

The Mafia Bosses Broken Queen chapter 6

Kaycie's POV

I walk into my bathroom and realize I don't have a clean towel. DAMN, I decide to go see if Darryn has an extra one I can borrow. I have become comfortable around these four guys and I am glad I can be myself around them. I still haven't told them that I am a DJ at the new club in town. I knock on his door and I stand there in shock. He is standing there with a towel wrapped low on his hips. I stand there staring. I see a smirk stretch across his gorgeous face. "Umm sorry to bother you, but do you have an extra towel I could borrow?" I ask.

"Sure Tesoro, come on in I'll grab one for you." He tells me.

I am nervous about being in his room. I am more comfortable around guys but I am not comfortable being alone with a guy yet. His door shuts behind me causing me to jump. He walked back into the bathroom and grabbed a towel for me. When he walked back out I was staring out his window. He has a great view of the forest from his window. The house backs up to the edge of the forest. I felt him touch my hip causing me to turn around fast and straight into his chest. His hand is still on my hip as my hands are on his chest. I looked up at him.

Damn him and his gorgeous pale ocean blue eyes. I felt him start rubbing circles on the bare skin on my hip. My breath hitches and his touch is leaving tingles everywhere.

"Sorry, umm I'll just take the towel. Thanks." She says quietly.

He is staring into my eyes. His eyes travel from my eyes to my lips. I can't help but let my eyes

travel from his eyes down to his lips. I instinctively licked my lips thinking about how amazing it would be to kiss him. I feel his hand on the back of my head. His head slowly leans down towards mine. I felt his lips touch mine and I want time to stop. I begin to move my lips against his. His tongue runs across my bottom lip asking for entrance and I grant it. Our tongues begin to battle for dominance, which he wins. I run my hand up to his solid chest and wrap it around his neck. His other hand slides to my hip then around till it's on my ass. His other hand pulls me closer as he wraps his hand around my waist. He gives my ass a small squeeze and I let out a soft moan. He pulls me tighter to his body. The moment is broken when his phone rings. I pulled myself from his arms. I picked up the towel and headed for the door. I open the door and stop. "Sorry, I," I say and walk out.

I hurry back to my room and shut my door. I lean against the door. The kiss was perfect and I knew I was in serious trouble. I already know that over the last month I have fallen for him but I know it will never happen. I have met a few of their friends that happen to be girls. I met Davina, Sammy, and Reighly. They were nice but I noticed that Reighly always attached herself to Darryn. I figured they had something going on between them. She did look to be more of his type. I jump into the shower and perform my normal routine. I continue to get ready for tonight at the club. I get dressed and pull a hoodie over me, grab my stuff, and head for the club. I am able to

get out of the house without running into any of the guys.

I get to the club and enter through the employee entrance. I get in and set up my equipment in the DJ booth. I still have half an hour until I start. I watch as the club fills up. I have been DJing for three years now. I got into music when I was younger and when I was 15 I watched a local DJ competition and knew I wanted to do that. I became friends with one of the local club DJs and he taught me everything I know. I started working so I could afford my own equipment and I got my first DJing job at one of the popular clubs in my hometown. I was 17 at that point. I obviously wasn't allowed to drink but the owner was so impressed with my skill I was the regular DJ on Friday and Saturday nights. I got the job here at this club because another DJ I know works at one of the other clubs and introduced me to the club's owner. He offered me the job on the spot. Apparently, I had earned a reputation in the club scene. I took my place in both and started my night. This is one of the only times I feel like I can be myself and escape everything that has happened.

I had been spinning for about two hours when I saw Brett, Felipe, Darryn, and Ryan. Fuck what the hell are they doing here. I start to worry then I stop. I wear a mask when I DJ so no one can recognize me. I notice that Davina, Sammy, and Reighly are there as well. I watch them and realize that they don't recognize me. I smile to myself. I watch Darryn and the moment in his room when we kiss replays in my head. It was close to the end of my time when I saw Reighly grab Darryn and pull him onto the dance

floor. I watched as she started grinding o
n him but then I noticed he tried to move away till she placed his hand on
her hips. I see her turn
around and grab his shirt and pull him down into a deep kiss. I look away
at this point. I knew
they were together. I wonder why he kissed me but then I remember he is
a player and I was probably
his next game. I finish my time and pack up all my equipment and load it
into my car. I am able to
get home and put my stuff away before the guys get home. I don't think
I can see Darryn
right now. I am sure Reighly will be
coming home with him. I put some earplugs in and lay down in my bed.
