

The Amazing Son In Law Chapter 3706

Olivia brought Helena up, and did not enter the ward immediately, but took her to the next room, and ordered a maid: "Search her!"

The maid immediately stepped forward and checked Helena's whole body, and found that she only had one mobile phone, so she handed it to Olivia and said respectfully: "Your Royal Highness, there is only this."

Olivia nodded, and told her: "Hold her phone first."

After speaking, he waved to Helena and said, "Come with me."

Helena followed Olivia to the door of the ward, Olivia sent away the guards outside the ward, and sent several doctors on duty together, and this led Helena into the ward.

In the ward, a gray-haired old woman was lying on the hospital bed with no expression on her face.

She was very thin, with an oxygen mask on her face. Except for the slight ups and downs of her chest when she breathed, she didn't have any other movements.

Seeing this old woman, Helena's eyes were red, and she cried to the hospital bed, choked up and said: "Grandma... Grandma, can you hear my voice? I am Helena, I am coming back to see you..."

Olivia sneered: "Helena, don't dream, it's impossible for her to wake up to be fair for you!"

There was no one here except the two of them and the dying queen, so Olivia immediately put away her hypocritical face.

Helena turned to look at Olivia and asked: "Olivia, where did you hide my mother?"

Olivia snorted: "Don't you think you are particularly naive to ask this kind of question? I still want to use your mother's life to force you to subdue. How can I tell you where she is?"

Helena gritted her teeth and asked her: "Olivia! I am your sister! It is your relative! Why do you treat me this way! Why do you treat my mother this way?!"

Olivia sneered with her shoulders in her arms and said, "It's time for Helena, what's the point of playing this kind of emotional card?"

After a pause, Olivia said again: "I tell you, now you have no choice. Honestly, if I marry Aman Ramovic after my wedding, I will spare your mother! Otherwise, I will not only give you to Aman Ramovic forcibly, but also make your mother what she is now!"

When she said this, Olivia pointed to the Nordic Queen lying on the hospital bed.

Helena listened to this, looked at her dumbfounded, and asked: "Grandma... Grandma was killed by you?!"

"Of course it is me!" Olivia knew Helena didn't have any recording and wiretapping equipment, so she sneered unscrupulously: "During the physical examination last year, her health doctor told me that as long as she is well maintained, she will at least be able to Live another ten years, maybe even another twenty years..."

"Damn, which crown prince can wait that long?! Ten years and ten years, the ghost knows how many more years there will be? The ghost also knows if she will be the same as the one in Great Britain, give me a long time Standby?"

"So, in order to inherit Datong as soon as possible, I can only use some means to shorten her standby time as much as possible!"
