

CHAPTER 121-130

Wu Qiushui seemed to have thought of something, her eyes were filled with a haze, "Our Wu family was originally the mainstay of a first-cl A** family, if not for that, it wouldn't have fallen from power and still managed to maintain a second-cl A** status."

Finn nodded, knowing that Wu Qiushui was right, but didn't interrupt, waiting for Wu Qiushui to continue.

Wu Qiushui seemed to recall, "Our Wu family is prosperous, but all of them have more women, and in order to maintain first-cl A**, they have all been married, but all these years, other families have been acting in secret, planning to bring us down, just like the girls of our Wu family have joined forces, although many of the women of the Wu family have been married to other families, but it's only a surface phenomenon, they are all behind the scenes when these Women are tools, not only persecuting, but also stealing our family's Xin Secret all the time, before finally joining hands to set a trap for our Wu Family and bring down the Wu Family."

At this point, Wu Qiushui gave a direct snap to Finn , "Ye Shao, I've been forced to do it.I kneeled down to heaven and my parents, but when the family was in decline, I didn't beg anyone else.But now I'm seeing the reality, it's that I really have no choice, I went back to the family yesterday and said, only to find out that those remaining old people are all undercover agents from other families, they were the ones who sold the family for glory in the first place, and that's why the family fell.I don't have a voice at home, I only plead that Ye Shao can help me, so that I can get the voice of the Wu family and help you better in the future.I don't beg to be able to bring the family back to the first-cl A**, I only hope that I can uncover all the people who persecuted our Wu family in the first place by a thousand cuts!"

"Is it worth it for the family?" Finn couldn't help but be moved, he had thought that Wu Qiushui was a selfish person, but he didn't expect it was all for the family.

Although Finn was a member of the Ye family, Finn had always been an orphan and had no concept of family, nor did he know why he had this feeling of family glory.But seeing Wu Qiushui like this, Finn still had some sense of that feeling, a feeling of glory and shame.

"Worth it!"

Wu Qiushui replied resoundingly, even without the slightest momentum, but Finn felt his heart surge and was moved.

Finn took a deep breath and said, "Choose to follow me, as long as you do a good job, you'll have everything in the future. Don't say revenge, the first-cl A** family can also go back, don't worry, get up."

"Thank you Ye Shao, thank you Ye Shao!"

Wu Qiushui buckled again and again until his head was bleeding before he got up.

Finn couldn't help but frown at this, he knew that he didn't have that much personal charm to attract Wu Qiushui's trust, but the fact that Wu Qiushui could still trust him could only mean two problems.

The first was that the Wu family had encountered another problem that had to be solved.

The second was that Wu Qiushui was desperate and had no other choice but to trust Finn .

Either way, it was something that Finn did not want to see. Because now Finn also had a task on his hands, the pressure was immense, and to add Wu Qiushui's matter, Finn was really worried that he would be crushed.

But a man's word is a promise, a team of horses is hard to follow. Since he promised, Finn had no choice but to decide to help Wu Qiushui properly.

The two of them looked at each other speechless, and Finn finally couldn't look at each other anymore and waved his hand, "You should quickly go to the hospital and take a look, bandage your head, don't get infected."

"Good!" Wu Qiushui also knew that what he had just done was a bit topsy-turvy and his face was red, so he left quickly.

And as soon as Wu Qiushui left, Fish Water came back with two contracts.

Finn was unaware of how the contracts were written, so he took pictures and sent them to Charles. Charles is worthy of being an elite steward, read the contract fast, just a few minutes to point out a few problems, and then Finn according to the gourd and fish white told it.

Fish White also showed surprise, because this kind of look at the contract to pick the fault of the work, than his legal department people many times stronger.

Without much thought, fish white with the contract to amend, after an hour, no problems, Finn is finally formal and fish white signed the contract.

When the contract was reached, Finn called the bank manager Qian Duo Duo, and transferred 180 million to Fish Bai's account.

Fish Bai was very surprised by this, because money does not mean that there is money on the body, because many people's property is real estate, and liquidity can directly and easily take out 180 million, there are really few.

After being even more impressed with Finn , Fish Bai wanted to fawn over him and say something nice.

But Finn was the first to speak, "Fish Bai, I don't have much contact with the employees, but I also know that you are not right in style, they say that you are an old pervert, pay attention in the future, look at you, you are balding, you have to be moderate in the future, don't engage in some fancy things in the company, let me know once, then you don't do it."

"I know, I will work hard."Fish Bai nodded his head in a row.

Finn couldn't help but smile, because Fish Bai's attitude towards work was so much more righteous than that of a woman, and also knew that Fish Bai was truly for the company.

"Okay, let's do that first, everything will operate as usual, don't talk to the following about the change of bosses yet, you guys should do whatever you want." Finn thought about it and said.

Fishwater, however, was a bit puzzled, "Why?"

Finn didn't have a good mood, "You tell me, it's still because you guys are in a stalemate.I heard Qiushui say that you guys have rivals in Wind Capital, so I'm going to go across the street to check it out first, if I'm exposed, then checking it out won't have that kind of effect.Knowing the other side's shortcomings, we can then strike strong and kill them with one strike."

"However, the other company has family support, so it's not that easy to move. But Ye Shao is so powerful, I don't think there's any problem. Then it will be hard for Ye to take a trip." Fish Water said he believed Finn, but he was still sad.

Seeing this, Finn's heart sank even more. Because Fish Water was at this level and could still be so sad, it meant that the other party really had strength.

Earlier, Wu Qiushui had also said that the other party was first cl A, **and originally, Finn thought that it had only just reached first cl A**, but looking at the situation, it shouldn't be as simple as Finn thought it would be.

No matter what, he had to face it, so Finn didn't dwell on it, and after going downstairs, Finn saw that Lan was still lying in front of Fan Pin's door, fainting.

Finn couldn't help but frown, turning his head to the security guard, "Why put it here, I thought it was thrown out, are you guys trying to get the police to investigate?"

The security guard even waved his hand and looked helpless, "We threw it out, it'll be here in a few minutes, we checked the footage, no one sent it back, it was Lempin who crawled back in on his own."

"Oh?" Finn's eyebrows were raised, and he couldn't help but become interested.

Taking a big step, Finn walked in front of Lan Pin's body and was about to kick Lan Pin's stomach. Just as Finn expected, Lan Pin didn't faint and tumbled to the other side before Finn landed his foot.

"What, staying here isn't getting beaten up enough?"

Finn showed a playful smile, although the security guards fought greatly before, but they all used their fists, mostly hitting their stomachs and bodies, from the appearance, there was no appearance of any injuries, only the two footprints on Lempin's stomach were left by Finn before.

Now that he saw that Lan Pin could still move, he knew that Lan Pin was here to cause trouble.

Lan Pin opened his eyes and sneered, "Finn is it, you're finished, and Fan Pin will be finished soon."

"Then tell me, how are we finished?" Finn 's eyebrows were raised, acting as if he was indifferent.

But Finn 's heart was shocked, Lan Pin's tactics Finn knew clearly, that was extremely malicious.

Now that Lan Pin was lying on the ground, and still acting like he had a chest, he must have thought of some rancid idea.

Just at this moment, Finn suddenly saw a bright light in front of his eyes, and then he saw someone taking pictures with a camera not far away, and the flash just now was the flash of the camera.

Finn instantly dawned, knowing that it was someone who was taking pictures to record the scene just now, that is, to hold the evidence and make things difficult for him when the time came, thinking of this, Finn 's face couldn't help but change.

"Hahaha, it's too late to find out now, I'm just waiting for you to come out, now the iron evidence is like a mountain, I'll see how you can argue!"Lan Pin harrumphed.

Finn 's face was ugly: "Say, who sent you here?"

Lan Pin sneered, "I'm not afraid to tell you even now, I'm an undercover agent for Infinite Entertainment, and I've been trying to gather evidence for the scandal over here, and although Fish Water is an old pervert, he does a very good job of privacy, and he hasn't let me get a hold of him."

"That's why you keep sending women to Fishwater?"The anger on Finn 's face did not diminish. The first website m.

"Yeah, too bad I didn't get the chance.Luckily you were sent to me to catch me out, and you've just taken so long, you should have finished signing the contract, now if I just bring you down, Vanity Entertainment is finished, hahaha!"Lan Pin was laughing extremely maniacally.

"Well, I recorded everything you just did, and the surveillance captured the footage, and the composite will be the full video, thank you for providing the evidence that allowed us to catch Wuji in the act!"

Finn said, the difficult color on his face had faded into a Confucian faint smile.

"You swindled me?" Lan Pin's face changed, he stood up and questioned Finn .

Finn laughs: "Not cheat you, will you say it all, how about it, I'm not bad at acting, I don't know if I can be nominated for an Oscar, haha."

The recording just now as long as the editing, monitoring clips, to remove the words just mentioned Finn , that is a copy of the perfect capture of Wuji's handle.This act of sending someone undercover in someone else's company, although every company had it, when it was discovered, it was spurned.

Lan Pin was first angry, but soon revealed a sneer, " Finn , this video only affects me, it won't affect Wuji, as long as we send out the photos first and cause public opinion, it's useless no matter what evidence you have, you hit me but it's hard evidence!"

"Yeah? Then go ahead and send it, I don't know how to send out that kind of photo to create public opinion."

Finn wasn't worried about this at all, from before, Finn was curious about one thing.

That was that every time Finn made a problem, even if he solved it with money, but when he went back to look for it, there was no trace of it at all.At first, Finn thought that someone deliberately messed with him, but then Charles told Finn that Finn was going to inherit the Ye family in the future, so there couldn't be any black spots, and everything had to be perfect.

At least on the internet, there were no more black spots for Finn , and any news about Finn would be automatically intercepted. Finn didn't know what kind of technology the Ye family used or how much money they spent, but only knew one thing, that the photos that Lan Pin sent to take were just a joke.

Lan Pin disbelievingly called the person who slipped away after taking the photo just now, but it showed that he couldn't get through.

Finn smiled proudly and was surprised that the person Charles sent out was so efficient when he really left.

"No way, that's impossible! I don't believe it!" Lan Pin, who had thought he had the winning ticket, seemed like he suddenly lost his main focus, and was powerlessly paralyzed.

Finn spat and sneered, "Cleverness backfired, if you don't showdown, at least you'll be able to stop talking about your responsibility, now that misfortune is coming out of your mouth, give you a choice."

"Choice, what choice?" Lan Pin was confused.

Finn stretched out two fingers: "One is that you've failed in your mission now, and when you return to Infinite Entertainment, you'll definitely be thrown into the sea to feed the fish, but the other side is a family background. The second is to be my undercover agent, but you'll be my undercover agent, go get me the Xin Mi on the Wuji side, but if I find out you're disobedient, I'll make the recordings I just made public, and you'll still be thrown into the sea to feed the fish by the Wuji Entertainment people. You choose."

"I'll choose the second."

Without the slightest hesitation, Lan Pin picked the second one, at least she wanted to live.

"Okay, now then, remember, you're one of my dogs, and my orders are everything." The corner of Finn's mouth hooked, "Now go to the hospital, heal your wounds and come back to continue to be Han Dong'er's agent, a sudden change is easy to be suspected by Infinite Entertainment, you just be honest, there is the slightest bit to make Han Dong'er dissatisfied, you just watch what you do."

"Yes, my master." Lan Pin said a humble sentence, then left ashenly.

Seeing Lan Pin like this, Finn did not have the slightest discomfort in his heart, after all, Lan Pin this kind of undercover agent was already spiteful, before still daring to plot against Finn, Finn even more to keep torturing Lan Pin, his heart was only cool.

After settling the matter here, Finn drove the Porsche to leave the Fan Pin Entertainment.

Before leaving, Finn deliberately explained the security guards to save the surveillance video, although there is a recording, but the video is still the most critical. If this was leaked, it would definitely have no effect on Finn, but it would definitely have an effect on Van Pin.

After several hours in the fish white office, Finn was now tired and sleepy, back in the hotel was ready to take a shower and squint for a while.

What surprised Finn was that there was no one in the room, and he didn't know where the two girls had gone.

Finn did not care, perhaps the two shopping to decompress.

However, when Finn opened the bathroom door, he was stunned instantly.

Only Li Qiuyu and Han Dong'er are soaking in a large bathtub, the only dissatisfaction of Finn is that it is a bubble bath, Finn did not see anything.

"Ah! Get out!" Li Qiu Yu instantly turned red, grabbed a bottle of shampoo and just threw it out.

Fortunately, Finn reacted in time and directly closed the bathroom door, so it didn't hit.

"I said why wasn't it inside the room, so it was in the shower." Finn smacked his lips, thinking back to the image he had just seen, the more he felt that he was losing out.

Because of the effect of the bubble bath, Finn looked hard and only saw the collarbones of the two girls, but nothing else, and even almost got smashed.

Sigh, but some of the spirit of Finn could not sleep, on the Internet to search Han Dong'er's information.

Before Li Qiuyu is very infatuated with Han Dong'er, Finn also knows Han Dong'er is some real skills. But for Han Dong'er, Finn is still unclear. But now Han Dong'er has become Finn's artists, more or less need to understand some of it.

It would be incompetent not to know anything at all.

Open the phone to fill in the name of Han Dong'er, the first line is Han Dong'er's personal profile.

Han Dong'er, age eighteen, Cancer, had acting experience since childhood, and had so far dubbed the female lead in more than twenty animated films, although she was not very young, and was already a quasi-first-tier voice actress, and was the most promising genius to become the youngest first-tier voice actor.

"That good?"When Finn looked at Han Dong'er's works below, there were even several that Finn had seen as a child, and he couldn't help but be a little speechless.

When he was a kid playing with mud, Han Dong'er was already a little famous.

It's really people compared to people, there are too many excellent people.

But fate was also unfair, someone as good as Han Dong'er almost fell into the clutches of the devil and became a victim.

Finn flipped through the information, and before a short while, Li Qiuyu and Han Dong'er came out.

Li Qiuyu face although flush – red, but more are caused by the bubble bath, while Han Dong'er's face is really red, head down, like an ostrich, hate to put the head inside the clothes.

And what made Finn 's blood run cold was that the two girls were even wearing just bathrobes.

"Turn around, no looking."Li Qiuyu pouted and ordered. Remember the website .

Finn just turned around, but in his heart he was muttering, now Li Qiuyu was getting bolder and bolder, he even dared to give orders to him.Previously, Li Qiuyu was a little bird and said whatever she wanted.

Soon, Han Dong'er dressed up and ran out of the room directly.

Only then did Finn turn his head and directly embrace Li Qiuyu in his arms, squinting: "Qiuyu, I found that you've been quite naughty lately."

"This....Isn't this Winter's sister in, Winter's sister is too timid, I'm afraid you'll scare her."Li Qiuyu blushed up to her neck, and her voice was not as domineering as it was just now, but became obedient.

"I don't care, then I have to punish you too, or you really don't know how much you know!"Saying that, Finn was about to do it.

After two simple pats, Finn went downstairs first, while Li Qiuyu took off her bathrobe and changed her clothes. Finn originally wanted to take a look, but he was pushed out the door by Li Qiuyu.

Han Dong'er didn't go far, just in the hall on the first floor.But Finn upset, Han Dong'er side of a sultry man wearing gl A**es is now chatting with Han Dong'er. Finn obviously saw Han Dong'er constantly ducking back, but the man could not stop approaching.

Finn came directly behind Han Dong'er, hugged Han Dong'er's shoulders.

Han Dong'er thought she had hit someone, hurriedly turned her head to apologize, but after seeing Finn , Han Dong'er's small face even a blush, the heart is not afraid of strangers.

Han Dong'er is a person who is afraid of life, but for some reason, she is not so afraid of Finn .In the morning, when Finn cruelly shot for her anger, she seems to feel that she has found her prince charming.

Always dubbing the animation, Han Dong'er imagined that a prince charming would appear in times of danger.

Previously, Finn had appeared, and now Finn had appeared as well.But Han Dong'er knew in her heart that Finn and Li Qiuyu was the pair, just treat her as a sister or artist, right, not to mention, Han Dong'er sighed.

Finn did not know what Han Dong'er was thinking, hugged Han Dong'er on the muffled man: "What for, looking for my girlfriend to pick up?"

"No no no."The sultry – slutty man waved his hands repeatedly, and actually wimped out when he saw Finn appear, and quickly left in a hurry.

But Finn clearly felt the body of Han Dong'er in his bosom shake, and this is why he thought that Han Dong'er was sexually afraid, and hurriedly let go of Han Dong'er, with an apology: "Sorry, just now to drive away that stuffy – slut man."

But Han Dong'er's face was extremely red, and now only the words of Finn just now were in her mind.

Do you want to pick up my girlfriend?

Although Han Dong'er knew it was just Finn 's wording, Han Dong'er was very happy to be acknowledged by Finn as a girlfriend instead of saying sister.

Perhaps, Finn is my Prince Charming!

Han Dong'er heart muttered, but her face is getting more and more red.

Finn thought that Han Dong'er is just bathing cold fever, the forehead attached to Han Dong'er's forehead, so much more useful to measure body temperature than with the hand, as long as the childhood Finn fever, grandmother are so test.

Finn , as soon as the fever was detected, Finn felt warmth on his forehead and knew that Han Dong'er's body temperature was high, but how could it be getting higher and higher?

Letting go of Han Dong'er, Finn only saw that Han Dong'er's face was already red and starting to turn a little purple, and then Han Dong'er's eyes rolled upwards, but she fainted.

Fortunately, Finn 's quick eyes and hands, only Han Dong'er to help, busy Han Dong'er carried back to the room.

Li Qiuyu at the moment also just dressed, saw Finn holding Han Dong'er back, could not help but say anxiously: "What's wrong, Ye Shao?"

"I don't know, it's like she had a cold, a bit of a fever, and she p A**ed out." Finn said according to his own thoughts.

But Li Qiuyu saw Han Dong'er's eyelids move slightly, and then put her hand on Han Dong'er's forehead, but found that Han Dong'er did not have a fever at all.

Li Qiuyu is a person who has been here, where do not know what is going on, quickly let Finn out, let Finn do not disturb Han Dong'er rest.

Finn nodded and left the room.

Looking at Han Dong'er on the bed, Li Qiuyu sighed, "Alright, get up, he's gone."

"Is he gone."Han Dong'er got up straight away and was relieved to see that Finn was indeed gone, but then she blushed a little and lowered her head, not daring to look at Li Qiuyu.

Li Qiuyu sighed: "Don't hide it, this expression of yours is the same as mine at first, Finn is a big bastard, treating others especially well every day, making people involuntarily hooked and unable to help themselves, that bad guy still doesn't know that he has charm, exuding charm everywhere, really."

"Sorry, Sister Qiu Yu, I'll take control of my own proportion."Han Dong'er lowered her head, not daring to say much.

Li Qiuyu shook her head: "It's fine, one more of you isn't too much, you'll be Little Five from now on, there are four more people counting me in front of you."

"So many?"Han Dong'er was surprised, "Sister Qiu Yu, you know he has so many women, why do you still like him?"

Li Qiuyu looked at Han Dong'er and said somewhat helplessly, "Then you knew there was one more person than I did at the time, and you didn't like that bad guy anymore?"

As the words fell, the two girls looked at each other speechless, seemingly truly inescapable.

Constantly exuding charisma Finn still does not know that he is so awesome, after leaving the room, Finn went to the pharmacy, ready to buy some fever reducer, and then buy a bowl of light porridge.

Finn felt in his heart that he was the one who opened the bathroom door without permission and entered the cool air, which made the frail Han Dong'er feverish.

After returning to the room with the medicine and porridge, Finn saw the two girls sitting on the bed facing each other, staring at each other with big eyes.

"What are you guys doing?" Finn's eyebrows rose, still happy to see Han Dong'er awake.

Li Qiuyu, however, didn't answer, but smacked her lips, "What did you buy?"

"Winter doesn't have a fever, so I bought the fever-reducing medicine and porridge." Finn replied truthfully.

Upon hearing that, Li Qiuyu turned her head to Han Dong'er, "You see."

The latter half of what Li Qiuyu wanted to say was, "You see, this bastard is just blindly exuding charm."

124

Without needing Li Qiuyu to say all of it, Han Dong'er nodded seriously, very much acknowledging Li Qiuyu's point just now.

A man like Finn who didn't know he was attractive was the most terrifying.

Finn but didn't know what the two girls were saying, just after putting down the things he bought, Finn's phone rang.

When he opened the phone, it was a voice from Wu Qiushui's WeChat, after Finn answered it, he asked, "What's wrong, did something happen?"

"Nothing happened, I suddenly remembered that there's a party at night, a gathering of all the families' second generation ancestors, if Ye Shao has nothing to do, come and play for a while, you can also familiarize yourself with the Wind Capital."Wu Qiushui said cautiously.

Finn brightened up and said, "Good, I was just about to take a look, then come pick me up at night, I'll be at the hotel, waiting for your news."

After saying that, Finn hung up the phone.

This time when he came to the Wind Capital, Finn was thinking of finding a chance to mix into the upper cl A** circles just fine, but he never expected that the opportunity would come so soon.

According to Finn's standards, the circle of the second son of a first-cl A** family was the first-cl A** circle, and the big brother circle was the gathering of those patriarchs of first-cl A** families. Now it was perfect to get acquainted first, and Finn also wanted to see who were the ones who were against Wu Qiushui, and had a good idea of which ones could make friends and which ones were destined to be enemies.

It was getting late, and soon it was night.

When Finn came downstairs, he saw Wu Qiushui driving the BMW X5 and extended his hand to say hello.

Wu Qiushui looked behind Finn and couldn't help but wonder, "Ye Shao, aren't Miss Li and Miss Han going?"

Finn shook his head and said, "Winter is sick, I'm letting Qiu Yu take care of it."

What Finn didn't know was that Han Dong'er wasn't actually sick. But getting better so quickly, it was easy to make Finn suspicious, so Han Dong'er really pretended to be sick, and Li Qiuyu also cooperated by saying to take care of Han Dong'er.

Wu Qiushui nodded and said, "Then Ye Shao, let's go, you also know the location of this party, it's the Zunhuang bar you went to earlier."

"So that's it." It dawned on Finn, then drove behind Wu Qiushui's car.

Unlike before, there were many luxury cars parked in front of the Zunhuang Bar this time, no less than twenty that reached millions, and there was even a Rolls Royce that was uniquely distinguished and overbearing.

"Damn, if it wasn't for the fact that Kaiyuan didn't sell Rolls Royce's, I would have bought it long ago. No, I should have bought a Bugatti Veyron." Finn secretly cursed, it was all Finn's car pretending to be something else, but now among these luxury cars, it was slightly ordinary. It was only a limited edition, that's why they didn't encounter the same car.

However, Wu Qiushui's car is a very common BMW X5, this is not, Wu Qiushui just got off the car, was a mockery: "Yo, this is not Wu Dashao, why only drive BMW X5 ah, this kind of car where worthy of your distinguished identity ah."

"Zhang Bao, I'm not ready for you to say it yet." Wu Qiushui glanced coldly at Zhang Bao.

Finn followed Wu Qiushui's eyes and saw a small short man with a five short stature and a height of only one meter six, which should be Zhang Bao.

But what made Finn somewhat laugh and cry was that Zhang Bao's side was actually a model who was more than one meter tall, and Finn looked at the model in high heels, whose height faintly surprised him.

From Finn's side, it was like a mother with her son, that is, this son was also too ugly.

"What are you looking at?" Zhang Bao snorted when he saw that Finn was holding a laugh.

What Zhang Bao cared about most was his height, so every time he looked for a woman, he always looked for a tall one to show that he was capable. Other people wouldn't sneak a laugh even if they were in Zhang Bao's way, but when Finn laughed so blatantly, it suddenly made Zhang Bao unhappy.

Without saying anything, Finn 'puffed' and laughed directly at the words he said.

"You said you look so frustrated, just find a similar line, and no one said you, you're really unbecoming like this. The ones with bad eyesight thought it was some beauty model who owed a monkey to come out for a stroll at night." Finn laughed loudly, but he was merciless to Zhang Bao.

From the simple conversation between Wu Qiushui and Zhang Bao just now, he knew that Zhang Bao and Wu Qiushui didn't get along, so naturally, Finn had to help Wu Qiushui.

As expected, after Finn said so, Wu Qiushui's spirit was invigorated and his waist was straightened up. Wu Qiushui was certain in his heart that Finn's previous words were true and really helped him.

Wu Qiushui trotted to Finn and said, "Ye Shao, let's go in, this kind of monkey hurts his eyes if he sees too much, this way please."

Zhang Bao originally wanted to scold Finn, but when he saw Wu Qiushui standing beside Finn like a grandson, he knew that Finn was a big deal.

There were many high class parties, Zhang Bao attended more than a dozen of them every month, basically one in two days, but after so many years, Zhang Bao had never seen such a

person as Finn before. He couldn't help but narrow his eyes, wanting to see through Finn's identity.

But Finn did not give the opportunity and followed Wu Qiushui and walked in.

Zhang Bao but the remaining light saw the Porsche that Finn just saw, and suddenly the corners of his mouth turned up and said, "I thought it was some big young master, but it seems to be just a trash one, a million broken car on pretending."

The car that Zhang Bao drove was also a BMW X5, although the price was not as high as Finn's Porsche, but Finn was obviously a foreigner. Even if Finn was top-notch in other cities, he was only second-rate here. It's normal to be downgraded when you change cities, that is, to be a head below the locals.

Looking at Wu Qiushui's previous appearance, Zhang Bao was even more certain that Finn was second-rate top-tier in other cities, but not first-rate.

According to the proportions, now that Finn was in Fengdu, his status was comparable to the top third-rate at best, and that was a fart to Zhang Bao!

Thinking of this, Zhang Bao walked into the bar with a big step, while the model's female companion beside her was walking slowly, afraid of walking faster than Zhang Bao. The model's female companion had once calculated that when Zhang Bao took a big step, she would only need to walk half a step away, while when Zhang Bao walked normally, she could basically be said to be scuffing the floor.

When she entered the bar, Zhang Bao saw Finn, and when she saw the drinks on the other people's tables, Zhang Bao picked them up and was about to splash them on Finn, giving him a run for his money.

But Finn had expected it and he had been observing everyone, wanting to remember everyone here and meet them in the future. So when Zhang Bao came in menacingly, Finn knew that things were bad, and when he saw Zhang Bao serving the wine, Finn quickly flashed without even thinking about it.

Just in time, Finn flashed the wine, but it was all spilled on Wu Qiushui's body.

When Wu Qiushui turned his head, he saw Finn who jumped away, and Zhang Bao who was holding an empty wine gl A**.

Wu Qiushui suddenly understood what was going on, but instead of running to Zhang Bao, he asked Finn , "Ye Shao, have you been splashed with wine?"

"Nope." Finn could not have imagined that Wu Qiushui's concern for him had reached such a stage, and his heart was even more certain to help Wu Qiushui.

Wu Qiushui's kind of little brother was the real little brother, and everything was considered from Finn 's point of view.

Determined to help Wu Qiushui, Finn saw the waiter carrying the red wine, pick up is splashed Zhang Bao!

125

"Kid, you're looking for death!"

After being splashed with red wine, Zhang Bao screamed in response and looked angrily at Finn .

Finn glanced at Zhang Bao obliquely and said indifferently, "I deserved it."

"You!"Zhang Bao was so angry that he almost didn't p A** out.

When he regained his senses and wanted to teach Finn a lesson, Finn disappeared.At this moment, Finn and Wu Qiushui had entered the bar's exclusive compartment.

"Why do we have a separate compartment for our party?" Finn was somewhat puzzled.

Wu Qiushui explained, "We don't purposely have a private room for every party, but every young master or young lady will book a separate private room to facilitate changing dresses and talking about things."

Finn nodded in a daze, some young master must be drinking and sexually aroused, dragging some ordinary women who came to play back to the private room to do something shameful.

Wu Qiushui continued again, "Young Master Ye, let's stay here first, someone will come and call us when we start later."

"Okay, no rush." Finn spread out on the sofa and crossed his legs. First website m.

After so many times of mixing circles, Finn had concluded that if he wanted to really mix in, he should never take the initiative to go over there by himself to make a scene, that would be too unforgiving. Even if Finn desperately wanted to enter the circle, he had to act calm and act as if he didn't care.

This kind of feeling of wanting to reject but still welcoming would be the only way to achieve great success.

As expected, someone knocked on the door in a short while, but to Finn's disappointment, it was Zhang Bao who came.

When Zhang Bao saw Finn, he sneered and said, "Kid, you really are hiding here, causing me to search for half a day, damn it!"

Zhang Bao said, and kicked out, aiming at precisely Finn's life-root.

Finn's eyes narrowed, and he also kicked out, because Zhang Bao was short and far away, so Finn actually reached the back of his head and shot Zhang Bao out of the box with one kick.

"You wait for this young man!" After dropping a word, Zhang Bao left.

"This idiot." Finn shook his head helplessly, there were such big idiots everywhere.

If you don't have any strength and still have to blindly fool around, won't you find someone else first before coming back? You have to be beaten before you go looking for someone, aren't you looking for abuse.

"Ye Shao, do you need me to call some people?" In the meantime, Wu Qiushui's eyebrows were still a little worried.

But Finn waved his hand, "What's the point of looking for someone, doesn't that seem wimpy, Ben Shao is free to arrange, you just stay."

Normally, Finn and took the initiative to look for someone, but on this occasion, it would be too degrading to actually look for someone.

If Finn wanted to blend into the circle and be strong enough to enter the circle, then he would definitely not need to find someone himself. Otherwise, the other dudes would also think that Finn was just like that and not worth mentioning. Finn was about to have a different and refreshing one.

Soon, the party started.

Finn and Wu Qiushui came to the hall, and at this moment the deafening sound of the DJ had disappeared, leaving only a handsome man in a white suit standing in the DJ booth, smiling elegantly, "Tonight, party to your heart's content, all consumption is borne by this young man!"

"Wang Shao is awesome!"

"Wang is domineering!"

"Wang Shao, I'm going to give you a monkey!"

Finn 's eyebrows raised, and without him asking, Wu Qiushui took the initiative to explain, "This person is called Wang Yuntian, he's a gentleman who's just ranked among the top-notch and is also the owner of Infinite Entertainment."

"Oh?Peerless Entertainment is his ah." Finn 's eyebrows raised, Infinity Entertainment was Fan Pin's sworn enemy, and even more so one of the culprits who had annexed the Wu family in the first place, looking at Wu Qiushui clenching his fists, one could tell how much hatred Wu Qiushui had for Wang Yuntian.

Wang Yuntian also didn't talk nonsense on stage, and after a few simple words, he left the stage.

What Finn didn't expect was that Wang Yuntian didn't run to the pile of women, but instead came straight to Finn 's side.

After glancing at Finn , Wang Yuntian bypassed Finn and arrived in front of Wu Qiushui, smiling faintly, "Young Master Wu, I don't know if you're familiar with this scene, but five years ago, you were the one on stage, right?I was admiring your posture at that time, with a big hand, spending money like water, wantonly spending, really domineering.I gave it such a try today, it really was cool."

"Wang Yuntian, you f*cking..."

Before Wu Qiushui finished speaking, he was pulled by Finn .

After instructing Wu Qiushui to take it easy, Finn turned his head to Wang Yuntian and spoke lightly, "Today's consumption is provided by Wang Shao, right?"

Wang Yuntian didn't know what kind of drug was in Finn 's gourd, but this question from Finn was very demoralizing, and Wang Yuntian's first impression of Finn was a person who was greedy for small bargains.

"That's right, that's what I said, today's consumption is all borne by Ben Shao, boy, just enjoy yourself.How about you follow me, eat and drink, and follow Wu Qiushui, that's the equivalent of walking away from the road."Wang Yuntian spoke without forgetting to mock Wu Qiushui.

Finn waved his hand and said, "Then don't bother with Wang Shao's worries, I recorded what I just said, you'll bear all the consumption tonight, then I'll enjoy it."

Saying that, Finn walked away with Wu Qiushui.

Looking at the back of the two of them, Wang Yuntian laughed disdainfully.Originally, he thought that if Wu Qiushui listened to Finn so much, what kind of strength would Finn still have.But now that he looked at it, he was just an ordinary person.

"Wu Qiushui, you're still a bit young to fight with this young man."

In Wang Yuntian's view, Wu Qiushui looking for Finn was a dead horse.Without the initial worry in his heart, Wang Yuntian also turned his head and entered the dance floor, looking for the young girl to dance close to him.

On the other side, Wu Qiushui was a bit confused, "Ye Shao, why don't you let me do it?"

"Do it?Do it now what you can get, by brains.Don't worry, sooner or later, let him fall, it's not a short while." Finn patted Wu Qiushui's shoulder, Wu Qiushui's anger, Finn could feel and understand, at first his hatred was even bigger than the family's fall from grace, it was being green.

But he was powerless at that time, and if it wasn't for Charles' appearance, Finn wouldn't have dared to imagine what he was like now.

The first thing that I want to do is to help you, and I want to help you, and I want to help you.

In fact, Finn is not used to Wang Yuntian being so pretentious, not to mention that Wang Yuntian's Infinite Entertainment is still a stumbling block for Van Pin Entertainment.

Finn 's words seemed to carry a kind of magic, and Wu Qiushui couldn't tell if Finn was being perfunctory or really wanted to help, but now, Wu Qiushui could only choose to believe in Finn , so he nodded heavily and said, "Alright, I believe in Ye Shao."

After saying that, Wu Qiushui walked to the bar without saying a word and asked for a gl A** of strong alcoholic drink, and one gl A** went down.

Even if it is like a line of fire through the throat straight to the spleen, Wu Qiushui is not able to feel like, raised his hand and signaled the waiter to come back for another cup.

Finn didn't say anything about this, Wu Qiushui is now borrowing alcohol to ease the sorrow, then he also let Wu Qiushui, there is pressure always have to find an outlet.

But Finn still discouraged, "Qiushui, there's no need to drink too much, I'll let you vent it out later!"

"In a minute?"Hearing Finn 's words, Wu Qiushui brightened up and the haze under her eyes receded quite a bit.

Finn nodded, looked towards the chaotic crowd, and faintly spoke, "It seems like it won't take a while, look, it's coming now!"

Chapter 126

Following Finn 's line of sight, Wu Qiushui saw that Zhang Bao was scurrying around, seemingly looking for something, with four big men with flowery arms tattooed behind him.

Seeing this, Wu Qiushui's face couldn't help but change, "Ye Shao, do you want to hide?"

Where was this venting, Wu Qiushui was bitter in his heart, did Finn still think that he was divine and could counteract four with one?

He also regretted more and more that he had just listened to Finn's words, otherwise he wouldn't be so ~~p~~ A**ive now if he found a few people.

"Hiding my A**, look at you wimp. The best way to eliminate fear is to face it!"

Finn patted Wu Qiushui's shoulder, directly picked up the empty wine gl A** in Wu Qiushui's hand, took a little aim, and threw it, hitting Zhang Bao squarely in the head.

"Pah!"

The gl A** wine gl A** shattered with a sound, and Zhang Bao also let out a scream, blood oozing from his forehead.

"Who the hell dares to hit Ben Shao!" Zhang Bao growled and looked over in the direction of the beating, and saw Finn sitting on the bar, smiling and waving at him.

"Damn it, you're the one Ben is looking for!" Zhang Bao laughed sardonically and rushed up with a big hand. Remember the URL . . net

The four big men behind him also rushed out, and the other girls scratching their heads saw Zhang Bao's five menacing men and dodged to the sides, giving way to Zhang Bao's five men.

But as if he didn't feel it, Finn picked up an empty gl A** on the bar again and threw it at Zhang Bao again, but this time he missed.

"Hey, moving targets are just not easy to hit, Qiushui, what are you waiting for, you try too, we have to face our fears!" After Finn turned his head to say something to Wu Qiushui, he picked up an empty wine gl A** again.

Was this the removal of fear? Isn't that an active fault?

Wu Qiushui was somewhat speechless, never would have thought that the way Finn said to vent his anger was to hit Zhang Bao.

It would have been fine in normal times, Zhang Bao was already five short statured and easier to clean up. But now, Zhang Bao was following four big men behind him!

But now, Wu Qiushui had no other choice but to pick up the wine gl A** and throw it at Zhang Bao, just like Finn .

"Pah!"

Wu Qiushui didn't expect that he had hit it with a single blow, and his heart was happy.

"Decompress it." Finn smiled.

Wu Qiushui nodded, it was indeed very de-stressing, just like going to the arcade to smash gophers, but it was obviously more fun to have a moving live target in front of you.

The only thing that Wu Qiushui regretted was that Zhang Bao came over very fast. Wu Qiushui had only thrown a second empty cup before Zhang Bao had already arrived in front of them.

"Don't worry, there's still a chance." Finn smiled calmly and patted Wu Qiushui's shoulder.

Wu Qiushui was now alcoholic and excited regardless, and before Zhang Bao could speak, he picked up the gl A** and threw it out again, hitting Zhang Bao directly in the nose at such a close distance.

When Zhang Bao was hit in the nose, his nose was sore, and tears instinctively collapsed out.

"Hahaha, look at Zhang Bao's decrepitude." Wu Qiushui laughed and turned his head to Finn , "Ye Shao, you tell me what to do, I'll listen to you, but I still haven't beaten enough."

Finn smiled, "I'll let you keep hitting if you haven't hit enough, but it's not a moving target anymore, it's a directional target, so it might not be so cool."

"That's all fine, as long as you can hit it." Wu Qiushui waved his hand cheerfully, not at all restrained.

"Damn it, do you guys still put Ben Shao in your eyes? You losers, hurry up and beat the two of them down!" Zhang Bao covered his nose and waved his big hand, allowing the four strong men behind him to come forward, but he himself didn't dare to come any closer.

The strong men were scolded for being trash and their faces changed, but they still ran towards Finn and Wu Qiushui.

"Zhang Bao scolded you guys so much and you can still put up with him, how much money did he spend to hire you guys ah, let you guys be so deadly, you don't even want your dignity." Finn didn't move, just spoke faintly.

This sentence was very heartbreakingly, the strong man who headed it couldn't help but stop himself and said, "Zhang Shao smoothly, gave us brothers ten thousand each."

"Ten thousand each and you guys are dead set on it?" Finn pretended to be surprised, then smiled, "Then I'll give each of you 100,000 pieces, is that what you're allowed to do ah!"

"If Da Shao is willing to give it, it's a different story." The strong man knew that the people who came here to play today were all rich kids, he actually didn't do really hitting people, or else provoke the wrong, 10,000 is not even enough to run away, but if Finn gave 100,000, it would be worth the risk.

Finn is not inked, directly over there dancing Wang Yuntian: "See, do you know that one over there?"

"Wang Shao naturally recognizes it." The strong man nodded his head, not knowing what Finn wanted to express.

Finn beckoned, took out his phone and played the recording in a low voice in the strong man's ear, the strong man could not help but brighten up.

Finn smilingly patted the strong man's shoulder and said, "Hear the recording, Wang Shao said that it's all paid for, just tell me, I'll give you as much as you want, just ask Wang Shao to reimburse you anyway when the time comes."

"Da Shao, if you're not kidding me, give us brothers a million each, we'll run away after we finish this bill, we can do whatever you want us to do!" The strong man thought about it and said.

Finn nodded, but he didn't feel that the strong man lionized him, after all, it was the Wind Capital, the young masters here weren't comparable to a small place like Golden Sands, without a million, no one would really sell their lives.

"Just give each of you a million, paypal transfer, give me your account number, I'll transfer four million to you first, just split it among you guys later." When Finn opened Alipay, the strong man entered his account number, and after making sure it was correct, Finn directly transferred the money.

"Alipay has arrived, four million!"

When he heard the alert tone of the phone, a bright smile appeared on the strong man's face as he flattered, "Da Shao, tell me, what do you want me to do, it's fine to poke the sky!"

"It's nothing, just take your brother and grab Zhang Bao for me, drag him by his limbs and don't let him move." Finn thought about it and said the request.

The strong man was a little surprised, he didn't expect it to be so simple, so he quickly agreed, and immediately afterwards he ran towards Zhang Bao with the other three strong men with a big wave of his hand.

In the meantime, Zhang Bao's eyebrows were slightly tinnitus, he had been beaten, and the strong man and Finn had just been talking to each other, not very loudly, so Zhang Bao didn't hear anything. However, when he saw the strong men smiling and running towards him, Zhang Bao secretly said that it was not good and wanted to run away.

But how could Zhang Bao's short legs outrun the strong men, without taking two steps, he was immobilized by four strong men separately, standing in place and unable to move.

"What are you doing, what are you guys doing, but I paid you guys, and I am Zhang Bao, how dare you guys touch me?" Zhang Bao struggled hard, but the strong men were indifferent.

The man who was paid just now patted Zhang Bao's shoulder and said, "Zhang Shao, the fault is that you have offended that young master. You stay calm and don't move, the brothers won't do anything, we are just responsible for fixing you, if you move around and cause trouble for our brothers, don't blame us for picking your tendons and hamstrings."

"Don't you dare, I'm but...Ahhhh!It hurts, I won't move, I won't move."Zhang Bao was about to threaten the strong men with his identity, but the strong men clutched at him so hard that his wrist became numb with pain.

The strong man grunted, "Stay still, and then dao dao will waste you."

Although he was earning this kind of thugs' money and needed to obey the naming, he was still bloodthirsty after all.He could remember when Zhang Bao called him a waste before.On the other hand, Finn was not only generous, but also simple in his demands and didn't insult to order him.In comparison, even if they all gave ten thousand, he would prefer to help Finn 's service.

Finn didn't even notice the thoughts and actions on the strong men's side, he only saw the strong men grabbing Zhang Bao, so he turned his head to Wu Qiushui and said, "Qiushui ah, look, now that the opportunity is back, shall we continue?"

"Go on, sure go on, hehe!"Wu Qiushui drank too much and her face turned red into a monkey's A, **planting a stunned gl A** and throwing it hard, popping it and giving Zhang Bao another scream.

"Fun, fun!"Wu Qiushui smiled, but then he sighed and said to Finn , "Ye Shao, I've made you break the bank."

Don't look at the fact that he was drunk, but he also heard the arrival sound effects from the strong man's paypal just now, which was a full four million.

Finn waved his hand and said, "It's fine, it's worth it if that money can be exchanged for your heart comfort, and besides, it's not necessarily my money."

Wu Qiushui was very moved by the first half of the sentence, but the second half of the sentence left him stunned, and he couldn't help but ask, "What does Ye Shao mean?"

Finn took out his phone and played the recording to Wu Qiushui, Wu Qiushui also brightened up after hearing it and said, "Good idea, Ye Shao.The first thing you need to do is to take a look at the company's website and see how they are doing.Don't look at more than four million, but with Wang Yuntian's character, I'm afraid he would really pay this money ah." A second to remember to read the book

"Yeah?That's great." Finn also couldn't help but reveal his joy, at first Finn thought that it was just getting Wang Yuntian's handle and finding a way for Wang Yuntian to get the money, if he didn't give it, it would have an effect on Wang Yuntian's reputation.But to be able to ask for money, it was naturally better.

And if Wang Yuntian dared to give this money, then it would be a disguised help to Finn , and Finn could totally use this to provoke the relationship between the Wang family and the Zhang family.

It was really a good way to have the best of both worlds.

Finn smiled heedlessly and also happily picked up an empty wine gl A** and said, "Qiushui, then let's compete and see who throws more accurately, the loser will be treated to a late night snack."

"No problem, I won't give in to Ye Shao."Wu Qiushui was full of fighting spirit, he also picked up a wine gl A** and aimed half a day before being thrown out, but unfortunately he missed.

Finn disdainfully laughed, but he didn't drink, his eyes didn't reshape, and the wine gl A** hit Zhang Bao's forehead squarely, smashing out a small opening.

"Good yeah, hit it, one to zero."

Finn laughed, but he didn't have any sympathy for Zhang Bao.It was odd that he could tolerate Zhang Bao for pinching him like a soft tomato and finding someone to beat him up.

Moreover, doing so was not only to teach Zhang Bao a lesson, but also to calm down the scene, so that all these so-called rich kids could see that he, Finn , was different.Mixing into the circle like this was also considered a strong entry, and it would be quite useful for entering the big brother circle in the future.

But this time, the game was at least gathered by Wang Yunsheng, and seeing Zhang Bao being beaten up like this, he couldn't care less.

"Alright, stop it."Wang Yunsheng faintly spoke up as he approached, but he did not ask the reason why.

Finn was a little surprised by Wang Yunsheng's reaction, if Wang Yunsheng helped Zhang Bao and made Finn apologize, it was something Finn could think of, but Wang Yunsheng just made it stop, not caring which side was right and which side was wrong.

"When Wang Shao said to stop, it's natural to stop, so let Wang Shao transfer money to me." Finn smiled and extended his hand.

"Transfer? What's the transfer?" In the meantime, Wang Yunsheng's eyebrows were knitted, not knowing what Finn was saying.

Finn didn't hide it, so he said truthfully, "Didn't Wang Shao say that tonight's consumption is on you, I just hired a few of them to catch Zhang Bao, so this money is also considered consumption."

Wang Yuntian's eyebrows twitched unnaturally -, Finn is really shameful, spending money on the murder and still wanting him to pay for it.

But Wang Yuntian was like what Wu Qiushui generally said, especially good face, so he nodded and said, "Okay, how much money was spent, I'll pay the treasure to transfer it to you."

"It's not much, it's just eight million." Finn chuckled.

"Oh, it's not much, it's only eight hundred....What, eight million?" Wang Yuntian was directly stunned, his mouth so long that he could stuff an egg into it.

Finn chuckled, "At any rate, it's the arrest of Zhang Bao, and these brothers are afraid of spreading the blame, so they gave a little more. What, isn't this small amount of money too small for young Wang to take out? If you can't take it out, forget it."

Finn pocketed the phone and said with an indifferent face, "The meeting Wang Shao gathered, I was going to give Wang Shao some face and let you pay this money, see if Wang Shao is embarrassed. Anyway, I'm the one who's cool, I'll spend the money, it doesn't matter, it's a small amount to me."

Finn didn't say too much, but the meaning of his words was obvious, firstly, he said that Wang Yuntian was dishonest and didn't take the money after he said he would spend it. Second, it was saying that Wang Yuntian was stingy, and it was a shame that the son of a first-cl A** family couldn't even take out eight million.

Wang Yuntian's face darkened, clearly understanding, and he had wanted to refute Finn , but when he saw the eyes of the others, he held back from cursing.

After all, it was really Wang Yuntian himself who had said that all spending was on him.

If Wang Yuntian really didn't take any money at this moment, then how would these people look at him?

"Never mind, I give!"Wang Yuntian said and took out his phone.

But Finn made no move.

Wang Yuntian frowned and said, "What, don't want it?"

"This attitude of yours, which looks like you want to invite guests, look at the way you've been forced, your face is black, forget it, I don't care about this small amount of money." Finn impatiently waved his hand.

"I...."Wang Yuntian was choked, only after a long time did his breathing steadied, revealing a smile, "It's fine, if I say I'm inviting, that's what I'm inviting, little brother don't disrespect me Wang someone, I don't care about this small amount of money, come on, I'll transfer it to you now."

"Well, that's more like it." Finn nodded his head in satisfaction before taking out his phone, "Just scan the code to transfer the money."

"Good."After Wang Yuntian smiled and scanned the code, he left without looking back.

"Pfft!"

Wu Qiushui held her laughter for half a day and saw Wang Yuntian leave before bursting out laughing and giving Finn a thumbs up.

"High, it's really high!"Wu Qiushui couldn't help but praise.

Wu Qiushui had thought that Finn had received the money and that it would be fine, and it had obviously cost four million, but he had asked for eight million and made four million.

Not only that, Wang Yuntian gave money not to say, or compensated with a smile to give money, I guess now Wang Yuntian are furious.

Finn hehe a smile, the beauty of the phone put away: "this kind of fool, dead to save face and live to suffer, if it were me I would not give it, love or not.This guy is good, for the sake of that face, he gave money and compensated for it, it's really funny."

128

"Hahaha!"Wu Qiushui laughed uproariously, this time it was too much of a relief for Wang Yuntian to suffer such a sullen loss.

"Eldest Young Master, then we brothers will withdraw first."The strong men walked up to Finn and said.

But Finn waved his hand and said, "What's the point of leaving, just stay at Wind Capital, Zhang Bao won't do anything to you."

"What do you mean by that?"The strong man still didn't want to leave, and he couldn't help but be happy to hear that he had a chance to stay here.

Finn explained, "As you have just seen, the money was paid by Wang Yuntian, so you go out and say that Wang Yuntian hired you.Of course, I just asked for eight million, of which I'm leaving four million behind, which can be considered as Wang Yuntian's hard work for hiring me and Wu Qiushui."

"Will this work?"The strong man was still a little worried, after all, what Finn said was crooked.

When Finn saw that the strong man was worried, he helplessly got up and came to Zhang Bao who had fainted and woke up with a kick.

Zhang Bao looked at Finn with hatred in his eyes and said, "Kid, wait for me, I will take revenge for today's incident!"

"Revenge of the nimrod, actually Brother Zhang, I'm also forced to ah." Finn suddenly looked pale and squatted in front of Zhang Bao, taking out his cell phone, "Look, the money Wang Yuntian just transferred to me, eight million.The reason those four thugs helped me just now was because Wang Yuntian ordered it, I gave each of them a million, and Wu

Qiushui and I got two million each. We didn't want to take this money either, but Wang Yuntian had already been displeased with you, and that's why he hired me before the party, so that I could find trouble with you. Otherwise, I don't even know you, so why would I dare to insult you at the door, if you think about it, where would an outsider like me dare to offend such an awesome person like Zhang Shao."

Finn said almost in tears, Zhang Bao also can't help but be moved, carefully think about what Finn said is really right, if not for Wang Yuntian's order, how would Finn dare to attack him, and why do these thugs dare to rebel against the bone. The first website m.

But Zhang Bao still coldly snorted, "What's going on with that Wu Qiushui, I can remember that Wu Qiushui and Wang Yuntian's hatred is not light."

Without waiting for Finn to speak, Wu Qiushui also came in front of Zhang Bao and said, "Zhang Shao, it was all just an act. In fact, my family didn't lag behind, I joined Wang Yuntian long ago, the reason why we keep showing disagreement is so that the other families don't suspect, otherwise the Wang family will get all of our Wu family again and will definitely stand at the top of the first-cl A** families, Wang Yuntian did this because he was worried about the crane, that's why he didn't dare to show our relationship in front of you."

"Is that so?" Zhang Bao was a little unbelievable.

Finn nodded and said, "You taste, you fine. How else would Wu Qiushui and I get together, it's all Wang Yuntian's arrangement. This game is all arranged by Wang Yuntian, he has a count of who he wants to invite, otherwise knowing that Wu Qiushui and you don't deal with each other, he still has to arrange it, isn't that just picking a fight."

"f*ck!"

After a long silence, Zhang Bao suddenly burst out, suddenly coming to the realization that everything that Finn had said was right.

The thing that convinced Zhang Bao the most was the eight million, even a top-notch gentleman wouldn't give someone so much money for nothing, at a glance, there was something about it.

"But why did he want to mess with me, and why did you guys tell me about this? It's not good for you, is it." Zhang Bao issued another final question.

Finn was relieved, so he didn't even think that Zhang Bao still had questions.

Fortunately, Wu Qiushui reacted quickly and only sighed, "This is a long story. Wang Yuntian wants to screw you because your Zhang family is the top of the second-rate, Wang Yuntian is afraid of your rise, because now the Wang family and your Zhang family are not too far apart, screwing you up is to remove the threat and incidentally annex your Zhang family, just like the original annexation of our Wu family. This time, the reason for helping Wang Yuntian is because Wang Yuntian promises that if he crushes your family, he will split seventy-three with our Wu family, and our Wu family will get thirty percent, and can also be at the tip of the second-tier, and may be able to be among the first-tier, but..."

Wu Qiushui said, "But I thought about it carefully, how could Wang Yuntian be so kind-hearted, he definitely wanted to draw me a pie, to first bring down your Zhang family, and then say that it was our Wu family that did it, after that Wang Yuntian could do justice and annex our Wu family by the way, all of this, is Wang Yuntian's trick!"

"So insidious!"

Now Zhang Bao had to believe it, because the family was involved, and it all sounded even more reasonable.

And Zhang Bao didn't dare not to believe it, even if Wu Qiushui was lying to him, he could only believe that this kind of involving the family's interests, it was better to believe it than not to believe it.

Because what Wu Qiushui had just said was seamless, and if it was really implemented, then the end of the Zhang family would be a dead end.

"I'm sorry, Brother Qiushui, it's because I was jealous of you before that I always find trouble with you. I know it's wrong, thank you for telling me so much, I have to tell the family quickly, otherwise our Zhang family will be in real danger." Zhang Bao just bowed to Wu Qiushui with a sincere attitude.

Wu Qiushui also patted Zhang Bao's shoulder and said, "It's fine, resolve the conflict, we'll be brothers from now on. I also beat you before, I hope that brothers don't take offense."

"It's fine, it's all trivial. I'll leave first then, I'll have to report this matter to the family tightly." Zhang Bao said that he was about to leave, but he stopped before taking a few steps, turned his head and returned to Wu Qiushui's side, whispering, "Brother Qiushui, you

said that Wang Yuntian is so bad, why don't we join forces with the two families, in fact, if we defeat the Wang family, we can both be among the top families."

"I can't make decisions on such things, but I will report back to the family, so wait for good news from your side." After Wu Qiushui gave Zhang Bao a cheering gesture, Zhang Bao left with a heavy step, as if he was carrying a big responsibility on his shoulders.

"Puff!"

It wasn't until after Zhang Bao left completely that Finn couldn't help but laugh out loud.

Wu Qiushui also laughed out loud and once again gave a thumbs up to Finn , "Ye Shao, you are really awesome, you can even come up with this kind of method to provoke a rift, the relationship between the Wang family and the Zhang family will be completely bad."

Finn nodded his head and said, "You don't have to take what Zhang Bao said behind, you don't have to take it seriously, the United Family will be finished in case there is a traitor, but this has also achieved our goal, teaching Zhang Bao a lesson and giving Wang Yuntian a problem.Zhang Bao was beaten up like this, so he definitely won't go to Wang Yuntian to inquire about it."

Turning his head, Finn said to the four strong men, "See, this matter is known to heaven and earth, you know it, if the words rot in your bellies, you'll be able to safely carry it in the Wind Capital, and no one will find trouble with you."

"Da Shao, what do you mean by things rotten in the belly, we brothers just have a bad memory, we can forget everything that just happened, I remember we are here to drink right, brothers, let's go drink." The first strong man said and left directly after that.

Finn nodded his head in satisfaction, although he knew that it was the strong man's words and it was impossible to really forget.But judging by the situation, they were a few of them were prepared to stay in the Wind Capital.After all, who wished to run away when they could avoid running away.

Wu Qiushui also said at the side, "Ye Shao don't worry, these thugs only recognize money, but they also have professional ethics, none of them will p A** on small talk, after all, if they say it, there's no trust, and they lose their jobs."

Finn nodded slightly, knowing that Wu Qiushui was right, so he waved his hand and said, "Okay, there's no trouble now, today I guess it's just to mix up a familiar face, now that the purpose is here, let's go. Ben has earned four million, let's take you to a barbecue."

129

"Ye Shao, didn't we agree that I'm invited, and didn't I just say that I also have two million." Wu Qiushui said stoically.

Finn glanced at Wu Qiushui, and said, "Take advantage and behave, but this money is the money that Ben Shao worked hard and spent half a day to earn, how much risk do you know, let's go, go have a barbecue, if you don't eat, I won't take you."

"Ye Shao, wait for me, I'm just kidding. Let me be so happy today, far more important than two million to come, heart comfort ah." Wu Qiushui was originally just joking, so he even caught up with Finn .

It had been a long time since Finn had eaten a barbecue, and he hadn't eaten one since he was rich.

And when it comes to what to eat in winter, besides hotpot it should be barbecue, Finn menu didn't even look at it, he first asked for ten beef kidneys and ten lamb kidneys, directly made Wu Qiushui look silly.

The first thing you need to do is to take a look at the car, and you'll see that it's not just the car, but also the car.

As soon as he entered the presidential suite, Finn collapsed on the floor, unconscious.

"Ah, my head hurts!"

Finn rubbed his temples and slowly opened his eyes, took his phone and saw that it was already three in the afternoon, but he had slept for twelve hours, it seemed that he was really drunk this time.

"Boss, you're awake?" Remember the URL .

A clear and pleasant voice entered Finn 's ears, Finn turned his head to look, only to see Han Dong'er standing by the bed in a small foreign dress, timidly fiddling with her small hands.

Finn rubbed his temples, "It's Dong'er, how's it going, is it better?"

"It's fine already." Han Dong'er's little face directly blushed, she actually didn't have a fever, it was just wording.

Finn nodded and didn't notice any difference.

"Are you having a headache, boss? I'll give you a m Aage, I've been to Thailand, so I learned Thai m Aage by the way, it's very useful for treating headaches." Han Dong'er looked at Finn's eyes and said, her eyes were full of sincerity, just want Finn to believe.

Finn was not in a position to excuse himself, so he had to lie on the bed, "Okay, then it's troublesome for you, but why do you open and close your mouth and call me boss, I'm quite uncomfortable."

"What's that calling you ah, you are indeed my boss ah, I received a notice in the morning, it was Lan Pin who told me everything." Han Dong'er said.

Finn nodded slightly, now that Han Dong'er called Lan Pin's first name instead of Sister, one could tell that Han Dong'er's mindset had changed. And even if Lan Pin didn't say it, Finn would still say it, but it saved trouble.

"Alright, but the boss sounds a bit awkward, so why don't you call me Mr. Ye, it sounds pretty much like the same thing." Finn smiled hehely, after all, calling General Ye sounded overbearing, much better than Ye Shao's kind of suave name.

Han Dong'er but stunned, because Finn this smile is really silly, but very innocent, but also a little stinky, but even more so Han Dong'er heart feel Finn close, the heart of admiration is even more.

Hastily shaking her head to break off the thought, Han Dong'er placed her hand on Finn's head and said, "Mr. Ye, then I'll start."

"Come on!" Finn is down to a look as if dying, if the Chinese physiotherapy m Aage is still reliable, after all, not so difficult, is to press, but Thai m Aage are all kinds of anti-human posture, looking all scary, the Internet said, Thai m A**age press bad people will be gone, there have been many accidents.

"Ah~"

But what Finn did not expect was that Han Dong'er's strength was just right, and the position she pressed was exactly where Finn's headache was, and she cried out in relief.

Finn was a little shy after he called out and covered his face, "It's fine, you go on, I'll try to control myself."

"Good, then go for it Ye!" Han Dong'er didn't say much, and continued to press again.

Although Finn couldn't see Han Dong'er's movements, but could also feel the flow of water between the movements, and more importantly, Han Dong'er's hands were extremely soft – soft and warm, pressed on Finn's body, like a marshmallow, no pain in the slightest. And just the right amount of force, just like eating a seven-minute steak, one point more would be too old, and one point less would not feel.

M Aage was already extremely soothing, especially since Finn had never had a m Aage before, and the excitement of it could be imagined. So Finn didn't endure more than a few strokes, he couldn't endure completely, and directly burst out a goosebumps-inducing gasp – "Ah! I can't control myself!"

"Hold on!" Han Dong'er said, and then a force on her hand, the Thai m A**age was still the main power channel, if the force was too light, it would be ineffective.

"No more, no more, I really can't help it, mama ah, heaven..." Finn's white eyes rolled over and he almost didn't feel so good that he flew up.

"Bang!"

"What are you doing!" The bathroom door suddenly opened, and there came Li Qiuyu's delicate drink, scaring Finn into sitting up with a start.

"Nothing ah, I have a headache, winter help me press my head just." Finn explained, but after saying that, he suddenly wondered why he had to explain to Li Qiuyu.

This scene was like being caught in a rape....

Li Qiuyu saw that Han Dong'er was sitting on the floor with a small stool, so she knew nothing had happened, and couldn't help but blush: "I'm just asking, it's fine, you guys go on."

"I see you've been getting more and more reckless lately."

Finn looked at Li Qiuyu, who came out in a bathrobe, with a large piece of white meat snail exposed, and couldn't help but look at Li Qiuyu with a raised eyebrow with interest.

Li Qiuyu blushed brightly and panicked, making an excuse: "I haven't finished washing yet, I'll go wash up again."

Saying that, Li Qiuyu entered the bathroom again.

Finn touched his nose, knowing that Li Qiuyu had been changing more and more recently, it seemed that he still had to talk to Li Qiuyu when he had the chance.

Making up his mind, Finn lay down on the bed again: "Winter, I was scared just now, but my head doesn't hurt now, but this body is still soft, do you want to help me press it again?"

"No problem, Ye." Han Dong'er nodded and climbed onto the bed.

Finn ton bounced up, "Dong'er, what are you doing, why are you still up here?"

Finn can be clear, now he can not wear anything but underwear, do not have to think much, know that when sleeping Li Qiuyu help him take off, just to make him sleep comfortably.

Li Qiu Yu to bed is no problem, but Han Dong'er and he did not determine the relationship, just on the relationship of subordinates, if really on the bed, can be a big misunderstanding.

Han Dong'er seems to have thought of something, not to blush: "Ye, what are you thinking about.I mean m **Aage, Thai m Aage** is different, it requires physical contact, but it's all healthy, so don't get the wrong idea."

"So ah, okay." Finn didn't know why, but instead of hearing that there wasn't much contact, he felt some sense of loss.

But then, after Han Dong'er climbed onto the bed, she removed the little foreign dress she was wearing.

"Wait, what, what are you doing?" Finn excited again, but did not wait for Han Dong'er to speak, Finn saw Han Dong'er inside a small vest and underpants, suddenly it dawned Han Dong'er may feel inconvenient to wear a small dress to make Finn feel embarrassed again.

Then Finn learned to be honest, no matter what Han Dong'er did strange behavior, Finn felt it was normal.

In fact, the Thai massage does not need that kind of provocative touch, especially Finn has a reaction to the blush but do not speak the look, but let Han Dong'er feel funny.

Han Dong'er knew that she had become irrevocably infatuated with Finn .

"Still not good enough?" After being pressed for more than an hour, Finn 's body no longer hurt, and wondered if the massage would take more than an hour?It's been too long.And he'd just received a message from WeChat that it was Fishwater looking for him for something, and he wanted to go out.

Han Dong'er was startled, so he began to compose himself, "Right away, just a few more presses and then it's over."

After a few hasty presses, Han Dong'er got out of bed.

Finn , on the other hand, changed his clothes and washed up, then rushed to Van Pin Entertainment.

And as soon as Finn left, Li Qiuyu came out from the other room of the suite, slightly jealous, "Sister Dong'er, what took you so long."

"Sorry, Sister Qiu'er, Mr. Ye's body is too good, so I accidentally touched him for a while longer."Han Dong'er threw out her tongue, completely different from her previous shyness in front of Finn , but just as cute.

Li Qiuyu said sadly: "Unfortunately, I do not know how to massage, or Sister Dong'er also teach me, next time it's me?I'd like to try it.Otherwise he's elm-headed, he won't get close enough to touch him without initiating, and he's a jerk for exuding charm but not cleaning up the mess."

"Then what to do, who let us all take the bait."Han Dong'er patted Li Qiuyu comfortingly, and the two girls embraced each other full of helplessness and comfort.

On the other side, the unaware Finn had arrived at Van Pin Entertainment.

Van Pin Entertainment was still the same as yesterday when Finn came, the lady at the front desk saw Finn and couldn't help but brighten up and said, "Ye Shao, you're here again? Who do you want this time?"

Finn is a little speechless, this front desk is really addicted to making money.

Before Finn opened his mouth, Fish Water ran over panting and glared at the front desk, "There are really no rules, Ye Shao came and didn't know to serve tea, remember in the future, when you see Ye Shao, treat me like I am, all privileges."

"Okay, Chief Fish, I know." The lady at the front desk was scared witless.

But Finn waved his hand: "I see the little girl is quite good, don't scare her, she has a lot of potential, the little girl do a good job."

The receptionist was praised by Finn and stood straight up, "Thank you, Ye Shao for your praise."

"Ye Shao's recognition of you, you'll do well in the future, you might be able to promote to the personnel department." Fish Water naturally couldn't fall short of Finn's face.

Hearing this, the front desk lady even more bowed, "Thank you for Ye Shao's appreciation, thank you for Fish's appreciation."

Finn nodded with a smile and went straight to the top floor with the fish water.

The front desk lady was just a small episode, but those who had helped Finn, Finn would help all he could. Now Finn is really experiencing that kind of pleasure – feeling of pointing the finger, a small decision, may be just a casual word of Finn, not to say can change the fate of the little girl, but it can make the little girl happy for days.

The life of a rich man is so boring and tedious ah.

Finn sighed in his heart, since he was rich, although he had gained many privileges, he had lost a lot of satisfaction accordingly.

And satisfaction comes from wanting to get a thing and being satisfied when you reach it. Now that Finn lacked nothing, he naturally had no sense of satisfaction. But Finn didn't regret being rich, because the happiness of the rich was so much stronger than before, and everything that he didn't dare to think about before was now in the palm of his hand.

"Ding!"

The sound of the elevator arriving at the top floor interrupted Finn's thoughts.

To the general manager's office of the fish water, Finn just like back to his home, directly paralyzed on the sofa, with his legs crossed: "Mr. fish, just now you said to find me something urgent, in the end, what is the problem? WeChat also did not make it clear, but also had to come to me personally."

Fish Water looked embarrassed, "Isn't it because I'm afraid that WeChat will be hacked in to steal the news? that's why we met and said. By the way, this matter is still related to you."

"Related to me, what is it?" Evan was suddenly interested.

"It's like this, yesterday you lectured Lan Pin and said that you would let the monitoring room save the footage, but the footage in the monitoring room shows signs of having been tampered with, and the known problem now is that a copy was made."

Said Fishwater, a little anxiously touching his big bald head.

Originally, he was only bald, but yesterday, under Finn's suggestion, he directly shaved it into a bald head. Finn's intention was to make Fishwater look normal, at least better looking than bald, but it seemed to look more like an old pervert.

Finn nodded his head in a daze, but not nervous at all, instead his attention was all on Fishwater's big bald head, and he laughed out loud.

"Chief Fish, you're quite domineering for a bald head."

"Ye Shao, you stop it, this matter is very important, if someone spreads out, it will not only have an effect on the mortal product, but also on you." Fish Water looked anxious, this matter could be considered ironclad black material.

Finn , however, waved his hand indifferently, "All big little things ah, out of such a big thing, the Infinite Entertainment will definitely enter the monitoring room to steal, you guys didn't prevent it is your problem, there might be a mole.This time it's to catch the mole, that's why I deliberately asked the security guards to send word that they were watching the control room, in order to draw out the mole, now, it seems that the mole has appeared, just catch the opportunity to catch the mole."

"But the priority is that copied CCTV footage ah."Fishwater thought that Finn had missed the point.

Finn directly took out his phone and played the video, "Look, isn't that the one, my family's people already got their hands on the copy in the first place, and that copy's USB drive was also burned, so there's no evidence."

"Someone from your family?"Fish Water knew that Finn was rich, but didn't know that Finn was also a member of the family, but there was no family surnamed Ye in Fengdu, could it be from another city?

Since they were from the provinces and were able to get the original document so quickly, or without knowing it, then how powerful the Finn family was.

"Then you must have caught the real culprit."Fish water some expectations, in the end who is the mole.

The company worked hard to operate, but there were so many mole, how to think, fish water felt that he was a bit of a failure as a general manager.

But Finn shook his head: "I don't know."

"Since you found the original, how could you not know?"Fish Water was a little unable to – understand, it can't be that he saw it on the road.

Finn waved his hand, "Don't mention this matter, mentioning this matter gives me a headache.My family is giving me secrecy, everything about me won't appear on the internet, but who exactly helped me with these things, I'm not even sure, let alone asking anyone out.The family only protects me, but doesn't help me, so if you want to find out, it's better if we find out ourselves."

"So that's how it is." Fish Water instantly dawned on me, knowing that this was the family's trial for its children.

"But I've now thought of a good way to catch the mole." Finn smiled with confidence, looking like he was planning a coup.
