

# Chapter 933

Arron: "..."

"I, Pan Haoyang, have never been rare in Gasing Island, an extremely underdeveloped land that relies on relief every year. Like you, Pan Haoyang has business in the open sea! Even if I leave Gasing Island, I will go abroad. Still life is very comfortable! Arron, you can't threaten me! My brother now has the strong support of Mr. Shu and Jun's family, and it is not certain who wins and loses in the end!

Don't worry, I, Pan Haoyang, will never be a guilty seed!

If I were captured by you, I would be shaved alive by you, and I would not beg for mercy! "

If you speak, hang up immediately.

At that end, Arron felt thoughtful.

"What's the matter with Fourth Master?" Christopher asked behind him.

Arron chuckled slightly: "I wanted to ask Pan Haoyang where he was. He took Suzi and the only one to go out. It was no better than at the Monarch's Mansion outside. I was afraid that there would be an accident outside, so I called Pan Haoyang, and it turned out. ..."

Arron really didn't expect Pan Haoyang's temper to be so strong.

He suddenly felt a sense of deja vu and familiarity.

At that end, Pan Haoyang, who hung up the phone, was also very happy!

Finally, Arron was overwhelmed, very proud!

Once a person is proud, he will ignore the dangers around him, especially when there are many bodyguards around him, and when there are people in his Pan Haoyang mansion everywhere, Pan Haoyang feels that it is impossible for the danger to approach him.

"Mom, mom, look at it, this sand is buried on your body, it's warm and comfortable, mom, I lie in the sand, you come to bury me." Lilly shouted to Suzi, the childish little milk voice.

Suzi was annoyed, and glared at Shen Solely: "If you talk about burying you, I will kill you!"

Lilly spit out his tongue at his mother: "Hey hey!"

After spitting out her tongue, she sprinkled a handful of sand on her mother: "Mom, if you are covered with sand, you won't get tanned."

The little girl looked around. Many people buried themselves with sand, and just showed up. She guessed that everyone must be afraid that they would get a suntan.

Suzi scratched his only little nose: "Little things, you don't even think about it. You and your mother wear so much all over your body, except that your hands and face are exposed, so how can you get a tan?"

Lilly glanced around: "Mom, let's go buy swimsuits and wear them."

Suzi suddenly smiled: "If your mom and I wear swimming costumes, I guess your dad will appear on this beach in the next second."

Lilly tilted his head to look at his mother: "Mom what do you say?"

Suzi: "Nothing!"

Lilly tilted his head again, and said badly: "Mom, I know what you mean, hehe!"

"You little thing, as good as your dad!" Suzi tickled Shen Tong.

"Hahaha, mother, don't scratch." Lilly giggled with a smile.

Suzi also laughed very happily.

She thought again, if Arron were around here, she would definitely see them both mother and daughter.

You can definitely see it.

Just when the mother and daughter were most relaxed, not far from them, a very thin figure suddenly rushed towards Shen Yi, the figure god holding a bright sharp knife in his hand.

Suzi was frightened and dumbfounded immediately.

"Suzi! Hurry up!" Then another voice came. As soon as the voice fell, the figure fell on Lilly's body.

The man with the knife just now stabbed the only one who was protecting Shen.

The man hurt: "Oh..."

Suzi saw the man's face all at once: "Chu...Joan?"

## **Chapter 934**

Joan was in pain. He had already received a knife on his back, and the red blood was flowing down his back, but he still covered Lilly with his entire back, and he covered his only eye with one hand.

He didn't want a six-year-old child to see this bloody side.

"Suzi, run! Run!" Joan shouted to Suzi.

At this time, the scrawny gangster wanted to go down to Joan to stab the child again. As soon as he drew the knife, Suzi used all his strength to push the man away.

The man fell on his back to the ground.

The knife in his hand also fell.

Suzi saw the man clearly in an instant.

She met once, but was deeply impressed by the Commission for Discipline Inspection.

That was a man who had a good relationship with Moira.

Unexpectedly, Moira came to Gasing Island and brought the man to Gasing Island.

What a nasty woman!

At this time, Pan Haoyang had already reacted. He got up from the wicker chair, raised his hand, and surrounded by more than a dozen of his men and approached the scrawny man, but he hadn't waited for them to get close, the scrawny man. The man had already been held by the arms by two big men, forcing him to kneel down.

I don't know when, Christopher actually appeared on the spot.

No one has seen Christopher's speed so fast.

Christopher kicked the man in front of the door, and the man fainted instantly.

"Tie him up!" Christopher ordered.

Everyone in the room stared blankly.

Many people are scared away because of the fear of such a scene.

Suzi was stunned: "Christopher..."

She knew that Arron would definitely not care about their mother and daughter, but Suzi never expected that Christopher would be so close to them.

"Uncle Christopher..." Lilly cried suddenly.

Behind him, Pan Haoyang immediately reprimanded: "Christopher, you are lurking so close on my site! How big a threat are you to me?"

Yubi, he immediately ordered the bodyguard he came with: "Get me this personal bodyguard of Arron!"

His voice fell, but no one moved.

Pan Haoyang turned his head and saw Arron right behind him.

He didn't know when Arron came, how could he be so silent?

"You...Fu...Arron?" Pan Haoyang's voice trembled.

Arron didn't look at Pan Haoyang, but walked towards Suzi Shen and Joan.

"Dad...Dad...Dad ooh." The little thing cried harder when he saw his father.

Suzi's seriousness also burst into tears: "Arron..."

Arron felt extremely sad.

This is a coincidence.

He has turned the Pan family's monarchy upside down, and has not found any events or tokens related to his mother. So why did his mother let him come to Gasing Island?

He couldn't find it, and saw that Pan Haoyang brought Suzi and the only person to the beach. Only then did Arron give up searching and drove all the way down to the beach with a group of hands.

Because Arron knew that outdoors is no better than indoors.

Indoors, under such strict protection, no one can hurt Suzi and the only one.

However, it is different outdoors.

Apart from anything else, it is difficult to prevent and control just by shooting from a distance.

So Arron hurried to here.

However, there was still a step away, just one step away, Joan was stabbed in the body.
