me to the hospital..." The man lying in a pool of blood raised his hand and begged the reporters.

The reporters split one after another.

Someone fell into the pit: "You deserve it! I just saw you call Suzi one by one and Suzi one by one. People who didn't know really thought you were related to Suzi, you should have died long ago!"

Journalists are accustomed to speaking about the faults of others.

They never thought that they were among those who harmed Suzi.

They were obviously brought by Siu to corrupt Suzi, but at this moment, they forgot their own evil.

"Master asked us to report truthfully, then let's report." Someone reminded.

These reporters have faithfully distributed what they saw to their work units.

The shock at that end can be imagined.

Send it out?

There have been waves before, and the result is such a flipped ending?

Didn't it slap yourself in the face severely?

Don't send it?

Each of these entertainment companies smelled of danger.

No one dares not post.

They bite the bullet and sent out.

Those netizens waiting to eat melons, at this time, are already waiting eagerly on the other end of the network, and the comments underneath are stacked like a dozen or so.

And they were all words that attacked Suzi.

"Follow-up report, hurry up! Aw! I want to see how such a lowly but invincible woman was hacked to death!"

"Anyway, it was definitely not drowning with saliva. This woman is shameless, and saliva will only nourish her. A fisherwoman who dared to take her concubine to the scene and tear up a large number of main rooms was definitely nourished and strengthened by saliva. The identification is complete!"

"Fu Siye is here! Fu Siye is here! Fu Siye is here! I shout important things three times, and I hope Siye Fu will come and strip this shameless woman alive!"

"Wow, I really want to have a look. If Fourth Master Fu is here, would this woman be so calm, would she kneel and lick?"

"Looking forward to +1"

"Expect +2"

"Expect +3"

With so many people who eat melon before the Internet, most of them want to see Suzi's fate.

Most of them hope that Suzi's fate will be extremely tragic.

At the moment when the follow-up report is updated, so many people who eat melon are still excited and forget to breathe.

"Come here, and finally the picture is on!"

"How exciting is this!"

"Isn't it, naked, right?"

"It's estimated to be back!"

"I'll click on it first, and then save the picture immediately, lest I won't be able to see it in a while, I rely on..."

"This...what's the situation?"

"Oh my God! How could this be..."
