

Chapter 1858

Aino nodded. "Aunt Jane, I missed you, and I missed my brother."

Her voice was very soft. It was so soft that it made Jane feel a little heartbroken. She put the baby in her arms into the crib, and then called out with both her arms opened. "Good girl, Aino. Quickly come and let me have a look at you. I know you have suffered grievances these few days. I know you miss your mom very much. Quickly come here, baby."

Aino instantly burst into tears. "Aunt Jane, I don't have a mother anymore."

She jumped into Jane's arms, and tears started to stream down Jane's cheeks. "Don't cry, baby. Your mom is a very tough person. She will not be easily defeated. She has a stronger ability to survive than an average person. Also, she is very strong. She definitely will be fine. Believe in me."

Aino nodded. "Mm-hmm. I also believe i

n my mom, Aunt Jane."

"Come on, don't cry, my child. Come and let me wipe your tears." When Jane turned around to get tissue paper, she saw Maysun. "Is this...the caregiver?" Jane surveyed Maysun with confusion.

Maysun was speechless. She almost died from anger! She was mistakenly taken as the caregiver? 'You're a woman who elevated your status by being a nanny and a sexual partner in the past! You dare to say that I am a caregiver?'

Before Maysun said anything, Jane said to herself, "Doesn't seem like a caregiver as well. A caregiver usually doesn't dress as decently as you, but it's hard to say for sure as well. Alex will get the best for anything. I heard that the salary of the caregiver that Alex got for me is thirty thousand dollars a month. I think it's normal to dress well with an income of thirty thousand dollars a month."

"May I know what your name is? Have you taken care of children before? Have you had your own child? What company introduced you? Do you have credentials and a personal health certificate? Take it out and let me first have a look at it." At that moment, the way Jane looked at Maysun and the way she spoke was completely befitting the style of a wife with a rich husband.

Maysun was so infuriated. She wanted to curse! She wanted to raise her hand and slapped this b*tch to death! No wonder Lily said that Kidon City and South City's high society had been occupied by b*tches! It was true! Once she thought of that, Maysun's desire to get with Sebastian became even more firm! One day after she married Sebastian, even if Lily did not get this woman named Jane Sheen killed, Maysun would also chop her into pieces! She was too irritating!

Seeing that Maysun did not say anything,

Jane then questioned, "What are you waiting for? Such a lazy caregiver. What's the point of me hiring you?"

At that moment, Aino's tears were also dried. She suddenly seemed to have remembered something, and she turned around to look at Maysun at once. After that, she stuck her tongue out in embarrassment. "I'm sorry, Aunt Jane. I... was crying just now and I had already forgotten to introduce this person to you. She is...not a caregiver."

"What?" Jane asked.

"This is my...my dad's friend. She is also my friend."

Jane was speechless. At that moment, it was finally Maysun's turn to be arrogant. "I'm sorry, Missus Poole. My last name is Kemp. I'm from the Kemp family in Kidon City. Have you heard of it?"

Without waiting for Jane to say anything, Maysun continued, "I think you also may
