

When His Eyes Opened Chapter 1066 | Simple Silence

Chapter 1066

“Hayden !Dangerous!”

Avery quickly ran towards Hayden. When Hayden saw the rushing truck, he stopped immediately.

With a sharp ‘hiss’ sound, the truck stopped abruptly at a position less than half a meter away from Hayden.

Avery was so frightened that she burst into tears, and hurried over to hug Hayden. After she hugged Hayden, she didn’t dare to delay for a second and hugged him from the middle of the road to the side.

“Hayden, shall we go home first?” Avery held his cold little hand tightly, “Mom knows you have been wronged. You got the first place by your own strength, and it has nothing to do with your dad.”

“I Don’t be a dad like this. I won’t go back!” Hayden frowned and shook Avery’s hand away.

For Hayden, the home of Starry River Villa is the home of mother and Elliot. He can’t ask his mother to break up with Elliot, so he won’t go back to that house again!

“If you don’t go back, where are you going? Tell your mother, she will accompany you!” Avery’s eyes were wet and she held his hand tightly.

If Avery let go of his hand, he will surely run away again.

Not long after, a black Rolls-Royce stopped behind the mother and son.

Elliot got out of the car and strode over to them.

When Avery saw him coming, alarm bells were ringing in his heart.

Hayden hates him very much now, and when the father and son meet, a battle will definitely be inevitable.

Elliot explained to Hayden, “Hayden, I did invest money in your school because I hope that what you have learned can be in line with international standards. I did ask your teacher to take care of you, but I didn’t ask the teacher to give you much score.”

Elliot’s explanation was tantamount to adding fuel to the fire.

“How much stinky money you have is amazing!” Hayden tensed up and looked at him angrily, “I don’t want you to worry about me! You are not my father! I am not your son!”

Hayden couldn’t accept his participation in his own learning come in life.

He invested money in the school and asked the teacher to take care of himself. This is just a shame for Hayden!

Hayden didn’t want to live under his aura. He has to rely on his own ability to surpass him!

“Hayden, your father did this because he wanted to treat you better in his own way.” Avery felt very uncomfortable seeing his son’s emotions being so intense.

“I don’t want it! If you think he is good, then you can live with him!” Hayden broke free from Avery and strode away.

Elliot saw Avery with tears in his eyes, and his heart was cut like a knife. He forcibly took Hayden back and put it in front of Avery.

“Hayden! You can hate me, but you can’t treat your mother like this!” Elliot reprimanded sharply, “You go home with your mother, I’ll go back to my own house, and I won’t show up to you until you calm down.”

After Elliot finished speaking, he strode back into the car.

Avery watched his car disappear in front of his eyes, and reached out to wipe the tears from his face: “Hayden, go home with your mother!”

After the mother and son returned home, Mike rushed back after hearing the news.

Hayden locked himself in the room and refused to see anyone.

Mike frowned and put his hands on his hips: “Hayden has a very strong self-esteem. What is wrong with Elliot? He insists on interfering with his studies.”

Avery’s eyes were red and she said dumbly, “You don’t understand. Most of the parents of Aryadelle are like this. Pave the way for my children within my ability. When I was a child, I was very envious of other parents for allowing their children to attend the best schools and interest classes.”

Mike analyzed, “Okay, if you did this, Hayden might not be so angry. Hayden hated Elliot, and when Elliot did this, he felt violated. Maybe he won’t participate in this competition.”

This is also where Avery worries.

“He really wants to participate in this competition. It would be a pity if he just gave up.”

Mike said, “I will persuade him. Don’t worry about it. What about Elliot? How is it?”

Avery lowered her eyes, thinking in her heart. A burst of pain: “He won’t be here any time soon.”

“It’s hard to deal with! The father and son have the same temper! I think you are the one who suffers the most, caught between them.” Mike patted her on the shoulder, “Why don’t you go find Elliot?”

Avery shook her head: “No matter how angry he is, he won’t lock himself up because of this. Let’s persuade Hayden first.”

“That’s right. You go to rest for a while, and I’ll get the spare key in later. Take a look.”

Foster family.

When Elliot returned home, he saw Adrian holding a pair of pruning shears, pruning the branches in the yard.

Mrs. Scarlet took a water bottle and watered the flowers and plants.

The picture looks warm and peaceful.

When Mrs. Scarlet saw Elliot coming back, she immediately took Adrian to Elliot.

Mrs. Scarlet gave Adrian a wink, and Adrian immediately said obediently: “Brother.”

Mrs. Scarlet was afraid that Elliot would be angry, so she hurriedly said: “Sir, Henry came to see you at home a hours time ago. He said that you can’t get through on the phone. .”

Elliot’s jaw clenched tightly as he strode into the living room.

“Sir, haven’t you eaten lunch yet? I’ll do it right now.” After entering the living room, Mrs. Scarlet walked towards the kitchen immediately.

Elliot sat down on the sofa. Adrian stood uneasily two meters away from him, secretly looking at him from the corner of his eyes.

“If Avery hadn’t stopped me, I would have killed you long ago.” Elliot said.

Adrian’s face turned pale with a ‘swish’.

“Are you scared? Do you want to leave?” Elliot looked at Adrian coldly, “Go!”

Adrian ran towards the kitchen in fright. Seeing Adrian flee in fright, Elliot let out a sneer from his throat.

Everyone was afraid of him. He was not fit to be a good person at all. He has long been accustomed to distance himself from ordinary people. If he don’t get close, he won’t get hurt.

Because of what Elliot just said, Adrian was so frightened that he kept hiding in the kitchen. It was not until he had lunch and went upstairs that Adrian came out of the kitchen.

Mrs. Scarlet coaxed, “Adrian, just now Mr. Foster deliberately scare you. He won’t kill you. If he really can’t tolerate you, he won’t let you live here.”

Adrian lowered his head and frowned: “I’m afraid of him.”

“Don’t be afraid. He only comes back occasionally. He is about to marry Avery. When they get married, they will live together forever.” When Mrs. Scarlet said this, she was actually uneasy.

Elliot came back suddenly, looking at his appearance, Adrian was unhappy. He didn’t know what happened again.

At 4 p.m.

Henry made a sudden visit. He seemed to know that Elliot was at home, so he came here specially.

Mrs. Scarlet went upstairs and reported the news of Henry’s arrival to Elliot.

“Sir, I see that Henry is coming, and there is nothing wrong with it. Should I let him go?” Mrs. Scarlet said.

Elliot came out from the desk: “He already knows about my relationship with Nathan. Running away can’t solve the problem.”

Elliot walked downstairs and saw Henry standing in the living room with his hands behind his back.

“Mrs. Scarlet, Elliot and I have a more private matter to discuss, please avoid it first.” Henry said to Mrs. Scarlet.

Mrs. Scarlet glanced at Elliot, then stepped back.

“Elliot, I came to find you today to ask if you want someone alone.” Henry said straight to the point.

Chapter 1068

Elliot didn't ask 'what do you want', but replied directly: “I won't give it?”

Henry laughed awkwardly: “If my mother was still alive and saw our brothers turn against each other, I wouldn't know how do you feel?”

“Don't use your mother to oppress me!” Elliot scolded, “You and your son killed your mother, where did you come from to mention her!”

“Where did I come from?” Henry's chest was heaving rapidly, “I am at least her own, how about you? Elliot, how long do you think this lie can last? You have occupied my brother's life, and now you still want to illegally imprison him for the rest of his life. Is it?”

“Illegal imprisonment?” Elliot was stunned by these words, “I occupy his life? Do you think your mother is innocent? This is a situation that she created!”

“Even if You and Adrian have exchanged, but now that she is dead, I can no longer tolerate this mistake and make mistakes again! Give Adrian

back to me! He is my brother! I am not dead yet, I can't help you to bully Adrian!"

Elliot retorted, "Adrian's just a fool, what do you want him to do? You have the ability to support an idler now? You and your son's livelihood are in question. You want Adrian, do you want to use him to threaten me?"

Henry's eyes were scarlet: "Elliot, you touch your conscience. As your elder brother, have I ever bullied you in my life?! I haven't! I just want to go back to my own younger brother. Why don't you give it to me?"

"You dignified president of Sterling Group. Are you still afraid of me as an ordinary person? Even if I don't take him home, then I threaten you. there is no other way." Henry continued to roar.

The atmosphere in the living room is like an arrow on the string, ready to fire.

"Elliot, it's not impossible that you want to continue to use the identity of 'Elliot'. But you give me Adrian, and I'll take him home. I just learned about this news in the past two days, and my mood is more complicated. I don't want to think about other things for the time being, I just want to take my younger brother home." Henry's voice was a little lower, with the intention of negotiating.

Elliot looked at Henry's haggard face, and his past memories flooded on the head.

In the past few years, due to the age gap, he and Henry have not been close to each other, but under the guidance of their mother, the two brothers have lived in peace.

Although he now know that they are not brothers, the friendship over the past few decades is true.

Henry had to take Adrian away, he could not give it, but if he didn't give it, it would anger Henry.

If Henry really wanted to threaten him, he could threaten him both vertically and horizontally.

...

Avery went to school in the afternoon.

Regarding Hayden, she don't do anything just verbally comfort the child that it won't make much difference.

After Avery arrived at the school, he contacted Daniel's father through the contact information given by the teacher.

Daniel suspected that the teacher gave Hayden a high score and deliberately suppressed his score, which made his grades not as good as Hayden. If this matter is not resolved, Daniel will always use this matter to stab Hayden.

The teacher's statement to Avery was that he did not give Hayden a high score on purpose.

So Avery asked the professional class teacher to analyze how to grade Daniel and Hayden's answers in the qualifying round in front of the whole class.

Hayden's score is higher than Daniel, what is the reason, and whether it is unfair.

After the teacher finished explaining the reasons for the grading, he said, “Hayden’s father, Mr. Elliot, invested money in our school to bring our curriculum into line with international standards, and it is not only Hayden who has benefited, but all the students in the class. Financial resources and status. If he wants to give Hayden a shortcut, he doesn’t need to let Hayden participate in the qualifying tournament.”

Daniel’s father’s cheeks were red and he said to Avery: “Since the teacher said that his grades are reasonable and fair, then I apologize to you for Daniel.”

“Your son’s words hurt my son, and your son must give it to me in person. My son apologizes. Your son is a treasure, and my son is also a treasure. With all due respect, your son’s mental capacity is too poor. When my son won the second place, he didn’t throw dirty water on your son. ” Avery is welcome in the road.

Daniel’s father’s face was a little ugly.

Daniel reached out and wiped away his tears, and said, “Auntie, I didn’t mean to.”

“I know you didn’t mean it. But Hayden broke up with his father because of your words. Before you talk in the future, please think about the possible consequences for others.”

After coming out of school, Avery shouted again breathed.

Daniel promised to apologize to Hayden the next time he saw Hayden. This is a good result.

After Avery got in the car, he turned on her mobile phone and found Elliot's number to dial.

The call was quickly connected.

"Elliot, you don't have to worry about Hayden's side. I have explained it to his classmates. I will send Hayden to school tomorrow, and Daniel will apologize to him." Avery thought of Elliot's lonely back when he left in the morning, and felt very bad.

He silently invested money in Hayden's school behind his back, and hired foreign teachers with high salaries. These actions were all out of love for Hayden.

Hayden can't understand it now. When he becomes a father in the future, he may be able to understand this painstaking effort.

"Yeah." Elliot replied lightly.

Avery: "Where are you now? I want to find you."

"Go and comfort Hayden first!" Elliot was a little depressed and didn't want to show it in front of her. He don't want to affect her either.

Avery: "Okay, then I'll find you tomorrow."

"I'm going to the wedding scene tomorrow." Elliot said.

Avery: "I'll go with you tomorrow."

Elliot hesitated and agreed.

The next morning, Avery sent Hayden to school. After seeing Daniel apologize to Hayden, Avery came out of the school.

The wedding of her and Elliot will be held at a resort. She drove to the resort and met Elliot.

“Elliot, why do I feel that you are not very happy? Did Hayden break your heart?” She walked up to him and held his big palm tightly.

Elliot shook his head: “Henry took Adrian away.”

Avery’s expression froze immediately, holding his hand and releasing it abruptly.

“Why did you take Adrian away to Henry?” She frowned, “Do you know what you are doing? Henry wants to take Adrian away, do you think he can treat Adrian kindly?!”

“Adrian is Henry’s younger brother.”

“I know! I know that Adrian is his younger brother, but he wants to leave Adrian, definitely not to take care of Adrian!” Avery clenched her hands tightly, her body couldn’t help chilling, “If I had known that you would give Adrian to Henry, I would never have brought Adrian to your house!”

Elliot looked at her coldly, “Avery, do you think you are the savior of the world? Do you want to save the world? Adrian, also want to save me, can you also save me?”

Avery's eyes were red, "Do I want to watch you being bullied? Elliot, even if Henry is not that bad, but Cole ...he certainly won't let this opportunity slip by."
