

CHAPTER 71-75

Zhou Leya was a bit confused, "What's wrong, didn't we say we were going to the arcade?"

"The situation has changed, I can't go there now, Green Hair told me there's movement at the arcade now, just in case." Finn said truthfully.

Although this action is a little wimpy, but Finn did not have any embarrassment, after all, if the head reckless over, the result is also very obvious, that is, by Zhang Zimo pit hand.

Zhou Leya was again asking, "But if we don't go, we can also go somewhere else ah, why go to the 4S shop?"

"Didn't I just come here, how can I even do without a means of transportation, it's not like I have to take a taxi every day."

With money, what Finn cared about most was the brand name, at least the appearance should look radiant, so that he could also avoid a lot of trouble, because he had already thought of the next location that he would go to after buying the car.

Soon, the taxi arrived at a 4S shop, where it sold cars as well as maintenance cars, although not particularly good ones, but Finn still chose the best one of them.

It was a red Ferrari sports car, but before Finn walked over, he heard a tepid voice: "Sir, this car is a display car, it's not for sale."

Hearing that, Finn didn't frown, how come there were these nosy people everywhere he went.

"Isn't the car on display for sale?" Finn frowned. The first website m.

He'd heard many reasons not to sell cars at Sands before, but this was the first time he'd heard of a light display not for sale.

"You don't want to embarrass people, it might not be the town's treasure." Zhou Lian Ya but different from Finn's thoughts, 4S shops will usually find a good car as a brand face, this is also a matter of common sense.

The company's main business is to provide a wide range of products and services to its customers, and to ensure that its products and services are well received. But I have not heard of Ferrari in recent years out of what classic models, even if there is, there is no role as a front door qualification, you say?"

Finn's last sentence was addressed to the nosy car salesman just now.

The car salesman was about one meter tall and had a plump figure, but Finn looked at her breasts not because she was a nymphomaniac, but because her name tag clearly had the three words Zhang Xiaoli written on it.

Zhang Xiaoli coldly snorted, "This car is a display car, if I say it's not for sale, it's not for sale, if you want to cause trouble, don't blame me for hiring security to throw you out."

"Here, try throwing one out." Finn was just interested in this car and wanted to fight for it, after all, it wasn't like he couldn't afford it.

And even if it really was a display car, Zhang Xiaoli could just explain it properly, so why be so grumpy?

Finn was extremely uncomfortable with this kind of irritable guy, and his heart was filled with four big words: do it if you don't like it!

"You think I wouldn't dare?" Zhang Xiaoli smiled coldly, then summoned the tall security guard with a wave of her hand.

"What's going on?"

Before the security guard could do anything, a question interrupted the security guard's actions.

The security guard turned his head to see a middle-aged man in a suit and glasses walk in, he even stopped and stood aside, while Zhang Xiaoli accosted, "Manager Wang, these two came here to cause trouble."

Finn, however, sneered, "I came to buy a car how to make trouble?"

Manager Wang pushed his glasses, sensing that things were not right, he reached out and interrupted Zhang Xiaoli who was about to speak, and asked Finn, "This gentleman, I am

the manager of this 4S shop, Wang Mou, I hope you can tell me what happened, if it really wasn't you causing trouble, I will definitely punish Zhang Xiaoli, but if you are really causing trouble, then don't blame the security guard for throwing you out."

Finn nodded in satisfaction that Wang Mou was still sensible, and began to narrate, "I came here to buy a car and fell in love with this red Ferrari, but before I could look at it carefully, Zhang Xiaoli said the car was a display car and not for sale. I just fought for a few words, and she said to call security to throw us out."

Saying that, Finn pointed at the red Ferrari in front of him.

Although Finn's words were short and to the point, Wang Mou had already clarified what had happened and couldn't help but turn his head to look at Zhang Xiaoli, "What disclosures do you think this gentleman has said?"

"No, no." Zhang Xiaoli stammered a bit, but it made Finn look confused.

After all, this car was just a display car, even if Zhang Xiaoli had done something wrong, she wouldn't be so nervous.

However, Wang Mou's words woke up Finn.

Only after Wang Mou slapped Zhang Xiaoli, causing her to cry out in pain, he bowed to Finn and apologized, "Sorry sir, this car is for sale, we don't have any display cars here. If you need this car, you can pick it up now."

"What? It's not a display car?" Finn was startled, but quickly frowned and said to Zhang Xiaoli, "Then why did you lie to me, we have no grudge? To screw me on purpose?"

Finn was furious, and now that he was wearing bright and shiny clothes, at least he wasn't a bumpkin to be looked down upon at a glance.

But the first time he came here, he was picked on by Zhang Xiaoli, so it was obvious that someone was trying to mess with him.

And to say that there was only one person in Kaiyuan City who wanted to mess with her – Zhang Zimo.

"Say, did Zhang Zimo send you to mess with me?" In the meantime, Finn 's eyebrows are knitted together, and his heart is also a little panicked, secretly sighing that Zhang Zimo is really magical.

In the meantime, I'm not sure if I'm going to be able to do that, but I'm sure I'll be able to do that.

How much he wished that it wasn't Zhang Zimo who started to mess with him.

However, to Finn 's disappointment, Zhang Xiaoli even nodded, "I'm sorry this young master, I was also forced to do this, everything is Zhang Shao's will, I don't dare to resist ah."

"How did he contact you?" Finn didn't care about anything else, he only wanted to know how exactly Zhang Zimo knew his whereabouts, otherwise, Finn wouldn't be able to sleep at home at night.

Zhang Xiaoli took out her phone from her bosom, "It's this one."

"This?" When Finn saw the content on Zhang Xiaoli's phone screen, he smiled and felt relieved.

On the phone screen, it was a circle of friends, which read as follows, "As long as someone makes Finn touch bad luck and takes pictures or videos to p A** to me, they will be rewarded with ten thousand yuan. Pay: Zhang Zimo. Contact information: xxx."

There was also a picture of Finn underneath the message.

After reading this, the corner of Finn 's mouth couldn't help but rise.

He was quite impressed with Zhang Zimo's approach, after all, Zhang Zimo was also a first-cl A** young master in Kaiyuan City, and it was normal for a message to be forwarded to friends, but this also gave Finn an evil thought....

72

"Is this friendzoning your excuse?" Finn snorted coldly, his eyes not looking good at Zhang Xiaoli.

If according to the friends circle, where is Zhang Xiaoli who is forced to do anything, it is not just seeing money, before deliberately messing with him.

But Zhang Xiaoli shook her head and said, "Ye Shao, you don't know, Zhang Shao's eyes and ears are extremely numerous, if Zhang Shao knows that you've been here, and we haven't done anything, then the one who suffers is our shop."

Finn turned his head to look at Zhou Leya and also got an affirmative nod from her, so he knew that what Zhang Xiaoli said was not true.

"Okay, then there's nothing for you to do." Finn waved his hand and waved it like a fly repelling a fly.

Although Zhang Xiaoli was forced to do this, what did this have to do with Finn .

Could this be a reason to screw him?

Finn was sympathetic to what happened to Zhang Xiaoli, but he didn't approve of it, but to really let Finn dispose of Zhang Xiaoli, he really wasn't that cruel, after all, he was just giving him a hard time, it hadn't caused any real impact yet.

Blowing away Zhang Xiaoli, Wang Mou pushed up his gl A**es and said, "Sir, I feel sorry for my employee."

"You're not afraid of Zhang Zimo?" Finn was a little surprised, and thought that Wang Mou would screw him like Zhang Xiaoli after he knew this news. Remember the URL .

Wang Mou, however, smiled disdainfully, "I've heard of Zhang Zimo, but he's just a second generation ancestor at most, and our boss here is a big shot in Kaiyuan City."

"So powerful?" Finn was really surprised at this.

Wang Mou said proudly, "Zhang Xiaoli has just opened this place not long ago and has never even seen our boss, even I, who has been in the industry here for more than ten years, can only see the boss at the annual meeting, the boss gods and dragons, but he is a mysterious figure."

"I'd like to meet him then." Finn smiled, he came to Kaiyuan on this trip to get in touch with Kaiyuan's top-notch characters and complete his mission. If he was sturdy enough to reach the big brother level, he might even get extra points for over-completing the mission.

Thinking of this, Finn took out his golden card and said, "Manager Wang, I'll buy this car first, how about I give you a share of this car sale."

"How is this a good idea." Wang Mou said so with his mouth, but his face was all smiles.

This is not to blame Wang Mou, Finn saw the price on the front of the car, clearly marked 1.2 million, even if there was a 5% commission, it was still 60,000 yuan, not a small amount.

Finn didn't get any ink, and paid the full amount by swiping his card, which made Wang Mou look at Finn even more highly.

Without waiting for Finn to say more, Wang Mou pondered, "Ye Shao, why don't I introduce our boss for you?"

"So very good, if things work out, you will definitely not be treated badly." Finn patted Wang Mou's shoulder.

Wang Mou's body shook, and he patted his chest, Assuring, "Okay Ye Shao, I promise to help you get in place."

After saying that, Wang Mou took out his mobile phone to the side to make a call, only after a long time did Wang Mou return with a smile and said, "Ye Shao, it's done, our boss is now at Kaiyuan, and said that we can meet at 10 pm."

"Ten o'clock at night? And what was he doing there before?" Finn was naturally happy to get a reply, but he was still a little dissatisfied with ten o'clock in the evening, after all, it was too late, and normally, about eight o'clock in the evening was also the most appropriate.

Wang Mou looked around and saw that no one was there before he attached himself to Finn's ear and said, "Ye Shao, you don't know, there will be an auction at eight o'clock tonight, at that time, all the big shots of Kaiyuan City will go to the auction, there are a lot of good goods in there that you can't even see on the market."

"An auction?" Finn looked at Wang Mou's look and knew that the auction Wang Mou was talking about was definitely not the kind that could be shown in plain sight, but rather one with some special items, so he couldn't help but also pique his interest.

Most importantly, he was only meeting Wang Mou's boss to get in touch with the bigwigs, but the auction was a gathering of bigwigs, and it wouldn't just be Wang Mou's boss that he would be able to see then.

Turning his head, Finn inquired to Zhou Leya, "There's an auction tonight, did you know?"

"Of course I know, I went there a few times with my dad when I was little, but it wasn't much fun, and the things they sold were all weird and odd, nothing I liked." Zhou Leya nodded her head.

Wang Mou was stunned at the news, "Haven't asked this lady for advice, you are?"

"Chou Family Chou Renya!" Zhou Leya faintly said.

Wang Mou's pupils shrank, shocked, "You said you were Zhou Leya, are you Zhou Fu's daughter?"

"Yeah, what's up." Zhou Leya was somewhat indifferent, it was clear that she was used to the shock of others.

Wang Mou accosted her, "Ye Shao, I originally wanted to find connections to help you get an entrance ticket, in my opinion, you also want to participate in this auction, but I shouldn't be needed now."

"How do you say this?" Finn was a little confused, he was indeed interested in this auction and wanted to get an entrance ticket, but what did Wang Mou mean by that? It made Finn completely unable to guess.

Wang Mou smiled and explained, "Ye Shao is confused, aren't you accompanied by Miss Zhou, with her here, you can get in without a ticket, right?"

"Right, why did I forget about this." Finn slapped his head, only then did he remember Zhou Leya beside him.

Spin, Finn to Wang Mou, "The circle of friends that Zhang Xiaoli showed me just now gave me some inspiration, you swap the names of the people on it, the contact information for mine, the photo for Zhang Zimo's, and the bounty for 100,000, I don't believe that no one will take action against this douche!"

Choosing Wang Mou was because of his status, at least he was well-connected and trustworthy, having Wang Mou send out was to find the fastest way to clean up Zhang Zimo.

Using the method of turning over Zhang Zimo, Finn beautifully said: to treat him the way he is!

After this matter was done, Finn drove the car and left the 4S shop with Zhou Leya.

"Where are we going next?" Zhou Leya sat on the passenger side and asked over her shoulder.

Finn thought, "Originally, I was going to go to the security company to hire some bodyguards, after all, I still have to meet Zhang Zimo at night, if I don't have some preparation, I could be undermined. But now there's no need for it, let's go customize the dress."

The reason why Finn went to see Zhang Zimo was simple, it was to get in touch with the first-cl A** , but now that there was an auction with big names, where was the need to start with Zhang Zimo.

Most importantly, it was only after Wang Mou's awakening just now that Finn discovered that Zhou Leya was different.

Because Zhou Leya had attended several auctions since she was a child, then Zhou Fu must be at the level of a big brother, or rather, someone who could open a five-star hotel would not be a big brother?

From the very beginning, Finn had gotten into a dead end, and on second thought, although he hadn't come into contact with the first-cl A** circles in Kaiyuan City yet, he had already met the first-cl A** Zhou Leya, would it still be far for him to mix into the first-cl A** circles?

So, Finn 's goal now changed, and that was to blend into the top circle of Kaiyuan City – the Big Brother circle!

“To customize a gown?Then I’ll take it too, okay?”Zhou Leya blinked her big eyes and looked like a spoiled child.

Finn nodded his head: “Good, good, you don’t say also have your share of the night will have to see you.”

Touching Zhou Leya’s head, Finn focused on driving, and drove to the prosperous district of Kaiyuan in a flash.

73

The red Ferrari was driving on the road, although it was a sports car, but Finn did not dare to drive too fast, after all, it was in the city, or in the busy district.And, Finn also can not drive fast, here is too much traffic jam.

Bored, Finn inquired, “Loveya, what kind of auction is this one?”

“It’s not convenient to reveal that and it’s not good enough to say, so you’ll know when you go there yourself.”Zhou Leya seemed to recall something and didn’t want to say more.

“Alright, then I won’t ask, you can just take me there at night anyway.” Finn didn’t care, after all, the purpose was different, and he wasn’t going for the auction, but to get in touch with the big brother.

Hesitating for a moment, Zhou Leya still said, “Because of the nature of the auction, it’s not formal, so the place chosen is also a regular auction house, but the top floor of the Emperor’s Bar.”

“At the Emperor’s Bar ah.” Finn was startled, then it dawned on him, “No wonder Zhang Zimo still dared to ask me to meet at the Emperor’s Bar at night, so it’s the effort of going up and down the stairs.”

“Pull over to the side, it’s this one.”Just as Finn spoke, Zhou Leya suddenly patted Finn ‘s arm.

Fortunately, the car was not driving fast enough to make a scene.

Finn rubbed Zhou Leya's little head in dissatisfaction and went to park the car.

..... A second to remember to read the book

"This place is nice."

Arriving at a shop called Private Tailoring, Finn looked around, his eyes showing some approval.

"You didn't even look at who recommended it." Zhou Leya's chin lifted slightly, looking like she was proud of herself.

Finn nodded and said with satisfaction, "It's good."

The decorating style here was on the European style, and it was still cold-colored, the walls were all composed of black and white in a minimalist style, while the suits and dresses were also cold-colored, and the brightest color was only sapphire blue.

Saying that, Finn reached out his hand, ready to touch the garment.

Under the gorgeous shell, Finn paid more attention to the touch, after all, it was worn on the body, and it was still mainly comfortable.

But before Finn could make a move, he was interrupted by a stern voice, "Don't touch!"

"Well?" Finn's eyebrows furrowed and he turned his head in dissatisfaction.

Only to see a short-haired woman in a small black suit approaching quickly, the nameplate on her chest had the three words Li Qiuyu written on it, and above the name was the job title, and only then did it dawn on Finn that the person in front of him was a shop Assistant.

"I'm here to buy clothes, can't I touch them yet?" Even if it was the shopkeeper who drank him down, Finn was still dissatisfied.

Li Qiuyu didn't touch the clothes either, but looked at them carefully for a few moments before letting out a sigh of relief and turned her head with an apologetic face and said to Finn, "Sorry, this gentleman, I was the one with a bad attitude just now, and I was also in a hurry."

"Huh?" Finn thought that Li Qiuyu was a dog's eye kind of clerk, but on second thought, just now in the 4S shop, Zhang Xiaoli was not the kind of dog's eye kind of clerk, not to mention that a name came to Finn's mind, so he then asked, "Are you also because of what happened to Zhang Zimo?"

"How do you know?" Now, it was Li Qiu Yu's turn to be surprised.

"It really is that guy!" Finn heart fierce fury, Zhang Zimo do things really desperate, even engage in what friend circle forward, and now everywhere need him to take the initiative once.

But even if he was able to settle things, this endless distress made Finn very irritable.

"Sir, I'm really sorry, this suit was custom made by Zhang Shao. Zhang Shao has a germophobia and doesn't like people touching his things, so other than the craftsman who touched this suit, no one else dares to touch it, and it has been placed here, waiting for Zhang Shao to come over and try it on." Li Qiu Yu said, that is, she bowed and apologized to Finn.

Finn was startled at the news, but turned his head to look at Zhou Leya, and only after getting affirmation did Finn wave his hand, "Nothing nothing."

It turned out that it wasn't because of the news from the circle of friends that Li Qiuyu was giving him a hard time, but for work reasons.

Li Qiuyu was slightly surprised, a gentleman like Finn, usually has a violent temper, how can he be so amiable, and then revealed a smile: "Sir, you want to no longer look at other suits, if you want to customize it, you can."

Finn's eyes turned, then he waved his hand, the corners of his mouth turned up, "No need, I want this suit."

Saying that, Finn pointed to a suit.

Li Qiuyu followed Finn's point and looked over, her face changed, "Sir, you shouldn't joke, this dress was chosen by Zhang Shao, why don't you look at something else, and you and Zhang Shao have different body types, why don't you find someone to customize one for you again."

"No, I want this one, but instead of wearing it, throw it in the trash for me!"

Originally, Finn wouldn't start from the suit even if he was taking revenge on Zhang Zimo, but just now when he was in the car, Finn knew that the auction at night would be at the Emperor's Bar, and since this suit was displayed outside, it must be the suit that Zhang Zimo would wear at night.

If it was messed up for Zhang Zimo, then Zhang Zimo would be disgraced at night.

Maybe for some ordinary people, a mere piece of clothing, just change it. But this was a custom-made one, and some subtle arrangements might not be able to cause repercussions in their circles, but if they only tried on the regular model, then they would definitely be mocked.

Thinking of how Zhang Zimo was mocked by the crowd at night, Finn couldn't help but be pleased.

"Sir, you have to stop thinking about it."

Li Qiuyu was a little frightened and bit her lips tightly to beg.

Li Qiuyu was able to work in this kind of high-cl A** shop where custom suits were made, so she was naturally good at reading words. And if Finn knew that it was Zhang Zimo's suit and dared to think crookedly, then it meant that Finn's rank was at least not lower than Zhang Zimo's. Even if Finn makes a move, Zhang Zimo really won't find trouble with Finn, but she Li Qiuyu is just a district clerk, Zhang Zimo can't vent her anger, and will definitely end up blaming the shop. And if the shop doesn't want to bring calamity to the fish pond, it will definitely take the initiative to give her up, and then she will be the only one who will be miserable.

In the past, Li Qiu Yu knew some of Zhang Zimo's tactics, although not cannibalistic, but also a small belly chicken, Jairus's vicious guy. If she fell into Zhang Zimo's hands like this without power or influence, the consequences were simply unthinkable.

"No, I want this." Finn, however, didn't notice Li Qiuyu's tangled expression, who at the moment was still enjoying the appearance of Zhang Zimo making a fool of himself at night.

Without waiting for Li Qiuyu to speak again, Finn suddenly gave a strange cry of pain and turned his head to look, only to see that there was an onion jade hand squeezing him at his waist.

"Zhou Leya, what are you doing?" Finn glared at Zhou Leya, and even took Zhou Leya's hand away from his waist.

Zhou Leya attached herself to Finn's ear and whispered, "Are you really stupid or fake stupid, can't you see that this little girl is about to cry?"

"Crying, for what?" Finn looked confused and turned his head to look at Li Qiuyu, who really looked like he was about to cry.

74

Not to be outdone, Evan inquired, "Isn't it just buying this dress, so why are you crying?"

It was good not to say it, but when Finn said that, the tears that Li Qiuyu was spinning in her eyes rolled down, just like a river bursting its banks.

"Stop stop stop, don't you cry." Finn couldn't bear to see a girl cry, as long as a girl cried, he was at his wit's end.

Zhou Leya cupped Finn's waist again and pouted, "Look at you, you're the one who made someone's little girl cry, so don't go and coax her."

Finn was speechless, but he didn't know how to coax people, after all, he didn't know what he had done wrong. After brewing for a while, only then did Finn wave his hand, "Forget it, I don't want this dress."

"Really?" Li Qiuyu's face stopped and revealed a look of surprise.

Finn was even more baffled by this, but seeing that Li Qiuyu was not crying, he was finally able to ask the question in his heart: "It's just a piece of clothing, is there anything to cry about?"

A blush appeared on Li Qiu Yu's small face, clearly embarrassed and feeling humiliated.

"Sir, I can't do anything about it. Zhang Shao explained that this dress must be handed over to him intact, if you buy it, then I will be in trouble, I have heard of Zhang Shao's tactics, it is by no means something I can afford." When Li Qiu Yu thought of Zhang Zimo, there was a little fear in her eyes.

Finn nodded in a daze, it was indeed true, Finn only wanted to have a good time, but forgot that Zhang Zimo would take revenge on Li Qiuyu. But even so, he was bound and determined to get his hands on this dress. First URL m.

With a twinkle in his eye, Finn said, "How about this, after you sell my clothes, just resign, Zhang Zimo won't hold you accountable."

Seeing the anger in Li Qiuyu's eyes, Finn said evenly, "Not to make things difficult for you, as long as you resign, I'll find you a better job."

"A better one?" Li Qiuyu looked like she didn't quite believe it.

Finn pointed at Zhou Leya beside him: "See, she's the daughter of the boss of Prosperity, as long as you have your work in place, you'll have no problem going to her as a supervisor or something."

"Really?" For the Prosperous Star, Li Qiuyu was very clear, it was the only five-star hotel in Kaiyuan.

Zhou Leya did not say anything, turned her head to stare at Finn, but heard Finn laughing: "Leya, a job post just well, isn't it a small token for you, later to compensate you."

Upon hearing that, only then did Zhou Leya nod her head. This little thing was indeed not difficult for her to handle.

"Thank you, Mr. Ye, thank you, Miss Zhou." Li Qiu Yu was busy thanking her.

Finn nodded slightly, then took out his gold card, "Swipe your card, I'll take this dress, plus find me a suit that fits, pick out a suitable evening dress for her."

Originally, Finn also wanted a custom-made one, but now it was already two in the afternoon, even if it could be rushed and made before eight in the evening, it wouldn't be a good one, so it would be better to just pick a ready-made one, and Finn wasn't afraid of being mocked anyway.

But just because Finn was thinking this way, it didn't mean that Zhou Leya was thinking this way.

As a son of a rich family, especially a girl, Zhou Leya was still very concerned about clothes.

"No, I want it custom made, how long will it take you to call and ask?" In the meantime, Zhou Lelian Ya's eyebrows.

Immediately will go to Zhou Leya over there to work, Li Qiu Yu for Zhou Leya words or obey, immediately went to the phone to ask. Not a moment's work, Li Qiu Yu came back, but for: "Sorry, Miss Zhou, the fastest customization also need to be twelve o'clock in the evening, you see how to do?"

"How can this be!" Zhou Leya turned her head to look at Finn, "Think of something, if it doesn't work, I won't go."

"How can that work!" Finn was waiting for Zhou Leya to bring him in, if not Zhou Leya, he wouldn't even have the qualifications to enter the auction.

Originally this matter is very simple, if you look for Charles help, it is estimated that two hours will not be needed to bring the best custom clothing, but this time to Kaiyuan, Finn is alone, even if Charles really come, then for his mission evaluation can be subtracted a lot of points, which is unacceptable to Finn.

Thinking about it, Finn's eyes drifted to a white dress and said, "I have a solution."

"What way?" Zhou Leya looked like she didn't believe it, and decided that Finn was the plan of de-escalation.

And what Finn was thinking was indeed a plan of mitigation, but it was the best plan of mitigation.

Only Finn walked up to a white dress and said, "The so-called customization is to reveal the difference, but in my opinion, even if you reveal the difference, it's easy to run into the same model, and then how awkward you are."

"Yes, there are times when there is a run-in with the dress." Zhou Leya nodded her head and waited for Finn to continue.

Finn didn't even look at the white dress, but instead picked up the trademark price tag underneath the skirt and said, "Look, the price of this dress."

"Ninety-nine thousand nine hundred and ninety-nine?" Rao Zhou Leya, who had seen the world, was also stunned by the price of this jumpsuit.

Under normal circumstances, even if it was custom-made, it was only about 100,000, but this window display actually needed a price of millions.

Li Qiu Yu also saw Zhou Leya's puzzlement, busy explaining: "This dress is not made by our shop, but by Anima's masterpiece, from the design drawings to consume a full three years of work, our boss bought this also not for sale, but as the treasure of the shop."

"Then it's going to be this one." Finn smiled faintly, "Others customize it just for the details to be different, but we'll hard power to finish crushing it from the price, L'Oreal, what do you think?"

"I think it's....It's quite good. But isn't it too expensive?" Rao Zhou Leya was also a little hard to accept for this price.

In exchange for jewelry and the like, it's easy to accept, but a dress actually needs to be so expensive.

Zhou Lelian Ya but carefully looked at, this even the clothes close to the design, is to highlight the body curves, so except for parties, usually no one will wear on the street, unless they like to be peeped at. And this kind of clothing is extremely inconvenient, will restrict a lot of action, anyway, she will not wear this kind of clothing on the street.

But if you attend a party, you'll be wearing something different every time, in other words, this dress will only be worn once.

The disposable items amounted to millions, who could accept it instead?

Finn said indifferently, "As long as you approve of it, what's the problem with the price. At any rate, you're my companion for the night, so I'll naturally have glory on my face if you look good."

Finn didn't care about a million, money has to be spent anyway, and spending it on a knife edge is even more refreshing.

Thinking about the night with Zhou Leya stunning appearance, Finn 's heart is very beautiful.

Zhou Lelian Ya did not raise objections again, after all, is a girl, no matter what kind of girl can never get rid of one thing, that is, vanity. And such expensive clothes, she is unable to refuse.

And Finn was also inspired from the dress and directly bought the matching men's suit.

When he swiped his card, Finn spent a total of two hundred and ten thousand.

In other words, Zhang Zimo's custom-made suit was only ten thousand....

75

"Rubbish!" Finn glanced at this sapphire blue suit and directly took it off the hanger, stepping on it a few times before throwing it into the trash.

On the other hand, Zhou Leya had already called the manager of Prosperity Star and arranged Li Qiuyu into a job.

As for the compensation that Finn had just said, Zhou Leya didn't want it either, after all, this dress was already enough to make up for everything.

"Now, it's just waiting for Zhang Zimo to make a fool of himself, haha!"

When he left the shop, Finn felt refreshed, and it wasn't even night yet, but Finn had already pitched Zhang Zimo a hand ahead of him.

"Grrrr."

But Finn 's stomach was indisputably screaming, he hadn't eaten since he woke up, and he was supposed to eat hot pot for lunch.

"Pfft-"

Zhou Leya couldn't help but laugh out loud and waved her hand, "Alright, alright, let's go eat, I'm also a bit hungry, let me recommend a shop to you, the taste of this one is very good, I used to always come here to eat when I was in high school."

"Let's hurry then." Don't look at Zhou Leya is very easy-going, but at least she is a thousand gold lady, if she can make Zhou Leya praise it, then it must be an excellent shop, especially since Finn is very hungry now, he can't help drooling. Remember the URL .

In a short while, the two of them arrived in front of a shop, but when Finn saw the shop, he was stunned.

Because it wasn't a big hotel, not even a restaurant, just a small store in a deep alley, and the plaque was also made of cloth, and had even lost its eyesight over the years, Finn could only vaguely see the word slab.

"This is it?" Finn 's eyebrows raised, and thought that Zhou Leya had brought him to the wrong place.

Zhou Leya, however, didn't explain, striding in and shouting naturally, "Boss, a small bowl of slab noodles with a lion's head."

"Okay!"The owner responded and started to cook the noodles.

Finn also walked into the shop, and a wave of heat swept over him, making him feel a warmth even in late autumn.

It wasn't that there was warmth in the noodle shop, but the steam from cooking noodles swept through, and this feeling couldn't help but remind Finn of the small county town back home, many of which were just such small shop fronts.

There were only four tables, and it was a semi-self-service operation, so if you needed a drink, you could get it yourself, in stark contrast to those restaurants with good service.

Finn did not reject this feeling, after all, when he had no money in the past, Finn was always this kind of life and was used to it.

What surprised Finn was that Zhou Lelian Ya would come to such a place, she was a thousand gold lady.

Zhou Lelian Ya seems to see what Finn thought, and then proudly said: "Ye Shao, you have never been to this kind of small place, the first time I came here I and you have the same expression, but this taste is really good.By the way, what do you drink, I'll go get it for you,

usually take the drinks yourself, but also a little meal you just look at the writing on the wall, choose a direct shout on the line, over there will be done for you.”

Seeing Zhou Leya chattering, Finn can't help but Guan Er, just about to explain that he actually comes here often, but before he could speak, he heard a cold snort.

Finn turned his head to look, only to see that a dry and thin youth had been seated at the neighboring table at some point.

The youth glanced at Finn with disdain, then shouted, “Boss, a large bowl of slab noodles, make it wide and extra spicy.”

After saying that, the youth smiled proudly, as if he was provoking Finn .

Finn 's heart suddenly dawned, because he used to be like the dry and skinny youth, very rich-hating.

When he saw rich people coming to such a place and looking like they were not comfortable, he wanted to mock them. But do not dare to directly mock, will mostly take the initiative to order food, as a way to tell the rich, no one here to serve you such a young master, what you want to eat on your own, those Confucian manners to quickly clean up.

After knowing the reason, Finn did not care, instead, very understanding of the dry and thin youth, but also can not fall out of favor.

Whirling, Finn shouted, “Boss, a large bowl of slab noodles, thin noodles, less spicy.”

“Oh!”

Right after Finn finished speaking, the dry and skinny young man smirked.

Although Finn and his order was different, the format of speech was the same, so it was clearly a mimicry, or so the dry and skinny youth thought.

However, Finn also revealed a smile and raised the corners of his mouth, “Boss, can I have some garlic? Give me a head of garlic!”

“This...”

The dry and skinny youth was still swaying with his legs crossed, but he was suddenly confused by Finn 's words and almost fell to the ground with a stumble.

"Older brother, just like you, you're still a bit young." Finn blinked his eyes and smiled proudly.

The dry and skinny youth's face instantly turned red and nuzzled his mouth, "What's the big deal, what's the point of having money and coming to a place like this."

"What for?Of course it's food." Finn was a little speechless, the dry and skinny youth's hatred for the rich was really too strong, even stronger than he was in the first place.

Finn was not going to take care of the dry and skinny youth when he had had enough fun, he thought about it and shouted, "Boss, add two sausages and a lion's head for me."

"Boss, give me four more intestines and two lion heads!"The dry and thin youth shouted right after.

After he said that, he looked proudly at Finn , but saw that Finn wasn't annoyed at all, but was leisurely peeling garlic.

"Don't you have money, you add more!"The dry and skinny youth sneered.

Finn didn't even look at the dry and skinny youth and casually said, "You're afraid of being a fool yo, I'm enough to eat, so add a fart."

"You..."The dry and skinny youth had a breath blocked in his chest.

Finn raised his head and glanced at the dry skinny youth and said, "Little old brother, it's you instead, so skinny and adding so much, can you finish it?"

"Does it matter to you if I can finish it or not!"The dry, thin young man tugged at his neck.

"So, does it matter to you how much I add to my meal?"Evan cut in, then got up and went to the freezer to get a bottle of peanut butter, "Look, I still have a stomach for an extra bottle of water."

"The noodles are ready!"The boss made a timely appearance.

The dry and skinny youth shook his fist and said, "Boss, pack it up and go."

Thinking about it, the dry and skinny youth said again, "Boss, I also want a bottle of peanut butter."

The boss made no move and also looked at the dry and thin youth with some suspicion, "Young man, can you finish it?"

"Don't worry about that, just pack it for me." The dry and skinny youth snorted coldly.

Finn patted the boss's shoulder and said, "Boss, what do you care, he's willing to spend more money, you can sell it, you won't lose anything."

"This.....Okay." The boss couldn't argue with the dry and skinny youth, so he had to agree.

It was originally a small shop, and he didn't want to offend the customers, after all, small shops relied on word of mouth and repeat customers.

Finn also saw the boss's concern, but his noodles were already done, and he was so hungry that he couldn't help but try a bite of the noodles first, however, as soon as he chewed in his mouth, he fiercely opened his eyes and said, "f*ck, it's so delicious!"

Chapter 76

"It's okay, just more years of work." The boss smiled, compliments that people love to hear.

Finn, however, didn't fake it in the slightest, because it was really delicious.

"Boss, don't worry, your noodles are so delicious, he will come for noodles next time, he won't come again just because he argued with me, don't worry."

After Finn finished the last bite, he burped contentedly.

After leaving the noodle shop, Zhou Leya was a little surprised: "You're not the same as those men."

"Not the same?" Finn did listen to a foggy head, how it is not the same, not just eat a noodle it. Don't rich people eat noodles anymore?

Zhou Leya shook her head and didn't answer Finn's question.

Finn also didn't know what was in Zhou Leya's mind, but it was a good time to sneak around after dinner to take a bite to eat.

"By the way, is your school far from here?" Finn inquired.

Zhou Leya was startled, obviously not expecting Finn to suddenly ask about the school, and then replied, "Not far, five minutes is enough if you drive." A second to remember to read the book

"So." Finn pondered, driving five minutes in the city was actually very close, a kilometer would be good. Spinning a smile, "Then we won't drive, let's walk, go to your school, there's nothing to do now, it's just a walk to aid digestion."

"Also okay." Zhou Leya nodded, touched her newly full stomach, and went out first.

Finn also do not know the road, on the leisurely followed behind Zhou Leya.

There was a hitch and no hitch talking, about twenty minutes, the two arrived at Zhou Leya's university.

"You wait a moment, I'll take a phone call, it should be the suit delivered to Shining Star." Zhou Leya saw that it was Li Qiuyu's phone and prepared to answer it.

Finn nodded and said, "Answer it."

After resigning just now, Li Qiuyu went directly to the prosperous star to join the company, and also brought the suit dresses that Finn and the others bought just now.

Although Zhou Leya didn't mention much, but Finn also roughly guessed that Zhou Leya should have helped Li Qiuyu get through to the phone.

For this, Finn was still very complimentary.

"Kid, which class are you from?" Just at this moment, Finn was suddenly tapped on the shoulder.

Finn couldn't help but turn his head to look at him, only to see a fat guy with a face full of acne looking at him with a very draggy look.

"Something wrong?" Finn's eyebrows raised.

The fatty stretched out his big fat hand again and patted Finn's shoulder: "Little brother, I'm Wang Chengpeng, a sophomore in the third cl A** of the Department of Finance, I see your face, you're not from the Department of Finance, or you're a freshman. Brother advise you, stay away from Zhou Leya."

"Farther away? What's going on? Is she your wife?" Finn suddenly became interested.

Anyway, there was nothing to do now waiting for Zhou Leya to make a call, so it was quite interesting to gossip with this fatty for a while.

Wang Chengpeng's waistline was straight: "That's right, she is my wife, little old brother, you're quite discerning, later on, if there is any difficulty in the school, mention brother's name."

"Yo, I couldn't tell, Zhou Leya would like you like this. From what you're saying, you're still a party tyrant at school?" Finn's face was as usual, but inside he almost suffocated his internal injuries by holding his laughter.

Although Zhang Zimo was annoying, but also rich and handsome, Wang Chengpeng this fat look, even if he really is a first-cl A** son, compared to Zhang Zimo is also a lot worse. But Zhou Leya can't even look at Zhang Zimo, how can she look at Wang Chengpeng?

Not worthy of being fat, even if he lied his face wouldn't blush, it seemed that his face was still too thick to show his face.

"You can go to the school and ask around, my name Wang Chengpeng is known to everyone!" Wang Chengpeng proudly said, thinking again, "Little old brother, see you have good eyesight, so I don't blame you, don't tail Zhou Leya in the future, or brother's big fist is not long-sighted."

Big fist? It's a big bun, right?

Finn looked at Wang Chengpeng's fat palm and couldn't help but groan in his heart.

Now he was able to see that Wang Chengpeng was a comedian.

Without waiting for Finn to respond, Zhou Leya had finished her phone call and came over, looking impatient, "Fatty Wang, why are you here?"

"Isn't this immediately three o'clock, I'm coming to class!" Seeing Zhou Leya, Wang Chengpeng converged and smiled accordingly.

"Then you can go to class." **Zhou Leya nodded and bypassed** Wang Chengpeng.

Wang Chengpeng was slightly surprised, "Aren't you going to class? Why don't we go together."

"Don't, you can go by yourself, I don't have to go to class, I have things to do." Zhou Leya waved her hand.

Finn had already seen Zhou Leya running towards him, and got up and came to Wang Chengpeng's side, looking surprised: "Peng, didn't you say that Zhou Leya is your wife, why don't you go to class together?"

Finn was deliberately loud, and the words naturally fell into Zhou Leya's ears.

In the meantime, Zhou Leya stared at Wang Chengpeng and said, "Fatty Wang, what are you talking about blindly?"

Wang Chengpeng hurriedly covered Finn's mouth and said, "Love Ya, don't listen to this kid's nonsense, I didn't say that."

"Don't you call me Liliya, call me by my full name, I'm not that familiar with you yet." Zhou Leya frowned tightly, then pulled over Finn: "Ye Shao, you too, nothing to talk nonsense with him."

Finn heavily smiled: "It's nothing to do, this fat guy is quite good, much better than that kid Zhang Zimo, why don't you try?"

"Try my A, **if you want to try you go, I'm not taking you around the school, I'm going to class.**" Saying that, Zhou Leya turned her head and walked away.

"So you guys already know each other." Wang Chengpeng scratched his head, he wasn't an idiot, Zhou Leya had called Finn young master, and Finn also called Zhang Zimo by his first name, so he didn't have to think much about it, he must be the eldest young master.

So, Wang Chengpeng wasn't mad at Finn. On the contrary, he was a little embarrassed because of the bragging just now.

Finn patted Wang Chengpeng's shoulder and said, "Little old brother, listen to my brother's advice, let's change someone else, Zhou Leya can't even look at Zhang Zimo, much too much to say, it's too piercing."

Saying that, Finn trotted and chased after Zhou Leya in the direction she left.

On the other hand, Wang Chengpeng was still stunned in place, carefully pondering over Finn's words. Even Zhang Zimo was out of the picture, so he was definitely out of the picture.

"Ah!!!! I'm not happy about it."

Hearing a cry of grief behind him, Finn stumbled in shock and jumped on top of Zhou Leya.

"What are you doing!?" In the meantime, Zhou Leya's brows were tight.

Finn took a half step backwards before hehehe laughing, "It's fine, just shocked by Wang Chengpeng, it seems that this matter has hit him very hard."

"What is it?" Zhou Leya came to be interested, so she inquired.

Finn waved his hand and said, "The sky is the limit, anyway, you just need to know that there is no harm to you."

Although Finn already had Xiao Coco and Wang Kexin, but he had at least kissed Zhou Leya, and instinctively paddled Zhou Leya to himself, so all obstacles must be clear, even if this rival is a fat man who poses no threat at all.

77

Seeing the evil on the corner of Finn's mouth, Zhou Leya couldn't help but shudder.

"Forget it, I don't want to know yet." Zhou Lelian Ya waved her hand, and then proceeded to walk forward.

Finn followed behind and poked Zhou Leya's shoulder: "You won't still be angry because of what just happened, I'm just teasing you, how could I be willing to let you go to Wang Chengpeng."

"Hmph, speaking as if I'm your person." Zhou Leya pouted and said.

Finn could clearly sense that Zhou Leya was not angry, but in a state similar to being spoiled.

This kind of tongue in cheek, could it be that this girl was moved?

Thinking of this, Finn could not help but be shocked. Don't look at him jokingly, but the real chapter of him is still a little difficult to accept, the point is not that he can't accept it, but worried that the two ladies in Jinsha City can't accept it.

Reaching out and ruffling Zhou Leya's hair, Finn smiled: "Okay, you go to class first, no need to accompany me around, I'm a little sleepy, go home and sleep for a while to refresh yourself, but also to prepare for the night, you come to my room after school to find me, by the way to try the dress fit."

After saying that, without waiting for Zhou Leya's reply, Finn turned around and left.

He was afraid that if he said it again, Zhou Leya might be sincere, and then there would be no room for maneuvering. The first website m.

Finn still had to go back and think carefully to see if he could be responsible for Zhou Leya. In his mind, if he simply played irresponsible, what was the difference between that and scum?

He didn't want to be the type he used to hate the most.

When he returned to the hotel, Finn plopped down on the big bed, but not before falling asleep, he received a phone call.

Seeing that it was a strange call, Finn did not answer it, after all, many of them were selling products.

But the phone rang one after another, so noisy that Finn could not sleep at all, so he picked up: "What for, something to say!"

"Little – pervert, you're f*cking wasted, and you dare to find someone to teach me a lesson, I think you're tired of living, come to the Emperor at night if you're capable!"

An angry growl came from the phone, and when Finn heard it, he smiled and said, "Yo, isn't this Zhang Da Shao, what, deflated? What are you yelling so loudly for, we'll go to the Emperor tonight, see you later, whoever doesn't come is a grandson."

"Kid you have guts!"

Zhang Zimo snarled and hung up the phone.

"This idiot." Finn helplessly put down the phone, yet in his heart was somewhat bottomless, after all, it was a local snake, Finn 's verbal high was fine, but if the other party was really looking for someone, then it was one hundred percent would lose.

After thinking about it, Finn is not ready to sleep, it was just a lie to Zhou Leya's words, he is actually not sleepy at all, let's prepare for the night.

Opening his mobile browser, Finn began to search for nearby security companies, the one with the best reputation was called the Dragon and Tiger Hall.

"Dragon and Tiger Hall? The name of this house is interesting." Finn played with the smell, the name sounded very Jianghu, it was not easy to mess with at a glance.

He went downstairs and drove the Porsche, and in a flash of smoke, Finn arrived at the Dragon and Tiger Hall.

"Hello, are you hiring a bodyguard?" The receptionist lady at the front desk saw Finn driving the Porsche and put a smile on her face.

Finn nodded and said, "Right, find the bodyguard."

"Sir, please wait a moment, I'll go arrange a coach, just a few minutes." The receptionist lady dialed the phone, said a few words, and then took Finn to the meeting room to wait for someone.

Dragon Tiger Hall's reputation really wasn't something to be blown out of the water, even while waiting, the reception lady wasn't idle, but enthusiastically served tea and poured water, highlighting the service in place.

Finn nodded his head in satisfaction, and after waiting for about five minutes, a strong man with a height of nearly one meter nine walked in. If it wasn't for the fact that the strong man was wearing a security uniform, Finn would have thought that he was someone sent by Zhang Zimo to beat him up.

"Hello, my name is Chen Xiang, I'm in charge of the bodyguard work, sir can call me Xiangzi." Chen Xiang showed a silly smile and handed the resume in his hand to Finn .

"Hello, Xiangzi, my name is Finn , you can sit down first." Finn received the resume and opened it to look through, don't look at the fact that Chen Xiang was tall, but his actual age was just nineteen years old, a little younger than Finn .

There was no bad record and had completed several bodyguard jobs, all of these advantages made Finn more than satisfied, but what made Finn surprised was Chen Xiang's weight, which actually reached two hundred and thirty pounds.

However, Chen Xiang was not obese, but extremely strong.

With this punch, I guess I'll be able to see the king of hell, right?

Finn muttered in his heart, but he was still extremely satisfied, "Xiangzi, you're pretty good, tell me your expected salary."

"What do you expect, Ye Shao?" Chen Xiang inquired.

Finn thought, "I'm attending an event tonight, I need bodyguards to guard me, if there are no accidents, someone will attack me, and I may need your help then. I will stay in Kaiyuan for a month, you don't need to follow me every day for this month, but you must be on call."

"According to the rules, we are not allowed to fight, we can only protect your safety. In that case, you can pay me fifty thousand a month." Chen Xiang replied.

"Fifty thousand? I'll give you two hundred thousand, four times the price, but you must hit me back if someone else does it." What Finn needed was not just a bodyguard, if Zhang Zimo made a move, he couldn't just turtle away, it would be too ruinous.

He also needed to climb relationships with the big brother, if he saw him being so wimpy, he probably wouldn't think highly of him either.

"Two hundred thousand?" Chen Xiang raised his volume, followed by a series of nods, "Zhong Zhong Zhong."

"Fine, then you go and find nine more people like you." Finn said with a smile.

Chen Xiangton frowned, "Ye Shao, why are you still calling people, are you not satisfied with me?"

Finn patted Chen Xiang's shoulder and said, "You're thinking too much, there's no telling what will happen at night, you need to be more prepared, otherwise if a group of people want to teach me a lesson, can you alone do it?"

"Ye Shao said so." Upon hearing that he was still used, Chen Xiang laughed, then went to call for someone.

It didn't take long for Chen Xiang to find a whole bunch of people and said, "Ye Shao, the ones still in the company, the ones that meet your requirements are the remaining nineteen, you pick them."

"Pick me, Ye Shao pick me!"

"He can't, Ye chose me, I'm good at fighting, one against three won't be a problem!"

"....."

Listening to the people arguing, Finn knew that Chen Xiang had told these people about the salary, otherwise these people couldn't be so disoriented.

But Finn didn't blame Chen Xiang, it wasn't a big deal anyway, so he said it.

Whirling, Finn waved his hand, "No need to fight, I'll take it all, two hundred thousand each, responsible for protecting me for a month, I must be on call, you can secretly protect me,

don't disrupt my rhythm of life when I don't need it, don't take action without permission, can you do it?"

78

"Can!"

The crowd burst into unison, truly like a dragon and tiger roaring, which shook Finn's ears.

At the front desk, Finn directly swiped his card to pay the full payment. Originally, like this kind of bodyguard job, they would pay half of the payment and then settle the final payment based on performance. After all, there would be times when a bodyguard would fail, but Finn was fine with it, he didn't care about this amount of money.

Counting Chen Xiang, there were only twenty people, which was four million.

Looking at the twenty people neatly arranged behind him, Finn smiled, and his heart was even more full.

Finn didn't believe that Zhang Zimo dared to find more than twenty people, then even if it was a large brawl, it would be easy to make things worse.

And if Zhang Zimo also found more than twenty, Finn didn't care, because the twenty bodyguards he hired were each about one meter nine strong, and it was completely trivial for one to fight three.

"Alright, I've built a WeChat group, I'll notify the group if there's anything in the future, pay attention to the news in the group, I'll be leaving first, I'll arrange for the group if anything happens, dismissed!"

With a big wave of his hand, the crowd dispersed and Finn returned to the hotel in the Porsche.

When he arrived at the hotel, the first thing Finn did was to open the group of bodyguards and send a sparring hand red packet. Remember the URL . . . net

The moment Finn sent the red envelope, it was empty.

Finn nodded his head in satisfaction, then he voiced, "Good, everyone is in good shape, keep it up. I have an event tonight, you guys gather early and go to the Emperor Bar at 7:30 to squat, everyone remember to wear casual clothes, just think of it as going for fun, all consumption is on me, I will reimburse you tonight."

"Thank you, Ye!"

"Ye're atmospheric!"

This group of bodyguards were suddenly overjoyed, even typing in the group to praise Finn .

Having solved the security aspect, Finn couldn't help but feel relieved, looking at the time, it was already five o'clock in the evening, about a little while later Zhou Leya would be back from school, and Finn made a call to Wang Kexin.

"Ke Xin, what are you doing?" Finn smiled faintly and spoke with a little concern in his tone.

But Wang Kexin snorted, "Tell me, suddenly calling me isn't someone outside."

Finn was stunned, but didn't hide it, "Kexin, you're really God, you know all this?"

"Hmph, my teacher told me that nothing is out of the ordinary, and a man's sudden call of concern is cheating." Wang Kexin's voice was a bit lonely.

Finn even explained, "But it's nothing, I just helped a little girl out, and after kissing her, the little girl seemed to be smitten with me, and now I don't know what to do."

"Haven't you had sex yet? That's easy, you can just not see her, it's not like you have thoughts about her too, right?" Wang Kexin hit the nail on the head, leaving Finn speechless for a while.

The first thing you need to do is to take a look at the results.

After finishing his speech, Finn spoke: "It is impossible not to see her, I came to Kaiyuan you also know, in order to complete the task arranged by Charles, this girl is a knocking brick. Besides, I am slightly that little thought, and I've kissed someone, I can't be irresponsible."

"Then I even kissed you, but you left without me, bad guy." Wang Kexin snorted, her tone filled with aggravation.

Finn slapped his own mouth, cursing in his heart that he was really nosy.

Had he known that he wouldn't have called Wang Kexin, there was nothing to do, but after such a call, nothing had turned into something.

"But..." Wang Kexin said again.

"But what?" Finn was slightly startled.

Wang Kexin hesitated for a moment before saying with difficulty, "Didn't I tell you that it's fine to let me know, as long as you like it, I'll support you, but you must be sure of your heart, whether you simply want to play or how, don't mix up your thoughts."

"It's...I'll think about it."

Finn could not have imagined that Wang Kexin was really so generous, this was no longer generous, but a knowledgeable person who had been cultivated for many years.

The more he thought about it, the more Finn felt sorry for Wang Kexin, and after a few idle words, he hastily hung up the phone.

"Do I like Love Ya?" Finn put down the phone and fell into suspicion.

Only after a long time did he shake his head, "Forget it, don't want to, the boat is straight, the eight words haven't left a mark yet, what's my hurry here ah."

Since he decided to let nature take its course, Finn went to take a shower, tired after a day, it's time to take a shower, otherwise the suit change later will certainly get dirty.

The patter of fading clothes, Finn was ready to enter the bath, but before stepping into the bath, the door is the first to open, then Finn heard Zhou Leya's voice.

"Ye Shao, I'm here!"

"f*ck, you're not coming in here!" Finn screamed strangely, and was about to rush into the shower.

But it was still a step too late, Zhou Leya's body hadn't come in yet, but her little head poked in, and she immediately saw the unarmed Finn .

"Ah!Bad guy!"Zhou Leya lost her voice and immediately closed the door.

Finn was scolded and was also upset, "Who let you in, didn't I say I wouldn't let you in?"

"How was I supposed to know you were taking a shower."Zhou Lian Ya said outside the door.

Finn shook his head helplessly and said, "You can come back in ten minutes, I'll take a shower."

After saying that, Finn entered the shower room.

Said ten minutes, in fact not five minutes Finn finished washing, but Zhou Leya was nearly twenty minutes late to arrive.I guess it was because she wanted to give Finn more time to prepare, or maybe because she was shy.

The company has been in the process of developing the new product for the past two years.

But girls are shy, like Zhou Leya, for example, even in the room, she was sitting squarely in the middle of the room, without her joking appearance during the day.

"I'll order a meal, after dinner you also shower and change your clothes, then we'll leave."Saying that, Finn made a phone call.

"Shower?Change of clothes?Here?"Zhou Lelian Ya can't believe her own ears, since she grew up she's always changed at home, where is there a time to change outside.

Finn pointed his phone screen at Zhou Leya: "See, it's already six o'clock, almost six thirty after dinner, if you go home it will be too late, even if you change at my place it will be almost seven o'clock, and then you will have to leave for the Emperor's Bar."

"Then..... okay."Zhou Leya nodded, she really didn't have any reason to refute Finn 's words.

Soon, the food delivery came, and Finn was planning to finish his meal and still be able to peek at Zhou Leya's bath, but he didn't want to be pushed out of the room directly by Zhou Leya, not giving him the slightest chance to peek.

Nothing happened, and at 7:10 pm, the two of them finally drove their Ferrari sports car and officially headed to the Imperial Bar!

79

The red Ferrari sports car parked in front of the Emperor's bar, but did not stir up any big – waves, only because tonight the luxury cars are endless, so that the p A**ers-by have also blinded.

It didn't matter to Finn , it was better if no one messed with him anyway, it saved a lot of trouble.

"Ye Shao, everything is normal."

Finn saw the message sent by Chen Xiang on WeChat and nodded his head in satisfaction.

"Let's go." Finn got out of the car to help Zhou Leya pull the door, I must say, Zhou Leya's dress really bright, the whole way Finn drove did not dare to look carefully more, afraid of being distracted and then a car accident.

Originally Zhou Leya's bottom is good, a little dressed up is a beautiful evil, especially in a million white dress more like a little princess, just get off, let the road people have sideways glance, attention.

Even so, Finn can still feel a slight beauty deficiency, that is Zhou Leya did not match any jewelry, this is Finn 's negligence.

In fact, Zhou Lelian Ya did not expect to change clothes in Finn 's room, otherwise, in their own home dressing, will naturally match the jewelry, but now time is too late, so, the two into the emperor's bar.

The unexpected thing for Finn is that the emperor's bar is not as noisy as an ordinary nightclub, but a quiet one.

Zhou Leya saw Finn frowning and couldn't help but explain, "The nightclubs at the Emperor's Bar are on the underground floor, from the first to the sixth floor are all KTVs, while the seventh floor on the top floor is where the auction will be held today."

"So that's how it is." Finn nodded and said, "You're not dressed for a nightclub, so why don't you go to the seventh floor first, I'll go down and meet Zhang Zimo, if I don't clean up this kid honestly, he'll come after me later. When I go up, I'll send you a WeChat, and you can just pick me up then."

"Alright." Zhou Leya nodded slightly and took the elevator to the seventh floor.

Finn, on the other hand, took the stairs to the nightclub, and there was no special elevator on the underground floor, after all, there were too many hippies in the nightclub, drinking too much and vomiting everywhere, and it was not convenient to set up an elevator.

"Knock knock knock!"

As soon as he reached the underground floor, Finn was wrapped in deafening sounds, his eardrums nearly burst open.

Finn had never been to a place like this before, having seen it on TV, and this was his first time in a nightclub.

I don't know if the stereo sound was too loud or what, but Finn only felt the ground trembling slightly, and as soon as he took a step, Finn felt his legs go a little soft.

"Is everything alright, Ye Shao." Just as Finn fell, a tall figure rushed over and grabbed hold of Finn.

When Finn looked up, it was none other than Chen Xiang.

"Xiangzi, it's you!"

Finn almost shouted out in the loudest voice, before Chen Xiang nodded in a daze, "It's me, Ye Shao louder, it's noisy here, can't hear."

Finn shouted in deep agreement, "Yes, it's too noisy, I can't hear anything."

Originally, Finn thought that KTV kind of even the maximum noise, unexpectedly nightclub is even louder.

Especially the subwoofer's electric turmoil, Finn also blood spurting, unable to control the uncontrollable would like to jump up.

After adapting for a while, Finn only after standing steady again, this is to see the full picture of the nightclub. Originally an underground floor, this place was completely dark, with only some light from the psychedelic lights, but it was still basically at a semi-dark level.

Quite a few young men and women were working hard to move their bodies on the dance floor at the very center of the nightclub, and at the edge of the dance floor, there were also five small platforms, four of which each stood with a woman, dancing a flirty pole-dance, while the last platform stood with a man wearing a hood playing a disc, which should be the legendary DJ.

"Ye Shao, let's go sit down first."

Chen Xiang brought Finn to the sofa area on the outside of the dance floor, there were five or six strong men sitting and drinking at the moment, and when they saw Finn come over, they all stood up and said, "Hello, Ye Shao."

"Fine, fine, let's keep playing." Finn waved his hand and sat paralyzed on the sofa inevitably spat, "Zhang Zimo this guy is sick, he had to choose this kind of place, what's so good about the chaos."

"Isn't this a good place to do it in the dark, there's no surveillance anyway, and even if you do it, you can't see who did it." Chen Xiang explained.

Finn nodded his head and said, "You're right, but it's not certain who's going to clean up the mess!"

Shaking his fist, Finn also took a sip of beer.

Red wine or whatever, Finn was still not used to drinking it, and as for cocktails, Finn knew even less.

Looks like there is a chance, I have to learn how to drink.

Finn thought in his heart, or else it will be too degrading to go out to play.

Before Finn put down the wine glass, a voluptuously dressed and exposed woman came over and sat beside Finn, her small hand directly raided Finn's chest and slowly drew circles.

"Little brother, want to play together for a while?" The woman revealed a flirtatious smile.

The youthful Finn was really unable to resist such a mature and charming woman, and instinctively hugged the woman's waist and smiled evilly, "Fine, how to play."

"Come on, little brother, I'll take you to a nice place." The woman grabbed Finn's big hand and walked in a direction.

Finn didn't resist, so he followed her.

But after walking for a while, Finn realized that the woman wasn't taking him to the dance floor, but to the bathroom.

"This..."

Finn had a spring in his step, was it hard to just f*ck?

In the past, Finn always saw this kind of report on TV, nightclub crazy play to the bathroom to do something shameful.

But before Finn started, the woman suddenly looked indifferent and pushed Finn away, then Finn saw ten youths like gangsters gradually approaching and surrounded him.

Then, from behind the thugs, a handsome young man slowly walked out, it was none other than Zhang Zimo.

"Kid, I didn't expect that you would really dare to come!" Zhang Zimo sneered.

"What, you want to beat me up?" Finn, however, didn't feel fearful, just looked at Zhang Zimo coldly.

Zhang Zimo snorted coldly and laughed fiercely, "So what if I just beat you up, this is my territory, you kid really don't know the sky, you dare to run into my territory. I don't know if you're really confident, or just arrogant!"

"I think well, it's confidence." Evan laughed.

"Give it to me, beat him up!" Zhang Zimo said no nonsense and waved his big hand as if he had already seen the miserable face of Finn being beaten up and begging for mercy.

But what Zhang Zimo didn't expect was that he was directly buckled to the ground before the words fell.

"What are you doing, what are you guys grabbing me for, Finn is over there!" Zhang Zimo shouted at once.

Finn, however, looked as if he had expected, "Look, did I tell you that I'm confident, but in my opinion, you're the one who's really arrogant!"

80

Although Finn came over and didn't let Chen Xiang and the others follow, and didn't know if Chen Xiang had discovered the situation here, Finn didn't panic at all.

Just because the group of thugs that Zhang Zimo had found, all of whom Finn knew, were the same group of non-mainstream youths that he had met at the hotpot restaurant at noon.

The one who made the fastest move to capture Zhang Zimo was the green hair who had gotten 60,000 during the day.

"Ye Shao, when Zhang Zimo called for someone to come today, a few of us agreed to this matter in order to be able to help you capture Zhang Zimo, I'm really sorry to have frightened you just now." Green Hair came in front of Finn with a flattering face.

Seeing the situation, Zhang Zimo was confused, followed by a roar, "You gullible things, let go of me, or you won't have any good fruit to eat!"

"Bang!"

Green Hair kicked Zhang Zimo directly in the face and sneered, "Eating the inside out? You really think highly of yourself. No. 10 of us are all farmers from out of town. If you hadn't made a lot of promises, could we have become thugs here to watch the field? And how much did you pay us, three thousand a month, not even f*cking enough to live on. There's no good fruit to eat yet, is there now?"

At that, Green Hair was again angry and kicked Zhang Zimo in the face, then pointed at Finn, "Look at Ye Shao again, being generous, a month's salary can catch up with working here for two years, why should I work hard for you!"

"Well said." Finn showed an approving gaze and took out his phone from his bosom after applauding, directly transferring 10,000 yuan to Green Hair.

"Ye Shao, what are you?" Green hair received the red packet of sudden joy. The first website

Finn smiled lightly, "Doing things for me and making me comfortable, you should give rewards."

"Zhang Zimo, look at you, how generous Ye Shao is, out of the blue is a reward of ten thousand, look at you again, you're normally a dime a dozen, like an iron rooster, what else is a gongzi brother, what a bullsh*t!" Green Hair took out his phone and shook it in front of Zhang Zimo's eyes.

"You kid....f*ck..."

Zhang Zimo just scolded Green Hair, and the other non-mainstream thugs started kicking Zhang Zimo hard.

"Ye Shao, how do you like my kick?"

"Your kicks count for nothing, look at my shadowless kick, that's cool!"

"....."

Finn can't help but help his forehead, these people's small mind Finn can't see it yet, just competing for the bonus ah.

But Finn didn't care about this little money, instead Zhang Zimo was kicked, his heart was not to mention how pleasant.

"Well, well, the kicks are all good, the bonuses are for everyone." Finn looked at the kicked Zhang Zimo with a smile, and gave each non-mainstream another 10,000 red envelopes.

Seeing the money, these people worked even harder, until Zhang Zimo was foaming at the mouth, these people only stopped kicking.

"Ye Shao, do you need to deal with that woman?" Green Hair attached himself to Finn's ear and said.

Upon hearing the words, Finn brightened up and said, "Good idea, damn this dog thing is still messing with my hand, if you don't tell me I really forgot, I'll leave this matter to you to handle."

"Okay Ye Shao, don't worry about my work." Green hair caracal smile, and then scampered out, the others saw the situation, didn't think much about it, and figured out what Green hair was going to do, followed by all of them going to catch that woman in a flash.

Finn helplessly shook his head, actually he knew in his heart that these people didn't really believe in him. It was only because he had money and these people lacked money that they would rack their brains to try to help him.

But that's fine, anyway, what Finn needs is this kind of nimble people to do things.

Opening his phone, Finn created a group for these punks, and then sent an order: help me do things, all good, cheer up, sluts.

After saying that, Finn sent a red envelope to spell luck, and then turned off his phone and returned to the sofa area.

Seeing Finn back, Chen Xiang smiled silly, "Ye Shao, how is it, did you have a good time just now?"

"Cool my A**, looking down on me like that, if I'm late, how can I play cool for an hour, a mere ten minutes." Finn laughed and scolded, so he said what had just happened.

Chen Xiang's appearance changed dramatically and he got up and bowed, "Sorry Ye Shao, we were negligent, fortunately this group of little brothers took action, otherwise we would really be to blame for our deaths!"

"Okay, sit down. I'm not saying this to blame you, I just want to tell you that if you don't make a move, there are others who will, but let someone else take the benefits." Finn patted Chen Xiang's shoulder.

When Chen Xiang nodded, he took out his cell phone and informed the group of bodyguards to gather.

Not long after, all these bouncers scattered around the nightclub A**embled, and Chen Xiang stretched out his hand just to give each of them a slap and roared, "Now, we have a competitor. A group of thugs also work for Ye Shao, Ye Shao said, whoever succeeds in the work, benefits to whoever. Just now the thugs protected Ye Shao, and each of them got ten thousand yuan, and look at you guys, still playing loose, what a disgrace!"

"What, ten thousand each?" A bodyguard voiced out in surprise.

Immediately afterwards, the crowd of bodyguards said in unison, "I would do anything for Ye Shao!"

Finn nodded his head in satisfaction, this he also recorded as a video and uploaded it to the gangster group.

In a short while, there was an additional video in the group, and Finn called his bodyguards to watch it together, only to see the one led by green hair also roared, "Bodyguard scum, you can't do it, you have to watch us when you're working for Ye Shao!"

"f*ck, this bunch of jerks, and they're still shouting at us." Chen Xiang was indignant and turned his head to the bodyguards, "Hear that, cheer up from now on, don't let a bunch of punks look down on you, or we won't be able to hold our heads up in the bodyguard world in the future!"

"Yes!"

The bodyguards responded in unison, their eyes also filled with anger and battle intent. They were professionals, if they were really compared to a bully, they really couldn't be bodyguards anymore.

Seeing everything in front of him, Finn nodded his head in satisfaction, this effect was what he wanted. As long as there was competition, he would be more progressive, and relatively, his safety would be more guaranteed. As for the prize money, that little bit of money Finn

didn't care. As long as it made him comfortable, not to mention ten thousand, even fifty thousand one hundred thousand was a small amount.

The first task that Charles had originally given him was to spend one hundred million a month, and now Finn hadn't even spent it all. Seeing that there were still forty million left in the balance, Finn decided to make an effort to spend the forty million in the auction later.

After all, there were only three days left before the one-month deadline, and if it wasn't completed, the mission would fail, which was unacceptable to Finn .

Thinking of this, Finn looked at the time and saw that it was already 7:50, it was almost time to start the auction, so after greeting the crowd of bodyguards, he left the nightclub on the underground floor and took the elevator to the top floor of the auction.
