

Chapter 1755

"You slapping my face was more difficult to bear than your father threatening me with the photos of me in bed with another man. I was utterly disappointed after you slapped me twice. Tessa, I'm beyond disappointed with you. I have raised you for twenty-two years. According to civil law, the parents have an obligation to support their children until they are eighteen years old. You are now twenty-two years old. I have fulfilled my obligations. As for the financial support that you were supposed to be giving me in the future, I'll make it clear to you now that I don't need it! We have already broken off all ties and bonds between us. I now declare that I don't need

I now declare that I don't need you to support me! Originally, your Uncle Zayn, my husband, had persuaded me that no matter what, you are still my biological daughter. However, Tessa, after you've gone to the village and learned all about your father's behavior, you still came to blackmail me and your Uncle Zayn. Do you know that you're committing a crime?"

Tessa was speechless.

"I'm sorry, Tessa. I have already severed my ties with you as mother and daughter. Don't come to look for me again in the future. I have my own life now. I had my first wedding in my life, and I just found out I am pregnant after the wedding. I am very happy. I will just treat the

and I just found out I am pregnant after the wedding. I am very happy. I will just treat the twenty plus years in the past as a nightmare. I will no longer think about it anymore in the future. However, I will not hold you responsible for blackmailing me today. Just leave!" said Hana calmly.

After saying that, Hana looked at her lower abdomen. There was a little life in there. She did not care about Tessa anymore.

Instead, she mumbled to herself, "Baby, your father is very good. He will never leave me alone at home and ignore me when I'm pregnant. He will not let me work when I am pregnant or right after I've given birth. He will not threaten me and ask me to abandon you. My baby, in

to abandon you. My baby, in
another eight months, you will be
born. I will then be able to truly
experience the joy of being a
mother. Baby..."

At that moment, Hana was truly
incomparably relieved. She truly
no longer had Tessa in her eyes
and mind. After all, Tessa was
already grown up. Tessa could
decide everything by herself, so
Hana was also relieved about
that.

Tessa, who was standing across
from Hana, was like a robot. The
tears that streamed down her
cheeks were icy and she asked
faintly, "Zayn...isn't Zayn...
infertile? He...he and my dad are
both alike. They are both invalid!

pregnant? Did you have an affair
again? Haha! Zayn, you really
like to be made a cuckold!
Congratulations on becoming
the father to someone else's
baby! You've got yourself a
bargain! And it's quite a big
bargain too!"

Zayn looked at Tessa with
disgust. "You're such an
impertinent person! I am so
lucky to have been dumped by
you! If I truly were to marry you,
then I will regret it for life!"

He took out a report from his
pocket and handed it to Tessa. "I

don't mind to... you that when
I came to have a health check
with you the last time, the
doctor had given me the wrong
report! It was another man with
the same name who had this
condition! I had taken the wrong
report! This is my report now. I a
m a normal person! Which
means I am a normal man who
can be a father!"

Tessa was speechless. She raised
her tearful gaze to look at this
tall, elegant, reliable, and
competent man, who owned ten
billion worth of assets at a young
age. This man was supposed to b
e her boyfriend! "This is not true
..."

After that, Tessa manically ran
off.

At the same time, Hana's phone

Hector Caven, were you the one
who let your daughter come to
blackmail me?"
