Have a daughter-in-law?

View the sea platform.

Wen Xuxu is also asking about her eldest baby these days.

This guy, since he went to school, seems to have deliberately tried to prove that he can be independent outside.

Therefore, in many cases, the couple learned about him through the people who were arranged there by Leng Xu.

“Madam, don’t worry, our young master doesn’t know how popular he is at school. There are two girls circling around him all the time.”

Leng Xu couldn’t help joking when he conveyed the situation there.

Wen Xuxu was surprised and happy when she heard it.

“Really, what kind of girl is that? Does he like Yinyin?”

“...”

What rhythm is this?

Is she not worried at all? My child is only 17 years old, and not yet an adult.

Leng Xu, who was supposed to be teasing, looked at this excited hostess for a while, and didn’t know what to say?

Fortunately, Huo Sijue is also here. After listening, he raised his eyebrows and brought back his wife, who was eager to gossip, and put it behind him.

Wen Xuxu: “...”

Huo Sijue: “Have you checked it out? What kind of situation is that?”

“Check it out, one is Ning Xiner, the daughter of a small boss in T city, and her family background is fairly innocent. ; But the other one named Cen Yu’an is not very good.”

Leng Xu mentioned the girl’s name, and his eyebrows became a little dignified.

Wen Xuxu immediately spoke again: "Why is it not so good? Is there something wrong with this girl?"

She thought that the meaning of this subordinate was the girl named Cen Yu'an, whose character is not good. If that's the case, then her Huo It would be better for Yin to stay away.

However, Leng Xu shook his head.

"No, she has no problem herself, but her family has problems, ma'am, are you so anxious for Tong Hui? This girl is his sister!"

"What?"

As soon as these words came out, the couple standing on the balcony All were surprised.

Tong Hui's sister?

The world is so small? After going around, they let their son meet the child's sister again?

Wen Xuxu's heart was half cold.

And Huo Sijue's face also became unsightly.

This really surprised him a bit. He thought that when he sent this child to that school, he should have read clearly about the factors that were not good for him in the surrounding environment, and he would still come here.

Is this all God's will?

The man who has entered the age of no confusion begins to believe this a little bit.

"Brother, what do you say? Do you want to call Yinyin back quickly? Could the girl deliberately approach Yinyin?"

"No, ma'am, Cen Yuan was already there when Young Master Huo Yin passed by. She went to school there, and, according to my investigation, that school was her first choice for the college entrance examination."

Leng Xu quickly explained again.

Wen Xuxu didn't know what to say now, the only thought was to get his son back quickly.

She didn't want him to be hurt again.

But after pondering for a while, Huo Sijue did not intend to do so.

"Perhaps, this is what he should have experienced when he was growing up."

"What did you say? What should have been experienced?" Wen Xuxu looked at him in surprise, completely incomprehensible. He used to be so neat and tidy, how could he now say something like this.

"Brother, are you mistaken? What should be experienced? We can stop these!"

"Yes, we can indeed stop it, but have you ever thought about it? Since Cen Yu'an exists in this world, then, one day, she will know the real cause of her brother's death, and then, she will still find Huo Yin."

"..."

"So, this is what Huo Yin needs to face, if he crosses it, then he will really grow up, if he can't get over it. If you meet me in the future, you and I are both old or gone. Will that be a bigger blow to him? When he falls to the ground, who will help him? Do you count on the calligraphy? Or Ruoruo, who is ignorant himself?"

Huo Sijue explained patiently, looking at the anxious woman beside him.

Wen Xuxu opened her mouth, and finally, she couldn't say a word...

Yes, what if she falls down in the future?

In the future, there will be no one to help him. If it is really destined to experience a storm, it is better to come at his age. Compared, they are still very young parents.

Wen Xuxu finally listened to the man's words.

Leng Xu also felt reasonable beside him.

"What the president said makes sense, and I don't think I need to worry too much about this matter. The sister and brother Shen Shanshan are very good and have been taking care of him, especially Shen Shanshan. She also found out who Cen Yu'an is. Who."

"Really?"

Wen Xuxu was stunned when she heard it.

Is God Shanshan so powerful?

Slap at her with a slap in the face!

“Yes, this girl has given me the feeling of being quite capable in the past few months. Before, the president asked me to set a long line to catch big fish, and let the few people in T city play tricks under the eyes of young master Huo Yin. “

But after Shen Shanshan went to the young master once, he actually found out their intentions, and then the little girl didn't know what method to use. The next day, those few people dared not make small moves anymore. Obediently obey the arrangements of young master Huo Yin.”

Leng Xu explained the situation he was watching at the school a few months ago.

When it comes to Shen Shanshan's operations in the school during that time, he still sighs very much. This little girl usually doesn't look amazing, but she is so capable at a critical moment.

Wen Xuxu was stunned.

She turned her head and looked at the man next to her. After realizing that he also showed a surprised expression, she immediately asked, “Brother, she won't...?” “Probably

not.”

Huo Sijue, who came from God, was in denial.

“Shen Shanshan and his siblings, Shenrong never instilled any idea of revenge in them since they were young, and he never told them about the Lan family, so they shouldn't have any other thoughts. “

Then Shanshan she...?”

“She should just want to help Yinyin, don't worry, I will pay attention. If something really happens, I won't just sit back and ignore it.”

Huo Sijue comforted again. .

Wen Xuxu finally let go of her heart, and then she went down to work.

Leng Xu upstairs saw that only the president and himself were left on the balcony, so he asked, "CEO, are you really at ease with Shen Shanshan?"

"We always give people a chance, just keep an eye on them. , don't intervene for now, I want to see how she will handle this matter?"

"Okay!"

Leng Xu agreed.

—

City T.

Shen Shanshan walked outside until late this night before returning to the apartment.

When he went back, Cen Yuan had already left, leaving only Huo Yin busy in the bedroom.

"Yinyin, you haven't finished your work yet? Are you hungry? Would you like me to make some supper for you ?

"

After that, he raised his head and glanced at the little aunt at the door, and didn't let her work for him again.

Shen Shanshan looked at him quietly.

In fact, if she doesn't want to take care of this matter, she can completely ignore it.

However, she found that she couldn't do it, and she didn't know that it was the boy's daddy who was so tolerant and let their family go?

Or it was because when she saw this teenager after she got to school, he had unreserved trust in her. Moreover, every time he saw her, as now, he was clearly a proud person in the sky, but he didn't take her, the remnant of the Lan family, as an outsider at all.

He was close to her.

Those beautiful eyes that were so clear that there was no trace of impurities, and after seeing her, they were full of her reflections.

Such a young man, how could she see him hurt again?

Shen Shanshan returned to her room and finally dialed a number: "Hey, didn't you say you could do something for me? Then I have something for you to do now."

"You say."

"There is a student named Cen Yu'an, you can take her away and go to any school."

Shen Shanshan made her request.

Her idea is very simple. If Cen Yuan is no longer studying in this school, then she will not have any interaction with Huo Yin anymore. In this way, Huo Yin is safe.

However, she did not expect that a few days later, when she returned to the apartment after class, she found that Cen Yuan, who was crying, was being held by Huo Yin and crying.

"Why did the school expel me? I didn't do anything wrong, why did they expel me?"

"Don't worry, I will find a way for you to find out about this."

The boy holding her, his arms were not so natural.

It may be the first time hugging a girl, or it may be an unexpected situation that makes him a little uncomfortable.

However, he was still trying his best to comfort her. For a moment, Shen Shanshan, who was not far away, even saw a sharp chill in the eyes of this young man!

Shen Shanshan's face turned pale, and she didn't have the courage to go up.

She ran back to the school in a hurry, trying to erase the traces of what the man had done, but, how fast this young man was, he was also extremely smart, and he immediately found out from the school leaders that he was taking bribes just did it.

And this investigation, with the power of the Huo family, the school leaders naturally confessed that person in the end.

Shen Shanshan did not dare to go back to the apartment.

That night, she spent alone in an unmanned gym at the school.

She huddled there, panicked, scared, and at a loss...

until dawn, when her younger brother Shen Tianhao found her and said nothing, he pulled her up and slapped her hard!

“Crack—”

Shen Shanshan was almost stunned by the fan.

“Shen Shanshan, what are you doing? I thought something was wrong with you before. You are obviously a generation above him, but you are always so close to him. In the end, you moved in with us, Shen Shanshan, you What are you thinking? Tell me, what the hell are you thinking? You want shame?!”

Her brother roared, his fingers were about to point to her face.

Shen Shanshan suddenly became even more pale as paper.

She covered her face, so anxious that she didn't care about the pain, she quickly denied it: “I didn't think about anything, Tianhao, I didn't, I did that just...just...”

“Just what?”

Suddenly, Cen Yu'an actually also appeared.

It's not just her, behind her, she also brought a lot of people from the school, including the student union, as well as her classmates and teachers...

Humiliation

“Shen Shanshan, it turns out that you were the one who made the hell out of you. Why did you want the school to expel me? What did I do wrong? You can even be bought off by the school leader, Shen Shanshan, you are really capable!”

Cen Yuanan pointed at Shen Shanshan and cursed in front of everyone.

All of a sudden, the teachers and students who came with her were in a commotion again. Then, they stared at Shen Shanshan with even more disbelief and anger.

Shen Shanshan felt cold all over, and her face was as white as paper.

“I... I didn't ask the school to expel you.”

“No? Are you still denying it? Huo Yin helped me find out this matter. The school leader has already explained it, so you still want to argue here? Shen Shanshan, don't you cry when you don't see the coffin?”

Cen Yu'an immediately responded with a stern look.

Shen Shanshan was completely speechless.

In the end, she was taken away by the school teacher under the watchful eyes of the public, and everyone from the Academic Affairs Office came.

When Huo Yin got the news and rushed over, the school had made a big-character poster notice to her. Because of the bad circumstances, the teacher bribed the teacher to frame other students in the school. The final result was that she was expelled!

And her reputation was almost ruined at school.

“What are you doing? Who told you to call the teacher over? Didn't I tell you to wait for me to find out what's going on with her?”

Huo Yin, who saw the result, was furious, turned around and said he was still at school. Cen Yu'an from the Academic Affairs Office asked sharply.

Cen Yuan had never seen him so angry before, and suddenly, she shivered.

“What else are you asking? Things are in front of me, and you helped me find out. Could it be wrong? What's wrong with me doing this?”

She didn't even think about it, but felt that she should do it. .

Huo Yin was so angry that his face was ashen.

He wanted to say something else, but because of the phrase “he found out” in Cen Yu'an's mouth, he was stuck there for a while.

In the end, Huo Yin did not reason with her, but went to Shen Shanshan.

At this time, Shen Shanshan, because she was expelled from the school, came to the dormitory and was about to move her things, but she was stopped by those former classmates and friends.

They humiliated her, yelled at her, and ended up throwing all sorts of things on her.

“Shen Shanshan, you are so shameless. Your nephew wants to have a girlfriend, so what’s hindering you? You have to bribe the school leaders to expel her.” “

That’s right!”

“It’s shameless!”

It was poured on her head, and after a while, she turned into a chicken in soup.

Shen Shanshan’s whole body was trembling, and she couldn’t even stand.

At the critical moment, Huo Yin arrived. After he saw this scene, he directly pulled over the little aunt who was about to fall while standing.

“Little aunt...”

“Look, look, her nephew is here again. Speaking of which, they are really not right. You say, are they really tired of things?”

“I look like... ..”

No one thought that the appearance of this young man would actually make these people even more vicious.

They began to compile them out of nothing, and some even began to humiliate Huo Yin.

Shen Shanshan’s pupils shrank!

Finally, after she raised her head sharply, a pair of eyes shot at these people like knives: “What are you talking about? I tell you, you will be held legally responsible for your words, and who of you would dare to let them go today? I heard half a slander, and I immediately went to the court to sue you, and I will send you in if I go bankrupt!”

She never thought that they humiliated her so much just now, she just listened.

However, when they mentioned this young man and started insulting him, she turned out to be like a beast who suddenly woke up and fought back, no matter how ruthless it was.

When the voice fell, those people shrank, and they really didn’t dare to speak out.

Huo Yin supported her.

After a while, he stared at the group of people with cold eyes and said: "You have all heard me clearly, you can eat more rice, but don't talk nonsense, she and I are family members of God, before you speak, remember to weigh yourself up to see if you can bear the consequences of spreading rumors?"

"..."

For a second, there was silence in front of the entire dormitory building.

God's family?

This young man actually said... that he is also a family of gods?

No, before this incident, they always thought that his name was Aunt Shenshanshan, a relative of her family, but they never really thought about her surname.

Because the siblings have been too low-key since they came to the school, and they didn't pay much attention to their surnames at all.

OMG!

Everyone's hearts were rolling like a giant wave.

And when they searched the Internet and searched for the introduction of the Shen family, they saw at a glance that the current ruler of the Shen family, Shen Yi, also had the surname Huo Shi.

Everyone was paralyzed there.

It's over, this is really getting into big trouble.

How could God's family do such a thing? That's the person who really controls the power in their country. How can they educate their children like that?

In less than half an hour, the wind direction in the school completely changed.

## Returning from the Dead His Secret Lover Chapter 1784

Yin Yin, do you blame the little aunt?

Shen Shanshan was also brought to the apartment by Huo Yin at this moment, and poured a pot of hot water over, and after the little aunt cleaned it up, Huo Yin saw the wound on her body and hurriedly went to find medicine for her.

“Yinyin, wait a minute, I have something to ask you.”

Shen Shanshan, whose eyes were always red, stopped him.

Huo Yin just came back and stood in front of her.

“You said.”

“I...I just wanted to ask, aren't you angry? This thing?”

Shen Shanshan raised her head, and when she finally asked this sentence, the girl in her early twenties couldn't take it anymore. Persistently, tears rolled down from her eyes.

Yeah, she wanted to know, was he angry?

Cen Yu'an should be the person he likes, but she asked her to drop her out of school, doesn't he blame her?

The gods stared at him intently.

But he saw that after hearing her question, the boy's expression remained calm.

“Why should I be angry? I know that little aunt does this, and there must be your reasons. So, all I want now is your answer. You can just tell me.”

He was actually very, very calm.

It's as if she just did a very common thing without telling him, and he never doubted whether she would do anything bad to him.

Shen Shanshan: “...”

Finally, all the grievances were like a river that burst its banks. After rushing from her chest, she lay on the table in front of her and couldn't hold back any longer, and cried loudly. .

Who is not a child?

She just turned twenty-one.

Shen Shanshan cried for several minutes, and then slowly calmed down. During this period, Huo Yin, who was standing next to her, did not disturb her, and kept silently guarding her.

Until, her emotions finally eased...

"I...I did that because...because I was afraid she would hurt you." She finally spoke with a hint of tears.

"Hurt me?"

Huo Yin was a little surprised.

"Why? Do you think I let her work with me during this time? Will it affect me?"

"No...No, it's because...because she is the older sister of an old friend of yours, Yin Yin, do you remember Tong Hui? It's your good friend, Cen Yu'an, his sister."

Shen Shanshan finally told the secret to the person in front of her.

And as soon as she finished speaking, those tearful eyes stared at him very nervously, for fear that this secret would affect him.

In fact, she was very accurate!

As soon as he finished speaking, he saw that the young man was about to tremble fiercely, and then he stared at her with wide eyes, his entire expression turned as white as paper in just a few seconds.

Terrible.

"Yinyin..."

Shen Shanshan was frightened, and immediately wanted to slap herself.

However, what is said is like water that is poured out, and it cannot be taken back.

Huo Yin finally returned to his room like a walking corpse, and then closed the door. He never came out again all night.

Shen Shanshan was terrified, she was guarding him at the door, and she begged him to come out with a cry several times, but it was useless, there was no response inside.

When Shen Tianhao came back and heard about this, he was so angry that he almost hit his sister again.

“What are you doing all day long? Why can’t you say anything and we can discuss it? It’s alright now, in this situation, you won’t have to go to school, and if something happens to him, you won’t be able to stay at God’s house. down!”

He cursed angrily.

That’s right, their sister and brother, in the final analysis, the most feared thing is still not being able to stay in God’s house.

Shen Shanshan’s face paled even more.

The siblings were quarreling with each other, when the door, which had been closed for a whole night, was suddenly opened.

“Yinyin, are you okay?”

When Shen Shanshan saw it, she immediately ran over without caring about her younger brother. Those eyes could not wait to swipe the whole body of the boy who finally came out.

She was really afraid that something would happen to him.

Fortunately, Huo Yin, who came out, was not as bad as she thought.

“It’s fine.” He pursed his dry lips.

“Little aunt, you don’t have to worry about school matters. I’ll handle it for you. You and your uncle continue to go to school today.”

“...”

“Also, with Cen Yu’an, you don’t have to worry about his brother. Our God family thinks that there is nothing wrong with him, if she really finds out in the future and hates me, there is nothing I can do.”

Very unexpectedly, after a night of precipitation on this matter, he has a very transparent mentality. and calm.

Shen Shanshan was instantly overjoyed!

“That’s great, Yinyin, I’m really happy that you can think like this. I’m sorry, it’s all my little aunt who is narrow-minded and thinks you so vulnerable. I apologize to you.”

Reasonable and generous Girl, immediately apologize to this nephew again.

Huo Yin certainly couldn't blame him.

He is indeed a lot more mature now than he was back then. Maybe as he grows older, he will look at some things more comprehensively.

Since then, the three have resumed their happy times before.

## Returning from the Dead His Secret Lover Chapter 1785

Some people should not live

On the school side, after Cen Yuan woke up from the dormitory the next day, he also received another message from that person on his mobile phone.

[Anonymous: I'm sorry, Miss Cen, I'm going to tell you some very bad news early in the morning. Lan Shanshan didn't leave the school. Huo Sijue's son helped her with the withdrawal of the school's expulsion order. , she is still a student here. ]

“ ... ”

In such a second, when she just woke up, a flaming anger rose up in her pupils.

Why?

Why did he keep this woman behind? She didn't even ask him to settle accounts, why did he still help her?

She squeezed the phone tightly, and when the hatred buried in her bones that had not appeared for a long, long time burst out, even her knuckles creaked.

[Anonymous: So, Miss Cen, it is useless for you to do this. The Lan family has basically been domesticated by Huo Sijue. They will naturally protect the remnant of this Lan Yuan. If you want to avenge your brother, the only The only way is to do it with pain! ]

[Cen Yu'an: ...]

After a while, she typed a few lines on the phone.

[Cen Yu'an: Then what are you going to do? ]

[Anonymous: The first thing we want to get rid of is of course Lan Shanshan. She is too smart. If she doesn't get rid of her, we can't kill her brother. ]

[Cen Yu'an: ...]

[Anonymous: Don't worry, I won't let you do it yourself. Their Lan family owes too much blood debt, and you are not the only one. This kind of thing is done by a lot of people. Your task is to only let her relax her vigilance and continue to trust you. ]

This person hiding in the shadows is like a poisonous snake. Cen Yuan was just worried for a while, but he immediately thought of her thoughts.

Cen Yu'an immediately climbed up with a layer of chill behind him.

She wanted so badly to refuse.

However, in her mind, a picture of her younger brother whom she hadn't seen for many, many years, and finally was strangled to death in prison, immediately appeared in her mind.

Also, the chip implanted in his brain.

Blood dripping, shocking...

Doesn't she hate it?

hate it!

Before she disappeared, it was a little doll who only acted like a baby in her arms.

The girl finally closed her eyes and typed a few words: "Got it..."

Shen Shanshan, this is what you have to bear, so many people died because of your Lan family, why are your brothers and sisters still alive now? Can you enjoy such a good life here?

In her eyes, there was finally only icy hatred left.

——Shen

Shanshan really stayed at the school.

After Huo Yin announced his identity, basically the people in the school who talked about the two of them didn't dare to say anything.

On the school side, he directly and forcefully suppressed it. As the future heir of his divine family, he didn't need too much explanation at all, and the school didn't dare to say anything.

So, when Shen Shanshan went to school the next day, it was basically as if nothing had happened.

“Sister, are you going to apologize to Cen Yu'an?”

Shen Tianhao, who was more indecisive after seeing the matter settled, began to worry about this.

Shen Shanshan never thought to apologize.

Because, there was one thing she didn't understand, that is, she clearly just asked this Cen Yu'an to change schools, so why did she end up being expelled?

Shen Shanshan intends to go to the school leader to ask for clarification.

Unexpectedly, when she went to the teacher's office building, she suddenly met Cen Yuan.

“Sister Shenshanshan, that... I've heard that you didn't ask the school to expel me, but wanted to arrange for me to go to a better school. I'm sorry, I made a mistake, can you forgive me?”

she asked . She came over, and after hesitating and hesitating, she was so ashamed that she apologized to Shen Shanshan.

Shen Shanshan really arranged it like this.

She asked that person to arrange the school for her to be Beihua University, which is better than T University, which is the one Huo Yin went to before.

Because in her opinion, she wants to stop her from hurting Huo Yin, but she can't destroy her, and, with this girl's achievements, she deserves better.

Shen Shanshan looked at her quietly.

“It's okay.”

She finally let out a sigh of relief.

When Cen Yuan heard this, he felt relieved.

“That’s good, then Senior Sister Shanshan, I’ll treat you to a meal, and I’ll treat you as a formal apology, and call both your brother and Huo Yin together, okay?”

“Ah?”

Shen Shanshan looked at this girl who suddenly became very enthusiastic, and felt a little uncomfortable for a while.

Isn’t her character very cold?

Rumor has it that in school, I never greet people proactively, and things like inviting me to dinner are even more so.

Shen Shanshan hesitated a little...

“Sister Shanshan, are you... unwilling? Are you still angry? Then, I will post another post on the school forum and apologize to you solemnly, okay?”

” Cen Yuanan, who was no longer, took out his mobile phone and started to post on the forum.

When Shen Shanshan saw it, she had to hurriedly stop it.

“No, I’ll be thinking, if you invite the four of us to dinner, it’s probably a lot of money. Did you go to work this week? Is it enough?”

She began to joke, she has always been tolerant and general. , decided to just pass it on.

Sure enough, when she said these words, the girl opposite also smiled, very bright...

to please

At noon that day, everyone gathered for dinner.

Not a good place either, just a small restaurant outside the school.

After Shen Shanshan arrived, she saw that the environment here was not very good, and worried that Huo Yin would not like it, she first took a tissue from the table and prepared to wipe the stool for him.

However, before she passed, Cen Yuan was already one step ahead of him.

“I’ll wipe it for you.”

She also took something, and quickly wiped it on the chair where Huo Yin was going to sit.

Shen Shanshan was stunned.

She saw that it was a quick white handkerchief, and it seemed that she was carrying it with her.

Huo Yin was also stunned.

In fact, after he knew the identity of this girl, when he saw her, he was no longer as relaxed as he was before. He felt guilty and cautious.

It was as if she was afraid of hurting her if she wasn’t careful.

However, as if nothing had happened, this girl uncharacteristically came to please him.

Is that something that she doesn’t know about her brother yet?

Huo Yin’s heart suddenly relaxed, and his attitude was naturally better than ever.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

“Okay.”

He gave her a soft look and sat down on the chair.

Shen Shanshan, who was standing here, saw him, holding the tissue in his hand for a long time was embarrassed, neither standing nor sitting.

However, she has always been the kind of girl who knows the general situation. She is also happy for them to see the two reconciled. After all, Huo Yin has not said anything in the past two days, but his feelings are still the same as their siblings. Look in the eyes.

He is very down.

“Okay, what do you want to eat? Let me order it for you.”

“Okay, Senior Sister Shanshan, I want a sliced beef with wild pepper.” Cen Yu’an immediately announced the dish he wanted to eat.

Such a spicy dish?

Shen Shanshan smiled and wrote it down.

Then came her younger brother Shen Tianhao and Huo Yin.

Huo Yin: “...I want one...”

“I want a pot to cook with tofu. I rarely eat it. I used to eat here often, and it’s not spicy.”

Cen Yu’an spoke again. The identity recommended a dish to Huo Yin, and he also emphasized that this is not spicy.

The voice fell, and Shen Shanshan looked at the boy opposite.

As she expected, this was originally a cold-hearted young man. After hearing these thoughtful words, his beautiful black pupils lit up again, and the joy was so far away that Shen Shanshan felt it.

She lowered her eyes.

This time, she didn’t laugh anymore, knowing that when she lowered her head to write the menu name, her fingers holding the pen tightened slightly.

She had no other thoughts, but hoped that the young boy in their family, who was like a blank sheet of paper, would not be let down with every smile that opened on his face.

Everyone enjoyed the meal.

After eating, it was time to go back to school. Cen Yuan came out and saw a moped parked not far away, she was very happy.

“Huo Yin, let’s drive that one back.”

“Okay!”

Huo Yin readily agreed again.

For a moment, when the sister and brother watched the backs of the two leave, Shen Shanshan stood there with half-squinted eyes, and instructed the younger brother next to him: "Look at him more."

Shen Tianhao: "What are you looking at?"

Shen Shanshan: "I just want you to visit him more often. You are close to him. If you have nothing to do, go to him for a walk. It's not like you don't know, he doesn't know how to get along with others."

"I see. ."

Shen Tianhao scratched the back of his head and finally agreed.

A few days later, it seemed that everything was on track again, and because of Cen Yu'an's initiative to approach, Huo Yin also let her serve as his assistant again.

Of course, this time, due to the announcement of his identity, she also knew that he was actually the real person in charge of the building project.

"You haven't even arrived at the age of 18. Your father is so bold, does he dare to hand over such a big project in the company to you?"

This weekend, after the two went to the office building again, Cen Yuanan looked at the building outside. The building that was already under construction couldn't help but turn around and ask the boy behind him.

She and he are not from the same world, and she is really curious about the affairs of their chaebol family.

Huo Yin pursed his lips and put down his busy work.

"My daddy wants me to do some exercise. Also, my aunt has some health problems and went to RB treatment. My uncle can't take care of the company, so I can be a help now."

He told her frankly. own business.

He is really treating her with an attitude of making up, because of her brother, it can be said that no matter what she asks him, or what she wants him to do,

he will basically agree.

Cen Yuan is also quite satisfied with the current state.

Especially since Shen Shanshan didn't bother them during this time, even more so.

“Huo Yin, is this document going to the engineering team?”

“Well.”

Huo Yin raised his head and glanced at the data he just made in her hand, and nodded.

He personally checked these things, and was afraid that something might go wrong on the other side of the building. After all, this was the first time he was in charge of a project. And after these things are done, people from the engineering department come to get them.

But at noon this day, the girl took the initiative to ask Ying.

## **Returning from the Dead His Secret Lover Chapter 1787**

Something happened to Shen Shanshan

“Otherwise, I’ll send it over. They seem to be very busy today, and we are close to each other.”

“...Okay.”

Huo Yin finally agreed.

It may also feel that the journey is really not far.

But he didn’t know that just when Cen Yuan took the things down, she came out of the building and immediately called the person she had wanted to contact for a long time.

“Sister Shanshan, are you busy now? I have something I want you to help me with.”

“Ah?”

Shen Shanshan, who was busy preparing for the exam at school, looked surprised when she received the call.

help?

What are you doing to help? Isn't this girl following Huo Yin now? What else can I help her with?

"Sister Shanshan, it's like this, Huo Yin just gave me a data sheet, saying it's a project account, you know, I didn't write this, I was confused when I saw it, I thought of you and wanted to be with you. Can I ask you a question?"

Cen Yu'an seemed to have guessed Shen Shanshan's doubts on the phone, so he explained it first.

Seeing this, Shen Shanshan couldn't refuse.

So, about twenty minutes later, the girl returned to school and found Shen Shanshan with a stack of data sheets in her hands.

"So much data?"

"Yeah." Cen Yuan wiped the sweat from his forehead.

"Sister, I won't hide it from you. I want to leave a good impression on Huo Yin's company. After graduation, I can go to work there, so I want to show it well now."

She looked at her with a pair of eyes . . . a little cramped and awkward, but more firm.

God Shanshan smiled.

"Yes, this idea is fine. Actually, like you, I also went to their company for an internship in preparation for the summer vacation, so I have discussed with the teacher now, and I am taking a certificate in advance, so that I can enter smoothly."

No. Any girl who is on guard will also tell her plan exactly.

She is only 21 years old, and her parents have cultivated the concept since she was a child, and the world is full of sunshine and love. How could she think of a person so darkly?

The previous precautions were strictly to prevent Huo Yin from being hurt.

Cen Yu'an's eyes fell.

She covered up her jealousy and hatred that grew like vines, and after all, some parts of her chest began to be slowly swallowed by some darkness.

"Yeah, that's great, let's work together."

“Okay, wait a moment, I’ll help you do it well, by the way, you don’t need to tell Yinyin, just say you did it yourself, and I’ll teach you later. Just some accounting knowledge is fine.”

Shen Shanshan also specifically instructed, and then she helped to make this data first.

Cen Yuan was waiting beside him.

After waiting for about five minutes, suddenly, her phone rang.

“Hello?”

“Miss Cen, why haven’t our goods arrived yet? We’re waiting for work to start.”

“Ah?”

Hearing the call, Cen Yuan stood up in a hurry.

Shen Shanshan saw it, and raised her head: “What’s the matter? What happened?”

Cen Yuan: “Some goods on the construction site have not arrived yet, waiting to start work, I don’t know about this, I have to first

Just go to the construction site.” “Don’t worry, you can go there first, and you can get the data when you have it ready.”

“But this is also very urgent.” Cen Yu’an was a little confused, and there was even a cold sweat on his head.

When Shen Shanshan saw it, she had no other choice but to tell the girl that she would help her send the data sheet to her later.

Cen Yuan was overjoyed when he heard it.

“Really? That’s great, senior, then I’ll wait for you at the construction site, okay?” She was full of gratitude.

Shen Shanshan readily agreed.

Soon, the girl left, and after Shen Shanshan finished the data, she took it and rode a bicycle and left the school.

She really didn’t bother the boy anymore during this time.

First, prepare yourself for the exam.

The second reason was that she saw that he cared so much about Cen Yu'an, and left space for the two of them. She always tried her best to satisfy her with this young man.

But on this day, when she had not been to this old town for a long time, something happened after entering the building under construction.

“Kaza-“

At the moment when the cement board she was stepping on suddenly broke, her head was empty, and the first thing that came up was that if something happened to her here, would Huo Yin not be able to deliver this project?

“Come on! Come on! Someone fell!!”

After seeing this scene, the people on the construction site made a mess.

And the girl who had been staring at this scene very nervously not far away, when she saw the slender figure in light blue clothes on the construction site, it was like the moment when a kite with a broken string fell.

She trembled all over.

“Bang!”

Shen Shanshan fell into the huge hole in the foundation dug out, and in a blink of an eye, no one was there.

Cen Yu'an was stunned.

In response, she rushed over and found that there was a cement channel that was being transported underneath. At this time, when she came over, she saw that the girl who looked like a flower in the huge concrete pool had long since disappeared.

She is paralyzed...

## **Returning from the Dead His Secret Lover Chapter 1788**

**She can't die!**

When Huo Yin arrived here, basically the entire construction site stopped.

However, the people on the construction site had never experienced such a thing. After suddenly seeing such a terrible scene, they were all at a loss, so much that Huo Yin came, and they were still standing there like fools.

“What are you doing there? Why don’t you go down and look for it!!”

Huo Yin was furious when he saw it!

His eyes were rolling with turbulent waves, and his handsome and delicate face was full of terrifying expressions. After the roar fell, he would go down to find someone himself.

At a critical moment, someone grabbed him.

“Young Master Huo Yin, you can’t go down. I have informed the fire brigade.”

It turned out that it was Mo Yan.

Huo Yin just stopped, his eyes were staring at the bottom, and the whole person was trembling slightly there.

Soon, people from the fire brigade came, and they quickly went down to find someone.

And at this time, Cen Yu’an, to finally wake up slowly, she stood there coldly, she mustered up a lot of courage, she just came over step by step, wanting to see the situation.

That’s right, she deliberately brought this god Shanshan here today.

It has been many days since she was contacted by the person who sent her an anonymous message. She has been hesitating and struggling. She didn’t want to do it, but in the end, she did it anyway.

She came over.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

When I saw the huge hole, many firefighters in orange uniforms were looking for people with tools on the huge concrete channel.

However, there has never been any shadow of that girl.

Her face paled even more.

It was at this time that a worker came over: "Little Master, this is what the girl scattered on the ground when she fell."

He actually picked up the document that Shen Shanshan had dropped.

Cen Yuan'an saw here that after all the blood disappeared from the top of her head, her whole body became even more like an ice cellar.

"Data sheet? Why is it in her hands?"

"Yes, these documents, I saw that you gave them to Miss Cen." Mo Yan also asked a question beside her.

So, in just a few seconds, the eyes of the two of them turned to Cen Yu'an here, only to see her with a piercing coldness and fear.

"What did you do?"

Huo Yin said.

At this moment, he even omitted her name and asked directly.

And the voice is completely without the gentleness of talking to her at all, how sharp it is. It was as if he suddenly changed his role, and when he saw Cen Yu'an here, he shivered violently.

So, in his heart, what really matters is his little aunt?

Cen Yu'an stood there, originally very frightened and panicked, but after hearing this stern question, she suddenly found herself slowly calming down.

"I... I didn't know how to do some data, so I went to Senior Sister Shanshan. Later, the person at her construction site called me and said that the decoration goods had not arrived, so I came back."

"So, You asked Miss God to bring the documents?"

Mo Yan asked immediately.

Cen Yu'an nodded: "Yes... Yes, I didn't want her to send it, but she said not to delay us, and finally insisted on sending it."

She tried her best to push all this to Shen Shanshan.

In fact, what she said was traceable, and she had already thought of the way back when she planned this matter.

Huo Yin really didn't ask any more.

He withdrew his gaze, squeezed the documents into his palm, and turned around, his attention still focused on the cement transport road below.

When Cen Yuanan saw it, he breathed a sigh of relief.

Two hours later, still no sign of Shen Shanshan was found.

Huo Yin heard it and stood there shaking.

"Huo Yin!"

"Little Master, are you alright? Don't worry, you will definitely find it." Mo Yan also quickly supported him and comforted him.

But in fact, if the transportation channel is not found, the only place left is the end of the channel, which is the huge cement mixer.

Huo Yin's head buzzed a little.

A face is even more frighteningly white!

"Huo Yin?"

Cen Yu'an suddenly found that he was staggering and was about to go down, so frightened, he hurried over and called him.

But as a result, as soon as her voice fell, the young man turned his head suddenly, and a pair of black eyes that seemed to be enveloped by a layer of death aura stared at her.

"You just stay here for me!"

"..."

Cen Yuan stood still and didn't dare to move.

Underneath his feet, a terrifying chill quickly climbed up.

She didn't think it was a good word, what he meant was to let her wait for him to come back, and then think about it carefully.

Cen Yuan fell into fear again.

A few minutes later, Huo Yin, who went down in person, finally came to the end of the transport road little by little, and saw the daunting huge cement mixer.

## Returning from the Dead His Secret Lover Chapter 1789

Found Shen Shanshan

“Little young master, you...” The

foreman looked at it, originally wanting to persuade them to do such a cruel picture by themselves.

However, this pampered young master just hesitated for a few seconds when he stood there, then he rolled up his sleeves and picked up a wooden stick next to him.

What kind of feelings does he have for this little aunt?

In fact, before coming to her school to study, they were really just a family relationship.

Shu Jingzhai didn't fall behind. In order to support them, Mommy opened a bar with her aunt Huo Sixing, and then let all the Shen family members who were idle at home go there to help.

This also includes Shenrong's wife Zhou Xiuying.

Therefore, in those years, when Zhou Xiuying was busy at the bar, the siblings who were still in school would often go there to eat because they didn't have time to go home and cook for them.

And when Huo Yin came home, Mommy and aunt were there, and naturally they would occasionally go there.

Over the past, the number of encounters will be more.

In addition, they are always a family. Usually, their family will come to Guanhaitai for festivals and so on. Huo Yin will always remember that this little aunt, who is not much older than them, will give them to them every time they come. Three brought gifts.

She is very smart.

At the same time, she is also very caring and has a good personality.

All in all, the three brothers and sisters liked most of all the gods. This pair of brothers and sisters should be the favorite. For Huo Yin, who is withdrawn, it is easier to approach his heart.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

That's why he chose to study at this little aunt's school in the first place.

And when he really got here, Shen Shanshan took care of him even more meticulously, and she had the wisdom to know what he was thinking with just one look, which gave her a deeper place in his heart.

Like Ruoruo, like a calligraphy...

There is no room for anyone to hurt her in the slightest!

Huo Yin's face turned pale and he was searching in the mixer. He didn't dare to ask people to turn on the machine, in case there were really people inside.

Fortunately, when several firefighters accompanied him to search carefully for nearly half an hour, the mixer was gone, and no human remains were found.

"No, it should not be here."

Someone said immediately.

When the boy heard it, he suddenly felt that after a breath finally came out of his throat, his feet softened and he almost fell there.

"Little Master Huo Yin!"

The person next to him saw him and quickly supported him.

There is no mixer, so the rest is only in the transportation channel, but why haven't I seen anyone after searching for so long?

Huo Yin turned back and didn't care that the place was dirty and messy. He walked in step by step along the transport passage.

Above, Cen Yu'an also looked at the atmosphere without daring to make a sound.

She was actually a little puzzled, how could she not find the body? According to that person's tone, she brought this god Shanshan here to do something.

However, why can't I see her corpse now?

She also stared intently.

However, he saw that the young man below was walking, and suddenly, he stopped at a corner of the transportation passage, staring at a certain point above, and there was a trace.

“Little Master?”

“Look at what that is?”

He pointed to a trace of cement in that place.

The foreman was stunned: “Then...isn't that a trace of cement?”

Fire brigade: “Yes, it should have been sputtered during transportation, right?”

Both explain this.

However, the boy was not. He walked over under everyone's attention. When he got there, he only saw him stretch out his hand, and a few white and slender fingers pushed the cement away without hesitation.

“God!”

Everyone was shocked.

They saw a trail of being dragged out by something.

And there was blood on this trace, and the size left on the edge of the conveyor belt was just the size of a hand.

However, it is the girl's hand.

Shen Shanshan is really smart! !

Gen Yu'an above was unable to stand still in an instant. She stared at the bloody handprint, and her whole body was as frightened as falling leaves in the cold wind.

“Tell me all the surveillance cameras around here immediately, and contact the police immediately, hurry up!” The

young man finally shouted angrily.

The roar fell, and immediately, everyone here was dispatched, and all of them did as the boy ordered.

Ten minutes later, when the police finally arrived, the fire brigade dispatched first had confirmed that the person was towed away from this transport. However, where the person was dragged, we still need to find it.

Mo Yan was already stunned by the sight.

She never thought that such a young man who had not yet arrived at the age of eighteen would have such a powerful observation.

Also, his logic and thinking make people shudder after seeing it.

Mo Yan began to think about whether she should quit the group of people in the company.

Because of the clues, the police were also dispatched quickly. They mobilized the whole city to monitor, probably because the momentum was too great, and finally, the unconscious Shen Shanshan was found in an abandoned factory building.

## **Returning from the Dead His Secret Lover Chapter 1790**

Huo Yin, do you only make up for me?

As Huo Yin expected, there was no trace of cement on her body.

Some were just a deep tear on her waist, two broken fingernails on her bloody right hand, and a wounded face.

“Little aunt—”

Huo Yin got the news and rushed out of the construction site immediately.

Cen Yuan also wanted to go.

She didn't know what was going on behind this incident, so she wanted to see this god Shanshan first to make sure she was safe.

However, as soon as she moved, the boy walking in front stopped abruptly.

“Master?”

“Take her back to the office building. No one will let her leave without my permission.

“

Gen Yu’an was nailed there in an instant!

There is nothing more desperate than this...

——Shen

Shanshan was sent to the hospital.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

Fortunately, although he was injured, his life was not injured.

Huo Yin heard it, stood at the door of the operating room and then heaved a sigh of relief, and followed him to the ward.

“Little aunt...”

Everyone left. He stood in front of the hospital bed and looked at the girl who was lying on it and hadn’t woken up. Except for the guilt, his eyes fell on her two gauze-bound fingers.

I just felt that my heart was stabbed by something, and it was extremely uncomfortable.

It was just at this time that Shen Tianhao finally came over. After seeing this scene, he yelled: “Who is it? My sister didn’t offend anyone? Why would someone kill her like this?”

“...”

Yes, who is it?

Since their father Shenrong died, Daddy Huo Sijue did not reveal to the outside world their identity as the Lan family in order to allow the two of them to live peacefully.

So why is someone doing something to this girl now?

It’s been fine until now.

Huo Yin left the hospital.

Half an hour later, the old town, office buildings.

“Little Master, are you back? How is Miss God? Is she all right?”

Mo Yan, who had been watching here all the time, saw that he had finally returned, and immediately asked with concern.

Attitude, of course, is much more respectful than before.

Huo Yin nodded, and then his two cold eyes looked inside, and fell on the figure who was waiting for him impatiently.

“Kacha—“

“Huo Yin, you...you’re finally back? Senior Sister Shanshan, is she all right?”

Sure enough, as soon as he opened the door, Cen Yu’an, who had been suffering inside for several hours, turned around immediately. Come, she is very anxious, but at the same time, there is a kind of panic in her eyes that can’t be hidden.

Huo Yin didn’t answer her.

Instead, he went to the desk and took a pack of his special disinfectant tissue paper, and after carefully wiping his hands clean, he felt a little more comfortable.

It’s full of blood.

Aunt’s.

Cen Yu’an: “...”

“Is it your first time to kill someone?”

“...” The

office was silent for a while!

And Cen Yu’an, after a momentary “buzz” on his head, his face was as white as a dead man.

“Your plan is indeed perfect, but you underestimate that I grew up in a bloody storm. Murder has already been experienced when I was six years old. Our family was almost killed.”

“...”

“Later, the three of us survived thanks to the protection of a very good bodyguard. So, if you want to do something next time, I suggest you don’t panic so much, at least take the knowledge on your body. Clean up the traces that were found.” The

young man sat there and said lightly, his eyes swept over Cen Yu’an’s trousers with no emotion.

Cen Yuan’an was so confused that his mind went blank.

Hearing this, she subconsciously lowered her head and glanced at it. As a result, this time, she saw a small trace of yellow paint on her trousers.

It was accidentally stained on the cement board she was trampling on.

The cement board was originally used by the workers to build temporary treads. To identify it, the workers deliberately painted it with yellow paint.

Therefore, when she changed the board in the past, she accidentally got it.

For more than ten seconds, Cen Yu’an had nothing in her brain. She stood there like a body, and everything she saw in front of her became pitch black.

“I don’t want to do that...”

“I know, so I gave you a chance. Your brother used to be my best friend. After I know your identity, I will try to make up for you as much as possible, hoping that one day you will know Afterwards, I won’t be blinded by hatred.”

Huo Yin finally raised his head and put the whole thing on the table candidly.

However, after hearing this, the girl suddenly stood there and pulled the corners of her mouth, revealing a sharp irony.

“Make it up? Huo Yin, do you just make up for me?”

“?”

Huo Yin narrowed his eyes and looked a little blank.

Not to make up, is there something else?

Cen Yu’an: “Who wants your compensation? You people, killed my brother and let my father die, a word of compensation is enough? She is Shen Shanshan... No, it’s Lan Shanshan, shouldn’t she die? “

What did you say?”

In a word, the pupil of the young man sitting opposite shrank, and immediately burst out with an extremely cold hostility!
