

# Chapter 997

"I like going to the playground the most!" The only kid Shen said immediately.

"Hi, that's a game that Aunt Galia hasn't played a long time ago." Galia said tirelessly.

Shen Only looked at Galia with an admiring expression: "Aunt Galia, what games do you like to play?"

Galia thought for a while: "Um...fancy dress party. I like fancy dress party the most."

Lilly: "What is the fancy dress party?"

Galia smiled and said: "It's all kinds of makeup to conceal the original face. Everyone dressed up as a variety of roles at a ball."

She proudly showed off: "As for me, I like playing the role of a witch the most. Witches can scare a lot of people, hehehe. But they are all games played by rich people. I want to play, but I don't have the money to buy so much. Props..."

At that time, Galia just said casually.

But I didn't expect the only one to be remembered.

Moreover, he chose gifts for her so carefully.

At this moment, Galia looked at the only one moved: "The only one...you, do you always think about Aunt Galia?"

Shen sole nodded heavily.

Then he said with great pride: "Aunt Galia, you can use this snake-headed toad bottle to make witch jewelry. One is used as a necklace and the other is made into earrings, so you must be the most creative witch. ."

Galia: "..."

After a while, she hugged Lilly and kissed and kissed again: "One, one! You are such a heart-warming little Lolita, you are so touched by Aunt Galia, Aunt Galia loves you to death, Little Lolita ."

Lilly scratched Galia's nose: "Huh. All of you were very scared at first, but after a while, they liked it, hey! You adults, fickle, I don't understand you!"

Galia: "Haha..."

She couldn't straighten her waist while smiling.

After a long while, she hung her only little nose and smiled lightly: "Who makes you this little thing with such a heavy taste, the things you give out are scary at first, okay! Little guy!"

Lilly asked, "Do you like it?"

"I like it very much! I like it so much!"

A proud smile appeared on Shen Only's face. She looked at Suzi: "Mom, how is it?"

Suzi smiled irritably: "Huh, little thing, you really have two brushes. You win!"

"Humph!" Shen Only smiled happily.

The only one was sent to the kindergarten, and Christopher personally gave the only gift for the children to the teacher, and then Suzi and Galia were sent to the company to go to work.

For half a month, Suzi originally thought that work would pile up like a mountain, but only after arriving at the company did he find that everything was in order.

Her position is still there, and her colleagues in the company are very welcome.

The most gratifying thing is that Rayna has made great progress.

As soon as Suzi arrived at the company, Rayna sorted out all the work Suzi had to do.

After the whole day, Suzi found that Rayna seemed to be a very qualified and worry-free assistant. Because of this, Suzi didn't have to be busy on the first day at work.

She got off work on time.

In the evening, I took the only one with Arron and looked around in their neighborhood, hoping to know the whereabouts of his mother.

However, everything is fruitless.

Suzi's mood was slightly disappointed.

However, it is much better than yesterday.

As Arron said, as long as the mother is still alive, this is the best news.

Days have to go on day by day, every day, we have to continue to look for mothers.

It was here in a blink of an eye the next day.

Early in the morning, Suzi and Arron were woken up by a phone call.

Arron picked up the phone to connect: "Hello?"

At the other end, Elder Shu's voice came: "Arron, you and Suzi come to the hospital."

## Chapter 998

Come to the hospital?

Suzi was surprised when he heard it, and then he was happy again.

Is it possible that Mr. Shu is sick?

This is a good thing. If Elder Shu can die now, Suzi will not shed a tear.

Suzi looked at Arron, and Arron asked calmly, "Grandpa Shu, what? Are you uncomfortable? Then I will come right now."

At that end, Elder Shu did not answer Arron, but said vaguely: "You come here now."

"Good!"

After closing the thread, Mr. Shu glanced at the ward.

Lanita has lived here for a day and a night.

Yesterday, Elder Shu went to the hospital to visit Jarod after talking with Arron about the secrets of the Fu family and Gasing Island in the clubhouse.

When he arrived at the hospital, Jarod's hands had been bandaged.

However, it is impossible to connect the severed finger. If he does not connect the severed finger, he only needs to bandage the wound, so he came out of

the hospital in half an hour, and then a family of three returned to Lin's house with Elder Shu.

The Lin family hasn't lived in a few months.

Fortunately, Mr. Shu cleaned this place two days in advance.

As soon as the family of three including Elder Shu entered the door and sat down, they saw that Lanita had slumped on the sofa. Lanita was pale and sweating all over.

"What's wrong with you Lanita?" Moira asked worriedly.

"Mom, I'm uncomfortable, I feel a little nauseous, I..." Lanita couldn't even finish a single sentence.

Moira immediately panicked and said, "Lanita, are you scared? Are you scared by your father's severed finger?"

This goddamn Suzi! If it weren't for her, if it wasn't for her Jarod's fingers would not be broken, and Jarod's fingers would keep dropping, Lanita wouldn't be so frightened. Oooooo..."

Seeing Moira crying, Old Man Shu frowned and asked: "Mother Lanita, you love Lanita so much."

"Of course, Lanita is..."

Halfway through the conversation, Moira suddenly stopped. She said with a pitiful expression: "Lanita's mother bleeds when he gave birth to her. Lanita lost her mother as soon as she was born.

Jarod and I are classmates, so Jarod brought his little girl over and asked me to help take it.

I looked at the child as pitiful, so I looked for milk for her everywhere, but what should I do if I can't find it? The child was hungry and barked, and in the end there was no way. In order to appease her and prevent her from howling, I had to give her my own... to eat. "

Elder Shu: "..."

Hearing this, he was still quite shocked. He asked incredulously: "At that time, were you still a girl?"

Moira nodded: "Yes! So I just wanted to comfort her at first, but her small mouth was so fierce that I sucked it and didn't let it go. Later it sucked!"

Elder Shu immediately stood in awe: "..."

Moira went on to say: "But a miracle also occurred, and she sucked it out alive. Since then, the child has milk, but what about me? I am a big girl, and I'm just a college classmate with Jarod. That's it..."

"Then Jarod married you?" Elder Shu asked.

Moira nodded: "Yes! This child was brought up by me. I just treated her as my own child. In order to prevent her brothers and sisters from sharing her love, Jarod and I decided not to have children anymore. Up."

Elder Shu praised: "It's amazing. You were originally Lanita's mother, and you will be regarded as my goddaughter in the future. In Nancheng, as long as I'm here, no one dares to bully you, even Arron dare not."

"Dad. Thank you!" Moira immediately climbed up the pole.
