

Chapter 1375

If it was Sabrina, she would not call him at all. However, Sebastian still answered the call. "Hello?"

On the other end, Lori sounded unexpectedly calm. "Director Ford, I... I have something to tell you."

Sebastian answered, "Alright."

"Uhm... Last week Uncle Ford invited my mother, my granduncle, and I to the old Ford family residence. That day, he said you, your wife, and your daughter would also be present."

"Is there a problem?" Sebastian threw the question back at her.

Lori's tone was sincere. "It's like this, Director Ford; your wife doesn't like me too much, so, I think... Maybe you shouldn't come?"

Sebastian: "..."

"Master Sebastian, don't misunderstand. I didn't mean to prevent you from going to your own home. But because... Because Uncle Ford invited us, my mother and I

Uncle Ford invited us, my mother and I have no choice but to attend. My mother and I have no one to rely on but each other, so we don't dare to go against Uncle Ford's wishes. That's why I thought to talk to you first. Because I'm quite afraid your wife would... Would be unhappy." Lori's tone sounded like a pitiful, wronged little wife, as if she was trying her best to compromise for the greater good.

In actuality, her heart was thumping rapidly in her chest. Yesterday afternoon, she and Master Sebastian sat in the same private room, but not even their hands touched. Sebastian did not even look at her properly.

Initially, she thought she would be able to climb into his bed last night, but she had underestimated him. It was hard to seduce a man like him. She did not dare to act rashly, afraid of exposing her true intentions ahead of time. She could only move forward slowly, step by step. She had even mapped out her strategy, which was to take one step back today for two steps forward tomorrow.

She would take the initiative and inform Sebastian, suggesting for him not to go to the old residence, telling him she did not want his wife to be upset. This was exactly what it meant by taking one step back today for two steps forward tomorrow.

As expected, Sebastian said indifferently, "It's fine! You don't have to worry about this. You're a guest and she's the host so as the host, she should show her guests the appropriate hospitality."

Lori grew excited. "Real... Really?"

Sebastian said, "If you have nothing else to say, I'm hanging up now. See you at the old Ford residence."

"Okay! Alright, Master Sebastian, I'll... See you at the old residence!" Lori said excitedly. Initially, she wanted to say something comforting to him, but he had already ended the call. Her heart thumped in her chest with the click that signified the end of the call. However, when she thought about it, she was happy again. Because Sebastian was always like this, this was the man that she liked! If he

this, this was the man that she liked! If he acted like that simp who was currently lying in the hospital, would she still want him so badly? Of course not!

“Mom, quick, we need to tidy ourselves up! We need to be perfectly dressed tonight, haha! Mom, just the thought of the banquet later tonight gets me excited! Mom, say, do you think Uncle Ford will expose Sabrina tonight?”

“Two men! Haha! She’s having affairs with two other men behind Master Sebastian’s back! Now, no matter how hard she tries to explain herself, no one will believe her. Mom! I suspect that Master Sebastian already knows that Uncle Ford has firm evidence of Sabrina’s infidelity. Is it possible that right now, Master Sebastian is chasing Sabrina out of his house right now?”

Seeing her daughter so happy, Jennie felt extremely content herself too. “My daughter is indeed capable. Two rounds are enough to almost kill her! I heard that Sabrina was originally a female prisoner that Sebastian captured and dragged back to South City. Most probably Sebastian is

that Sebastian captured and dragged back to South City. Most probably Sebastian is forcing Sabrina to leave the marriage with empty hands. Ha! What will happen to Sabrina... Whether she will still have the right to go to the old residence, we will know the answer to all these questions when we reach the old Ford family residence.”

Sabrina who still lay asleep in bed naturally could not hear the ecstatic thoughts of those two conniving women.

At this moment, Sebastian, who had just walked in, was also talking to Sabrina. he said, “Get up, clean yourself up. Follow me to the old residence today.”

“I don’t want to go!” Sabrina said simply.
