

Chapter 42 Main Play

When Emily Cole heard Grandpa Graham's words, she was angry. However, she didn't dare to show her anger. She just lowered her head, crying...

Alyssa saw Emily Cole's wronged appearance and raised the corner of her mouth. Did she think this was over?

Of course not, the best part is still yet to come!

Alyssa sent her grandpa back and went to school to find Ella Lloyd.

"You want the certificate of the competition you attended a few days ago? I thought you didn't want it anymore. Here you are. "

Alyssa Graham took the certificate from Ella Lloyd and put it away carefully.

Ella Lloyd was also very happy to see that Alyssa was being careful with the certificate. "This competition is very interesting. You even won the top 15. You deserved this. You must have practiced your oral English disciplinarily. You even sounded better than I did. You can see that hard work will pay off, right?"

"Well." Alyssa Graham agreed.

The reason why Alyssa did not get the certificate before was not that she forgot or didn't care, but because she had not found the right timing.

The number of winners in this competition was assessed according to the percentage of attendants.

She was the 15th and the last one for the prize of excellence.

But Emily Cole was the 16th.

She didn't get any awards.

Alyssa could still remember Yuki's embarrassment at the certificate ceremony.

"Alyssa Graham, don't worry about Emily Cole. I'll take you to dinner tonight! Last time you invited me to dinner and didn't you like hot pot? "

"Not today. I have something to do today. I'll treat you next time." Alyssa Graham looked at Ella Lloyd and apologized, "I'm going to visit Grandpa Hunter today. I promised him last time that I would visit him when I had time."

"So you are going to visit Leon's Grandpa. It's a good thing. You should go!"

"Wait and I'll make time for you tomorrow."

"You must keep your word!"

"Certainly."

Before class ended in the evening.

Alyssa called Leon Hunter.

"Let's have dinner at grandpa's this evening."

"Didn't we just go there yesterday?"

"Let's go to your Grandpa's today."

Leon Hunter was stunned, but quickly agreed, "OK, I'll listen to you."

"How about I go first, and you can go straight there after work?"

"Uh... My car is broken. How about you come and pick me up? " Leon Hunter frowned awkwardly.

They were both busy and barely had time to be alone.

The only time they could be together by themselves was at night.

But these days, she either had to study or go to family gatherings.

He got a bit greedy and wanted to see her more during the day.

He took the chance and ask her to pick him up. It was on her way anyway, and there should be no problem.

"Good!" Alyssa Graham got ready to meet Leon Hunter.

Leon Hunter said that his car broke down. She felt lucky to have the chance to do something for him.

She wished the car stay broken for a few more days so that she could pick him up.

Alyssa was happy even just thinking of it. She felt happy to get closer to him.

After class in the afternoon, Alyssa went to meet Leon at Hunter's Group.

She thought she would be waiting for a while, but to her surprise, she met Leon soon after she got there.

As soon as he got into the car, the female employees standing outside his company followed them and tried to look into their car. Some of them even pointed at them as if they could not notice.

Alyssa looked at Leon Hunter and quickly started the car to take off.

She drove fast and was soon 300 meters from Hunter Group.

But even with the fast speed, when Alyssa looked back, she could still see many women staring at her car.

"Those old ladies are just...what are they looking at? They should go home and take care of the kids after work." Alyssa said impatiently.

"Most of the female employees in our company are single!" Leon Hunter's voice was calm. Compared with Alyssa, he appeared not to care at all.

"How do you know?" Alyssa looked at Leon Hunter and thought that someone may have hit on him and nervously holding the steering wheel. She couldn't help but asked, "Have some of them hit on you before, haven't they?"

"Yeah, it happened before. Are you not happy about it?"

Alyssa Graham looked at Leon Hunter, who was looking handsome in the front passenger's seat. "Right. I'm upset."

Leon Hunter didn't speak and just looked at her.

Alyssa felt a little awkward. She looked at Leon and didn't know what to say. So she remained silent.

For a moment, there was only the sound of the car engine.

Alyssa Graham wanted to break the embarrassment, but he didn't know what to say. So she just kept on driving.

Unexpectedly, Leon Hunter started talking..

"By the way, there's something wrong with my car. You drive me to work for a few days."

"What?"

"If you don't want to, it's OK." He took a look at Alyssa Graham, feeling a little upset.

"I would love to." Alyssa Graham smiled.

She is willing to do anything for Leon, including driving him to work.

She felt that Leon Hunter was the worm in her stomach, which was the best way to get in touch with him.

She continued to drive forward. Leon Hunter looked up at her and saw that she looked very happy.

He lowered his head, subconsciously blocked his expression with his hand, and didn't want her to see his emotions.

Thinking of going to work with hers in the future, Leon Hunter was very happy.

Half an hour later,

Alyssa and Leon got to the Hunter House.

Mrs. Hunter was on the phone and saw Leon Hunter and Alyssa Graham coming in together.

Her face immediately subsided, and she was not in the mood to make a phone call anymore. She threw the phone aside.

This Alyssa Graham was really annoying.

She just randomly ran into other people's homes as if she's got nothing else to do.

She was upset whenever she saw Alyssa Graham's face.

Since she liked to be sarcastic, she surely wouldn't mind sarcasm. She raised at the corner of her mouth and sarcastically said, "I thought I smelt something bad coming. Do you ever look at yourself in the mirror? You think you can come here whenever you want?"

Alyssa Graham knew that Leon's mom was talking about her, but she was not angry at all.

She comfortably stood in the Hunter House. Mrs. Hunter's anger was about to burst out. Emily Cole immediately came and held her aunt.

Seeing Emily Cole, Mrs. Hunter calmed down, "See how good my Emily is, not like those women from outside. They could hook up with other men outside, and pretend to be innocent. But fake stuff will never become real."

"Auntie, I have something to tell you. Come with me to my room first."

Emily Cole just saw Leon Hunter and Alyssa Graham coming from her window upstairs.

Alyssa just gave her a hard time during the day. It was not going to be a good thing when she came here now.

She was worried that Alyssa would talk about the oral competition. It would be even worse if she talked about being wronged for murder.

She tried to take her aunt inside, but Mrs. Hunter refused to go. She didn't know what to do for a moment.
