

The Mafia Bosses Broken Queen chapter 3

Darryn's POV

I was surprised when Brett's cousin got out of her car and walked up to us . He told us that his cousin Kaycie was moving into the upstairs master bedroom . I was expecting a guy , but nope . Holy fuck , his cousin is beautiful . She had on a baggy t shirt and cargo pants but I could tell she was hiding a nice body under those baggy clothes . Her hair was in a messy bun . She has the most amazing dark emerald green eyes with specks of hazel in them . Kaycie barely comes up to my shoulders . I am sure she would fit perfectly in my arms and against my body . Their cousin Todd is a cool guy and really cares about Kaycie . We all had fun sitting there that night eating dinner and talking . I really didn't want Kaycie to go but I know she has had a long day . When Todd told us what happened to Kaycie I wanted to find that asshole and beat the shit out of him . I don't care how pissed a man gets towards a woman . No man should ever hit a woman . I laid in bed that night hoping that the three of us could change her opinion about herself . I smelt the coffee when I opened my door and smiled . I definitely needed some coffee this morning . I heard someone in the kitchen and thought it was one of the guys . I began to smell delicious food . I know that none of the three of us can really cook . I figured it was Todd . NOPE ! I walked into the kitchen and stood there wearing a little dark blue tank top and black pajama pants by Kaycie . All I could do was stare . She has a freaking amazing body . Perfectly curvy and tan . I can see the silhouette of bars through her nipples and damn if that isn't a turn - on . I begin to wonder where else she might have pierced . I can see tattoos wrapping around her body and I want to trace them with my fingers and tongue . I wanted to walk up and grab her by her waist and feel her skin under my hands , but I don't want to scare her . She turns around and her eyes go wide . I don't think she was expecting me . I can see the fear and panic being in her eyes . I can tell she wants to escape out of this kitchen and get away

from me . This makes me upset , but then I realize it's not me she wants to go get something to cover that sexy body of hers . I start to walk towards her . I noticed she started to tremble . " Kaycie it's ok ... " I start to whisper to her . I heard someone else walking towards the kitchen and turned to see who it was . This gave her the opportunity to squeeze by me and up the other flight of stairs to her room . DAMN . I sit down at the table and the guys are amazed at all the food . I let them know that Kaycie made breakfast and coffee . She comes back down wearing a baggy hoodie and sits down and fixes herself a plate . We all notice that she doesn't eat much but hopefully , we can work on this . She sits across from me but I can't get her to look at me . After breakfast , I am heading back to my room . I have the other room on the second floor . I noticed Kaycie walking towards me but I can tell she is not paying attention . She runs into me and I grab her waist so she doesn't fall . She looks at me surprised . " Sorry , I wasn't paying attention . " She apologized . " No worries , I couldn't let my Tesoro fall now could I , " I tell her with a smile .

She gives me a small smile and continues to her room and shuts the door . Damn , she felt good in my arms . She fits perfectly against my body . I walked into my room and shut my door . I sit down on my bed and all I can think of is her . I know I am going to have to really work to prove to her that what he told her was a bunch of bull shit . I am willing to work for this though . There is something about this girl that I can't get out of my head . I head towards the bathroom to take a shower . I have to meet my father and uncle . Brett has to come with me since he is my second in command . My family runs the town . We are mafia . I didn't want to get into the family business but I had no choice . My father is the current leader and I am to take over for him when I turn 25 , which is in a year . We live in Brett's grandmother's house that she gave in when she died to throw our enemies off . We don't want them to know who the leader is . My father lives in our family mansion , but he understands

why Brett and I live here . The whole family thought it was a smart idea . Our friend Felipe knows but is not part of the mafia . We do have a few cameras around the outside of the house for protection for us and now Kaycie . I did some checking up o n her ex and he is in jail but he might get out soon . I am trying to make sure he doesn't . I do not want him near her . I did learn that his father is the gang leader of one of the largest gangs in the southeast United States . It's a good thing that I have family all over the east coast . If that bastard thinks he is gonna come into my town and try to get to Kaycie he must be crazy or stupid . I walk out of my room and down the stairs and find Brett there . We walk out of the house and lock the door . We climb into m y car and head off to my father's house . I a m slightly worried since Kaycie is still home but Felipe is there . We have another friend moving into the house in a week and he works for my family's business . I shake my head to stop thinking about Kaycie as we pull up to my father's house.
