

The Charismatic Charlie Wade Chapter 4043

Jian, who was sitting in the second row, saw Todd's shrunken and dry limbs revived in an instant. In addition to being extremely shocked, he couldn't help but whispered to jay beside him: "Master jay, you are well-informed, have you ever heard that there is such a magic medicine in this world?"

Jay shook his head with a dazed look on his face. At this moment, his heart was already overturned.

He is a martial artist, and his understanding of the world is a level deeper than that of ordinary people, but even so, he has never seen such a miraculous elixir.

So, he sighed: "To tell you the truth, Jian, I have lived for so long, and I have never seen such a magical medicine... This kind of magical power that turns corruption into a magical power has far exceeded my knowledge."

Jian sneered and said seriously: "Speaking from the heart, this scene reminds me of when Kexin was young, I accompanied her to read the 86 edition of Journey to the West in China, and after seeing Sun Wukong toppling the ginseng fruit tree, Guanyin Bodhisattva rushed to her. The scene where the ginseng fruit tree came to life..."

Jay nodded and sighed: "Although I haven't read that version of 'Journey to the West', but before I was fifteen years old, I had read the original book of 'Journey to the West' three times, and I was familiar with this plot."

After that, jay said with a look of longing: "Jian, this time Pill has the effect of turning corruption into a miraculous effect. Even if it is compared with the fairy medicine in fairy tales, I am afraid it will not fall behind."

Jian asked curiously: "Why do you think this medicine is so magical? What is its principle?"

Jay pondered for a moment, then seriously said: "Master once told me that there are two more powerful beings above the internal strength of martial arts, one of which is true qi, which is a master above the dark realm. There is an internal force that has the opportunity to master, and above the infuriating energy, there is also the spiritual energy!"

After that, he said with a serious expression: "I feel that this Pill should have something to do with spiritual energy. Even if it does not contain spiritual energy, at least it is made from spiritual energy, otherwise it will never have such an effect!"

Jian asked inexplicably, "Master jay, why do you conclude that it has something to do with aura and not true qi?"

jay explained: "True qi and internal strength are only different in strength, just like an ant and an elephant. Although the strength disparity is huge, there is no difference in essence. This strength is so great that it can destroy the dead, but it can't be rejuvenated. ."

Speaking of this, jay continued: "However, the spiritual energy is completely different. According to my master, the spiritual energy is the most fundamental energy for the growth of all things. Only this kind of energy can transform decay into magic. Energy, its realm has completely jumped out of the category of martial arts..."

Jian was slightly startled, and asked subconsciously, "If it's really as you said, wouldn't the person behind Pill this time become the legendary cultivator?"

jay shook his head and said, "I can't be sure of this either. After all, my master said that there seems to be no record of spiritual energy in the past few hundred years, so this Pill may have been created by someone who possessed spiritual energy hundreds of years ago. It was only by chance that it passed into someone's hands, and then it was put up for auction."

Jian asked him: "Master jay, what if this Pill was made by someone who has mastered the spiritual energy?"

jay was stunned for a moment, and said, "Although I can't rule out this possibility, I still can't believe it. As my master said, the cultivation of spiritual energy has long since been lost, and it is unlikely that it will suddenly appear in Aurous Hill at this time. , so I believe even more that this time the Pill was made by the predecessors."
