

## CHAPTER 1501

This also means that Tang Mufen will live incognito next.

Must not appear as “Tang Mufeng”.

Otherwise, it will be cast aside by thousands of people.

Their family hated Levi Garrison.

The Western Shu Emperor didn't say anything, they were all waiting for Levi Garrison's order.

LEvi's Squad is also...

Capital.

Messiah.

“Where is Levi Garrison? Now that the Northern Demons have failed, the Avengers will definitely flee out of Erudia.”

“I still can't contact him at the moment! No one knows where he is, what is he doing? He is like disappearing!”

“It's really outrageous! At the most critical moment, Levi Garrison came here with such a trick!” mi.

c

“Even though we defeated the Northern Demons and achieved a major victory, we are still far from a full victory! Once the Avengers leave, it is

equivalent to letting the tiger go!”

“Hey, the key is that all the Avengers’ information is in his hands. We don’t know anything. Levi Garrison disappeared, and we have nothing to do!”

“Forget it, let’s greet our hero first! Let’s deal with Levi Garrison later!”

...

On an avenue north of the capital.

There is no car.

The two rows were full of people, crowds of people.

Everyone’s eyes are full of enthusiasm.

Flags flew on both sides, and banners could be seen everywhere.

It says “the important minister of the country”, “the hero of the great summer” and so on.

Messiah came forward to greet him.

This is the first time ever.

It is indeed the highest etiquette!

Naturally, it was the four little dragons and the dead death squad who accepted all this.

Soon, the team came.

There is even a helicopter hovering in the air...

“boom!”

“boom!”

“boom!”

...

Hundreds of salutes scattered on both sides fired all at once.

Thousands of people even shouted.

“hero!!!”

“hero!!!”

...

Erudia's highest courtesy welcomes the heroes home.

Tears filled their eyes.

The four Erudia Five Dragons and the East Demon were even more tearful: "Our apprentice is not ashamed! It's really gratifying!"

"Thanks to the four seniors for cultivating such a god of protector of the country for Erudia!"

Messiah thanked from top to bottom.

The people are even more grateful.

After arriving here, the four little dragons got out of the car and walked on the avenue, accepting the highest etiquette.

Enjoy the respect of thousands of people and the reception of Messiah.

The East Beast, the Southern General, and the Chinese Soldier held their heads high and looked proud.

This is what they want! ! !

They finally stood on the top of the great summer.

As for the western monk next to him lowered his head, his face was a bit ugly.

The more so, the more uncomfortable he is.

All this belongs to others.

Nothing to do with them.

Even they are deserters...

Killed so many prisoners...

But now that the arrow is on the string, he has to send it, and he has no idea.

Can only bite the bullet to meet all this.

“Welcome to the triumphant return of our four heroes!!!”

Messiah shouted.

The audience cheered, and there was a burst of noise.

Dong Beast shouted at the crowd: “We are nothing, the dead brothers are the heroes!”

“We are sorry for them, we may not be able to bring them back alive!”

“What are we heroes?”

The southern general and the lieutenant also said pretentiously.

The western monk’s head was lower.

He couldn’t imagine how Dongju had a face to say these words?

Obviously they killed all the members of the death squad.

Sure enough, the Dong Beast trio’s words made others admire them more and more.

“Look at this is my Erudia hero, whether it is strength or character, it is an existence we admire!”

## CHAPTER 1502

In the end, the four little dragons accepted the awards and honors.

Even Messiah wants to give them a king!

Of course, all of this will have to wait until Levi Garrison is contacted!

“What? The Avengers are still not resolved? Unreasonable!”

“Erudia is still in danger, how can we be idle? Continue!”

When the four little dragons heard that the Avengers were still unsolved, they made a hypocritical statement.

To get rid of the Avengers.

The Northern Demons were afraid.

But they are still very strong, and there should be no problems dealing with the Avengers.

“If Levi Garrison has half of your character, he won’t let most of the Avengers escape!”

Everyone is more optimistic about the four little dragons. ..

Even more angry at Levi Garrison!

How can I do it?

Not obeying the order, let the Avengers run away.

Just because the four little dragons are sent to deal with the Northern Devil, and you are not sent, are you angry?

It's too narrow-minded.

“Hurry up and contact Levi Garrison! The matter of the word side by side king will be resolved as soon as possible!”

...

At this moment, it is located in the depths of the Tianshan base.

Levi Garrison took a long breath.

There was a person lying in front of him.

It is the North Devil.

In fact, that battle did not hurt both sides.

Not to die together.

Levi Garrison was completely capable of killing the North Demon.

When he was about to punish the Northern Demon, the Northern Demon recognized his practice, so he retained his trick.

This created the illusion that he and the Northern Devil were at the end of each other.

He didn't punish the North Demon, but wanted to ask why the Lower North Demon knew this technique.

So maybe you will know something about "Master".

This is what Levi Garrison wants to know very much.

But despite this, the North Demon passed out.

No matter what method Levi Garrison used, he still didn't wake up.

"Forget it, take the Northern Demon back first! Let Amar or Beishan (Benny Quinton) see if there is a way to wake him up!"

Levi Garrison shook his head helplessly.

Now the North Devil poses no threat to him.

So death or life is the same.

He is fully capable of controlling.

He just wanted to ask the truth from the mouth of Bei Mo.

As everyone knows, the sky has changed outside at this time.

The four deserters changed their lives and became Erudia heroes, loved by thousands of people.

He became a deserter.

Where Messiah is, he has neglected his duty even more, and there has been a major dereliction of duty.

But for the Avengers, Levi Garrison admitted negligence.

Between the Avengers and the Northern Devil, he believed that the Northern Devil had a higher risk factor, so he chose the Northern Devil.

On the way back, Levi Garrison finally knew what happened.

It turned out that the four little dragons accepted all the merits with peace of mind.

Instead, they framed 39 of them as deserters.

Also killed all the prisoners.

“These four people seem to want to kill all those who know the truth!!!”

“Unfortunately, I’m still alive!”

A cold light flashed in Levi Garrison’s eyes.

Never met such a shameless person!

Worse than Zoey’s family!

The ugliness of a person can be clearly seen in the face of interests and life and death.

So many brothers have all become their substitutes.

These four people still have the face to accept the reward?

Want to be a king?

Shameless! ! !

Did you kill the North Demon?

Have you ever played the North Devil?

Only four deserters! ! !

After a change, he became a national hero.

He couldn't bear this tone!

Levi Garrison is very angry!

He would never allow this to happen.

It's even more to ask for justice for the thousands of death squad brothers who died.

"Four little dragons? Okay, wait for me!"

Levi Garrison returned to the capital fiercely.

## CHAPTER 1503

The Four Little Dragons now enjoy this feeling loved by thousands of people.

Also very sad.

Those thirty-nine people could not be found in one day, and they were not at ease after all.

Only when they are dead will everyone feel at ease.

So the four little dragons used all their strength to find the whereabouts of those people.

The 38 members of the death squad were still weak after all, and they were quickly found one by one.

After all, almost everyone listens to the Four Little Dragons.

For their arrangements, they are all trying their best to complete.

“We are not deserters! We killed the Avengers’ ambush, and even one of us killed the North Demon!”

Everyone began to explain.

Only the person who escorted them coldly snorted: “Who doesn’t know that you are deserters in Erudia now? Do you dare to argue?”

“Listen, or did one of them kill the North Demon? Do you have any ideas?”

“North Mordor! Will be killed by one of your death squads? It’s ridiculous! It was killed by the four little dragons!”

“Can you say something practical in your sophistry? You killed the North Demon, so you can say that?”

...

Of course everyone didn’t believe it.

Everyone knows how threatening the North Devil is.

How can a small death squad member be able to kill it?

The death squad began to argue vigorously: “No, we saw it with our own eyes! It was our people who killed it! By the way, his name is Tang Mufeng!”

“Furthermore, the four little dragons are deserters at all! They trapped more than 900 other people to help them block the North Demon, so that they

can escape! More than 900 members of the death squad were killed by them!”

“It’s the four little dragons shameless! It’s the North Demon killed by others, but they shamelessly call themselves themselves!”

“And they suddenly killed all the captives to kill them! Because those captives have witnessed the truth!”

...

The throats of the death squads were smoky.

But it's simply unbelievable.

“Go on? Let me see what else you can say?”

“Do you still want to say that the North Demon is dead? Will it appear one day?”

“Say, will we believe your nonsense?”

...

Those who caught them all laughed.

Look at more than 30 people in the death squad like a fool.

No matter how reasonable they said, who would believe what a group of deserters said?

“Everyone, hurry up! The four little dragons are coming to pick them up soon! Our mission is over!”

Upon hearing that the four little dragons were coming, the death squad began to panic.

Once these four people come, will they have a way to survive?

“We are not deserters! We are the four little dragons...”

But no matter what they say, they are not convinced.

Instead, they think this is their excuse.

Soon in the middle of the journey, I ran into the four little dragons who came to pick up people.

A strong murderous intent flashed in the eyes of the East Beasts.

“Okay, leave them to us, let’s deal with it!”

Others left one after another.

There were only four little dragons left in the court staring murderously at the death squad.

“Run? Where can you go?”

Dongju sneered.

“You four shameless dogs! Sooner or later everyone will know the truth!”

“A group of guys who betrayed their fellow teammates, it is a shame to be with you!”

The death squad scolded.

“Hahaha, it’s a pity, you are going on the road, you can’t see that day!”

The bloodthirsty killing intent flashed in the eyes of the Eastern Beast.

“Wait, one person is missing!”

“Obviously there are thirty-nine people, why are there only thirty-eight people?”

Suddenly, the western monk asked questions.

## CHAPTER 1504

The western monk is now gradually blending into the other three.

Since you can't hide, you can only accept it.

For peace of mind, he wants to get rid of everyone.

Therefore, he is more careful than the other three.

"Yeah, there is one missing person, none of us found out."

Only then did the other three react.

"Actually tell you, that person is..."

One of the members of the death squad, subconsciously wanted to tell the truth.

He was quickly stopped by others: "Wrong! Just one person is missing!"

"He is hiding in a place you can't find. He has direct evidence! If we kill us, he will expose everything."

Only in this way can their lives be saved. mi. c

"I don't believe it! I still can't kill you!"

Dong Beast is about to start.

“No way!”

The western monk quickly blocked it.

“His absence is always a hidden danger, so quickly check who this person is!”

“Tang Mufeng, right? Let’s go to the gate of Xishu!”

Soon, the four little dragons went to find Tang Mufeng.

Tang Mufeng is now not in the West Shumen Clan, but hiding in a hidden place.

But it was still found.

Although the Western Shu gate valve wanted to stop it.

But the four little dragons are not only powerful, but Erudia is behind them.

Who dares to stop?

The four captured Tang Mufeng.

“It’s you who became a deserter!”

Dong Beast sneered.

“No...it’s not me...I’m Tang Mufeng wrong, but it’s not me who went to join the death squad, but Levi Garrison went for me! He became a deserter, it has

nothing to do with me!”

“Yeah, Levi Garrison went for my son. It has nothing to do with my son.”

Tang Wansheng was also defending.

“Do you think I can believe this? Take it away!!!”

“If it doesn’t matter to you, why are you hiding?”

Now for the Four Little Dragons, Tang Mufeng and the others are arguing.

And I heard from Messiah that Levi Garrison was going to deal with the Avengers.

Will he join the death squad for you?

It’s ridiculous!

The four forcibly took Tang Mufeng away.

Halfway through, Dongju suddenly smiled grimly: “Go to hell!”

“Don’t, don’t kill me!!!”

Tang Mufeng wanted to say something, but Dong Beast didn’t give him a chance at all.

“Puff!”

With blood in his mouth, Tang Mufeng fell to the ground unwillingly.

Tang Mufeng was killed.

No one thought of this.

They asked Levi Garrison to die for him, and wanted to sit back and collect his reputation.

But the way of heaven has reincarnation, who has the heaven spared?

After things changed, he died in the end.

Don’t hurt people’s hearts, or you will be the one who is unlucky.

“call!”

The four little dragons breathed a long sigh of relief.

Now all the trouble is gone.

Killed at least the remaining thirty-eight people.

No one in this world knows the truth.

But at this moment, Levi Garrison came to the capital.

This is what Messiah didn't even think of.

I thought Levi Garrison would disappear for a while.

“Levi Garrison, you leave your job without authorization! All the top leaders of the Avengers fled Erudia! You have a major negligence of duty, are you

Convicted?”

Senior Messiah questioned Levi Garrison.

Levi Garrison nodded: “This is my negligence, I admit it! But...”

“But what?”

“But I rushed to the Tianshan base and wiped out half of the Avengers’ power, and even the North Demon!”

“I, Levi Garrison, don’t ask for anything, the merits and demerits are equal!”

The words came out.

The court was silent for a long time.

It took a full minute before the sound erupted.

“Levi Garrison, are you crazy? You got rid of the Northern Devil? It’s obviously the four little dragons, okay?”

## CHAPTER 1505

“Levi Garrison, you really let us down!”

“We are Wan Wanwan thinking that you will come to grab the credit at this time!”

“The tens of thousands of people we sent out witnessed the four little dragons killing the North Demon! But you said you killed it? Will we believe it?”

“Levi Garrison has cultivated you for so long, and it has pushed you to sit side by side with the king! I really didn’t expect you to take credit for others!”

...

In this regard, Messiah was very disappointed with Levi Garrison.

Mainly it was a coincidence.

All the factors created the “fact”-the four little dragons killed the Northern Demon.

People have to believe.

Especially now billions of people across Erudia regard the Four Little Dragons as heroes.

You tell them that the Northern Devil was not killed by the four little dragons. ..

It is estimated that everyone will be impatient.

Not to mention them.

Levi Garrison said that he killed the North Demon, which was tantamount to overthrowing everyone's cognition.

"Levi Garrison, let us tell you the truth, we are not sending you to deal with the Northern Devil. There is only one reason-because you are not the opponent

of the Northern Devil, the four little dragons are here to deal with the Northern Devil with the combined attack technique."

...

In this regard, Levi Garrison could only sneer.

The art of combined strikes has no effect on the Northern Devil!

"One word side by side? We know that you are very powerful. The battle at Jiulong Mountain has made a lot of face for Erudia!"

"But you don't have to run to grab the credit of our apprentice at this time, right?"

"May I ask what have you done? Did you play in the battle against the North Devil? Or was it bleeding and wounded?"

“Everyone has witnessed the North Demon killed by our apprentice. Is this time to grab the credit? Is it possible that you are satisfied if all the credit

is yours?”

The four East Demon also stared at Levi Garrison.

They are fighting injustices for their apprentices.

“This time, the credit for killing the North Demon is really great, it can be said to be the best in nearly a hundred years, but you don’t have to grab it,

right?”

“What’s more, you have a major negligence, everyone in the Avengers ran away? Not only did not plead guilty, but also wanted to take credit!”

“This is the first time we have seen such a young man! In vain, I used to think highly of you!”

Facing the accusation, Levi Garrison could only smile.

Soon, the four little dragons came here.

After hearing the matter, the four were furious.

“Levi Garrison, you are too shameless!”

“You killed the North Demon? Do you want to be shameless?”

“During the first battle of the Tianshan Base, we never saw you at all, okay?”

The Dongbeasts were extremely angry.

“Who said I was not here?”

Levi Garrison smiled.

“Ok?”

The Dongbeasts were suddenly taken aback.

Looking at each other, the same thought flashed in his mind: Isn't he the mysterious person?

But it's impossible!

The mysterious man has died with the Northern Devil.

This is what they saw with their own eyes.

There is absolutely nothing wrong.

Even if he was dead, he was found now.

But there is still no such thing.

That means it's really dead.

It could never be Levi Garrison.

“Extremely ridiculous!”

“The North Demon was obviously killed by the four of us! Is it related to you?”

“How can there be someone as shameless as you in this world?”

The Dong Beast trio frantically accused Levi Garrison.

Only the western monk made a sound.

The shameless people are four of them, right?

Not them.

The western monk is really going against his psychology to accuse other people.

He doesn't have the face to dare to do these things.

Levi Garrison smiled indifferently: “The Northern Demon was killed by you?”

“Wrong, it’s us!”

The three East Beasts immediately admitted.

“Ho ho, fart, the Northern Devil is completely dead!”

Levi Garrison said angrily.

## CHAPTER 1506

Of course the North Demon was dead.

And will wake up soon.

After Levi Garrison came to the capital, he had already handed it over to professionals such as Qin Lao and Amar.

After inspection, the North Demon can wake up.

The language is not surprising and endless.

Levi Garrison said this.

Everyone laughed.

How could the North Demon be dead?

Tens of thousands watched him die.

This is not just what the Four Little Dragons said.

This was seen by the remaining thirty-eight people of the death squad and the thousands of people under the command of the North Demon.

Witness!

Otherwise, the North Demon's men would not surrender.

He surrendered only when he saw that the Northern Demon was dead.

At this time, you said that the North Demon was dead?

Who believes it!

"Levi Garrison, Levi Garrison, the more you talk, the more outrageous you are!"

"At first it was said that you killed the Northern Demon, but now it is said that the Northern Demon is dead, inconsistent! Do you want to lie and

prepare the draft in advance?"

"Yes! If you don't get the credit, you will say that the North Demon is dead. Levi Garrison, you are really bad!"

...

Everyone was happy.

Including Western monks.

He was still worried at first, and Levi Garrison would know something in case.

Now it seems that Levi Garrison is purely here to grab the credit.

Even Messiah was angry.

“Levi Garrison, do you think we are stupid? Billions of people know that the Northern Demon is dead, but you say that the Northern Demon is alive! Didn’t

you say that the Northern Demon was killed? Why did you say that he was dead?”

Levi Garrison looked at everyone and said, “I didn’t say I killed him, but I just got rid of him!”

“Well, well, since you got rid of the North Demon, then you tell me why we didn’t see you? Where are you?”

The western monk asked.

“Because in the death squad!”

Levi Garrison smiled.

“Death squad? Impossible! We know everyone in the death squad. I call everyone’s name. You can’t be in the death squad!”

The western monk bit to death.

“I went for someone!”

“Who did you go for? Wouldn’t you say that you went for Tang Mufeng?”

The western monk sneered.

“It’s wrong, I went for Tang Mufeng! That person was me at the beginning, and I took thirty-nine people to part ways with you...”

Levi Garrison told the original situation.

Nan Jiang smiled and said: “I know so much!! What a pity, what a pity, Tang Mufeng didn’t have anyone to go for him at all, he did it himself!”

“He also admitted to being a deserter, let us be beheaded!”

“Levi Garrison is going to lie. The North Devil matter has nothing to do with you at all. No matter how much you say, it’s not believed.”

“It’s wrong, the facts are in front of you, can you overthrow it?”

Everyone looked at him like a fool.

“Then you guys tell me why there was a scene where the combined attack technique was not effective against the Northern Demon in the first place?

The Northern Demon also said that he was three times stronger than he was in the past?”

Levi Garrison asked rhetorically.

“This question is very simple! The North Devil uses it to bluff to frighten us!”

“At that time, the combined attack technique had already produced a heavy blow to him, but he resisted it and didn’t show it.”

“Understood? He was already at the end of the crossbow at the time. He died under the impact of the four of us and the death squad!”

The explanation of the Four Little Dragons may not be perfect.

But now billions of people in Erudia listen to them.

What they say is true.

No one doubted it, and no one believed Levi Garrison.

“But the North Demon was clearly defeated by me. It has nothing to do with them. The four of them became deserters and killed everyone in the

death squad!”

Levi Garrison weakly defended.

It’s just that everyone looked at him coldly.

No one will listen.

Levi Garrison was helpless.

No one believed him.

## CHAPTER 1507

Now it can be said that the whole world does not believe him.

No one will write to you.

On the contrary, he has suffered a major dereliction of duty. It is another question whether he can keep his identity as a king.

Levi Garrison didn't have enough evidence to expose the Four Little Dragons.

After all, Erudia gave the title of hero to the four little dragons.

Exposing them is equivalent to overthrowing everyone.

impossible things!

"Levi Garrison, you say! Keep talking! Let me see what else you can say?"

"Do you think someone will believe you?"

Si Xiaolong looked at him with a smug expression.

"Young people, it's better to be down-to-earth, don't think about grabbing credit or something."

Xi Buddha also patted Levi Garrison on the shoulder.

“Levi Garrison, we are so disappointed in you! We didn’t expect you to come to grab the credit!”

“Okay, let’s not talk about this! Let’s ask you, we have ordered you to remove the Avengers, why are you not doing it? What are you doing?”

Facing the question, Levi Garrison smiled: “Between the Avengers and the Northern Demon, I think the Northern Demon is even more threatening. So I

went to the Tianshan base to deal with the Northern Demon.”

Everyone: “...”.

“Levi Garrison, you want to piss us off? Are you still talking about the North Demon at this time, you got rid of it?”

“Obviously you are not doing things well and making major mistakes. But you still have to pretend to have done your best for Erudia! Also come to

grab the credit of others!”

...

Levi Garrison’s words angered everyone.

“Excuse me, please keep your eyes open! If you think about the trickiness of this matter, you will doubt it.”

“Get rid of the Northern Devil, I don’t want any reward or reputation from Levi Garrison, I just want to give me justice! That’s it!”

Levi Garrison shouted at everyone.

Messiah stared at Levi Garrison angrily: “Today is really a disappointing day!!!”

“Levi Garrison, do you still realize your mistakes?”

Levi Garrison sneered: “What’s wrong with me?”

“Are you still wrong?”

“Did you get rid of the Avengers?”

Everyone questioned.

“But I got rid of the more dangerous Northern Demon!”

Levi Garrison looked at everyone frankly.

“you.....”

Everyone was going to be mad at Levi Garrison.

After talking for a long time, Levi Garrison still had the same rhetoric.

“You are still so obsessed!!!”

“Levi Garrison from now on, you can be confined! Think about whether you are wrong?”

“When did you figure it out, and when will you come out again!”

...

Levi Garrison smiled: “I will go to the confinement room! But it is impossible to figure it out! Because I was wrong!”

“If Levi Garrison doesn’t reflect on what he is wrong, then you don’t have to be the king of words side by side! You will even be punished severely!”

“Come here, quickly send Levi Garrison to the confinement room to make him sober!”

Levi Garrison snorted: “It doesn’t matter!!!”

In this way, Levi Garrison was sent to a hidden confinement room somewhere in the capital.

There are only ten small rooms of square meters.

The atmosphere is extremely depressing.

The guard also persuaded: "Just let your mouth go. With your contribution to Erudia, as long as you admit that you have made a mistake, it won't do

anything to you."

Levi Garrison smiled and said, "Justice and easy-going! I'm wrong is wrong!"

"I believe everything will be proved soon! Fake things can't be real!"

The others chuckled, "How is it possible? Everyone knows that the four little dragons killed the Northern Devil. What evidence do you use to

overthrow them?"

## CHAPTER 1508

Levi Garrison didn't answer the conversation, so he closed his eyes and rested.

His words are unbelievable.

Why not say it!

The guard outside the door took a look and then sighed: "Hey, it's really worthless to hand over the position of the king by one word in order to be

angry!"

After Levi Garrison was detained in a confinement room.

Many people still received the message.

The King of Beiliang, the Emperor of Xishu and others all knew about it.

They naturally did not believe that Levi Garrison was a deserter.

There must be a misunderstanding.

In addition, they didn't think that Tang Mufeng was killed.

Tang Wansheng and others were extremely sad and angry! m.bg.

They blamed all this on Levi Garrison.

If the Emperor Xi Shu hadn't come forward, I'm afraid Tang Wansheng would have been dyed against Zoey.

Tang Wansheng had already vowed to never die with Levi Garrison.

The deserter was in charge of Levi Garrison, but it was his son who was punished.

He can't stand...

"I heard that Levi Garrison was arrested! When he comes out, I will settle accounts with him!"

...

At this time, the four little dragons had already begun to discuss the issue of one word side by side.

According to Levi Garrison's temperament, he would probably not admit his mistakes.

When the time comes, the word side by side will be theirs.

Together with the four Erudia Five Dragons and the East Demon, they are all respected and loved by thousands of people.

Some people also suggested that the Dong Yao four should be designated as national teachers to cultivate more geniuses for Erudia.

It is definitely a blessing for Erudia to have a little more heroes like the Four Little Dragons.

For those thirty-eight people, the Dongbeasts originally wanted to kill them.

But he was stopped by the western monk.

He didn't want to kill karma anymore.

What's more, I am not afraid now.

After all, these people are in their control.

And these people testify that they got rid of the Northern Devil.

Because they have heard different sounds recently.

Some people began to doubt the authenticity of the first battle at the Tianshan base, and even doubt whether the death squads were deserters...

This made the four of them nervous.

In order to dispel this suspicion, let the death squad testify.

"Do you know why I keep you?"

Dong Beast looked at everyone with a smile.

When the four little dragons asked them to testify about the killing of the North Demon, the members of the death squad did not agree.

“It’s okay if you don’t agree, but I can’t guarantee the safety of your family? Your child is three years old, so cute...

Your parents are so old...and you...”

“You must not die!!!”

Everyone in the death squad had a handle, and finally had to testify for the four little dragons.

This matter is basically concluded.

The voice of doubt disappeared.

Time passed day by day.

Levi Garrison was still kept in the confinement room.

He had no intention of admitting his mistakes and repenting.

Even the guards have been offering food and water for several days.

Levi Garrison is still the same.

“What’s the matter? Is Levi Garrison still not aware of his mistake?”

“Report, side by side, Wang Zhen has the slightest sign of remorse! Always insist that he is not at fault!”

“Outrageous! Levi Garrison is on the bar?”

“Okay, tell Levi Garrison! Give him three more days. If he still doesn’t admit his mistake, then he will be canceled.”

...

Upon hearing this, the four little dragons smiled excitedly.

If Levi Garrison is improper, the probability is theirs.

The four East Demons touched their beards and nodded: “Well, yes, yes!”

They very much hope to see the scene of the apprentice’s pros.

Levi Garrison smiled contemptuously after hearing the notice.

On the first day, Levi Garrison did not admit his mistake.

The next day, Levi Garrison still did not admit his mistake.

On the third day, the agreed time was up...

## CHAPTER 1509

“One word side by side, this is your last chance! There are still two hours!”

“I hope you will consider it carefully. This is about the identity of the king of the word side by side!”

The guard at the door persuaded.

“No, I’m not wrong, what’s wrong?”

Levi Garrison said without opening his eyes.

“Hey! Too stubborn!”

Time goes by every minute and every second.

It is equivalent to the countdown of the time when Levi Garrison was the king of the word side by side.

The four little dragons and the big summer five dragons are also waiting anxiously...

Soon they will be crowned king!

At this time, it was located in a manor house in the capital. m.bg.

amar, the king of military doctors in the field, just left.

There was a person lying on the bed in the bedroom.

He opened his eyes suddenly, his eyes flickering like lightning.

“Am I still dead? Where am I?”

He said coldly.

He is the North Demon.

He clearly remembered that before he lost consciousness, he and Levi Garrison were dead.

Didn't think that he was still alive.

The Avengers must have saved themselves.

“Levi Garrison didn't think about it, I'm still alive...hahahaha...”

The North Demon laughed wildly.

Although he was seriously injured, he has recovered 60% to 70% under the treatment of amar and others.

Due to the particularity of the Northern Devil's cultivation technique, his strength and body are recovering at a speedy speed.

It took him another two hours to recover to 80%.

“I am in the capital???”

After leaving here, the North Demon suddenly knew.

The corners of his mouth lifted, revealing a weird smile.

Don't think about it, the North Devil is about to start.

the other side.

Four hours soon arrived.

Levi Garrison finally did not admit his mistake.

He insisted on his own statement.

This made everyone extremely angry.

“Cancel the identity of Levi Garrison's side by side king!”

“After seven days, a ceremony for the four little dragons to be crowned kings will be held, and the four will be side by side with the king!”

“The East Demon Four were also named the Emperor Protector of the Country, and cultivated more talents for Erudia!”

...

After the decision was made, the inside was shocked.

However, the Four Little Dragons had a record of killing the Northern Devil, so people dared not accept it.

After Levi Garrison heard this message, his face was not disturbed.

For him, the word side by side king or Kunlun war god is a false name.

He won't care.

The only thing angry is that the four little dragons deceived everyone by means.

Let the truth be buried.

But he was not in a hurry.

There will be an answer soon.

“As mentioned above, although you canceled your one-word side by side king! But you can still take the position of Kunlun War God! Your strength

is still stronger than Chen Wudao and the others!”

Faced with this situation, Levi Garrison just smiled.

“no need!”

“It seems to Levi Garrison that you still don’t realize your mistakes, go ahead and close the confinement room!”

Levi Garrison continued to be detained.

The Four Little Dragons have already begun to celebrate here.

There was a large-scale celebration banquet.

Messiah also sent a representative, and Erudia Wulong was also there.

Some people in the know have already come to congratulate.

The four little dragons were red and excited.

Even western monks gradually accepted this identity.

“I’m so ashamed to be a king!!!”

“We are far from qualified!”

The four little dragons looked humble.

“How is it possible? Killing the North Demon is enough!”

“Furthermore, you have passed Messiah’s inspection! They will not admit the wrong person!”

“You are absolutely qualified to be a king!”

Everyone touted.

“Then I’ll be more respectful when I wait, and I’ll rely on you to take care of the queen after making a queen!”

The celebration banquet was extremely hot and coveted.

Suddenly someone ran in: “The big thing is not good, the North Demon has appeared...”

## CHAPTER 1510

The language is not surprising and endless.

The phrase “North Demon appeared” was like a thunder on the ground.

Too shocking!

“Rumble!!!”

Thunder roars exploded in everyone’s mind.

The extraordinary celebration banquet, which was originally hot, suddenly became silent.

Everyone stopped their actions at this moment, one by one, like a statue.

“Snapped!”

“??!”

“boom!”

...M.bg.

The scene was full of the sound of cups and chopsticks falling to the ground.

It can be seen how terrifying the word “North Demon” is.

When everyone heard it, there was only fear.

Especially under the current circumstances, the Northern Demon was clearly dead.

The four little dragons had a celebration banquet for killing them, and they were about to be crowned kings.

As a result, the North Demon appeared.

The East Demon was dumbfounded.

The Southern Emperor was dumbfounded.

The four little dragons were dumbfounded.

Everyone was stunned.

Everyone looked at each other and stood silent.

It took a full minute for someone to react one after another.

“what???”

“The Northern Devil is still alive???”

The man nodded fiercely: “Yes, the Northern Devil is still alive! He’s back! It’s terrible!”

“impossible!!!”

The four Erudia Wulong Dongyao shouted in unison.

“The North Demon has clearly been beheaded by our apprentice at the Tianshan base. How can it be alive?”

“You guys are really nonsense! Tell me something that doesn’t exist!”

The four little dragons who reacted also shouted angrily: “You spread rumors, be careful to punish you!”

“The Northern Devil was killed by the four of us. Tens of thousands of people have witnessed it. How can it be alive?”

“The Northern Devil can’t live! Don’t talk nonsense!”

Although the four of them said so, there was a faint worry in their hearts.

Their nerves are tense.

What if it is true?

Although they saw the North Demon and the mysterious master die together.

But after searching for a long time, I still couldn't see the bodies of two people.

The quicksand may be buried, but such a covering search can even find the dead bird.

Let alone two people...

But they still killed the Northern Demon.

"Are you talking nonsense? How could the North Demon appear?"

"You are responsible for talking nonsense!"

The high-level faces of several Yanlong Guards were exposed black, and asked dissatisfiedly.

"No! I'm not talking nonsense!"

"The third team of the wolf group discovered the Northern Demon and has already played against him. The entire army has been overthrown..."

The man said firmly.

"The most important thing is that the Northern Devil is in the capital at the moment..."

The man added another sentence.

“what?”

“Has the wolf group and the North Demon encountered?”

This is an extremely terrifying thing for Messiah.

The Northern Devil is in the capital again...

This is too scary, right?

“Yes, there was a message from Team Three at the last minute...”

For a while, Messiah was anxious like ants on a hot pot.

“boom!!!”

As for the four little dragons, their faces were pale.

Isn't the North Devil really alive?

The four East Demon immediately said, “Impossible! The Northern Demon has been killed by our four apprentices, how could it appear?”

“You must be mistaken, don't say it's the North Demon until you have any definite information!”

Several senior officials of Messiah looked at the four little dragons in uncertainty and asked; “You tell the truth, is the Northern Demon dead?”

The senior officials of Messiah were unsure.

Because at this moment they thought of Levi Garrison.

Levi Garrison said that the North Demon was dead.

“We do...”

The western monk subconsciously wanted to say it, but was interrupted by the Eastern Demon: “It’s dead! The Northern Demon was killed by our own

hands. How could we live?”

They will not admit it until there is no conclusive evidence.

## CHAPTER 1511

What's more, in their opinion, the Northern Devil cannot live.

They watched their deaths with their own eyes.

And to appear near the Tianshan base in the north.

It is impossible to appear in the capital all at once.

"I think it's probably a strong man in the Avengers, or a member of the Northern Devil. He came to avenge the Northern Devil!"

The western monk analyzed a result.

Everyone thinks this result is very convincing.

This is probably the case!

"En, I think so too! Hurry up and send all the power to verify who it is? If you avenge the Northern Devil, you will resolutely fight it all!"

Messiah's senior officials directly ordered.

All the forces were sent out, and the search began within the capital. m.bg.

The four little dragons took the initiative to ask: "Once it is found, we will notify us immediately and we will take care of this matter! If this person is

not removed, we will not be able to sleep!”

“You four really have the demeanor of a general! We don’t see the wrong person!”

Everyone looked at the four with admiration.

At this moment, in the confinement room, Levi Garrison was still closing his eyes and resting.

amar came to see him at this time.

“Boss, he’s awake, I can’t control it! It’s likely something happened!”

The ancient style naturally refers to the North Demon.

Levi Garrison opened his eyes suddenly: “He wakes up so fast?”

“He has a special physique, and another cultivation technique is also special, so he recovers quickly!”

amar answered.

“Come here, let me go out! The Northern Devil has appeared, or if you don’t stop him, there may be casualties!”

Levi Garrison shouted.

Although he was wronged, he still needs to be sensible in the face of justice.

Can't be emotional.

"No! There are rules, you can't go out!"

"Unless you admit that you are wrong! Only if you have enough reflection can you be released."

Levi Garrison said helplessly: "Now the Northern Devil is about to appear, are you still in the mood to consider this?"

"Don't say anything else, even if the North Demon appears, it won't be your turn to deal with it. Aren't there four little dragons? They are enough!"

"You should honestly reflect on your fault!"

...

Levi Garrison sighed.

Back to the original position.

This person, it's hard to look back at one thing.

Unless you hit the wall!

Now all Erudia doesn't approve of him.

He has done what he should do.

Have a clear conscience.

Since the four little dragons can kill the North Demon, let them kill one of them, right?

amar also sighed helplessly and left.

At this moment, Messiah had sent a large number of forces to investigate the North Demon.

The East Demon saw the embarrassment of the four little dragons.

I couldn't help but comforted: "It's troublesome, anyway, the Northern Demon was killed by you, this time it is his gangster who appeared. Isn't it a

piece of cake for you to kill him?"

now.

The three teams of the Messiahlong Formation are searching near the Ye Clan in the capital.

Suddenly I saw someone in front of me.

When the North Demon's face was clearly seen, the three teams were going crazy.

"The Northern Demon... is really the Northern Demon!"

"How can you live?"

Everyone was surprised.

The North Demon sneered: "Did I ever say that I was dead?"

"Go back and inform everyone in Erudia! I am the North Demon back! I will kill one person through Erudia, and see who can stop me? I will turn the

capital into a purgatory on earth!"

The North Demon sneered.

The three teams of the Dragon Group dared not wait any longer, and ran away like crazy.

Messiah and the four little dragons are waiting for information.

The three teams of the dragon group ran up, all lying on the ground in fright.

"It's the Northern Demon! It's the Northern Demon! He wants to turn the capital into hell!"

## CHAPTER 1512

“boom!”

a bolt from the blue!

This time it was truly certain that the North Demon had appeared.

This time it was the official confirmation of Messiah.

The Northern Devil is alive and still in the capital.

To provoke them, to kill Erudia, the first location is the capital.

“Impossible, sure it’s the Northern Devil, not its partisan?”

Erudia Wulong still didn’t believe this fact.

“Messiah repeatedly confirmed that it is the Northern Demon!!!”

Everyone looked at the four little dragons again, and Erudia Wulong also looked over.

The four of them became more and more anxious.

Especially the western monk kept his head down and his body was trembling slightly.

The four were extremely nervous.

Why didn't you think that the North Demon was actually alive?

impossible!

Didn't you die together?

He is still dead, too scary, right?

"Let's talk about it? What's the matter? Why is the Northern Demon dead?"

"Are you always lying to us?"

Messiah everyone began to doubt the four little dragons.

"Yes, if there are other secrets, tell them!"

The four East Demon also realized that something was wrong.

"The North Demon is dead. We watched him die. But his body was trapped in quicksand, and we didn't care too much. We didn't think he was still

alive..."

Xiaojun Shen and Dong Beast explained.

“Hey, in fact, they can’t be blamed. The North Demon has practiced evil ways since he was a child. It is not a strange thing that he is alive.”

“But it doesn’t matter if he is alive. My apprentices killed him once, can’t I kill him a second time? This time, he completely destroyed his body. How

do I see him live?”

Nandi, Xifo, and the Chinese army are also full of confidence: “Yes, our apprentice can beat him the first time, and also beat him the second time.”

“The four of you are going to prepare, and kill him in the capital? Just let us see!”

This time even Messiah showed confidence.

There is no sense of rush and anxiety just now.

“we.....”

But the four little dragons were dumbfounded.

Let them kill the North Demon again?

Just kidding!

They were deserters at all, afraid of the Northern Demon to the extreme.

He didn't even have the courage to look at the North Demon.

Want to kill him?

How can it be?

They did not kill the Northern Devil once.

Their combined attack technique is completely useless against the Northern Demon.

They all had to run when they saw the North Demon.

If it were not for thousands of death squads, they would not be alive.

“What’s wrong? Your complexion looks ugly!”

Someone discovered the anomaly of the four of them.

“It’s nothing, it’s nothing, it just feels so troublesome, the North Demon can’t kill it!”

Dong Yao wiped his cold sweat and said impatiently.

“Don’t worry, this time in the capital, the masters are in charge, plus you, the Northern Demon will definitely die!”

“En, let’s personally supervise the battle! Let’s go! If it’s late, the Northern Demons will slaughter the capital!”

...

Just drive the ducks to the shelves.

The four little dragons were pushed to the forefront to punish the Northern Demon.

The four were extremely reluctant.

But there is no way.

Unless they admit what they did before.

“North Demon, why do you want to live?”

The Dongbeasts were about to cry.

They are going to be kings.

Such a change happened unexpectedly.

The four little dragons can’t hide at all.

It is not just the high-level Messiah who has to personally supervise the battle, but also the four Erudia Five Dragons.

Even the Yanlong Guard released a message-the four little dragons are going to get rid of the Northern Demon again.

All of Beijing, all of Erudia knows about it.

Thousands of people's eyes focused on this.

Unlike the Tianshan base, the first battle in the capital is now transparent.

## CHAPTER 1513

Almost everyone can know the details they want to know.

This means that the four little dragons must fight with all their strength.

Deserters are not considered.

Means are even more useless.

Thoroughly show everyone the true strength.

This is the deadliest for the four little dragons...

Cried!

I really want to cry!

At this moment, with the appearance of the North Devil, the eyes of Erudia and the whole world are focused on this.

“Haha, what if the Northern Devil is still alive? My Erudia’s four little dragons will just kill him again!”

“Yes, that’s wrong! And this time we can clearly know how the four heroes killed the North Demon?” ..

“We have to make up for our regrets! This battle will definitely make us unforgettable for life!”

“The Four Little Dragons will shine in the world again!”

...

People who support and love the Four Little Dragons are increasingly looking forward to it.

Everyone wants to see with their own eyes how the four little dragons punish the Northern Devil.

“hero!!!”

“hero!!!”

...

Colorful flags fluttered all over the capital and the banners were full.

Everyone is cheering for the four little dragons.

Looking forward to their performance!

Erudia Wulong and Messiah are more confident.

Only the four little dragons knew what was going on.

On the pavilion in the heart of Jiangjunhu Lake in the capital, the North Demon waited alone.

The masters sent by Messiah around Jiangjun Lake defended this place firmly.

A bird will not be put in.

Bei Mo sneered: "Come on, I hope you will send all the masters out, I will solve it all at once!"

The North Devil has strong self-confidence.

Because after the first battle with Levi Garrison, he summed up the battle and gained new inspiration for the combat power.

The strength unexpectedly improved again.

It is five times stronger than it was in the past.

This is the most terrible.

Like Levi Garrison, his strength will advance by leaps and bounds after experiencing a life and death battle.

So this time I am the North Demon alone in the capital, so arrogantly emboldened.

"It's too late for the Northern Devil to surrender. You shouldn't be in the capital!"

“This is the safest place in Erudia! What are you fighting against?”

“There is still a way to survive in surrender, there is a dead end if you don’t surrender!”

Everyone shouted coldly at the North Demon.

The North Demon sneered.

“Boom boom boom...”

Suddenly Jiangjun Lake burst open.

The lake water went upstream, churning and impacting all around.

“Uh...”

“Uh...”

The lake water rushed around, and many people were injured on the shore.

The North Devil is indeed strong!

“Presumptuous! The Northern Devil can’t help you to run wild here!”

With a cold cry, a large force arrived.

The high-level Messiah sits in town, and Erudia Wulong is also nearby.

The four little dragons walked slowly, but their body was stiff, and their legs were just like lead.

“You four old immortals are here too!”

The North Demon couldn't help but sneer when he saw the four Dong Yao.

“North Demon, today we are here to see how you failed and fell down!”

“A few decades ago we could capture you! Now our apprentice can defeat you and kill you!”

“You will eventually be defeated by us in your life and live in our shadow!”

The East Demon were extremely confident.

The North Demon smiled at this hohhhhh: “It's a pity, you still don't understand me. Who can stop me now?”

“That person is no longer there, I am already invincible in the world!”

“Huh, what are you arrogant about North Demon?”

“Today, I will kill you in front of Quan Erudia!”

Messiah shouted.

The North Demon smiled: "Oh? Kill me? I want to see who you send to kill me?"

"Of course it is the four little dragons who killed you once!"

Everyone pushed the four little dragons to the forefront...

## CHAPTER 1514

The moment the four people saw the North Demon, they suddenly bowed their heads, and did not dare to look at each other.

The calf was still trembling, and even his teeth were trembling.

When the North Demon saw these four people, he smiled.

“Hahaha...”

The laughter was unbridled and full of mockery.

This left everyone in a daze.

The North Devil is crazy?

Still frightened?

Seeing the four little dragons laughing like this?

Everyone is very puzzled.

“Why are you laughing at the North Devil? You are just a defeated opponent of my apprentices!” ..

The East Demon was very dissatisfied with the defiant attitude of the North Demon.

The same goes for the other three: “When is it the turn of a loser to mock others?”

“I am the defeat of your apprentice? Hahaha! Do you dare to admit it?”

The North Demon smiled.

Gradually, I also figured out what was going on.

These four grabbed the credit.

“Huh? What’s the matter?”

Hearing this, everyone looked at the four little dragons subconsciously.

At this time, everyone saw the strangeness of the four little dragons.

Are they afraid?

Facing the North Demon in fear?

how can that be?

Haven’t they killed the North Demon once?

Isn’t the Northern Devil their defeated opponent?

How did a mouse react to a cat?

“Hahaha, Erudia’s operation really makes me ridiculous!”

“You are really stupid, a bunch of idiots, don’t even know what happened to the Tianshan base?”

Thinking of this, the North Demon began to mock mercilessly.

Everyone became more confused.

what happened?

“I’m afraid you really thought they killed me?”

North Demon asked.

“Isn’t it? In the first battle of the Tianshan base, the four little dragons used a combined attack to kill you!”

The way everyone subconsciously.

Because after this period of fermentation.

Everyone has taken this as a fact.

The more you say, the lower the head of the four little dragons.

The western monk's whole body was sweating, and his whole body was wet, his face was like water splashed on his forehead.

The other three are similar.

This is all Erudia's people are watching.

They did not dare to refute.

"Fart! Even they can kill me? It's too far! In the Tianshan base, I said that I was three times stronger than I was back then. Do you really think I'm

kidding?"

"Your combined attack technique doesn't work for me at all! It's even more impossible with the four of them!"

The North Devil laughed.

The four little dragons wanted to find a seam to get in.

They really want to refute.

But they have no reason to refute it.

“Dong Yao really thought your four apprentices were good things? Ho Ho! Four deserters!”

“If you can’t beat me, just run! Let everyone in the death squad stop me and buy time for them to escape by themselves!”

“This is the existence of your Erudia who wants to enshrine the gods? You really laugh at me!”

The North Devil laughed.

At this moment, it seems that time is still and space is frozen.

Everyone looked at the four little dragons.

Seems to be seeking truth and falsehood!

“Impossible! I know who my apprentice for decades is, I know better than anyone! He can’t do this!”

West Buddha said angrily.

It’s just that the western monk sweats more.

“Yes, our apprentice can’t be like this! And I don’t believe that you North Demon is the opponent of the four of them!”

“En, you can’t use the combined attack technique!”

Erudia Wulong and the others didn't want to believe it at all.

"Yes, the four of them defeated you! Don't be angry!"

Everyone shouted.

"Do you see if they dare to admit it?"

The North Devil laughed.

Seeing the four little dragons lowered their heads, they didn't dare to put one fart.

"what happened?"

## CHAPTER 1515

At this time they are not so firm anymore.

The appearance of the Four Little Dragons and the North Devil's words are absolutely problematic.

They even thought of one person-Levi Garrison.

What is going on here?

The North Devil laughed and said, "Didn't they beat me once? Then kill me again!"

"Okay, let you be convinced to lose!"

The four East Demon still have confidence in their apprentices.

They have to speak with facts!

The apprentices who do not see in person will never admit that they are weak.

Not to mention thinking of their apprentices lying and deserting. m.bg.

The four little dragons are really going to cry.

They really didn't dare to fight the North Demon again.

Don't have the courage!

"But they dare not! They are afraid of me, they dare not even look at me, let alone kill me."

The corners of the North Devil's lips smiled deeper.

"Quick! What are you doing? Quickly kill the North Demon and prove it for yourself!"

Several people from the East Demon urged.

It's just that the four little dragons are slow to move.

Instead, the sweat flowed more and more.

"What's the matter with you? Is it true that the North Demon said this?"

"Hurry up and prove yourself! We believe that our own vision will not misunderstand people. You are the one who defeated the Northern Devil!"

...

Hearing Messiah's urging, Dong Beast couldn't help it.

"Are we telling the truth?"

He was about to collapse and couldn't help telling the truth.

"kill!!!"

At this time, the western monk suddenly rushed out.

His strong self-esteem makes him admit that everything is impossible.

He would rather die...

"let's go!"

The other three can only bite the bullet.

Upon seeing this, the four Dong Yao finally smiled.

"Most of the four of them were frightened by the North Demon who died and resurrected. In fact, their strength can crush the North Demon!"

"The four of you directly killed the North Demon with a combined attack, to prove it for yourself!"

"If you beat him once, you can beat him a second time."

...

When the entire Erudia people saw the four little dragons making another move, they were also very excited.

After all, the four little dragons are heroes in everyone's minds!

"Combined attacking technique! Slaying Demon Combat Technique!"

The four bit their heads and performed a combined attack.

"Boom boom boom!!!"

In an instant, the lake pavilion exploded directly.

The water of Jiangjun Lake seemed to be transpiring.

But the next second, everyone is going crazy.

Because the North Devil easily resolved this trick.

He has nothing to do!

The art of combined attack has no effect on him!

But everyone remembered the lie made up by the four little dragons, and immediately exclaimed:  
"The Northern Demon must be injured, he is holding

on!”

“Continue to attack! Continue to use the combined attack technique!”

Hearing the urging, the four little dragons could only forcefully use the combined attack technique.

“Humph! It’s me!”

He snorted coldly, and an unrivaled air current erupted from his body.

“boom!”

First, easily break open and close attacks.

Immediately afterwards, they blasted the four people forward.

“puff!”

“puff!”

“puff!”

“puff!”

The four little dragons vomited blood at the same time, and their bodies flew out.

Vulnerable!

The North Devil let them fight for a long time, but he didn't have any reaction.

In turn, the four little dragons couldn't even catch a trick of the North Devil!

At this moment, everyone was dumbfounded.

Stared at the four little dragons on the ground vomiting blood.

its not right!

Didn't they defeat the North Devil?

Why is it like this at this time?

How weak are the four beings who are about to become kings side by side?

Can't even stop the momentum of the North Devil?

Everyone seems to realize something...

## CHAPTER 1516

weak!

It is too weak!

The Northern Demons were still unable to contribute, and they fell.

It's really vulnerable!

Anyone with a discerning eye can see it—the Four Little Dragons and the Northern Demon are not in the same rank.

There is even a gap of seven or eight gears in the middle!

At this moment, Erudia was silent.

The people of Erudia who supported the four little dragons by more than one billion were silent and dumbfounded.

Everyone's faces were incredible.

Isn't this a dream?

Hasn't the god in their minds defeated the North Demon? mi. c

Tens of thousands have witnessed the four little dragons killing the Northern Demon.

Why is it so weak now?

Can't even the North Demon stop with a finger?

Puzzled!

Deeply puzzled!

At this moment, Erudia Wulong and Messiah also thought the same way.

They can't figure out where the problem is?

Could it be that someone else defeated the Northern Demons? Not the Four Little Dragons at all?

The Northern Devil laughed mercilessly: "Look, this is the one who defeated me? Do you think it's possible?"

"Huh? What do you mean?"

"Could it be that someone else defeated you?"

The East Demon stared at the North Demon and asked.

"Of course! What can your trash apprentice do to me? I can't even stop me with a finger!"

“boom!!!”

Hearing the North Demon’s personal answer, everyone’s brains were throbbing.

Was it someone else who defeated the North Devil?

What about the four little dragons?

Suddenly, tens of thousands of people in the field looked at the four little dragons.

In addition, billions of people in Erudia are beginning to doubt this.

At this time, it was a fool who saw that something was wrong.

This is true.

The Four Little Dragons are not an opponent of the North Devil at all!

In other words, you don’t even have the qualifications of your opponent!

How did they kill the North Demon?

The four little dragons lowered their heads one after another.

The pain in the wound at the moment is nothing.

They are completely exposed!

Especially the self-esteem of the western monk is going to be shattered.

Now, all Erudia and the whole world knew that they were lying, they were deserters, and they were still killing their compatriots.

What a shame!

He can't afford to lose this person!

"Yeah!!!"

The western monk suddenly screamed and charged towards the northern demon.

"Die!"

The western monk looked crazy.

"boom!"

The North Devil slapped it.

The western monk vomited blood violently, and his body flew out.

There was no movement after landing heavily.

But the corners of his mouth rose up with a look of satisfaction.

Obviously death was a relief for him.

This way he doesn't have to face all the embarrassing things that follow.

“we.....”

The Eastern Beast trio also wanted the western monk to die directly.

But they don't have the courage.

They are too scared of death.

“The first one, and the three of you! Come on, don't you want to kill me? Come on!”

“If you don't come, I can do it myself!”

The North Demon shouted at the three Dong Beasts.

The three of them were scared to death.

He stepped back subconsciously, still exclaiming again and again.

fear!

That is a kind of fear revealed in the bones!

This surprised Erudia Wulong.

How could their apprentice be like this?

“What are you afraid of? Didn’t you defeat him? Can you look like a man!”

“Like a western monk! Be brave to face it! What are you afraid of?”

Several people in the East Demon scolded in dissatisfaction.

Even if it is not as good.

You have to face it too!

How can it work like a tortoise?

What’s more, you have defeated the North Devil.

Are you afraid of this?

“Yes! Didn’t you defeat the North Devil? What are you afraid of?”

Messiah also urged.

“Master is our fault! We are wrong!”

“I tell you the truth!”

...

## CHAPTER 1517

“what?”

The four East Demon had actually thought of that possibility in their hearts.

But this is their apprentice!

They are obsessed.

Unwilling to believe all this.

Now as soon as I hear that the apprentices want to tell the truth.

They panicked.

Even Messiah panicked.

Did they see the wrong person?

really?

“We say it all! Everything is our fault!”..

Little Junshen burst into tears with his nose and tears.

Everyone: "...".

At this moment, Erudia was silent again.

Billions of people clenched their fists tightly.

"Say! Tell the truth!"

Messiah high-level scolded.

"I said, I said it all!"

Dongju wiped his cold sweat.

"In fact, in the first battle of the Tianshan Base, the combined attack technique had no effect on the Northern Demons! He was three times stronger

than before! We are not his opponents at all!"

"what???"

Everyone was shocked.

The North Devil is really three times stronger than before?

This this this...

At this moment, everyone is going to collapse.

That is the feeling of overthrowing one's faith.

Uncomfortable, even shortness of breath.

The hero that everyone loves is not the one who killed the North Demon?

“We were afraid of death, so we ran away! But the North Demon can catch up with us at any time. In order to extend the escape time, we let the death

squad act as a meat shield to block the North Demon!”

“What? You are really angry! That's all your compatriots! They are the death squad, not the death squad!”

Hearing this, everyone was furious.

Thousands of people were used as cannon fodder in order to escape.

What a shame!

“go on!!!”

Everyone gritted their teeth.

“It was not us who defeated the North Devil, but someone else! We witnessed half of the battles!”

“who is it?”

Everyone looked at them anxiously.

“We don’t know who that person is, but he is very powerful! In the end the two died together and fell into the quicksand!”

“At that time, tens of thousands of troops arrived. At this point, we can only say that we killed the North Demon! We dare not admit that we are

deserters, and even thousands of death squads have been pitted!”

“In order to make everyone believe that we eliminated the Northern Devil, we will kill everyone who witnessed that battle!”

A senior Messiah asked immediately: “So you killed all the prisoners?”

“Wrong!”

“Then you decided that the 30-odd death squad members who passed by were deserters? Want to kill them?”

“Well, that’s it! One of them has been killed by us!”

“You are forcing the other people in the death squad to prove for you that you killed the North Demon?”

“Yeah. It does.”

It’s time, everyone acknowledged everything.

“boom!”

After knowing the truth, Erudia Wulong fell to the ground with a thud.

For everyone, this is a heavy blow.

The great hero in their minds that is unparalleled in the world, turned out to be such a person!

deceive!

Everyone has been deceived!

The Four Little Dragons deceived Erudia by means!

Messiah never saw the wrong person.

It turned out to be wrong.

Still a major mistake in history.

Because the four little dragons are going to be crowned kings.

Once the king is crowned, if it is exposed again, Erudia will become a joke.

The reputation of the so-called great power will be wiped out!

This is the most terrible!

Erudia Wulong discovered that the one they didn't understand was their apprentice.

Everyone finally understands a simple and popular truth-truth is not necessarily in the hands of most people.

At this moment, everyone was extremely uncomfortable.

“Hahaha, I really laughed at me!”

The North Devil laughed.

“Erudia is a joke! Who can stop me?”

## CHAPTER 1518

“Speaking of which, I also want to thank that person, who is the most powerful opponent I have ever encountered!”

“In that battle, I had a new understanding. I didn’t want to say anything, and my strength greatly increased! Compared to me back then, I was five

times stronger!”

The North Demon laughed excitedly.

“hiss!”

Everyone sucked in cold air.

A normal North Demon is too heavy to breathe.

The North Demon, five times more powerful, is unimaginable!

Stop the North Demon?

No one!

Everyone originally placed their hopes on the four little dragons.

Unexpectedly, it would be such a result. mi. c

The four little dragons are not as good as a finger.

Messiah's face was extremely gloomy.

The biggest joke ever!

Not to mention the most serious mistakes, now let Jingcheng and Erudia put them in a dangerous situation.

The North Demon was dead, and he was so much stronger.

Five times!

"Didn't you kill me? Come on!"

The North Demon stared at the three little dragons.

The three little dragons shivered in fear.

"And haven't you ever defeated me? Come on!"

The North Demon looked at the four Dong Demon again.

The four were also silent.

The four of them were born destined to be crushed by the Northern Devil.

Not worthy of being as famous as the North Devil!

The senior officials of Messiah scanned the audience.

Regardless of the tens of thousands of people, there may not be one person dealing with the North Devil.

“Messiah who will you use to deal with me?”

The North Demon laughed wildly.

“I.....”

The high-level Messiah was speechless and could not speak.

Have you really reached this point?

Take the North Demon by any means!

Are you going to be forced by the North Devil to bow your head?

No way!

This is not Erudia's style!

This damages Erudia's reputation!

Bei Mo sneered and said: "Let's do it, give you a choice-as long as you declare to the world: Erudia bows to me, I will leave Erudia without killing

anyone!"

"This simple request can save the lives of tens of thousands or even countless people present. It's easy, isn't it?"

"You can all decide, right?"

...

shame!

Deep shame!

Everyone's face is hot.

There has never been such a moment.

Erudia was at a loss by just one person.

The other party even offered Erudia a condition to bow to him...

Blame us!

We are all to blame!

Everyone regretted death in their hearts.

If everyone were not deceived by the Four Little Dragons, this situation might not have happened.

“You die this heart!!!”

“How can my great country bow to a demon!”

“I don’t believe that no one can do anything to you, brothers kill!”

...

Tens of thousands of masters guarding the Jiangjun Lake all shouted.

Everyone killed the North Demon one after another.

The North Devil just smiled contemptuously.

A battle of crushing has begun...

The Northern Devil is brave and invincible.

Someone kept falling under his feet.

He doesn't kill people either.

It just hurts.

He likes to see the desperate look of everyone at a loss.

There are tens of thousands of masters, but there is no difference between them and ordinary people in front of the North Devil.

There were screams everywhere.

It hurts countless people.

Soon the injured people piled up into hills.

Everyone couldn't stop the North Demon's offensive.

"Let's run!"

"Ahhhhh!!!"

The three little dragons saw the North Demon coming, and they were so scared that they crawled away.

Where is the appearance of a half hero.

Tens of thousands of people stand fewer and fewer.

Messiah started to be anxious.

“This is how to do?”

“If this continues, the capital will become a purgatory on earth!”

“Where is Messiah’s face?”

“Is there any way? Think quickly!”

...

“By the way, Wang Levi Garrison side by side!”

## CHAPTER 1519

“Yeah, why did I forget him!”

“Levi Garrison said before that the Northern Demon was killed by him! He even told the fact that the four little dragons were false credits, and it is not

inferior to the truth! We wronged him!”

Messiah’s face blushed.

One of them asked, “Could it be that Levi Garrison really defeated the Northern Devil?”

“How can you know so much if you are not yourself?”

At this time, everyone remembered what Levi Garrison said before.

He insisted on himself.

Mostly it is.

“By the way, more than 30 people from the death squad just said that it was Tang Mufeng who fought against the North Devil, and Tang Mufeng was

pretending to be Levi Garrison!”

At this time someone brought another message.

“Okay, that’s great!” ..

“Immediately pass the Messiah’s order-order King Levi Garrison to come and deal with the Northern Devil!”

“Yes!”

In the confinement room.

Levi Garrison was still closing his eyes and resting.

The guards outside have become a mess.

Because everyone just heard about the reappearance of the North Demon.

Everyone looked at Levi Garrison in unison.

Thinking of Levi Garrison mentioned this matter just now, right?

He also said that he was going to stop, but was stopped and locked up in the confinement room again.

“The king of the word side by side is really accurate by you. The Northern Devil is still alive and is now in the capital!”

Levi Garrison's eyes were also open and said: "There is no word side by side here!"

"Not long ago, I was an ordinary person!"

Everyone: "...".

Everyone looked at each other.

Not long ago, Messiah indeed cancelled Levi Garrison's identity as the king of the word side by side.

He is now an ordinary person.

It is also being kept in the confinement room for reflection.

"leaf....."

"Stop talking, I'm reflecting, don't bother me with anything!"

Levi Garrison coldly refused.

"This....."

Everyone was dumbfounded.

But don't blame him.

Blame them for doing too much.

“Da da da.....”

At this time, a rush of footsteps sounded.

The few people whom Messiah had given orders to hurriedly came to the confinement room.

“One word side by side the king takes orders!”

“This order is the Yanlong Order, one hundred thousand urgent!”

“Erudia orders you to set off and go to Jiangjun Lake to kill the Northern Demon!”

Several people passed the highest-level order to Levi Garrison’s ears.

It’s just a dead silence in the field.

Levi Garrison was still sitting in the confinement room with his eyes closed, and even his eyelids moved.

Not to mention any response.

Several people were dumbfounded.

Seeing Levi Garrison like this, it seemed as if he hadn't heard it at all.

"Wake up the word side by side, are you awake? Don't sleep!"

"We are here to send orders, one hundred thousand urgent orders!"

"At this moment, the Northern Devil is in Jiangjun Lake, our people can't stop it, we need you to punish him!"

...

Several people from Messiah deliberately raised their pitch to let Levi Garrison hear them.

But Levi Garrison still didn't react.

I didn't even listen to what they said!

"What are you doing in a daze? Open the door quickly!"

Messiah scolded.

The guard next to him immediately opened the door of the confinement room, and several Yanlong Guards entered the confinement room.

One of them couldn't help but stepped forward and pushed Levi Garrison.

Levi Garrison opened his eyes slowly, his face was full of discomfort and looked at a few people and asked: "What's wrong with you?"

"One word side by side the king takes the order! Order you to go to Jiangjun Lake to kill the Northern Demon! This order is extremely urgent! There

can be no excuses to refuse!"

Several people immediately gave the order.

But Levi Garrison looked at a few people blankly: "Who is the king of the word side by side? I'm just an ordinary person!"

## CHAPTER 1520

Levi Garrison said this.

Several people were taken aback, and subconsciously said: “You are the king of the word side by side, what are you kidding?”

Maybe the outside world does not know.

But everyone inside knows that Levi Garrison is the king of the word side by side.

“Yes, you are the king of the word side by side!”

The other person also said.

Levi Garrison laughed suddenly: “When did I, Levi Garrison, become king by one word? Are you kidding me?”

“Ok?”

Everyone was stunned, but still didn't turn the corner.

“Impossible, you must be one word side by side!”

Everyone's tone was full of firmness. m.bg.

“Just a few hours ago, you have disqualified me from being the king!”

“Now I am not only an ordinary person! I am also locked up in a confinement room for reflection!”

“I still said that, I’m not wrong with Levi Garrison!!!”

Levi Garrison glanced at everyone and continued to close his eyes.

“what?”

Just now Messiah was dazzled by the Northern Demon, and then he realized it.

Levi Garrison had been removed from his identity as the king of the word side by side!

The key reason is that Levi Garrison said that he got rid of the Northern Demon, but no one believed it.

Everyone is blinded by the four little dragons!

They all thought that Levi Garrison was here to grab the credit, and even thought that he was angry and caused a major negligence-let the Avengers run

away.

In the end, he was put into a confinement room, and he was asked to reflect, and he was also removed from the identity of the king.

...

No one thought that what Levi Garrison said was true.

He is the one who defeated the Northern Devil.

The four little dragons and the few people are all fake.

He even killed so many people...

“Sorry, this incident was caused by Messiah’s major mistake, which led to this result!”

“We will immediately restore you to the identity of the king of the word side by side. After all, at this moment, there is a rush, it is too late!”

...

Everyone was anxious.

But Levi Garrison smiled: “Is it so casual with the word side by side? If you want to remove it, you can remove it, and if you want to restore it, you can

restore it?”

“What’s more, what are your identities? It’s just to convey orders! Messiah, can you make this decision?”

“we.....”

Several people were taken aback.

Can't help but talk.

In Messiah, they are only the lowest level, and they usually convey orders.

They can't make decisions about this kind of thing.

“But... But the Northern Demon is now in the capital, so no one can stop him?”

The few people were very anxious, and all knelt to the ground with a thud.

“I'm waiting to ask the king to go to Jiangjunhu to kill the Northern Demons. Now the hope of the entire capital and even the entire Erudia lies on you!”

The other guards also knelt on the ground, begging Levi Garrison to go back.

“Didn't the four little dragons kill them once? Just let them go and find me an ordinary person? My shoulders are very fragile, and I can't bear the

hope of Erudia!”

Levi Garrison sneered.

“This.....”

Everyone knew that Levi Garrison was angry.

After all, whoever bears such a big grievance will be angry.

The whole world doesn't believe you, thinks you are wrong.

Also locked you up.

Anyone has to collapse!

“One word side by side, we are angry and angry, but now we are in a hurry, and we have to let go of personal emotions and grievances!”

“You are not led by Erudia! Are you willing to do anything for Erudia?”

Several people accompany with a smile.

Levi Garrison suddenly smiled sadly: “I am dedicated to Erudia, but how does Erudia treat me?”

“Faced with such a thing, are you reluctant to investigate it?”

## CHAPTER 1521

Levi Garrison shook his head helplessly: "Let me live in the dark, make me a little bit tired, I can bear it! But I can't bear to distrust me!"

"Since you don't trust me, please be smart!"

Seeing Levi Garrison's attitude like this.

Everyone started to panic.

If Levi Garrison doesn't get out of the mountain, who can stop the North Demon?

"This... is indeed our negligence!"

"The main reason is that I was deceived by the four little dragons, and everyone didn't react! This led to this situation!"

"The word side by side king, don't worry, after this incident is over, you will definitely be rehabilitated and let the world know the truth!"

"Now, please let go of everything and focus on the North Devil!"

"You should also know the power of the North Demon, he is raging outside now..."

Upon hearing this, Levi Garrison snorted: "Of course I know, because I said this not long ago. I took the initiative to ask Ying to go out to deal with the

North Demon. mi.c

But you think I'm talking nonsense, and I don't recognize my mistakes, and I still want to take credit.  
Keep me locked in the confinement room, when

will the reflection become clear, and when will I come out again! "

"Is there such a thing?"

Messiah said in surprise and looked at the guard.

Several guards nodded: "It's true!"

"When the North Demon didn't even appear, the King of Side by Side mentioned this matter!"

"It's just that after we asked our superiors for instructions, they said this was nonsense, and the North Demon could not be alive!"

"Say that Levi Garrison is just to grab the credit!"

...

"boom!!!"

Hear the guards.

The heads of several people are about to explode.

It turns out that there is still such a thing.

Even though Levi Garrison was wronged, he was wronged and even locked up.

But he thought about Erudia, and when he knew the danger was coming, he offered to solve it.

It's just that no one believes him again!

His heart has long been riddled with holes.

Hurt him again.

"Yes, it is like that!"

"Originally, I thought about Erudia and guarded Erudia, but then I found out that others will take revenge. It is not worth protecting these people!"

"Fortunately, I am an ordinary person now, so I just need to live my own little life, don't think so much!"

Levi Garrison let out a long sigh of relief.

"do not!"

“One word side by side king, if you don’t come out of the mountain now, there will be no one who can deal with the Northern Demon?”

“Please think twice!!!”

...

Levi Garrison smiled: “I think very clearly, please be smart!”

“I will not leave this confinement room for the time being, I want to continue to reflect!”

After speaking, Levi Garrison waved with one hand.

A terrifying force pushed several people away.

Few people had no choice but to go back and told Messiah everything.

“What? Levi Garrison knew that the Northern Demon was about to appear. He had proposed to deal with the Northern Demon?”

After everyone knew it, they looked surprised.

“It’s my fault. I thought it was Levi Garrison’s nonsense. At that time, I didn’t expect the North Demon to appear...”

One of Messiah’s Ren Fan said with an embarrassed expression.

“He’s completely hurt now, he’s not coming out anymore!”

“Hey, we are all to blame! Let’s be blind!”

“Now the North Demon is unstoppable, if you can’t stop it, I’m afraid the capital will become hell!”

...

Everyone sighed again and again.

“Is this Levi Garrison so narrow-minded?”

“For his own emotions and interests, abandon Erudia at critical moments? What qualifications does he have to be the king?”

At this time, someone suddenly said.

## CHAPTER 1522

When everyone saw it, it turned out to be Dong Beast and others.

At this time, it is them who are talking coldly!

“Shut up, is there any place for you to speak here?”

Everyone scolded.

Everyone has no right to say such things.

Especially the Dongbeasts.

“I don’t think they are wrong! It’s this kind of crisis, and you have to let go of all personal grievances!”

“Levi Garrison is not very big-hearted!”

“Well, yes, especially in a high position, I should have done my best for Erudia. Instead, I am angry for my own selfish desires!”

“That’s it! How much loss will Erudia have to incur if he is one step late?”

Several people from the East Demon scolded. ..

“That is, we admit that we did not do the right thing! But at this time, what do you care about?”

Xiaojun Shen also echoed the Tao.

“What he meant is that he is just an ordinary person now, what is the relationship with Wang Yan?”

“Hey, what a headache! Why do you cancel his status as the king of the word side by side?”

Several people scratched their heads and looked like ants on a hot pot.

“Say a thousand words and ten thousand, although we are a little lacking in some aspects! But Levi Garrison’s approach is really wrong!”

“As a fighter of Erudia, even if he cancels his status as the king of the word side by side. But if there is a war, he will be recalled. We all order him like

this. He should go into battle immediately!”

“It shouldn’t be a tantrum! Abandon Erudia for your own emotions!”

“Yes! Levi Garrison didn’t do this thing right!”

“No! It’s all his fault!”

...

Everyone shouted.

No one thought it would be Levi Garrison's fault in the end.

On the contrary, Messiah always felt that he was at fault.

"Sure enough, we didn't look away, Levi Garrison was embarrassed by the task!"

"Now we don't blame him, we will punish him after he gets rid of the Northern Devil!"

"I think it can!"

Erudia Wulong said.

Several senior Messiah sighed and did not speak.

"Why does Levi Garrison make this? At such a moment, how can you care about it?"

"I will order him myself!"

Another high-level Wang Qian roared.

In the confinement room.

Levi Garrison was still closing his eyes and resting.

“What’s wrong with you Levi Garrison? Did you hear the order just now?”

After Wang Qian arrived, he roared at Levi Garrison.

Levi Garrison shook his head: “No, I’m just an ordinary person, don’t want to order me!”

“Erudia is in trouble, and Beijing is in trouble, so you just watched it? How about your enlightenment?”

Wang Qian stared at Levi Garrison fiercely.

“I just watched! He provokes me again!”

Levi Garrison sneered.

“Furthermore, this is your attitude towards inviting people! Sorry, I am dedicated to Erudia, but I am not a slave who can be called upon by anyone!”

Levi Garrison was really chilling.

“Well, you Levi Garrison! You can say this, we order you not to listen?”

“I really think we don’t have you, so there is no way to deal with the Northern Devil, right? Let you see!”

“You can rest assured that you will never use you! Even if you want to go, you won’t let you go!”

Wang Qian left angrily.

After coming to Messiah.

Wang Qian roared angrily: "Is there anybody in Erudia? I don't believe it, except for Levi Garrison, is there anyone who can deal with the Northern Devil?"

"Aren't there the four main gates and the major hidden powers? They go!"

...

But those who answered him were silent.

Everyone was silent.

Because there is really no one.

"Not good! The North Demon has left Jiangjun Lake, and 80,000 people have stopped him!"

## CHAPTER 1523

“With the current strength of the Northern Demon, no matter how much people you put in, you can’t stop him!”

“Wrong, it will only cause more sacrifices!”

“Someone must be able to hold the North Demon! But where can I find it?”

...

impatient.

Everyone’s face was filled with anxious expressions.

“The North Demon is only hurting people and not killing people, but who knows what he is going to do next? Once he really starts to kill, it will really

be the end of the summer!”

Today’s North Demon really enjoys the feeling that everyone uses him.

“Can anyone really control him?”

Wang Qian shouted.

“Levi Garrison!” mi. c

Everyone said a name one after another.

“No, just change it!”

“I don’t believe that there is no one?”

“I suggest sending out all the top ten masters of Messiah! I don’t believe that he can’t be beaten!”

Wang Qianyi gritted his teeth and said.

“hiss!”

As soon as the words came out, the audience took a breath.

“Are you sure? The top ten masters can’t use them unless they have to!”

“Yes! The use of the top ten masters requires the approval of all the senior officials of Messiah!”

...

Messiah has ten superpowers.

They are the strongest in the top ten fields of Erudia ancient martial arts.

It is Messiah's biggest trump card.

It must not be used as a last resort.

In other words, it can only be used at the most critical moment.

When the Northern Demon was raging in the Northern Territory before, it was not the most critical moment.

Now that the North Demon arrived in the capital, it was the most critical moment.

Once used, it must be approved by all senior officials of Messiah.

It can be regarded as Messiah's greatest secret.

Since it is a secret, it cannot be exposed.

Because of the existence of the top ten masters of Messiah.

Wang Qiancai has the confidence to say that to Levi Garrison!

Otherwise he is not a fool!

It would be better if Levi Garrison could solve it.

If not, he can still use the top ten masters.

Never get used to Levi Garrison's problems.

"It's all this time, do you still care about this? I agree to send the top ten masters!"

Wang Qian shouted.

"I agree!"

"I agree!"

...

Soon the senior officials of Messiah agreed to release the top ten masters.

Finally, the ten masters were called out with the Yanlong Order.

The top ten masters fought with the North Devil.

The battle was fought dark and dark.

The top ten masters are really much better than the four little dragons.

At least he can fight back and forth with the North Devil.

But after all, it was still much worse than the five times stronger North Demon.

In the end, all the top ten masters were defeated.

The North Demon laughed wildly: “Hahaha, did you think there is such a master? But it can’t stop me!”

“Anyone else?”

...

In the Messiah base.

Panic.

Everyone was sweating anxiously.

“What? The top ten masters also lost?”

“Now we really have no idea, we don’t have any hole cards!”

“The North Demon is too strong, are we going to subdue him?”

...

Everyone is desperate.

“Levi Garrison! Let Levi Garrison take action!”

Wang Qian shouted anxiously.

Any fan also agreed: “Yes, let Levi Garrison come here now!”

“What’s the move? You are not to blame! Otherwise, Levi Garrison would have taken it long ago!”

“Originally, Levi Garrison made the shot by himself, but none of your sails blocked it!”

“And you, Wang Qian, I asked you to invite Levi Garrison out of the mountain, but you were fine! You said that you would never use him!”

“Now you go and invite Levi Garrison yourself! The bad things you have done go and clean up the stall yourself!”

Wang Qian and Any Fan looked at each other with embarrassment on their faces.

## CHAPTER 1524

“Let me bow to Levi Garrison? Impossible! I can’t understand Levi Garrison’s appearance!”

“It seems like we have no other way except him!”

Wang Qian looked reluctant.

Other people looked at him one after another: “Then in the current situation, besides Levi Garrison, can you find a second one?”

“This.....”

Wang Qian was silent.

Either Fan was also silent.

“You people, go and ask Levi Garrison to take action! If you don’t, we will send you to the forefront to fight the North Demon!”

Messiah senior said this.

Several people in Wang Qian were frightened.

Let them fight the North Demon, worse than death. m.bg.

“I... let’s go... let’s go...”

Everyone wiped cold sweat.

Everyone soon came to the confinement room.

“The king of the word side by side invites you out of the mountain!”

“Erudia doesn’t work with you!”

...

Wang Qian and Yifan pleaded with weeping faces.

The Four Little Dragons and Erudia Wulong Dong Yao also followed closely behind.

“I’m just an ordinary person, please be smart!”

Levi Garrison raised his eyelids and said coldly.

“No, I was wrong before! I shouldn’t have said those things!”

“Yes, and me, I shouldn’t believe you!”

...

Wang Qian and Any Fan worked hard to admit their mistakes.

But Levi Garrison was unmoved.

“Is this your attitude of admitting mistakes?”

Messiah high-level officials who rushed to shouted angrily.

“Kneel all to me!!!”

“Puff!”

“Puff!”

...

Although Wang Qian and Ren Fan and others were unwilling, they still fell to their knees.

“You kneel down too!!!”

Everyone looked at the four little dragons.

“Puff!”

They also knelt to the ground.

“The mistakes made by the apprentice should be borne by us, and we should kneel down too!”

The four East Demon also knelt to the ground.

...

All those involved knelt in front of Levi Garrison.

The three Dong Beasts crawled in front of Levi Garrison like dogs.

“Boom boom...”

The three of them kept knocking their heads, and bleeding from their foreheads.

Others also squashed their heads, and shouted one after another: “Please come out of the mountain side by side!!!”

“We mean that we were wrong, as long as you put forward any conditions, we will agree!”

...

Everyone of the other Yanlong Guards bent over, bowed and shouted, “I beg you to come out of the mountain!”

“This time Messiah was wrong. We apologize to you in the name of Messiah!”

“As long as you make any request, we will agree!”

...

Messiah apologized for the first time in history.

At this moment, they have realized all their mistakes.

Everyone looked at Levi Garrison, looking forward to his answer.

After a full minute, Levi Garrison slowly opened his eyes.

He also stood up.

“boom!”

The next second, the door of the confinement room suddenly fell apart.

Levi Garrison walked out.

The entire confinement room collapsed!

Levi Garrison looked at the three Dong Beasts with terrifying and terrifying eyes: “Damn you three!”

The three East Beasts trembled.

“Yes, the three of them damn it!”

Others echoed.

“One word side by side king, so you agreed to shoot?”

The others asked expectantly.

Levi Garrison nodded: “Well! I will get rid of the Northern Devil! I will get rid of the Avengers too!”

“call!”

Suddenly, everyone breathed a sigh of relief.

Erudia is saved.

The capital was saved.

Immediately afterwards, Levi Garrison said coldly: “After doing these two things, I will no longer be the king of the word side by side! Quit and become

an ordinary person!”

## CHAPTER 1525

“what???”

The language is not surprising and endless.

Everyone was dumbfounded at this moment.

No one thought that Levi Garrison would actually put forward this idea.

He actually wants to fire himself...

This is something that no one thought of.

What a blow he was going to dismiss Erudia.

It's Erudia's sorrow!

Can not accept!

But all of this was caused by them.

“One word side by side king, please think twice! We promise you any request you make, such as revealing your identity directly to the world!” mi. c

“As long as you continue to be the king of the word side by side, Erudia needs you, you are still young. There is still a long time to retreat!”

No one wanted Levi Garrison to retreat.

Levi Garrison expressionlessly: “I’m tired, I have done everything I can do!”

“But don’t worry, I will make arrangements before I retire!”

What else does everyone want to say.

Someone reminded: “Now that the hidden dangers of the Northern Demon are still there, we should deal with the Northern Demon first!”

Everyone just remembered now.

Let’s deal with the North Demon first.

“Well, I will deal with the North Devil first!”

“The three of you come with me!”

Levi Garrison looked at the three Dong Beasts.

Finally, the Dong Beast trio followed Levi Garrison to deal with the Northern Demon.

The three of them were perplexed.

Always wondering what Levi Garrison means...

“You... are you still alive?”

When the North Demon saw Levi Garrison, he was frightened.

Levi Garrison smiled: “Of course I am alive! And it was my people who saved you, otherwise you won’t be able to wake up.”

“what?”

The Northern Devil who knew the truth was about to vomit blood.

It turned out that all of this was under Levi Garrison’s control.

“Then you are no longer my opponent, I am stronger again!”

The North Devil is very confident.

“bring it on!”

Levi Garrison suddenly threw the Dong Beast three people over.

“kill!”

Bei Mo boom punched out.

The three of them were instantly blown into blood mist...

The moment the three of them died, they understood Levi Garrison's intentions.

They can't live!

He slaughtered his compatriots and deceived Erudia, absolutely unable to live.

Next.

Levi Garrison and Bei Mo fought again.

The five times stronger North Demon is extremely confident.

But soon he discovered that Levi Garrison was even stronger than before.

"puff!"

In the end, the Northern Devil was defeated by Levi Garrison.

"I lose to you twice, I take it, you kill me!"

The Northern Demon knelt on the ground and surrendered to Levi Garrison.

Was completely convinced by Levi Garrison.

“I can’t kill you yet! I have a question to ask you...”

“Puff!”

It’s just that Levi Garrison said this.

Immediately, several masters stepped forward to punish the Northern Demon.

Wang Qian and Yifan came to the front.

They sent someone to kill the North Demon.

“Who let you kill?”

Levi Garrison glared at them angrily.

“The word side by side king is really terrifying, the North Demon is not your opponent!”

“For people like the North Demon, you have to kill, don’t then suffer endlessly!”

Several people said.

Levi Garrison shook his head helplessly.

People are dead, what else can be done.

In the end, Erudia broke out a major message-the king came out of the mountain side by side to punish the Northern Demon.

The world was shocked.

Shock one: The King of Words is still alive, not dead in Jiulong Mountain.

Shock two: The King of Words Side by Side actually killed the Northern Demon.

After this, who dares to provoke Erudia?

There is such a person in the town!

Can protect Erudia for hundreds of years!

Suppress a hundred countries, no one dares to commit a crime!

But what no one thought was that the king of the word side by side was going to be fired.

This is the saddest thing about Messiah.

Levi Garrison has decided to dismiss.

## CHAPTER 1526

The Northern Demon was finally killed.

Celebrate the whole world.

One word side by side, the king's reputation is far-reaching.

The whole world once again guessed the identity of the king of the word side by side.

But Erudia knew that he would be lost forever.

Now the whole world doesn't know that the word side by side king has retired, but after a long time, it will eventually be exposed.

At that time, it was time for the hidden dangers and dangers of Erudia.

In the Messiah base.

All members look complicated.

Levi Garrison was holding a folded flag in his hand.

The flag is mutilated and soaked with blood, and there is a faint smell of blood. ..

This flag was naturally brought back by Levi Garrison from Jiulongshan desperately.

There is also the Yanlong Ring on the banner.

“From today, I, Levi Garrison, give up the throne of one word side by side!”

Levi Garrison said loudly.

Everyone sighed: “Are you no longer thinking about it?”

“I think clearly!”

Levi Garrison finally handed over these two things.

From then on, he is no longer the king of the word side by side.

He is just an ordinary person.

Stay with your family.

A stable life for a lifetime.

“Since you have decided, we grant your dismissal!”

“You have done too much for Erudia, we will solve the Avengers, so I won’t bother you.”

Messiah was already embarrassed to trouble Levi Garrison again.

“it is good!”

Levi Garrison declined and accepted.

Finally, Messiah watched Levi Garrison leave.

A generation of legends officially retired...

Jiangbei, in the ancestral home of the Li family.

Tang Mufeng’s funeral has just finished.

After the truth about the Four Little Dragons became clear, Tang Mufeng was no longer a deserter.

Instead, there was credit, and the reward and reputation fell on Tang Wansheng.

Everyone can’t do anything to Levi Garrison.

When everyone saw Levi Garrison’s return, they could only sigh: “Good luck! More than 900 people have died, but you are the only one who survived

more than 30!”

Zoey’s family reunion is naturally extremely excited.

Many people can't understand it.

But there is no way.

Levi Garrison's family can only be reunited.

After Levi Garrison came back, he first gathered the four Beiliang Kings.

Five people talked for one night.

Levi Garrison also told everyone about dismissing the king by one word.

Next, Levi Garrison's life returned to normal.

He usually helps Zoey manage the company, and then takes care of the children.

Live a happy little life.

Erudia also returned to normal.

As for the Avengers, it hasn't been wiped out yet.

The top leaders of the Avengers fled outside, with land and islands.

In addition, the Eagle Nation gave them knighthoods and even thrones.

In this way, Erudia had no reason to attack them.

For the time being, they are threatening Erudia.

Erudia can only give up and seek other opportunities.

Soon, one year passed.

Erudia is safe and worry-free.

No one dares to provoke the slightest.

On the contrary, there are many forces that take the initiative to show good.

This is the awe-inspiring power of the King of Words Side by Side...

Erudia immediately sent another important message-the nine heavenly kings turned out to be born.

Each of the nine heavenly kings possesses super combat power, not to mention having the terrifying power of a word side by side king and the

northern demon.

But each one is of the four-man level of the Great Xia Wulong East Demon.

They will protect Erudia.

When the nine heavenly kings appeared, the whole world trembled.

Hundreds of overseas countries are increasingly afraid.

I didn't dare to think too much about Erudia.

Now there are nine heavenly kings.

Who dare to move?

Erudia began to cheer and celebrate.

Erudia's strength makes everyone more confident.

But what everyone doesn't know is that the nine heavenly kings are actually related to one person...

## CHAPTER 1527

That is Levi Garrison!

A year ago, when he was dismissed, Levi Garrison said that he would make sufficient preparations before quitting.

The preparation in his mouth was to cultivate nine heavenly kings for Erudia.

During this year, he collected ancient skills such as martial arts, special techniques, and medical skills of the major hidden forces and ancient forces.

For example, collect all the ancient martial arts, medical skills, and hidden weapons of the four gate valves.

Incorporate my own skills and various fighting techniques, martial arts, etc. in the Erudia Army for many years.

Introduce a set of powerful skills, and select a group of people to learn and practice these skills.

It finally took a year to cultivate the nine heavenly kings.

They are extremely powerful and possess superb medical skills and special skills.

Can make up for Levi Garrison's absence.

And there is an advantage. m.bg.

Levi Garrison, together with the King of Northern Liang and others, developed a powerful array for the nine people to use.

This combined attack can definitely defeat the five times stronger Northern Demon!

To prevent a powerful enemy from coming!

Nine people together are invincible, and each is king.

Levi Garrison was also relieved at the moment when the whole university was celebrating.

Although he has been dismissed in name for a year.

But only now is the dismissal in the true sense.

After cultivating the nine heavenly queens, he was relieved to retreat.

Looking at the nine major apprentices on the screen, Levi Garrison smiled sincerely.

“Now you can rest assured?”

Zoey smiled.

She understands Levi Garrison’s family and country feelings.

Although I don't know that Levi Garrison was once the identity of the king.

But she could feel that Levi Garrison could not let go of Erudia.

"Let it go, I'll stay with you both of you from now on!"

Levi Garrison smiled.

Levilia looked at Levi Garrison and asked, "Dad, are you not the king of the word side by side?"

"It's wrong, so I can see Levilia every day!"

Levi Garrison hugged Levilia.

"Okay, okay, dad don't be the king of the word side by side!"

Levilia cheered.

Zoey shook his head helplessly.

Why does this kid always think that Levi Garrison is the king of the word side by side.

The Xishu gate valve is very hot today.

There is no other reason. One of the nine heavenly kings is Tang Juefeng, who comes from the clan of Western Shu.

He was picked out by Levi Garrison from tens of thousands of people.

Today, he will return.

The Western Shumen clan held a grand welcoming feast for him.

Alarmed the whole Jiangbei.

“Levi Garrison, as an ordinary person, how do you feel?”

“Yes, without you, the Kunlun God of War, more people will appear to replace you!”

“Didn’t you look down on the Western Shu family? Now the Western Shu family has appeared, making you look up to the King of Shu!”

...

Songkui and others sneered at Levi Garrison.

But they dare not say too much.

Mainly afraid of Levi Garrison’s skill.

“Levi Garrison remembered, your time has passed! Your strength is not that strong! From now on, you will be a man with your tail clipped!”

Everyone looked at him condescendingly.

From then on, Levi Garrison's presence was very low.

No one even wanted to provoke him.

Facing everyone's ridicule, Levi Garrison ignored it.

If before, he would say that no matter how powerful the nine heavenly kings are, they are all my apprentices.

But now, he is just an ordinary person.

There is no need to entangle these.

Soon, everyone's attention was no longer on Levi Garrison.

Because King Shu is back.

A red carpet was paved on Shili Changjie, the gate of Xishu.

This is the pride of their family!

The tall King Shu came with steps.

But the next moment, King Shu went straight to Levi Garrison...

## CHAPTER 1528

Everyone was stunned.

What is Shu Tian Wang doing?

correct!

King Shu Tian is Tang Mufeng's younger brother. Tang Mufeng was killed because of Levi Garrison.

The King of Shu was afraid that he might be angry with Levi Garrison.

Everyone agrees.

Zoey subconsciously tugged at the corner of Levi Garrison's clothes.

What should I do in case the king of Shu asks for it?

When King Shu came to Levi Garrison, he was about to speak.

Levi Garrison's voice sounded: "I'm just an ordinary person now!"

King Shu immediately understood. mi. c

"Oh, but I will always remember you, forever!"

The King of Shu means to remember Levi Garrison's kindness-to be a teacher for one day and a father for life.

But the taste changed in other people's ears: King Shu will always hate Levi Garrison.

Tang Mufeng will remember the death of Levi Garrison for a lifetime.

"If it weren't for the special status of King Shu, I'm afraid I'm going to kill Levi Garrison, right?"

Songkui and the others felt it was a pity.

Then, King Shu looked at the lovely Levilia again.

Zoey hurriedly asked Levilia to call the King of Shu.

King Shu smiled and touched Levilia's face: "Just call brother!"

He is Levi Garrison's apprentice and is equal to Levilia.

"The younger generation..."

Someone next to me reminded.

After all, King Shu is also the elder of the king.

But everyone didn't care too much.

Everyone still welcomes the return of King Shu.

The other eight heavenly kings received the same treatment everywhere.

Now that they come out, they must build momentum.

The greater the momentum, the greater the deterrence to overseas.

Of course, the strength and reputation of the nine kings match.

After all, each of them was created by Levi Garrison's thousands of choices and the devil's hellish training.

Over the past year, the great summer has been in full swing.

It's too much to look up overseas.

Especially the neighboring countries are hard to suffer.

now.

On an island somewhere in Western Continent.

Many planes are parked.

Prince William was escorted by many people and came to a villa.

There are black dragon, black phoenix and others in the villa.

“Humph! A bunch of trash! What did you do?”

Prince William smashed a newspaper on the face of the black dragon.

“At such a high price, Wang Zhen will be killed side by side!”

“It costs so much, the Northern Demon is dead!”

“Have you succeeded in that matter?”

Prince William was very angry.

He spent unimaginable financial, material, and manpower to satisfy everything the black dragon wants.

He also rewarded him with land in a dependent country and dozens of islands.

This is the result?

Can he not be angry?

“How many dogs can I keep barking, how about you?”

Prince William stared at several people angrily.

“Prince William is indeed our mistake! We did not do well!”

Heilong bowed his head and admitted everything.

“Now Erudia is unstoppable! The king sits side by side without saying that, now the nine heavenly kings are born! If this continues, no one can do

anything about Erudia!”

Prince William roared.

“Please calm down!”

Heilong said quickly.

“You find a way, anyway, I want to see Erudia’s arrogance go out, and even his vitality will be greatly injured!”

“Otherwise, I will take back everything you have, including the land and islands. I will also send you back to Erudia!”

Prince William stared at several people.

Prince William wanted to deal with Erudia, and wanted to break Erudia's arrogance.

He can only force the Avengers to do these things.

"Well, let's do it!"

The Heilong group looked at each other, and there was a bit of sullen expression in their eyes.

## CHAPTER 1529

“This time, I only give you five days. I can’t do it, get out!”

Prince William wanted to leave angrily.

“Wait!”

Upon hearing this, Prince William stopped.

“Prince William, stay here for the time being to see how we retaliate against Erudia!”

“And with you supervising the battle, our efficiency will be even higher!”

Black Dragon smiled.

The others looked at him in surprise.

Everyone does not understand why he wants Prince William to stay here.

This is equivalent to having someone supervising you all the time.

“Well, good, just do it like this!”..

Prince William agreed.

Live on this small island.

Several people from Black Phoenix pulled the Black Dragon aside.

“The leader let Prince William watch, don’t we want to be restricted by him?”

Black Phoenix expressed his concerns.

All along, Prince William wanted to control them.

They just want to cooperate with Prince William.

Let him stay now, wouldn’t it give Prince William a chance?

A sneer crossed the corner of Heilong’s mouth: “I have my plan...”

“hiss!”

Hei Fenghuang took a breath after listening.

“This...is this really okay?”

They were panicked, even fearful.

Heilong sighed: "At present we only have this one way!"

"Well, we will do it harder!"

A flash of cold light flashed in the eyes of the Black Phoenix people.

Levi Garrison still lived the life of an ordinary person.

Arrange for Levilia to go to kindergarten these two days.

But at night he still sighed: "It won't be so peaceful. The quieter, the more the danger is approaching!"

Levi Garrison has already seen the current situation.

He rubbed his temples: "Occupational disease has committed again, it has nothing to do with me, why do I want to do this?"

"Huh? Why are you here?"

Levi Garrison walked outside and snorted coldly.

It turned out that Tang Juefeng was here.

"Master, ancestor!"

Tang Juefeng greeted Levi Garrison and Tang Beidao.

“Master, I have just taken office now, and I am a little confused. I feel incompetent. The other eight people are estimated to be the same. It is difficult

to take your class!”

Tang Juefeng knelt on the ground and said.

“I said, now I’m an ordinary person, don’t bother me with anything!”

Levi Garrison turned and left.

Just as Tang Juefeng was disappointed, Levi Garrison’s voice came again: “Be vigilant and put an end to all possible dangers!”

“Yes.”

Tang Juefeng nodded.

But this sentence, he didn’t care about it.

Who dares to violate Erudia today?

Still dangerous?

impossible!

He was mostly at a loss as to what to do next.

Little did he know that his sloppyness caused catastrophe.

The next day.

Heilong and others personally rushed to Dongfangzhou by a plane.

Prince William is among them.

Erudia was still immersed in the happiness of the nine heavenly kings who turned out to be born, and she didn't know that danger was approaching

quietly.

Jianghai City in the south of Erudia.

In the end, the Avengers stopped here.

"Prince William please!"

The black dragon leads the way.

Prince William followed the crowd out.

“What are you going to do to bring me to Erudia? Can you say it now?”

Prince William asked.

He didn't know exactly what the black dragon was going to do, but he only heard that he could see a crazy performance in Erudia.

He is looking forward to it.

How does the black dragon take revenge on Erudia?

“Prince William, am I about to start?”

Heilong asked with a smile.

“Go ahead, I want to see how crazy it is?”

Prince William said quickly.

## CHAPTER 1530

But the next second, Prince William just felt cold all over his body.

A blast of cold air hits the sky from the soles of the feet.

He turned his head subconsciously, and saw Heilong and others looking at him gloomily.

Especially the corners of Heilong's mouth raised, and a bloodthirsty smile appeared.

Prince William's brain was running at high speed at this moment, and he instantly understood what the crazy performance of the black dragons was.

"kill!"

Heilong gave an order.

The masters of the Avengers are dispatched one after another.

"Puff!"

"Puff!"

...M.bg.

Unsuspectingly, several of Prince William's guards were all killed.

The black dragon looked at several members of the Avengers.

“Are you willing to sacrifice?”

“willing!”

After that, these Avengers members stabbed their weapons fiercely into their bodies.

Not only were Prince William’s guards fallen in the field, but also members of the Avengers.

Among them are two seniors wearing black masks.

It would only think that someone else killed Prince William, and no one would blame the Avengers.

“It’s you, Prince William!”

“You yelled at me all day, I’ve had enough!”

The black dragon slashed towards Prince William.

Prince William didn’t even have time to react, so he fell in a pool of blood.

“Hahaha, I have been trying to kill you for a long time, this time I finally found a chance.”

Black Dragon laughed.

For a long time, Prince William looked at them as slaves.

Everyone has tolerated it for a long time.

“The leader is a trick that kills two birds with one stone!”

“Not only did he kill Prince William, but he also blamed Erudia!”

Black Phoenix laughed.

“Prince William died in Erudia, this problem is serious! It will cause a lot of reverie!”

The others laughed.

Heilong glanced at it and said, “Go, let’s leave!”

Not long after the Heilong group left.

A team of people came here quickly.

Headed by the Shutian King Tang Juefeng.

Each of the nine heavenly kings is responsible for one area.

Tang Juefeng is in charge of this area.

When the Avengers aircraft entered the field, it noticed.

He lets people closely monitor every move.

After finding out where the plane landed, he immediately brought people over.

“Huh? What’s the situation?”

Tang Juefeng and others were dumbfounded when they saw the chaotic fighting scene of a corpse.

Also faintly realized that something was wrong.

“Check the identities of these people...”

Tang Juefeng frowned.

“These people belong to the Avengers. This person is Prince William of the Eagle Nation...”

Soon, the identities of these people were found out one by one.

“No, the big thing is not good!”

Tang Juefeng realized the crisis.

Subconsciously look around.

Little did they know that there was equipment in the dark to take the next scene...

Created a scene where Tang Juefeng led someone to kill Prince William and others.

The location is in the territory of Erudia again, and the evidence is conclusive and undisputed.

Soon the world's largest and most mysterious dark web released a heavy message-the death of Prince William of the Eagle Nation in Erudia.

This message is well-documented.

Scenes from the scene were recorded.

What's more, Prince William indeed died in Erudia, which is easy to verify.

This investigation is the fact-Prince William died in Erudia and was killed by Erudia people.

As soon as this message came out, the whole world was shocked.

The Eagle Nation was originally a big country. Although Prince William had no substantive power, he came from the royal family.

His name is known all over the world.

He died, enough to cause a major earthquake.

## CHAPTER 1531

At this moment, the world was swept by the news that Prince William had died.

Scenes of demonstrations broke out in various regions of Western Continent.

Tens of thousands, hundreds of thousands of people began to march.

Soon, demonstrations broke out in certain areas of Northern Continent, Southern Continent, and even Eastern Continent.

Tens of thousands of people took to the streets, holding banners and holding banners.

Everyone is asking for an explanation for Prince William!

Everyone directly questioned Erudia: Why did you want to kill Prince William?

Erudia has to give a clear answer and hand over the murderer!

Things got worse.

The whole world is the voice of crusade against Erudia.

Everyone is complaining about Prince William's death.

Major countries and major organizations also criticized Erudia and demanded an explanation.

The situation has evolved into a situation where Erudia is an enemy of the world.

Although Erudia is now very strong.

There is a king sitting side by side, and there are nine heavenly kings.

But the Prince William incident completely ignited everyone's anger.

After all, they are all on the side of reason.

Several hours passed.

Erudia remained silent.

Nothing has been given.

North Hampton.

Shu Tian Wang Tang Juefeng had a gloomy face.

The wall in front of me is full of deep palm prints.

He photographed it.

When the accident happened, he remembered what Levi Garrison had told him.

It's just too late!

He is too confident.

The Avengers plane was discovered tomorrow morning, but let it enter the summer.

Caused the current consequences.

He should have stopped everything.

Just not being vigilant.

“The King of Shu, you just took office for a few days, and this happened in your area. What's the matter with you?”

Tang Juefeng was silent.

He could do nothing about this matter.

Let him fight and kill others, but this kind of tactics won't work.

In fact, when Levi Garrison was cultivating the nine heavenly kings, he had already deliberately guided in this regard.

What he wants is nine kings who can handle things, not nine reckless men who can only use force.

Obviously, the nine people did not realize this.

At this time, King William II, the father of Prince William, was furious.

Prince William is his only son.

He threatened to use all his strength to avenge his son.

At this moment, he is on his way to Erudia.

Face Erudia and avenge his son.

Faced with this situation, Erudia could only send a team of negotiation experts to discuss the most perfect solution with William II.

It is impossible to find out who killed Prince William in a short time.

At present, we can only stabilize the situation.

The location of the negotiations between the two parties was chosen in South Hampton.

For the sake of safety, William II has masters around him.

I am afraid I will repeat the same mistakes.

Of course, the eyes of the whole world are focused on this now, no matter how bold they are to kill, right?

The king of Shu Tian is in charge of this security task.

Before leaving, he deliberately consulted Levi Garrison.

“Master, I am looking for you again!”

“I’m really in trouble this time, don’t know what to do?”

King Shu knelt at the door and pleaded.

This is his mistake.

He wants to make up, he wants to save.

I want everyone to see their abilities.

“I said it a while ago, it’s not about the world anymore.”

Levi Garrison’s icy voice came from inside.

“Master, the disciple is really at a loss now! Please give me some advice! If you don’t come out, I won’t be able to get up on my knees!”

King Shu still knelt on the ground.

“Roll!”

“Don’t force me to do it!”

Levi Garrison’s angry roar came from inside.

The king of Shu was so scared that he stood up immediately.

It just so happened that Zoey arrived at this time.

When she came closer, she was surprised that it was King Shu Tian.

## CHAPTER 1532

“you you you.....”

Zoey stammered, looking at King Shu in horror.

She thought King Shu was here to trouble Levi Garrison.

“Hurry up and stop bothering me from now on!”

Levi Garrison’s angry voice came from inside.

King Shu bit his lip, looked at Zoey with a complicated expression and left.

“Are you crazy in Levi? You drove him?”

Zoey looked at Levi Garrison incredulously.

After all, Levi Garrison is just an ordinary person.

That is one of the nine heavenly kings.

“Nothing, if you come to bother me, just beat him!”

Levi Garrison sneered.

Zoey shook his head helplessly.

Levi Garrison's personality has changed.

There are several cruise ships on the eastern high seas.

In the largest cruise ship, William II and the Black Dragon of the Avengers were all there.

"Prince, you must not die in vain! We must ask for an argument!"

Several people from Heilong were fanning the flames nearby.

"Well, all participants must die!"

"Especially the Shutian King Tang Juefeng, his family is going to die!"

A terrible rage erupted from William II.

It may be a joke that others say.

But this man is powerful, rich and powerful, and he has countless strangers and strangers.

As long as he raises his arms, many masters from all over the world can use it for him.

Under his strong pressure, Erudia had to make concessions.

Not to mention his son died.

Erudia Li loses...

“Tomorrow’s negotiation we have to avenge and win more benefits!”

“My suggestion is to let Erudia hand over the king with one word, one life for another! Only his death can be worthy of Prince William!”

Heilong suggested.

Others shook their heads one after another: “It’s difficult! Not to mention that Erudia will not hand over the King of Side by Side. Even if he does, it

will be difficult for us to kill him!”

“En, that’s true! But do your best! One point that can weaken Erudia is one point!”

Heilong is humane.

That night, the negotiating team arrived under the escort of King Shu.

After the two sides met, they separated after a brief exchange.

When King Shu was about to leave, Heilong called him.

“Who are you?”

King Shu looked at the black dragon warily.

“Someone who can save you!”

Black Dragon Road.

“help me?”

King Shu was taken aback.

“Wrong, now the whole world knows that you led someone to kill Prince William!”

“I.....”

“You have no reason to refute!”

“William II will not let you go, nor will War Eagle Nation let you go!”

“And it’s not just you who will suffer, but your family and even the whole family will suffer!”

...

Hearing this, the king of Shu Tian was already short of breath.

“Wrong, you are one of the nine heavenly kings. But at this time, Erudia wants to protect you and can’t protect you! With William II’s character,

everyone must be buried with him!”

“You are great, you may be able to block it! But what about the secret? How about thousands of killers? Your relatives and friends are in our control.”

“It will even trigger a war between the two countries. You will be the fuse, and you will become a sinner through the ages! You will be nailed to the

pillar of shame forever!”

...

The black dragon analyzed the key points.

King Shu wanted to refute, but Heilong was right.

He was full of anger.

Obviously he has a strong power, but he can’t use it before conspiracy and trickery.

This feeling is the most depressing.

“By the way, you just said you could help me?”

King Shu asked.

“Wrong! I am the only one who can help you!”

“But I have one condition!”

Black Dragon smiled.

CHAPTER 1533

“Wait, why should I believe that you can help me? You are not William II. What decision can you make?”

King Shu Tian looked at him warily.

“But do you have other options now?”

Heilong smiled suddenly.

“I.....”

King Shu was silent again.

“Don’t you want to ask who I am? I am the leader of the Avengers!”

“boom!”

Hearing this, the king of Shu Tian trembled.

This is a person whose degree of danger is second only to that of the Northern Devil.

“And I actually killed Prince William!”

When Heilong said this answer, King Shu was going crazy.

It turns out that the person who framed him was Black Dragon!

“Don’t get excited! Even if you kill me, it won’t help!”

“As for me, it is Erudia who has to deal with! How much does it have to do with the clan of Xishu!”

The black dragon smiled.

“Do you really think I dare not kill you?”

The king of Shu was murderous.

“Do you have a childhood sweetheart named Wang Ru who is now...”

When the black dragon said a lot of information.

King Shu was dumbfounded.

He believed what the black dragon said.

He can stop the light, but he can’t stop the dark.

What’s more, this is the anger of William II and the war eagle country.

Xishu Gate Valve can't stop it...

"If you want to save the people you like and your parents' family, just answer me a question!"

Black Dragon said.

"what is the problem?"

King Shu began to loosen.

"Tell me the true identity of the King Side by Side!"

"It's easy, isn't it? I don't ask you to do anything else!"

Heilong asked with a smile.

If the king does not get rid of the word side by side, he can't feel at ease.

What we do now is to understand the word side by side.

First you have to know who he is...

"This one....."

King Shu hesitated.

The question is actually very simple.

But it's hard to tell.

"I just want to know who he is? He is so powerful, and I have no choice but to use him."

"It's such a simple question, but it can save your family lover! It's a good deal!"

...

King Shu thought for a while, raised his head and looked at the black dragon and asked; "Then how can you guarantee?"

The black dragon smiled.

Take out the phone and open the video.

Opposite the video is the childhood sweetheart of King Shu.

King Shu clenched his fists tightly.

It turned out that the enemy was more terrifying than he thought.

Understand and control everything about him.

“Now? Do you still need my guarantee?”

“Answer my question and let them go right away!”

Black Dragon smiled.

King Shu gritted his teeth.

After half a day, I can only answer: “I said!”

“One word side by side is Levi Garrison!”

Heard this answer.

The black dragon trembled.

This answer was unexpected and expected.

At present, only Levi Garrison fits the word side by side.

Unexpectedly, it was because Levi Garrison was not so strong.

In the end, the black dragon released the childhood sweetheart of King Shu.

And promised not to target him at the negotiation meeting tomorrow.

However, the identity of the word side by side king has been exposed.

On the cruise ship.

Heilong and Heifengfeng studied together.

“Impossible. Although Levi Garrison was strong two or three years ago, he was not so strong?”

“And this span is too big, now even the Northern Devil is not his opponent!”

“What has he experienced? No, I must know!”

...

Heilong and others began to analyze Levi Garrison’s events in recent years.

In particular, the battle is to investigate field by field, and then study and analyze.

“Hahaha... I know Levi Garrison’s biggest secret!”

After analyzing the whole night, the black dragon suddenly laughed.

“From then on, the word side by side king is no longer a threat!”

## CHAPTER 1534

“what?”

Asked William II.

“There is an old saying in Erudia that you can’t break or build up! Levi Garrison definitely has a terrible technique that doesn’t break or build up!”

“In these few battles, Levi Garrison was either abolished or dying. But in the end he was not only dead, but stronger! Now he is so strong that even the

Northern Demon was killed by him!”

“Also he used to be physically disabled and went to jail, but was secretly transferred away. I think it was this technique that made him!

Hei Fenghuang and others also nodded one after another: “Wrong! Erudia ancient martial arts does have such a heaven-defying technique!”

Heilong smiled coldly: “Levi Garrison’s life experience is very simple, it has nothing to do with the hidden forces. The only possibility is to get an

adventure in prison, which is this heaven-defying technique.”

William II probably understood the meaning; “If you don’t kill him all at once, he will be stronger?”

“Wrong, that’s it!”

“In this negotiation, we can start in this regard!”

“Since we can’t kill Erudia’s side by side king, we can create more side by side kings!”..

The black dragon smiled.

William II immediately understood: “It means he wants Erudia to surrender this technique?”

“Wrong!”

“First, get to know him through this technique and defeat him.”

“Secondly, more masters will be cultivated through this technique!”

“Either way, it is a painful blow to Erudia!”

Heilong answered.

William II was immersed in great joy, forgetting the pain of losing his son.

“Okay, just do it!”

If you get this technique, the value is too great.

The entire war eagle nation will thank him.

“However, people like Tang Juefeng and the Xishu clan can’t be killed!”

Black Dragon Road.

“Why? They are the ones who killed my son!”

William II looked puzzled.

Heilong naturally has his considerations.

It wasn’t that Tang Juefeng promised to keep his promise.

But because he has the next plan.

Currently Erudia, including Levi Garrison, did not know that his identity had been exposed.

As long as Tang Juefeng was not targeted, Levi Garrison would not know.

Taking advantage of this gap, Black Dragon wanted to target Levi Garrison.

After William II listened, he agreed.

Ten o'clock in the morning.

The negotiation will begin.

...

Soon, go directly to the topic.

"My son is dead, you must explain it!"

"Otherwise, I will let everyone in Erudia be buried!"

...

William II was domineering.

"Please state the requirements and conditions, and we will try our best to meet them!"

The negotiating team is wiping cold sweat.

"First, Erudia must hand over ten people to pay for his life!"

"This condition can be negotiated, basically there are no problems. Are there requirements for people?"

The negotiating team asked.

The King Shu, who was standing next to him, wiped his cold sweat.

Soon he will know whether the black dragon is lying to him.

“No! As long as ten people pay for my son!”

William II said.

King Shu breathed a sigh of relief.

Then he would guard this matter next, and would never tell the matter that Levi Garrison’s identity had been exposed.

In this way, Levi Garrison would never know.

“The second condition, I want to die side by side!”

William II said coldly.

This is his intention.

They also understand that Erudia is definitely not acceptable.

“This condition doesn’t work! Change another one!”

The negotiating team also directly refused.

“Okay, that’s very simple! Let the King of One Word hand over his exercises! This is my final bottom line, otherwise I will never die!”

## CHAPTER 1535

“Ok?”

This request surprised everyone in the negotiating team.

Why would William II suddenly demand the practice of one word side by side with the king?

Is there anything peculiar?

They don't know it themselves!

Even the King of Shu was taken aback.

What is this going to do?

“We need to discuss this and apply to the relevant personnel!”

The negotiating team cannot decide this matter.

“Well, let's go to war directly! I will use all my strength to fight against Erudia! I'm free!”

Roared William II. m.bg.

“You calm down! We have agreed to the two conditions!”

In order to stabilize William II, the negotiating team hurriedly agreed.

In their view, isn't it just a technique?

Not an extremely important thing.

They can make a decision.

"I only give you three hours. If you can't do it in three hours, I will leave!"

William II threatened.

After the negotiating team left, they immediately contacted Messiah.

At this time, the black dragon and others had long been nowhere to be seen, so I didn't know what to do.

"What? The king's skill?"

After Messiah heard this message, they were all taken aback.

"Could it be that what's unique about the king's skill of the word side by side?"

This is a question that Messiah has never considered.

They only knew that Levi Garrison was very powerful.

But never thought about why Levi Garrison is so powerful.

Now imagine that the enemy realizes the power of Levi Garrison's exercises.

"What should I do now? William II only gave three hours!"

"Hurry up and let Levi Garrison hand over his exercises! Hold William II first!"

"Also check what Levi Garrison's practice is?"

...

North Hampton.

Levi Garrison just sent Levia to school.

He returned to the villa, and members of the negotiating team were waiting for him.

Because of his guilty conscience, King Shu naturally did not dare to come.

"What are you doing?"

Levi Garrison glared at everyone.

The person headed by the negotiating team said with a solemn expression: "Levi Garrison is here to take the order!"

"This is the highest-level Yanlong decree-asking you to hand over your exercises!"

"Stop this one, I said it earlier, I'm just an ordinary person!"

Levi Garrison said.

"No! Erudia is in danger now! Prince William died unexpectedly in Erudia. The other party called for you to hand over the exercises, otherwise Erudia

will have disaster!"

"Huh? Wait! The other party only asked me to hand over the exercises?"

Levi Garrison suddenly realized something.

"There is no, but I have asked to hand over ten people to pay for their lives! These ten people have nothing to ask! The other party seems to only

care about your practice!"

The man wondered.

In fact, everyone is very confused.

What kind of exercises can make William II let go of hatred?

“No, my identity has been exposed, as well as my secrets. They must have known my practice, so they asked for it.”

Levi Garrison’s brain was running fast, and he quickly figured out what was going on.

He didn’t even think that as an ordinary person, he could still be pulled in.

Still the central figure...

I didn’t even think of it.

“Just hand it over! Only in this way will both sides get along peacefully!”

“What’s more, there is also the highest-level Yanlong Order ordering you, you quickly hand it over! Time is running out!”

The negotiating team urged.

Levi Garrison smiled: “When did Erudia become so confused?”

“When do you want to listen to others?”

“Do what others want us to do?”

“Where is the backbone of Erudia people?”

“Are we still afraid of these foreign nations?”

...

## CHAPTER 1536

Facing Levi Garrison's repeated questions, everyone in the negotiating team was dumbfounded.

correct!

Today's Great Xia is like the sun and the sky, worthy of anyone.

There is a word that the king sits side by side.

Another nine heavenly kings turned out!

Who are you afraid of?

Have to follow other people's requirements?

But that's not the case.

"Are you afraid that you didn't know that Prince William died in Erudia? There is evidence that our people killed him!

The whole world is fighting against us, there are parades everywhere!

Now we are the non-dominant side, we must do what they say! "Mi.c

...

Several members of the negotiating team explained.

Levi Garrison was happy.

“Is it really our people who killed him?”

Levi Garrison asked.

Everyone was silent.

“Since it wasn’t our people who killed him, let’s find out! Find out the real murderer! Let the whole world know, and give Erudia my innocence!”

“But what are you doing? Compromise, compromise blindly!”

“This is equivalent to acquiescing that everything is done by us! Then the whole world knows this!”

“You will be slaughtered by someone? They will agree to any request?”

Levi Garrison suffocated his anger and roared.

Not just for them.

Also dissatisfied with the apprentice Tang Juefeng.

Although he has learned a lot of skills, he has no ability to handle things at all.

“No, we checked it too, we couldn’t find it...”

Several members of the negotiating team looked helpless.

“So I was slaughtered by someone? People say that negotiation is about negotiation? What are they afraid of?”

“He wants revenge? He wants to fight? Then fight! Who’s afraid of whom? Is there anyone I’m afraid of?”

“Can you fucking be harder? Don’t worry, tell the world that we didn’t do this thing!

We will find out the truth and let William II go home and wait for it! Otherwise, he will be driven away when he comes to Erudia! “

Levi Garrison was really angry.

He has only been an ordinary person for one year.

Why are bloody and spineless?

How can Erudia bow her head to others?

What a shame!

“This is not the time for you to complain. Hurry up and hand over the exercises. William II only gave three hours. Otherwise, we can’t afford any

damage, and you can’t afford it!”

The negotiating team continued to urge.

Levi Garrison glared at them and sneered: “So in order to stabilize William II, you want me to hand over the exercises?”

“I can bear it!”

“But still have to single out ten innocent compatriots to pay for their lives?”

The faces of several people in the negotiating team turned dark, and several people murmured, “This is not a no-brainer. Someone has to sacrifice!”

“So you can just pick out ten compatriots to die?”

Several people immediately said: “Don’t worry, we will properly settle their families!”

“Since someone sacrificed, why don’t you go? You also sacrificed for Erudia!”

Levi Garrison asked.

Everyone was silent.

How could it be possible for them to sacrifice for their lives?

“Now is not the time to raise the bar, you should surrender the exercises as soon as possible, time is too late!”

Levi Garrison was suddenly angry.

“Get out! Get out!”

“I can’t give the exercises!”

“Those ten compatriots, don’t even think about giving them sacrifices in vain!”

Levi Garrison waved his hand.

A majestic force directly blasted several members of the negotiating team out.

“Dare to come again, I don’t mind maiming you!”

Everyone in the negotiating team scrambled with fright.

“No way, Levi Garrison is unwilling to hand over the exercises, and even more unwilling to let people pay for their lives!”

CHAPTER 1537

“This is a lot of trouble! Once William II gets angry, it will be a disaster!”

“Levi Garrison is an ordinary person, so what do you still keep the exercises for?”

“Yes, too selfish!”

...

The negotiating team reported Levi Garrison’s attitude to Messiah.

Messiah has nothing to do with this.

They knew Levi Garrison’s attitude and temper.

It was too urgent.

It will be counterproductive!

In the end, the negotiating team could only tell William II of all this.

Ask William II to change terms. ..

“This condition must not be changed!”

“Otherwise, I will ask all Erudia people to bury my son! Think about how to do it! Either the king’s head is side by side or his practice!”

“I have gathered tens of thousands of mercenaries and thousands of killers, and I can act at any time!”

...

Under the duress of William II, the negotiating team could only come to Levi Garrison again with King Shu.

Tang Juefeng felt very guilty.

But if things continue to drag on, it will be exposed instead.

It’s better to persuade Levi Garrison to hand over the exercises earlier.

“What are you here for? Didn’t I tell you, come and beat once?”

Levi Garrison was upset when he saw Tang Juefeng.

“Master, please wait! Listen to me!”

“You just hand over the exercises? Isn’t it possible for everyone to solve it peacefully?”

Tang Juefeng said.

“It’s impossible to hand over the exercises!”

Levi Garrison was determined.

“No, Master, it’s not necessarily the most powerful exercise. You can just hand over one exercise at will. Hold them down first. Then we will find out

who the real murderer is!”

Tang Juefeng said.

“Get out, get out! Don’t force me to do it!”

“Master, think twice, how many people can you save and how much loss can you reduce with a little effort?”

Tang Juefeng was still persuading.

Levi Garrison directly slapped him out.

The others were scared and ran away.

“Something is wrong!”

“Tang Juefeng’s personality is not like this! How could I let me hand over the exercises?”

After the person left, Levi Garrison gradually realized that something was wrong.

not good!

It was Tang Juefeng who exposed my identity!

Levi Garrison reacted immediately.

Levi Garrison could probably guess it.

All this is the plan of the leader of the Avengers Black Dragon.

This guy's scheme is too deep.

It was easy to play Tang Juefeng with his ability.

This guy even analyzed that he has a powerful technique.

Something's wrong!

Since you know your identity, why stick to the exercises?

Instead of other things?

not good!

Levi Garrison's brows jumped.

His heart sank.

Now that the Avengers know their true identity, it is equivalent to grasping their own weakness.

There is no reason not to act.

What exercises these may be a guise!

Do not!

He wants to target himself!

Then the best way to start is...

Levi Garrison thought of a terrible possibility.

He was startled in a cold sweat...

Please do not!

Please do not!

Next second.

His cell phone rang.

Levi Garrison's body tightened, his eyes red.

He immediately connected.

There was a loud noise from the other side.

Immediately afterwards, Levilia's voice sounded—

“Dad...Dad, come and save Levilia... I want my father, I want my mother, oh oh oh...”

“Dududu...”

Levilia's cry for help came from the other end of the phone.

Soon, the calls were all blind.

“boom!!!”

Levi Garrison was struck by lightning and his brain was blank.

“Levilia!!!”

Levi Garrison roared.

Sure enough, they started on Levilia...

## CHAPTER 1538

He arranged a master by Levilia's side.

But what the Avengers want to target.

Unless you guard it yourself, it won't help.

For them, catching individuals is too easy.

It happened that Levi Garrison was entangled by Tang Juefeng and the negotiating team again.

It was too easy for them to take the king abducted.

Levi Garrison immediately contacted the master who was arranged by Levilia.

As a result, none of these people knew that Levilia had been taken away...

It can be seen how powerful the other party is.

Unconsciously, he took people away.

At the same time, Zoey also received a message that Levilia was arrested. ..

She almost fainted.

Zoey hurried back to Li's ancestral home and told everyone the message.

The first thing she thought of was the clan of Xishu, not Levi Garrison.

After all, Levi Garrison is now an ordinary person, single and weak.

Far inferior to the supernatural powers of the Western Shu family.

They are more capable.

"What? Levilia was arrested?"

The Li family was furious.

The old lady and others were very angry.

Although everyone doesn't catch a cold to Levi Garrison.

But I love Levilia very much.

Everyone was anxious when they heard Levilia was arrested.

"Under such protection, Levilia can be captured. It seems that the other party is very powerful!"

Almost the entire North Hampton, there are masters and eyeliners of the Xishu clan.

Levilia and Zoey also have masters arranged by the old lady.

Unconsciously.

Enough to shock the old lady and them.

“It’s not a coincidence! It just so happened that the eldest brother and them have returned to the Xishu clan in the past few days!”

“Now listen to my order, summon all the power to save Levilia!”

The old lady immediately arranged for someone to save Levilia.

In an instant, the entire Li family’s ancestral home was heated up.

Even the entire West Shu gate clique received the message and started to act.

“No, I’ll do it myself to save Levilia, so I don’t have to trouble others.”

At this time, a voice came.

It was Levi Garrison.

Since Heilong dominates everything, a Western Shu gate clan is absolutely useless.

On the contrary, it will startle and startle the snake.

Might as well go alone.

In the next moment, hundreds of people on the court looked at him with gazes.

“just you?”

Everyone looked at Levi Garrison in surprise and disdain.

“Levi Garrison, we know you have two sons, otherwise you won’t be the Kunlun God of War!”

“But now all the masters of the hidden world are coming out! Your time has long passed! No matter how good you are, can you still have the power

of Xishu?”

“You go away quickly, Levilia, let’s look for it!”

...

No one would believe that Levi Garrison is stronger than the Western Shu family.

What’s more, there are nine heavenly kings in the Western Shu family.

Even Zoey didn't believe it.

In her opinion, letting the old lady come forward is more confident than Levi Garrison.

Levi Garrison pursed his lips: "You are not his opponents! The entire Western Shu family does not add up!"

The language is not surprising and endless.

Levi Garrison said this.

It is equivalent to offending everyone present.

The entire Xishu clan will not work?

Who will do it?

Do you do it yourself?

"Levi Garrison, what are you talking about? You dare to despise the entire Xishu clan?"

No one agreed.

"Don't worry about it, they are here for me!"

Levi Garrison approached.

“It’s also directed at you? Let us leave it alone? You are so powerful, why did Levilia let others take it away?”

“I.....”

Facing the questioning, Levi Garrison was speechless.

It was his fault that Levilia was arrested.

He didn’t realize that being an ordinary person could still be involved in disputes.

“Levi Garrison, don’t say a few words, the matter of saving Levilia will be left to grandma and them!”

Zoey shouted.

## CHAPTER 1539

“While staying, don’t look at how many catties you are!”

“This time Levilia was arrested, it was definitely for the clan of Xishu.”

“And it must have something to do with King Shu, Levi Garrison, don’t let your face stick gold.”

In the end, Levi Garrison was kicked out of Lopez’s ancestral home.

Levi Garrison also took it seriously.

There are at most a few troublesome.

As for Levilia, he will save.

He will kill anyone who kidnap Levilia.

Don’t leave one!

“The Avengers, the biggest mistake you have made in your life is to catch my daughter of Levi Garrison!!!”

A monstrous hostility erupted from Levi Garrison.

The whole world is in silence.

In the surrounding area, the temperature dropped sharply.

Everyone couldn't help but shudder.

"Xiaoxi, activate the LEvi's Squad again! Help me find the location of Levilia! Use all your power!"

Although Levi Garrison surrendered the position of the king side by side.

But LEvi's Squad has always been in his hands.

After all, LEvi's Squad didn't even know Messiah.

Only that one knows.

After Levi Garrison left.

The Western Shumen Clan began to find people, move rescuers, and frantically search for Levilia's whereabouts.

At this time, King Shu came to the house of Li's ancestors.

"What happened?"

He asked.

...

I heard that Levilia was kidnapped.

“boom!”

His mind is about to explode.

It's the black dragon!

It's definitely a black dragon!

After the black dragon knew the master's identity, he had no reason not to act.

Now it seems that this is the real intention.

The negotiations are all fake.

Because he Levilia was arrested.

If Master knew...

Tang Juefeng was startled in a cold sweat when he thought of this.

“Shu Tianwang please save my daughter, right?”

After seeing Tang Juefeng, Zoey quickly came to ask for help.

“Yes, Juefeng relies on you. The person who kidnapped Levilia is a bit powerful!”

“Zoey, don’t worry, Juefeng will make a move, you must be troubled!”

...

Seeing Tang Juefeng come back.

Everyone is relieved.

Regardless of status or strength, Tang Juefeng is too strong.

“Okay, I’ll save Levilia!”

Tang Juefeng agreed.

He wants to save the monarch if he is in love with reason.

Only in this way can he make up for his major mistakes.

“Thank you! I kowtow to you!”

If it weren't for someone else's support, Zoey would kowtow.

The child was lost, and I was too anxious as a mother.

Tang Juefeng went to save Levilia, and Zoey was ecstatic.

This shot is much more stable than Levi Garrison.

Levilia is saved!

"Heilong, you fucking hurt me! You arrested Levilia!"

Tang Juefeng went to Black Dragon murderously.

the other side.

LEvi's Squad locked Levilia's position as quickly as possible.

There is no other reason.

The LEvi's Squad was not closed before, and it has been operating.

It's just that the North Heavenly King and the others didn't tell Levi Garrison.

"You have been closed? You have been active?"

When Levi Garrison knew, he was shocked.

But at this time, he didn't have time to struggle with this matter.

It's important to save you.

Located in a certain harbor base in South Hampton.

The Avengers high-level are all there.

Levilia lay in the middle.

The child has no strength to struggle to cry.

He just looked around blankly in despair.

"This time is the best opportunity for us to get rid of one word side by side! If we miss it, we will all die! Understand?"

Heilong pointed at several people.

"Understand, we are all ready!"

The others nodded.

“Don’t be nervous, kid, your father will come and die soon!”

“I will let you see the picture of father dying in front of you with your own eyes!”

Heilong laughed at Levilia.

## CHAPTER 1540

“Is there any news from Levi Garrison?”

Black Dragon asked.

“There is no such thing for the time being!”

Black Phoenix shook his head.

“But King Shu has taken action, he should come to you!”

Heilong smiled and said, “I just reacted now? It’s too late! But only Levi Garrison made me interested! He is not worthy!”

“Yes.”

“I want to see how long Levi Garrison can find someone? Be prepared! Wait for him!”

Black Dragon smiled.

In his plan.

Levi Garrison can find this place. ..

But at least it takes half a day.

This time is enough for him to deploy everything and kill Levi Garrison.

Now he was already deploying Tianluodi Net, just waiting for Levi Garrison to come.

Dozens of tons of explosives were buried around this base.

When the time comes, the black dragon will raze this place to the ground.

Including his subordinates will also die here.

Not only that.

He also prepared a lot of biological and chemical weapons.

Once it explodes, poison gas or other weapons will gush out frantically.

Never give Levi Garrison any chance of surviving...

After all, Heilong already knew that Levi Garrison had a powerful technique that would not kill him, but would only make him stronger.

For this reason, Heilong will make all arrangements seamlessly.

“Hurry up, make arrangements quickly! Levi Garrison is coming soon!”

Black Dragon urged.

Supervise the work personally.

But what he didn't expect was the existence of Levi's Squad.

From the very beginning of them, Levi's Squad had been watching them.

What they didn't expect was that Levi Garrison not only knew that he was here, but he had even been lurking here.

Right now, Levi Garrison was staring at him in secret...

"William II is still dragging Erudia, buying a lot of time for us."

Black Phoenix laughed.

Heilong nodded: "We will use his child to force Levi Garrison to hand over the exercises, and then kill him!"

"Who doesn't want to get this kind of power against the sky?"

Everyone nodded.

"Levi Garrison is really too strong, we can only kill him in this way!"

Black Phoenix sighed.

After knowing the identity of Levi Garrison, everyone understood.

It turned out that the Avengers had lost to Levi Garrison.

All their plans finally fell through because of Levi Garrison.

This person is too strong!

Powerful as a god, there is no way to use him.

Even the North Demon...

“Even a god has weaknesses, let alone a person!”

“Look at him now that he has weaknesses in our hands? For his children, he will definitely listen to us!”

Heilong said, subconsciously looking at Levilia.

“Huh? Where’s the kid? Where did you go?”

Suddenly, it was discovered that Levilia was no longer there.

Hear the words.

Others also looked over.

But where is the figure of Levilia?

“Where is the man? Where is the man?”

Everyone started to panic.

The guards also began to search around.

“What’s the matter? How can a person disappear out of thin air?”

The black dragon was startled in a cold sweat.

Others were even more frightened.

How could a child disappear under the noses of hundreds of people?

This unscientific!

“Find, find me quickly!”

Black Dragon shouted with anger.

Everyone looked for a circle, where is Levilia's figure.

She is gone.

"What's the matter? How could such a big living person disappear out of thin air?"

The black dragon roared.

In this atmosphere, everyone panicked.

"Of course people will not disappear out of thin air! She can only be saved!"

At this time, a voice suddenly sounded.

"Ok?"

"Who is speaking?"

The crowd searched around.

At this time, Levi Garrison walked out holding Levilia.

## CHAPTER 1541

“Avengers, right? We officially meet!”

“Today, you all have to die!”

Levi Garrison glanced at everyone present with cold eyes.

Everyone couldn't help but shudder.

“you you you.....”

Everyone was going crazy when they saw Levi Garrison.

How did he get in?

When did people get into his hands?

...

Many questions fill everyone's brains.

Make them puzzled.

The only explanation is that Levi Garrison is beyond the human category.

To ordinary people, he is God!

He is mysterious and powerful, everyone can't imagine.

The black dragon's Adam's apple slipped and swallowed.

He thought it would be seamless.

He threatened Levi Garrison to surrender the exercises through his children, and then killed him.

But only halfway through the ambush of the Sky and Earth Nets, Levi Garrison appeared...

This was completely beyond his expectation.

He didn't even think of it.

Levi Garrison couldn't kill, the exercises couldn't be obtained, and the child was saved.

"Prince William was killed by you too! You are really a conspiracy, everyone is being played around by you!"

Levi Garrison smiled.

The black dragon dared not speak anymore.

Everyone was in a cold sweat.

Hei Phoenix even had his legs trembling.

“Black Dragon, right? Let me see your true colors!”

Levi Garrison sneered.

“Retreat, everyone retreat, then blow up here!”

Black Dragon shouted.

“Want to retreat? No one can escape!”

Levi Garrison shouted.

“Boom!”

He held Levilia and appeared in front of the black dragon instantly.

“boom!”

“boom!”

...

In an instant, seven or eight black mask masters immediately stood in front of Levi Garrison.

They are all top masters in the Avengers.

But it was all shot flying by Levi Garrison in an instant.

“Stop him, everyone stops him!”

Heilong screamed while running.

“The protection leader retreats!!!”

The members of the Avengers are crazy.

Swear to stop Levi Garrison.

This made Levi Garrison stunned.

Are they so obedient?

To help the black dragon retreat is to die by himself.

I would rather die by myself than let the black dragon live.

It can be seen how strong these people's beliefs are.

It also shows the strength of the Avengers.

There is no one who can support two moves under Levi Garrison.

Too many people can't stand it.

In particular, there are many masters in the Avengers.

This gave the black dragon a lot of time to escape.

Black Phoenix led many people to stand in front of Levi Garrison.

Levi Garrison got rid of these people one by one.

Finally, Black Phoenix held a remote control and shouted at Levi Garrison: "Let's go to hell together!"

"Boom!"

After she pressed the button, the flames blazed up.

These dozens of tons of explosives detonated at the same time.

Raze this place to the ground in an instant.

The sea of flames turned into a sea of flames.

But at the last moment, Levi Garrison still held Levilia and escaped.

Looking at Levilia who was sleeping, Levi Garrison smiled.

“My child is fine!”

“But Black Dragon, you can’t escape!”

Levi Garrison’s eyes were full of killing intent.

At this moment, Tang Juefeng ran over.

“Master, are you okay?”

Tang Juefeng asked with a guilty conscience.

“Send Levilia back first! Lest Zoey and them are in a hurry, I’ll go chasing people!”

After Levi Garrison handed Levilia to Tang Juefeng, he immediately went after someone.

Tang Juefeng did not dare to neglect.

Holding Levilia, immediately returned to North Hampton.

In the ancestral home of the Lopez family.

Zoey and others are waiting.

As soon as I saw people coming.

Zoey knelt down in front of Tang Juefeng, "Thank you for saving my child!"

## CHAPTER 1542

Together with Emma and Aaron, they all knelt in front of King Shu to thank them.

Levilia is the heart and soul of these people.

Save it, how can everyone not get excited.

“Mom.....”

Levilia began to cry.

Zoey hurriedly hugged Levilia in his arms: “Mom is here, Levilia, don’t be afraid!”

“Kow your heads again! Thank you to the king of Shu!”

“Bang! Bang! Bang!”

Aaron and the others knocked the King of Shu a few more times.

“Juefeng thank you, if it weren’t for you, I wouldn’t know what to do!”

The old lady also expressed her heartfelt thanks. mi. c

“As expected to be one of the nine heavenly kings, he rescued people as soon as he shot!”

“It’s amazing! It’s only two hours before and after, right?”

“It is the pride of my clan in Xishu, and the pride of Erudia!”

...

The people of the Western Shu gate praised the king of Shu.

Where Tang Juefeng was standing, he was astonished.

What?

What do you guys boast about?

And the sisters, they kowtow to themselves?

I didn’t do it myself at all!

Sister Levilia was obviously rescued by the master...

There is no half a dime relationship with myself.

And Master must also know that he revealed it.

He is about to face Master’s accountability...

Looking at everyone, Tang Juefeng gritted his teeth and said: "Actually, it's not me..."

"Mom, where's Dad? Where's Dad?"

At this time, Levilia shouted.

After Levilia's reminder, everyone remembered Levi Garrison.

"Hmph, Levi Garrison really laughed at me, so he should save Levilia alone?"

"Levilia has been rescued, how about the others? You laughed at me!"

"It keeps saying that Xishu clan can't do it, he must rely on himself. In the end, isn't it relying on Xishu clan to save people?"

...

Since Levilia was carried by Tang Juefeng, everyone agreed that Tang Juefeng rescued Levilia.

As for Levi Garrison, it became a joke.

Zoey and Emma had ugly faces.

It doesn't matter if Levi Garrison can't save Levilia, the key is to speak out loudly by the clan of Xishu.

There was a big joke now.

“No, Dad saved me! Where is Dad? Where is Dad?”

At this time, Levilia suddenly shouted.

Shu Tianwang felt tight when he heard it.

“Is this kid scared? Why did your father save you? It was obviously the King of Shu who saved you!”

“Yes, when a child is frightened, he will think of his parents. They will subconsciously think that their parents saved her!”

“Zoey, quickly take Levilia to rest, and arrange for a few more doctors to see...”

No one would believe what a child said.

Especially everyone saw that Tang Juefeng came back holding her.

No one believes it.

“in fact.....”

What else did the King Shu want to say, the old lady immediately said: “Juefeng is a family, no need to say, do you still have things to do? Hurry

up!”

“My family thank you again! If it weren’t for you, we don’t know what to do?”

Aaron and the others bowed to the Shu Tianwang again.

Emma even bowed and said, “I also thank you on behalf of the father of the child! Let him come and thank you in person at that time!”

“I... I, I, I...”

King Shu was trembling, stammering, and was too scared to speak.

The father of the child thanked him face to face...

How dare he?

Shu Tianwang’s legs were going to weaken, and his face turned pale.

He still thinks about how to deal with the next thing that Levi Garrison will be held accountable.

It’s just that the clan in Xishu are bragging about him.

The more so, the more scared he is.

## CHAPTER 1543

On the other side, Levi Garrison pursued the black dragon at full speed.

The distance between the two sides is getting closer and closer.

Finally, the black dragon hid in a villa.

Levi Garrison also followed in: "Where do I see you running this time?"

"This is not where you should come, leave quickly!"

Along with the voice, four figures appeared in front of Levi Garrison's eyes.

They were wearing white robes, and their faces couldn't be seen at all.

"Hand over people and I'll leave!"

Levi Garrison stared at several people.

"Roll!"

The four shot directly. ..

"boom!"

Levi Garrison's complexion changed drastically as soon as he fought.

terror!

These four people actually possess the strength of the Northern Devil!

In particular, the four people cooperated with each other and complemented each other.

Together, it is terrifying.

He actually blocked Levi Garrison for a while.

"broken!!!"

Levi Garrison was also anxious.

Hastily resorted to a killer move to suppress the four.

Seeing this, the four quickly performed a combined attack.

Fight with Levi Garrison back and forth.

"Kill!"

Levi Garrison was angry.

A punch was blasted out.

The sky is shaking.

The four flew out.

Spit blood at the mouth.

“Boom boom boom...”

Suddenly the manor exploded.

The four disappeared.

When Levi Garrison caught up again, there was no one left.

The black dragon ran away long ago.

This time it was completely broken.

“There is even a master to keep the black dragon, it seems that he has a lot of tricks!”

Levi Garrison realized that he still underestimated the Black Dragon.

He even had such a master in his hole cards to protect him from retreating.

In the Avengers, the identity of the black dragon is the most mysterious.

Even now, the LEvi's Squad still hasn't found his identity.

"But you still can't live!"

Levi Garrison suddenly smiled mysteriously.

The other side.

The negotiating team is continuing negotiations with William II.

William II just received a message from the Black Dragon that Levi Garrison's techniques must be required.

William II increased the threat and demanded that Levi Garrison surrender the exercises.

The negotiating team was helpless.

Had to continue to let Messiah put pressure on Levi Garrison.

But Levi Garrison still ignored it.

At this time, the black dragon hurriedly fleeing out merged with William II.

“What should I do now? Erudia’s attitude seems to be getting tougher! But my son is dead, I can’t bear this tone!”

William II began to ask Black Dragon about the strategy.

“Let me think about what to do!”

Heilong also had no idea now.

The main reason is that all the tricks are used up.

Just then.

A heavy message suddenly appeared on the dark web-the truth about the death of Prince William.

There are photos, videos and audio recordings.

The video and photos show the whole process of the Avengers killing Prince William.

Later, there were recordings of private exchanges between Heilong and Shu Tianwang.

The black dragon confessed that he killed Prince William.

...

In short, the whole process of the matter is in front of the whole world.

These evidences were naturally excavated by Levi's Squad.

Levi Garrison asked them to close, but they didn't have it.

Instead, he protected Levi Garrison's surroundings.

It just happened to come in handy to think of this accident.

The message broke out, and the whole world was boiling.

It turned out that someone framed Erudia.

King Shu was about to cry with joy.

Otherwise, he has no reason to explain.

The negotiating team also cheered.

After knowing the truth, they still need to be angry with others.

Erudia was very excited.

The best way to solve this problem is to find out the truth.

At this time, both the Eagle Nation and William II also knew the truth.

On the cruise ship, everyone looked at the black dragon.

The black dragon who didn't know the situation looked at everyone blankly: "What's the matter?"

"You killed my son?"

## CHAPTER 1544

William II yelled frantically at the black dragon.

“Huh? What’s the matter?”

Heilong has realized something is wrong.

“Let’s see for yourself!”

“It turns out that you killed my son! Put the blame on Erudia! Play me and the entire Warhawk Nation between applause!”

William II was furious.

After seeing the message, the black dragon was completely dumbfounded.

Someone has witnessed everything...

He jumped into the Yellow River and couldn’t clean it.

“Go to hell! Pay your life for my son!”

William II pulled out a golden desert eagle. m.bg.

“Boom boom...”

He fired several shots in a row.

The black dragon was directly beaten into a sieve.

Many blood holes exploded in his body.

He fell softly.

The eyes are full of incredible.

Levi Garrison didn't even kill him.

He actually died in the hands of William II?

At this moment, it is estimated that his hole cards or his backstage supporters have not reacted.

He is dead!

As everyone knows, his death was expected by Levi Garrison.

Levi Garrison understood that as long as the truth became clear.

The Eagle Nation and William II will never let him go.

Wherever he goes, he is a dead end.

“Take off his mask and have a look!”

William II ordered.

“Patter!”

When the black dragon mask was taken off, everyone was shocked.

Everyone showed incredible looks.

“No way?”

William II also exclaimed.

Members of the Avengers, everyone is ruined.

His face was so ruined that even biological instruments could not get it out.

This is the rules of the Avengers.

All people must live under the mask.

The real face must never be discovered.

So the standard for entering the Avengers is to destroy your face first.

But Heilong's face is complete.

He is not disfigured.

There are no scars at all.

He even said that the black dragon looks fair and elegant, just like a scholar.

This is what William II did not think of.

It was also what Levi Garrison and the others hadn't thought of.

Otherwise, he can definitely find out his identity through the real appearance of the black dragon.

"I don't care who he is! Kill my son, don't think about it! Throw it to the kid and feed the sharks!"

"There are other Avengers members, don't let them go!"

...

Next, the war eagle nation began to punish the Avengers.

This left the remnants at a loss.

Death is everywhere.

The Avengers are really going to die.

The misunderstanding between Erudia and the Eagle Nation was also resolved.

William II could only leave.

Hearing the news that the black dragon was killed, Levi Garrison smiled.

He returned to North Hampton.

Came to the ancestral home of the Lopez family.

At the door, Tang Juefeng squatted with a complex and nervous expression on his face.

Seeing Levi Garrison coming back, he thumped and fell to the ground.

Levi Garrison ignored him and went directly to Li's ancestor house.

He quickly got up and followed.

in the room.

“father.....”

Levilia saw Levi Garrison and immediately jumped up.

“Don’t be afraid, Levilia, father is here!”

Levi Garrison hugged Levilia tightly.

“You also said you wouldn’t let the Xishu clan intervene! If it weren’t for them, could Levilia be rescued?”

“Yes, it’s all up to King Shu! If it weren’t for him, Levilia would still be in danger!”

Zoey looked at Levi Garrison complainingly.

Levi Garrison was taken aback.

Dare to love Tang Juefeng took him back to Levilia, everyone thought he had saved it.

At this time, Tang Juefeng and everyone came to the room.

As soon as she saw him, Emma immediately said: “Levi, hurry up to say thanks to the King of Shu! You should be kneeling and kowtow!”

## CHAPTER 1545

“Yeah, kowtow to thank you!”

“The king of Shu Tian worked so hard to rescue Levilia back for you. It is sincere if you don’t kowtow to thank you!”

“Hurry up, if it weren’t for King Shu, your kid would have no place to cry now!”

Aaron also urged.

Zoey also said seriously: “Levi, you quickly apologize to King Shu. From now on he will be our savior! We must repay!”

“Levilia, this is also a lesson my mother taught you! Repay your benefactor!”

Zoey turned around and talked to Leviliadao again.

“It’s obviously Dad...”

Just as Levilia was about to say something, he was interrupted by the old lady behind him.

“Quickly thank you! If it weren’t for Juefeng, Levilia would be gone!”

The old lady also urged. mi. c

“Did Levi Garrison see the reality clearly? The God of War is compared with the fundamental methods like the Heavenly King!”

“Aren’t you also going to save Levilia? How about? Did you save people? Look at King Shu, and he took the child back in less than two hours!”

...

Others, such as Songkui and his like, took this opportunity to mock Levi Garrison fiercely.

Because a Shutian King came out, it formed the most distinct gap with Levi Garrison.

The king of Shu Tian, who was the focus of the crowd, looked ugly to the extreme.

Everyone said something, his face turned black.

Gradually, the Shu Tianwang lowered his head, wishing to find a seam to get in.

He also didn’t expect this to be the case.

Everyone agreed that he saved Levilia.

In front of Levi Garrison, let him kowtow to thank himself...

He was terribly scared!

“It’s nothing, don’t thank you, this matter has nothing to do with me...”

Heavenly King Shu looked bitter, his calves trembling visibly.

“Jue Feng is too humble. He obviously saved Levilia, but he still pretends to have nothing to do with him! This humble quality makes Jue Feng go

further!”

The old lady admired.

“Jue Feng’s character is unspeakable! His brother was dying because of Levi Garrison, so he helped him find the child!”

“The main reason is that Juefeng is too powerful, and thinks that saving people is not worth mentioning, so I think it has nothing to do with him.”

...

Everyone misunderstood the meaning of King Shu.

King Shu wanted to vomit blood.

you guys! ! !

Did I fucking mean that?

I didn't save people at all.

Please stop talking!

How do you keep going!

My master will abolish me...

The King of Shu was full of pain.

"You must thank you! How can you not thank you!"

"Levi Garrison, what are you doing in a daze? Kneel down!"

"Yes, we want to see you face to face and kowtow to King Shu Tian to thank you!"

...

Everyone was urging Levi Garrison to apologize at this moment.

Seeing everyone urging, King Shu was short of breath, almost suffocating.

Looking at Levi Garrison's back, he was sweating, his calves trembled, and his mouth turned pale.

Please shut up!

I don't need to thank you!

King Shu is about to cry.

"Levi, you quickly thank you! People saved Levilia!"

Zoey urged.

Levi Garrison sneered suddenly: "I dare to say thank you, does he dare to listen?"

The king of Shu behind was frightened and his body trembled.

He dare not!

He didn't dare to give him ten courage!

"boom!"

But Levi Garrison's words angered others.

"What do you mean, Levi Garrison? What does it mean that you dare to thank him or not listen?"

"You ungrateful thing! Shouldn't you be thankful for saving your daughter?"

“Levi, this is the most basic question of politeness! You have to thank him for saving Levilia!”

## CHAPTER 1546

Zoey and Emma also looked at Levi Garrison in disappointment.

In their principle, Levi Garrison would like to thank him anyway.

This is the minimum.

“You must thank you! Come, Levi Garrison, immediately knelt down and kowtow to Jue Feng!”

The old lady stared at Levi Garrison majestically.

“Kneel down, kowtow, thank you!”

Everyone else shouted.

“I, I, I...”

The King of Shu is incoherent.

This is to force him to death.

“Okay! Then I thank you!”..

Levi Garrison turned around slowly.

His eyes fell on King Shu Tian.

Suddenly, King Shu was so frightened that his body trembled, and he almost fell to the ground.

“Way...thank you, we can just go outside! Don’t disturb the children to rest!”

Shu Tianwang’s brain is running fast, and he immediately said.

“No, we have to watch Levi Garrison kneel in front of you and thank you!”

Songkui and others naturally refused.

Suddenly, King Shu Tian became angry: “What? Do I speak hard now? I need to listen to you?”

King Shu scared everyone with a word.

“Don’t dare! We don’t dare! You are free!”

The others hid one after another, not daring to speak out.

Including the old lady.

After all, this is the nine heavenly kings.

“Then go outside!”

Levi Garrison grumbled and left the room first.

King Shu immediately followed.

“What do you think the king is doing? Why do I think something is wrong?”

Zhang Wentao said suspiciously.

The old lady’s fierce eyes immediately looked over: “Laughter, Juefeng’s idea is also what you are qualified to figure out?”

Everyone closed their mouths and dared not speak.

After coming to a remote place outside.

Levi Garrison looked gloomy, staring at King Shu with a pair of eyes: “What’s the matter? Explain it!”

“Master, I am sorry for you... everything is my fault... it’s me...”

“Puff!”

The King of Shu knelt down in front of Levi Garrison with a thud.

He explained the ins and outs of the whole thing to Levi Garrison.

Levi Garrison listened quietly.

In fact, he can forgive.

But Tang Juefeng was sitting too high.

This position does not allow him to make mistakes.

One mistake may bring the whole country into a dead end.

The abilities of the nine apprentices are there.

It's still lacking in handling things.

Embarrassed.

This is something that Levi Garrison hadn't thought about before.

"Master, and sister Levilia is something you rescued, I will go and tell everyone immediately!"

Tang Juefeng asked.

"No, it doesn't matter who saved it. Levilia's safety is the most important thing, let alone I want to be an ordinary person. I don't want to cause so

much trouble!"

Levi Garrison approached.

“Master, I am sorry, I kowtow to you!”

“Boom boom...”

Tang Juefeng knocked his head at once.

At this moment, several people not far away were watching this scene.

But they are a little farther apart.

Plus the sky is already dark.

So everyone can only see two shadows.

One shadow was kneeling on the ground, where the other shadow was standing.

What the two have been talking about, I can't hear clearly.

I only heard the sound of kowtow on the ground.

But this scene fell in their eyes, and the content was different—

The kneeling shadow is Levi Garrison, and the standing shadow is Tang Juefeng.

Levi Garrison was kneeling on the ground and kowtow to Tang Juefeng.

After watching this scene, Songkui quickly ran to the old lady.

“How is it? Did Levi Garrison kowtow to thank you?”

The old lady asked.

“Levi Garrison is kowtow to thank you, we saw it with our own eyes!”

## CHAPTER 1547

Hearing what Songkui said, everyone nodded.

“It seems that Levi Garrison still makes sense.”

“Knock our heads to thank us and rest assured!”

Everyone laughed.

Zoey didn't think it was wrong either.

Although kneeling to others, it was difficult for Levi Garrison.

Damage to backbone and dignity.

But for the sake of Levilia, what should be endured still has to be endured.

Kowtowing thank you or something.

“Don't worry, the reality will gradually smooth out Levi Garrison's edges and corners in the future!”

The old lady laughed. m.bg.

Zoey and Emma looked at each other.

Feeling infinite.

The changes in these two or three years are really great.

Before, Levi Garrison was the god of war in Kunlun, invincible in the world.

The Ye Clan in Jingcheng was still the first family, and no one moved.

But now that the great hidden powers come out, the master will be gone everywhere.

One word side by side king and nine heavenly kings all emerged.

Levi Garrison had no sense of existence anymore.

The times are changing too fast.

But what they don't know is that the person leading this era is Levi Garrison!

He has always been at the forefront of the times.

After Prince William's matter was settled.

Messiah began to investigate who recorded the hands-on evidence of the Avengers.

Finally, the king of Shu admitted everything.

Said that he himself was prepared.

Everything is his strategy.

Of course, he didn't say that Black Dragon traded with him.

When the Levi's Squad released the evidence before, it also deleted this paragraph.

In order to prevent Levi Garrison's identity from letting more people know.

Messiah commended the King of Shu.

Not to mention the resolution of this crisis, he also uncovered the Avengers, leading to the destruction of the Avengers.

Erudia rewarded King Shu with a Yanlong Medal.

This is the supreme reward!

For a time, King Shu became the hottest among the nine heavenly kings.

Become a being respected by all...

King Shu accepted all this and was ashamed of it.

But it was Levi Garrison's order.

He had to admit everything and accept everything.

Before, Levi Garrison had cultivated nine heavenly kings, and everyone who knew the inside story was skeptical.

Whether the nine heavenly kings can bear the heavy responsibilities.

Especially the class that takes the word side by side with the king.

Now it seems that this worry is unnecessary.

They are totally possible!

It can even replace Levi Garrison's.

This made Messiah a long sigh of relief.

Now even if the enemy knows that the king retreats side by side, he is not afraid anymore.

"The word side by side king can still be replaced!"

"By the way, what's the matter with his practice? Have you found it?"

Messiah was already investigating Levi Garrison's exercises.

“I found it, and the fundamental analysis concluded that the practice of the word side by side king cannot be broken or established. The specifics

are...”

“So amazing?”

After listening, everyone was amazed.

“No wonder, he will get stronger and stronger, even the Northern Devil is not his opponent!”

“But fortunately, he has cultivated nine heavenly kings for Erudia!”

Wang Qian suddenly said: “Have you ever thought about creating more one-word side-by-side kings for Erudia?”

“What do you mean? Oh oh oh, I see!”

Everyone nodded.

Wang Qian’s meaning is very simple-

Use this magical technique to cultivate more existences with Levi Garrison’s combat power.

“Good idea! It’s amazing! It’s amazing!”

“Don’t say much! Just three Levi Garrison’s existence is enough!”

“At that time, the whole world was absolutely shocked! Who would dare to invade me Erudia Banfen?”

“I seem to have seen my Erudia invincible scene!”

...

After hearing this idea, everyone was amazed.

They started to think of Levi Garrison’s exercises.

## CHAPTER 1549

Messiah panicked.

After all, Levi Garrison is too hot now.

Everyone wants to solicit.

Everyone will be moved by the favorable conditions.

Wang Qian said immediately: “If this matter had been in the past, it would never have happened. The former Levi Garrison really did his best for Erudia

and died.”

“But it’s different now! After the accident last time, he was probably chilling, and he would even hate us!”

“Especially he is an ordinary person! He must be more eager for rights and money! Under the sugar-coated shells, it is difficult to hold on!”

...

After listening to Wang Qian’s analysis, everyone felt wrong.

In case Levi Garrison can’t help the temptation to join other countries or forces.

That will change the pattern of the world. ..

Especially for Erudia, it was a heavy blow.

First, Levi Garrison is too strong. For now, no one can control him.

Second, Levi Garrison knew Erudia too well and was in control of everything.

If he went to the opposite.

Erudia will have no counterattack.

Although Levi Garrison would never betray Erudia.

But in the consideration of others, there is no such hidden danger.

“Horrible! Terrible!”

Thinking of this possibility, everyone came out in a cold sweat.

“I firmly believe in Levi Garrison’s character! He will definitely stand the temptation!”

“me too!”

...

Most people in the field expressed their views.

They all expressed Levi Garrison.

“I know what you think, and I believe him! But this kind of hidden danger exists!”

“Once a hidden danger exists, it will be a threat to Erudia someday!”

“For example, is the other party threatening the family of Levi Garrison’s wife and daughter? This is not something that cannot be kept! At that time, it will

be too late to regret!”

Any Fan’s remarks are still valid.

In any case, hidden dangers absolutely exist.

“We can’t act emotionally, we must consider the overall situation! We must remove all hidden dangers! Avoid any danger!”

“This agrees! Everyone discuss what to do?”

...

After everyone discussed it.

The first one began to speak: “First, from the death of Prince William, the abilities of the nine heavenly kings are basically detected. They can replace

the king of the word side by side!”

“Second, Levi Garrison’s technique has been confirmed! As long as we get this technique, we can at least cultivate three Levi Garrison!”

...

“Finally, to sum up, Erudia can give up Levi Garrison completely now!”

...

“agree!”

“We agree too!”

...

After combining the facts, everyone found that Levi Garrison could really be abandoned.

There are nine heavenly kings and exercises to make up for.

Even better than Levi Garrison alone.

This situation is better.

“What about Levi Garrison? What if he is recruited by another country?”

Someone asked Levi Garrison’s solution.

“Levi Garrison is too strong! If one day he is not satisfied with the status quo, it may be a disaster!”

“In order to avoid this kind of disaster, only Levi Garrison can avoid it as an ordinary person.”

“How to say?”

Others looked at it.

“Ordinary people don’t know martial arts!”

“First, let’s let Levi Garrison hand over the exercises.”

“Second, we let Levi Garrison abolish martial arts by himself! Never use it forever!”

“Only in this way will Levi Garrison become a real ordinary person! The hidden danger to Erudia will also be solved!”

“Maybe it’s cruel to Levi Garrison! But for the sake of Erudia’s future, I can only do this!”

“I think Levi Garrison will also understand. Doesn’t he want to be an ordinary person? We fulfill him!”

## CHAPTER 1550

These days, the Eagle Nation and others came to the door.

This is definitely not a good thing.

There will definitely be people who think they can’t stand the temptation.

It is extremely easy to defect from Erudia.

This is where the hidden danger lies.

Levi Garrison expected Messiah's arrival.

The matter of exercises is no longer a secret, he will be followed by many people.

Including Messiah.

I didn't know before.

Now that I know it, something must be done.

After all, he is an ordinary person now. m.bg.

They have to find someone to replace themselves.

Especially seeing King Shu solve this matter.

Seeing that the nine heavenly kings can replace themselves.

With the addition of exercises, he is completely unnecessary.

Levi Garrison smiled.

It's a pity that you don't know, I handled this matter.

"Since you have decided to be an ordinary person, be more thorough! Otherwise, you won't be able to get out of this circle!"

Wang Qian persuaded.

Any fan next to it added: "Yes, only if you truly become an ordinary person will your life become ordinary! Those troubles will also disappear!"

Levi Garrison smiled: "So you want me to hand over the exercises?"

"Well, it's wrong, the exercise must be handed over!"

"Besides, let's abandon martial arts!"

As soon as this sentence came out, Levi Garrison was stunned.

Do you want to abolish martial arts yourself?

"Hahaha..."

Soon Levi Garrison laughed loudly.

Really thorough!

No wonder you have to be a real ordinary person by yourself!

Ordinary people do not know martial arts!

“You also understand that now all countries are soliciting you, in case you can’t help being tempted, or your family members are threatened! This is a

disaster for Erudia!”

“The only way is to completely change back to an ordinary person. If you have no value, no one will harass you!”

“I hope you understand, we have to avoid any risk. It can be regarded as your last contribution to Erudia!”

...

Everyone looked at Levi Garrison expectantly.

Levi Garrison looked at the people and laughed sadly.

“Is that what you all mean?”

Levi Garrison asked.

“This is the handprint and signature of everyone!!!”

Wang Qian handed over a list.

Levi Garrison glanced.

Basically, all members of Messiah signed and pressed their fingerprints on it.

Not fake!

This is in line with Messiah's style.

The meaning of their existence is to eliminate all hidden dangers that are dangerous to Erudia.

I just didn't think I had become a hidden danger.

"Since you are all like this, do I have any reason not to agree?"

"I will hand in the exercises, and I will use the martial arts!"

Levi Garrison agreed.

"call!"

Everyone breathed a sigh of relief.

Finally, Levi Garrison surrendered this technique.

This technique was obtained by Levi Garrison from the prison.

The page is yellow and the paper is badly damaged.

Everyone checked for a long time and determined that this was true.

“Self-use martial arts!”

Levi Garrison’s voice just fell.

There was a popping sound from his body.

“puff!”

The corner of his mouth slowly overflowed with blood.

Levi Garrison smiled: “Are you satisfied now?”

After Wang Qian, Any Fan and others looked at each other, they winked.

There was someone nearby immediately.

“I’m sorry!”

Several masters tapped on Levi Garrison's major acupuncture points continuously.

All his meridians were sealed and destroyed...

This means that Levi Garrison can no longer practice martial arts in this life.

Can only be an ordinary person honestly.

It's even a waste.

"puff!"

Levi Garrison was vomiting blood, he wiped it off with his hand, and smiled: "I remember this day!"

## CHAPTER 1551

“Congratulations on being an ordinary person, no one will harass you anymore!”

Wang Qianji were very excited to get the exercises.

Especially if Levi Garrison’s meridians are now sealed, there will be no threat.

Levi Garrison smiled miserably: “For Erudia, I really took out everything! I have a clear conscience!”

“I am also happy to see Erudia get better! I hope you will let Erudia take off again!”

Levi Garrison called the only person besides him who knew where the LEvi’s Squad was.

He also handed over the LEvi’s Squad.

Now that it becomes an ordinary person, it’s more thorough.

From now on, Levi Garrison has nothing.

“Levi you...what’s wrong with you?”

After Zoey came back, they were shocked to see Levi Garrison’s appearance. mi. c

Levi Garrison smiled and said, “There is nothing wrong, but I will become an ordinary person in the future!”

“Wouldn’t it be better! I hope our family is ordinary!”

Zoey hugged Levi Garrison.

“Furthermore, we are backed by the Xishu clan, they will protect us, and we will be bullied!”

“You know about Levilia being rescued by King Shu Tian.”

Levi Garrison just smiled.

Now he really let go of everything.

After Messiah got the exercises, he immediately invested in the plan.

First, recruit a hundred geniuses from Quan Erudia and cultivate them as seedlings.

Mainly practice this technique of Levi Garrison.

The so-called not breaking or standing.

These hundred geniuses, the first thing to do is to abolish themselves...

The Eagle Nation and others were shocked when they learned that Levi Garrison had abolished Kung Fu and handed over the exercises.

But from now on, Levi Garrison will no longer be their target.

After all, it does not pose any threat.

“It’s time to meet that person!”

After Levi Garrison recovered from his injuries, he went to North Hampton Prison.

Here, he entered the darkest moment of his life.

It is also here to regain a new life.

He wants to thank Master.

Although they don’t admit it.

After coming to prison.

Levi Garrison knelt before the old man and knocked his head three times.

“Master, I’m sorry, without your permission, I handed over the exercises!”

Levi Garrison knocked his head again.

The old man made an old voice: “I said that I am not your master. You found the exercises. It has nothing to do with me!”

Levi Garrison didn't understand.

Why is it that the old man is so reluctant to admit his relationship with him?

However, the old man's attitude also made himself clear.

Messiah checked this prison.

The final conclusion is that the exercises Levi Garrison found here have nothing to do with other people.

"No matter what, you are my mentor!"

Levi Garrison continued to kowtow.

"whatever!"

The old man snorted coldly.

For Levi Garrison, the old man was full of mystery.

He can leave the prison tomorrow morning, so why should he stay here?

But Levi Garrison didn't dare to ask.

“Is there anything else? I don’t have anything to leave now!”

The old man is very impatient.

“Master, from this moment on, I will return to the past and be an ordinary person! I am going to take you out and give you retirement!”

Levi Garrison said seriously.

He was in a high position before, so he didn’t dare to have such an idea.

But now he has completely changed back to an ordinary person.

He still hopes to take the old man back.

“Are you an ordinary person? Impossible!”

Suddenly the old man said.

“Ok?”

Levi Garrison was taken aback.

“You can’t bet an ordinary person in this life, you will have a bloody disaster next!”

The old man said.

“puff!”

Levi Garrison’s body trembled.

Are you in a bloody disaster?

## CHAPTER 1552

Levi Garrison immediately reacted to what he thought of.

I am indeed in danger...

Many enemies.

But he has become a useless person.

The meridians are all sealed or destroyed.

Even the techniques that do not break or build will not work.

Because the meridians of your martial arts have been destroyed.

This is no longer a question of unbreakable.

It's because the meridians of your martial arts are missing.

I can't practice martial arts at all...

Messiah took this into consideration, so after Levi Garrison abolished his martial arts, he sent a master to block his meridians. mi. c

Make sure that Levi Garrison will not be able to cultivate martial arts in this life.

There is no revenge or threat.

After all, Messiah knew this technique that could not be broken or established.

The purpose is to prevent Levi Garrison from using this technique.

“Then am I dead?”

Levi Garrison asked himself.

He is an ordinary person now.

If you come to a master at random, he will die.

What’s more, everyone knows that he is an ordinary person.

It doesn’t matter if he died.

He is not afraid.

But he died, what about the child’s mother and wife?

He can’t die!

He wants to live!

What could be done?

His martial art has been completely destroyed.

He has never heard of anyone whose martial veins are destroyed and can still practice martial arts.

This is impossible!

Despair, deep despair came to my heart.

“Ok.”

The old man nodded.

“but.....”

The old man suddenly smiled.

“but what?”

Levi Garrison looked surprised.

“Reshape the meridians for you!!!”

As soon as the old man's voice fell, Levi Garrison didn't even react.

"Uh!!!"

Immediately, Levi Garrison let out a hysterical scream.

Levi Garrison swears.

I have never had this pain in my life!

It hurts to his death!

He has been in and out of the battlefield countless times, suffered countless injuries, and countless times on the verge of death.

But once, it was as painful as it is now.

unbearable!

Rao is Levi Garrison's tough consciousness, almost unable to hold on.

Levi Garrison's screams lasted for three full hours.

But the strange thing is that no one else in the prison hears the same.

Levi Garrison, who came out of the prison, raised the corners of his mouth.

The whole temperament is completely different.

Not to mention the old man reshaping the meridians for him, but also let him see more powerful ones.

But the old man still said that-I am not your master, don't bark.

"I haven't seen you today! I haven't done anything!"

Finally, the old man also reminded.

...

Levi Garrison didn't understand why the old man always did this?

But in his mind the old man is the master!

In his two darkest moments, let him be reborn.

Kindness is like the sea.

He won't pay it all his life! ! !

On the way back, Levi Garrison smiled.

“All of you can’t think of it? My Levi Garrison’s strength is restored again! And I’m stronger than before!”

Not to mention other people, even Levi Garrison himself didn’t expect it.

He still has this opportunity.

Fortunately, he would have such an opportunity to repay his kindness with the thought of being like a sea of Shien.

God will always favor good people!

North Hampton Prison is located on the outskirts, far from the city.

Levi Garrison was halfway through.

Six black shadows appeared without warning.

Sure enough, it was a disaster of blood and light.

Coming so fast!

Levi Garrison smiled.

“You don’t seem surprised to see us?”

The six were surprised.

“The one behind the black dragon, right?”

Levi Garrison smiled.

He had guessed that the person who wanted to kill himself must be the person behind the black dragon.

Because the last time those people covered the black dragon’s escape, they buried a hidden danger.

The murderer of Heilong’s death was actually Levi Garrison.

## CHAPTER 1553

At least the people behind the black dragon think so!

So they have come to take revenge!

“Since you know everything, then die!”

A few people didn’t talk nonsense at all, and directly used killer moves.

They all knew about Levi Garrison being abolished by Messiah.

Ordinary people without the power to bind chickens.

“laugh!”

The one headed slashed to Levi Garrison fiercely.

“clang!”

“??!”

Levi Garrison flicked his finger. ..

The blade was broken in half.

“you you you you.....”

Several people were so shocked that they could not speak.

Everyone thought that Levi Garrison’s martial arts had not been abolished.

“His martial arts is still there, intelligence error!!! Withdraw!!!”

Several people are fleeing like crazy.

“Puff!”

“Puff!”

...

But Levi Garrison didn’t give them a chance to escape at all.

A few blood arrows shot sharply.

All six are dead!

Levi Garrison doesn’t care who they are!

Now he has quit.

He only follows one principle-don't mess with him!

After dealing with the six people, Levi Garrison returned home.

Zoey looked at him curiously: "You seem to be different?"

"The life of ordinary people is so much fun!"

Levi Garrison smiled.

Zoey didn't think too much.

The rest of life gradually calmed down.

Levi Garrison finally enjoyed the silence.

At this moment, Messiah's plan is also advancing rapidly.

The plan is named "Qianlong".

In this regard, Messiah is very confident.

At least five king-level existences must be cultivated side by side.

One hundred genius seedlings first abolished their martial arts, and even their bodies were crippled.

Reach the “break” standard.

Then come to practice Levi Garrison’s technique.

I don’t know what’s going on.

Hundreds of genius seedlings practiced the exercises for a month, but they didn’t even have any effect...

This was what Messiah had thought of.

They all follow the steps, how can it be effective?

These 100 seedlings are all selected by thousands of people.

And there are special instructors to guide.

Basically it will not go wrong.

It can only be exercises.

“Could it be that Levi Garrison didn’t hand over the real cultivation technique?”

“Take another time to experiment!”

...

Messiah spent another two months, a total of three months, to inspect.

As a result, there was no effect at all, but the hundreds of seedlings were abandoned, and they could no longer practice martial arts for life.

Because it took too long for self-defeating...

“It’s definitely a question of exercises!!!”

“Levi Garrison has not surrendered the real technique!”

...

Someone came to this conclusion.

Everyone agrees that it is a question of exercises.

“We were all deceived by Levi Garrison, he hasn’t surrendered the real technique!”

“It’s probably to fool us with the incomplete article! I said he couldn’t hand it over easily!”

The crowd was indignant.

After all, the “Qianlong” project failed.

How much money, material and manpower was spent in three months.

It’s all in vain!

Everyone’s efforts were in vain.

There are a hundred genius seedlings just like this.

The initiator of all this is Levi Garrison!

“Go, go to Levi Garrison and ask for clarity!”

...

In North Hampton Villa.

Looking at the aggressive group of people, Levi Garrison asked coldly: “What are you doing here? Hurry up, I’m just an ordinary person!”

“Well, you Levi Garrison, you really have a good hand!”

“what’s happenin?”

“You have never surrendered the real cultivation technique! Your cultivation technique is useless at all! As a result, we have lost a hundred genius

seedlings in vain!”

CHAPTER 1554

“Levi Garrison, why did you do this? Are you so narrow-minded?”

“Do you know how much we lost in these three months? This is a painful blow to Erudia!”

“It’s all on you!!!”

Facing everyone’s accusations, Levi Garrison was stunned.

Gongfa problem?

I surrendered the exercises by myself!

What does it have to do with him?

“What I handed over is the exercise method you want. This exercise method was originally incomplete, and I have made it up. What I have handed

over to you is the supplementary exercise method!”

Levi Garrison said seriously.

“Did you make up for the incomplete exercise? Obviously you did it yourself, right?”

“You must have done something, and then all of our hundreds of seedlings have been abolished!”  
mi. c

“You have to give an explanation about Levi Garrison!”

...

Levi Garrison frowned, and a terrible chill broke out on his body.

“I’ll say it again one last time-there is no problem with the exercises I gave you!”

Levi Garrison approached.

“Impossible! There is no problem with the technique, why can no one succeed?”

“You must give an explanation about this!”

...

No one can think of other reasons.

“roll!!!”

The spring thunder burst into Levi Garrison’s mouth, and a terrifying aura broke out on his body.

All the people present were suppressed.

Everyone seemed to see the one-word king back in the past.

Afraid!

fear!

No one dared to look at him at each other!

its not right.

Levi Garrison is now an ordinary person!

What are you afraid of?

“Levi Garrison, we won’t be oblivious anymore. I hope you will hand over the real cultivation technique! Otherwise, this matter will not stop!”

Several people said.

“If you don’t leave again, I will smoke you, believe it or not?”

Levi Garrison said angrily.

“I do not believe!”

Now that Levi Garrison is an ordinary person, everyone will naturally not be afraid of him.

“Death yourself!”

When Levi Garrison was about to lick someone with his big mouth, King Shu appeared.

“What are you going to do?”

“Don’t bully my master while he is an ordinary person! With me and the brothers, who dares?”

Shu Tianwang is in a desperate posture.

Hearing this, the others showed a look of jealousy one after another.

There are nine heavenly kings, so no one dares to move Levi Garrison!

“No, King Shu has other things...”

After listening to the exercises, King Shu Tian sneered; “Everyone understands how Master has treated Erudia these years? How could he do things

that would harm Erudia?”

“Furthermore, he is now an ordinary person, what is the use of keeping the exercises?”

“There is no effect, I can only say that this kind of exercise is not suitable for everyone!”

...

After Shu Tianwang reminded, everyone also reflected.

correct!

Think about it, Levi Garrison has been this one for so many years.

After thinking about it, Levi Garrison was willing to abolish martial arts by himself.

What does he still keep the exercises for?

“We misunderstood! It seems that we made a mistake in that step!”

“Go, go quickly!”

Everyone knew what was wrong and left immediately.

“Don’t harass my master next time!”

Shu Tianwang cursed.

Levi Garrison shook his head helplessly: “You saved them!”

Levi Garrison was going to smoke these people's mouths.

King Shu appeared to rescue them.

“Master, don't worry, you will be a teacher for one day and a father for life. I, Tang Juefeng, will do my best to protect you from any harm to you and

your family!”

“I think the other brothers think the same way! You are an ordinary person, but your apprentices are not!”

King Shu said earnestly.

“I don't need protection from others!”

Levi Garrison sneered coldly.

## CHAPTER 1555

Now his strength is much higher than before.

This time the teacher let him see the world!

Experienced to be powerful!

Let me put it this way!

It seems that it is not a world!

The ghost knows how strong Levi Garrison will be now?

How can others be protected?

“And you, don’t hang around in front of me from now on! It’s really annoying!”

Levi Garrison forcibly drove the Shu Tianwang away.

Heavenly King Shu stood outside, staring for a moment and then sighed: “Hey, Master’s temperament is still as aggressive and domineering as ever!

Even if he becomes an ordinary person, it is like this!”

“But you are an ordinary person after all. If you encounter enemies or danger, then you will know it will be too late!” ..

“That’s it, that’s all! I’ll take care of Master’s life worry-free!”

The King of Shu specially arranged several masters to guard Levi Garrison’s side.

This is of course also the meaning of the other eight heavenly kings.

They all wanted to protect Levi Garrison.

“You must hide yourself, and don’t let Master find you!”

“King of heaven, don’t worry! He is just an ordinary person and won’t find us!”

After a few people spoke, they scattered around the villa.

At the same time, Levi Garrison glanced in several directions.

As soon as these people appeared, he knew.

King Shu said something wrong.

Levi Garrison was really targeted by his enemies.

Fengtian City is located in the northeast of Erudia.

Covered with heavy snow, it is icy and snowy.

Several people are exercising in a park.

Taijiquan is slow, but it contains charm.

Twenty degrees below zero, but a few people were wearing thin gowns.

At this time, a man in a jacket came to the people.

“The big thing is not good, the six people who sent out to kill Levi Garrison disappeared!”

The man said.

“Ok?”

Several people stopped their actions and watched them all.

“How is it possible? Messiah destroyed Levi Garrison’s martial arts line. He is definitely an ordinary person! How could the six of them disappear?”

One of the old men in the black gown looked disbelief.

“That’s probably someone secretly protecting Levi Garrison!”

“It seems that Levi Garrison is so easy to kill!”

Several others are humane.

The old man in the black gown roared: “I don’t care who is protecting him! I have to avenge my son!”

“Even if Yanlong Guard is protecting Levi Garrison, I have to kill! Yanlong Guard blocks, kill them all!”

If other people heard this, they would be so scared that their eyes would fly out.

What’s the identity of this old man?

Messiah must get rid of?

Have to kill all?

Is this bragging too loud?

But everyone else present was calm.

It seems that there is no doubt that the old man has done this.

“My three sons, the eldest son and my son have amazing martial arts talents.

But only the three sons were born to be unable to practice martial arts. But he has a unique mind and a sense of tenacity! “

“He vowed not to rely on me since he was a child, but to rely on his own efforts to build a bright future!”

“He did create the Avengers that gave Erudia a headache. He is ambitious and has bigger plans behind it!

But what this kid didn't think was that I've been helping secretly! Otherwise, why would War Eagle Nation, East Island, and Star Nation let him be at

his mercy? Otherwise, how could the Avengers grow to such a point? “

“I have been wondering how far this child will grow up?”

Suddenly the old man in the black gown had a grim look and roared, “But Levi Garrison designed to kill him!”

“Levi Garrison, if you kill my child, then I will kill your child too!!! Let you taste the loss of your loved ones!”

## CHAPTER 1556

At the moment, the old man in the black gown is in madness.

It's totally different from the way you did Tai Chi just now.

It turns out that he is the father of Black Dragon.

The Black Dragon formed the Avengers and planned various events, and he had a helping hand behind him.

It's just that the black dragon doesn't know it.

Heilong is not actually a sinner, he just pretends to be a sinner and organizes all sinners.

This is why there is no damage to the face under the mask.

"Everyone who kills my son must die! Especially Levi Garrison must die!"

"I want him to watch his child die first! Then let him die in pain!"

Said the old man in a black gown.

"Are you sure to make such a big deal? Once things get big, we may be exposed!" m.bg.

"According to the rules, we can't join the WTO!"

“Yes, once we join the WTO! The world will be completely chaotic!”

Several others persuaded.

“I don’t care! To kill my son, I must pay for my life! I am in a hurry, I will kill Messiah!”

Said the old man in a black gown.

“Understand, leave it to me!”

A bloodthirsty killing intent flashed in the eyes of the jacket man.

...

A few days have passed since the death of Prince William, and another big deal has happened.

Prince William’s father, William II, died...

Died under his own desert eagle.

That is the gun that killed the black dragon.

It is not known whether it was suicide or homicide, and it is still under investigation.

After this happened, the whole world was a sensation.

No less than when Prince William died.

For the first time, everyone thought of Erudia starting.

But William II died in his room.

The Eagle Nation was furious.

Threatened to find out the murderer...

When Erudia heard this message, she didn't pay much attention.

As long as it doesn't target Erudia.

After all, no one knows the truth.

Only Levi Garrison's face changed after hearing this message.

The people behind the black dragon are taking revenge.

Sure enough, it is not ordinary.

Even William II could be killed easily.

The absolute background is great.

More than all that Levi Garrison had encountered before.

But he was not shocked much.

After all, I just learned about the world from the "Master".

He didn't think it was terrifying to the powerful forces behind the black dragon.

William II is dead.

So the next step is yourself.

In particular, I failed to kill myself once.

They must send super powerful masters to kill themselves.

But he is not afraid.

Kill as many as you come.

Thank you "mentor" again.

He really can't be an ordinary person.

If it is really an ordinary person, I don't know how many deaths.

In the afternoon, Levi Garrison went to pick him up from school.

Several masters secretly arranged by King Shu closely followed.

On the way back, there were few people everywhere.

Suddenly, two people appeared out of thin air and blocked Levi Garrison's way.

Regarding this, Levi Garrison was shocked.

Sure enough, it is not ordinary.

There was a terrible breath in these two people.

It's like coming from hell.

Both of these are above the North Devil's level!

If Messiah knew that there would be two powerhouses above the Northern Demon level at once.

I'm afraid I will be scared to death.

But they are here to kill Levi Garrison!

“What kind of existence is behind the black dragon?”

Levi Garrison was a little curious.

“Sure enough, the King of Heaven was wrong. Someone wants to target Levi Garrison!”

“Fortunately, we are guarding, otherwise something really happens!”

Several people in the dark laughed.

Immediately, six people appeared and surrounded the two.

“Mr. Ye, you go first, leave these two to us!”

Several people looked confident.

## CHAPTER 1557

They would never have thought that the two of them were above the Northern Devil's level.

Not to mention them, even if the King of Shu comes, there are no tricks.

After all, no one would have thought that killing an ordinary person would send two powerhouses above the Northern Demon level.

Furthermore, no matter how you think about it, there will be two powerhouses of this level appearing.

The Northern Devil brought Erudia enough fear.

Here, two at a time! ! !

The six people sneered at the corners of their mouths: "You made the wrong person! He is the master of King Shu, you damn it!"

"You leave quickly, you can't afford these two people!"

Levi Garrison glanced at the six people.

"Ho ho, Mr. Ye, you too underestimate us? Shu Tian Wang can arrange us by your side to protect you, it is the trust in our strength!"

"We...boom...puff..." mi. c

The words of a few people were still not finished, and a force of terror came like a wave of horror.

The six people flew upside down like a kite with a broken line.

There was an incredible look across their eyes.

This.....

This is too strong, right?

North...North Demon level...

Or two at a time!

Several people are dumbfounded!

Going crazy!

A Northern Demon can toss Erudia miserably!

It's pretty good for two of you...

unimaginable!

And the appearance of such masters!

The news spread, Erudia sensation, the whole world sensation.

After all, the Northern Devils, who were invited out by the Avengers at such a high price, actually have two here...

Unless the nine heavenly kings make a move together, they can only be killed with that set of combined attacks!

Otherwise, there will be no way!

This is over!

Levi Garrison couldn't help but not say, even he had to finish it!

The two had no words, but slowly walked towards Levi Garrison.

"You are going to die, and your daughter is going to die too!"

"But we will kill your daughter first, and let you watch the scene of the child dying in front of you! Let you taste the loss of a loved one!"

The two are cold and merciless.

Faced with this threat, Levi Garrison thought for the first time that the man behind the black dragon should be his father.

its not right!

Heilong has such a powerful father, how could he become a sinner?

Will you ruin your face?

These were things that Levi Garrison didn't know.

"bring it on!"

When the two masters start at the same time, they must first kill Levlia.

"No!!!"

The six guards made horrified sounds.

"boom!"

But when one person was about to take Levlia away, a force bombarded them.

"Ding Ding Ding..."

"Ding Ding Ding..."

The two masters were bombarded and flew out more than ten meters at the same time.

Four traces of black scorch appeared on the ground.

It's like a tire brakes quickly...

Horrified!

Unbelievable!

The two masters and the six guards were dumbfounded.

"You, you...Are you not an ordinary person? How could you?"

The two masters are crazy.

The six guards were stunned on the spot.

This is not just a problem for ordinary people.

Levi Garrison can defeat two Northern Demon-level powerhouses with one blow!

"Dad is great! Dad is great!"

Levilia clapped his little hands.

“I see, the last time the people sent to kill you disappeared, you killed them yourself!”

The two masters reacted instantly.

“Well, smart!”

Levi Garrison smiled.

“So what? We are so much stronger than the North Demon. If you are the only one, we still kill it!”

The two masters have a mystery of confidence.

Levi Garrison smiled too.

It just so happened that he was going to test how strong he is now.

“Unlucky for you, Dad is great!”

Levilia scared the road.

## CHAPTER 1558

“kill!”

The two masters rushed to Levi Garrison to kill.

The two didn't leave any hands.

Shot is a terrifying ultimate move!

Within a kilometer of the surrounding area, abandoned buildings, trees and flowers burst into pieces in an instant.

It seems to have been bombarded by coverage.

It was razed to the ground in an instant.

The huge area became scorched...

Horrible as the end!

This is the horror of two strong men who are stronger than the North Devil at the same time!

Fortunately, the place where Levi Garrison was leaving was an abandoned area. ..

Otherwise, there will be countless deaths and injuries.

At this moment, even the sky became red, as if dripping blood.

The six guards sent by King Shu were all frightened.

Who can stand this?

It's just that Levi Garrison's mouth has a chuckle.

He moved.

Ignore the attacks of the two masters.

Appeared in front of the two in an instant.

The speed and defense made the two dumbfounded.

Is that human being?

"boom!"

"boom!"

...

Photographed by Tian Ling Gai facing the two.

The two fell straight.

There was no movement.

“Dad, what’s the matter with them?”

Levilia asked curiously.

Levi Garrison smiled: “They were just fainted by their dad! Nothing!”

It turned out that although he could win against the North Demon, it would take some time.

But now, two powerhouses who are stronger than the Northern Devil, he can instantly crush them.

I seem to be a bit too strong, right?

“This, this...”

The six guards looked dumbfounded.

Levi Garrison obviously abolished his martial arts, Messiah Gaoren also specially blocked and destroyed his martial arts.

He can no longer practice martial arts for life, just an ordinary person.

In the end, there is nothing to say, but it is stronger than before?

Two existences stronger than the North Demon were killed by him at the same time?

What kind of strength is this?

“I, I, I...”

Everyone’s mouth trembled, looking crazy.

“Don’t kill us! Don’t kill us!”

They naturally understood that this was Levi Garrison’s biggest secret.

Knowing his secret, it is normal to be killed.

Several people knelt and begged for mercy.

Life and death are between Levi Garrison’s thoughts.

Levi Garrison smiled: “I won’t kill you! But you have to listen to me!”

“understand!”

Everyone kowtowed on the ground.

After Levi Garrison confessed, he left here with Levilia in his arms.

Several people quickly disposed of the body...

At this moment, the big event in North Hampton has reached Messiah's ears.

"It's not good, a certain abandoned area in the southwest of North Hampton was razed to the ground..."

"I don't rule out the possibility of bombing, but we haven't found any traces of fighters in the North Hampton Theater!"

"I now suspect that it was a masterpiece who made the shot, and it should be no less than the North Demon!"

"Hi!!! The North Demon!"

"Hurry up and ask King Shu to find out what's going on?"

...

King Shu was ordered to go to the abandoned area to inquire.

After arriving at the scene, King Shu Tian was taken aback.

"Horrible! This is a North Demon level master!"

“Hurry up and tell the other Eight Heavenly Kings and Messiah that there is a North Demon level powerhouse in North Hampton, and he is currently missing!”

“In addition, send all the power to investigate!”

King Shu was already in a cold sweat.

“Why did you appear in North Hampton? What’s in North Hampton? Could it be...Master!”

King Shu suddenly thought that the North Demon level master was coming towards Levi Garrison.

“Not good, dangerous!”

The king of Shu rushed to the royal villa non-stop.

When he arrived nearby, King Shu saw several men hiding in the dark.

He breathed a sigh of relief.

The presence of these people shows that Levi Garrison is safe.

“Have you encountered a North Demon-level powerhouse?”

King Shu asked casually.

But the six of them looked weird.

## CHAPTER 1559

Of course I have encountered it!

Still two!

They witnessed everything with their own eyes not long ago.

“Huh? Have you met?”

King Shu saw that several people were abnormal.

“No...no...”

“What’s wrong with King Shu? There is a North Demon level powerhouse in North Hampton? It’s terrible, right?”

Thinking of Levi Garrison’s explanation, several people immediately changed the subject.

“Yes, a North Demon level powerhouse has appeared. I am afraid that he will come to deal with the master.”

“What’s going on, tell me right away!”

After King Shu left, several people let out a long sigh of relief. ..

“You remember, Mr. Ye must never be revealed!”

Everyone nodded to each other.

In the North Hampton area, the message of North Demon level powerhouses spread like wildfire.

For a while, Erudia was panicking everywhere.

Later, Erudia released a notice through TV or the media-to let everyone rest assured that nothing will happen.

Even if a master of the North Demon level appears, Erudia still has nine heavenly kings.

No one needs to be afraid.

Zoey looked at Levi Garrison, who was staring at the TV, and smiled: “Although you said that you are an ordinary person, you still care about Erudia. If

you are still there, I am afraid that you have already gone out to find this person. Right?”

Levi Garrison just smiled and didn't reply.

What else are you looking for?

They were all killed by him.

But he was very curious about the people behind the black dragon.

You can send out two strong men who are stronger than the North Devil to kill yourself at will.

What kind of background does this have?

He suddenly heard a sentence that the prison elder said-there are a part of this world that live in the abyss, don't be curious and try to check them.

When you stare at the abyss, the abyss also stares at you.

The old man's words are simple.

It means that there are a lot of things you don't know in the big world.

This thing includes things and people, as well as secrets and so on.

Just like the old man in prison.

So far, Levi Garrison didn't know his identity.

The old man is like a god.

omnipotent!

So there are still many existences in this world that you don't understand.

The figure behind the black dragon is the tip of the mysterious iceberg.

“call!”

Levi Garrison took a long breath.

No wonder Heilong’s files can’t be found in the slightest.

You must know that the information of all the members of the other Avengers has been found, except for the black dragon.

That shows that his background is scary.

It is beyond the normal category.

Even the hidden powers like the Four Great Gate Valves can’t even imagine the existence.

“I don’t know what master they will send next?”

Levi Garrison muttered to himself.

I am so grateful to my teacher.

Had it not been for him, he would have died a long time ago.

The enemy is so powerful, what can you use to block it?

Somewhere in the deep outskirts of Erudia Fengtian City, there is a small village hidden in the snow-capped mountains.

There are wooden houses everywhere.

In a wooden house, several people are grilling on the stove.

These people are the ones who practice Tai Chi in the park.

“It’s not good, they failed!”

“The people who went to kill Levi Garrison disappeared again!”

At this moment someone came running and shouted loudly.

Heilong’s father heard: “What? Disappeared again?”

“Do you know what’s going on?”

Others also asked.

The man shook his head: “I don’t know! It’s strange to say that the two masters who went to kill Levi Garrison this time were better than the North Devil!”

How could they disappear?”

“Unless the nine heavenly kings join forces, no one can be the opponent of the two!”

A cold light flashed in the eyes of Heilong’s father: “So there are other experts around Levi Garrison?”

## CHAPTER 1560

“Do not rule out this possibility, otherwise, how could they disappear?”

Other humane.

“That’s not right! The two teams sent out this time are both better than the North Devil. How can Levi Garrison have people who kill them?”

“I don’t think we should act rashly! Or find out what’s going on first? So as not to cause unnecessary trouble!”

Someone suggested.

The old man in the black gown looked angry: “It’s anxious, I’ll go kill Levi Garrison myself! My son can’t die in vain!”

“Yes, the third brother can’t die in vain! It’s really impossible for us to join the world to kill!”

The two brothers of Heilong exude terrible murderous aura.

Judging from the aura of the two, they were much more powerful than the two sent to kill Levi Garrison.

“No! Both of your brothers are powerful at the supreme level!”

“Once you join the WTO, it will cause great turmoil!” mi. c

“If they knew about it, it would be in trouble.”

...

The previous powerhouses were judged by god-level and grandmaster.

For example, the North Demon.

It is the strongest in the Grandmaster level!

But there are levels above the master!

That is the supreme class!

But the supreme class is a hundred times rarer than the master!

At present, the information about the Supreme Powers is sealed in Messiah’s most confidential archives.

Messiah has never heard of it.

Because for a hundred years, I have never heard of it.

But if you haven’t heard of it, it doesn’t mean that there is none.

It can only show that you are not at a level enough to reach it.

Now Levi Garrison did indeed get in touch.

The supreme powerhouse has appeared! ! !

The supreme-level powerhouse is equivalent to a lot of secrets that are beyond the norm.

The real secrets are in the hands of very few.

It calmed down for a while.

Because Messiah is investigating, and Heilong's father is also investigating.

The Eagle Nation is still investigating the cause of William II's death.

It's just that all three parties have found nothing...

The person involved, Levi Garrison, was at ease, smiling to see that they were so busy.

But during this time Levi Garrison understood a truth.

Just like what the mentor said.

He has no way of being an ordinary person in his life.

This is true for his wife and children.

So Levi Garrison is already guiding Levilia and Zoey to practice martial arts.

They have a bit of strength, it's best to protect themselves.

But Levi Garrison would not directly tell Zoey that she would practice martial arts.

It is only slowly guided by some methods similar to Tai Chi.

As for Levilia, Levi Garrison is an all-round cultivation.

Levilia is still young, is a good seed, and learns quickly.

A few days later, Levilia was playing in a decent way.

He yelled: "Grandma, Mom and Dad, Levilia will protect you from now on!"

"From now on, Levilia will be the God of War!"

Levilia's big eyes were full of fighting spirit.

Although Levilia is well-behaved, his personality is a bit like Levi Garrison.

“Levi, I think you are idle! Retire from the position of God of War, and no subordinates can practice. Let’s train with both Levilia and Niang!”

Emma glared at Levi Garrison.

Zoey smiled and said, “Mom, don’t tell me! I feel that my body is obviously getting better!”

“Well, I’ll join you tomorrow!”

Emma said.

“Sister-in-law, I also want to join!”

Zhou Nanyan also raised his hand.

“Good job, everyone!”

Levi Garrison smiled.

He understood a profound truth-the best protection is to make them stronger.

Every day from now on, everyone can see Levi Garrison and several people playing Tai Chi-like fist in the open space.

As everyone knows, this is the peerless technique taught to Levi Garrison by the old man.

“Fool, right? Tai Chi for a family? It’s a shame!”

## CHAPTER 1561

Everyone sneered when they saw Levi Garrison's family practicing Tai Chi.

Their behavior is too ridiculous to outsiders!

Children, adults and old people practice together, it's so funny!

Especially after Songkui knew about it.

It was even more embarrassing.

But Emma and the others didn't even think that their bodies would improve a lot invisibly.

Even Emma is getting younger.

This is still Levi Garrison deliberately controlling.

Otherwise, add all kinds of magic medicine to the cultivation.

They can all become strong in a very short time.

Soon, Levi Garrison discovered that Levilia's martial arts talent was too high and too high. ..

The nine heavenly kings were trained by him.

He was also selected from hundreds of millions of people in Erudia.

Nature represents the highest talent.

But compared with Levilia, it's a far cry.

Levilia's talent is the highest that Levi Garrison has ever seen.

The things taught her can not only learn, but also draw inferences.

It is estimated that it will not be long before Levilianeng and Chen Wudao and his ilk can break their wrists.

This is an unimaginable speed.

In other words, Levilia is born a martial arts wizard!

a week later.

Seeing that Levi Garrison was still taking a few people to practice.

Songkui and Zhang Wentao couldn't bear it.

"Levi Garrison, do you tickle if you don't practice your hands all day?"

“You always like to practice others, so what is your own strength?”

“I heard that your martial art has been abolished and you can’t practice martial arts for life? So you pin your hopes on Levilia?”

Songkui laughed.

According to the disclosure of the Emperor Xishu and others, the fact that Levi Garrison’s martial art has been abolished is no longer news.

Anyone with a little background knows that Levi Garrison can’t practice martial arts for life.

“Levi Garrison can you beat me now?”

“If I move you, do you dare to fight back?”

Zhang Wentao relied on learning something from the clan of Xishu, so he wanted to take the opportunity to bully Levi Garrison.

“You are not allowed to bully Dad!”

Levilia jumped up one step at a time and kicked Zhang Wentao in the face.

“boom!”

The exaggeration is that Zhang Wentao flew out after encountering a car accident-like force.

Hit the wall hard.

Horrified!

The audience was horrified!

No one thought that Levilia could have such explosive power?

Zhang Wentao is no ordinary adult.

He has studied martial arts for more than a year in the clan of Xishu.

I was kicked more than ten meters away by a kid...

This matter quickly spread throughout the West Shu gate clan.

Levilia's martial arts talent is so high?

It would be a shame to let her be an ordinary person!

She should be cultivated into a genius!

Many people in the West Shu gate planned to accept the monarch as apprentices.

It is definitely a good story to have a female master in the future!

King Shu and Messiah soon learned of this.

Of course they must marvel at Levilia's talent.

But on the other hand, I have to marvel at Levi Garrison's coaching ability!

Even if his martial art is destroyed, his knowledge of martial arts is still there.

Especially when he was so strong before, he also cultivated nine heavenly kings.

He still has great value.

"I think Levi Garrison can take up the position of instructor to cultivate more masters!"

"Look at how he taught such a young daughter so much!"

...

"That's right, it just happens that Levi Garrison personally trained this technique, so it's perfect for him to guide the students of Qianlong Project!"

"Yes, and he can only guide, but not martial arts, there is no threat! It couldn't be more appropriate!"

But where they want to get it, Levi Garrison is unparalleled in battle!

## CHAPTER 1562

He has come to a realm that no one can imagine!

The people who want to kill him are all supreme!

“Hire Levi Garrison as the chief instructor of the Qianlong Project!”

“It just so happens that a new batch of talented seedlings of Qianlong Project have been found!”

...

Levi Garrison also didn't think that Levilia's shot could cause such a big chain reaction.

At least dozens of people from the Western Shumen Clan were eyeing Levilia.

To rush to accept Levilia as an apprentice.

Zoey still wants Levilia to be an ordinary person.

But Levilia showed amazing talent.

She can't be an ordinary person anymore. m.bg.

The entire Xishu clan will not let it go!

I heard that Levilia has this talent.

The emperor of Xishu and Tangbei Dao rushed from Xishu.

To rush to accept this apprentice.

In the end, more than a dozen high-level officials from the Western Shu family were clamoring for the king.

Finally, it was unanimously decided to meet.

Levi Garrison and Zoey received a notice and asked them to take Levilia to the meeting.

“No! What qualifications do they have to be the master of the monarch?”

Levi Garrison certainly didn't agree.

Now in his eyes, Tang Bei Dao is not influential.

Not to mention other people.

“Hush! Keep your voice down, it will be troublesome for others to hear it!”

Zoey reminded.

“Now the senior officials of the Western Shu gates have taken a fancy to Levilia’s talents, and soon, it is estimated that the other three gates will also

be appreciated! Maybe they will come to grab Levilia at that time...”

“Who would dare I? Turn them upside down!”

Levi Garrison shot out cold light in his eyes.

“Don’t get excited! Rather than let Levilia go to other places, it’s better to be accepted as an apprentice by a master of the Western Shu family. At

least family members, let’s rest assured!”

This is Zoey’s consideration.

Since I can’t hide.

It’s better to choose a better master for Levilia.

“No, I don’t agree!”

How can my children of Levi Garrison be guided by your trash?

“If you don’t go, I’ll take Levilia!”

Zoey led Levilia to the chamber.

Levi Garrison had no choice but to keep up.

In the Lopez family chamber, the atmosphere is serious.

Everyone was cold.

But after seeing Levilia, everyone was happy.

Everyone wants to hug Levilia.

Levilia was scared to hide behind Zoey.

When Tang Beidao saw Levi Garrison, he smiled and said, "I really didn't expect your child to have this talent!"

Since Levi Garrison's martial arts were destroyed, he also resigned from the LEvi's Squad and returned to his place.

He was neither arrogant nor afraid of Levi Garrison.

After all, Levi Garrison is just an ordinary person.

"Of course!"

Levi Garrison sneered.

Seeing Levi Garrison, the Emperor Xi Shu just nodded.

Now Levi Garrison is no longer the master of the four gates.

If you don't drive him out, even if you are in the past.

“Today, the seventeen high-ranking members of the Xishu clan are all here! We have a meeting to decide who will accept the monarch as disciples!”

“Also refer to her parents' opinions!”

Said the Emperor Xishu.

“Yes, just let the child's parents talk about who should Levilia talk to?”

“Come on, Zoey, tell me! Levilia is the most suitable for me! They are all big masters, how can Levilia be a little girl with them?”

It was the fourth sister of the Western Shu Emperor who was the only woman among them.

“How do you talk? This is a world where strength is respected. What does it have to do with gender?”

Others expressed dissatisfaction.

“Aunt Si, should you consider it? I think Levilia and anyone can do it!”

Zoey took a deep breath.

“Who do you think Levi Garrison is with?”

Tang Beidao asked.

“You are not worthy!”

## CHAPTER 1563

The language is not surprising and endless.

As soon as Levi Garrison's words came out, the audience was deadly silent.

Not worthy of the 17 most powerful members of the Xishu clan?

Who else will match?

Zoey, standing next to Levi Garrison, was trembling like a sinking ice cave.

She also didn't expect Levi Garrison to say such words in front of these supreme beings.

That's it!

I'm going to anger them!

Tang Beidao and others were stunned.

If it was the former Levi Garrison, he was fully qualified to say this!

But now he is just an ordinary person! m.bg.

Dare to say they are not worthy?

“Levi Garrison, what do you mean? Are you provoking us? Or do you look down on the clan of Xishu?”

Everyone was angry.

“I really look down on you! You are really unworthy!”

“My daughter will do as long as there is my guidance, no need for you!”

Levi Garrison was determined.

Zoey was silly.

Is this offending everyone?

are you crazy?

“Levi Garrison, what qualifications do you have to say this? You are looking for death!!!”

“Believe it or not I killed you on the spot?”

A bit more grumpy, he looked Levi Garrison directly with murderous aura.

Anxious, they dare to kill!

In their world, there are too many constraints.

In an instant, Zoey was frightened.

“Levi Garrison really thought we didn’t dare to kill you? You have repeatedly provoked, really don’t take my Xishu clan seriously?”

Levi Garrison looked at everyone, and he smiled: “If you want to kill me, you have to have that ability!”

Seeing that the atmosphere of rattling swords is on the verge of breaking out.

Tang Beidao stood up and said angrily: “Shut up!”

“Levi Garrison Linnian is in love, let you go today!”

“And your daughter is a bit talented, but this talent is so terrible that everyone can snatch it! She is not worthy!”

Others echoed: “Yes, she is just talented, but not the most talented!”

“Your child has missed the best opportunity! We don’t plan to accept her anymore! Blame you if you are to blame!”

Everyone couldn’t bear this tone.

Do not accept the king as a disciple.

In everyone's opinion, it is not necessary for you.

But this is indeed their own mistake.

In other words, their ability and cognition are not enough.

It's not enough to see Levilia's true talent.

Levilia's talent is said to be unparalleled!

At that time, when Levilia's talent was truly revealed, the Xishu family clan was so regretful that their intestines were blue.

Of course, this is something!

"Hurry up and take your child! I won't care about it next time!"

Tang Beidao looked cold.

This time he was really thinking about his old love, letting Levi Garrison a horse.

Levi Garrison shook his head ridiculously.

Hold Levilia and leave.

Soon after, King Shu and Messiah came to look for Levi Garrison in person.

Let him be the deputy instructor of Qianlong Project.

Levi Garrison looked indifferent: “Anyway, I’m teaching my daughter, so if they want, they can follow along! I only ask for this!”

Levi Garrison was really not interested in the chief instructor or the deputy instructor.

“Of course you can, as long as you serve as an instructor! We will arrange the rest!”

A few days later.

The 100 talented seedlings of the Qianlong Project have been assembled!

There are a total of four instructors this time.

One chief instructor and three deputy instructors.

Each has a great background.

The chief instructor is hired from international.

He integrates all modern and ancient training methods, and can develop people’s potential to the extreme.

When Levi Garrison brought Levilia to the Qianlong Project base, everyone was stunned.

“What the hell is the little girl?”

## CHAPTER 1564

The others were stunned.

Because those who came to participate in the Qianlong Project were all elite geniuses selected from hundreds of millions of people.

One is more arrogant than the other.

Everyone is the number one posture in the world.

But when I saw a little girl who was going to participate in the training program with them.

Everyone was dumbfounded.

I didn't agree.

"Our instructor has an ordinary person, so he will endure it!"

"Now here is a little kid, let us train with her? Are you kidding me?"

...

Everyone showed strong dissatisfaction. ..

Especially the seedlings of this genius were all cultivated from major hidden powers or some hidden tissues.

Most people are trapped in an isolated place, just practicing martial arts, and don't know everything about the outside world.

They didn't know Levi Garrison before, or even heard of it.

So for them, what happened to Levi Garrison's child?

"Yes, what's the matter with the kid? Give us an explanation!"

Levi Garrison glanced at them contemptuously and said, "Sorry, I only teach my daughter to practice martial arts! You are just here for a lesson!"

The words are not surprising, Levi Garrison said this.

All members of the Qianlong Project were stunned.

The co-author of Levi Garrison means that he is training his daughter, and everyone else is licking their faces to rub the class?

Hundreds of geniuses are the foils of this little girl?

Everyone is a genius seedling selected from hundreds of millions of people.

Where can I take this breath?

One by one on the spot!

“You are insulting us!”

“You are not worthy of being our instructor!”

“We don’t need you to train!”

...

There was almost no one who was not angry.

Little did it know that Levi Garrison was wrong.

They are here to make a lesson.

But this class is better than any of their training plans!

Just make a profit!

Let everyone benefit infinitely!

“What is the use of such an instructor?”

“Isn’t this here to bring the children?”

“Hurry back and take the kids!”

...

Everyone feels insulted!

Levi Garrison was here to bring the children, but he served as an instructor for them?

“Calm down everyone!”

“Although instructor Ye is an ordinary person, he has a deep knowledge of martial arts! He is qualified to teach you!”

Messiah immediately stood up.

“Okay, let’s see what he can teach?”

“If all things taught are useless, we will definitely force him to leave!”

Everyone stared at Levi Garrison angrily.

The person in charge of Messiah promised: “Don’t worry, Instructor Ye won’t let you down!”

Soon, the rest of the instructors all arrived.

Chief instructor Jason, Erudia's name is Jin Fengtian.

His ancestral home is Erudia, and he became the nationality of the war eagle country more than ten years ago.

He is the most famous special instructor in the world.

Proficient in Erudia martial arts, Dongdao Kendo, various ancient martial arts in the West and modern training methods.

He trained many strong people.

He trained the gods of war in twelve western countries.

It is claimed to be able to develop a person's potential to the extreme.

There are also two deputy instructors.

One is Li Changan, Messiah's strongest instructor.

Both strength and instructor ability.

One is a master of physical training in the Tai Kingdom of Dongfangzhou, nicknamed the beast god.

The art of refining the body he is proficient in can build a human physique comparable to the strongest beast.

Plus Levi Garrison and which powerful technique.

It is the most perfect system.

Enough to make Qianlong plan to create a god.

These genius seedlings saw the other three instructors with completely different attitudes.

They all bowed, their faces full of respect.

## CHAPTER 1565

Martial arts can be different from sports.

A basketball coach, he doesn't need to know how to play, he only knows how to use tactics.

You can tune a lot of basketball superstars.

The same goes for other sports.

But martial arts are different.

General instructors and masters are definitely top masters.

They can teach genius.

But now Levi Garrison is an ordinary person.

For example, he can't demonstrate it himself when he teaches a exercise.

How to teach others?

Let alone teach the profound meaning. ..

So everyone is not convinced by Levi Garrison.

Especially after he took his daughter and said something.

Everyone couldn't respect Levi Garrison.

That's why they have completely different attitudes towards the other three instructors.

Of the three instructors, except for Li Changan, the other two were also mocking Levi Garrison.

Then the Qianlong Project officially began.

The first item-choose whether to practice the exercises handed over by Levi Garrison.

As a result, there is no one choice.

After all, there are lessons to be learned.

The first group of a hundred people chose to practice this exercise, and they all became useless.

I can't practice for a lifetime!

So everyone didn't believe in this practice, nor did they believe in Levi Garrison.

Some people even said that Levi Garrison didn't hand over the real exercises at all.

Everyone would rather have a low achievement than take this risk!

Another is that everyone is too high-spirited.

Because they hated Levi Garrison, everyone was unwilling to practice his exercises.

Always thinking of practicing other techniques to surpass Levi Garrison before.

“If you don’t practice, don’t practice! I train Levilia, and they just follow!”

Levi Garrison didn’t mind.

Now the mentor has given him too much knowledge.

He has a lot of cards in his hand.

As long as these boys learn a little bit of fur, their future achievements will not be low.

“I don’t think it is possible to build a strong person by relying on this method. You have to integrate a hundred schools of exercises and the most

scientific training methods!”

Jin Fengtian made a detailed training plan.

Hundreds of Erudia exercises, East Island Kendo, and various ancient martial arts secrets from Western Continent are all integrated for training.

There are also various modern medicines to increase body strength and develop potential.

Finally, there are a variety of modern equipment blessings, such as special armor and so on.

The purpose is to create the strongest fighter.

After Jin Fengtian was dug back to Erudia by heavy money and many favorable conditions, he almost devoted all of it.

His training plan was approved by Messiah.

Let Messiah give up Levi Garrison's technique.

I think it can be replaced.

"I agree!"

"I agree!"

The other two instructors agreed.

"We agree too!"

The students showed expectant expressions one after another.

This training program is brand new.

They have never heard of it.

They look forward to becoming strong!

“You guys train, just come and practice with me in your free time!”

Levi Garrison said it didn’t matter.

After the Qianlong Project started.

Levi Garrison asked Messiah about the first batch of a hundred people.

“Ah? They are completely useless. Like you, they can’t practice martial arts for life! What do you ask them to do?”

The person in charge of Messiah was surprised.

“They are all useless because of me! Let me see what’s wrong?”

Levi Garrison asked.

“Well, then you come with me!”

Finally, Levi Garrison was taken to a place.

A hundred abandoned genius seedlings are locked in one place like criminals.

After seeing them, Levi Garrison smiled: "I can only practice now!"

Because they are completely useless, but they are enough to practice which exercise standard.

## CHAPTER 1566

Levi Garrison finally knew why the first batch of Qianlong Project failed.

It's right to not break or stand!

Qianlong plan followed suit.

Can deliberately abolish the body without reaching the point of "broken".

Levi Garrison had improved because of this technique several times before.

It's all his life and death moments!

Every time it is put to death and reborn!

Either live!

Or die!

Levi Garrison has the belief in winning!

He wants to survive! m.bg.

He can't die!

So every time this technique can bring surprises to Levi Garrison!

Give him a new lease of life!

It has greatly increased his strength!

But Qianlong's plan is different.

Everyone's "breaking" is deliberate.

Abolish martial arts by oneself, and abolish one's body to forcefully meet this standard.

It is not a desperate situation at all!

All you want is to practice this technique to make yourself stronger.

There is no belief at all.

Levi Garrison wanders on the verge of death every time.

Strong willpower and thirst for survival flooded him.

It is different from the students of Qianlong Project.

They want to become stronger and learn this technique.

But Levi Garrison just wanted to survive.

That's why he can practice this exercise!

This is the root!

No wonder the cultivation of a hundred geniuses is simply not useful.

Instead, everyone was completely abolished.

A smile crossed the corner of Levi Garrison's mouth.

In his opinion, now is the best time.

Because all of them are completely abolished.

There is no hope in this life.

Like a wild dog.

For this group of once proud geniuses, there is no difference from death.

This is their desperate situation!

They are eager to return to normal!

Desire to return to the top!

This is the real “break” situation.

It was almost desperate with Levi Garrison.

These people at this moment have strong beliefs!

It’s time for them to practice which technique is suitable.

“I really don’t understand what you are doing to see them? They are just failed experiments! A bunch of useless people!”

“It’s Erudia who is raising a bunch of trash now. Every day I linger, I can only wait for death!”

...

This is everyone’s attitude towards the first batch of failed members.

They are even humbler than the beggars and tramps on the street.

It is difficult for most people to move.

“Look at this group of trash for yourself! I’m upset when I see them!”

The person who brought Levi Garrison here, looked at everyone in disgust and left.

“Levi Garrison, what are you doing? Are you here to humiliate us?”

“If it weren’t for your exercises, could we become useless?”

“We are like dogs now, we can only wait to die every day!”

...

Everyone was crazy when they saw Levi Garrison.

Levi Garrison is everyone’s real enemy!

It was Levi Garrison’s technique that turned them into this way!

“No, I’m here to give you a chance to be born again!”

Levi Garrison smiled.

“What? Let us be born again?”

“Does it bring us back to normal? Impossible!”

Everyone was surprised.

Levi Garrison nodded: “Yes, it’s wrong! Let all of you return to normal!”

“impossible!!!”

Most people naturally don’t believe it.

But a few people immediately scolded: “Everyone, keep your voice down!”

They looked at Levi Garrison: “How to say?”

“Remember which exercise I handed over?”

Levi Garrison asked.

“You are humiliating us! I can’t wait to kill you...”

...

Everyone seemed crazy when they heard this exercise.

“No, everyone, be quiet! Listen to what he said?”

Xiao Feng shouted one of them.

“Listen to me, now you are suitable for this exercise!”

“It not only restores you to normal, but also doubles your strength!”

## CHAPTER 1567

“hiss!”

As soon as Levi Garrison said this, the audience was full of cold breath.

This practice ruined their lives.

Now it is said that it will restore them and double their strength!

How can it be?

“Levi Garrison, did you deliberately? We are all like this, and you have to sprinkle salt on our wounds!”

...

Everyone present did not believe that the exercises that harmed them would become their hope of regaining a new life!

“Listen to me, there was nothing wrong with your cultivation method before! It’s just that you didn’t break it thoroughly enough! Now is your desperate

situation...”

Levi Garrison explained briefly.

The scene gradually fell silent. mi. c

Everyone thinks what Levi Garrison said makes sense!

“Now you listen to my arrangements and start practicing this exercise from the beginning! I have completed this exercise! You should practice it

quickly!”

Levi Garrison said.

It’s just that most people looked at Levi Garrison hesitantly, and still didn’t believe him.

At this time, Xiao Feng stepped forward again: “We are all like this, no matter how bad the situation is, where can it get worse? If there is hope, we

will give it a try!”

“Do you want others to look down on for a lifetime? Do you want to be a dog for a lifetime?”

“I don’t want to!!!”

“Go out, give it a try!”

Everyone is willing to give it a try.

Everyone started to practice.

“Listen to me, this matter must be kept secret! If you let others know, you might have no hope at all!”

Levi Garrison persuaded.

“understand!”

“If this technique works, let us recover! From now on, the lives of the hundred of us will be yours!”

Xiao Feng shouted.

“Okay, I’m waiting for that day!”

Levi Garrison smiled.

He believes that these hundred people will definitely become an invincible teacher!

It will definitely exceed the second batch of 100 people in the Qianlong Project!

Of course, no one believes this.

Can an ordinary person destroyed by martial arts train a hundred disabled people into invincible teachers?

Who would believe it?

This is impossible!

But what Levi Garrison and Xiao Feng and a hundred people did was to make the impossible possible!

Only with this belief can you practice this exercise.

After leaving here, Levi Garrison discussed with the person in charge whether he could give him the hundred of Xiao Feng.

“What do you want these hundred people to do? Guilt?”

The other party is very curious.

What do you want a hundred dead people who will never be able to practice martial arts?

Is the brain sick?

“Forget it! A little guilty!”

Levi Garrison nodded.

“Fine, all these hundred people are a burden to be honest! Give it to you!”

The person in charge is anxious to throw out these burdens.

It happened that Levi Garrison was about to ask.

It's all to Levi Garrison.

Levi Garrison asked a hundred people to be taken away and found a quiet place in North Hampton for them to practice martial arts.

Later, Levi Garrison took Levilia to start training.

After finishing the special training from the other three instructors, the trainees who had time came to look for Levi Garrison.

Actually want to see what Levi Garrison can guide?

After coming, everyone was stunned.

What Levi Garrison asked Levilia to practice was something as simple as Tai Chi.

It looks ordinary, not as good as the old man in the park.

Watching where the father and daughter are practicing.

Everyone laughed.

“Oh my god, am I wrong?”

“This is the training subject of Qianlong Project? I’m going crazy! What is this?”

“Sorry, this is to cultivate the strongest combat power for Erudia, not to exercise!!!”

...

Everyone made a disdainful voice.

## CHAPTER 1568

Everyone wanted to force Levi Garrison away directly.

But if you change your mind and do it directly, there may be insufficient reasons.

Messiah might not agree.

The best way is to learn from Levi Garrison first.

Over time, if there is no effect.

There can be enough reasons to kick him away!

In everyone's eyes, practicing "Tai Chi" with Levi Garrison has no effect at all.

This is completely a play for children.

Coax it to play!

However, everyone did not speak, but actively joined Levi Garrison's training.

Levi Garrison had already seen the intentions of these boys. ..

But he didn't speak.

It's just carrying out his training.

Instruct everyone accordingly!

But this guide is a bit too pediatric in everyone's opinion.

For example, the training of student Xu Mingxuan is repeated water-carrying runs...

For example, the training of student Hu Yuxing is to repeatedly climb the mountain...

...

As soon as everyone's training subjects came out, everyone was dumbfounded.

what is this?

Is Levi Garrison playing around?

This should be the subject that Erudia Warriors just enlisted in the army, right?

Why didn't you come to stand in the military posture?

This is the most basic training project!

But what about these students?

All are martial arts masters!

Elected from hundreds of millions of people.

All of them are master-level powerhouses!

Actually going to practice these pediatrics!

They are all mad!

But in order to drive Levi Garrison away, they endured it.

Instead, they actively completed all the tasks assigned to them by Levi Garrison.

Secretly, everyone's evaluation of Levi Garrison was very bad!

Even most people think that Levi Garrison was deliberate!

Little did it know that Levi Garrison was the one who taught me everything!

The marvelous war techniques taught by the old man and so on.

He used this simple way to teach these students.

For example, repeatedly carrying water and running, Levi Garrison actually taught different things in it.

The running route set for him is to train his most subtle body skills.

And make different training programs according to each person.

Exploit their potential to the maximum.

There is no doubt that what Levi Garrison teaches everyone is the best at them.

If you keep training with Levi Garrison.

The future achievements are no less than those of the nine kings.

Even higher.

It's just that no one will understand!

The training plan is going on every day.

Levilia's talent is truly amazing, and his progress is so rapid.

These students also improved rapidly, more than three times faster than the other three instructors expected.

But they all thought it was because of the other three instructors that it had nothing to do with Levi Garrison's teaching of pediatrics.

Little did they know that their main contribution was Levi Garrison.

Levi Garrison's special and simple training program developed their potential and made their strength soar.

On the other side, Xiao Feng and other hundred abandoned people, after a period of practice.

I was surprised to find that they had recovered! ! !

Once their bodies were completely abolished, and various meridians were necrotic, but now they have recovered!

Everyone has recovered!

Great news!

Xiao Feng and the four or five talented people have not only recovered.

And the strength is still advancing by leaps and bounds!

They are ecstatic!

The exercises are effective! ! !

Levi Garrison is not a lie! ! !

At this moment, they saw hope!

Levi Garrison brings light to them!

It's their parents! ! !

“From now on, the lives of a hundred of us will belong to Ye En people!!!”

A hundred of them were raised as animals.

They are not as good as dogs!

But now there is hope!

## CHAPTER 1569

They are so eager to recover one day!

Tell everyone that they are still geniuses!

finally come!

All this is given by Levi Garrison!

“We have to work harder and don’t let Ye En people down! Understand?”

Xiao Feng shouted at everyone.

After the Qianlong plan failed, they were abandoned by Messiah.

Abandoned by Shimen Master!

Abandoned by family parents and sisters!

Everyone is sighing!

We are all looking forward to the day of Phoenix Nirvana! m.bg.

Seeing them achieve such results, Levi Garrison smiled sincerely.

All “apprentices” have achieved considerable results.

He was delighted in his heart.

On this day, the trainees of the Qianlong Project came again to participate in the training organized by Levi Garrison.

Levi Garrison looked at everyone and said with a smile: “Well, they are all good! The initial results! You have to continue and persist in completing the

tasks I gave you! You will have a lot of opportunities!”

“Now that you taste the sweetness, don’t be proud! Be calm!”

Everyone held back their laughter.

“Is he a fool?”

“I really think we improved, he taught it?”

“Does it have anything to do with him?”

...

Many such voices sounded in the team.

Everyone agreed that their improvement during this period had nothing to do with Levi Garrison.

Besides, is it strange that that kind of pediatric training program can be improved?

Listening to everyone's broken thoughts, Levi Garrison took it seriously.

"Although you have improved very quickly, you are far from reaching my expectations!"

"You know? The first batch of students of Qianlong Project next door improve faster than you! Because they are desperate! They are more serious

than you!"

Levi Garrison said.

"Hahahaha..."

As a result, everyone burst into laughter.

"We are not improving quickly? Instructor Jin Fengtian said, we are the students he has met with the fastest improvement!"

"I can increase my strength three times in such a short period of time, so what else?"

"Do you have a false name? You don't understand it at all!"

Everyone questioned Levi Garrison.

“Slow is slow! This speed is really not fast, it can only be said that Jin Bongtian has seen the world!”

Levi Garrison sneered.

He still took Levilia and himself as examples.

The speed of their father and daughter’s progress is completely rockets!

“Levi Garrison, please pay attention to your words, saying we can, but coach Jin Fengtian can’t!”

Everyone is going to be angry.

In the training base, they most admire the three instructors such as Jin Fengtian.

Levi Garrison said they couldn’t!

“No wonder, I heard people say that you took away all the first batch of 100 unsuccessful people!”

“Do you still want to train them to be strong?”

“Yes, didn’t he just say that those people are progressing much faster than us!”

...

Everyone suddenly thought of this.

One after another asked Levi Garrison.

Levi Garrison nodded: "Yes, it's wrong! Whether from the perspective of the whole or the individual. They are making progress faster than you!"

Hearing Levi Garrison's calm answer.

A hundred people are going to explode.

Levi Garrison didn't put them in his eyes at all.

Repeatedly provoke them!

This is unbearable!

"Good good, we won't fight with you!"

"Didn't you say that the one hundred useless people are progressing faster than us? Well, let them come out and practice with us?"

"If we lose, we are convinced!"

“Yes, yes, let them come out and compare us!”

...

Everyone shouted.

## CHAPTER 1570

Levi Garrison's words stimulated them!

Are they inferior to a bunch of useless people?

This is unbearable!

"You will have a chance to compare! But not now!"

Levi Garrison said.

"Hahahaha..."

"You are just talking big!"

"That group of dead people can't practice martial arts for life, and can't even recover! Not to mention any progress!"

"Levi Garrison is here to attack us, think of a better reason anyway!"

I heard that Levi Garrison's law arrangement was compared.

Everyone was happy. m.bg.

I think Levi Garrison is making a joke!

“Levi Garrison, you must apologize to us, to instructor Jin Fengtian!”

Shao Xingtian, the strongest among the students, pointed to Levi Garrison and said angrily.

“Yes, you owe us an apology! You owe instructor Jin an apology!”

Everyone shouted.

Resolute attitude.

Undoubtedly!

It seems that if Levi Garrison doesn't apologize, he can't get out of here.

The movement here quickly attracted the attention of the other three instructors and the person in charge of Qianlong Project.

They rushed over one after another.

“What happened?”

Several people asked one after another.

Everyone told Jin Fengtian what had happened just now.

“What? I have never seen the world? Hahaha...”

Jin Fengtian smiled.

The body refiner of the Tai Kingdom also laughed.

Their skills have always been at the top of the world.

How could they have never seen the world?

Jin Fengtian glared at Levi Garrison with a sneer and said, “I dare to say that these students are the ones who have made the most progress in my

experience! There can be no faster than this!”

“Wrong! This rate of progress was unheard of before!”

The person in charge of Messiah, Li Changan and the master of physical training also said one after another.

Such rapid progress made them more affirmation of Jin Fengtian’s training plan.

Relying on this training plan, you can definitely create a new word side by side.

There may be more than three, or even ten.

This made Messiah see hope.

All this was brought to them by Jin Fengtian.

So they all believed in Jin Bongcheon unconditionally.

As everyone knows, the students' crazy progress is mainly due to Levi Garrison's class.

It has little to do with the other three.

"No matter what instructor Ye said, you were wrong in this matter! You have to apologize to Instructor Jin, and to the students!"

The person in charge said.

Levi Garrison smiled: "What did I do wrong? Do I need to apologize?"

"You are talking nonsense, you are despising Instructor Jin!"

Shouted the person in charge.

"But there is no way. The first batch of students next door progressed faster than them! But it still didn't reach the speed that I was satisfied with, so

what happened to you guys who have never seen the world?"

At present, the only thing Levi Garrison is satisfied with is Levilia.

“Hahaha, I don’t believe there is any improvement faster than them? No! Absolutely no!”

Jin Fengtian vetoed it in one fell swoop.

“If you haven’t seen it, it doesn’t mean that you don’t have it! So you haven’t seen it before!”

Levi Garrison smiled.

But these words completely angered everyone present.

“Levi Garrison, you don’t even realize your mistake! Don’t you want to apologize?”

The crowd roared.

“I’m all wrong, why should I apologize? You have a problem in your mind?”

Levi Garrison looked at them like a fool.

“Okay, don’t you apologize?”

“I propose to expel Levi Garrison from the post of instructor! The reason is very simple, his training plan is pediatrics! This is well known!”

Shao Xingtian suggested.

“I agree!”

“I agree!”

All the students agreed.

## CHAPTER 1571

Everyone was watching Levi Garrison's training.

Shao Xingtian and other practitioners are indeed exaggerating.

It's really like playing house.

Practice something that is too basic.

Still practice with a little kid.

Carrying water, climbing mountains, practicing Tai Chi...

Is this for fitness?

Sorry, Qianlong Project is to create a one-word king!

How can I just play with it?

Jin Fengtian reacted many times.

I don't think Levi Garrison deserves to be an instructor. mi. c

All were suppressed by the person in charge.

Now, it broke out completely.

If the students do not agree, the problem will be serious.

“Now the apology is useless! We all strongly demand that Levi Garrison be kicked out of the instructor position! Otherwise, we will not do it!”

All a hundred students refused to agree.

Jin Fengtian and Master Refining Skills also supported the expulsion of Levi Garrison.

Messiah thought about his affection and wanted Levi Garrison to stay. After all, he wanted face.

It can be seen from the effect.

Levi Garrison’s training is really a mess.

Is it effective to practice some of the most basic things?

Therefore, Levi Garrison was not useful in Qianlong Project.

“Look, you should quit! For the good of both parties!”

The person in charge said tactfully.

“Yes, you leave quickly! You are here to delay these geniuses!”

“I think if there is no obstacle from you, the speed of the students’ improvement is not three times, but five times!”

Jin Fengtian said coldly.

The trainees reacted one after another.

Isn’t it because participating in Levi Garrison’s training hindered their progress?

Without him, they might have increased fivefold.

“Levi Garrison must leave!”

“Otherwise, we leave!”

...

Everyone has a strong attitude.

The person in charge and Li Changan looked at Levi Garrison embarrassedly: “Look...”

Levi Garrison smiled and said, “Okay, then I will leave! But don’t regret it!”

“You are gone, it is too late for us to be happy, what do we regret?”

Shao Xingtian was happy.

“Because if you don’t have me to train you, you will not be able to improve! Let alone improve three times, it’s hard to get half a point!”

Levi Garrison smiled.

Jin Fengtian’s training plan is good.

But the potential of these genius seedlings is actually almost exploited.

Redevelopment actually doesn’t make much sense.

You have to go from other directions, and everyone makes a plan to improve.

Therefore, Jin Fengtian’s training program will not improve these people much.

It would be nice to be able to keep it up.

Let alone five times, seven times improvement.

That is wishful thinking!

“Hahaha, I laughed! Levi Garrison doesn’t have you interfere with us, we will definitely improve five times, even seven times ten times!”

“If you don’t believe me, wait and see!”

Shao Xingtian shouted.

“Well, well, I’ll wait and see!”

Levi Garrison shook his head helplessly.

He really wanted to teach these kids skills.

But they refused on their own, and they had to drive themselves away.

I don’t want this opportunity myself.

Can’t blame others!

“Go, Levilia, let’s go!”

Finally, Levi Garrison left the Qianlong Project base.

There was cheers in the base.

It’s like sending away some plague god.

“Next is the moment when we really take off!”

Shao Xingtian and others were very excited.

“Well, I believe that everyone will definitely reach the top under the guidance of our three instructors!”

Jin Fengtian is also full of confidence.

In their view, the progress of the students in the first stage was all contributed by them.

There is nothing to do with Levi Garrison.

“En, let’s look forward to it in a month!”

## CHAPTER 1572

In one month, they took a report card that had improved by at least five times, and slapped Levi Garrison's face fiercely.

look forward to.....

What impact did this incident have on Levi Garrison? He just practiced them incidentally when he was practicing Levilia.

After returning to North Hampton, Levi Garrison went to see Xiao Feng's 100 people specially.

These 100 people are really desperate for sleepless nights and foods.

They all sighed.

Rely on strong faith to fight hard!

"Benefactor! You will be our benefactor in the future! We will do everything for you!"

A hundred people in Xiao Feng knelt on the ground.

"You can recover and become stronger, I am happy too!"

Levi Garrison smiled. ..

He smiled at the few people who had been arranged by King Shu to protect him: "Let's practice together, anyway, idleness is also idleness!"

These people are excited about the training.

I look forward to the day when these hundred wastes will shine!

During this period, Messiah and Shu Tianwang have been investigating.

But there is always the footprint of the "North Demon" class powerhouse.

The most frightening thing is that the on-site inspection results show that there are a total of three strong men who are stronger than the Northern

Devil.

This result came out.

Everyone was shocked in a cold sweat.

A Northern Demon was upset in the summer.

The three of them all at once were still better than the North Devil.

this is too scary!

More than that.

Some mysterious people were captured in various areas.

They come and go without a trace!

Suddenly appeared, then suddenly disappeared.

Can't catch it at all!

The risk factor is extremely high!

And the actions of overseas countries are also very strange.

It seems that many secrets and people or things in the dark have appeared...

for example.

An unknown island in the East Island suddenly burst and sink...

Someone saw a swordsman walking across the sea in the flames...

Star Country Star City coaxed the urban area to suddenly run out of a monster covered in flames, and burned many people.

Similar weird things happened in the War Eagle Nation and many other countries.

Especially the War Eagle Nation is in a variety of conditions, and it seems that something big is brewing.

A series of weird phenomena is by no means accidental.

Messiah's high-level sense of smell is still very strong.

I quickly realized that something was wrong.

"Immediately make this matter classified! It seems that Erudia is not at peace, the world is not at peace!"

"Maybe the next thing is beyond our control!"

When Messiah said these words, the members below were shocked.

All looked at several senior executives incredible.

Erudia still has things that Messiah can't control?

Messiah is the highest institution in everyone's cognition!

Messiah can't control it, who can control it?

too frightening!

Everyone was shocked in a cold sweat.

“So we started the first-level emergency plan ahead of time!!!”

“Please follow us to the archives room!”

Under the leadership of a few people, everyone came to the archives room.

But the archives room is not the point.

The focus is on the place inside the archives.

After opening three protective doors in total.

Everyone finally came to the most confidential area of the archives room.

The files placed inside are the top secrets of Erudia.

The files before Levi Garrison are also in it.

To view, you must have permission.

“Everyone first calm down! What you see next may subvert your cognition! Please don’t be overly shocked!”

Messiah senior asked.

The people's hearts became more and more horrified.

What kind of file is it?

Will subvert everyone's perception!

When everyone was nervous, one person took out the top-secret file.

## CHAPTER 1573

This file contains the secrets of the past!

Everyone has never heard of the content inside.

“What is your highest definition of the strong?”

Someone asked at this time.

“Grandmaster! In the past hundred years, it is definitely the strongest Grandmaster level!”

“Yes, this is recognized by all countries!”

Everyone said one after another.

“Then I tell you, Grandmaster level is not the end, but the beginning! There is a realm above the grandmaster!”

“what???”

Everyone was surprised.

All the time, I have only heard that Grand Master is the strongest! m.bg.

The judging standards of various countries are like this!

Even if the rating is as strong as the North Devil, it is also a master!

“Then I will tell you! There are Supreme Powers above the Grand Master!”

“The grandmaster-level powerhouse is strong enough, right? The strongest grandmaster-level like the Northern Devil may have no way in a country!”

“But in fact, the Northern Demon can still be killed! That is to activate nuclear weapons! No matter how strong the Northern Demon is, there is no way

to deal with nuclear weapons! But nuclear weapons cannot be used when they are not a last resort!”

“But the supreme-level powerhouse must be stronger! Even small nuclear weapons can’t kill the supreme-level powerhouse!”

“This is the supreme class!!!”

...

“hiss!”

Hearing this, everyone uttered cold breaths.

Can nuclear weapons not be killed?

Is it strong enough?

This is absolutely beyond the human category!

It all feels like listening to ancient myths...

“Then why have you never heard the appearance of a supreme powerhouse for so long?”

Everyone looked confused.

“This is the past 100 years, and there is no one who can reach the supreme level. This is the case in all countries!”

“And the other supreme-level powerhouses before are all silent in the dark! This also makes the supreme-level a legend and a secret!”

The senior explained.

“Huh? Why would a supreme-level powerhouse choose to be silent, since no one has appeared for a hundred years?”

Someone asked questions.

“Even I have to know!”

“From the top-secret file data, Erudia and the powerhouses at the Supreme Level and above all over the world chose to stay silent overnight. I don’t

know why!”

“hiss!”

“This is terrible too!”

“What happened? All the supreme powers in the world have disappeared? What are they afraid of? Or is there any reason?”

...

This is everyone’s question.

“I don’t know, there is no record in Messiah’s file!”

The executives shook their heads.

“To show everyone this confidential file today, the purpose is very simple-the supreme-level powerhouse may be born!”

“Based on the recent circumstances, it is inevitable that the supreme-level powerhouse will come to this world and unknown difficulties and dangers!”

“Don’t look at the majesty of Erudia, the suppression is too much to look up overseas!”

“But once they release the real demons, it’s not known who will kill them!”

...

Everyone began to worry: "What can we do? In case the supreme-level powerhouse emerges and these unknowns come, we really have no way?"

"What should Erudia do?"

Things are beyond control.

Messiah was also helpless.

At this time, several senior officials looked at each other and smiled: "When danger comes, someone will always come out to suppress it!"

"Then when the Northern Demon was rampant, no one would come out to suppress it? Levi Garrison was the solution!"

Everyone is curious.

"That's because the Northern Devil is not even qualified to let them come forward!"

"In other words, the North Devil's degree of danger does not reach the standard for them to shoot!"

## CHAPTER 1574

terrible!

It's terrible!

What is hidden in this world?

Those secrets are in the hands of very few people!

The key is that Messiah can only know the tip of the iceberg!

“But we must also actively prepare! For example, Qianlong Project, etc.! I hope to create a few strong people comparable to the North Devil!”

“The crisis may come one day!”

The senior officials of Messiah were very afraid of this day.

But it must be actively prepared.

At this moment, it is located in a wooden house on the ice and snow in the northeast.

Heilong's father and others were also very melancholy. mi. c

They sent out many people to investigate, but there were no clues.

It seems that no one is protecting Levi Garrison at all.

“I can’t wait, the enemy who killed my son is still alive, I can’t stand it!”

“Yes, we want to avenge the third brother!”

Heilong’s father and two older brothers had bloodthirsty killing intent flashing in their eyes.

“Quite your anger!”

“The supreme-level powerhouse is here, and the world will be completely messed up!”

“People still have to kill! We must never think of another way!”

Others persuaded.

“Then think about it! If I can’t figure it out, I will kill Levi Garrison myself!”

...

Levi Garrison naturally knew that he was missed.

But he doesn’t care.

Kill as many as you come.

He is still the same as usual.

In addition to life, in the leisure is to train Levilia and them.

Soon, he discovered that Zoey and Zhou Nanyan both had extremely high talents.

It is even more talented than the students of Qianlong Project.

They are improving too fast.

Second only to Levilia.

But Zoey didn't know it at all.

Just to keep fit.

Little did they know that Levi Garrison turned them into peerless masters!

Next, it seemed to be cultivating crazy everywhere.

In the Qianlong Project base.

After Shao Xingtian and others forced Levi Garrison away, everyone was extremely excited.

Put more energy into training.

In order to beat Levi Garrison's face.

But after more than three days, they suddenly discovered a problem.

Everyone doesn't seem to be making much progress?

Mingming Jin Fengtian and other three instructors have completed their training.

There are no signs of progress!

It is basically on par with the rapid progress of the first stage!

In the beginning, everyone took it seriously.

But after five days, there is still no progress.

Everyone started to panic.

No progress in seven days.

No progress in ten days.

Half a month has passed. Although everyone has made progress, they can basically be ignored.

It seems that their potential has been exploited to the maximum.

Can't be developed anymore.

The students began to panic.

The instructors and the person in charge of Messiah were also anxious.

Basically stand still?

impossible!

The training plan follows the program, so there are no problems.

The students also have no problems.

So what's the problem?

The main reason is the rapid progress in the first stage, which is simply unimaginable.

But in the second stage, after kicking out Levi Garrison, why was the fire suddenly dumb?

"What's the matter with instructor Jin? If this continues, we will be laughed at by Levi Garrison!"

Shao Xingtian and others were anxious like ants on a hot pot.

“It should be our training program. You have developed it to the extreme. We have to change to another training program!”

Jin Fengtiandao.

“agree!”

The other two instructors also agreed.

They changed another set of training programs.

Continue to start the training program...

“I don’t believe it!”

Everyone refused to admit defeat.

Little did they know that their progress was basically related to the fact that the training program was not worth a dime.

It only has something to do with Levi Garrison’s withdrawal.

## CHAPTER 1575

On the other hand, the first batch of failed Qianlong Project students made rapid progress and continued to improve.

Especially Xiao Feng and several people gradually understood the true meaning of this ancient exercise.

They are getting stronger and stronger!

Better than Levi Garrison expected!

It even said that there is hope to achieve the original intention of Messiah-to create three existences that are comparable to the one-word king.

This time it seems to be possible!

“You will practice for a while! At that time, we will compare with the second batch of Qianlong Plan academies!”

Hearing this, Xiao Feng and others were all happy.

They have a chance to prove themselves.

“I tell you they are very strong! You must work harder!”

Levi Garrison shouted at everyone. ...

Continue to stimulate their psychology.

A hundred people in Xiao Feng clenched their fists tightly, sparks splashed in their eyes.

“We want to win!!!”

“We want to prove to Erudia that we are not useless! We are the strongest!”

Everyone screamed.

They held back this breath for a long time.

Just for the moment of release!

Tell all those who abandon them-the king is back!

Next, Xiao Feng and their training are really desperate...

Shao Xingtian's group of students are naturally desperate!

Changed a new training program to stimulate their talents again.

But things are counterproductive...

No effect for three days.

No effect for seven days.

...

They switched to another training program.

Time is walking.

But there is no effect at all!

When the facts were in front of them, Jin Fengtian and others were completely dumbfounded.

“what’s up?”

“It’s impossible for us not to make progress, right? We all made such rapid progress in the first stage!”

“Who can tell me why this is?”

Shao Xingtian and others felt as uncomfortable as if they had eaten flies.

The three major instructors including Jin Fengtian were also completely dumbfounded.

what’s the situation?

How can there be no progress at all?

They stroked it through and through.

I found no problems anywhere...

The key is to spend time, experimenting with several programs before and after.

There is no effect at all!

“Will this training program have no effect from the beginning? Our potential has been almost developed?”

Someone asked questions.

After all, Jin Fengtian’s training plan is to maximize the potential of the human body.

“Then in the first stage, how do we triple the increase? Isn’t this an effect?”

Jin Fengtian asked back.

“This.....”

Everyone was taken aback.

For a while.

This is a fact!

You can't refute it!

"What's going on? Did our potential have been developed in the first stage?"

Shao Xingtian asked.

"It shouldn't be! You still have a lot of potential to develop!"

"For example, you, Shao Xingtian, predicted that you are likely to have the strength of the North Demon in the future! It won't stop here!"

Li Changan said.

"Then what's going on? I need an explanation! Otherwise, Levi Garrison will come and he will laugh at us when he sees all this! I can't afford to lose this

person!"

"Yes, I can't afford to lose this person!"

...

Everyone shouted.

“Calm down, everyone, am I thinking of a solution? See what the problem is!”

Jin Fengtian said angrily.

The person in charge of Messiah also echoed: “Yes, training itself is an experiment! It’s nothing wrong with making mistakes? This has to be

done slowly and step by step!”

“but.....”

Everyone is very anxious.

After all, it was equivalent to betting with Levi Garrison.

“Everyone said it might be because of Levi Garrison?”

“He is gone, we have not made any progress...”

## CHAPTER 1576

Someone said casually, but turned up the stormy sea in the crowd.

Everyone was surprised!

It seems to be the case!

Their abnormality really started after Levi Garrison left!

Since they didn't participate in Levi Garrison's training program, their progress has been dumbfounded!

For such a long time, it's almost standing still!

Thinking of this, everyone's face is stunned.

Wouldn't it be such a coincidence?

Is it really related to Levi Garrison?

Jin Fengtian and Shao Xingtian are also aware of this problem.

Everyone was startled by Qi Qi, all in a cold sweat. m.bg.

If it were true, that would be terrible!

Li Changan's body shivered.

He was afraid that he was one of the few in the field and convinced Levi Garrison.

"I think it's possible! Instructor Ye is gone, and our students are misfired! Now we can't find any other problems, only Instructor Ye is the one that

everyone considers!"

"Maybe the students' progress is due to instructor Ye's relationship, and it has nothing to do with our three instructors!"

Li Changan thinks this possibility is very high.

When Li Changan said this, the audience was horrified.

Everyone was shocked!

"I also think it's possible! Do you remember what Instructor Ye said when he left?"

Some students also raised questions.

Everyone remembered what Levi Garrison said before leaving, as if he was referring to this matter.

"This shouldn't be true..."

Everyone was short of breath, almost out of breath.

“impossible!!!”

Jin Fengtian suddenly furious.

“What everyone knows about Levi Garrison’s training is some pediatrics! How can something that is too basic to be more effective?”

“We are not able to make any progress with such a powerful program, and only rely on pediatrics? It’s ridiculous!”

When Jin Fengtian said this, everyone gradually reacted.

correct!

What Levi Garrison teaches is too pediatric!

No matter how you think about it, it can’t make people improve!

“Yes! Our progress has absolutely nothing to do with Levi Garrison!”

Shao Xingtian shouted so, everyone no longer thought about it.

“Then you tell me what’s going on?”

Li Changan asked.

“I don’t know for the time being, but I will find out! It will be resolved as soon as possible!”

Jin Fengtiandao.

The person in charge of Messiah said anxiously: “I also hope instructor Jin to hurry up! Time is running out!”

After all, they received the emergency notice from above.

They need to create the strongest as quickly as possible.

“Instructor Golden, we only give you three days! If you don’t resolve the matter within three days, you may be replaced! There will be no rewards for

you!”

Responsible for humanity.

“Okay, I will resolve this within three days!”

Jin Fengtian’s face is a bit ugly.

After dissolution.

Jin Fengtian and the Tai Kingdom body refining master got together.

“Can you really find the problem in three days?”

The master of physical exercises asked nervously.

“I can’t find it! It should be that the potential of these guys is over!”

“They made so fast in the first stage, which caused everyone to think that they have unlimited potential! Especially Erudia thinks so! We are required

to create the strongest at the fastest speed! Hey...”

Jin Fengtian sighed.

“But if we can’t satisfy them, we have nothing!”

Jin Fengtian thought about it for a while, a fierce flare came out of his eyes.

“I have a solution!”

“what?”

“Warhawk has a special medicine that can be used at critical moments to stimulate the human body’s potential and make the body stronger!”

“The price is to burn life essence! In other words, to trade life!”

## CHAPTER 1577

Jin Fengtian took out the potion specially.

“If you use all of this bottle, your strength will instantly increase by more than ten times! The price you can pay is to consume all your energy and die

on the spot!”

“hiss!”

The masters of physical training all took a breath.

“So you need to use the medicine to improve this group of students in a short time, so that Erudia can see the effect?”

The master of physical exercises asked.

“Yes, that’s wrong! We can achieve the effect with a small amount of potion! Then Erudia will be satisfied!”

Jin Fengtian nodded.

“The effect is there, Erudia will be satisfied! But this group of children will be abandoned! Even if you use a small amount of medicine, it will

eventually consume their life!”

“They will be ruined all their lives!”

The master of physical exercises asked. m.bg.

When taking the medicine, they will improve significantly and become strong.

But once the medicine has passed.

They run out of life and lose their energy...

Not to mention becoming a peerless powerhouse, it’s another matter whether you can keep your life.

This vicious way is not fair to them!

The master of physical training is very sorry for these young talented seedlings.

If it is really useless because of this incident, his conscience will be overwhelmed.

“But can we do anything else now? Only give us three days. If we can’t do it, we will lose everything!”

Jin Fengtian stared at him frantically.

Soon, the master of physical training became silent.

When it comes to self-interest, he also has no laws.

“What if you find it?”

“When we find out, we have got what we want. Besides, it must be our problem? It’s the student’s own problem!”

...

Finally, the master of physical training was made clear by Jin Fengtian.

The next day.

Jin Fengtian called everyone together.

Said that he found the problem.

Next, change to a training program, which is definitely effective.

Everyone was convinced to devote themselves to the training.

Sure enough, it worked this time.

Gradually there is progress!

Seven days later, the progress rate of the first stage has been reached.

And it is still in continuous progress, getting more and more rapid.

The students are very satisfied!

Messiah is even more satisfied!

They praised Jin Fengtian for his greatness!

“Let me just say, our progress and strength have a dime relationship with Levi Garrison!”

“Instructor Jin is the person I admire most!”

Shao Xingtian’s face was full of uncontrollable excitement.

Li Changan frowned, he felt that something was wrong.

Although the training program has been changed, it is actually the same as the previous few times.

Logically speaking, it is impossible to change the status quo.

But the facts are unexpected.

For a moment, he couldn’t think of why?

In the Qianlong Project base, there was an atmosphere of enthusiasm everywhere.

Jin Fengtian is regarded as a god-like existence!

Especially the students, it's not good to worship!

Who is unhappy when he sees himself becoming stronger every day?

But under these gorgeous appearances are all riddled with holes that have been corroded by ants.

Shao Xingtian and their bodies are like this!

Despite the leaps and bounds of strength.

But the body is overdrawn...

It's just that I don't know it.

Obviously it was Jin Fengtian who used their bodies in exchange for what he wanted.

As a result, Shao Xingtian and others are still grateful to Jin Fengtian...

"See? They can't find it! We can increase the amount!"

The corner of Jin Fengtian's mouth swept coldly.

"Seven times! We have improved seven times! Did you see Levi Garrison?"

"Hurry up and let Levi Garrison come and have a look!"

With the increase in the amount of medicine, the faster everyone progressed.

## CHAPTER 1578

Everyone achieved the desired effect.

The first thing Shao Xingtian thought of was Levi Garrison.

He desperately wanted Levi Garrison to see how strong he is now!

He is now the student who most hopes to reach the North Devil!

The whole person is full of confidence.

Except for Jin Fengtian, no one is concerned.

“In three days, I will hold an international competition specifically for you young people to compare!”

“At that time there will be geniuses from ten countries to participate, they are not weak, you must stand up!

Jin Fengtian said.

Mainly to test the results of special training.

Convince Erudia. mi. c

They can get more benefits!

Coincidentally, other countries are also conducting special training similar to the Qianlong Project.

They are also actively preparing.

So Jin Fengtian hosted an international competition with his connections and status.

“Instructor Jin, you must let Levi Garrison, let him take a good look!”

Shao Xingtian shouted.

Finally, the person in charge of Messiah went to Levi Garrison specially.

Tell him about the international competition.

“It just so happens that I just want to let people practice their hands!”

Levi Garrison also wanted to find someone for Xiao Feng and the others to practice, but he didn't expect the opportunity to come.

“Huh? What hands do you practice?”

The other party looked at Levi Garrison suspiciously.

“Remember the first batch of students who failed in Qianlong Project?”

“Remember, weren’t all taken away by you? What’s wrong?”

Levi Garrison smiled: “Now they have recovered, and their strength has improved by leaps and bounds. I want them to participate in this competition

too!”

“Impossible! Don’t lie to us. Everyone knows that they are useless. Like you, they can’t practice martial arts! Want to participate in the competition?”

“Impossible! wishful thinking!”

“Don’t fool around!”

...

Without one person’s consent, Levi Garrison could only give up.

Soon, this international competition began.

Levi Garrison came to the scene to observe.

The game went on fiercely.

The one hundred students of the Qianlong Project swept the geniuses of the other nine great nations with the swift momentum of destroying Lagu.

Win the championship of the international competition with an absolute advantage!

Their strength has stunned the nine great nations.

It doesn't seem to be one level!

For Shao Xingtian and the others, Messiah was very satisfied, and Erudia was very satisfied.

Everyone spoke highly of the three instructors Jin Fengtian.

Messiah felt fortunate for his wise decision.

First, Levi Garrison was not allowed to be the bishop, but Jin Fengtian was hired as the bishop.

Second, kicking Levi Garrison out in time did not affect the training.

Jin Fengtian looked at Levi Garrison triumphantly, his eyes just showing off.

"Levi Garrison, have you seen it now? Without your interference, we will make faster progress!"

"Among the students in the same period, we are invincible!"

"I have improved tenfold in this period of time! Don't you think about it? What else do you have to say?"

“Didn’t you say that we won’t make progress if we leave you? Now? Does your face hurt?”

...

Shao Xingtian and others stared at Levi Garrison.

They thought that Levi Garrison would show a look of shock and regret...

But Levi Garrison didn’t have any reaction at all.

He sneered: “It’s a mistake for you to make rapid progress!”

“but.....”

“But what?”

Shao Xingtian stared at Levi Garrison seriously.

“But you are wasting your life and vitality! You are going to be finished!”

Levi Garrison naturally saw these people’s state of defeat in the city.

“Ok?”

Hearing this, Jin Fengtian’s face changed drastically.

Did Levi Garrison see it?

The big thing is bad!

## CHAPTER 1579

Although Jin Fengtian was far away, his attention was all on Levi Garrison's body.

A bloodthirsty and brutality flashed in his eyes.

No one can see it for so long.

But Levi Garrison noticed it.

After Shao Xingtian and others heard it, they stared at Levi Garrison angrily: "What do you mean?"

"I advise you to stop training as soon as possible, otherwise you will be miserable! Even if you do not die, you will be completely useless!"

Levi Garrison seriously persuaded.

When their bodies consume vitality and blood, they are wasting their lives.

Even the "do not break or build" technique cannot be saved.

"Huh? Levi Garrison, can you make it clear, what on earth are you trying to express?"

Everyone was dumbfounded. ..

“To put it bluntly! You are taking drugs now! You should have taken some kind of drug that stimulates your strength!”

“In a short period of time, your strength will increase by leaps and bounds! But this is what you bought from burning your vitality!”

...

Levi Garrison said this.

Everyone was taken aback.

Faintly feels reasonable.

Many people felt that there was always a problem before.

Li Changan, who was not far away, trembled in his heart when he heard it.

He had been skeptical before.

Now hearing what Levi Garrison said, I gradually understood it in my heart.

Is it really so?

He looked at Jin Fengtian subconsciously and was startled in a cold sweat.

“Levi Garrison, what are you talking nonsense? We are burning vitality? Why don’t I know?”

“Yes, we don’t know our own body?”

Shao Xingtian asked the others back.

Levi Garrison smiled: “Come on, I will teach you a way to know if there is a problem with your body!”

“Come, I don’t believe it!”

“Come on, do it with me...”

When Levi Garrison was about to teach everyone, Jin Fengtian and the two rushed over aggressively.

“Levi Garrison, you are presumptuous!”

“Students who came to question me? What are their problems?”

Jin Fengtian roared.

“Yes, Levi Garrison, are you trying to sow discord?”

The master of physical training also roared.

Now the two decided that Levi Garrison knew what.

Naturally, Levi Garrison would not let Levi Garrison go on.

“You know what you are doing well! For your own benefit, you are really unscrupulous!”

“Are you going to abolish these hundred genius seedlings? Don’t think other people don’t know?”

...

The more Levi Garrison said this, the more they panicked.

“You ask everyone, is our training carried out normally? Messiah knows about each process!”

“Furthermore, these are all my students, why should I harm them?”

“You definitely treat a gentleman’s belly with the heart of a villain, because if you kick you out of the instructor’s position, you will hold a grudge!”

Jin Fengtian was in a hurry and hurriedly shouted.

The voice is getting louder and louder.

“Do you believe him, or do you believe me?”

Before Levi Garrison could speak, Jin Fengtian asked everyone.

“Of course, instructor Jin, we trust you. Without you, how can we be today?”

“Levi Garrison is clearly here to provoke discord! We are not fooled!”

Shao Xingtian’s 100 students immediately expressed their views.

No one believes in Levi Garrison.

After all, Jin Fengtian brought them sweetness.

Let them progress so fast.

They have no reason to distrust Jin Fengtian.

“Instructor Jin, of course we believe in you, and you really did bring out the results!”

“We haven’t seen you harm people, what we have seen is progress!”

The person in charge of Messiah looked at Levi Garrison again: “This time it is you who are wrong! You should not slander Instructor Jin! Hurry up and

apologize to Instructor Jin!”

## CHAPTER 1580

Mainly, what Levi Garrison said has no basis!

What's more, Jin Fengtian made real results.

Erudia and Messiah both trusted.

Levi Garrison talked about Jin Fengtian's problem at this time, as if he was instigating discord.

Levi Garrison glanced at everyone deeply and said, "Okay, I reminded you once anyway!"

"If you continue to train, you will die or become disabled!"

"Levi Garrison, you really don't know what to do! You are looking for death!"

Shao Xingtian was angry.

Levi Garrison stopped paying attention to these people and turned and left.

Jin Fengtian and the two looked at Levi Garrison's back, and the two looked at each other.

The eyes were full of killing intent. m.bg.

Levi Garrison seems to really know something, so the best way is to get rid of him.

The dead will shut up!

At this time, Li Changan had been staring at the two of them.

Although he was one of the three major instructors in the previous training, he actually didn't feel much involved.

Everything is planned by the two of Jin Fengtian, and he is not allowed to participate at all.

This is definitely a problem!

Li Changan decided to find out what happened?

After Levi Garrison came back.

Continue to stimulate Xiao Feng and them.

“The second batch of students of the Qianlong Project are currently better than you! You have a long way to go!”

Levi Garrison said.

But in fact, the 100 people of Shao Xingtian and the 100 people of Xiao Feng have no law at all.

Neither side is on the same level anymore.

Even if Shao Xingtian's 100 people took special medicines, they still couldn't keep up with Xiao Feng and the others.

But Levi Garrison wanted to deliberately say something ironic.

Let Xiao Feng and the others continue to work hard!

You must work quietly, and then surprise the whole world!

Levi Garrison looked at a group of young people holding their fists, eyes full of expectation.

After Jin Fengtian and his party returned to the base, they continued to train.

Li Changan began to pay attention to the two.

Jin Fengtian didn't know it at all.

"Levi Garrison is aware now, what should we do?"

The master of physical training seemed a little flustered.

"Why don't we just stop now, I can't bear to see these children abolished! And you are still a big summer, can you still watch your compatriots die?"

But Jin Fengtian smiled contemptuously: "In fact, I am still a member of the War Eagle Nation, and now I am restored to Erudia nationality because

they have given generous terms! What does the life and death of these Erudia people have to do with me?"

"The Qianlong Plan is still as usual, the amount of potion has to be reduced a bit, otherwise it is easy to get a clue!"

Jin Fengtian said.

"As for Levi Garrison, I'm afraid of bad things from him! Let's find someone to kill him!"

Jin Fengtian was all murderous.

"Okay, leave this to me!"

"Levi Garrison will not survive tomorrow!"

...

The two did not expect that the conversation was all heard by Li Changan outside.

Sure enough, there is a problem!

An irritation flashed across Li Changan's face.

These two people want to abolish all these students for their own benefit.

wrong!

They want to kill Levi Garrison!

He must stop!

Knowing the truth, Li Changan chose not to move.

He was afraid of stunning the snake.

After he has collected all the evidence, he will expose the two people.

All you need to do now is to tell Levi Garrison first.

When they came to Levi Garrison, Li Changan told all the news that Jin Fengtian and the two were about to kill him.

But Levi Garrison looked calm and smiled: "I know, they will definitely come to kill me."

"Then you can still laugh?"

Li Changan is very different.

"Come on, let me kill a few!"

## CHAPTER 1581

Levi Garrison's face was indifferent and Li Changan was stunned.

If it was him before, even if the whole world targeted him.

He doesn't care about it.

But now you are an ordinary person, and you still don't care so much?

Is this joking with your own life?

"Is there anything else? If there is anything wrong, leave quickly!"

Levi Garrison gave the order to chase off the guests.

"Then be careful yourself! It's better to hide! They will never let you go!"

Li Changan took a deep look at Levi Garrison.

"Be careful, too, let them know it!"

Levi Garrison reminded me. mi. c

Li Changan smiled: "Don't worry! No! I am Messiah's special instructor, they dare not kill me!"

Li Changan didn't take this matter to heart.

He even felt that Levi Garrison was thinking too much.

Not caring about his own life and death, but caring about himself.

But he still prayed that Levi Garrison could tide over the difficulties.

After Li Changan returned to the base, he found that the two of Jin Fengtian were using medicine secretly.

He quietly recorded the evidence.

On the other side, the master recruited by the master of physical training has arrived.

Eight people sneaked into North Hampton to assassinate Levi Garrison.

Soon the two sides met.

"You guys go try it!"

Levi Garrison asked the six guards sent by King Shu to try.

The six have been training with Levi Garrison all this time.

Just try to make progress?

The two sides fought a battle and ended in a tie.

It is a great improvement for the six.

After all, the other eight people are the hidden masters of the Tai Kingdom.

The six opponents were also shocked.

Are these six little guys blocking them?

“You Levilia!”

The most surprising thing was that Levi Garrison pulled Levilia in front of him.

Seeing the little boy Levilia came to challenge them, the eight masters were dumbfounded.

How do you look down on them?

A little kid came to deal with them...

provocative!

**\*\*Naked provocation!**

“Kill her!!!”

One of them couldn't bear it, and immediately rushed forward, making a sudden killing move on Levilia!

“boom!”

A terrible scene appeared, and this person was kicked flying by Levilia.

After hitting the ground heavily, he couldn't get up anymore.

The other seven people were stunned.

“Go! Go together!”

The remaining seven people shot one after another.

“boom!”

“boom!”

“boom!”

...

Levilia fought with the seven.

Soon, all the seven flew out.

Everyone fell to the ground, looking at Levilia this little kid in an incredible way!

They are going crazy!

The eight masters who are well-known in the Tai Kingdom were defeated by a little kid...

unimaginable!

The six guards were also shocked!

None of these eight people turned out to be Levilia's opponent...

terrible!

too frightening!

The key is how old Levilia is...

The six guards became more determined.

Be sure to follow Levi Garrison.

Only in this way can we have a bright future!

“Take them away!”

After speaking, Levi Garrison took Levilia to leave.

Today is Levi Garrison’s first actual battle with Levilia.

It turns out to be very successful!

In the future, if you want to improve, you must sharpen it more.

This is the beginning!

Soon the two of Jin Fengtian knew about it.

“What? It failed?”

“Impossible, I deliberately sought out eight top masters from the Tai Kingdom! How could I fail?”

“Levi Garrison is an ordinary person, and there are no masters around him! How could they fail?”

The two looked surprised.

When Li Changan learned about this, he was also extremely surprised.

How did Levi Garrison survive?

This makes sense!

Levi Garrison is an ordinary person!

confused!

So confused!

## CHAPTER 1582

It's not just them who are confused.

And the black dragon father.

The power that appeared from the supreme-level powerhouse still wondered about Levi Garrison now.

In the end they negotiated a plan.

"Sending someone this time is not to kill Levi Garrison. It's to test who is protecting him..."

"Well, yes! Test first! It's not too late to kill Levi Garrison after the test!"

"Okay, just follow your ideas!"

...

Black Dragon's father also agreed with this matter.

"So this time we send out a pseudo-Supreme-level powerhouse! This way, those people will not be disturbed, and they will be able to escape when

they are in danger!"

“Well, yes!”..

The so-called pseudo-superior-level powerhouse is one stepping into the ranks of the supreme-level.

But it's not really a supreme class...

Of course, the pseudo-superior class is very strong and very strong!

Better than the North Devil!

On the other side, in the Qianlong Project Base.

Jin Fengtian and the two are also investigating why Levi Garrison died.

At this time Shao Xingtian came up.

“Instructor Jin has something I don't know if I should say it?”

“Say! What's the matter?”

The two looked at Shao Xingtian.

“I found that instructor Li was a bit weird recently. He was absent-minded in class and kept staring at you secretly at other times. I have seen him

come to your residence privately. I don't know what I'm doing? Do you know?"

Shao Xingtian said curiously.

"Boom!"

Hearing this, Jin Fengtian's brains seemed to explode.

not good!

Li Changan should know something...

No wonder his behavior has been abnormal recently, even Jin Fengtian and the others are curious.

correct!

If nothing else, he saved Levi Garrison.

"Okay, we get it! This matter is not allowed to spread! Instructor Li may have betrayed Erudia..."

Jin Fengtian said.

"what?"

Shao Xingtian was very surprised.

Li Changan is a famous instructor.

How could you betray Erudia?

However, Li Changan's recent series of strange behaviors are probably stealing secrets, leaking training plans, etc...

Maybe it's really possible!

"Don't say anything about this, I'll take care of it!"

Jin Fengtian patted Shao Xingtian.

After Shao Xingtian left.

A bloodthirsty killing intent flashed in Jin Fengtian's eyes: "Li Changan must die! He does not die, it is us who die!"

"Wrong! He must have found out early, and I am afraid that he is collecting evidence now!"

Said the master of physical training.

"We have to speed up! If Li Changan exposes us, we will undoubtedly die!"

Jin Fengtian can't wait.

Li Changan is still collecting evidence.

But what he didn't know was that Jin Fengtian and the two had discovered it.

They were already staring at him.

“call!”

After collecting all the evidence, Li Changan breathed a long sigh of relief.

“I don't know how Instructor Ye found out? He really got it right! I got the evidence this time, where do I see them flee?”

Li Changan was about to leave with the evidence.

“Rumble...”

Suddenly, the gates here closed one after another.

No, let's find out!

“Li Changan, you are so brave, did you come to our site?”

Accompanied by the voice, the two of Jin Bongtian appeared.

Li Chang'an squinted his eyes, and shot all the lights.

"Huh, you two shameless guys! For your own benefit, you killed Erudiacai! Now I have collected all the evidence! You surrender yourself! I will

consider forgiving you!"

Jin Fengtian smiled: "But the dead won't tell you! As long as you don't tell, no one knows!"

## CHAPTER 1583

“Yes, as long as you die, no one will know our secret!”

The master of physical training also showed a weird smile.

At this moment, Li Changan felt a strong killing intent.

“I am Messiah’s person, do you dare to kill me?”

Li Changan’s complexion changed.

“Do you know the consequences of killing Messiah?”

Li Changan naturally did not believe that they dared to kill himself.

“What if you are Erudia’s traitor? You are dead, everyone clapped, right?”

Jin Fengtian laughed suddenly.

“you guys.....”

Li Changan’s face changed drastically when he realized something. m.bg.

He also thought of what Levi Garrison had reminded him.

This group of people really killed him!

“withdraw!”

Li Changan immediately thought about evacuation.

“Want to run? Late!!!”

Jin Fengtian and the two immediately locked Li Changan’s escape route.

“kill!”

Li Changan can only kill out by himself.

...

In a small space, a fierce fight was staged.

But after all, Li Changan was outnumbered.

Finally he fell in a pool of blood, dying...

The two Jin Bongtian also pretended to be injured.

“Rumble...”

At this time, all the doors of the laboratory were opened.

Shao Xingtian brought everyone here.

“Before I was just skeptical, I didn’t think that instructor Li, you really betrayed Erudia and came to the laboratory to steal information!”

Shao Xingtian received the notice from Jin Fengtian and he came immediately.

Seeing the scene in front of me, it was a scene where Li Changan was about to steal data and was taken by Jin Fengtian.

“Instructor Jin, are you okay?”

Shao Xingtian and the others began to care about Jin Fengtian.

“Fortunately, you guys came quickly, otherwise you really let him escape!”

Jin Fengtian wiped the blood donation at the corner of his mouth.

Li Changan, who fell in a pool of blood, looked at several people, gurgling to donate blood.

His eyes are about to fly out!

“He...he...”

In the end, Li Changan died without saying a word.

Li Changan is dead.

The Qianlong Plan base made a sensation.

Messiah made a sensation.

Li Changan stole Erudia secrets, leaked training plans, and betrayed his country to seek glory. He was discovered by two instructors Jin Fengtian and

many students and was killed on the spot!

Although this matter is full of doubts.

But the evidence is conclusive.

Jin Fengtian and the others have devised evidence of Li Changan’s traitorous collaboration with the enemy in the past few days.

Definitely.

There is no possibility of a comeback at all!

Li Changan died when he died.

Have to carry the infamy of a traitor!

Jin Fengtian and several students also received awards.

“Next get rid of Levi Garrison and sit back and relax!”

The two Jin Fengtian smiled bloodthirsty.

When they came up with Levi Garrison’s idea.

Levi Garrison certainly received the news of Li Changan’s death.

He thought that Li Changan could escape.

“Unreasonable!!!”

“To kill my compatriots, but also to bear the infamy of traitors!”

Levi Garrison was angry.

In terms of emotion and reason, he must seek justice for Li Changan.

Before Li Changan came to remind him.

Levi Garrison still remembered this kindness.

“I didn’t want to intervene in this matter! You forced me!”

Levi Garrison was very angry.

“I personally go to the base to seek justice!”

Levi Garrison quickly went to the Qianlong Project training base.

His arrival surprised everyone.

“What are you doing?”

Many students stared at Levi Garrison.

Levi Garrison shouted at the base: “Get out of the murderer who killed Li Changan!”

This sound was like a roar of thunder.

Spread throughout the base.

Everyone inside was shocked and all rushed over.

## CHAPTER 1584

Seeing that it was Levi Garrison, everyone said angrily: “Levi Garrison, what are you doing here?”

“I’ll find the murderer!”

Levi Garrison said coldly.

“Are you going to the wrong place? What murderer are you looking for? This is a training base, and there is no murderer you are looking for!”

“Leave quickly! Stop making trouble!”

The person in charge of Messiah looked at Levi Garrison dissatisfied.

Can he stop a bit?

After coming down from the high position, Levi Garrison was making trouble almost every day.

This time I came to the training base to make trouble...

“I’m looking for the murderer who killed Li Changan!”

Levi Garrison said angrily. mi. c

“You are presumptuous!”

“Li Changan was treason with the enemy and was found to be killed when stealing Erudia secrets!  
He deserved the crime and should be condemned

to death!”

“Why did the murderer say?”

The person in charge of Messiah glared at Levi Garrison angrily.

He is getting more and more outrageous!

“Wrong! Li Changan’s act of treason with the enemy is what we have seen with our own eyes, and  
the evidence is solid!”

“You should kill him! Erudia shouldn’t have this cancer!”

“Levi Garrison, did you deliberately come to make trouble?”

Shao Xingtian said several people.

“Yes, that’s wrong! Li Changan is very guilty! We discovered earlier that he had betrayed Erudia and  
had stolen secret sales many times! We have

collected sufficient evidence!”

“It’s impossible for you to vindicate Li Changan! Besides, are you an associate of Li Changan?”

Jin Fengtian beat him down.

Splash the dirty water on Levi Garrison.

Jin Fengtian looked at each other and smiled.

Originally wanted to target Levi Garrison.

Unexpectedly, he came to the door by himself.

“Associate??”

Everyone looked at Levi Garrison with weird eyes.

“It’s so shameless!”

“You two are the murderers who killed Li Changan!”

Levi Garrison stared at the two.

“Yes, it’s wrong! Li Chang’an was indeed the two of me who killed him! But that was his collaborating with the enemy and treason, we can only kill

him!”

“Did we do something wrong?”

Jin Fengtian asked.

“Wrong! Instructor Jin, you did the right thing! Messiah supports you, Erudia supports you!”

“You are not at all wrong! Kill it well, kill it right!”

In the face of absolute evidence, Messiah chose to believe in the two of Jin Fengtian.

Levi Garrison looked up helplessly and looked at the sky. He sneered: “Are you stupid? How could Li Changan betray Erudia? These two people are

doing a ghost! It is obviously Li Changan who found evidence that they did evil and was killed. Up!”

“Levi Garrison has all the evidence, what else do you have to say?”

The person in charge of the base threw the evidence to Levi Garrison.

Levi Garrison read page by page.

The smile on the corner of his mouth grew thicker.

Regarding the evidence of Li Changan’s treason with the enemy, they did it perfectly.

You can’t find a fake place.

As for the evidence collected by Li Changan, they had long since destroyed it.

The evidence is absolutely impossible to vindicate Li Changan.

Don't think about it in this life.

If you ask for evidence, you can only prove that Li Changan is a traitor and Jin Fengtian is a great hero.

After reading the evidence, Levi Garrison smiled.

"How? Levi Garrison, what do you have to say now? Are you still looking for a murderer?"

Everyone asked back.

"It's wrong! If you are legal, I can't ask for justice for Li Changan!"

Hearing this, everyone laughed.

Especially Jin Fengtian and the two are even more proud.

Levi Garrison clearly knew that they were the one who killed.

But helpless!

"But I will seek justice in my own way!"

## CHAPTER 1585

The words came out.

Everyone was taken aback.

What is Levi Garrison doing?

“Just you? How do you want to get justice?”

Jin Fengtian looked at him in surprise.

“I will kill you!”

Levi Garrison stared at the two men murderously.

That terrible look was like he had just come from hell.

A few simple words, but set off a stormy sea.

Everyone was taken aback.

According to the Erudia Law, Li Changan is a capital crime. ..

The two of Jin Bongtian killed him for meritorious service.

Does not constitute any criminal nature.

After all, the evidence is too complete!

There is no possibility of any refutation!

Even if you know that everything is a conspiracy designed by Jin Fengtian, they killed Li Changan and made him bear the charge.

But you have no way!

The rules and laws are Li Changan's sin.

You can't avenge Li Changan at all!

Even Levi Garrison had no idea.

Helpless!

Aggrieved!

Like a knuckle in the throat, and a awn on the back.

That feeling makes people feel desperate!

Can only lament the injustice of the world!

Can only watch the murderer laugh, Li Changan's unjust soul cries humiliatingly...

No way!

Everything they did was seamless!

There is no way to use them at all!

Many people in Messiah are friends with Li Changan.

Can they see the clue?

There is no way!

There is no evidence pointing to Jin Fengtian and the others.

Everyone can only break their teeth and swallow them in their stomachs.

But Levi Garrison is different.

Although he could not vindicate Li Changan.

But he can take revenge!

Kill the people who killed Li Changan!

He is going to kill Jin Fengtian two people now, ignoring all the rules!

This is his own way!

“Levi Garrison, are you crazy? Are you going to kill someone???”

Everyone was taken aback.

Looking at Levi Garrison incredulously.

“Yes, I want to kill and revenge! This is my way!”

Levi Garrison’s eyes were needle-shaped, and the intense murderous intent had already targeted Jin Fengtian.

“Are you going to disregard the Erudia Law? Do you want to disregard all the rules? Levi Garrison, you are too presumptuous!”

“In front of us, do you dare to kill?”

“In front of Erudia, how can you allow you to do anything wrong? Go back quickly, we thought this happened before!”

The people in charge of the base were all angry.

“Dare, what’s not to dare?”

“I just want to kill these two people in front of all of you, in front of Erudia’s rules, and in front of the world!”

Levi Garrison’s expression was firm, and it didn’t look like a lie at all.

“Levi Garrison, don’t mess around! You control your emotions! You...”

The person in charge of the base is already anxious.

At this time, Shao Xingtian laughed: “He murdered? Isn’t it ridiculous? If you let him kill, who can he kill? He is just an ordinary person!”

After Shao Xingtian’s reminder, everyone reacted one by one.

Yes, Levi Garrison is an ordinary person, who can he kill?

Where are Jin Bontian standing and let him kill, can he kill it?

Thinking of this, everyone smiled.

Laughter and ridicule!

Jin Fengtian and the two looked at each other and were also happy.

An ordinary person yells to kill them?

It's ridiculous!

"Come on, we stand here to let you kill!"

"Give him the knife!"

Jin Fengtian laughed.

"Lend your knives for a use!"

Levi Garrison took a short knife from a student next to him, and walked towards Jin Fengtian and Jin Fengtian step by step.

"Levi Garrison quickly stop! As long as you do it, the nature is different!"

Someone shouted.

Levi Garrison walked quickly to the two of them.

The knife light flashed, and the blood donation shot.

"Puff!"

"Puff!"

## CHAPTER 1586

Everyone didn't expect it to happen all at once.

Levi Garrison stabbed each of them.

The two of them covered their hearts with blood gurgling.

shocked!

Both Jin Fengtian were dumbfounded.

Looking at Levi Garrison incredulously.

what happened?

How can an ordinary person have such a fast speed?

Soon they have no chance to react at all.

The consciousness of the two gradually disappeared...

Judging from Levi Garrison's momentum just now, they were sure that Levi Garrison would definitely dare to make a move. m.bg.

But if an ordinary person shoots, how can they stop it.

Let him kill it!

But I didn't think that when Levi Garrison made a move, the two big masters didn't have time to react at all.

I was stabbed twice by Levi Garrison...

When the two died, Levi Garrison was not an ordinary person at all.

He is still strong!

Powerful enough that they were killed without any reaction!

But in the eyes of others, it is a different matter.

It was Jin Fengtian who stood still and made Levi Garrison to kill.

Everyone felt that Levi Garrison didn't dare to do it.

But Levi Garrison did it.

The two were unprepared and they were killed by Levi Garrison.

"If there is justice, I will fight for justice!"

“The rules don’t let me kill me, I will kill!”

“You won’t let me kill, I just want to kill!”

“Murder pays for life, it is justified!”

Levi Garrison’s whole body is murderous, like a god of death who harvests life.

Play sideways with him?

He is more horizontal than you!

I will not only kill!

Also kill in front of everyone!

This is Yoko!

stunned!

Everyone was scared silly!

How can an ordinary person have this kind of aura?

He has a look in the eyes of everyone in the room!

“Puff!”

“Puff!”

It wasn't until Jin Fengtian fell to the ground that everyone reacted.

“Instructor Jin!!!”

Shao Xingtian immediately jumped on them.

It's just that Levi Garrison's two cuts are thorough, and he doesn't give the two a chance to survive.

“Levi Garrison, a good thing you did! You are over, you are completely over!”

“You killed the two instructors of the Qianlong Project, you are abolished in this life, and you will be finished with your family!”

Shao Xingtian and the others stared at Levi Garrison.

“Levi Garrison, you are crazy!!!”

“You not only killed two people, you killed two of Erudia's heroes! What you killed was Erudia's hope!”

“You personally ruined Qianlong Plan! You ruined Erudia's future!”

The base was in charge of the crowd yelling frantically.

The two men died.

The Qianlong Project is equivalent to waste!

Because of emotion, reason and rules, Levi Garrison can't kill it!

"Levi Garrison, you are provoking Messiah's majesty! You are provoking Erudia!!!"

"You know the law and break the law, are you really going to fight against Erudia?"

Everyone stared at him tightly.

"No, I never wanted to provoke Erudia in the past! I am dedicated to Erudia! I just did something right in my way!"

"Brother Chang'an, I have avenged your grudge! Don't worry about your walk along the way!"

Levi Garrison roared a few times, and walked away.

"Brothers just let him go like this?"

Shao Xingtian shouted.

“No! He killed the instructor and must not let him go!”

The crowd rushed over with red eyes.

The three layers inside and outside surrounded Levi Garrison.

“Murder pays for life!!!”

Shao Xingtian and others pushed towards Levi Garrison step by step.

“f\*ck me away!”

Levi Garrison’s eyes shot brilliantly.

“We just won’t let you, today you don’t want to leave here alive!”

## CHAPTER 1587

Shao Xingtian and the others settled their minds and wanted to avenge Jin Fengtian.

Everyone looked at Levi Garrison murderously.

“I can’t help myself!”

In Levi Garrison’s eyes now, they are as weak as ants.

One finger can blow everyone up.

The rattling atmosphere is on the verge.

“Hold on, let him go!”

Shouted the head of the base.

This matter is too big.

Far beyond his control.

He can’t solve it. mi. c

It can only be reported to the senior Messiah to solve it.

Levi Garrison can only leave now.

“He killed Instructor Jin? Just let him go?”

“I’m not convinced!”

Shao Xingtian refused to agree.

“Can’t let him go!!!”

All the students were crazy and wanted to block Levi Garrison.

“Let him go, this is an order!”

The person in charge of Messiah shouted.

Everyone could only separate one road, and watched Levi Garrison leave.

“I have to say, you personally destroyed the Qianlong Project!”

The moment Levi Garrison walked out of the base, the person in charge gritted his teeth.

The Qianlong plan that Erudia spent so much to build was completely destroyed in Levi Garrison’s hands.

But Levi Garrison smiled: “Who said the Qianlong Project was ruined? I will send you a batch of better ones!”

Isn't Xiao Feng's group much better than Shao Xingtian and the others?

In the true sense, Levi Garrison's successor!

He didn't do anything wrong in this matter.

The Qianlong Project was stopped in time, so that Shao Xingtian's 100 people would no longer be persecuted.

At the same time, the two malignant tumors of Jin Fengtian were eliminated.

"You...you wait for serious consequences!!!"

The crowd roared anxiously.

The Qianlong Project base fell into a dead silence.

The person in charge quickly reported the matter.

On the other side, Levi Garrison was on the way back.

The corner of his mouth suddenly conjured up a strange arc.

He noticed that a super master was following him in the dark...

He even said that he has followed here from the Qianlong Project Base.

Very strong!

Super strong!

A master much stronger than the North Demon!

It can even be said that Levi Garrison has encountered the most powerful master.

If it was him before, I would be desperate when I met this one.

Fortunately, he has a teacher.

Give him a new lease of life.

Levi Garrison let him follow.

All the way back to North Hampton.

In the training base he built.

Xiao Feng and the others are training seriously, and the six guards and Levilia are among them.

The scene was in full swing.

When everyone saw Levi Garrison coming, they stopped everything at hand and looked over respectfully.

The pseudo-extreme master in the dark was taken aback.

It turns out that Levi Garrison has trained so many masters?

He could see that this group of young people was much better than the group in Qianlong Project.

And this kid, so talented?

Even if they can't pick one out of that place, right?

What a horror!

Sure enough, Levi Garrison has many secrets...

He immediately became excited.

I can really find what I want today!

Levi Garrison glanced at everyone and said, "Today, I will arrange another actual battle for you!"

"The opponent is very strong! Strong enough to make people desperate!"

“You must rely on your own strength to punish him! Either he will die, or you will die!”

“I won’t do it, even if you die!”

After Xiao Feng and others heard it, their expressions were complicated.

But fighting spirit is high.

“We want to live! We want to defeat the opponent!”

Xiao Feng roared.

...

The others yelled too.

“Okay, let’s get started!”

Levi Garrison suddenly looked in one direction: “My friend has followed me all the way, come out!”

## CHAPTER 1588

“Ok?”

The pseudo-superior master in the dark was frightened.

It turned out that I had been discovered long ago.

not good!

Levi Garrison is not an ordinary person at all.

He lied to everyone!

The pseudo-extreme master slowly walked out.

Levi Garrison smiled.

The reason why he didn't catch this person on the spot.

He was to give Xiao Feng a life and death test for a hundred people.

Their strength of one hundred is enough for now. ..

But the battle of life and death has not been experienced.

Only after this battle could it be transformed.

It's the graduation exam for this training.

But other people's exams are test papers.

Xiao Feng and the others have to take the test...

The opponent is very strong!

The Pseudo-Supreme-level powerhouse also understood what was going on.

This is to practice hands with him!

"Levi Garrison wants to kill me with these hairy boys? Dreaming!"

"I'm already a false supreme-level powerhouse! If the supreme powerhouse is not out, who can do anything to me in this world?"

He shouted.

Xiao Feng and others are unheard of to the Supreme Powers.

Immediately surprised.

But everyone can feel it.

This person is much stronger than the North Demon!

It's really hard for them to get out alive!

"This opponent is stronger than ever, if you want to live, you must kill him!"

"Wish ya'll good luck!"

Levi Garrison left a few words, and then left with Levilia and six guards.

"Rumble..."

He even locked the training base.

Don't let a person run out.

Those who are alive are qualified to run out.

This battle lasted for half a day.

Even the base-specific alloy walls were beaten up and down, all traces...

The fighting sound has always been loud.

It's like being bombed all the time.

One can imagine how fierce this battle is.

Levi Garrison waited for nothing before returning to the training base.

“Boom...”

When the alloy door opened, a pungent bloody smell came over.

The blood flowed out even more.

In the training base.

There is no one standing.

All fell to the ground, or crawled, or squatted...

Everyone is covered in blood...

Looks extremely embarrassed...

Some people are even convulsing, dying...

Levi Garrison found a pseudo-Supreme-level powerhouse in the middle.

He has no breath.

Was alive to death by hundreds of people...

On the other hand, although Xiao Feng and these people were all seriously injured, everyone was breathing.

They all defeated the pseudo-extreme powerhouse alive!

I don't know what happened during this battle.

Xiao Feng and others were basically eliminated.

They will survive with the belief that they will win.

The reason why he died alone.

It still comes from their tacit cooperation.

During this time, everyone regarded each other as brothers and sisters.

You can give the back to each other.

Their belief is either all live or all die.

Don't give up anyone.

In this way, they came to the end.

The pseudo-extreme powerhouse was killed by them!

“You didn’t disappoint me!”

Levi Garrison nodded with satisfaction.

After this war, these young people will make a qualitative leap!

They can really stand alone when they go out.

According to Messiah and Erudia’s vision-to create three existences comparable to the one-word king.

This idea can basically be realized.

But this is the beginning of Levi Garrison’s devil training...

It is estimated that the black dragon father’s group of forces did not think of it.

The pseudo-Supreme-level powerhouse they sent actually let Levi Garrison’s students practice their hands and kill...

After Xiao Feng and the others settled down.

The person in charge of the Qianlong Project brought people here.

The punishment is coming...

## CHAPTER 1589

After all, Levi Garrison was a lot of coax about this matter.

Or it's very big.

Punish him for anything!

“Are you here to reward me?”

Levi Garrison asked.

“You...you are really stubborn!!!”

Everyone is going to explode.

Killing people, ruining the Qianlong Project, and still wanting to commend them?

Is this crazy?

Levi Garrison, are you really not sure what you are doing?

Levi Garrison was stunned. mi. c

I did such a great deed for Erudia.

Even if you don't praise, why should you blame yourself?

"Very angry, everyone is angry!"

"To tell you the truth, this matter is a big deal!"

"Even exaggeratedly said, you are breaking my Erudia national fortune!"

...

Several people stared at Levi Garrison angrily.

"I repeat, I killed the wicked and helped Erudia..."

Levi Garrison was interrupted as soon as he was halfway through.

"Stop talking, we don't want to hear the reason! We only know that you killed someone, and you have to be punished for killing someone!"

"Okay, let me see how you can punish me?"

Levi Garrison smiled.

"It stands to reason that you have a dead end! But everyone considers your contribution to Erudia. So give you a chance!"

“As long as you publicly acknowledge this matter and apologize! Declare to the world that you are wrong! Give up this matter!”

A smile crossed the corner of Levi Garrison’s mouth: “What if I don’t?”

“Then you will be in prison, life imprisonment!”

“Levi Garrison, we will give you three days to consider, as long as you admit your mistake and apologize, this matter will be over!”

“I hope you won’t be stubborn!”

Levi Garrison laughed suddenly: “Hahaha... what a stubborn stubbornness!”

“This is the second time, right?”

“For the first time, you believe in the culprits and lock me up! Ask me to admit my mistakes! It hurts my heart!”

“This time, you believe in the culprits again! You want me to admit my mistake again! Hahaha... it’s exactly the same!”

Levi Garrison’s smile was a little sad.

Everyone was taken aback.

It seems like Levi Garrison said.

But this time is different.

That time the four little dragons lied!

But this time Levi Garrison killed people and ruined Qianlong Project.

“Levi Garrison is not the same thing at all! You say that, is there evidence?”

Everyone asked.

“Go back and check Shao Xingtian and they will know!”

“Humph! We will come to you in three days! I hope not to put you in jail!”

After reminding, everyone left.

As for investigating Shao Xingtian, they won't take it to heart.

They thought that Levi Garrison was wrong.

Even if there is evidence, they will not look for it by themselves.

Only believe in what you see and hear.

Levi Garrison didn't take this as the same thing.

He admits wrong?

What is wrong with him?

Let him go to jail?

How can it be?

Who has this strength?

I killed someone!

what's happenin'?

I killed the wicked!

I see who dares to lock me up?

In the Qianlong Project base.

Shao Xingtian and other trainees immediately changed their instructors and continued their training.

But the effect is obvious.

When they were with Jin Bongtian, it was a farewell to each other!

Everyone was very angry, and everyone wanted to avenge Levi Garrison's death.

"This punishment is too light for him? Just apologize and it can be resolved? I'm not convinced!"

Shao Xingtian and others are strongly dissatisfied.

At this time.

The mutation happened.

Suddenly, Shao Xingtian's face was pale, his cold sweat broke out, and he collapsed, unable to stand still.

Other people also have this situation one after another...

The side effects of Jin Fengtian's medicine broke out.

## CHAPTER 1590

“what happened?”

At this moment, Shao Xingtian felt the terrible changes in his body.

He clearly felt that his body was exhausting and old...

The most intuitive is the loss of life essence...

“Cough cough cough...”

Everyone started coughing up blood.

The blood is extraordinary.

It is the most essential blood of the human body.

It is equivalent to fate.

If you don't have it, you don't have it.

.....

“What's going on here?”

For a while, everyone was dumbfounded.

“What’s wrong with my body? I don’t want to die, I don’t want to die!!!”

Shao Xingtian felt the horrible changes in his body and kept shouting.

The best geniuses at the training base immediately inspected their bodies.

“Not good, the situation is not ideal! The training program should be improper!”

The genius doctor frowned.

“Then resume coach Jin Fengtian’s training program to see?”

Someone suggested.

“Okay, try it!”

Finally, the trainees resumed using Jin Fengtian’s training program.

This training program also includes medicine or something.

Jin Fengtian’s medicine is left.

After everyone took it, something magical happened.

All the strange situation on everyone just disappeared.

Shao Xingtian and others did not feel uncomfortable.

On the contrary, it feels stronger!

“It has to be Coach Jin Fengtian! His training plan is really useful after using it!”

“Continue to use the training plan of the Golden Instructor!”

...

This time, it was the first time that the side effects appeared after stopping the medicine.

So the performance is not strong and obvious.

But the subsequent attacks must be more and more intense.

Only temporarily blinded them.

“Look, even if Instructor Jin is dead, what he left behind will allow everyone to move on. His faith is still protecting Erudia’s Qianlong Plan!”

“This kind of talent is someone respected by everyone, understand?”

Jin Fengtian was instantly tall and majestic in everyone’s minds.

“He can kill such instructor Jin, but he is still alive?”

“Levi Garrison is not dead, I am upset!”

...

Shao Xingtian made mournful sounds.

While they were blaming Levi Garrison, Heilong’s father was also staring at Levi Garrison.

“What’s going on? A pseudo-Supreme-level powerhouse disappeared when he went to explore the way?”

“It doesn’t necessarily disappear, wait a minute, I believe he will come back!”

“I still can’t think of anyone in Erudia who can target a supreme powerhouse?”

...

It’s just that two days have passed, I didn’t say anything when I came back, and there was still no information at all.

“Do you have any excuses now? He is definitely in trouble!”

Black Dragon’s father said angrily.

“Let’s consider the long-term plan? The false supreme-level powerhouses have disappeared! It shows that the problem is a bit tricky!”

This is the unanimous opinion given by everyone.

“Well, listen to you!”

Heilong’s father agreed on the surface.

But privately, he called his two sons together.

“Your third brother has been dead for so long, and the enemy is still alive. I can’t swallow this breath!”

The black dragon father roared.

“Father, we can’t help it! The third brother must not die in vain!”

The two were also murderous.

“So I don’t care, I must avenge your third brother!”

Black Dragon’s father was impatient. .

“What did the father say?”

The two brothers looked at their father.

“We don’t care about other people, my own power is enough!”

“I decided to go out of the mountain myself and take people to take revenge!”

Black Dragon’s father said this crazy plan.

“Isn’t my father trying to break the covenant of the gods?”

The two brothers were surprised.

“Then I shall be the first sinner to break the covenant of the gods!”

## CHAPTER 1591

Heilong's father's eyes were full of madness.

The brothers smiled bitterly.

Once the covenant of the gods is broken, the world can be messed up.

Not only Erudia, there will be chaos all over the world.

"Don't worry, even if I don't break the covenant of the gods, someone will break it! I just did what they all wanted to do but didn't dare to do it!"

"That's true!"

"Ma sent my order to go down, gather all our staff quietly, ready to go anytime!"

"At that time there may be a big battle, Yan Dragon Guard dares to stop it, and then Yan Dragon Guard will be destroyed!"

Black Dragon father ordered.

the other side.

Levi Garrison didn't take Messiah's warning at all. ..

Three days will arrive in a blink of an eye.

The person in charge of the Qianlong Project base brought a large group of people menacingly.

“Don’t you want to admit your mistakes?”

“Until now, do you still think what you are doing is right?”

Levi Garrison nodded: “Yes, not wrong.”

“Then we can only put you in jail! After all, what you have done is too big!”

“Whatever, come and catch! But I will convince you! Let you know that you made the same mistake again!”

Levi Garrison laughed.

Originally, he couldn’t ignore these people. After all, there was no one who could get him into jail.

But he wanted to convince Messiah to lose.

In the end, Levi Garrison was imprisoned in a special prison.

The current sentence is life imprisonment.

It depends on his specific performance to reduce the sentence.

Time passed day by day.

Shao Xingtian and other trainees continued to train in accordance with Jin Fengtian's training plan, and their progress became more and more rapid.

It's just that Jin Fengtian's medicine ran out.

Everyone doesn't treat it the same.

In everyone's opinion, medicine is not of much use.

The other side.

In the northeast of Erudia, a deep mountain buried by heavy snow in Fengtian City.

This night, a group of men in black suddenly appeared.

They are like ghosts walking through the snowy mountains.

No traces were left, including footprints.

If anyone sees them, they will probably be regarded as monsters...

This team traveled very fast, and soon became one with the dark night.

Darkness is coming to this world...

The covenant of the gods is about to be broken.

Levi Garrison was not idle in the prison, he was also cultivating.

The old man passed him too much.

It is impossible to digest in a short time.

“It is estimated that the person behind the black dragon will really show up!”

Levi Garrison actually had a foreboding of the appearance of Heilong’s father.

“It’s not good, according to the report of the seventh team of the Dragon Group, I saw a group of mysterious people appearing near Fengtian City in

the northeast!”

“Does the seventh team ask for instructions to stop it?”

Such a message came from the base of Yanlong Guard in Beijing.

“Block! Must be blocked! Check their identities! If necessary, catch them!”

“Immediately send additional manpower to the seventh team!”

...

Soon, the army gathered on a road south of Fengtian City.

The assembly of 80,000 soldiers is complete.

Just to stop the mysterious person.

The mysterious man is of course the black dragon father and the group.

They did not deliberately conceal their whereabouts.

Instead, he swaggered south.

It seems to be to tell the world that they are here.

Soon, they encountered an army of eighty thousand.

“This road is nowhere!”

“Come on, all squat down and accept our interrogation!”

Eighty thousand troops gave them enough oppression.

“If you don’t want to die, get out of the way!!!”

No one knows that Black Dragon's father is extremely tough on this side.

Then a great war began.

Eighty thousand people were crushed.

The supreme-level powerhouse turned out.

Erudia was shocked.

The world is shocked.

## CHAPTER 1592

For a while, all parts of the world were ready to move.

“The covenant of the gods is broken!”

“The covenant of the gods is broken!”

“We can be born!!!”

...

An unprecedented darkness is about to envelop the whole world.

Erudia’s battle.

No one thought of it.

There are more than one or two Supreme Powers.

It has disappeared for a long time, or the supreme powerhouse that has been erased from the data has actually come...

In fact, the supreme-level powerhouses have always existed, but the information and rumors about them have been truncated and erased from the

source by various countries, creating a blank. m.bg.

99.9% of people don't know.

Even if most Messiah people hadn't read the information that day, they wouldn't know.

"Sure enough! The supreme-level powerhouse has appeared!"

Everyone's faces were extremely pale.

The cold sweat was rustling.

"Don't look at them as having only three thousand people, the fighting power of these three thousand people is simply terrifying! Three hundred

thousand people can't stop it!"

"Hey, supreme-level powerhouses have appeared, the number is useless!"

"Unless they are brought together, nuclear bombing will be effective!"

"But it's difficult, it's impossible for someone to stand and let you fight!"

...

The entire Yanlong Guard was dead silent.

“I just heard the news that they broke the covenant of the gods! Now the whole world is going to be in chaos!”

According to senior officials.

“What is the covenant of the gods?”

Everyone is at a loss.

“I don’t know for the time being, it’s still being verified. It’s probably an agreement made to restrain the supreme powerhouse!”

“By the way, have you found out where this group is going?”

“I have been heading south, and I am now close to North Hampton and South Hampton!”

...

In the North Hampton Qianlong Project Base.

Shao Xingtian and others are still training.

This is the first day they stopped the special potion of Fengtian.

The body has not felt any discomfort yet.

“Rumble...”

At this moment, suddenly a roar of thunder blasted over the base.

“Enemy attack!”

The base’s alarm sounded at the same time.

Everyone in the entire base immediately gathered together.

Looking straight ahead.

“boom!”

A terrible breath spread.

It’s like Mount Tai is pressing on the top.

Everyone was overwhelmed with breath.

That seems to be the scene of the real end.

Before this unprecedented pressure, Shao Xingtian and other practitioners began to change their bodies.

The side effects of their medicine are about to happen...

Abruptly was urged out by this majestic pressure.

One.

Two.

Three.

...

Hundreds.

Thousands.

When Heilong's father led the army to suppress, the entire Qianlong Plan base was silent.

What kind of existence is this?

What are they doing here?

“puff!”

“puff!”

“Cough cough cough...”

“Puff!!!!”

...

At this time, Shao Xingtian and all of them reacted physically.

This time the side effects are too great.

Everyone coughed up blood and fell to the ground. Their organs were shrinking and failing, and even their appearance was becoming extremely old.

Life energy is losing...

For the first time, Shao Xingtian felt that he dragged the body of a hundred-year-old man.

“I don’t want it! I don’t want it!”

“Stop it!”

...

The students went crazy.

Seeing this, Black Dragon's father sneered and said, "This is Messiah? Use medicine that burns human vitality to forcibly increase strength?"

"Look now, the side effects are coming, none of these people can survive!"

When Heilong's father reminded, everyone thought of one person-Levi Garrison.

## CHAPTER 1593

Levi Garrison said something similar before.

No one would believe it.

Is it really so?

Black Dragon's father shook his head again and again: "Messiah used this kind of indiscriminate means to train people? No, I should say that

you have a problem with your brain.

This kind of drug improves your strength at the moment of life and death. How do you use it in your usual training?

This group of children must die! No one can live! "

"Yes, feel the body, the vitality is lost, the life essence and blood are coughed up... Obviously it is the cost of burning life..."

Others also pointed out this fact.

"what???"

Everyone was surprised.

Especially after Shao Xingtian heard them, they were completely dumbfounded. ..

I think of it again, and there is no reaction after taking the medicine.

Basically, this matter can be determined.

“Who the hell has such a big hatred with Messiah, who uses this method to harm people?”

Black Dragon’s father asked.

It’s impossible for Li Changan!

Levi Garrison is impossible!

That can only be Jin Fengtian!

understood! ! !

The progress of the students at first had nothing to do with Jin Fengtian.

It was everyone who participated in Levi Garrison’s special and ordinary training program.

Later, in order to keep his position and his own interests, Jin Fengtian secretly used this life-burning potion to achieve the effect of improvement.

Jin Bongtian deceived everyone...

In the international competition, Levi Garrison had raised questions a long time ago.

We also need to teach you methods to test.

It's just that no one listened to him at the time.

On the contrary, he still thinks that he is instigating discord...

It turns out that people have seen it a long time ago.

Later, Li Changan discovered the clues and has been searching for evidence.

But he was beaten by Jin Fengtian and the others, saying it was theft of secrets and treason.

Also killed Li Changan.

Blame!

Deep self-blame!

Thinking of this, Shao Xingtian vomited blood again.

Thinking about it now, Levi Garrison didn't do anything wrong at all.

He killed both Jin Fengtian, not only to avenge Li Changan, but also to kill Erudia.

It's just that everyone is blinded again.

They all think that Levi Garrison is wrong.

He was also put in prison and sentenced to life imprisonment.

understood!

Messiah was wrong again!

“boom!!!”

The heads of Shao Xingtian and others almost exploded.

It turns out that Levi Garrison has always been kind to them!

Let them improve first!

Several times later blocked Jin Fengtian from coming to save their lives!

But these people will avenge their grievances and kill Levi Garrison!

“puff!”

“puff!”

Soon, Shao Xingtian and others vomited blood.

Some people twitched a few times and then stopped moving.

Their lifespan is exhausted...

He died when he was less than twenty years old.

“I don’t want to die, I want to live!!!”

“Hurry up and let Mr. Levi Garrison come out and rescue us! He must have a way!”

“I’m still young, I don’t want to die? Why don’t I listen to Levi Garrison? Why why? Puff!!!”

A bloody dart shot, and another fell to the ground.

...

A similar scene is staged here.

Hundreds of students died one after another.

The people in charge of the base were shocked, and the students were even more shocked.

At this time everyone thought of Levi Garrison's arrival, it was too late, too late.

They wanted to call Levi Garrison to save people.

But they all took them to prison.

It's too late to come.

"Puff!"

"Puff!"

...

People are still dying one by one.

"I'm unwilling..."

Shao Xingtian shouted, and he eventually fell to the ground.

"We blamed Levi Garrison again!"

## CHAPTER 1594

The person in charge of the base and everyone else was distraught.

They finally realized their mistake!

Levi Garrison is wrong!

He helped Erudia again!

They are sinners! ! !

Sin is unforgivable! ! !

Everyone should understand a truth-Levi Garrison is worthy of your trust at any moment.

it's good now.

Levi Garrison was imprisoned, and his heart was chilled for the second time!

Also let the genius seedlings of Qianlong Project abolish!

Blame Messiah! m.bg.

Blame Messiah for everything!

“Blam me, I’ll die!”

The person in charge was about to bump his head suddenly.

“boom!”

How could a terrible force stop him.

“Die later! Tell me where Levi Garrison is?”

Black Dragon’s father said.

“Ok?”

Everyone at the base was taken aback.

“You...who are you? What are you looking for Levi Garrison for?”

Everyone focused on the father of the black dragon.

At this moment, Messiah headquarters sent a message.

Everyone reacted one by one.

This is the mysterious team that defeated the 80,000 army in Fengtian.

They have come to North Hampton.

Come to see Levi Garrison.

“Let’s kill Levi Garrison!”

Heilong’s father showed sharp sharpness in his eyes.

“what???”

The person in charge of the base was shocked when he heard it.

This group of mysterious people who made a sensation all over the world, who possessed supreme-level powerhouses, unexpectedly came to kill Ye

Levi.

“As far as I know, Levi Garrison has no grievances with you, right? How could you kill him?”

The person in charge asked suspiciously.

“To tell you the truth, my son is the leader of the Avengers! Levi Garrison killed him!”

The Black Dragon father admits everything.

“what?”

Everyone came to understand now.

But Levi Garrison’s plan to kill the black dragon was also for Erudia!

“I heard that you took Levi Garrison, where is he? Tell me quickly!”

“Otherwise, kill all of you!”

Black Dragon’s father said coldly.

The head of the base and the others looked at each other.

Everyone understands what they mean.

Levi Garrison did his best for Erudia and gave so much.

Now he is more of an ordinary person, and he will undoubtedly die when he encounters this group.

They want to protect him!

To make up for the two previous mistakes.

“Don’t think about it, you don’t want to know where Levi Garrison is!”

“Furthermore, the entire Erudia and Messiah will protect him! You want to kill him without a door!”

“Where do you come from? Where do you go!”

...

Hearing this, Black Dragon’s father smiled.

“Even Messiah can stop us? You are the frogs at the bottom of the well after all!”

“Messiah dare to stop, we will destroy it with one hand!”

They are arrogant and domineering.

Don’t put anyone in the eye.

But they have this confidence!

“Tell me where Levi Garrison is, otherwise I will kill you all!”

Black Dragon’s father threatened.

“Stop dreaming!”

“Hurry up and spread the message! Let Messiah do everything possible to protect Levi Garrison!  
Even if he is an ordinary person, he is Erudia’s

soul!”

The person in charge of the base has made a good faith belief in death.

“kill!”

Black Dragon’s father was expressionless.

Give an order.

Soon, the entire base fell.

“The big thing is not good! The mysterious organization attacked the Qianlong Project base and  
everything was destroyed!”

“Their whereabouts next is unknown!”

...

Messiah began to mess up.

Knowing that the opponent has a supreme powerhouse in charge, there is more than one.

They have no way at all.

“Block, block at all costs!”

“To protect Levi Garrison!”

...

Messiah can only do meaningless obstructions.

the other side.

“I found it, Levi Garrison was detained in Nanjing No. 1 Prison!”

Black Dragon’s father immediately dispatched them.

## CHAPTER 1595

After Messiah got the message.

He immediately issued an order: "Let people take Levi Garrison away immediately! Protect his safety! He has paid too much for Erudia!"

"Then, order the Nine Heavenly Kings to lead their troops to the Nanjing No. 1 Prison immediately!"

Nanjing No. 1 Prison.

Levi Garrison was locked here.

It's dark.

life imprisonment.

At this moment, the warden hurried over with a group of people.

"Mr. Ye, you can withdraw quickly! It's dangerous!"

"Ok?"

This made Levi Garrison stunned. mi. c

what happens?

“The order from Messiah, let us escort you out of here immediately, and ensure your safety at all costs!”

“A group of very powerful beings are coming to kill you! The 80,000 troops sent by Messiah are not stopping them!”

...

The warden told Levi Garrison what had happened.

“You are finally here!”

A cold light flashed in Levi Garrison’s eyes.

“Mr. Ye, please withdraw quickly, I have arranged someone to send you away!”

The warden urged.

Levi Garrison shook his head: “I won’t withdraw, I happen to be waiting for them!”

“Mr. Ye are you crazy?? You are just an ordinary person, how do you fight them?”

“They have supreme-level powerhouses, although I don’t know what the supreme-level powerhouses are! Anyway, you should withdraw quickly! Yan

Longwei wants you to live!”

The warden and others pushed Levi Garrison to leave.

Levi Garrison smiled: "If you can wake up, it means that I can't do all this for nothing!"

"Furthermore, they came at me. If I leave, I don't know how many people will die!"

The warden was anxious: "Mr. Ye, we understand, but you are an ordinary person now. Besides, the enemy doesn't know how much stronger than the

Northern Devil! You go quickly!"

"Rumble..."

At this moment, there was a shaking movement in the Nanjing No. 1 Prison.

Everyone was stunned.

"It's over, they're here! I can't leave now!"

The warden looked anxious.

Outside the Nanjing No. 1 Prison.

Three thousand black-clothed troops came and surrounded this place impenetrably.

Prison No. 1 quickly closed the gate and raised a high wall.

Used to stop the enemy.

Generally, the walls or gates of this special prison are extremely hard.

Even the missile can't be fired.

Outsiders can't break into it at all.

“Mr. Ye, don't worry! The walls and gates of the prison are impenetrable! They can't open it! Unless there are weapons such as nuclear weapons...”

The warden couldn't help but breathe a sigh of relief when he saw that the protection was in place.

Also gave Levi Garrison a proud introduction.

“??!!!”

Only the next moment, a tearing sound was made.

The prison gates and walls were torn apart forcibly...

Something that the missile couldn't open was torn apart by manpower.

The two elder brothers of Heilong were the ones who did it.

Two supreme-level powerhouses.

This is the difference between the Supreme and Grandmaster!

“Boom...”

Looking at the openings around the prison.

The warden was dumbfounded.

“They are stronger than imagined!”

...

“???.....”

Soon, three thousand troops came over.

“Where is Levi Garrison? Come out and die!”

A loud shout came.

It’s like the sound of the sky is rolling.

The tremor caused many people’s ears to bleed and fell to the ground and rolled in pain.

The warden was completely stunned when he saw that the prison guards were basically injured by this shock.

Strong!

too strong!

This enemy is unprecedentedly powerful...

Levi Garrison smiled: "I have been waiting for you for a long time!"

CHAPTER 1596

“Hahahaha...”

“That’s right, you must have trouble sleeping and eating when you kill my son! You have long thought of the day of death!”

Black Dragon’s father laughed.

Heilong’s two elder brothers couldn’t help it.

“Kill our third brother, you take your life!”

“Presumptuous! With us, who dares to move our master?”

Just at the juncture.

A voice broke through the air.

“Rumble...”

“???.....”

A fighter plane, a tank, and a war horse. ..

Surrounded from all sides to prison number one.

In front of the huge team, three thousand people seemed too few and too few.

The nine heavenly kings are here!

This is the first time that the nine heavenly kings have joined forces after they were born.

“Where is the evildoer, dare to run wild on the Erudia site? Looking for death!”

King Shu looked arrogant.

The other eight people are also full of conceit.

Except for their own strength.

Levi Garrison’s tailored combined attack technique for them is even more terrifying!

In order to deal with the emergence of such extreme terror.

The nine heavenly kings came to Levi Garrison one by one, kneeling and saying, “See Master!”

“Ok.”

Levi Garrison nodded.

“Master, rest assured, no one can hurt you with us!”

The nine heavenly kings are full of confidence.

“You leave, this is my grievance with them! Don’t interfere!”

Levi Garrison said.

“Master, if it were you before, we would definitely leave without saying anything! But now you are an ordinary person, how can you fight these

people!”

“Leave everything to us!”

Heavenly King Shu stood with the other eight heavenly kings.

Looking at Heilong’s father and others, he said coldly: “Take it!!!”

In an instant, the army of the Nine Heavenly Kings swept 3,000 people.

“Kill Levi Garrison!”

Heilong’s father and his brothers went directly to Levi Garrison to kill.

The two sides fought together.

Regardless of the number and weapon superiority of the nine heavenly kings.

They have a number of dozens of times stronger than each other, as well as various advanced weapons.

The 3,000 people on the other side only have cold weapons.

Most of them are long swords, long swords and the like.

But once we fight, the situation is quite different.

Three thousand people are invincible, and these thermal weapons can't hurt them at all.

Instead, the original weapons in their hands caused fatal damage.

Three thousand people actually beat hundreds of thousands of people.

They were defeated steadily!

The nine heavenly kings fought with the two brothers of Heilong.

In the beginning, the nine kings were still able to fight against each other.

But the two supreme-level powerhouses showed their power.

The nine are already invincible!

“Let’s perform the combined attack together!!!”

The nine heavenly kings immediately used Levi Garrison’s combined attack technique for them!

“Boom boom boom...”

The two sides broke apart.

It is estimated that the two supreme-level powerhouses did not even think of the nine heavenly kings’ combined attack technique as soon as they

were opened.

I was able to touch them in a short time.

This shocked the world.

Levi Garrison is so great!

The combined attack technique he created is actually capable of opposing the supreme-level powerhouse?

No one thought of this!

Heilong’s father was dumbfounded.

Isn't it?

Erudia still has the ability to rival the Supreme-level powerhouse?

This this this...

"Levi Garrison is really amazing! Can he create such a combined attack?"

"If Levi Garrison's martial arts is not abolished and his martial art is not destroyed, how strong is he now?"

...

regret!

Regret again!

Everyone in Messiah is about to cry!

Why do you always do stupid things!

What if Levi Garrison's martial art is not abolished now?

How good is he to have the strength?

## CHAPTER 1597

People always miss when they are lost.

Only when you lose it can you know the preciousness and want to cherish it.

But most of the time, there is no regret medicine at all.

In the battlefield.

The nine heavenly kings successfully contained the two supreme-level powerhouses with a combined attack.

Leading an army of one hundred thousand began to counterattack.

This makes Erudia see hope!

If there are no supreme-level powerhouses in town, defeat them!

Erudia is really famous in the world, invincible.

Heilong father saw this, he was angry!

“Kill them!!!” m.bg.

There are actually two supreme-level powerhouses in this team.

Add the black dragon father.

A total of five supreme-level powerhouses!

The five supreme-level powerhouses shot together.

The sky is shaking!

The entire No. 1 prison, such a solid building.

They were even knocked down one after another.

Even the entire area collapsed.

A big hole appeared.

“puff!”

“puff!”

“puff!”

...

The nine heavenly kings saw red one after another.

The nine people flew out one after another.

Fall to the ground and can't get up again.

They are too far apart from the supreme powerhouse.

Relying on Levi Garrison's combined attack technique, he was able to contend with the two supreme-level powerhouses.

But the five supreme-level powerhouses are not opponents at all.

Soon, Heilong's father came to Levi Garrison's side.

"You want to kill me directly?"

Levi Garrison asked.

"Hmph, I want to take you to my son's grave to kill you!"

Black Dragon's father said furiously.

Immediately, the two brothers of Heilong grabbed Levi Garrison and left.

Levi Garrison also showed no resistance.

Let them be.

“Master, Master...”

Everyone made a hysterical sound as Levi Garrison was taken away.

But there is no way.

A hundred thousand elites can't stop three thousand people.

Little did he know that when Levi Garrison was about to leave, he showed a weird smile; “Don't worry, I have nothing to do!”

But Levi Garrison's words were unheard of.

Taken away by this group of people, it must be inevitable to die.

Helpless!

despair!

So many people even said that the entire Erudia could not keep Levi Garrison.

Angry!

But supreme-level powerhouses exist like gods.

They are invincible when they are born.

“What should we do now? We are out of hand!”

“This next word is undoubtedly the king will die!”

Messiah was silent up and down, and everything was shrouded in shadows.

“The only hope now is whether they can make a move?”

A high-level Messiah said.

“Who are they?”

Everyone asked curiously.

“They... hey...”

The man just sighed.

Heilong’s father three thousand people brought Levi Garrison to the grave of Heilong.

“The Tomb of Tuoba Longcheng!”

Seeing the words on the tombstone, Levi Garrison knew the real name of Heilong.

It turned out that this group of people came from the Tuoba family.

Double surnames are rare!

Mostly the background is great!

“Long Cheng see who I brought?”

Heilong’s father Tuoba Zunwan said to the tombstone.

“He is Levi Garrison who planned your death with one hand!”

“Today, he must splash three feet of blood in front of your tombstone to avenge you!”

Tuoba Longcheng’s two older brothers, Tuoba Longfeng and Tuoba Longyuan, stared at Levi Garrison.

“Third brother, we avenge you!”

Levi Garrison stood in front of the tombstone.

Like a lamb to be slaughtered.

Waiting for a slaughter at any time.

“Respect Longcheng!”

“Respect to Young Master Three!”

Three thousand people have a bowl of wine in their hands.

Under the leadership of Tuoba Zunwan, they drank one after another.

After drinking, they smashed to the ground one after another.

“Kill, take revenge!”

At this moment, Levi Garrison’s momentum changed.

## CHAPTER 1598

The light in his eyes was Zhan Ran, and his body showed the aura of a king looking at the world.

The temperament on his body changed, and everyone was taken aback.

Levi Garrison looked at the crowd and said, "I don't care what your background is, and you will be obediently arrested! Otherwise your other two sons will

be buried here!"

The language is not surprising and endless.

Levi Garrison said this.

Thoroughly stimulated Tuoba Zun and his sons.

When did their group of supreme-level powerhouses be so provoked by an ordinary person?

Or kill his son's enemy!

This tone cannot be tolerated anyway!

"kill!"

Tuoba Longfeng couldn't help it. m.bg.

A palm slapped Levi Garrison like a stormy sea.

Half a mountain can be shattered with this palm.

Let alone ordinary people.

Tuoba Longfeng cultivates strength.

With a fist at every turn, there is the force of a mountain pressing down.

“boom!!!”

In the next second, a dull loud noise resounded.

Levi Garrison blocked the palm of Tuoba Longfeng with a finger.

“Puff!”

Above the fingers, a burst of energy shot out, and instantly penetrated Tuoba Longfeng’s palm.

“puff!”

Encountered such a heavy blow, Tuoba Longfeng flew out.

The corners of the mouth were overflowing with blood, and the eyes were filled with inevitable shock.

One finger defeats the supreme powerhouse...

Everyone present was dumbfounded.

“He... he is not an ordinary person! He, he, his... strength is still there!”

Tuoba Zunwan exclaimed.

“We were all deceived! He is Erudia’s real powerhouse!”

“dead!!!”

Tuoba Longyuan roared wildly.

The whole person burst out like an arrow from the string.

His speed is too fast!

It is so blurred that no instrument can capture it.

It can only be afterimages!

This is the ultimate speed of the supreme-level powerhouse!

Beyond a lot of concepts!

It is impossible to explain with conventional ideas!

It can even match the speed of a bullet...

Tuoba Longyuan instantly appeared behind Levi Garrison.

Time seems to be gone.

“kill!!!”

He slapped Levi Garrison’s head with both palms.

He had imagined Levi Garrison’s head like a watermelon exploding.

“Snapped!”

His two slaps slapped together fiercely.

There was a thunderous sound.

Like a bolt from the blue.

It’s just that the madness and smile on his face quickly solidified.

Because Levi Garrison disappeared before his eyes...

Disappear out of thin air!

speed!

Faster speed!

Levi Garrison is faster than him!

“boom!”

Sure enough, Levi Garrison avoided his violent blow faster.

And appeared behind him.

Hit it with a punch.

“puff!”

Tuoba Longyuan splashed blood on the spot, and fell straight to the ground.

Shocked!

Very shocking!

The two supreme-level powerhouses were in Levi Garrison's hands, and couldn't even handle a single move.

Than power?

He is stronger.

Than speed?

He is faster.

At this moment, Tuoba Zunwan and the others knew why the three groups of people sent out one after another disappeared for no reason...

It wasn't that Levi Garrison had strong people around him protecting him.

He himself is the strong!

Levi Garrison caught Tuoba Longyuan's two brothers at his feet.

"Don't you help me less behind the Black Dragon? Do you harm Erudia, kill!"

Levi Garrison picked up the knife and fell.

The two brothers Tuoba Longyuan were killed on the spot.

“Longyuan, Longfeng!!!”

Tuoba Zunwan let out a mournful roar when he saw his two sons were killed.

“Kill! I must kill you!!!”

Tuoba Zun roared with red eyes.

He led three thousand army to fight to Levi Garrison.

Levi Garrison was also excited.

This is his second battle after his rebirth.

You can test how strong he is!

## CHAPTER 1599

Three thousand masters.

Among them are three supreme-level powerhouses.

Fourteen Pseudo Supreme Powers!

The rest are master-level powerhouses!

This team is simply terrible!

If it is released, Erudia and Messiah may be scared to death!

This team has fifty masters who are better than or at the Northern Devil level.

If it had been before, it would have been impossible to imagine.

Fifty North Devils appeared together...

Disaster in disaster!

But now is different from the past, stronger people have appeared. mi. c

The Northern Devil is nothing.

“bring it on!”

Levi Garrison rushed towards the enemy group.

Fight with three thousand people together.

This battle was really dark.

Beat a piece of pure land into purgatory.

The blood was everywhere.

Miserable cry

The sound of broken bones;

Howling wind

...

All kinds of sounds are combined to compose a death killing song.

After a while.

Only one person stood in the field.

That is Levi Garrison.

Everyone else fell to the ground, silent.

Especially Tuoba Zunwan's body stiffened, but his eyes stared like copper bells.

He is unwilling...

At this point, Tuoba's three thousand army was completely overthrown.

After doing all this, Levi Garrison left.

When Messiah sent someone to find here, he was dumbfounded.

"Who did this?"

"Are they completely overthrown? This, this..."

Everyone is going crazy.

"Where is Levi Garrison? Find him quickly! Then release the message!"

Soon, the message was released-the mysterious organization was overwhelmed by the entire army, including five supreme-level powerhouses and

fourteen pseudo-extreme-level powerhouses.

The world is shocked!

Erudia was once again covered with a veil of mystery.

So many supreme-level powerhouses have fallen.

What does Erudia have?

It is also from today that supreme-level powerhouses enter everyone's eyes.

The secret of the covenant of the gods will also start to be revealed a little bit.

Fengtian city is buried deep in the deep mountains and heavy snow.

"Is Tuoba Zun Wan crazy? He came out of the mountain!"

"Did he disregard the covenant of the gods?"

They just learned that Tuoba Zunwan had left with his line.

"It's not good, the big thing is bad!"

"If Tuoba Zun's line is overthrown!"

At this time, a message came.

“It’s over, it’s over, this time is over!”

“Tuoba Zun broke the agreement of the gods in spite of the promise! They must have done it!”

...

A similar voice was also heard from the Messiah base.

“They must have done it!”

There are high-level Taoists.

“They? Who are they?”

Everyone is curious.

“The god who guards Erudia in the dark!”

Everyone was shocked: “That is, those people you said that the North Demon is not qualified to let them take action?”

“Right! Wrong!”

“The Northern Devil is far from qualified, but now that the supreme-level powerhouses have come forward, they are going to make a move! These

people are already up to their standards for making a move!”

“Believe it or not, Levi Garrison is safe and sound now! Go to North Hampton to find him, you can definitely find him!”

“Because they took action, Levi Garrison will definitely live!”

Messiah’s senior leaders are extremely confident.

Soon Messiah sent people to North Hampton.

Sure enough, I saw Levi Garrison.

Safe and sound.

Everyone in Messiah laughed.

Sure enough, Erudia’s secret patron saint had acted.

Little did they know that the person who shot was Levi Garrison.

Have a trivial relationship with other people?

“Mr. Ye, your life is very big, but you have to thank Erudia!”

“It was the patron saint who made the move, and you were able to survive!”

Several people laughed.

Levi Garrison was stunned.

Does this have anything to do with other people?

## CHAPTER 1600

Levi Garrison took it to heart and continued to play with Levilia.

Tuoba Zunwan's death was just the beginning.

He broke the covenant of the gods.

Paid the price of life.

This means that the covenant of the gods that restricts all supreme-level powerhouses is invalid.

They can come out.

Erudia's supreme powerhouse is like this.

The same is true all over the world.

Even the ambitious war Eagle Nation, Dong Dao, etc. thanked Tuoba Zunwan for breaking the covenant of the gods.

They have always wanted to break the covenant of the gods.

But there is always that courage. mi. c

Now their supreme-level powerhouse can come out unscrupulously...

It is convenient to achieve any purpose they want.

The real darkness is coming!

Countless people are waiting for the covenant of the gods to expire!

They are waiting!

Why did people dare to break the covenant of the gods before?

That is because the price of extermination has to be paid!

What is the covenant of the gods?

Before, when the supreme powerhouse was rampant, the whole world was in chaos.

In order to grab resources, the major countries and major regions have fought hard to seize territory.

There are killings everywhere, the people are living in charcoal, the people are not living...

The world is purgatory.

At this time, the covenant of the gods suddenly turned out.

The covenant of the gods is limited-the supreme-level powerhouses and their family sect forces have all disappeared, and they are not allowed to

appear among ordinary people.

The purpose of the covenant of the gods is very simple, that is, to make the supreme-level powerhouses and the powerhouses above all disappear

from the world.

And erase all traces from the source.

Just as if these supreme-level powerhouses did not exist.

So now, apart from confidentiality or the highest level of each country, no one knows the existence of the supreme powerhouse.

There is no such concept at all.

The fate of violating the covenant of the gods is simple-death.

The covenant of the gods just came out.

Does anyone know who released the covenant of the gods?

Do not know its reliability.

There are many supreme-level powerhouses who refuse to accept, and still go their own way.

It doesn't take the covenant of the gods as one thing at all.

He even threatened to kill the makers of the covenant of the gods!

Available in the next three days.

The supreme-level powerhouses who refused to accept all died tragically...

All hundreds of thousands died.

Either the supreme powerhouse who refuses to accept, or the connected person.

Judging from the wounds, they were all killed by a single move.

There is no chance to fight back!

For a while, the whole world fell into panic.

At that time, everyone understood that they could not afford to offend the existence of the covenant of the gods.

Violating the covenant of the gods has only one end-tragic death.

Everyone is scared.

All the supreme-level powerhouses disappeared.

Everyone is afraid of death.

Especially these supreme-level powerhouses are more afraid of death.

They all obeyed the covenant of the gods unconditionally.

The only way to break the covenant of the gods is for someone to break it.

But everyone at the supreme-level powerhouse cherishes their lives.

Not willing to take this step.

Tuoba Zunwan took this step.

The supreme powerhouses all over the world are cheering.

Because of Tuoba Zunwan, they are free.

Everyone thought that Tuoba Zunwan was killed by the Maker after breaking the covenant of the gods.

As everyone knows it is Levi Garrison!!!

I am afraid that the existence of the covenant of the gods is also very strange.

Why did Tuoba Zunwan and the others died.

The whole world started to panic.

Especially Messiah.

I always feel inadequate.

Especially the failure of Qianlong Project...

They came to Levi Garrison to apologize.

“From now on, Erudia and Messiah will unconditionally believe in Levi Garrison!”

This is their attitude of admitting mistakes.

Levi Garrison smiled: “In that case, I will give you a surprise!”
