

YOU ARE MINE (ENGLISH) - Chapter 701 SHE WAS FRIGHTENED

'He took a towel and a basin of water on the bed stand.'

'He walked out just now to take the towel.'

'Then he immersed the towel into the hot water and tried the temperature on the

hand back. Then he started rubbing her body. There were lots of bruises on her

body

caused by Victoria

especially on her belly. They looked so shocking and frightening.'

'The surgery wounds haven't been recovered. To avoid those wounds touching the

water

he wiped her body so carefully.'

'As if he was wiping the most precious treasure in this world.'

'So carefully

so gentle...'

'Seeing this

Edie's face was covered with tears.'

""Edie

you've been in a coma for three days. When would you wake up? I am so scared. I

am so afraid that you would never wake up again. I am so scared.""

'Three days...'

'But Edie didn't feel it for such a long time. Has it been three days?'

'She suddenly felt a great deal of fear. She didn't even know when she would wake

up. After ten years? Or twenty years?'

702 YOU ARE MINE (ENGLISH) - SO AMBITIOUS

'Then

Louis took a needle filled with strange liquid out of the pocket.'

'Then

he smiled

"Kid

today I need to teach you a lesson. Otherwise

you won't know how to respect others."

'Then

he walked to Stuart.'

'Seeing this

Stuart frowned immediately. He buckled his wrist quickly with one hand and the other hand was pinching his neck.'

'All of a sudden

Louis blushed. He felt it so hard to take a breath.'

'Ellison was not in a rush. But he showed an interesting smile on his face covered

with lots of wrinkles. He knocked on the desk and said

"Stuart

everyone here is my man. Even you escape away

it is impossible for your little wife to escape away

"

'Hearing these words

Stuart squinted. He was so angry that he looked like a beast filled with anger. He

was really frightened at the moment.'

'He pinched Louis's neck

lifting his body up and threw him on the floor.'

703 YOU ARE MINE (ENGLISH) - EXTREME PAIN

'She walked into the room immediately

walking to Stuart. Then she shook his body. But he didn't make any reaction. He

just lowered his head

focusing on writing something.'

'She threw an eye on those words he wrote. Suicide Note?'

"Stuart

what is wrong with you? Could you hear me?"

'She had been lying on the bed for a month. After waking up she didn't even have time to take a sip of water. Now she felt her throat was so dry

and painful. She felt burning in the throat.'

'She struggled to call his name. But Stuart didn't even raise his head.'

'At the moment

his eyes looked blank. He could not focus on a point at all. After finishing writing the suicide note he froze there.'
'Like a corpse.'
'Stuart suddenly looked so strange.'
'When Edie was in great shock and fear Ellison started talking.'

"I am Stuart. Because my wife passed away I am too painful to hold on. So I decide to leave this world with my wife. I don't want her to be lonely in hell"

704 YOU ARE MINE (ENGLISH) - COMPLETE DARKNESS

'Edie was thrown against the wall. She almost faded out. She bit her teeth tightly to put up with that extreme pain. She was so worried that she might lose her conscientiousness.'
'She climbed up and tumbled towards the door. Then she padded on the door over and over again. But no one answered her.'
'I need to ask the doctor to come here. Please wait here for me. Promise me'
'She padded on the door. She was so nervous that she started trembling.'
'Her body was covered with lots of wounds. She staggered towards the elevator. On her way to the elevator

she even fell down several times. The pain of her knees crashing on the cold floor was really unbearable.'
'But she could not give up. Stuart was still inside the room waiting for her.'
'Stuart locked himself inside the room and closed all doors and windows from insides. Then he threw everything out of the window.'

'He wanted to know whether he could get by this. Even he failed he should commit to suicide.'

705 YOU ARE MINE (ENGLISH) - I WOULD SEE WHAT CAN I DO?

""Mrs. Yates

why are you here? Your wounds....""

""Tell me now. Is my husband all right?""

""Mr. CEO...""

'When mentioning Stuart

Deik's face changed.'

'Seeing the expression on Deik's face

Eddie got nervous immediately. She grabbed his clothes and asked nervously

""What exactly happened to him?""

""He is still in danger. His heart was affected. Besides

because he injected too much drug into his body

he still needs to stay in ICU for further observation. He might die at any moment.

During these three days

Mr. CEO had been sent into the operating room several times.""

'Three days...'

'It meant that Stuart has been in a coma for three days.'

'He didn't wake up after three days.'

'Hearing this

Eddie felt so dizzy. At the moment she was about to drop down on the ground

Deik held her immediately.'

""Mrs. Yates

are you all right?""

'Eddie shook her hands and asked

""What drug?""

706 YOU ARE MINE (ENGLISH) - I WANT TO HEAR FROM YOU

'In the morning.'

'The sunlight poured onto the ground inside the ward. It was not the first time for

Edie to winter in London. But it was the first time for her to spend the winter with Stuart in London.'

'When they got married her grandpa passed away. Stuart was sent into the hospital because of the traffic accident. She returned back to A alone.'

'It was a difficult time for her. If she didn't perceive a baby she might give up easily.'

'It was in November now. It was still warm in London. It was sunny.'

'It was the first time for her to stay with Stuart in London. She wanted to watch the first snow with him. But she didn't know whether it would snow in Paris.'

'Edie stood in front of the window looking at the sunlight outsides. She sighed

"It is still quite warm. I might not be able to see snow this year

Stuart

I really wish I could watch the first snow here in London with you okay?"

'Though she knew the man lying on the bed could not answer him she still wanted to ask him.'

707 YOU ARE MINE (ENGLISH) - THIS WAS SO HARD FOR LEON'S

'She immediately had a bad feeling. She threw the quilt quickly and rushed out.

She didn't even wear her shoes.'

'At the moment

the door was opened. Edie saw a familiar man standing at the door.'

'She rushed to him without any hesitation

holding him into her arms tightly.'

"Don't leave me."

'She said. Stuart could feel her fear at the bottom of her heart.'

'Looking at his little wife in his arms

he could not help himself comforting her in a gentle voice

"I would not leave you. No one would leave you baby."

'Edie loosened his hands. She raised her head

staring at the man.'
'She suddenly remembered there was a one-finger-size scratch on her face. Though
it was not too obvious
they would still look scary.'
'She touched her face and asked him
"Am I ugly now?"'

708 YOU ARE MINE (ENGLISH) - NORMAN LIKE STUART

"Stuart
I don't want to yield before. But I am willing to admit defeat this time. I never
expect that I would yield to a man trapped by a woman."
"She made me become stronger. Without her
I would never take risks. Maybe I would still be a puppet for Ellison. I would not
have any of my own thoughts or my own life. I should appreciate her."
'When mentioning Edie
he couldn't help himself raising the corner of his mouth.'
'Hearing this answer
Norman lowered his eyes
falling into deep thinking.'
'He had to acknowledge that he admired Stuart. He was jealous of him.'
'Though Stuart has been confronted with lots of troubles

Edie stayed with him all the time. He had a wife that loved him all the time. They
loved each other deeper and deeper as time went by.'
'Norman was busy. After reaching a consensus with Stuart
he left the hospital.'
'Edie washed some fruits for them. She didn't know whether they've finished. She
wanted to ask them.'

709 YOU ARE MINE (ENGLISH) - I WANT TO TELL YOU, I LOVE YOU

"Stuart...."
"I am your husband
" he said
like placing an order.'

"What the hell are you doing? Put me down. The nurse would come to change your medicine later..."

'Before she finished all words her mouth was blocked again. She had no choice by holding all the words back. All she could hear was her own panting.'

'The air in her mouth has been absorbed. She was like a girl in the ocean struggling to take a breath. She tried the best to grab his clothes. Only in this way can she feel safe.'

'He focused on kissing her. He's controlled himself for such a long time. All he could do was watch his little wife wandering in front of him. He couldn't even touch her.'

'He didn't expect she dared to ask him such a question.'

'Therefore he believed it was time to prove to her with action.'

'At the moment the nurse knocked on the door

"Mr. Yates

time to change medicine."

'When hearing the sound Edie was shocked like a little cat staring at the man with her wet eyes.'

710 YOU ARE MINE (ENGLISH) - STOP CRYING

'Edie rubbed her brain gently and said in a soft voice

"Do you listen to your aunt and grandma's words? Have you bullied Avan again?"

"Of course. I never bullied anyone. I have dinner sleep and take a course on time. Mom. I thought you have already given up on me. I thought you had abandoned me..."

"Impossible. See

we already come here to pick you up. Stop crying
baby; otherwise

Avan would laugh at you later."

"I don't dare to laugh at her

" When Avan heard Edie's words

he immediately said

"Good afternoon

Uncle Stuart and Aunt Edie."

"Where are your parents? I want to thank them for taking care of our
daughter."

'Hearing these words

Avan really wanted to tell Edie it was he that took care of Laty these
days. But

after thinking for a while

he decided to give up this plan. He couldn't expose himself now.'
