

Foolish Son 35-36

Chapter 35

The two of them had just turned two shops when suddenly a group of windy people came before them, led by a fat man.

Luo Dahai had just come over and saw Ye Xing wink at him.

Although he looked like a pig, his brain did not turn badly, and he understood at once.

“This young lady, I’m Luo Dahai, the manager of Star Garment City, and I’ve come here especially to ask for your forgiveness.”

Luo Dahai walked up to Su Xiaoqiao and said respectfully.

“You guys are?” Su Xiaoqiao was baffled.

She could see that the twenty or so people behind Luo Dahai were the very shop managers who had refused to buy her clothes.

“I was lax in managing the shopkeepers, and I hereby apologize to you.” Luo Dahai finished. To the shop manager behind him, he said, “Don’t come over and admit your mistakes yet, if you don’t get the young lady’s forgiveness, all of you get the hell out.”

The shop in Star Mansion was not rented out, it was owned and operated by the owner. As business was good, the commission was also high.

A shop manager basically earns over ten thousand dollars a month, and no one wants to lose a job with such a high salary.

At once, a group of shopkeepers gathered around.

“Miss, please forgive me!”

“I have an old man and a young man to feed.”

“I know you, and I follow you. I like you so much, please forgive me!”

As if they were afraid of not being forgiven, the group of shopkeepers flocked up to beg for forgiveness.

Su Xiaoqiao was bewildered for a while, not knowing what was going on, and stayed dumbfounded in her spot.

At this moment, her mobile phone suddenly rang, and it was an unfamiliar call.

“I’ll take a call.” She finally found an excuse to escape the crowd.

“Hello, who is it?”

“Su Xiaoqiao, I didn’t expect you to climb up to the boss of Star Mansion, big deal, I won’t even go to Star Mansion to buy clothes in the future, what’s the big deal, that’s their loss, curse you for being pressed by an old lady.” Xia Hong on the other side of the phone cursed, and then hung up the phone in anger.

The owner of the Star Mansion?

Su Xiaoqiao looked at the group of shop managers behind her who were previously arrogant and now looked at her pitifully, waiting for her to dictate their fate, and instantly understood.

It turned out that someone was helping herself behind the scenes, and he was the owner of Star Mansion.

It seemed he was also helping his golden master to get himself fired up.

Who the hell are you?

Su Xiaoqiao walked over and the group of shopkeepers gathered around again to beg for forgiveness.

“Alright, I’ve forgiven you all, go back to work!”

They were all part-time workers, she understood how important a job was to a family.

The group of shopkeepers were then relieved and were about to leave.

“Wait a minute. I still have something to say.”

Luo Dahai walked over and said, “Miss Su, to appraise the damage to your spirit, from today onwards, all your purchases in the shop will be free of charge.”

“Is that so?”

After knowing the truth, Su Xiaoqiao was not shocked.

It was easy to spend tens of millions of dollars to operate oneself and get oneself fired up, what was a mere costume worth.

“In the future, Miss Su will spend in your shop for free at one rate, do you hear me?” Luo Dahai asked.

“Heard.”

“Go back to work, and have a better attitude in the future.”

Only then did the line of shop managers leave and go back to work.

Luo Dahai was about to leave. Su Xiaoqiao suddenly called out to him, “Manager, there’s something that I want to ask you.”

“Miss Su, go ahead.”

“May I ask who the owner of Star Mansion is, can I meet him?” She asked.

Luo Dahai shrewdly glanced at Ye Xing who was standing to the side playing a mobile game out of the corner of his eye, remembering his whispered words just now, he immediately replied, “The boss is almost seventy years old, he has a stroke in both legs, he can’t walk and rarely comes to the company.”

“Where does he live, can you tell me?” Su Xiaoqiao continued to ask.

A drop of water should be repaid with a spring. Besides, the other party had helped her so much.

She had to come to the door to thank him for that.

“I don’t know, sorry Su Xiaoqiao.”

Luo Dahai finished speaking and turned to leave.

Before leaving, he glanced at Ye Xing and secretly said, “It’s so nice to be rich, you can pick up girls any way you want.”

Su Xiao Qiao stood frozen, still not recovered from the shock.

“Xiao Qiao. What happened just now?” Ye Xing asked as he stepped forward.

Su Xiao Qiao was speechless, this guy had been playing games since he entered the mall, except for going to the bathroom, he didn’t even know that the sky was falling.

“Nothing, you wait for me here for a while, I’ll go to the washroom.”

Su Xiaoqiao went to the washroom with an empty head.

“Why does the boss of Star Mansion want to help me?”

“Could it be that he likes me?”

Impossible, he was almost seventy years old and his legs were still paralyzed, how could he possibly like me?

Could I be the granddaughter of an invisible tycoon, a granddaughter?

Or was it Mum’s lover?

Then again, either that or I wasn’t born to Mum and Dad. Was I picked up and raised?

Countless doggerel plots in novels and movies were made up in her head one by one.

It was ridiculous, but other than that, she couldn’t think of an old man. Why was he so helpful to himself.

“Little Zhao, did you relieve yourself just now?”

“Of course it’s relieving, Luo Pig-head acts like a pussy all day long, he’s not capable and scolds people. I’m really happy that the boss scolded him.”

“The boss is really old and so handsome... God, if I could marry him, I’d live 30 years less.”

“Wake up, he already has a sweetheart, haven’t you heard that the boss almost fired all the shop managers for a woman.”

Next to the washbasin, the two girls muttered in a low voice, and despite the low pressure, they were still heard word for word by Su Xiaoqiao inside the toilet.

Su Xiaoqiao came out of the washroom and her whole body was baffled!

The boss was not a seventy year old man with paralyzed legs?

It was a young and handsome man?

She looked at herself in the mirror and suddenly felt like a little white mouse.

The next moment, she took a big step out.

“Xiao Qiao, where are we going?” Ye Xing asked as she stepped forward.

“To ask for clarification on one thing.” She said coldly.

“What is it?”

Ye Xing had never seen such a steely gaze on her face before.

Su Xiaoqiao did not reply. Taking big steps forward, she looked for someone to ask for the location of the Clothing City office.

Ye Xing had a vague feeling of bad premonition, he had always thought Su Xiao Qiao was a little sheep, but now he realized that she was not.

Finding the office, Su Xiao Qiao walked straight in.

“Miss Su, is there anything else?” Luo Dahai stood up and asked respectfully.

“Manager Luo. Who is he?” Su Xiaoqiao asked.

“Which him?”

“The owner of Star Mansion.”

“Didn’t I just say that the boss isn’t here, he’s seventy”

“That’s enough, I’m not a mouse or a fool.” Su Xiaoqiao roared up, her face turning red as she shouted, “You tell him to come see me right away, within five minutes, if he doesn’t come to see me, you tell him not to come to see me for the rest of his life.”

Being kept in the dark again and again, she was also furious.

It was at this time that Ye Xing walked in from behind.

At that moment, all the eyes of the office, all fell on him.

“Boss, it’s impossible to hide it.” Luo Dahai looked bitter.

Su Xiaoqiao turned around and stared at the man in front of her, hardly believing her eyes.

Chapter 36

Su Xiaoqiao thought over and over again about what had happened after she met this man.

Xia Hong, Wang Duojin, and Chen Fang, each of them had disgraced themselves as much as they could in front of him.

Could this possibly be something that a fool could do?

“I should have thought of it a long time ago.”

At this moment, she found herself more disappointed than excited.

Crystalline tears were shimmering, and she didn't bother to wipe them. Stepping around him, she took a big step away.

“Xiao Qiao, listen to my explanation.”

Ye Xing hurriedly chased after her. Stopping her.

At this moment, Su Xiaoqiao's emotions looked and made him a little worried.

“What do you want?” She asked, staring at him.

“I don't want anything, I just want to help you.”

“What's the reward, my body?” Su wiped the tears from her eyes and said, “Yes, get a good room tonight. Tell me.”

After saying that, Su Xiaoqiao walked around him again to leave.

“Xiao Qiao, I really don't mean that.” Ye Xing continued to chase after him and said urgently, “I just simply want to help you.”

“Don't follow me, leave me alone.”

Su Xiao Qiao trotted towards the bathroom and dove in head first.

“Not following the rules!” Ye Xing was speechless.

Shouldn't she be happy, enjoying being helped and shocked?

After waiting outside the washroom for a few moments, Su Xiaoqiao still did not come out.

Ye Xing called over and found that the other party had switched off her phone.

After waiting for another half an hour, Su Xiao Qiao then came out from inside.

“Xiao Qiao, I

“Ye Xing, I've called Chen Fang to come up to shoot, your presence here will affect my mood, since you're not a fool, go back first, okay?”

Her mood seemed to have stabilized, except that her eyes were still a little red.

Ye Xing looked at her and felt a little guilty: “Xiao Qiao. At heart I just wanted to help you, I never wanted to make you sad.”

“You go!”

Seeing her resolute tone, Ye Xing sighed and just had to leave.

Looking at his back, Su Xiao Qiao's eyes got wet again.

.....

On the way back, Ye Xing's mood was a bit gloomy.

In a bad mood, he was not even in the mood to pretend.

"Why are you back so soon?"

Just returned to the office, Murong Xue asked.

"With my identity exposed, there is no point in pretending to be a pussy." Ye Xing sat down. Crossed his legs.

"Just now Su Xiaoqiao called me."

"What did she say?"

"She wanted to resign and I agreed."

"What."

Ye Xing jumped up as a whole and said sharply, "Honey, how can you just agree to it, Xiao Qiao is just up and about, it's the time to make money, how much would the company lose if you just let her go like that?"

"I'm willing to lose any amount of money, I don't want to lose my husband one day. I've already agreed to leave her Dou Yin account to her. With her number of fans and potential, it won't be a problem to sign a high value contract with a second company." Murong Xue said.

"Honey, don't promise, with Xiao Qiao leaving, I'll have to talk more in the company later." Ye Xing was bitter.

It was so hard to find some meaning in living, and now there was less.

"Do you know why Su Xiaoqiao is leaving?"

"What else can I do. I'm angry, I've overplayed my hand today." Ye Xing skimmed his lips.

Pretending was supposed to be a happy thing, but who thought it would end in depression.

"If you have an animal, you will have feelings after a long time, let alone a human. You like to do things capriciously, have you ever thought about the consequences of this."

As a woman, Murong Xue knew very well why Su Xiaoqiao took the initiative to resign and admired her choice.

After learning that Ye Xing was not stupid. It was still the golden master behind her, she did not choose to stay on and compete with her for Ye Xing.

She knew very well that Ye Xing was a married man. She was a third party for doing so.

Throughout the day, Ye Xing was listless.

“Go out for a stroll, looking at you in this dishevelled state. It affects my work.” Murong Xue said.

Ye Xing stood up, walked out of the office and went out for a wander.

After he left, Murong Xue then took out her phone and dialed out.

“Su Xiaoqiao, come to the office.” She instructed.

A moment later, a knock on the door rose and Su Xiaoqiao walked in.

She held a resignation letter in her hand and put it on her desktop.

Murong Xue raised her head and looked at her.

Today, she had bought a set of designer clothes because she had to shoot.

She was already naturally beautiful, plus the clothes set her off. The temperament was instantly elevated.

Her features were exquisite, her complexion like jade, her pavilion was elegant and polite.

The kind of temperament that she has, which is not yet polluted by the big dye bath of society, is something that a woman like herself, who has been in the workplace for a long time, does not possess. It is strange that men do not like such a woman.

Murong Xue took the resignation letter over and took a look at it.

The handwriting was translucent and the person was as good as her words.

“Why do you want to leave your job?” Murong Xue asked habitually.

“Murong, I want to resign for a while to take care of my mother at home.”

Su Xiaoqiao casually found an excuse.

In fact, the reason was well known to both of them.

“Ye Xing’s brain just hasn’t been around long, his emotional quotient is relatively low, if there is something that makes you misunderstand, you don’t take offense.”

Murong Xue picked up a pen, brushed his big name on it, wrote a few more lines and handed it over.

Su Xiaoqiao took a look at it, and it read: subsidy for one year’s salary, account number taken away.

“Many thanks to General Mu.”

“It’s Xiao Qiao’s good fortune to meet a good boss on her first job out of society.” Su Xiaoqiao said gratefully.

“Go to the finance to settle the account!” Murong Xue said.

Su Xiao Qiao nodded and was about to leave.

Suddenly the door of the office was pushed open and Ye Xing trotted in.

The two women's eyes fell on him at the same time.

"Su Xiaoqiao, you don't need to resign and stay in the company."

Just now when he went out, Ye Xing found a place to think for a long time.

The mistake he had made should not be left to Su Xiao Qiao.

Society was complicated, Su Xiao Qiao was pretty and simple, she would definitely not be better off than Wind Snow Group if she went to another company.

In case she met a male boss, it would be strange if he didn't submarine her.

"If my staying in the company will make you unhappy, from tomorrow onwards, I won't step into the Wind Snow Group anymore." Ye Xing said.

"Ye Xing, I'm not leaving the company because I'm angry at you. I can't even thank you enough!" Su Xiaoqiao said in a hurry.

"Then why did you leave?" Ye Xing asked pretending not to understand.

Both women were speechless, did this guy really not understand or did he fake not understanding?

One mountain can accommodate two tigers, but a family cannot accommodate two wives.

Seeing the two women gazing at him, Ye Xing suddenly slapped his head.

"I get it, Xiao Qiao, you think the salary is low. That's unkind of you, my wife spent so much money to promote you and even spent money to cure your mother, you want to jump ship before you even start making money for the company, you you let me down too much."

Ye Xing pointed at her with a disappointed look.

"Mr. Mu, you're the golden master?" Su Xiaoqiao looked at Murong Xue with disbelief.
