

Chapter 491

“Secretary Song, are you kidding?” Qin Chaoyang is more honest, even if this is a critical time, he will not confess it casually, so he has to confirm it at the first time.

How could he be the president? Moreover, the Chaoyang Group seems to have heard Qin Ming mentioned that it is engaged in cross-border trade.

“Hahaha... how is this possible?” Wang Feng laughed wantonly: “He doesn’t believe it himself, beauty, did you find the wrong person?”

If it weren’t for Song Ying’s very elegant and noble clothes, and Song Ying’s beauty, and Wang Feng’s filthy appearance, she would directly mock Song Ying that Qin Chaoyang had hired him to act.

Song Ying ignored Wang Feng’s ridicule and ignored Aunt Wang’s surprise. She patiently explained, “Mr. Qin, why would the head office make such a joke? This is an appointment letter. Look.”

Qin Chaoyang took the appointment letter, Wang Xiaoli followed her head and exclaimed: “Chaoyang, really, it’s the stamp of the head office. Wow, this annual salary is one million? Really fake?”

Wang Xiaoli’s voice was not loud, but she was so scared that Wang Feng, Aunt Wang, and Uncle Wang raised their eyebrows. The annual salary was one million? So scary?

Qin Chaoyang swallowed his saliva, only to feel dry and dry. He was panicked. He knew that he was not on the part of the president, and this appointment was just nonsense.

As the general manager of a supermarket, he was very busy, and thanks to the help of the secretary Wang Xiaoli, he barely managed to do it.

Isn't this the CEO of a multinational trading company killing him?

He looked at Qin Ming helplessly, walked up to Qin Ming in two steps in three steps, and said, "No, Xiao Ming, how could I be able to do it? If you are so nepotism, your boss wants to have an opinion on you."

Qin Ming said with a smile: "Brother, you study hard, work hard, everything will be the first time. Moreover, Sister Xiaoli will help you, you are incapable, Sister Xiaoli is capable. Moreover, this Chaoyang Group All of our employees are my alumni, and all of them are talented people. They are also new to the society, get along well, and all want to do a career."

"Brother, I'll give you a trick. You will be responsible for managing people, and you will leave everything to your subordinates. Learn to be a handsome talent, not a general."

Qin Chaoyang was stunned. "What does this mean? Is the commander different? You play chess like that."

Qin Ming rolled his eyes and said: "Okay, you can discuss with Sister Xiaoli, she will teach you. There is still something for you."

Qin Chaoyang walked back with a dazed expression, what else is there?

Song Ying picked up the briefcase, handed it over, and said, "Mr. Qin, this is a Mercedes car given by the head office. The brand new imported Mercedes s560 car that we mentioned yesterday has been transferred to your name."

Toot...

Song Ying took the car key and rang the Mercedes parked on the side of the road, and handed the key to Qin Chaoyang.

Wang Feng and the three young ladies who came out to sell continued to be confused.

“Wang Feng, is your ex-boyfriend so good?”

“Benz...Imported, how can it cost six or seven million?”

Wang Feng collapsed and covered his ears, and said, “He is almost 30 years old and doesn’t even have a driver’s license. What kind of car does he drive? I don’t believe it, I don’t believe it...”

But in fact, she regretted it in her heart. Why did she abandon this honest man in the first place? Why do you want to practice yourself and sell for some quick money? Dealing with all kinds of disgusting and perverted guests every day, he also scores half of the money for pimps and spectators.

If she didn’t break up with Qin Chaoyang, wouldn’t she change from a rural girl to a rich woman?

Aunt Wang was also surprised. Qin Chaoyang was fired one second before and became the ceo the next second. Then, isn’t she marrying her daughter and embarking on the pinnacle of life?

Then this condition is good enough.

Oops, Aunt Wang suddenly felt that Qin Chaoyang was actually quite good to be his son-in-law. It didn’t matter if he was poor, would he still be filial if he didn’t work hard and make progress?

Song Ying continued: “Because Qin is already the president of the branch, our boss has also upgraded Qin’s treatment. In addition to the car, there is a four-and-a-half-story villa with a swimming pool and badminton court at the top of Yunshan Mountain. The market value is now 800 million, and it is given to President Qin. As long as President Qin has been working in the group for 30 years, the house will be fully owned by President Qin.”

Guru...

The people around are feeling suffocated again, a house of 800 million? villa? Bring your own pool? badminton court? Everything sounds too jealous.

This is still the most tycoon's half-mountain villa area in Guangzhou, Yunshantop! Those who live in are rich or expensive.

"Ah~..." Wang Feng fainted directly on the spot, already regretting all the prostitutes' chickens in his heart.

"Huh? Wang Feng, what's the matter with you? How do you feel dizzy and dizzy?"

"This is an ex-boyfriend? Is Wang Feng stupid? Don't want such a boyfriend?"

Qin Chaoyang had given up on Wang Feng a long time ago, and he didn't know why he met her here. At this time, he only had Wang Xiaoli in his eyes, and he didn't look at it.

Qin Chaoyang took the file package, all of them were real estate documents, and his name was filled in with his name, which could not be faked.

Qin Ming stepped forward, patted Qin Chaoyang, and said, "Brother, congratulations on your promotion and salary increase. Don't look at it, it's noon. Let's go to the restaurant for a meal first, and go back to the villa in the afternoon to chat slowly."

Aunt Wang hurriedly said: "Yes, yes, I was pulling our Xiaoli just now, I just want to rush to eat."

Qin Ming looked at Aunt Wang meaningfully. Auntie couldn't tell, but you are quite round?

Wang Xiaoli's mother is not ashamed at all.

Uncle Wang didn't smoke anymore, so he didn't worry anymore.

He didn't expect things to take a turn for the better, it was really scary, Tie Hanhan was so reused? There are so many surprises. If nothing else, one million will be spent in a year. Let his son-in-law, Chenglong Kuaikuai, work for a full year before talking about it.

Qin Chaoyang has been completely confused, feeling like a dream, suddenly from the embarrassment of having no car and no house, becoming a family with a house, a car and a high salary.

He knew it was Qin Ming's help, but he didn't know how to express his emotions.

He kept holding Qin Ming's hand: "Brother...I, I...Brother is useless, it's all up to you."

"Haha, what are you talking about?" Qin Ming laughed and said, "Family, money is a good thing. But you must not become lavishly spending money because of this. It is still necessary to honor your parents and take care of them. Sister Xiaoli, do more good things in the future, help others, use money to make you happy, don't become a slave to money."

Qin Chaoyang nodded heavily: "You read a lot, and I listen to you. But, can I give all the money to Xiaoli?"

Qin Ming was really annoyed, man, how much money you have to take yourself, are you a wife slave or a strict wife?

Qin Ming simply said: "It's up to you and your wife to discuss it yourself."

Qin Chaoyang made another serious correction, saying: "We are not married yet, we are just in love."

Suddenly, Wang Xiaoli smiled and stretched out her hand, pinched Qin Chaoyang's ear, and hummed: "What? You have money now, and you want to regret it and don't want me? Didn't you say that before?"

Qin Chaoyang quickly told Rao: "Oh, Xiaoli, I didn't mean that, you know."

"Hahaha..." Everyone laughed when Qin Chaoyang looked like a strict wife.

The group got into the car and went to the restaurant to have dinner, regardless of Wang Feng who fainted on the ground, Qin Ming just threw her away when she was used up, no matter how much.

Wang Xiaoli drove the Mercedes sedan that had just arrived to the nearby seafood restaurant. As soon as she stopped the car, Qin Ming was startled and saw an acquaintance at the entrance of the restaurant.

"It's such a coincidence? You actually met their family?" Qin Ming muttered in his heart, looking at the front, "I have a bad feeling."

Chapter 492

As soon as Qin Ming and his party arrived at the entrance of the restaurant, they saw Liao Qingjing's family, but the principal Liao was not there, only her and his father and brother, a young girl in fashionable clothes, and a couple of a certain age.

"Ouch, Xiao Qin." Yuan Bing greeted quite enthusiastically.

Liao Qingjing was also surprised and pleasantly surprised: “Qin Ming.”

Qin Ming smiled and said: “Sister Jing, Uncle Yuan, what a coincidence. Hey? These two are your elder brother and sister-in-law, right?”

Liao Qingjing smiled bitterly and said, “Yes, they just arrived today.”

Liao Qingjing said, pulling Qin Ming to the side, and whispered: “My dad lied to me again! The so-called company he opened for my brother is my original office building. And he told my sister-in-law that I Brother is training in dance, and I work for my brother, you say... Qin Ming, do you mean to be annoying or not?”

When Qin Ming listened, he suddenly realized that this routine is good!

This is just like some unethical doctors in hospitals. They want to perform a certain operation on a patient. Before the start, they talk about all kinds of benefits. But before the operation, they say what are the risks. After the operation is finally done, they say what they have. You should pay attention to the sequelae, what kind of treatment you have to receive, and after the treatment, you will say that there are some conditions that cannot be recovered.

It almost disintegrates the patient’s psychological defenses layer by layer, creating a situation where the patient cannot resist instantly.

Liao Qingjing’s psychological line of defense was not being disintegrated step by step by Yuan Bing, using the shackles of lies and family affection to put Liao Qingjing a little bit on the fact that she could not accept it all at once, and let her passively accept it a little bit. Liao Qingjing was forced to confess his fate.

This trick can be said to pinch Liao Qingjing to death.

“Learned.” Qin Ming said with emotion.

“What?” Liao Qingjing was angry and angry, her pretty cheeks were both anxious and annoying. She pointed to the three flowers on her forehead and asked: “Qin Ming, your ritual is really useful? Why do I feel that I am even more unlucky. Yes? My mother asked me how the company is doing recently. I want to come and have a look, but I don’t even know how to explain it to her.”

Qin Ming smiled and said: “Don’t worry, sister Ying, there is providence in the dark. The time is not yet ripe. Once it comes, it will be natural and it should be yours or yours.”

Liao Qingjing was skeptical, and didn’t know when Qin Ming said it.

In fact, Qin Ming didn’t know. He was busy worrying about his elder brother’s marriage today, and he hadn’t planned the affairs of Liao Qingjing.

The routine must be prepared, and Qin Ming hasn’t made preparations in the later period.

The preliminary preparation was to sign a rental contract for Yuan Bing, and he asked Song Ying to put a big hole in the contract so that he could pit Yuan Bing.

Compared with Liao Qingjing’s things, Qin Ming was more concerned about the marriage of his elder brother Qin Chaoyang, and he quickly went back to the box.

The box is large, with two tables, and the environment is very good. After Qin Chaoyang was promoted and raised, Wang Xiaoli’s family was more satisfied with Qin Ming.

Qin Ming didn’t feel much. He was mainly satisfied with Wang Shu and Wang Xiaoli. The three views of these two fathers and daughters were much more straightforward. Aunt Wang was a bit sharper, but

Huaxia's mother-in-laws, who do not love their daughters, are more demanding. Well, our brother is not incapable of meeting the conditions.

Wang Xiaoli is an only child, and there is nothing too complicated about getting married in the future. The two elderly people can still bring children without the hard work of Qin Ming's parents.

Qin Ming stood at the door and said, "Hey, let me order food first, uncle and aunt, you guys talk first, let me pick some seafood."

Uncle Wang hurriedly said, "Ah, boy, you don't have to eat so expensive, just ordinary order, a waste of money, just a few more local dishes, seafood is old and expensive. Come and order wine, ho ho, white."

Aunt Wang said: "Old man, you don't need to pay, the son-in-law pays for a treat, and you are ready to eat."

These two elders seem to be satisfied with Qin Chaoyang. Qin Chaoyang also laughed from ear to ear. He was not very good at talking, but just followed Qin Ming's meaning: "Uncle, just order it, you are far away. Come, you must be treated well."

Qin Ming was very happy. He picked some big lobsters, king ba, stone crawlers, abalones, etc. They were not too expensive, but they were of a certain grade.

After Qin Ming finished ordering seafood, he saw that Yuan Bing and his party had nowhere to go.

At this noon, the restaurant was so lively and noisy that they discovered that there was no place.

The fashionable girl scolded, "Hey, Yuan Haohua, don't you know if you book a room in advance? Only now I found out that there is no place. Do you think the big city is the countryside? Any store is empty?"

Liao Qingjing's older brother Yuan Haohua said impatiently: "How do I know? It's so troublesome to eat a meal in this rubbish city. It's your parents who want to eat seafood. It's fine to go to a western restaurant."

Qin Ming listened. It's too weird to shake the pot, isn't it?

For lunch at noon, if a restaurant is better, isn't it all overcrowded?

Yuan Bing hurriedly tried to persuade him and said: "Don't worry, or go to other places, there are so many restaurants, right. Horwath, persuade Xia Ling."

The fashionable girl, Xia Ling, lost her temper and said, "I've come here, where are you going? The sun is so poisonous outside, Guangzhou is really hot, I don't want to go out anymore, I'm going to get a tan. Tut, You can't find a restaurant, why are you so useless?"

When Xia Ling said this, the people around turned their heads and showed strange gazes. What does this family want to do?

Yuan Haohua's face looked ugly, and Yuan Bing was even more speechless. This daughter-in-law didn't give him any face.

Liao Qingyong was very incredible. He felt that his brother had asked for a wonderful wife. He really didn't know how he was good at the beginning, but he will suffer in the future.

But that Xia Ling's nonchalant look, eyes higher than the top, was fierce Yuan Haohua: "Don't you hurry up and find a way? Hey, ask your sister to find a way. Didn't she always live here?"

Qin Ming was also annoyed. This woman was utterly ignorant. She knew she lost her temper and instigated people to do work? Then why did Yuan Haohua find such a strange thing?

No matter what, it doesn't matter to him, Qin Ming's self-cultivation is actually quite good. If he doesn't have the knowledge of this crazy woman, he ordered some more drinks and was about to go back.

At this moment, Yuan Bing pulled Liao Qingjing over.

Yuan Bing asked enthusiastically: "Hey, Xiao Qin, do you have a place? Why don't you see it?"

Qin Ming said, "Oh, I have already booked it in the large private room."

Yuan Bing listened, and immediately became active, and said: "Then do you have enough space in your private room? Oh, if there is enough space, let us go in too."

"Dad, you are very impolite like this." Liao Qingjing really couldn't bear it.

Yuan Bing said shamelessly: "What's the matter? Rely on your parents at home, and rely on friends when you go out. Friends, are they helping each other."

Liao Qingyong really felt more and more uncomfortable. This time her brother's marriage, she felt more and more that her old father was unreasonable.

Qin Ming said in his heart: "Just wait for your sentence."

He directly agreed: "Okay, please, uncle here."

Liao Qingyong was startled, why did Qin Ming agree to come down again? What kind of medicine does he sell in the gourd?

Chapter 493

Qin Ming came back and said that he had friends and no place, so he arranged to the small table in the private room.

Naturally, Qin Chaoyang and others didn't have any comments, and they all listened to Qin Ming's arrangements.

Liao Qingjing felt very sorry, and said: "Qin Ming, I...I always trouble you. I really don't want to."

Qin Ming sneered: "Am I not your reliable little brother? Your own person, what is this little thing? If you are in trouble, just make something delicious to compensate me tonight."

Liao Qingjing smiled immediately: "Okay, you can eat whatever you want. I will try to keep our table from disturbing you later."

Qin Ming smiled faintly, but he didn't think so, but he felt that this was an opportunity.

There was a box on both sides, and the food was served. Qin Chaoyang's atmosphere was better. He asked Qin Chaoyang some general questions about what he did at home, his education, and a few younger brothers and sisters.

Qin Chaoyang answered honestly, the family farming and raising pigs for generations, junior high school education, and the kind of graduation certificate that have not yet obtained the kind, used to do some casual work, because the arithmetic is not good, the technology learning is slow, and they can only use brute force. Li, often dismissed by construction sites, one younger brother and younger sister.

As soon as I heard Qin Chaoyang's condition.

“Ho ho, Tubaozi.” The future sister-in-law of Liao Qinghuang, Xia Ling, was happy, and couldn’t help laughing: “When I ate in the same room, I disliked my identity.”

Liao Qingying frowned and said, “No matter how many people give us the position, you still dislike it? Then why don’t you leave?”

“Tsk.” Xia Ling looked upset, turned her head and said: “Yuan Haohua, don’t you dare to care about your sister? Did I say something wrong? What’s wrong with some people who are just rural dumplings? Facts are facts. You think everyone They are all like your brother. A 30-year-old person has a successful career, has his own company, and has his own house. It’s all your brother’s hard work.”

Liao Qingjing wanted to hit someone when she heard this. That was all her career!

Yuan Haohua knew that these things belonged to his younger sister, but he was cheeky, and said, “Okay, younger sister, stop arguing. What did you order?”

Liao Qingjing snorted annoyedly: “I didn’t order it. Dad ordered it. I don’t know what to eat, you know what to eat.”

Squeak, just when the door opened, a car of large lobsters advanced, and aquatic products such as stone crawlers, abalones, eels, turtles, etc., each with its own characteristics, good-looking and good-tasting.

Yuan Haohua and the others thought it was for them, but it turned out to be Qin Mingyizhuo’s. One Australian large lobster is too extravagant, isn’t it? Flying Moutai, too good at drinking, right?

In a short while, Yuan Haohua and the others also served a table, some seasonal vegetables, braised pork, fried squid, winter melon soup and other home-cooked dishes.

There is really no comparison, no harm, a sumptuous seafood feast, one side is ordinary home-cooked dishes.

This comparison has no appetite.

“What’s the matter with this?” Yuan Haohua didn’t wait for her daughter-in-law to go crazy first, and said: “Dad, finally Xia Ling’s parents are here, and they drove the plane all morning, so hard, they also came specially for seafood wine. Lou, why do you eat these home-cooked dishes?”

Yuan Bing said embarrassedly: “It’s the same, the same. It’s easier to have diarrhea if you eat seafood.”

Yuan Bing looked at Qin Ming depressed, thinking that he is so rich? No more than a few thousand yuan per table? Have lunch, as for?

Suddenly, Qin Ming came over with a whole Australian lobster and said, “Sister Jing, this big guy is fresh and tender and juicy. You can try it.”

Liao Qingyong was stunned and immediately smiled, but Qin Ming didn’t expect Qin Ming to send her some delicious food.

In fact, it was Qin Ming’s attitude that he only shared the private room with you people because he gave Liao Qingjing face, and asked them to show respect to Liao Qingjing.

As soon as Qin Ming left, Yuan Haohua said dissatisfied: “Dad, what do you order? Isn’t this a joke? We also want to eat lobster.”

Yuan Bing is desperate, Nima, it’s not just an Australian lobster, are you stinky?

At this time, Boss Xia spoke and said, “No need, Xiao Yuan, what are you doing? You can just eat and drink. When I came here today, I was to visit your company and discuss your marriage, not for food and drink. .”

Xia Ling said: “Yeah. Yuan Haohua, don’t look like we have never eaten lobsters, not just Australian lobsters, I often eat them.”

Yuan Bing hurriedly said: “No, Xia Ling is sensible, Haohua, you really are. That in-laws. The rules should follow the rules of the Beijing city. I understand, but can the gift money be less? As you know, our Horwath business is in the developing stage and we need money in all aspects.”

Yuan Haohua seemed to be the boss, and said: “No, now the company has assets of more than 50 million yuan, and I just bought a Ferrari sports car, just when I was using the money. But immediately there was a plan to talk to the TV station. Cooperate on a show, sister, tell me about my father-in-law.”

Puff...Liao Qinghuang, who was eating lobster, was startled. She looked at her old father Yuan Bing strangely. She hadn’t heard of this before, so why did she want her to work for her brother?

Yuan Bing hurriedly explained: “That’s for sure. This project is in charge of Xiaoying, and the program is done, and you can make four or five million. Then I will make plans for financing. In fact, I am already prepared. There are investors. Very interested, there will be a round of financing soon, estimated to be 100 million. In the future, it will be bigger, developing into film and television entertainment, and going public.”

“Dad!” Liao Qingyong couldn’t believe it. Her father was so intolerable. In order to help his brother build a successful career, he helped him get married, took everything she gave to his brother, and asked her to work for his brother.

This is simply unreasonable. How can there be such a father in the world?

Liao Qingjing finally had a crack in her heart, and her relatives didn’t have a little love for her.

She was very envious of the next table, Wang Xiaoli's parents spoiled Wang Xiaoli, Wang Shuli also shelled crabs for Wang Xiaoli, but that was loved by other people's fathers, other people's fathers, and other people's...

Liao Qingjing felt sad: "Perhaps Qin Ming is right. Such relatives are not worth keeping."

Mrs. Xia arrogantly said: "We don't care about this. Boss Yuan, you are also in business? Why can't you even get such a low requirement of ten million? We have already made concessions. The family who lives next to us, they used to The family received 50 million yuan in gift money for marrying their daughters. That is to marry a wealthy family. Now my daughter receives 10 million yuan, which is already a great loss. Besides, our dowry will not be less."

Yuan Haohua was unhappy and said: "Then we also give out 50 million in gift money, so I can't make my wife wronged. We have money in our family, right, Dad?"

Suddenly Xia Ling kissed Yuan Haohua happily again, and said, "Husband, you are awesome."

Only Yuan Bing wiped his sweat under the pressure, 50 million, not counting the money for the new house just bought in Beijing, 100 million was spent on the marriage before it was married.

Where does he get so much money? All the household belongings are sold, and it is barely enough to count the daughter's career.

Boss Xia said again: "In-laws? Really 50 million? Don't joke with me. If there is a 50 million gift, then our Xia family can save face."

Mrs. Xia also said proudly: "No, then Mrs. Zhao, brag about her daughter's good marriage all day long, and take 50 million yuan in cash to discuss matters. It seems that their family is rich and how well their daughter is married. Annoyed. People, how can our family be so bad? We Xia Ling is also a daughter."

Yuan Haohua definitely made the decision and said: “Dad, this is the case. Getting married is a big deal, and you can’t lose face.”

Yuan Bing looked at his son spoiltly again. As long as his son was happy, he didn’t want to go against his son’s ideas, gritted his teeth, and figured out a solution.

Suddenly, Qin Ming said loudly from behind: “Uncle Wang, Sister Xiaoli is your only daughter, the jewel in the palm, marrying into the gate of our Qin family, it must be beautiful, and the gift money must not be less. Can you enjoy your twilight years, do you think 100 million is enough?”

This is what Qin Ming said. Don’t say that Yuan Bing and Boss Xia were shocked. Even Qin Chaoyang and Wang Xiaoli were dumbfounded.

How do you feel that one hundred million is in Qin Ming’s mouth, like three hundred million qq happy beans? No, most people don’t have 100 million Happy Beans yet!

Qin Ming looked at Aunt Wang, who was shocked by 100 million with meat in his mouth and forgot to chew, and said: “Where is your hometown? When Xiaoli is married, she will have to return home to worship her ancestors. I still have a budget of 200 million. Building roads in Sister Xiaoli’s hometown and benefiting her fathers and elders in her hometown, so that the people in her hometown can be proud of Sister Xiaoli, and then married vigorously, which also shows my elder brother’s determination not to treat Sister Xiaoli badly.”

The room was quiet for a long time, everyone looked at Qin Ming, and felt that this kid was pretending? Three billion is not money? Ching Ming burning stuff?

In the end, Qin Chaoyang asked stupidly: “Brother, brother. Is this 600 million yuan unit?”

Qin Ming laughed, “Brother, how could it be RMB.”

“Huh...” After listening, everyone relaxed, Nima, it turns out that your kid is pretending to be joking. It’s very bad and deliberately sensationalize. It’s estimated to be Korean won, but it is Japanese yen.

Suddenly, Qin Ming said again: “It’s 300 million U.S. dollars.”

Puff... As soon as Qin Ming’s voice fell, two people at the table, and three people at the same time were so scared that they spewed out of a drink.

Chapter 494

This big private room is a little weirdly quiet.

Qin Chaoyang asked stupidly: “Brother, brother. Is this 300 million yuan unit?”

Qin Ming laughed and said, “Brother, how could it be RMB? It’s 300 million US dollars. If you don’t build roads, you can buy some real estate abroad, and then you will have a place to live abroad when you go on vacation and travel, right? Now society. They are all global villages. Brother-in-law, you will need to take four old people around the world to enjoy the blessing, right? My dad also said that if conditions are available, how can we wronged the wife who married into the Qin family.”

At this moment, Wang Xiaoli’s parents were afraid to speak.

Qin Ming opened his mouth for more than 100 million dollars and shut up the dollar, frightening people.

They were really scared.

They are only middle-income people. Although their lives are not bad, they have never seen tens of millions of big money.

I thought that Qin Chaoyang had an annual salary of one million, so he would collect a gift of 500,000 yuan and hold a wedding in his hometown, and part of the gift would be paid back.

Unexpectedly, Qin Ming would directly send out a gift of 100 million U.S. dollars. This is no longer within the reach of the circle of their lives.

Wang Xiaoli was so happy that she was cautiously jumping. She didn't expect that she would choose such a rich husband, and she would be able to live without any worries in the future.

Qin Chaoyang also said happily: "Then, brother, do everything as you said."

Qin Ming's words deeply irritated the people on Xia Ling's side. They were still bargaining for the 10 million and 50 million betrothal gifts. Over there, Qin Ming directly threw 300 million US dollars, and what about the global village? Buying real estate, you have real wealth and great wealth, you are envious of it.

"Bringing bragging." Yuan Haohua was a little upset, feeling that Qin Ming was demolishing his desk, embarrassing him.

The sound is not loud, but everyone can hear it.

Coincidentally, at this time, a waiter came in and said, "Hello, sorry. Who owns the brand new Mercedes Benz S560 at the door? Can I move it? A trolley is blocked and cannot be taken out. Please move the boss. Yimo, thank you for your cooperation."

Qin Chaoyang hurriedly got up and said, "Oh, our car. Hey, I don't have a driver's license, Xiaoli, go and move it."

Wang Xiaoli immediately took the key to move the car.

Brand new Big Ben? How can you get it if you don't have a few million? Obviously Qin Ming's table has that strength.

Yuan Haohua couldn't afford to run. The Ferrari he boasted was obtained through his old father and his sister. He blushed immediately and said nothing.

On the contrary, Xia Ling's eyes floated over from time to time, looking at Qin Ming, she felt that Qin Ming's eyes were more pleasing to her eyes.

After Qin Ming talked about the gift money, he also said about other things to be done during the marriage. For example, both the man and the woman have to put wine in both places, and they have to go back to their hometown to worship their ancestors, etc., and then choose a day, so the expenses are all counted in high places, what? High-priced dresses and diamond rings are all in pediatrics, and they have to go abroad to hold weddings, provide guests with air tickets and accommodation, co-organize to invite celebrities to sing, celebrities to bless, and broadcast live on the whole network, which is comparable to the marriage of famous celebrities.

Qin Chaoyang and Wang Xiaoli's family couldn't speak, and they all listened to Qin Ming's arrangements, because all the money came from Qin Ming.

In fact, Wang Xiaoli wanted to save a little bit, but when she thinks of a woman getting married once in her life, which woman does not want the scenery and romance, like a century-old wedding like a royal princess? Since Qin Ming arranged, he simply obeyed the arrangement, and felt happy.

Qin Ming said in a jealousy, that a wedding could not be less than one billion yuan, and it has completely made the two families next door unable to eat.

In fact, no matter how much the wedding spends, it will not cost less than one billion. Besides, Qin Ming is exaggerating the figure, just to stimulate the people next door.

Yuan Bing was even more sad. He felt that it was a wrong decision to come in to eat in Qin Ming's private room, and his son was completely beaten.

Xia Ling put her mind and spirit completely on Qin Ming's side, listening intently, obviously envious of Wang Xiaoli's wedding of this century.

Then Boss Xia couldn't sit still, picked up a glass of wine, and said, "Mr. Liao, I didn't expect you to know such a great person. Why didn't you introduce us to him? Can you help me and introduce him?"

Yuan Bing also said immediately: "Yes, Xiaoying, your friend is so powerful, why don't we know? I thought he was just an ordinary person."

Xia Ling was also very interested, and said, "Yes, yes, Miss Liao, you can tell me about such a young and top rich second generation, everyone is in business, so we can earn money together in the future."

Only Yuan Haohua is very disagreeable, why does his wife care so much about the person next to the table? Today, I was discussing his marriage, and I will visit his company later.

Liao Qingjing is very speechless. As far as she knows, Qin Ming used to be a poor student. Later, he made a rich and beautiful friend and became wealthy. But then his girlfriend's house went bankrupt. He should be back to his original form. She clearly said that he was trading in stocks and making a lot of money. She originally didn't believe it, but now she has to believe it.

Liao Qingjing gave Qin Ming a speechless glance, then waved to Qin Ming and said, "Qin Ming, come here."

In this tone, it is really a little older sister to greet the younger brother.

Qin Ming almost finished talking and said, "Brother, you can go to the villa on the top of Yunshan Mountain now. Let me talk to my friends for a while. Oh, the meal has already been paid, so you can go straight away."

Wang Xiaoli's parents responded and walked out with a big smile.

Qin Ming walked over, and Liao Qingjing gave up his position and let him sit next to him.

"Oh, little handsome guy, how do you call it?" Boss Xia immediately toasted Qin Ming as if he were a distinguished guest.

Qin Ming refused to drink, made a clasped fist, raised his breath, and said, "Thank you, boss Xia, but I am a monk. I don't drink during the day. Being drunk can easily cause trouble."

"Eh? A monk?" Everyone was taken aback.

Even Liao Qingjing was stunned, wondering what big tail wolf your kid pretended to be? Aren't you a senior at China University of Technology? Pretending to be a god stick here?

Qin Minghaohao smiled, straightened his waist, and said: "Don't tell me, I am the descendant of the 561st generation of the head of Hulongshan Taoism, and I am a serious monk."

"Oh, it turns out to be a religious person." Boss Xia and his wife also clasped their fists.

Instead, Liao Qingying snickered secretly. She stretched out her hand to the bottom of the table and secretly pinched Qin Ming, indicating that your kid is very bad, and that would be a lie.

Xia Ling curiously asked, "Wow, is there so much money to be a Taoist priest now?"

Yuan Bing said: "No, there are many believers, and the incense will flourish. I know a Buddhist master, who opened a Rolls Royce and lived in a European style house. Everyone called him a master when he saw it. It was really boring. Sound fortune."

"Master Qin, disrespect, disrespect." Boss Xia hurriedly said, "Master Qin is so young, and I really admire him for his accomplishments."

Qin Ming said, "Hey, boss Xia and boss Yuan, you have misunderstood. I am only an apprentice, and the master is too far away from me. The reason why I am rich is that I have helped the local wealthy families in Guangzhou with the Feng Shui and numerology taught by my teacher. Mu's family, they have survived two difficulties for them. They rewarded me and gave me one billion. I am a monk with money and money. It happened that my elder brother got married, so I just gave some to my elder brother."

Guru...

One billion, foreign objects?

He Yuan Bing can't get it out.

The eyes of Boss Xia and his wife don't seem to be able to show them. It seems that no matter how rich they are, they are limited.

Yuan Haohua was full of contempt and hummed: "Really? Didn't your kid call my sister teacher? Don't brag."

Qin Ming smiled faintly: "It didn't take long for this to happen, you can check it online. The Mu family change incident was very popular in Guangzhou at that time."

Yuan Haohua didn't believe it, so he directly took out his mobile phone to investigate the case of the Mu family's brothers' rebellion and the murder of the family property, as well as the help of the Mu family's mysterious people. All the information about the medical treatment of the old man's illness was disclosed, and among them, Qin Ming was in Mu at the beginning. The company sent money at the gate to stably borrow pictures of ordinary people.

Everyone at the table scrambled to check Yuan Haohua's mobile phone and found that something happened!

Moreover, the Mu family is an old-fashioned giant in Guangzhou, known as a wealth of hundreds of billions, so rich that it is nothing to give Qin Ming a billion.

After reading it, Boss Xia walked up directly, grabbed Qin Ming's hand, and cried out loudly, "Oh, Master Qin... It's really a real person to show his face. It's a blessing for Sansheng to get to know Master Qin today, please help Master Qin. Save our family."

Qin Ming withdrew his hand and said with a dry smile: "Ho ho, boss Xia is polite, what are you doing? Aren't you all fine?"

Chapter 495

Everyone checked the content on their phones. Some of what Qin Ming did for the Mu's family were reported. Qin Ming was also photographed. Although the content did not say much, it was indeed Qin Ming who participated.

Now his words have greatly improved their credibility.

A young gentle fortune teller? Let Qin Ming help out the gang leader Mu Family, a veteran Cantonese giant?

Obviously, Master Qin is really capable.

Boss Xia suddenly grabbed Qin Ming's hand and pleaded: "Oh, Master Qin... is really a real person. It's a blessing for Sansheng to meet Master Qin today. Please ask Master Qin to save our family."

Qin Ming withdrew his hand and said with a dry smile: "Ho ho, boss Xia is polite, what are you doing? Aren't you all fine?"

Yuan Bing was also surprised. What does Boss Xia mean?

Boss Xia said: "That's right, Master Qin, I always have a dream recently, our Xia family is in trouble. Can Master Qin count it for me?"

Qin Ming shook his head and said, "This... it's not impossible to simply calculate the aspect. I won't charge Boss Xia's fees. They are all friends of Sister Ying. But I can't disclose too much, after all, the secret is not to be revealed. , Once it leaks, I will lose my life."

Qin Ming didn't think much, but when he read the autobiography given by Zhang Quanzhen, he found that Zhang Quanzhen didn't understand it at the beginning. Zhang Quanzhen was not a Daoist and veteran from the beginning. He only began to believe in Daoist after he became famous.

Everyone at the table looked at Qin Ming, even though Qin Ming was very young and unfamiliar.

But Qin Ming is rich, and money is the best status symbol. Qin Ming is richer than them, so he won their respect.

Yuan Haohua didn't dare to make a random noise either.

Qin Ming first touched Mogu for Boss Xia. This hand was a bit rough, and Qin Ming wondered, isn't he a business man? He looked at the hands of Hou Qing and Qi Yundong, but they were thin and tender, and their nails seemed to be a little gray.

Boss Xia's face is relatively fat and round, his forehead is a bit pointed, bald, and he has no affinity for smiling, but disgusting.

Qin Ming recalled some content in Zhang Quanzhen's autobiography. Boss Xia didn't look like a rich man.

But it doesn't matter, Qin Ming doesn't understand, he just needs to follow his own plan.

"Not good, not good."

Suddenly he became frightened, let go of his hand, revealing an expression like Lin's catastrophe, then took his fingers and wiped his hands, and then Qin Ming immediately took Liao Qingjing's hand and said, "Sister Jing, go, go."

Qin Ming dragged Liao Qingjing, who was unknown to him, and ran out quickly.

"Hey? What's wrong?" Yuan Bing, Boss Xia and others felt very strange. What's wrong? Do not

Didn't the fortune teller see something strange?

Everyone looked at Boss Xia strangely, and Boss Xia wondered: "What's wrong with me?"

At first, I don't know what's going on, but people's psychology is like this, curious.

At that moment, Yuan Haohua moved his body and distanced himself from this future father-in-law.

After Qin Ming took Liao Qingjing to leave, he said, "Okay, I finally rescued sister Jing."

Liao Qingjing was not much happy, and said, "If you don't save me, I have nothing to be fooled by my dad."
