

Chapter 821

The man is too tired.

She slept in her forehead and arm, she scorned him, but he didn't even notice it.

Not only that, he also rolled over a little, grabbed her arm with one hand, and put the other hand over her chest and put it on her other arm.

"Um... it's all yours, all to you." The man murmured.

"What!" Suzi was inexplicable.

The man continued to mumble: "The world I have worked hard is yours...No, no, there is one, and one."

Suzi: "..."

Inexplicably, a sweet heart.

She poked his finger and murmured softly, "Who is happy to want you in the world! I don't want to eat or drink! I only want you! I and the only one want you! As long as we are a family of three, we can stay together forever, It doesn't matter if life is bitter at all. Let me tell you, I am a person who can endure hardship. Not only can I endure hardship, but I can also feed you and the only one. You can't underestimate me. As long as our family of three stay together for a lifetime, It's not impossible for me to support you and the only one."

However, when she thought that she would go out to work to support him and their only father and son, Suzi suddenly smiled.

Judging from his wolfish look last night, can she still go out to work?

Although she likes her job very much, she wants to stay with him and the only one.

Thinking of his work, Suzi glanced at the time on his mobile phone. It should be time to get up to work.

At this moment, her cell phone rang, and the sudden ringtone remembered that Suzi was startled, but she was afraid of waking him up. She immediately hung up, and then gently pulled out her arm from his head and lifted it from the ground. He picked up his shirt and put it on his body, took the phone and went out.

The call is from the director.

Suzi estimated that the director must have asked about the KTV last night, so she hurried to the top floor before calling the director again.

"Um, Director, I'm sorry about what happened yesterday." Suzi said apologetically.

At that end, the director excitedly said: "What happened yesterday, Suzi, I don't know. I just received a call from President Shu early in the morning. He said, early this morning, when it was only six o'clock, Mr. Shu received a big order, a big pie that fell from the sky. Mr. Shu gave me a mental preparation. All the staff in the design department were mobilized. No, I called you early in the morning... ."

Suzi: "...Uh, it turned out to be like this, Director?"

She was searching for words in her mind, thinking about how to tell the director that she might not be able to go to work.

However, the director at the other end was too excited. Before she waited for Suzi to speak, she said to Suzi: "I won't talk about Suzi, I will hang up first, and I have to notify others."

If you speak, the director immediately hung up the phone.

Suzi: "..."

She was floating on a discount, limping her legs, and came down from the top floor, holding on to the wall.

When I entered the door, I saw that the man had gotten up. At this time, I was sitting at the dining table with Lilly and they were having breakfast. When I saw the man's always cold look in a suit and leather shoes, Suzi really wanted to slap his head. Down.

Think about it.

She supported her old waist and sat directly on the dining table, and sat beside Lilly.

"Mom, you didn't even change your clothes." Lilly said.

Suzi: "No, I have to go to sleep for a good meal, and let your father send you to kindergarten today."

She really has to sleep.

The reason is not just sleepiness, but the body needs rest.

"Are you on vacation today?" the man asked abruptly.

Suzi: "..."

After a while, she asked: "You...you still...agree with me...I'll go to work in the company?"

The man's face is extremely calm, and his tone is calm as if he is amnesia: "You are not sick or sick, why don't I let you go to work?"

Suzi: "..."

Chapter 822

Is she talking to a rascal!

Suzi gaped at the man.

The man is solemn, his expression is usually indifferent and indifferent, and he has no difference with his calm face.

"You..." Suzi couldn't speak.

The man looked at Suzi: "What's wrong with me?"

"You...I thought you didn't want me to go to work anymore. I don't plan to go anymore today. I plan to be prepared for being scolded to death by our director. What did you tell me to let me go to work?" Suzi sneered vigorously.

The man's expression was cold and innocent: "Which ear do you hear that I will not let you go to work?"

Suzi: "..."

She did not hear him say this.

From yesterday to today, he also said a few words to her this morning, including yesterday in the KTV box. He actually didn't say a word. Last night, he didn't say a word.

It's her!

She was completely shocked by him, so she would naturally think that he didn't want her to go to work.

"You ra5cal!" Suzi held his nose, picked up a whole bun, raised his hand and stuffed it into his mouth.

Lilly immediately laughed and twisted: "Dad, you are so cute. See you being bullied by your mother, without saying a word, Dad, I find that your temper is getting better and better, and I love my mother more and more, right. Right dad?"

Arron nodded.

Suzi: "..."

Lilly continued to ask: "By the way, Dad, I saw a word on Douyin called: Fennei.

Do you know what Fenai means? "

Arron replied peacefully to her daughter: "It's like now when mom bullies dad, dad doesn't say anything, it's called Fennei."

Suzi: "..."

Would you like to kick him to death?

"I can't drive a car today! You take me and the only one to kindergarten and work." Suzi pouted.

"Yeah." The man's face was calm.

Suzi ate in a hurry and went to the cloakroom to change clothes. Due to her illness, she had to change into loose clothes. Looking at the uncoverable mark on her neck in front of the full-length mirror, Suzi blushed. Immediately she found a high-necked pure white sweater to put on.

In order to match the high-necked style, she pulled her hair high and turned into a ball. Such a match made her seem surprisingly pure.

Just like a glass of clean and pure water.

Looking at himself in the mirror, Suzi was stunned.

When he came out, Arron was also taken aback.

Even the girl next to her was stunned. The girl said playfully: "Mom, am I going to change my mouth and call your old sister?"

Suzi: "You little villain, why are you getting worse and worse!"

"Hehehe...Mom, you are so beautiful." Lilly smiled sweetly. She looked back at Arron: "Right, Dad?"

Arron: "..."

The woman in front of me is really a wonderful baby.

When she was in KTV yesterday, she wore a capable professional attire with a cheerful and confident smile on her face. The way she was with her colleagues was truly beautiful.

The little boy who sang with her looked like he was in his early twenties, at least four or five years younger than Suzi. Although the little boy said anything on his mouth, he still yelled 'Sister Suzi, Sister Suzi' However, from Arron's usual penetrating perspective, as well as from a man's perspective, the little boy definitely fell in love with Suzi.

Arron originally wanted to participate in yesterday's KTV with Suzi.

He has always known that she is happy at work, but he has never been honored to participate.

Yesterday, when he received her call, he didn't even have the most important meeting, so he went to KTV non-stop. As a result, he found her singing a song with the little boy.

At that moment, she was so radiant that she was as beautiful as a sunflower.
