

Chapter 5035

In addition, Elaine herself is a character that must be punished.

Now that she has become the boss here, she will naturally retaliate on Chloe.

Chloe dared to be angry but didn't dare to speak,

So she could only get up quickly, and with Jessica, went to the bathroom to change into clean clothes,

So she began to kneel on the ground and wiped the floor with all her might.

After everyone moved freely in the cell for a while,

The prison guards came over and began to roll the call.

After the name was called, the prison guard suddenly said, "Evelin Chen, Shaniya Wang, Anika Luo,"

"You three come back after dinner to prepare, and pack your personal belongings,"

"And you can go through the formalities for getting out of prison before noon today."

As soon as this came out, Elaine's expression suddenly became extremely horrified.

The three names that the prison guard called were the three female soldiers of the Cataclysmic Front,

who were Elaine's biggest supporters at this Institution?

It is precisely because of the unparalleled combat effectiveness of these three people,

That no one dared to provoke Elaine here.

As for those former prison bosses, who had tried to challenge Elaine's authority,

They were all taught a good lesson by these three.

Later, all those who were unconvinced were beaten and feared,

And Elaine became a well-deserved Bedford Mountain ghost.

However, she never thought that the three big backers who supported her,

To become the Bedford mountain ghosts would suddenly be released from prison!

Nervous, she immediately asked, "What's the matter?! They...they are going out now?"

The prison guard smiled, nodded, and said,

"The defendant in their case has been withdrawn, and it can be done today. They will be free again."

As she said that, she looked at Elaine and said with a smile,

"By the way, Sister Elaine, I asked the kitchen to prepare soy milk fritters for you. You can try it later."

Elaine stayed on the spot. What soy milk fritters, she is so scared that her face is blue and white now.

The three female soldiers were also a little surprised.

Because the order they received before was to protect Elaine at the Bedford Hill Correctional Institution.

Therefore, in their opinion, only when Elaine is released from prison first will it be their turn.

But they never imagined that they would be released from prison in front of Elaine.

The three of them are also very clear that they have helped her during this time,

And established absolute prestige in the Bedford Hill Correctional Institution,

But at the same time, they have also made countless enemies.

Because the three of them were by Elaine's side 24 hours a day,

Those who were beaten naturally did not dare to make trouble.

However, if the three of them are released from prison first and only Elaine is left,

Then will she not be beaten to death by these vengeful people?

No one else will say it, just Chloe, who is in the same cell, will probably kill Elaine!

Elaine was also trembling with fright at the moment.

She never dreamed that the transition from heaven to hell would come so quickly!

When Chloe, who was kneeling on the ground and mopping the floor,

Heard this, the whole person immediately cheered up.

She knew very well that Elaine's protective umbrella here mainly came from two aspects,

And the first to bear the brunt were these three women who were particularly capable of hitting.

The second is the special care that the prison guards gave her.

And what really troubled Chloe was the three women living in the same cell.

Chloe hated Elaine for a long time. When she heard that the three women are going to be released from prison,

The first thing that came to her mind was to wait for the three women to leave,

And after everyone had finished she will beat Elaine to death.
