"Aren't you crazy? I don't believe that you, a turd, can still rebel against the heavens!"

Wang Qiang stood in the distance and laughed, Zhao Yu was beside him with a gloating look on his face.

"What should we do?"

Qin Bing sat impatiently, at this moment the iceberg beauty's face was full of anxiety.

"Sister Bing, don't worry, I've already called my dad, he's nearby and will be here soon!"

Luo Qiqi said, and only then did Qin Bing calm down a little.

And while just a group of people were each having their own thoughts, Lin Ran and the security guards were already making their moves.

One of the security guards was the first to make his move, wheeling an electric baton and smashing it towards Lin Ran.

Lin Ran's quick eyes and quick hands, a side dodge directly, and then a kick directly on the other party's waist, not much force, but very precise, directly kicked the other party backwards out.

With the Xuan Yang Pharmacopoeia cultivation method, Lin Ran's current physical strength was definitely not comparable to these people. If Lin Ran had dealt a death blow, I was afraid that these people would not be able to carry even one move.

The other security guards were shocked at the sight of this, but with the large number of people, they were not afraid for a while and continued to rush towards Lin Ran.

Lin Ran was too lazy to tangle with these people, and with a flash of his body, he directly pre-empted them, charging towards the nearest security guard.

"Bang!"

With a side kick, he directly knocked the other man to the ground, and then he charged towards the second one.

In less than a minute, all seven or eight of the security guards who had rushed up were knocked down by Lin Ran.

Wang Qiang was on the verge of collapse, how could these security guards be so useless, seven or eight against one and still be cleaned up by others so quickly.

He could not help but feel a sense of fear towards Lin Ran. What kind of existence had he provoked, was this still the poor school bully who was at his mercy?

Wang Qiang was puzzled.

Zhao Yu was also dumbfounded as she watched from the side, it could be said that she knew Lin Ran the best of anyone present, but what Lin Ran was showing now was not at all what she knew.

“He’s changed!”

Looking at Lin Ran, Zhao Yu said woodenly.

Lin Ran, however, had by now reached Wang Qiang and looked at the latter’s terrified expression as he said indifferently.

“Can I walk out of this hotel today?”

“Can Yes, you can!”

Wang Qiang lowered his head not daring to look at Lin Ran, he knew clearly that he had already lost, if there was any card he could still have, it was his own fortune, but how could these things overwhelm Lin Ran to turn his back?

Just as Wang Qiang was disheartened and decided to apologise to Lin Ran and never mess with him again, a voice rang out from the side.

“Haha, what a hoot! If it isn’t the Wang family brat, how come he actually got beaten up like this? Is your Wang family in decline?”

Lin Ran turned his head to look, and said a young man about his own age, but compared to himself, he carried a transcendent aura about him, obviously coming from a large family of gods, having been clothed in gold and gold since childhood.

“Bai Cheng, what do you want!”

Seeing the visitor, Luo Qiqi jumped out and asked, her face very unfriendly.

“Kiki, what a coincidence that you are here too, I am not just pulling out a knife to help when I see something unjust!”

Bai Cheng laughed, but Luo Qiqi was not convinced in the slightest.

“This is none of your business, so you’d better stay out of it.”

Luo Qiqi said.

Bai Cheng's face sank at his words.

"Kiki, just for this kid? You're going to stand up for him?"

Bai Cheng was the grandson of the Bai family in Tanjiang City, the Bai family also belonged to a large family in Tanjiang City and had many businesses under them, but compared to the Luo family their Bai family was a bit weaker.

The Bai family tries hard to set up a marriage between Bai Cheng and Luo Qiqi, so as to achieve the purpose of marriage, Bai Cheng does not refuse, after all, Luo Qiqi is very beautiful, but the latter has no idea about him at all.

In the words of Luo Qiqi, "Bai Cheng is a two-faced person, one thing on the surface and one thing behind the scenes, I'm afraid I wouldn't know how to die if I married him!"

.....

The first thing you need to do is to get a good idea of what you are getting into.

"Bai Bai Cheng Gongzi!"

Wang Qiang came back to his senses at this time and hurriedly came up next to Bai Cheng with a respectful and flattering face.

Compared to the Bai family, the Wang family was similar to an ant, and most of the Wang family's economic sources were in cooperation with the Bai family, so this Bai Cheng in front of them was not only their family's valued guest, but also their God of Wealth.

"Wang Qiang, just now I saw what I understood, you Wang Qiang is at least the young master of the Wang family, but you were actually cleaned up like this by a classmate, and the other party is still a poor man, you really let me down, before it seems I was overestimating your Wang family!"

Bai Cheng's words were unhurried, but the meaning was very clear, hearing Wang Qiang's heart tremble.

If one party simply looked down on the other, then the win-win situation would only turn into exploitation.

At this moment, Bai Cheng's words would definitely have a huge impact on Wang Qiang, and might even affect the future development of their Wang family.

"No, young Bai, this kid has been a bit perverse lately, otherwise how could he be a match for our Wang family!"

"O? Is that so? Then you should show me how your Wang Family deals with such small fishes!"

Bai Cheng was intrigued.

"Young Bai, I'm going to blow him out!"

Wang Qiang said with an iron face, his mind quickly thinking of a solution.

It was definitely impossible to fight, so they could only use the pressure of the hotel to drive Lin Ran away.

Thinking of this, Wang Qiang immediately stepped forward and shouted.

"Where's Yang Xu! Come out to me!"

"In, in!"

As soon as Wang Qiang's voice fell, a middle-aged man rushed out, wearing a uniform with a sign on his chest "Hall Manager!"

"Is this what you do as a manager? This kid can't afford to spend at all, and he's dressed in such rags, how come he's let in!"

"Young Master Wang, the misunderstanding is all a misunderstanding, I'll go check it out!"

Said Yang Xu, about to bolt, Wang Qiang pulled him by the collar and said in a cold voice.

"I'll go investigate later, for now blow this fly out of my face, this kind of person comes here to eat, let the other guests how to eat, there is no status difference embodied!"

Wang Qiang scolded, Yang Xu smiled just busy nodding.

The Ya Xiang Hotel was a joint venture hotel, the shareholders here were not only the Bai family, but also the Wang family, while the biggest shareholder was the Luo family.

"Where are the security guards? All the security guards come over here and blow this food cheating bastard out of here!"

Yang Xu roared at the intercom, and soon the sound of intensive footsteps came from the ground floor, obviously all the security guards who were in at this moment were afraid to come.

"Lin Ran, how about...!"

Qin Bing pulled Lin Ran aside, his face full of guilt, he had wanted to invite him for a meal, but he hadn't thought it would lead to so much trouble.

"I'm sorry, I'm to blame for this too!" Luo Qiqi also came over.

She knew clearly that if Bai Cheng hadn't intervened just now, Wang Qiang might have run away in the dust, and it was because Bai Cheng had intervened that things had developed to the present situation.

"It's alright."

Lin Ran laughed, whirled around and looked around, really found in the far wall posted a lot of into the group's logo, turned back and laughed.

"This hotel, your Luo family, should also be a shareholder, right!"

"Yes!"

Luo Qiqi nodded.

Lin Ran then smiled and directly flipped his hand and took out the supreme diamond card.

"You!"

Seeing the card, Luo Qiqi was first stunned and then laughed along with him.

Qin Bing only remembered at this point that Lin Ran still had such a card, so he couldn't help but exhale, and immediately pulled Luo Qiqi back to his seat while eating fruit.

It was obvious that he was going to be a melon eater.

"What are you still standing there for? Hurry up and go and blow this beggar out!"

Yang Xu chided in a cold voice.

"Yes!"

A group of security guards, a dozen in number, each holding an electric baton, came around towards Lin Ran.

Lin Ran smiled when he saw this and slowly raised the card in his hand, while coldly chiding.

"Is this how you entertain guests at the Ya Xiang Hotel?"

"What's that?"

Yang Xu's heart trembled as he looked, rubbing his eyes to look again, he couldn't help but change his face, as the lobby manager how did he not recognize this kind of card, this was the Supreme Diamond Card of Luo's, definitely a pair of top cards.

At this moment, other people around also noticed the card in Lin Ran's hand, each with a shocked face.

"Holy shit, this is a Supreme Diamond card, I only got a gold card after spending millions under Luo's business every year!"

"A few million, I've been spending tens of millions every year, and even met Mr. Luo, and it was only a platinum card!"

"What's that kid's origin, how can he have such a card!"

Even Wang Qiang, who was far away, had a shocked look on his face.

"What's going on?"

Bai Cheng asked in a low voice, and Wang Qiang hurried over to him.

"I don't know, how could he possibly have such a card in his hand!"

"Stupid bastard!"

Bai Cheng's face was ugly, this kind of card, not to mention him, even his entire Bai family, only his father, the Bai family head, had one.

"How can an ordinary poor boy have such a card, it's obviously a forgery!"

Bai Cheng shouted coldly, and Wang Qiang woke up with a start at his words.

Right, a university student with no identity background, how could he know the head of the Luo family, how could he have such a card, it was obviously a forgery.

"Lin Ran, you really impress me, you even dare to forge Luo's Supreme Diamond Card, you really are doing whatever you can to blend into our circle!"

Wang Qiang stepped forward and sneered.

Lin Ran smiled blandly at this and said.

"Someone said the same thing last night, do you know what happened to him afterwards?"

"Afterwards, it must have been you who was exposed and kicked out on the spot!"

Wang Qiang laughed coldly, and then looked at Yang Xu and shouted coldly.

"Why haven't you done anything yet, do you want young Bai to come personally?"

"I!"

Yang Xu's eyes showed a difficult look as he whispered.

"This card needs to be authenticated if it's real, otherwise I'm in this position!"

"Bullshit, as the manager of Datang, you actually can't even tell the difference between real and fake, what use do I need you!"

Wang Qiang cold drink, said taking out the phone is about to call, as one of the shareholders of the hotel, the appointment and removal of a hotel Datang manager, he still has this right.

"Do it!"

Yang Xu saw the situation and wilted, people can control their own future with one phone call, where would he dare to hesitate.

However, he was worried about his own future, those security guards were even more worried, seeing that the lobby manager was not even sure, they all dared not move, they all froze in place, you looked at me, I looked at you, none of them made a move!

"A bunch of trash!"

Bai Shao's face was gloomy and he waved his hand, immediately four or five people in black suits rushed out from the crowd, obviously these were his bodyguards.

"Go up and throw this kid out, this kind of rat turd is not allowed in my Bai family's estate!"

Shao Bai said in a cold voice.

"Yes! Gongzi!"

The four or five bodyguards nodded respectfully, and immediately rushed towards Lin Ran.

Lin Ran's face was calm as he looked at Bai Cheng and smiled blandly.

"What a big mouth, since when did the Ya Xiang Hotel become your Bai family's property, even if the Wang family doesn't dare to fart, do you really think that the Luo family has no one?"

"You!"

Although Lin Ran's words were unpleasant, they were true, in front of the Bai family, he, Wang Qiang, did not even dare to fart.

"That's right, do you really think that there is no one in our Luo family?"

Luo Qiqi jumped out from the back and pointed at Bai Cheng.

"Bai Cheng I'm telling you, you'll regret it if you target Lin Ran like that today!"

"Regret? The word regret doesn't exist in my Bai Cheng's dictionary!"

"Do it!"

Bai Cheng's face was icy cold, even if Luo Qiqi helped Lin Ran, she actually said that she would regret it.

He was the young master of the Bai family, and even the future heir of the Bai family, and he would regret it because of a poor loser? It was simply nonsense.

"You! You wait!"

Luo Qiqi was furious, but she was helpless, she had been away at school for years, her family's estate was not even closed, many people didn't even know her, and she was a weak woman, she couldn't possibly rush out and fight alongside Lin Ran.

The four or five bodyguards had already rushed to Lin Ran's front. With the experience from last time, Luo Qiqi and Qin Bing were not worried at all, in their eyes, Lin Ran was a pervert, who dared to fight whoever he met, as if the King of Heaven was his father.

And that was exactly what happened. In the face of the four five bodyguards, Lin Ran didn't even frown.

The best of these men came from a martial arts background, and it was more than enough to deal with them.

With a dodge, he dodged the first man who came at him, and Lin Ran kicked him directly in the stomach.

This kick used a full seven points of force and immediately sent the man flying, smashing the two men behind him directly to the ground.

With a flash of wind at his feet, Lin Ran reached the other bodyguard and punched him directly in the ribs, causing him to fall to the ground and faint.

The last bodyguard froze in place, hesitant to come over, Lin Ran revealed a cold smile and rushed directly towards Bai Cheng.

“You Don’t you come over!”

“Don’t worry, young Bai, I’m here!”

Wang Qiang’s heart was happy to see this, at this moment there was no one in front of Bai Cheng, it was a good time for him to perform, jumped out and blocked in front of Bai Shao.

However, the next moment, a black shadow flashed by, only to hear a “Ah!” A few moments later, not far away, there was a “bang!” A moment later, not far away, there was a “bang!” on the ground and Wang Qiang’s pig-like scream.

With just one kick, he had gone flying.

“You What do you want, I am a member of the Bai family! Do you want to make an enemy of my Bai family?”

Bai Cheng’s voice trembled and his heart was terrified, he had seen ruthless people before, but he had never seen such a ruthless person with such great skills like Lin Ran, who had actually reached his eyes in the blink of an eye.

Even at this moment, a thought came to his mind, if he had such a bodyguard by his side, wouldn’t he be able to walk around.

“You Don’t you touch me, I’ll hire you as my bodyguard for a million dollars a year! No no Five million a year!”

Bai Cheng hurriedly said, in his opinion as long as the money was in place, a person like Lin Ran would definitely submit himself.

However, he was wrong, what was waiting for him was a “slap!” A slap in the face was what awaited him.

“You!”

Bai Cheng’s face turned red and he was on the verge of tears.

Lin Ran’s slap was so powerful that half of his face was already red and swollen.

Lin Ran stepped forward and pulled Bai Cheng’s collar as he said in a cold voice.

“Be your Bai Shao at home, if you get involved in a mess, I’ll even beat you up!”

“Stop it!”

Suddenly a voice came from afar, followed by Lin Ran who saw that a group of people had come up from the stairway, led by none other than Luo Ming, while a middle-aged man was also following at his side.

Seeing the middle-aged man, Bai Cheng cried out with joy and hurriedly shouted.

“Father! Save me!”

“Put my son down!”

Bai Yuguo shouted coldly, his face as gloomy as water.

His own son, Bai Cheng, was being carried by a rustic looking youth by his collar in front of his face, and that too under the property that his own Bai family had a stake in, this was a big loss of face.

“What? You’ve beaten the young one and come to the old one?”

Lin Ran laughed lightly, but still let go of his hand, Luo Ming and the other party were together, there was no harm in not giving each other face, Luo Ming this face still had to be given.

“Little divine Doctor, why are you here, haha!”

Luo Ming directly ignored Bai Yuguo behind him and walked right towards Lin Ran, while laughing.

“Father!”

Luo Qiqi jumped out at this moment, and boasted Luo Ming’s arm as a small bird clung to her.

“Why are you girl here too, aigoo, you’re here too, Director Qin!”

Seeing that Qin Bing was also there, Luo Ming seemed to have guessed something.

“Dad, that guy is bullying Lin Ran, what do you think about this, if grandpa finds out, he won’t be happy either!”

Luo Qiqi came up and complained directly, Luo Ming smiled slightly and turned to look at Bai Cheng.

At this moment, someone had already told Bai Yuguo what had happened, and he glared at Bai Cheng with an ugly face, then looked at Luo Ming and said with a smile.

“Brother Luo, I’m afraid this matter is a misunderstanding, it’s normal for juniors to fight and mess around!”

“Normal?”

Luo Ming’s face sank as he said in a cold voice.

“I naturally won’t care if the juniors are fighting, but bullying someone is bullying my Luo family’s life-saving benefactor, do you really think I, Luo Ming, am made of clay?”

Said Luo Ming, looking directly at the crowd to the side and chiding.

“Don’t come over yet!”

As soon as the words fell, a middle-aged man hurriedly ran out from the crowd, none other than the general manager of the Ya Xiang Hotel, Yang Tianming.

“General Manager Luo!”

Yang Tianming’s whole body trembled, after being the general manager here for almost ten years, this was the first time he had seen Luo Ming so angry.

“The one who questioned Little God Doctor Lin Ran’s diamond card just now was the lobby manager, right!”

Luo Ming said icily.

“Yes!”

Yang Tianming did not dare to lie.

“Resign!”

Luo Ming said blandly, the distant Yang Xu heard this and instantly did a buttock on the ground, then tried to crawl over with a bitter face to beg for mercy, Yang Tianming immediately glared at him, only then did the latter dare not come over.

Yang Xu was the cousin of Yang Tianming, otherwise how could he have achieved the position of lobby manager?

Luo Ming did not care about these small relationships, and then said.

“Just offended the little divine doctor a strand of expulsion, really think that my Luo family’s supreme diamond card is so good to forge?”

With these words, Luo Ming was clearly backing up Lin Ran.

Lin Ran watched this scene without saying anything, he actually didn’t expect Luo Ming to actually get all worked up over himself.

Luo Qiqi was exasperated at this point to.

“Father, it’s still that guy, it’s all his fault, he had to find trouble with the little divine doctor, causing me to not even be in the mood to eat!”

“I”

Seeing Luo Qiqi pointing at himself, Wang Qiang’s whole body wilted, good man, who the hell did he mess with today, shouting at Luo Ming’s father, that’s the Luo family’s little princess ah!

Wang Qiang felt like his head was on fire, it was like a disaster of extinction.

“Well, the Wang family, right, in the future, all of our Luo family’s industries will not be cooperating with the Wang family!”

Luo Ming’s plaintive words directly cut off the Wang family’s path, Wang Qiang felt his chest heat up and he directly spat out a mouthful of blood.

If this news spread back to his family, the old man was afraid that he would raise his sword and kill him.

After settling the hotel issue, Luo Ming looked directly at Bai Yuguo and said.

“Brother Bai, it seems that I need to reconsider the cooperation issue just now, in addition your son’s eyes are above the ground, so he looks down on the little divine doctor, I think it’s better to put aside the matter of the junior set-up first!”

“Don’t!... I’ll just go back and educate him... I can’t let this affect our unprecedented cooperation!”

Bai Yuguo was immediately anxious, a tug on Bai Cheng, directly carried to Luo Ming, scolded.

“Bastard, don’t apologise to Mr Luo!”

Bai Cheng was all confused at this point, hearing that Luo Ming wanted to reconsider his cooperation with his father, he realized how much trouble he had made this time, and with a crying face, he hurriedly made apologies.

“Yes I’m sorry, it was the kid who was reckless!”

"It's not me you should apologize to!"

Luo Ming's voice was icy cold, obviously still angry.

"Don't go yet!" Bai Yuguo scolded at this.

Where did Bai Cheng not understand at this point, although his heart was reluctant, he still walked over to Lin Ran, suppressing the displeasure in his heart and whispering.

"I'm sorry!"

"What did you say? Speak louder I can't hear you!"

Lin Ran said indifferently.

"You!"

Bai Cheng's face was ugly as he repeated.

"I'm sorry!"

This shout also caused Bai Yuguo's face to change slightly, and a few chills could not help but appear in his eyes.

For Lin Ran to deliberately make things difficult for his son, as a father, he was still very much indifferent.

"Alright, how much of a grudge can there be with a junior."

Lin Ran said indifferently, and then went back to my own seat, eating and drinking on his own, to do so, before moving two chopsticks and ran into Zhao Yu Wang Qiang, at least here is also a four-star hotel, the meal has not even eaten the taste yet.

"Brother Qiang let's go!"

Zhao Yu pulled Wang Qiang up with a cold face.

Wang Qiang did not give a single glance, his face was ashen, he gave Lin Ran a vicious look, this time he was really completely planted.

Zhao Yu could see Wang Qiang's displeasure and said in a low voice.

"It's alright Brother Qiang, it's just the Luo family, big deal, just don't cooperate, by virtue of"

"Get lost!"

Zhao Yu finished his sentence, Wang Qiang slapped her directly on the face and angrily rebuked.

The Luo family means to the Wang family, how can Zhao Yu an outsider know, she only knows that Wang Qiang is also worth more than a billion, follow the latter as long as to please him, they can eat and drink spicy food.

The companies cooperating with Luo's family will have to think twice about cooperating with the Wang family in the future in order to save Luo's face.

Zhao Yu's cheeks were burning hot, her gaze was aggrieved as she looked at Wang Qiang, not daring to say a word, nor did she dare to leave, she understood that if she left like this, it would be as difficult as heaven to climb up to a rich second generation like Wang Qiang in the future.

Lin Ran was not the least bit interested in what the two of them were up to, and continued to eat on his own.

Luo Ming walked over with a smile, and only then did Lin Ran get up.

"Mr. Luo!"

Lin Ran said with a smile.

"Little divine Doctor, I've put you through a lot of aggravation, I didn't think that there would be anyone in my Luo's business who didn't recognise this Supreme Diamond Card, it really puts Luo to shame!"

Luo Ming said.

Lin Ran smiled and shook his head "It's alright, it's inevitable when a business is big, but it's really a coincidence that I ran into Mr. Luo here, how is the old man's health?"

Lin Ran asked.

Luo Ming smiled at his words and said.

"Good! Great, it's all recovered!"

Speaking of this, Luo Ming took out a card from his pocket and said.

"Speaking of which, it just so happens that tomorrow night there will be a recovery celebration for the old man here, so be sure to enjoy yourself then, the old man would quite like to meet you!"

"Dad! Why did you say what I was going to say in advance!"

Luo Qiqi said, dissatisfied at the situation.

Lin Ran and Luo Ming looked at each other and couldn't help but laugh at the situation.

Luo Qiqi then left with Luo Ming, while Lin Ran left with Qin Bing.

"I didn't expect it, you're so good at reaching out too!"

Qin Bing joked with a smile.

"Do you see the point of things here?"

Lin Ran was helpless, after all the twists and turns he had experienced this night, he didn't expect that this was what Qin Bing cared about in the end.

"What, no! When women look at men, apart from being handsome they are secure, you don't understand women!"

Qin Bing said smugly.

"Er... Well, when a man looks at a woman, looking good is fine."

Lin Ran laughed.

"So do I look good?"

Qin Bing suddenly came over and asked, and due to the close proximity, a fragrance like an orchid pounced directly on Lin Ran's face, causing sweat hairs to stand up all over his body.

"Hey? Why are you blushing?"

By the light of the street lamp outside, Qin Bing asked.

Lin Ran was just about to argue, but he found that he couldn't move his eyes.

Qin Bing's entire body came over, although it was night, the light outside was bright, plus the collar of the dress she was wearing was loose, at this point she came up to Lin Ran, the collar fell down and the empty door was wide open.

Noticing that Lin Ran's face didn't look right, Qin Bing looked down and her pretty face suddenly turned red, but she didn't rush to get angry and asked in a deep voice.

"Does it look good?"

“It looks good!”

Lin Ran subconsciously said back, followed by a shiver running through his entire body as he hurriedly raised his head, just in time to meet the palm Qin Bing slapped over.

“Hey!”

Lin Ran was quick-eyed and dodged in a hurry, but Qin Bing pounced directly onto Lin Ran because she had missed the hit.

At once, the fragrant breeze hit his nose, and the warm fragrance was so soft and pleasant.

.....

After parting with Qin Bing, Lin Ran went straight home with a red face. The lights in the room of the two Liu Wenjuan siblings across the street were dimmed and no one seemed to be there.

Lin Ran did not care to think much about it and fell straight to sleep.

The next morning, Lin Ran got up early and was ready to go to the hospital early to see what had happened today, he was worried about promoting the way of Chinese medicine.

However, before he could walk to the hospital, Qin Bing sent a text message, actually asking him to help bring breakfast.

“This nee-san, what the hell!”

Lin Ran was helpless, there was a canteen right at the hospital, and he actually asked himself to bring food.

Following that, Qin Bing actually sent another message.

“I’m not used to eating at the hospital, go to Liren Supermarket and buy it for me! Thanks!”

“I’ll go!”

Lin Ran was speechless, although this Liren Supermarket was on the same road as himself, it always felt like he was treating himself like a little brother, at least he was now the head of the Chinese medicine department of Tanjiang Hospital!

Although he was speechless, Lin Ran still turned over.

The owner of the Beauty Supermarket was a beautiful woman who worked in the shop every day and named her supermarket Beauty, as if she was afraid that people wouldn't know she was a beautiful woman.

Lin Ran had been here twice before and had a sort of nodding acquaintance with the owner's wife.

"Hey! Make a quick call!"

"What phone call? The hospital is next door, just send it there!"

"Send it there? Who's responsible if something happens? You're responsible!"

"Who am I to be responsible for? What do I care?"

Just as he reached the entrance of the supermarket, Lin Ran heard noises coming from inside, especially when he heard that they were sending him to the hospital, this made Lin Ran's heart flutter and he immediately squeezed through.

Through the crowd, Lin Ran found a group of people gathered in front of him, and in the middle of them was a woman who was lying on the ground in a delirious state, not rolling back and forth, as if she was drunk.

"Isn't that the boss's wife?"

Lin Ran saw really well, this was none other than the owner of the supermarket, Nian.

"I think Liren is probably drunk, hurry up and take her to the hospital!"

A warm-hearted aunt said.

The neighbours nearby liked to call the owner's wife Liren.

"What drunk? She doesn't even smell of alcohol, she must be suffering from some disease!"

Another enthusiastic old man said.

"Excuse me, I'm a doctor, let me take a look!"

Lin Ran squeezed through the crowd and shouted at the same time.

As soon as the crowd heard there was a doctor, they all consciously moved out of the way.

"Everyone spread out, don't gather around here, the air is not circulating!"

Lin Ran hurriedly stepped forward and said at the same time.

The crowd were all uncles and aunts were very understanding and immediately took a few steps back, leaving their seats empty.

Lin Ran stretched out his palm and pressed it on Liren's wrist and began to take her pulse.

In just a few moments, Lin Ran was already clear on what illness Liren was suffering from.

"Give me that bottle of white wine!"

Lin Ran took out the silver needle and spoke at the same time.

An enthusiastic grandpa next to him hurriedly ran to bring over the bottle of wine, while not forgetting to remind.

"Young man, grandpa has a lighter here, do you need it?"

"No, thanks!"

Lin Ran replied back, the other party had obviously misunderstood that he was going to disinfect it with wine.

"No disinfection? Just need acupuncture!"

An old lady asked.

Lin Ran couldn't be bothered to explain to these people, he immediately unscrewed the bottle of wine, and then dabbed the silver needles in it, before dropping a few needles on the top of the liren's head.

When the silver needles fell, the whole person's twitching stopped, but her eyes had not yet opened and she would speak a few words of nonsense from time to time.

"Young man, what is wrong with Liren?"

One of the older women asked, they often came to the supermarket to buy things, and they knew Liren well, so they were a bit worried.

"She has a disease called alcohol dependency!"

"What? Alcohol dependency? I've only heard of men's dependency, since when is there such a thing as alcohol dependency?"

The old lady said she had never heard of it.

Lin Ran was in no hurry and explained with a smile.

“Alcohol dependency can be seen as an addiction to alcohol, like a smoker who is addicted to cigarettes, and people who suffer from this disease can become delirious if they have not had alcohol for a long time.”

“Boss lady Liren, there should have been something unhappy recently!”

Lin Ran asked.

The old lady smiled as if she remembered something and said with a slap on her thigh.

“Aigoo, when you said that I remembered, Liren seems to have had a divorce with a man recently, hey you tell me, such a capable woman, there are actually people who divorce her, it’s really a sin!”

Lin Ran heard this and sympathised with Liren’s plight. This was a typical case of using alcohol to kill one’s sorrows, which resulted in a disease.

There is a saying that there is always a reason for the seven-year itch.

“Alright!”

A few moments later, Lin Ran removed the silver needles, Li Ren had by now regained a trace of consciousness, but her body was very weak and she was only awake for not more than two minutes before falling asleep.

With the help of the crowd, Lin Ran sent Liren to the first floor of the supermarket to rest, and only then did he himself go downstairs to buy breakfast.

“I’m going!”

After buying breakfast and looking at his watch, Lin Ran couldn’t help but curse, a full half an hour had passed since the time he went to work.

He was actually late for work.

Turning towards the direction of the hospital, Lin Ran ran straight ahead, crossing the road in three or two steps and disappearing in a flash across the road to the entrance of the hospital.

“Hey! This Chinese medicine department of yours is cheating people, isn’t it? It’s already late, why isn’t the doctor coming!”

The entrance to the Chinese medicine department was packed with people, many of whom were admirers, and only a small number were patients that Dean Yang had arranged to be transferred over.

With yesterday's results at hand, Dean Yang had wanted to arrange for more patients to come over, but before he could arrange for them in the morning, there were many patients coming in admiration, and one had to say that Lin Ran had made the Chinese medicine department's reputation very successful in the past two days.

"That's right, it's almost nine o'clock, are all the doctors in your Chinese medicine department so childish?"

"I think it's just a big shop bullying the customers, not putting the lives of the people in their eyes!"

A crowd of patients, led by the first person, expressed their discontent.

"Don't worry guys, Director Lin will be here soon, he must have been delayed by something."

Liu Wenjuan explained anxiously, several other nurses were also calming the crowd, several people were helpless in their hearts, the Chinese medicine department had never been so lively before, now they were directly blocked by patients at the entrance, their hearts were happy and sad at the same time.

"Humph! I'll be right there, I think they're just in here by virtue of their connections, let's go and not look at them, it's a waste of time!"

The middle-aged man in the lead said and led the way, he was very dark-skinned and walked in front like a black old man, but he really drove some patients to leave.

"You say I got in by virtue of my connections, do you have any proof? If you don't have proof, then I'll call the police, you're slandering!"

The middle-aged man had just stepped away when Lin Ran's voice thought up, while walking unhurriedly out of the lift.

"Director Lin is here!"

Seeing Lin Ran, Liu Wenjuan finally breathed a sigh of relief, if he hadn't come, the few of their little nurses were afraid that they really wouldn't have been able to stop him.

"Evidence? What proof do you need, to be the head of the Chinese medicine department at such a young age, on what basis? What else could it be if it's not through the back door!"

The middle-aged man said in a cold voice, and some of the other patients couldn't help but become suspicious in their hearts at this point.

Many of them were told by other patients yesterday that there was a little miracle doctor in the Chinese medicine department, and after all, they had never come to see a doctor themselves, so they couldn't help but have doubts in their hearts.

"Young is to go through the back door? I'd like to ask you, you're now middle-aged and you're still unsuccessful, is that a back door? After all, many people at your age have at least started their own families, what about you? Have you found a wife yet?"

Lin Ran said calmly.

"You... Who are you to say that I don't have a wife, and who has accomplished nothing, what proof do you have!"

The middle-aged man's face was ugly and his mouth hardened to.

Lin Ran laughed at this.

"Your cheeks are dark, your heavenly court is narrow, your nose is collapsed and your ears are short, a typical broken image, and you are unkempt, you don't even have a ring mark on your hand, on top of that your eyes are sunken, a typical lack of love from a woman, if you are not unprofitable and have no wife or what? If you don't believe me let's go to the police station and check?"

"You Even if you're right, so what, you're justified in coming to work late? Don't think you can do whatever you want just because we're here to see a doctor, believe it or not I'll take you to court and convict you of negligence."

The middle-aged man was so tough that Lin Ran laughed at his words.

If he really wanted to be convicted, the most he could do was to be late for buying food for his colleagues, but the point was that there was still a reason for this.

"The hospital has clear rules, where off duty hours, encountering unexpected situations, as medical workers have the obligation to help rescue, very unfortunately, I just encountered an unexpected situation in the morning, all I came late for a reason, and you are here for no reason to incite everyone's emotions, stirring up disputes, what purpose do you have in mind!"

Said the last, Lin Ran face obviously a cold, frightened the other party can not help but take two steps back, voice stammering said.

"Who Who incited everyone, I'm here to see a doctor!"

The middle-aged man hurriedly defended himself.

“Well, yes, you do have a disease!”

Lin Ran nodded, but how that sounded, it sounded like a bit of a scolding.

The middle-aged man was just about to open his mouth to scold, but Lin Ran interrupted him.

“You should be feeling itchy all over your body a lot lately! And no matter how much you scratch it, it doesn’t feel like you can relieve the itch.”

“You How do you know!”

The middle-aged man’s face showed surprise, he did have this condition recently, but he wasn’t preparing to see this disease, he was preparing to see a disease that didn’t exist at all.

“Because I’m a doctor.”

Lin Ran laughed.

Seeing this, the middle-aged man rushed over and asked.

“So doctor, how am I going to treat this disease?”

“It’s simple, only two steps are needed, the first step is to activate the blood first.”

Lin Ran only said half of it, the middle-aged man could not help but be anxious and hurriedly came forward and said.

“I’m the first one to come, doctor you can activate my blood first.”

“That’s fine!”

Lin Ran laughed, and immediately got up and pulled the middle-aged man’s arm, and then “Slap!” A slap hit his arm, and five bloody marks appeared directly on the dark skin.

“You... What’s wrong with you!” The middle-aged man’s eyes were on the verge of tears from the pain.

However, before he could finish a sentence, he was interrupted by Lin Ran again.

“Don’t talk, focus on healing.”

After saying this, he slapped his face again, hitting the adjacent area.

“Slap slap slap slap!”

Soon, the hallway was filled with a series of slaps and the occasional screams of a middle-aged man.

The section next door.

“Hey, what’s the Chinese medicine department doing there? Is someone fighting?”

A young nurse asked.

“No, it’s a treatment, I just passed by, Chief Lin of the Chinese Medicine Department has a strange way of treating patients, this might be another difficult case.”

Another little nurse chimed in.

If Lin Ran had heard their words, I’m afraid he could have laughed straight to death.

Sickness?

There was no disease, but there was one patient with itchy skin.

“Doctor God, don’t fight, I can’t carry it anymore!”

The middle-aged man looked at Lin Ran with fear in his eyes, at this moment his whole body was still intact except for a pair of eyes, the rest of his body was red and purple, there was not a single piece of good skin.

“Little divine Doctor, what kind of disease does this man have!”

An older woman came over and asked.

“Itchy skin!”

Lin Ran laughed, then loved to look at the middle-aged man and frowned.

“No, it’s not strong enough to activate the blood, it’s not good for the condition, you still have to beat it!”

“Don’t... Don’t fight, I’m not sick, I’m really not sick, I’m here to cause trouble on purpose!”

Once he heard that he still had to fight, the middle-aged man was completely desperate and directly handed over his old self.

“O? I don’t believe you, why don’t you tell me what it was that made you come?”

Lin Ran expressed disbelief and raised his hand to fight, the middle-aged man was on the verge of tears and directly shouted.

“Is pay good, he can’t swallow this anger, spent two hundred gu I came!”

After saying that, the middle-aged man hurriedly drew himself up and ran away, as if he was afraid that Lin Ran would still not believe him and continue to give himself blood.

Lin Ran looked at the middle-aged man and opened his mouth to shout.

“Hey, the second step is to go home and do it yourself, take more baths if you have nothing to do, and your body won’t itch anymore.”

“If it itches again, remember to come back for a review, I’m always here!”

Come back? I’m afraid he wouldn’t dare to come back in this life, good man, just because he hadn’t bathed for a long time, he ended up being frostily told by Lin Ran that his skin was itchy and beaten up saying that he was living blood, I’m afraid this was the worst nightmare day of his life.

“Director Lin, you are really good, this hand is awesome!”

Liu Wenjuan said with a smile.

“Dealing with extraordinary people requires extraordinary means.”

Lin Ran laughed, then looked at the other patients and smiled at Liu Wenjuan.

“Let’s get everyone ready and get to work!”

There were many patients in the TCM department, and Lin Ran had not stopped since he started to get busy. He was quick in seeing patients, but he could not resist the fact that more patients came in, and when the meal time came at noon, he did not even have time to eat.

Luckily, Liu Wenjuan went to buy some people’s food, so Lin Ran took the time to have a couple of bites.

As he watched until three or four in the afternoon, Lin Ran felt like his whole body was going numb.

“Next!”

Lin Ran shouted mechanically.

“Director Lin, there’s no one left.”

Liu Wenjuan said beside him again, and Lin Ran looked up to see that there were indeed no more patients.

“Ah!”

Lin Ran got up and stretched his muscles, after sitting for almost a day, the soreness was simply unbearable.

“There are still two hours left before the end of the day, everyone go back and sort out what you have gained during today’s treatment, and for the record, I’m treating everyone to dinner this weekend, it’s our first gathering in the Chinese medicine department.”

Lin Ran said, recently he had quite a few dinner parties, remembering that he had been on the job for two or three days, he had not yet had a meal with the people in the department to improve their relationship, so he was going to invite everyone to a gathering.

“Good, I’ll go and tell everyone right now!”

Liu Wenjuan said excitedly, everyone was naturally happy to have a meal.

Lin Ran went back to his office, took a short break and then took out the two jade pendants he had bought yesterday at the antique city, and with his true qi surging inside him, he quickly engraved the word “Ji” on one of them.

Then, on the other jade pendant, he quickly engraved the word “Avoid”.

“As the ancients say, to tend to good fortune and avoid evil, these two jade pendants are enough.”

Lin Ran smiled and said to himself.

The time soon reached five o’clock, Lin Ran was not in a hurry to get off work, he was now resting at the hospital for a while until Qin Bing came looking for him, and only then did they leave the hospital together.

At 8pm, the Yaxiang Hotel, was still full of people.

In order to be less ostentatious for the rehabilitation party tonight, Lin Ran finally bought a formal dress at Qin Bing’s strong request.

Lin Ran already had a very good figure, and after practising the Xuan Yang Pill Canon, his muscles had become more and more toned, and his whole figure was close to perfection.

At this time, with the formal wear on his body, he looked upright and handsome, and his handsomeness was simply breathtaking. On this journey, Qin Bing was distracted by this and almost did not cause a car accident.

The car soon arrived at the entrance of the hotel, a long way away Lin Ran saw Luo Qiqi guarding the entrance, but to his surprise, Song Nuan was actually also at the side.

“Little divine Doctor, Sister Qin Bing, you’re finally here!”

Seeing the two of them walking towards Lin Ran, Luo Qiqi pulled Song Nuan over at a trot.

“Why are you here?”

Lin Ran asked with a difference.

“What? I can’t be here?”

Song Nuan asked rhetorically, while whispering.

“Who was it that said the day before yesterday that they would visit my house tonight?”

Song Nuan’s voice was so low at these words that only Lin Ran could hear it.

“It’s not that things have changed, and I’ll be there when the banquet here is over.”

Lin Ran said helplessly.

“You won’t know each other?”

Luo Qiqi stood to the side a little stunned.

“We’re classmates.”

Lin Ran spoke and Song Nuan nodded, this time she wasn’t saying that she was Lin Ran’s girlfriend.

“No wonder, since you two know each other then I won’t introduce you.”

Luo Qiqi said, whirling around and pulling Qin Bing over to Song Nuan.

“This is my good friend, Qin Bing, who works at Temperance Hospital like Lin Ran, and this is Song Nuan, Lin Ran’s classmate.”

Song Nuan and Qin Bing looked at each other and both smiled.

This made Lin Ran, who was at the side, feel a little uncomfortable, how come it seemed like all these people were somewhat related to him, and these people were also big beauties, it seemed like his peach blossom luck was a little overflowing lately.

"Well go inside."

Luo Qiqi greeted the crowd with a smile, but it was at this time that a voice came from afar.

"Yo, isn't this the little princess of the Luo family, Kiki, who are these two big beauties? No introduction?"

Lin Ran several people looked, only to see that the visitor was a young man in his early twenties, his hair was long and his face was covered with several layers of powder, the whole person looked up male and female.

"His name is Liu Xuan, the son of the Liu family! He is very lustful, so be careful."

He said, "He's the son of the Liu family, is he the son of the Liu family?"

Liu Xuan stepped forward and looked at Luo Qiqi's eyes, he liked beautiful women the most and had dated many of them, but compared to these three in front of him, they were just rouge.

Luo Qiqi was playful and cute, with a quirky aura, while Qin Bing was a million years old and frosty, rejecting people from a thousand miles away, while Song Nuan was even more perfect, simply like a hibiscus in water, like a stunning beauty coming out of an ancient painting, standing there even without speaking, she was the focus of the crowd.

"I'm going, these two must get their hands on it!"

Liu Xuan's heart was itching, these three Luo Qiqi in front of him he did not dare to mess around, after all, the strength of the Luo family is not inferior to his Liu family, while the other two he was unaware of the bottom line, naturally he was moved by the crooked thoughts.

"Liu Xuan, if you are here to attend my grandfather's recovery party, I naturally welcome you, but if you are here to hunt for sex, then you'd better go back!"

Luo Qiqi's words were cold, obviously very unimpressed with this Liu Xuan.

"Look at what you're saying, I'm naturally here to attend Master Luo's rehabilitation banquet, but this has nothing to do with me having a girlfriend, right?"

Said Liu Xuan and looked over towards Song Nuan, Qin Bing was too high and cold to get an easy hit on the first meeting, so the target naturally fell on Song Nuan.

“Beauty, my name is Liu Xuan, nice to meet you!”

With that, Liu Xuan was about to take Song Nuan’s hand, while his body was slightly bowed, as if to do the western kind of courtesy to meet her.

However, Song Nuan didn’t eat this at all, and directly dodged in front of Lin, while saying.

“No need, I have a boyfriend, I don’t want to know you.”

As soon as Song Nuan said this, Qin Bing and Luo Qiqi both looked at Lin Ran in surprise, not soon both of them were relieved.

At this moment, when she said this, it was obvious that she was saying something that should be false in order to deal with this Liu Xuan.

“Boyfriend? Just this kid?”

Liu Xuan looked at Lin Ran with interest, with disdain in his eyes.

“Yes, he is my boyfriend!”

Said Song Nuan, directly holding Lin Ran’s hand, the soft and boneless feeling made Lin Ran’s whole body tremble.

The beautiful school girl’s hand, holding it felt really different.

Seeing Lin Ran’s expression of enjoyment, Liu Xuan’s face turned gloomy, and there was even a bit of coldness in his eyes.

“Beauty, don’t blame me for not reminding you, this boyfriend of yours doesn’t seem to be so good, an outfit that adds up to less than a thousand dollars, this kind of grade of goods, you want it too? As long as you follow me, what flies in the sky and runs on the ground, I’ll get you whatever you want!”

Liu Xuan said.

Lin Ran smiled at that but he looked at Liu Xuan and laughed helplessly.

“My class is like this, but who people beautiful women just like my mouth? You say angry or not.”

“Huh.”

Liu Xuan's face twitched at his words, his face full of a cold smile, but there was a chill in his eyes.

"Kid, it's better to be honest, it's better not to dabble in things that don't lose your level, or else be careful of being hit by a car one day when you walk on the main road."

Liu Xuan's voice was icy cold.

Lin Ran laughed, loosened his grip on Song Nuan's hand and directly stopped the latter and wrapped her into his arms.

This action immediately made everyone present look blinded, especially Song Nuan, who felt the muscles on Lin Ran's body hard as iron, causing her heart to beat faster and her whole body to go a little flaccid.

Song Nuan wanted to break away, but at this moment her whole body had no strength at all.

"Did you say something like this?"

Lin Ran looked at Liu Xuan and asked with a serious face.

Liu Xuan's face turned blue, and only after a moment did he spit out a word.

"Kid, you wait for me!"

"Haven't I always been waiting?"

Lin Ran said indifferently, before pulling Song Nuan and turning around to greet Qin Bing and the others.

"Come on, let's go in and wait."

The two women, Qin Bing, glanced at Liu Xuan and then followed Lin Ran into the hotel.

Looking at the backs of the four leaving, Liu Xuan's face was gloomy.

However, just at this moment, a voice came from the side.

"Brother Liu, why are you standing here and not going in?"

Liu Xuan turned his head and said with a gloomy face.

"What's wrong with you?"

"Haha, nothing, but I see that you are burning with anger, I have a way to make that boy lose face, do you want to hear it?"

Bai Cheng said with a smile, the person who came was none other than Bai Cheng who had been stepped on by Lin Ran only yesterday.

The Bai family was seeking to cooperate with the Luo family, so naturally, they wouldn't miss this banquet today.

"You would be so kind?"

Liu Xuan's eyes showed suspicion, also as the grandson of a large family, he and Bai Cheng barely had any friendship, if it wasn't because the Liu family was so powerful and Bai Yuguo had specifically explained not to let Bai Cheng and Liu Xuan fall out, I'm afraid these two grandsons would have already been at odds.

"To be honest, I also have a problem with this kid, as you can see, this kid has somehow climbed up to the Luo family and is very close to Luo Qiqi, I am not at liberty to take action now, I want to lend you a hand and teach him a lesson."

Bai Cheng said, after that night his old man had clearly warned him that he wasn't going to mess with Lin Ran, even if he wanted to take revenge he had to wait until after the cooperation with the Luo family was over, he had no choice but to look for Liu Xuan.

"Yes, name your solution!"

Liu Xuan's face was gloomy, he was not stupid, naturally he would not believe all of Bai Cheng, whether he wanted to do it or not, he still had to wait to hear the solution before saying anything.

.....

Inside the hotel, there was a lot of activity.

Master Luo's rehabilitation banquet was arranged on the top floor, a treatment that would never be possible unless one was from a few of the top big families.

The few of them, led by Luo Qiqi, soon arrived here, and as soon as they entered the hall, Lin Ran was stunned by the scene before him.

The entire Grand Tang was gilded and glorious, and there were several places that had been specially arranged with antique wooden displays, apparently specially arranged to cater to Elder Luo's interest in classics.

"Let's go, I'll take you to see grandpa first!"

Luo Qiqi said, and Lin Ran nodded at his words, while Qin Bing and Song Nuan settled down separately and did not follow him over.

On the way here, Song Nuan had already known that it was Lin Ran who had cured Master Luo, and although she was surprised by this, she was not too surprised, after all, Lin Ran worked at the Temperance Hospital, and this situation was expected.

Lin Ran followed Luo Qiqi through the crowd and soon arrived at the front of the hall, where there was a huge chandelier, obviously the main seat of the whole room, and at this moment, Master Luo was sitting here, with a rosy complexion, his body had obviously almost recovered.

“Grandpa, this is Lin Ran, your life-saver.”

Luo Qiqi said as she stepped forward and took Elder Luo’s hand.

Luo Ming and his wife weren’t here, probably gone to greet guests. Lin Ran looked at Elder Luo and nodded with a smile, the latter was flushed and his brow was shrouded in auspiciousness, so he was obviously no longer in trouble.

“Young man, thank you!”

Elder Luo said as he was about to get up, Lin Ran hurriedly stepped forward.

“Old master, you mustn’t, it’s good to recuperate properly after a serious illness.”

“Haha, it’s alright, the old man still knows his own body very well.”

The old master laughed.

“Old master, I didn’t prepare any gifts for this visit, I have them here!”

Lin Ran said as he prepared to take out the jade pendant he had prepared this afternoon.

Suddenly, a voice interrupted him instead.

“Elder Luo, the Liu Xuan kid has come to see you!”

Lin Ran frowned and turned around to see Liu Xuan striding in, while beside him was actually followed by Bai Cheng.

“Why is this guy here too!”

Luo Qiqi’s face was ugly, Bai Cheng and Lin Ran didn’t deal with each other, and at this moment, he followed Liu Xuan over, obviously not according to any good intentions.

“Liu family boy, your Liu family is here too.”

Elder Luo said with a smile, only this smile looked forced.

Lin Ran noticed the old man's smile and had already guessed a few things in his heart, the Liu and Luo families shouldn't be as harmonious as they seemed on the surface.

"Huh, this friend looks familiar, I wonder which family he is from?"

Liu Xuan suddenly looked towards Lin Ran and smiled.

As soon as he said this, Luo Qiqi's face instantly changed, Lin Ran was fine, his face didn't change much, it remained bland.

"What is Liu Xuan pretending to be, didn't you and Lin Ran just meet each other!"

Luo Qiqi's face was ugly, at this moment Qin Bing and Song Nuan also both followed, just now they saw the two Liu Xuan's following over, afraid that something would happen, so they followed, at this moment when they heard Liu Xuan's words, their faces all became very ugly.

Those who could be here were not stupid, where did they not understand the meaning of Liu Xuan's words.

"I've seen it before, it's not that I want to get closer to brother Lin Ran."

Liu Xuan said with a leathery smile, and then looked at Lin Ran.

"Let me first introduce myself, my name is Liu Xuan, I come from the Liu family, our Liu family is involved in several industries in Temperance, and is considered the number one family, I wonder where this brother comes from? Please tell us where he comes from, we might have the opportunity to work together in the future."

It seemed that Liu Xuan was very polite, but those who really knew the inside story could see that this Liu Xuan was just trying to talk about his origins, Lin Ran's origins were not good, and Song Nuan knew this.

Some of the people around were attracted by the commotion here and gathered over, this kind of banquet was an opportunity for them to discuss cooperation, so naturally they wanted to meet more people if they could.

Lin Ran's expression was calm, completely unaffected by Liu Xuan's calculations, as he looked at Liu Xuan and smiled blandly.

"My name is Lin Ran, I come from a rural area, so forget about cooperation, my family doesn't do business either, but if Brother Liu Xuan needs anything, whether it's for himself or his family, but if you need anything, you can always find me, I will do my best."

"Rural?"

"No wonder the clothes are of such a low grade."

“This kind of origin is so low, how can he have the opportunity to cooperate with the Liu family, this kid is afraid that he is not trying to be a lapdog.”

The people around were talking and listening to Luo Qiqi’s face was ugly, but she was after all the master and this man was a guest, there was no way to tear her face, she just had to put up with it.

Qin Bing’s face was icy cold as he listened, watching without a glance.

Only Song Nuan’s face remained calm, just silently looking at Lin Ran, wanting to see how this kid would solve the scene in front of him.

“In need? With my Liu family’s strength I’m afraid there’s nothing I can do to help Brother Lin Ran.”

Liu Xuan said smugly.

Lin Ran was unconcerned and shook his head with a smile.

“You will have needs, for example, you have a false fire under your eyes and your eyes are listless, this is a typical manifestation of kidney deficiency, you can find me at the Temperance Hospital if you need me later.”

Said Lin Ran as he took out a business card and handed it to Lin Xuan, the very same business card the hospital had printed for Lin Ran.

“Department of Traditional Chinese Medicine, Tamkang Hospital, Director: Lin Ran.”

“You!”

Liu Xuan’s face turned cold.

Luo Qiqi saw what was really going on and jumped out and said.

“I think this is reliable, Lin Ran is a famous doctor at Temperance Hospital, so is Sister Qin Bing, in the future if anyone in your Liu family has a headache or fever they can just go to them, of course even if someone has a brain haemorrhage, hemiplegia or dementia they can also go to them.”

This seems to be said without any problem, but it sounds revolting, who expects their family to be sick when there is nothing wrong.

“Sharp-tongued,” Liu Xuan said, his face hardened.

"A small doctor, you really think you are something, I know a handful of doctors at Tamkang Hospital, I can count them all, who are you?"

Liu Xuan said coldly, Bai Cheng on one side said with a smile.

"Brother Liu, there is no need to be angry, nowadays, many people get in by virtue of their connections, I think the Tamkang Hospital is so big, it is not difficult to arrange a relative to get in, so why bother with him."

"Unbridled!"

Suddenly, Elder Luo spoke up and chided.

He looked at Liu Xuan and Bai Cheng, his face you ugly cold voice.

"I don't care what conflicts you have with others, but if you insult my life-saving benefactor by speaking out of turn, then you don't put my Luo family in your eyes, you are not welcome here, go away!"

Elder Luo said in a cold voice, his tone was not angry, hearing Liu Xuan and Bai Cheng's whole body tremble, they hurriedly explained.

"Old master misunderstood no, we just want to make friends with Lin Ran."

Liu Xuan said with a smile.

Elder Luo smiled but snorted coldly.

"You said that Lin Ran got in through connections, so tell me, what made him cure me? Did he rely on connections too?"

"This!"

Liu Xuan was speechless, and a bad premonition arose in his heart.

"My illness has been tormented for a long time, but in the end, it was the little divine doctor Lin Ran's words that enabled me to recover. If anyone dares to say a word against the little divine doctor today, I will immediately expel him!"

Elder Luo gave an ultimatum and turned away from Liu Xuan and the two of them.

Liu Xuan looked at Bai Cheng, there was resentment in his eyes, originally wanted to make a fool of Lin Ran with his life, but who knew that he was actually the benefactor of Elder Luo's life, beaten instead of being beaten, at this time Liu Xuan's heart was holding a fire in itself.

"So this is the little miracle doctor that the old master often mentions, long time admiration long time admiration."

"That's right, nice to meet you."

"Little miracle doctor, this is my business card also hope to accept it, later"

The people who were watching around, hearing Elder Luo's words, all rushed over to befriend Lin Ran, even Elder Luo praised the divine doctor, they naturally believed in it fiercely, as for Liu Xuan and Bai Cheng's words, compared to the former, they naturally did not have a few convincing power.

"Damn it!"

Watching this scene, Liu Xuan's face was as gloomy as water, the more he saw the crowd boasting about Lin Ran, the more upset he became in his heart.

"Or else, shall we withdraw first?"

Bai Cheng asked in a low voice.

"Withdraw? Do you still want your face?"

Liu Xuan's face was ironic, and he regretted in his heart that he should not have come to this head if he had known.

Just now outside, although he was also choked by Lin Ran, but at that time, after all, there was no other people present, he still had some of this face left, but at this time, being surrounded by so many people, he was like a monkey, how unbearable it would be.

"Do not withdraw, is here as a monkey to be watched?"

Bai Cheng is also a little angry, their own ideas, you did not play well yourself, was hit back in the face this can be blamed on themselves?

"You fucking...!"

Liu Xuan was just about to explode when suddenly a pouring voice came from afar.

"Duke Liu, why are you here, I brought the gift for Master Luo."

"Old Qi? You...!"

Liu Xuan was a little surprised to see the visitor, it was his friend Qi Muyu.

"Mr. Liu is really a noble man, you said you were coming to Master Luo's recovery party today and asked me to pick out a gift, so I finally made it in time without any haste."

Qimu Language was dressed in a suit and his body was as thin as a pockmark, it was really as ugly as it could be.

“Ah! Haha, I forgot, I forgot.”

Kimeji gave himself a wink, and he would really be stupid if he didn't comprehend it.

“Old Master, this is my friend Qimei Language.”

Liu Xuan laughed, while looking at Qimei Language.

“Where's the gift, don't bring it out yet!”

“It was prepared long ago!”

Qimei Language laughed, and immediately took out the statue of the Goddess of Mercy.

Lin Ran dismissed the people around him at this moment, and seeing the statue of the Goddess of Mercy could not help but frown slightly, then seeing Qimu Language, he was a little stunned, but was soon relieved.

“This Qimei language is a capable person, knows a lot of feng shui physiognomy and is also very knowledgeable about antiques, he is Liu Xuan's right hand man, although the two are very different in age, they often hang out together.”

Luo Qiqi came over and whispered, she was abroad and usually didn't care about any of this, it was only after she came back that she slowly found out.

“I've met him!”

Lin Ran laughed.

“You've met him?”

Luo Qiqi was very surprised, and Qin Bing and Song Nuan also looked at him with some surprise.

“I went to Antique City yesterday and ran into him, and there were some conflicts.”

Lin Ran said.

“You went to the Antique City yesterday?”

Qin Bing was surprised, wasn't Lin Ran at work yesterday? The antique city must have been closed at night, how did he go there?

"Yesterday afternoon, the Chinese medicine department was fine, so I went there after lunch!"

Lin Ran explained.

Song Nuan interjected and asked.

"How do you offend people everywhere you go, this is good, Liu Xuan's helper is here again, let's see what you do!"

Lin Ran laughed at his words and came up to Song Nuan's ear and said.

"What are you afraid of? You're still here. I have a father-in-law-to-be who's a great master of the Qing Dynasty, what do I have to fear."

"Fuck off, my father is not your father-in-law!"

Song Nuan's pretty face reddened slightly as she said in shame and indignation.

Lin Ran laughed and didn't care.

At this moment, Qimu Language had already placed the statue of the Goddess of Mercy on the table and looked at Elder Luo, laughing.

"Old master, this is a good thing, I bought it at a friend's words in the antique city for a big price, and it was specially blessed by Duke Liu."

"Is that so?"

Elder Luo's eyes flickered as he stared back and forth at the Guanyin statue, he was very fond of such things as antiques, and at this moment Liu Xuan gave him this item, which made the anger he had in his heart before subside quite a lot.

Seeing this, Liu Xuan hurriedly gave a wink to Qimu Language, who smiled knowingly and said.

"Old master, look at this statue of the Goddess of Mercy, it is about thirty centimeters high, its body is white and flawless, and its shape is beautifully presented in the posture of a sitting lotus, whether in terms of material or craftsmanship, or even the overall layout, it is of the highest quality.

"Pfft!"

Hearing the words of Qimu, Liu Xuan couldn't hold back a direct laugh, and even many of the surrounding spectators directly burst out laughing.

Which one of the people present was not an old driver, how could such words sound awkward.

“Brother, this is called the Lotus Terrace Guanyin Statue, don’t know how we don’t talk nonsense, okay?”

Lin Ran said speechlessly.

“Go, go, it’s your business!”

Qi Muyu glared at Lin Ran and said to himself, “Wait for me, it looks like I’ll make you look good later.

“Old man, how is it, do you like this gift?”

Qimei Language laughed as Liu Xuan came over and added.

“Old master, although the gift is expensive are the kid’s heart, but must accept ah!”

Old Master Luo did not say anything, just couldn’t stop staring at the statue of the Goddess of Mercy, he always felt that something was wrong somewhere, but for a while he couldn’t tell.

Seeing that the old man did not say anything, assuming that he had acquiesced, Liu Xuan then looked at Lin Ran on the topic.

“Brother Lin, I wonder what kind of gift you have prepared for the old man? It’s hard to come empty-handed, isn’t it!”

“I don’t think so, how can I say that he is also the head of the Chinese medicine department of Temperance Hospital, he usually receives some gifts or something, there is always money to buy a gift.”

Bai Cheng added.

The two men looked at Lin Ran playfully, with smugness in their eyes.

“Lin Ran is my grandfather’s benefactor, he doesn’t need a gift!”

Luo Qiqi spoke up.

“All the more reason for a benefactor to need a gift, otherwise licking a face to come over, don’t you feel ashamed!”

Liu Xuan pressed on step by step.

Qin Bing and Song Nuan looked gloomy, the former even touched her palm to her pocket, there was a watch in her pocket that she had bought to give to Lin Ran to

apologise to him for last night, if Lin Ran really didn't prepare a gift, this would barely be enough.

Song Nuan, on the other hand, looked at Lin Ran and did not say anything. In her opinion, again, since Lin Ran had not left and had stayed here, he obviously had something prepared.

"There are naturally gifts, but before I bring out a gift, I'm more interested in this fake Guanyin statue of yours." Lin Ran smiled.

"A fake Guanyin statue? Kid, if you don't have a gift, you don't have to denigrate others!"

Liu Xuan laughed coldly, and Qi Muyu said at this.

"Sir Liu, there is no need to be angry, after all, not everyone can afford this kind of thing, if a random person was brought out with your kind of status, then money would be good under this heaven."

"Haha!"

Liu Xuan laughed smugly.

"Mr. Qi is right, brother Lin Ran, if you're not prepared, you're not prepared, you say so, people won't blame you will they, why pretend to be fat with a swollen face."

Bai Cheng said, at this time stepping on Lin Ran where he would miss.

"I see ah, since it is a benefactor, no preparation is no preparation, the old man will not care about this."

"Saying that, but coming empty handed, it's not a good look either!"

"Or else go and buy them now? Haha!"

There was a lot of chatter in the crowd, some were really speaking on Lin Ran's behalf, while more were talking nonsense with the mindset of watching the fun.

Lin Ran wasn't annoyed either, and from a side table, he pulled a napkin and slowly made his way to the statue of the Goddess of Mercy, before placing it on one of the lotus petals.

"Stop it! You have no gift of your own and you want to ruin someone else's, how dare you!"

Liu Xuan hurriedly chided.

"What? Afraid I'll reveal that it's a fake?"

Lin Ran revealed a cold smile, then looked at Elder Luo and said.

“Old master, since you like this kind of thing, you should know the greatest characteristic of jadeite!”

“How so?”

Master Luo looked at Lin Ran with a smile, he actually saw the fishy thing, but didn't dare to be sure, at this moment, Lin Ran directly said that it was fake, he couldn't help but be curious as well, wanting to see how Lin Ran was going to examine the goods.

“Jadeite is cold in nature, the human body will not get hot when wearing it, it is cold in all seasons, and it is harder than glass!”

Lin Ran said with a smile, while taking a napkin and quickly rubbing the lotus petals, saying, “If it's fake, we'll see the real thing in a minute!”

“Stop it, can you afford to pay if you break it?”

The face of Kimeko was ugly, and his heart was as anxious as an ant on a hot pot.

This was a fake he had bought from Gu Yu Zhai for two hundred dollars, not made of jadeite at all, but a kind of artificial resin, only beautifully made and very much like jadeite.

“Stop it!”

Qimu said and was about to come and grab it, when Lin Ran stopped with one collection and directly stopped Qimu with the other hand, laughing.

“What? Can't pretend anymore? Don't worry, it'll be done soon!”

Saying that, Lin Ran directly took a glass from the waiter passing by, and looked at Odd-Mouthed Language and laughed.

“Pick up your palm for a second.”

“Pick me up?”

奇目語 did not understand, however the next moment he felt a hot and sharp pain coming from his palm, looking down, his hand was actually a handful of glass dregs, in looking at Lin Ran, the glass goblet in his hand, a piece was already missing, the sharp surface was dripping with blood, unusually conspicuous.

The pain was so great that Kimeko almost didn't pass out. Lin Ran had taken his hands to the right level, so naturally he couldn't have let Kimeko pass out so early.

“There!”

Soon after, Lin Ran stopped his hand movements, and everyone was surprised to see that the lotus petal, actually began to sag slightly, just like a puddle of jelly.

“You try it, old man?”

As soon as Lin Ran picked up the statue of the Goddess of Mercy, he handed it to Old Master Luo’s face a thousand times.

The latter couldn’t wait to touch it with his deep palm, and his heart sank under this scene; the place that had just been rubbed by the napkin was clearly already a little hot.

Followed by Lin Ran a tug, actually pulled that half of the lotus petals to bend up, the crowd looked amazed.

“There, the following is hardness!”

Lin Ran laughed, and at the same time the glass goblet in it scratched directly on the statue of the Goddess of Mercy, and at once that half of the flower spot was actually cut off directly by the paint brush.

“This!”

“This Guanyin statue is still really fake!”

“Liu Xuan this is too much!”

The people around were dumbfounded, they all looked at Lin Ran with admiration and envy in their eyes, with such eyes, wouldn’t they just go around the antique city and become rich.

Luo Qiqi looked at Lin Ran and picked a thumbs up, Qin Bing and Song Nuan also couldn’t help but let out a sigh of relief, especially the former.

“This guy, he really has a solution for everything!”

Song Nuan muttered to himself in his heart, unknowingly, his dislike for Lin Ran didn’t seem to be that much anymore.

Moreover, this guy could always give him unexpected solutions, which made her very puzzled as to how on earth this guy had come up with them.

“Little divine Doctor, ah no, Master Lin, what on earth is this made of? How come it looks just like jadeite?”

Elder Luo hurriedly asked, just now he had looked at it for half a day but couldn't see the doorway, Lin Ran went up and showed the problem straight away, which meant that the latter was very familiar with the material of the thing.

Lin Ran smiled when he heard this, then looked at the crowd, finally his eyes fell on Qimanyu and smiled.

"I think this is something that Mr. Qi should know very well, if I am correct, this should be a latest synthetic resin which was then processed into a special process, correct?"

"You How do you know!"

Qi Muyu was full of shock, looking at Lin Ran and stammering for half a day before he could get the words out.

"Does it matter how I know?"

Lin Ran laughed.

Indeed, at this point, it didn't matter how one could know, what mattered was that the item was fake.

"Liu family boy, your gift is too expensive, new process synthetic resin, old man I'm afraid I can't afford it!"

Elder Luo said, and then waved his hand and had the statue of the Goddess of Mercy returned to Liu Xuan.

Liu Xuan's face was ugly as he threw the statue of the Goddess of Mercy to Qimu, which was so big and heavy that Qimu fell to the ground with it when he didn't stand still, tumbling over.

"Kid, don't get cocky, even if this thing is fake, at least I have prepared a gift, you came empty handed!"

Liu Xuan turned his head to look at Lin Ran and said in a cold voice.

"Empty handed? I said I came empty handed?"

Lin Ran spared a glance.

"You prepared a gift? How did I see that?"

Song Nuan came up and asked, Qin Bing was also looking at Lin Ran curiously, it was she who had shouted at Lin Ran to join her after work, and she hadn't noticed any gifts prepared by the latter along the way.

"Naturally, there is."

Lin Ran laughed, then stepped forward and took out a jade pendant from his pocket.

The jade pendant looked bland and unexciting, not shiny, and it was also the size of a fingernail cap, which looked a bit shabby and adulterated.

"This seems to be a ground-floor item, I've seen this kind of thing at the gate for a good ten dollars!"

"Yeah! I'm afraid it's not worth as much as that fake statue of the Goddess of Mercy!"

"I think this kid is probably just here to cheat and eat!"

Immediately, someone in the crowd criticized Lin Ran.

Bai Cheng and Liu Xuan's faces were pleased, especially the latter, who laughed straight away after seeing the jade pendant Lin Ran held out.

"Lin Ran, do you really think that you can cheat the old man just because you cured him of his illness? Just this kind of jade pendant of yours, there are so many of them on the streets of Antique City that they can be sold by the kilogram, what kind of heart are you pressing when you give away a piece of this kind of jade pendant!"

Liu Xuan scolded.

Bai Cheng followed and said.

"I think he's simply a liar, even if he cheated Qiqi, now he even dares to cheat Master Luo. I think Master Luo is afraid that he is just about to recover from his illness, and this kid happened to meet him by chance."

"You're talking nonsense!"

Qin Bing couldn't listen to this anymore, she was there at the time, no one knew better than her.

"Nonsense? You're with him, so you naturally help him speak, otherwise you ask him to show the evidence."

Bai Cheng shouted.

Song Nuan's brow furrowed slightly as she watched, but she couldn't intervene, once she opened her mouth it would be a direct shout to her old man, and then the commotion would be too big.

Luo Qiqi was also furious and gritted her teeth, but Lin Ran hadn't explained what the jade pendant was all about, so she couldn't even find the words to help.

Lin Ran didn't even bother with the words of the people around him, he handed the jade pendant to the old man and said with a smile.

"Old master, you are old after all, although your body is healed, it is hard to guarantee that you won't get sick in the future, I have drawn auspicious charms on this jade pendant to keep evil spirits at bay."

"O?"

Master Luo sniffed with interest and took the jade pendant.

"I am not good at these metaphysical things, but I heard from Ming'er that it was the feng shui pattern problem in the house that you pointed out back then that cured my illness, so it seems that the little divine doctor has a deep attainment in metaphysics."

Elder Luo laughed.

"I don't dare, I just know a little bit about it."

Lin Ran laughed.

"Hm?"

Suddenly, Elder Luo's face changed and there was a curious look between his brows.

The jade pendant Lin Ran had given him was a very ordinary jade cake, in modern terms, a peace clasp, and Elder Luo tried it on his wrist.

A hot current immediately flowed out of it and entered Elder Luo's wrist, causing his whole body to feel a wave of relief, and his glasses couldn't help but brighten up a few points when he looked at things.

"This jade pendant!"

Elder Luo looked at Lin Ran in surprise, as if he wanted to figure out the doorway.

Lin Ran smiled at this and said.

“The jade pendant can only have a charm of good fortune on it, which can attract good fortune in all directions, as well as being good for health, so Elder Luo doesn’t need to be surprised.”

“High! That’s really high! You can be called a master if you have such means!”

Master Luo exclaimed.

From afar, Liu Xuan’s brow furrowed as he watched, the sound of Lin Ran and Elder Luo’s conversation was not too loud for their side to hear, and at this moment, seeing the two talking happily to each other, he could not help but be very annoyed in his heart.

“Old master, be careful of being tricked by this kid, his jade pendant is a ground floor item.”

Liu Xuan called out.

When Elder Luo heard this, his face immediately sank and he opened his mouth to scold.

“That’s enough! Repeatedly, repeatedly slandering the Little Divine Doctor, you, the son of the Liu family, are doing it too comfortably!”

“Someone, kick him out!”

Hearing Elder Luo’s words, Liu Xuan immediately sat down paralyzed on the ground, he still wanted to discern, but there were already four or five big brawny men around him rushing out, racking him and throwing him out directly.

When Bai Cheng saw this, his face turned white and he was about to bolt, but before he could take a step, Elder Luo’s voice rang out again.

“And him!”

“Old master, I I’m innocent.”

Bai Cheng was on the verge of tears as he spoke.

However, Elder Luo did not care about him at all and turned around to continue his conversation with Lin Ran.

After Liu Xuan and Bai Cheng were “invited” to leave, the surrounding area was quiet, and many people who were watching the action, seeing that there was no more drama, also dispersed.

Lin Ran talked to Master Luo for a few more minutes and gave him some advice on his daily diet, before joining Luo Qiqi and Qin Bing Song Nuan in their seats.

There were so many guests coming in the evening that Lin Ran and the others were seated for half an hour before Mr and Mrs Luo Ming finally showed up.

And then after another ten minutes, the party began, during which there were many performances, but Lin Ran wasn't even interested in enjoying them, as his attention was on Song Nuan at the moment.

"Hey! Why are you always staring at me if you're not watching the show!"

Song Nuan was a little uncomfortable from being looked at, her little face flushed red as she asked in a deep voice.

"Do you feel uncomfortable anywhere?"

Lin Ran asked with a serious expression, his voice simultaneously lowered so that only the two could hear.

"Uncomfortable? What do you mean? I don't feel uncomfortable!"

Song Nuan felt baffled, she was eating properly, what kind of nerves was this guy committing, how could he suddenly ask himself this question.

"Well then, let me tell you something, when the banquet is over later, I'll go with you."

Lin Ran said seriously.

"Go together? What do you want?"

Song Nuan sniffed and hurriedly covered her chest in a pervert-proof move.

"You're thinking too much, I'm not interested in your body!"

Lin Ran's expression remained serious.

"And, lie to hell, if you're not interested in me, do you still have to say you're a woman? Or that you like men or some other bullshit, only a fool would believe you!"

Song Nuan didn't believe it at all.

Seeing this, Lin Ran didn't bother to explain, he took another glance at the back of Song Nuan's neck and found that the Black Devil Poison Scorpion mark there had started to become clear again, and said in a low voice.

"Believe it or not, I have to go with you later, to your house, unless you really don't want to live!"
