

When His Eyes Opened by Simple Silence

Chapter 2056

“Avery, do you think this method will work?” Mike walked beside her and asked in a low voice.

“Why not?” Avery asked back, “Search and rescue dogs are designed to do this kind of work.”

“I’m afraid Elliot has never been here before.” Mike said, “It’s so close to us, if Elliot was here before, that’s too heartbreaking!”

Avery: “Sometimes the most dangerous place is the safest place.”

“Well. If Elliot has never been here, you should rest at home for a few days, and then move on to the next plan when the injury is healed.” Mike discussed with her.

“I know. I had a dream about him last night, and he said he wasn’t dead. I’m sure he wasn’t dead.” Avery got a little emotional, “Mike, I’ve made up my mind. If he’s really dead, I’ll die. Mike, You will take care of our children, I’ll leave it to you.”

Mike: “???”

“Boss! How can you say such a thing?!” Ali said excitedly, “Even if Elliot really died Now, you can’t die! You have to avenge Elliot anyway!”

“I will definitely avenge him. I will kill Travis and Margaret, and then I’ll die.” Avery had already made up her mind.

Mike glared at Ali.

Ali said excitedly again: “Boss! You can’t die! You still have three such lovely children! Ah, no, four! You haven’t found Haze, how can you die?!”

Mike echoed: “Yes, still I didn’t find Haze, what would you do if Haze died? Avery, can you calm down a bit?”

“If Haze is still alive, there should be no problem for her to grow up alive. If Haze is dead, no matter how I look for her, it is impossible for me to find her again.” Avery said calmly, “My children and grandchildren will have their own children and grandchildren. Elliot and I think about it earlier, and Elliot won’t die.”

In the past, Avery put the child first, no matter which child she was, she was always in front of Elliot.

But during the time when Elliot disappeared, there was not a moment in her heart that was not painful.

Once a person loses the belief and meaning of living, every second will become extremely tormented.

This kind of pain cannot be shared with outsiders. Even if it is said, outsiders will not understand.

Avery didn’t want to say these words now, but the suppressed emotions in her heart accumulated to the extreme. If she didn’t say it, she couldn’t express her emotions.

“If you want to die, Hayden and I won’t let you die.” Mike’s face was gloomy and he poured cold water on her, “Once I tell Hayden what you just said, even if Hayden doesn’t eat or drink, he will die. Time is a good medicine to heal pain. After a year and a half, you will definitely come out. If a year and a half is not enough, is ten or twenty years enough? We will always with you.”

Avery didn’t answer him.

She knows that time is a good medicine. When her mother was killed and left her, she seemed to have come out of that grief in order to avenge her mother. Furthermore, she can come out once, but it is impossible for her to come out every time.

Mike and Avery stayed on the first floor and waited.

Mike sent several bodyguards to follow the SWAT upstairs.

After a while, the bodyguard hurried downstairs: “Miss Tate! The search and rescue dog found Elliot’s smell on the second floor!”

Avery rushed out like an arrow after hearing this sentence!

Tears welled up in her eyes, and she murmured excitedly: “I knew...he must not be dead...I knew my guess was correct...it was Margaret Kidnapped him...”

Mike quickly followed her pace: “Avery, run slowly! Be careful of the wound!”

Although Mike was worried, he was not so anxious.

After all, they finally found strong evidence!

When His Eyes Opened by Simple Silence

Chapter 2057

Now Avery could feel at ease. She could also breathe a sigh of relief.

She ran to the second floor, and the bodyguard immediately supported her and helped her to the room where the search and rescue dog was.

“This should be a utility room.”

After Avery entered the room, the SWAT pointed to a single folding bed that was pulled out by the search and rescue dog.

“Mr. Foster should have been lying on this folding bed. There is Mr. Foster’s breath on it.” The special police officer said.

Avery’s eyes were scarlet, she opened the folding bed, and sniffed it.

Mike cleared his throat: “Avery, since the dog has already smelled it, you should stop smelling it. We can take this bed away. This is the evidence!”

Avery choked her throat and said, “Let’s find Margaret now! Let Margaret give me an explanation!”

“Avery, I don’t have Margaret’s number, you can call her. But she said yesterday that she would never see you again. I’m afraid she won’t answer your phone.” Mike said, “Why don’t I send someone to Travis’s house now to see if Margaret is at home.”

“I’ll call her first!” Avery took out the phone from her bag and dialed Margaret with trembling fingers.

——Sorry, the user you dialed has been turned off, please try again later.

Margaret’s phone was turned off!

Avery took the mobile phone in front of her and glanced at it, because Margaret’s phone was turned off, the system has automatically hung up.

After taking a deep breath, she dialed Travis.

As a result, Travis’s mobile phone also couldn’t get through.

Mike took everything in his eyes, “I’ll send someone to Jones’s house to take a look!”

“Yeah.” Avery answered and dialed Emilio.

Emilio answered the phone very quickly: “Avery, do you have anything to do with me?”

“Your dad and Margaret don’t answer my phone, do you know where they are?”

“They don’t answer your phone?” Emilio said, his brain started running at a high speed, “Did they block you? I heard that you kidnapped Margaret yesterday...”

“Since you don’t know, then I’ll go find them myself.” Avery endured Furious, she said indifferently, “Margaret kidnapped Elliot, I’ve got the evidence! If Margaret is in front of me now, I wouldn’t kidnap her so easily!”

When Elliot came out, Avery couldn’t guess what impulsive things he would do.

“Oh...I’ll ask! Don’t worry, I’ll ask for you.” Emilio felt the seriousness of the matter, “By the way, how did you find the evidence?”

“The evidence is in Margaret’s company!”

“Oh! Good! Now that you have found the evidence, they will definitely return Elliot to you.” Emilio called his father’s assistant immediately after talking to Avery on the phone.

“Where’s my dad?” Emilio asked, “I have something important to do with him.”

The assistant immediately said, “Wait a minute. I’ll call the boss right away.”

After a while, Travis took the assistant’s phone and said, “What’s the matter? “

Dad, Avery called me and said that she had found evidence that you kidnapped Elliot. She couldn’t get through to you and Aunt Gomez, so she came to me.” Emilio said, wanting to hear from his father. As a result, his father just breathed a little harder and didn’t speak immediately.

“Dad, I know that Aunt Gomez must have done it. You and Aunt Gomez are not married yet. You don’t have to fight against Avery and the Foster family for Aunt Gomez’s sake. It’s not good for us.”

When His Eyes Opened by Simple Silence Chapter 2058

“Are you teaching me to do things?” Travis sneered.

“Dad, I’m just afraid that this incident will involve our family. Avery said on the phone that she would never let Margaret go. Avery can mobilize the huge forces behind Elliot. Do you really want to confront them?” Emilio persuaded, “Even if we face it head on, we’re afraid we won’t be able to win. Why do we do this when we know we’ll lose?”

“Emilio, you are too self-righteous. Your elder brother is better than you because he believes in me more. Because of this, he is stupid. He is not as smart as you.” Travis rudely berated his two sons, “If what I see develops as you expected, do you think I will face it head-on? I’m 73 years old, stinky boy, I’ve eaten more salt than you have eaten rice, do you think I’m so confused, that’s why you just said that to me?”

“Dad... I didn’t. I didn’t question you. I was just afraid that our Jones family would fall into unnecessary disputes.” Emilio said this, guessing what his

father's words meant in his heart, "Dad, if you and Aunt Gomez are now If you don't reply to her, she will definitely stop at our door."

"I'll get back to her later. I'm a little busy right now, so I don't have time to talk to her." Travis seemed to be in good spirits.

Emilio couldn't guess what chips his father had in his hand. It should be said that Margaret has any chips in his hand.

If Margaret simply kidnapped Elliot, she would not dare to be so arrogant.

"Emilio, you don't need to worry about this matter. I'll give you a new task now." Travis pondered for a while, then confessed, "I have promised Norah to help her complete the gambling agreement with Elliot. When the time comes, she will get the shares of Tate Industries, and then transferred the shares that belonged to her to my name."

"Oh, since you've already talked, what do you want me to do?" Emilio was puzzled.

"Norah has the same temperament as when I was young, proud, sensitive and impulsive. Her ability is higher than you and your elder brother, but it's a pity that she is a woman, if she were a man, you and your elder brother would have nothing to do with her. It's gone!" Travis's tone was contemptuous.

Emilio knew very well that this was his father's usual trick.

Travis does not want his children to have a close relationship, nor does he want them to have a harmonious relationship.

Travis is afraid that they will work together to overthrow his hegemony at home!

That's why he often says this kind of sobering words.

Travis's method is very successful. The children of the Jones family usually do not communicate with each other, and their relationship is very indifferent.

After Emilio finished talking with his father, he called Avery.

"My dad said he would call you back later. I'm not sure when he said it would be later." Emilio said, glanced around, and lowered his voice, "He is in the company now, if you can't wait, you can go to the company to find him immediately. As for Margaret, I don't know where she is."

"Thank you." Avery hung up after saying this.

She looked at Mike and said, "Go to MH Medicine."

"Are you sure?" Mike hesitated, "You can't just go to MH Medicine. That's Travis's business empire... I'll call more bodyguards."

"Well." Avery's emotions were intense now, but she was also calm.

Now comes the most critical time, whether it can successfully save Elliot back.

When His Eyes Opened by Simple Silence Chapter 2059

After half an hour, Mike mobilized enough bodyguards to go to MH Medicine with Avery.

At this time, Travis's call came to Avery's mobile phone.

Avery answered the phone without thinking.

"Avery, I heard that you have found evidence that Elliot is with us. Tell me, what is the evidence?" Travis calmly ignited Avery's anger.

"You brought Elliot from Yonroeville to Bridgedale and put it in Margaret's company. I was in Margaret's company and found the folding bed where you put Elliot. Travis, what else do you want to argue?!"

"Oh! How can you be sure that Elliot slept in that folding bed?" Travis still didn't know how the matter was exposed.

"The search-and-rescue dog smelled Elliot on the folding bed. Margaret's phone was turned off, do you intend to let you face it alone?" Avery asked, "I'll give you a day, before it gets dark today, if you don't give Elliot back to me, and I will kill you and Margaret at all costs! If you are not afraid of death, you can try it!"

How could Travis not be afraid of death?

In Avery's words, Travis heard a strong murderous aura. So his tone softened: "Avery, let me tell you the truth! I can't contact Margaret today. I had to try on the wedding dress that I had ordered, but I couldn't get through to her."

Avery: "What do you mean?"

"Margaret is missing. It's true that she kidnapped Elliot, and it has nothing to do with me." Travis immediately dumped the blame, "Margaret secretly brought Elliot to my plane in Yonroeville at the time. I only learned about this when I returned to Bridgedale. She told me to leave her alone, or she would stop my medicine. "

Avery frowned, not expecting such a situation!

"You also found out about my investment in Margaret. I invested in her, and she developed anti-aging drugs for me. I have to take medicine every day. So I can't live without her. I can't anger her." Travis said that he was also a victim, and left himself clean. "What do you think I'm arresting Elliot

for? I don't like men, and I didn't use him to get you half a penny... This matter has nothing to do with me! Go to Margaret if you want!"

"Where did she go?!" Avery had a splitting headache.

She thought She had found a clue and would be able to rescue Elliot soon, but who knows, Margaret is left!

Without Margaret, she couldn't find out Elliot's whereabouts!

"I told you from the beginning that I can't contact her. My wedding to her is approaching, I can't find her, and I'm also anxious!" Travis spoke faster, "Avery, go find Margaret! If you find her, please let me know as soon as possible!"

"Travis! You old rascal!" Avery yelled, "Tell me, what happened to Elliot when you saw him?! Is he still alive? What did Margaret kidnap him for? Did Margaret hurt him? How is his health now?!"

Avery couldn't wait to know the answers to these questions.

She can't see Elliot's figure, and she can get the definite news that he is still alive!

"Avery, haven't you met Margaret herself? Don't you think she's a bad person who does all kinds of evil? Didn't you say that your teacher praised her? You don't even believe what your teacher said?" Travis asked here, relieved, "I still won't say it, because I don't know what the specific situation is. I can only tell you that when you find Margaret, you will definitely not hate her so much."
