

# Chapter 725

At this moment, the appearance of the man standing there, as if receiving the worship of thousands of people.

Suzi pursed his lips and smiled: "Hello."

"Madam, we don't know if you see you coming to your hometown. We hope you can forgive us for your imperfections." The man apologized a series of apologies.

Suzi pursed his lips: "It's okay."

"Madam, we first stop the construction, and then find a special mage, and find a full-time staff to build the grave. They will be there in a while. We will first pick up your father's ashes, and then find a place for you to bury it. But this First of all, you must be satisfied with the place. Also, regarding the demolition money, and the feng shui treasure of your father's tomb, we have converted it. How about giving you one million? If you think it's inappropriate, We can add more."

Suzi: "..."

She was never a bad person.

She also never thought about asking for any demolition money, her main purpose is to take away the ashes of her parents.

Because this land has no good memories for her.

The insults suffered by the family of three in this land are far more than happiness.

Dad always said to Suzi and mother during his lifetime: "I have inconvenient legs and feet. If my legs and feet are convenient, I will take your mother and

daughter away. Our family of three will never come back, nor will we come back if we die outside!"

Suzi knew that his parents were reluctant to stay here and be bullied.

Why not take her father to Nancheng now and let him live in a good cemetery, so that Suzi can take the only one and Arron to see his father when he is free.

Thinking of this, Suzi said calmly: "When my father was alive, the best thing for my father was Grandpa Shen Er next door. Grandpa Shen Er is very honest. I hope you will help Grandpa Shen Er more in the future. I don't want one million demolition funds. For so many years, Grandpa Shen Er helped us to look at our family. Let the demolition funds go to Grandpa Shen Er."

The man immediately said: "Madam, you...you are such a good person. Okay, I will talk to Old Man Shen now." After a while, Grandpa Shen Er came to Suzi with tears. Next to the car: "Suzi, where can Grandpa Second accept such a gift from you?"

"Grandpa, take it for you." Suzi said firmly.

Then she got out of the car and helped Grandpa Shen Er into the crowd. She said coldly: "I am here today to declare to you that the demolition fund of my house is one million I am giving to Grandpa Shen Er voluntarily. Yes, although there is no boy in the second grandfather's house, if anyone dares to bully the second grandfather's house in the future, he will have trouble with me, Suzi!"

None of the villagers who bullied the second grandfather's house in the past dared to speak up.

They have long eyes, and they can see the situation on the spot.

Although Suzi is a weak and weak yellow-haired girl, her husband is a personally scary character. So many people with a face and a face all looked at Suzi's man's face and acted, and everyone in the village saw it.

The few villagers who are the most degrading and stigmatized every day immediately began to curry favor with Grandpa Shen: "Second Uncle, if you see what you want to do in the future, tell your nephew, and your nephew will do it for you."

"And my elder sister, let her come back with her son-in-law. When we come back, we will do some business, and the days will become more prosperous."

Grandpa Shen Er's eyes filled with excitement and tears.

Suzi also leaned his head on Arron's shoulder and looked at Grandpa Shen Er with relief.

Just then, her cell phone rang.

The phone was originally turned off. It was Arron who had dealt with Shen Cuishan before she retrieved her phone. However, the screen of the phone was broken and there was no time to repair it.

Although I don't know who the caller is, Suzi probably should call Galia or Rayna.

She immediately connected: "Hello?"

At the other end, a gloating smirk suddenly came out: "Suzi, you are being played by a man now, is it cool?"

## Chapter 726

Hearing Lanita's voice, Suzi suddenly became furious. All her hatred, her mother's life or death, and the humiliation she suffered this morning gathered together at this moment, making Suzi instantly cruel. Get up: "Lanita, you don't want to live anymore. Tell me, I promise to make you dead more uncomfortable than living!"

"Haha!" At that moment, Lanita smiled more and more frantically: "Suzi, the purpose of my life in Lanita's life is to fight with you! I tell you the truth, Suzi, you and your mother originally You shouldn't come to our house, you and your mother should die when you were twelve years old!

You shouldn't be alive!

You and your ugly and earthy mother should have died long ago!"

"Yeah!" Suzi vomited at Lanita through the phone.

She was really confused.

If Lanita was here now, Suzi would dare to kill someone with a knife!

She has always been calm and calm, and has never been so uncomfortable. Three days ago, the family banquet was made by Mr. Shu. The Hongmen banquet that Siu prepared for her a month ago was an insult to her throughout the year. Every time, Suzi could deal with it indifferently, including Suzi was captured by Shen Cuishan this morning and detained in a box, Suzi was not so excited.

But at this moment, she really wants to lose her mind, okay!

"Lanita, listen to me! I, Suzi, must take your skin off in this life! You have your sinews, and you help me tell your sc\*mbag father, tell him, as long as I, Suzi live , I will smash her Jarod into ten thousand pieces one day! I will crush Jarod into ten thousand pieces!" Suzi was really annoyed.

It's so annoying.

At the other end, listening to Suzi's anger in the receiver, Jarod stepped back in shock.

Then, he froze with anger: "Niezhang! Niezhang! I have raised you for eight years, and I haven't seen you respect me for the first time. You want to break

my body into pieces? Niezhang! Lanita! Tell Shen Cuishan! Just say it's me. What Jarod said! Let Shen Cuishan kill this evil barrier now! Find a few more people! The more the better!"

Suzi heard Jarod's roar on the phone.

It is estimated that Lanita deliberately turned on the speakerphone to let her hear.

"I heard Suzi, my dad asked Shen Cuishan to find you a few more men for you to enjoy, how about it? Although you are just my dad's adopted daughter, my dad still loves you very much."

Suzi sneered indifferently: "So, you confessed in person that your Lin family and Shen Cuishan were in collusion with each other, and even the demolition funds of our Shen family were swallowed privately, right?"

"Yes! So what?" Lanita confessed without shy. Not only that, she also said to Suzi with a smile: "Our Lin family not only colluded with Shen Cuishan, but what Shen Cuishan did to you today is also the same as me. What about Shen Cuishan? Although you have such a powerful husband to protect you, you are still planted in my hands. I want to know if you are caught by dozens or more. The man sleeps, and you become a pile of tatters. Will Arron still want you at that time?

I'm afraid that when you smell the strong odor on your body, you have kicked you into the stinky ditch, right?

Haha!

The more I think about it, the happier..."

"Shen Cuishan is dead." Suzi said calmly.

Lanita: "..."

After a few seconds, she said viciously: "What did you say!"

"She was killed by my husband, and my husband is right in front of me now."

Suzi said calmly.

Lanita: "..."

Before she could say anything, Suzi asked calmly, "Where is my mother?"

Lanita: "Your mother is dead!"

Suzi: "My mother lives and dies and news, I will not ask you again, because I know, even if I ask you will not tell me the truth, Lanita, you tell Jarod again, I'm Suzi. Jarod's corpse will be smashed into thousands of pieces in his life!"
