Chapter 591

Chapter 591 Melissa Wins

This was the first time many people had seen such a masterpiece of carving technique, and they couldn't say anything but praise.

Julia was even more shocked. She couldn't believe it at all. The carving technique of this string of beads in front of her seemed to be much better than that mountain ornament.

Carving on a bead was much more difficult than carving on a large piece of jade.

"This is amazing. I can't see the pattern on this bead from a distance."

"Who could have carved a masterpiece like this?"

"But Ms. Eugen just said that the sculptor was just an ordinary old man. Could it be that there is someone more talented than those famous carving

masters?"

"I thought that Ms. Eugen's gift had little value, but now it seems that it is the most treasured!"

The people around praised, and some even began to ask where Melissa made this bracelet.

Marc quickly took the bracelet back and rubbed it in his palm like a treasure. He looked at the jade pendant on it.

Suddenly, he seemed to have touched something. When he turned it over, he saw a square, carved name in the corner.

There were two words that were written in the squiggle.

Marc narrowed his eyes. He felt that these two words were very familiar. He looked at Melissa and asked tentatively, "Do I know this person?"

Melissa smiled. "Of course. It's Keyon Buckton, the master of sculpture."

Chapter 591 Melisca Wins

"I can't believe he would agree!"

Marc looked at Melissa in disbelief. He had only met Keyon a few times, but Keyon was stubborn and did not like Marc. However, Marc never expected Melissa to actually know Keyon.

The people next to him were confused, and a few young people were discussing in private.

"Who is Keyon Buckton? I have never heard of this name."

"Maybe he is just a sculptor."

Julia narrowed her eyes and carefully searched for the name of Keyon in her memory. However, it was completely blank. She was sure that she did not know Keyon, and there was no such person among the famous sculptors.

Therefore, Julia only thought that Melissa had accidentally found a folk master and accidentally made this bracelet.

"However, I hid it from Marc and asked him to teach me how to carve the bracelet. Otherwise, if he knew that this bracelet was for you, he would probably be angry with me."

When Melissa thought of Keyon's angry face, she felt a faint headache.

"Teach you?" Marc was keenly aware of the key information in Melissa's words.

Melissa was stunned for a moment, then nodded and said, "Indeed, the pattern on this bracelet was taught to me by Mr. Buckton. However, I am clumsy. Mr. Buckton helped me a lot."

What Melissa said was not true. The pattern on the bracelet was indeed taught to Melissa by Keyon. However, Melissa was actually already proficient in carving techniques. After all, it was impossible for a rookie to carve such a wonderful bracelet.

Marc never thought that Melissa would say this. Now, many people cast meaningful glances at her.

"Melissa, thank you so much." Marc patted the back of Melissa's hand in relief. He was pleased with Melissa.

He quickly turned his gaze to Murray, who was at the side and quickly hinted at him to marry Melissa as soon as possible.

Murray frowned, and when he looked at Melissa, his eyes were filled with tenderness.

—“No, this is impossible. How can you carve something like this?”

Julia couldn't believe what Melissa said at all. She had thought that it was already an accident that she lost the bet.

That was why Julia had deliberately given Marc the jade today to provoke Melissa, but Julia had never expected that Melissa would take out such a thing.

“Didn't I say it before? Mr. Buckton helped me a lot,” Melissa said in a soft voice.

When Julia heard this, she froze. “I really want to pay a visit to master Keyon. Ms. Eugen, since he doesn't show up anymore, where did you find him?”

Julia already had some ideas. She decided to find Keyon when she went back.

“Perhaps Ms. Wright should also know him. After all, you already know a carving master like Malcolm,” Melissa said seriously.

However, when Julia heard these words, she felt that it was extremely ironic. Now, Melissa had completely surpassed her in terms of both the quality of the jade and carving techniques.

If it was really a perfect piece of art carved by an ordinary carving master who lived in seclusion, then what was the point of her relationship with Malcolm? Chapter 591

#### Chapter 591 Melissa Wins

Moreover, Julia spent a very long time and even got the Wright family to help her to ask Malcolm to carve this ornament. Julia tried almost everything.

“Ms. Eugen, I don't seem to know this old master called Keyon Buckton.”

Julia thought about it carefully and confirmed that she did not know this person.

“Ms. Eugen, the old man you are talking about is Kenny Buckton, right?” just then, someone beside Marc suddenly asked.

“Who is it?” a man exclaimed loudly when they heard the name.

“That's right, he is Kenny Buckton.”

Melissa answered, then turned to look at Julia and asked curiously, “Haven't you heard of Kenny Buckton, the carving master?”

Melissa did it on purpose.

The moment Julia opened the gift today, Melissa knew what she wanted to do today.

“Kenny Buckton...” Julia frowned and murmured the name.

Kenny was the real master of carving techniques, and Malcolm was also Kenny’s disciple.

When Kenny was in his prime, he chose to live in seclusion. Then, people got to know his disciple, Malcolm. Therefore, Malcolm became famous.

No one knew where Kenny had gone. Until a few years ago, Malcolm said that his master had gone to travel around the world.

Julia had thought of countless ways to humiliate Melissa, but she never thought that Melissa would actually get Kenny’s help.

All of a sudden, Julia felt dazed. She couldn’t accept why Melissa won every time. Melissa was ever so lucky.

Chapter 592

Chapter 592 Julia Is Unreconciled

Julia had never lost so thoroughly in her life.

Those looks of envy that should have fallen on her now fell on Melissa. This made Julia clench her hands that were hanging by her side tightly.

Julia was unreconciled.

However, no one paid any attention to what Julia was thinking. Everyone at the banquet focused on Melissa and Marc.

“Mr. Marc, do you like this gift?”

Melissa smiled at Marc. Although Melissa already knew that Marc was very satisfied through his reaction, she wanted to hear Marc say it.

“I’m a little dissatisfied.”

However, Melissa had never expected that Marc would say this when he saw Melissa, who was seeking a compliment.

The smile on Melissa’s face froze, and she looked at Marc innocently and pitifully, “Marc, I’ve prepared this gift for so long. Is there anything that you are not satisfied with?”

“There are no problems with the gift you prepared. I am not satisfied with Keyon.”

When Melissa heard this, she blinked her eyes curiously.

Marc crossed his arms and played with the beads in his hands. He snorted coldly and said, “Back then, that stubborn old man refused to sell me the carved jade pendant no matter what I said. I gave him so many good things, but in the end, he still deceived me. I was so angry.”

Marc was furious when he thought of what happened back then.

However, when Melissa heard “jade pendant,” she was slightly dumbfounded.

Wasn’t that the thing Keyon gave to her?

Melissa’s expression was a little complicated. She quietly turned her eyes and moved to Marc’s side.

“Mr. Marc, think about it. Mr. Buckton has retired for many years. He swore that he would no longer carve for anyone. So don’t you let him break his oath?”

When Marc heard this, he pursed his lips into a smile and reached out to tap Melissa’s forehead.

“I didn’t let him break his oath, but you did. But I really didn’t expect you to give me so many surprises.”

“As long as you’re happy, it’s my pleasure.”

“Happy! How can I not be happy? However, the thing that makes me even happier is that you and Murray have a grandson for me as quickly as possible.”

“Mr. Marc!”

Melissa didn’t expect Marc to say such things at the banquet. She shrunk her neck and looked at Marc with embarrassment.

Marc wanted to say something, but Murray had reached out and pulled Melissa into his embrace.

After Melissa gave out her gift, the birthday banquet was almost halfway through. Although Marc liked to be lively, it would make him feel noisy if there were too many people and the banquet lasted too long. Therefore, when the birthday banquet was almost done, Marc left first.

Although this was Marc's birthday banquet, in the end, the people invited were all members of rich families and the people of the upper class.

In addition to celebrating Marc's birthday, they were here to expand their connections, and the second half of the birthday banquet became a cocktail party.

Melissa sat on the sofa and ate the cake. She watched Murray talking to others from afar and felt a little bored.

"Meli!"

At that moment, Vivian walked over holding her skirt. Arno was following her.

Seeing this, Melissa nodded at Vivian. Before she could say anything, Vivian spoke first

"Melissa, have you found the people who broke into the company before, and the mole in the company? Who are they? Can you tell me?"

"What's wrong?" Melissa looked up at Vivian, and it was rare to see Vivian look so excited

"Of course I have to teach them a lesson. These two people are too hateful. They caused such big trouble and almost made me..." At this point, Vivian paused.

"I will send them directly to prison, but before that, how do you want to teach them a lesson?"

Melissa looked at Vivian and smiled.

"Well... I haven't had a perfect idea yet."

Vivian nodded in reflection, "But I thought about it carefully. What if I were to abuse them, and they sue me instead? Wouldn't I suffer a great loss?"

Hearing this, Melissa leaned closer to Vivian. "No, I think that whatever you do, your family will do their best to protect you.

“After all, you two young lovers are so loving. People all simply envy you.”

Melissa deliberately teased Vivian, and sure enough, she saw that this shy girl immediately blushed.

Chapter 592 Julia Is Unreconciled

Vivian glanced at Arno beside her and revealed a sweet smile.

Melissa rubbed her temples helplessly. If she had known earlier, she wouldn't have said that. She now was a victim of a public display of affection.

“By the way, how's it going with your crew? I remember that you guys are about to finish filming.”

Vivian nodded after hearing that. “Yes, you're right. There are still two scenes left. It will be completed the day after tomorrow.”

“I'll have to trouble you later. After all, after filming the promotional scene, you still have to cooperate with Jaylin.”

Although Vivian already had a boyfriend, Jaylin and Vivian had a lot of couple fans, so the necessary couple promotion could retain some fans. The publicity of the company's new drama needed such popularity.

Vivian was not a new actress, so she naturally knew the rules. She nodded and did not object.

However, just then, when Melissa turned around, she saw that the person standing next to Murray became Julia. Julia held a champagne glass and smiled at Murray, saying something.

And Murray had his back to Melissa, so Melissa didn't see his expression.

Vivian followed Melissa's sight and saw it too. She frowned.

“Excuse me.”

Melissa sneered and stood up, holding the hem of her dress, walking toward Murray.

Vivian, who was on the sofa, turned to ask Arno, “Who was that woman?”

With Vivian's woman intuition, she could tell at a glance that the woman was interested in Murray.

Get Bonus However, Vivian felt that this woman was so bold to dare to fight over a man with Melissa.

“She is Julia, the young lady of the Wright family, a genius in stone gambling.” Arno played with Vivian’s fingers and said casually.

“Stone gambling?” Vivian blinked and asked curiously.

“Well, the Wright family made a name for themselves through stone gambling, and Julia is regarded as the best genius of the Wright family in recent decades.”

“Amazing.” Vivian couldn’t help exclaiming, but somehow she felt a sense of familiarity when she looked at Julia.

But after thinking about it carefully, Vivian knew that she had never seen Julia before, so she thought it must be her illusion.

Chapter 593 Poor Acting Skills

However, just as Melissa was about to walk over, she was stopped.

Melissa frowned and looked at the person in front of him.

“Is this Ms. Eugen?” The man’s voice was cold. When he looked at Melissa, there was a hint of a smile in his eyes.

“You are...” Melissa thought about it carefully, and it seemed that she did not know the person in front of her.

Seeing this, Kyson took out his business card from his inner pocket and handed it to Melissa. “Ms. Eugen, I am Kyson Rosario from New Media.”

Melissa took a glance at the card out of courtesy and said, “Do you need my help or what?”

Kyson’s expression was somewhat subtle. He blinked and finally said with a smile, “I want to treat Ms. Eugen to a meal.”

“Meal? Then can Mr. Rosario give me a reason?” Melissa narrowed her eyes.

Kyson hesitated for a moment before saying, “I really admire Ms. Eugen, so I always wanted to get to know you.”

“I’ll take the business card. The meal is unnecessary. Now I know you,” Melissa said concisely, and it seemed that she didn’t want to be entangled with Kyson in front of her. She really wanted to leave.

But Kyson was one step faster and stopped Melissa again. “Ms. Eugen, please give me a chance and have a meal with me. I really admire you.”

Kyson’s voice was a little anxious, which made Melissa a little confused.

She felt that this person seemed to have other purposes.

“Do you really want to treat me to a meal?” Melissa looked up at him. Chapter 593 Poor Acting Skills

“Of course.” Kyson quickly nodded. “It is my great honor to be able to meet Ms. Eugen.”

“Alright then.” Melissa deliberated for a moment and slowly opened her mouth, seemingly indicating that she had agreed to Kyson’s request. “I will call you. If you have time, you can treat me to dinner.”

As she spoke, she shook the business card between her fingers and said indifferently.

However, Kyson pursed his lips. “How about now, Ms. Eugen?”

Seeing this, Melissa couldn’t help but laugh. “Do you want to buy some time?”

As if his secret had been found, Kyson’s eyes were evasive, but the next second, he looked at Melissa calmly and said, “Ms. Eugen, what are you saying? I can’t understand.”

Melissa crossed her arms and narrowed her eyes.

“Don’t you know that I am the boss of an entertainment company?”

Melissa’s words made Kyson confused, and he was in a daze.

“I have seen a lot of actors, but you have no acting skills at all.” Melissa smiled.

Kyson's face was a little stiff, but Melissa ignored him. She directly bypassed Kyson and walked toward Murray.

When she arrived, she only heard Julia say to Murray.

"I don't know when Mr. Gibson has time. I wonder if I can treat you to a meal."

As she spoke, Julia seemed to want to lift her glass to him.

Melissa's eyebrows twitched. She stepped forward and lifted her glass to Julia.

"What are you talking about? Ms. Wright looks very happy."

Julia secretly scolded Kyson for not delaying for long, but there was still a smile on her face.

"It's just a business deal," Julia said with a smile, "But Ms. Eugen looks so nervous. Did you misunderstand something?"

There was a hint of ridicule in her tone. She didn't know if Julia did it on purpose. Julia even glanced at Murray, but he chose to ignore it.

Seeing this, Melissa could not help but chuckle. "Misunderstanding? I won't misunderstand anything at all because Murray will never like you."

"Ms. Eugen, you can't be so sure. How do you know that Mr. Gibson won't like me?" Julia grabbed her glass tightly.

"Just based on the fact that you can ask such a funny question." Melissa laughed and approached Julia, blinking at her.

"Ms. Wright, do you still remember what you said at the gambling house?"

"What?" Julia frowned.

"You said if you won, I would let you take away Murray. But if you lose, I can take your life. I wonder if Ms. Wright still remembers."

Melissa smiled, but her smile was cold. She hated people like Julia the most. Moreover, she would never allow anyone to touch Murray.

"Although you say so, you didn't agree at that time." Julia forced a smile.

"Of course. If I agreed, Ms. Wright would not be standing here now."

"Melissa, don't go too far!" Julia narrowed her eyes and looked at Melissa.

However, Melissa's expression was very indifferent. She shook the glass of wine and looked at the rising bubbles.

"So I need to know someone like Ms. Wright who knows what to do. Otherwise, what will happen will be unknown." Chapter 593 Poor Acting Skills

Hearing this, Julia paused slightly and raised her head to look at Melissa, completely ignoring whether she should smile.

"Melissa, what do you mean by this? Are you threatening me? I'm from the Wright family. How dare you touch me?"

"Then I'm really scared." Although she said this, her expression didn't change at all.

Tilting her head, Julia stepped forward, approached Melissa, and said with a smile, "Melissa, I will definitely get Murray."

She turned and left.

The coldness in Melissa's expression did not fade. She looked at Julia's back, and her knuckles were slightly pinched.

At that moment, Melissa was brought into a warm embrace. Her waist was – tightly grabbed. Melissa tilted her head slightly and saw Murray's face.

"Murray, I'm jealous," Melissa said calmly.

"My company does have a business with the Wright family recently, but I didn't say anything to Julia."

Murray said indifferently. He tilted his head and left a kiss on Melissa's neck.

After turning around in Murray's arms, Melissa and Murray faced each other, and she reached out to hug his neck.

"What should I do? Murray, this is the first time I have met such an arrogant love rival."

Murray pondered for a moment and then said seriously, "There is a way."

"What?" Melissa blinked curiously.

Murray lowered his head. Melissa's appearance was reflected in his deep eyes. He stretched out his hand and gently brushed Melissa's eyebrows with his

fingertips. His voice was low and gentle,

“Marry me.”

Chapter 594 Are You Proposing to Me?

Melissa froze on the spot as she never thought that Murray would say this.

For a moment, Melissa’s mood became a little weird. She looked at Murray and her lips moved slightly. “Are you proposing to me?”

“If I am, will you agree?” Murray said in a low voice. Although they were now engaged, the date of their marriage was still far away.

“Propose at such an occasion? Mr. Gibson is not romantic at all. I won’t agree to it.” Melissa pursed her lips and tilted her head to the side, resting it on Murray’s shoulder.

To be honest, Melissa didn’t want to get married immediately. Perhaps she felt that it was not the right time or something else.

Seeing Melissa’s reaction, Murray lowered his head and kissed her hair.

He understood Melissa and could naturally read what she was thinking from her expression. His eyebrows could not help but gently furrow.

“You don’t want to?”

Melissa was stunned when she sensed the displeasure in Murray’s tone. “No, I just don’t think it’s the right time.”

Murray held Melissa’s waist and stopped talking.

At that moment, Claire walked over. Her eyes were somewhat evasive. After a while, she slowly said, “Murray.”

She hesitated for a moment before asking tentatively, “How will you deal with ... Adela?”

His gaze fell lightly on Claire’s face. Murray said coldly, “What’s the matter?”

Claire's body trembled, and she hurriedly pursed her lips and said, "It's fine. I was just curious. After all, she wanted to frame Melissa..."

## Chapter 594 Are You Proposing to Me?

As she spoke, Claire forced herself to look at Melissa's face. However, she clearly saw the sneer on Melissa's lips as if she was mocking Claire's current actions.

"Uh..."

Claire felt guilty. Fortunately, she only knew Adela's plan and did not participate in it.

However, it was futile to say anything now. Claire casually said a few irrelevant words and hurriedly turned to leave.

Melissa looked at Claire's back and couldn't help but laugh.

Murray took a look, and Melissa lazily nestled in Murray's arms. "I do not know why you have a sister like Claire."

Murray did not respond to Melissa. Melissa looked up at him and knew that Murray was still unhappy about what had just happened.

Melissa reached out to hold Murray's arm and gently fiddled with his cufflinks. "Are you angry?"

However, Murray still ignored her. Melissa wrinkled her nose and tiptoed a little closer. "Are you really angry?"

Melissa asked gently and tentatively.

Suddenly, Murray reached out and pinched her lower jaw. He turned around and kissed her as if he was punishing her. He bit Melissa's lips, making her groan softly in pain.

"What are you doing?" Melissa reached out and patted Murray on the chest, pursing her lips that were a bit painful.

Murray looked at her with a bit of sadness in his eyes.

"Melissa," He muttered softly as if he was calling for some precious treasure.

Melissa looked at Murray's affectionate eyes, and her heart softened. She could not help but softly say, "Can you give me some more time?"

At night, Enoch called for the first time.

“Marc is so narrow-minded. I just didn’t give him a birthday gift, and he was so angry with me.”

When he thought of the phone call that he had tried so hard to curry favor with, Enoch couldn’t help but roll his eyes.

Melissa couldn’t help but smile. The two old men fought like children every day.

“I heard that you invited that old man, Keyon,” Enoch said.

Melissa nodded and said, “I asked Mr. Buckton to teach me how to carve a bracelet and give it to Mr. Marc as a birthday gift.”

Keyon announced that he only had one disciple, and that was Malcolm. However, what no one knew was that Melissa was also Keyon’s disciple, but he did not announce it to the public.

Enoch nodded slightly when he heard this. “Only you can invite Keyon, but I heard that his disciple might be going to Aldness these days.”

“Malcolm is coming?” Melissa was a little surprised but thought about it carefully. Julia had already asked him to do the carving, indicating that he was not in Aldness but somewhere not far away.

“I don’t know about it either. You can contact him later.”

As Enoch spoke, he suddenly seemed to have thought of something. He pressed his fist against his lips and coughed lightly. Then, he sat up straight. The expression on his face was very serious. Even Melissa couldn’t help but become serious.

Chapter 504 Are You Proposing to Me?

“You’ve been engaged to that kid from the Gibson family for a long time, right?”

Hearing her grandfather ask this, though Melissa was a little confused, she still nodded. Moreover, her grandfather was also there at the previous engagement ceremony.

He clicked his tongue lightly, but there was still some hesitation in his expression. His hesitant appearance made Melissa even more puzzled.

“Grandpa, what are you trying to say?”

Hearing Melissa’s words, Enoch finally opened his mouth. “Then are you…”

Enoch suddenly stopped, and he only used his eyes to signal Melissa.

Melissa, however, had no idea what her grandfather was trying to say.

“Grandpa, what are you trying to say?” Melissa said with some helplessness.

“Did you do it with him?” After a moment of deliberation, Enoch finally asked.

Melissa also did not expect that her grandfather would ask about this matter. Melissa’s face immediately turned red. “Grandpa, why are you asking this?”

Enoch coughed violently. He took a sip of the coffee beside him and said seriously, “There are some things you have to pay attention to. The two of you are not married yet.”

“So?” Melissa blinked.

However, Enoch said something, and Melissa didn’t know whether to laugh or cry.

Murray, who had just taken a shower, came out and saw Melissa holding the phone with a weird expression.

“What’s wrong?” Murray walked over, his body still wet.

Chapter 594 Are You Proposing to Me?

Melissa shook her head. “Grandpa called me just now.”

Murray put his arm around Melissa’s waist and sat next to her.

“Grandpa told me something,” Melissa said.

Murray responded casually, but his palm had already begun to move around Melissa’s arm and back.

He intimately sniffed Melissa’s hair.

However, the next second, Melissa reached out and grabbed Murray, stopping him.

Murray frowned.

“This is what Grandfather said to me.” As she spoke, Melissa stood up and looked at Murray with a smile. “Let’s sleep separately recently.”

Raising his head in confusion, Murray said in a deep voice, “What did Grandpa say to you?”

“Grandpa asked you to take care of your body,” Melissa spoke in a rather reserved manner, but her gaze had already quietly landed on his lower body.

Seeing Murray frown, Melissa immediately turned around, but just as she was about to leave, she was directly pulled back into his arms by Murray’s hand.

S

“Take care of my body?” Murray asked with a hint of danger in his voice. “Where should I take care of?”

The warm breath came into her ears, making Melissa shrink.

“You have to ask Grandpa personally,” Melissa blinked and said. She wanted to struggle to get up, but Murray grabbed her tightly.

“Let go of me.” Melissa pressed her hand against the back of Murray’s hand.

However, the next second, Murray picked up Melissa and pressed her against the bed.

Melissa exclaimed softly, but the next second, she was swallowed by the fervent kisses.

The next day, Melissa looked at Murray, who was in high spirits, and she looked at her weak body. She could not help but wail.

Murray... Why was he so vigorous?

Every time, she would be exhausted.

Chapter 595 Ask Grandpa

“What’s wrong” Seeing that Melissa was slightly raising her head and glaring at him, Murray pulled her into his arms in a good mood.

Melissa rolled her eyes at him. “Sleep on the sofa next time!”

“How can that be?” Murray protested.

“Why can’t you...”

Melissa hadn’t finished speaking when she saw Murray bend over and directly kiss her lips...

“OK.”

As the director sitting in front of the camera made a sound, all the machines immediately stopped working.

Harley also quickly let go of Sylvia and pushed her out of his embrace, keeping a distance indifferently.

A trace of injury flashed through Sylvia’s eyes. She wanted to say something to him, but he seemed to be deliberately avoiding her. He quickly turned his head and spoke to the staff member.

Many staff members came up to congratulate them.

“Congratulations! The MV is finally over.”

The director led everyone to applaud.

Harley revealed a modest smile and didn’t say much while Sylvia expressed her gratitude to everyone.

However, while they were talking, Sylvia had been looking at Harley, especially when the director asked them, “Let’s have a celebratory meal together after the work is over. It’s in a nearby restaurant.”

After the other staff members heard the director’s words, they all time happy Sylvia also looked at Harley with great anticipation

Harley smiled and looked at everyone apologetically “I’m really *sorry* I can’t eat with you guys tonight. You all know that my wife is pregnant. Now that the work is over, I want to spend more time with her.”

The staff looked at Harley who was so concerned about his wife and showed envious expressions.

Sylvia clenched her fists in jealousy. She cursed Nina a thousand times,

Why did Harley give all his tenderness to Nina? All of these should be hers!

The director looked at Harley and was a little disappointed. He tried his best to persuade him, "You are the male lead of our MV. It will be boring if you don't come to this celebration party. It is just a meal. It won't take long."

Sylvia looked at the director trying to persuade Harley. She was delighted and quickly said.

"Yeah, if you didn't come, we definitely wouldn't have had enough fun. You didn't want to ruin everyone's fun, right?"

The staff then quickly persuaded Harley.

Under everyone's persuasion, Harley had no choice but to reluctantly agree. After that, he quickly packed up and went to the restaurant.

After three rounds of drinking, Harley was actually drunk. He was not good at drinking

He lay on the table to rest.

The dinner was also coming to an end, and many people were already ready to leave. The director and staff looked at Harley, who was unconscious and felt somewhat worried.

#### Chapter 595 Ask Grandpa

"Why don't I send him back? It's definitely not safe for him to go back alone." One of the male staff members was still conscious and suggested,

Sylvia had always been paying attention to this opportunity. It was exactly what she wanted.

How would she let the male staff send Harley back? She immediately went over and helped Harley up. "Let me send him back. I know where his house is, and my house is also on the way to his house."

Many people in the crew were clear about the relationship between Harley and Sylvia in private. She took the initiative to say so, and they all tacitly understood.

Since no one said anything, Sylvia happily helped Harley get into the taxi, but she did not let the driver drive the car to Harley's house but went to the nearest hotel.

Sylvia looked at Harley, who was lying on her shoulder in a coma. Her heart was full of joy. She did not believe that Nina could still occupy him.

When they reached the hotel, Sylvia carefully placed Harley on the bed.

She called Harley's name softly, wanting to see if he was still conscious.

As a result, Harley opened his mouth slightly as if he was whispering something

She bent down and moved her ear closer, but the next second, her face darkened.

Only then did she hear clearly that he was calling Nina's name.

At this time, he was still thinking about that woman!

The jealousy in Sylvia's heart drowned her. She was so angry that she sat on the bed and clenched her fists tightly. She stared at Harley, who was still muttering Nina's name.

In the end, she made up her mind, grabbed his collar, and untied his clothes, She took off her clothes and lay down beside Harley, taking off his clothes,

Sylvia wanted to do something with Harley, but he was too drunk and could not do anything

However, this did not stop her. Sylvia took out her phone and took a few selfies with Harley

Then she leaned into his arms and fell asleep.

When Harley woke up, he had a headache.

The phone kept ringing, making his head hurt even more,

He randomly touched and tried to pick up the phone, but another soft hand picked it up faster than him.

Then, he heard a female voice, "Hi, what is it?"

He didn't know what was said on the other side of the line, but the phone was hung up after a few seconds of silence,

Harley woke up at that moment. He opened his eyes and looked at the person beside him. He found that it was Sylvia,

Seeing that both of them were naked, he quickly wrapped his body in a quilt and glared at Sylvia. "What did you do last night."

Sylvia looked at him with sleepy eyes and then gradually came back to her senses.

"You were drunk last night. I wanted to send you home, but you shouted that you wanted to vomit. I couldn't let you get out of the driver's car, and I took you to a nearby hotel. I wanted you to vomit before sending you back in the end, you pulled me to bed..."

Sylvia did not continue the rest of the sentence, but Harley had already known,

But when he carefully recalled what happened last night, he did not have the slightest impression of it.

He only remembered that he fell on the table after drinking and was unconscious. His memory of last night was completely blank.

Looking at Sylvia crying so sadly, he didn't know whether what she said was true or not.

"Can't you resist? You know Nina..."

At this point, Harley had no choice. If he continued, his heart would be filled with guilt for Nina. She was pregnant now. If she knew about this, she would definitely collapse.

Sylvia gradually stopped crying and raised her head to look at him with a face full of grievances as if she tried so hard. "I know that Nina is pregnant now, and knowing that this matter must be a big blow to her. Don't worry, I won't tell anyone about this matter. Just pretend that nothing happened,

Chapter 596 Make Her Stomach in Kota

"After all, you do not like me Even though there is something, it is meaningless

Hearing Sylvia's words, Harley felt even more complicated. He did not know what to say. He just silently changed his clothes and immediately left the hotel

However, he did not know that the call just now was from Nina.

Sylvia watched Harley leave the hotel room before she raised her hand to wipe away the tears that did not exist on her face. A hint of a proud smile appeared in her eyes.

As long as Nina made a fuss, Harley would be hers sooner or later. She didn't believe that any women would be able to endure their husbands sharing a bed with another woman,

Ten minutes ago.

Sylvia picked up the phone, and Nina's voice came from the receiver. "Hey, Harley, where are you? Why didn't you come back last night?"

Nina had been waiting for Harley to come home the whole night. If Harley had something to do, he would have told her in advance. He had not called her last night, Nina was so worried.

Sylvia immediately perked up when she heard that it was Nina. However, she deliberately pretended to be very tired. Her tone was lazy, but she raised her voice. She did not sound tired at all. She even had the intention of showing off

"Miss Paul Harley was very tired last night and fell asleep Um. If you have something to say, just tell me."

When Nina heard Sylvia's voice, she was stunned for a moment and unconsciously pursed her lips. After a moment, she said, "Miss Cowan, why are you Are you with Harley?"

"Oh.." Sylvia responded lazily and subconsciously glanced at Harley, who was

still asleep. At this time, the man just turtied over and shorted unconsciously Nina heard it dearly, and the light in her eyes dimmed in an instant

She heard it

Sylvia smiled and quietly sat up from the bed. She whispered to Nina, "Miss Paul, you heard it too. Harley was with me last night, and I was the one who took care of him. If you have nothing to do, hang up first. When he wakes up, I will tell him."

Not long after Nina hung up the phone, Harley woke up, and that happened.

Harley did not know that there were already reporters that Sylvia had arranged outside the hotel. The purpose was to take photos of her and Harley leaving the hotel one after the other. It would definitely become gossip. Nina would not be able to deny it!

She didn't believe that she couldn't even compare to that woman!

Two minutes after Harley left the hotel, Sylvia also appeared outside the hotel entrance. She even pretended to look around before lowering her cap and leaving in a hurry.

Not long after she left, Sylvia received a message.

“Miss Cowan, everything is done.”

Sylvia saw the message and smiled. She walked to the left street, got into a car, and left

Harley was also absent minded after leaving the hotel, but the first thing he thought of was Nina. He had 1101 gone home all night she must be very anxious

Harley shook his head and made up his mind not to think about Sylvia When he hurried back home, the first person he saw was Nina, whose eyes were empty and distracted,

He swallowed and tried to smilelle said in the most peaceful ton“, “Nina, I’m back.”

Nina blinked slowly. When she heard Harley’s voice, she raised her head to look at him. However, she remembered what Sylvia had just said. They hari been together for the whole night, and Harley had fallen asleep

What would they do?

Nina’s heart sank. In the end, she only faintly lowered her head and nodded, “Oh, you’re back.”

Harley was keenly aware of the change in Nina’s expression, and his heart skipped a beat. However, he quickly walked to Nina’s side, sitting next to her

“What’s wrong, Nina? What happened? You look ... unhappy.”

Nina did not realize that her eyes were a little red. She slowly turned her head to look at Harley. In the end, she only pushed away the man’s hand tiredly. She did not want to, at least for now, touch Harley.

She didn’t know if Sylvia was telling the truth or not, but this matter would always make her stomach in knots.

“I... I’m fine. Since you’re back, you should take a good rest. I didn’t sleep well yesterday, so I’ll go back to sleep first.”

Because of Nina’s pregnancy, they had been sleeping in separate rooms for a long time. After saying this, Nina went upstairs and went back to her bedroom, leaving Harley sitting alone on the sofa lle was a little confused. Thinking of Sylvia’s actions this morning, he had a headache

When it was almost noon, Melissa came to the Timothy’s place to see Nina

“Nina, I have been busy recently, so I didn’t have time to come and see you How are you feeling now? Are you still feeling unwell”

Melissa put on a smiling face when she saw Nina She was still very concerned

about Nina. It was just that Nina did not look good. Although she had a smile on her face, her smile was faint. She spoke in a daze, appearing very absent–minded.

Melissa immediately noticed that something was wrong. She worriedly held Nina's arm and asked softly, “What happened? Did something happen? Did Harley make you unhappy?”

As soon as Nina heard Harley’s name now, she felt irritated. She looked at Melissa and wanted to say what happened this morning, but she was afraid that Melissa would scold Harley for a while because of this, so she decided to endure it.

After all, it was the matter between her and Harley.

“It’s nothing. I was just a little tired yesterday, so I couldn’t focus. I just need to sleep.”

Melissa didn’t say anything more. She simply advised her to rest and be careful when she was out. He walked to the living room and went to the balcony. She frowned and said to Harley in a low voice.

“Harley, what happened to you and Nina recently? Why does she seem to be in a bad mood? Did you bully her?”

Harley was also very worried. When he heard Melissa’s words, he was also confused. He shook his head blankly and said innocently, “I don’t know what happened either. When I came back from outside today, Nina was unhappy. She didn’t say anything when I asked her.”

Melissa sighed softly.

She looked at Harley's face again. He was also very weird today. Although she was an outsider, it was related to her best friend. There were things that had to be said.

"Harley, Nina is pregnant with your child now. She is pregnant, and it is normal for her to be emotionally unstable sometimes. Let me tell you. If you have any conflicts with her, solve them quickly. If she is in a bad mood, it will affect her own health. She decided to marry you. You can't let her be unhappy. Do you understand?"

Although these words did not sound serious, Melissa was warning Harley.

Otherwise, she didn't know what Nina would suffer.

"I know, Meli. I will treat Nina well," Harley nodded and said sincerely.

However, the thought of Sylvia gave Harley a headache.

He also didn't know what he and Sylvia had done last night,

Sylvia said that everything had already happened.

However, Harley couldn't remember anything.

Seeing Harley's sincerity, Melissa nodded in satisfaction.

"Alright, it's time for me to go back. I won't disturb you." Melissa stood up.

"I'll send you out." Nina also stood up, wanting to send Melissa out.

"Nina, don't move. You need to rest more now." Melissa quickly grabbed Nina.

Nina had been pregnant for more than six months, and her stomach seemed to be bigger than that of an ordinary pregnant woman. Therefore, it was not convenient for her to move.

"Yes, Nina, go to bed and lie down." Harley quickly supported Nina.

"Don't touch me," Nina subconsciously pushed Harley away.

Harley was stunned.

"Nina, what's wrong?" Seeing Nina like this, Melissa was also worried.

“Nothing.” When Nina thought of the phone call, her heart was filled with anxiety. However, in front of Melissa, she didn’t want to show it.

She didn’t want Melissa to worry about her.

“Meli, if you have something to do, hurry up and leave. I’m fine.” Nina pursed

Atelik was still worried and could only tell Harley to take good care of Nina

“Neli, don’t worry I will take good care of Nina.” Harley promised again and

“Alright, I’ll come back to see you in a few days. Nina, have a good rest.” Melissa nodded and left.

As she watched Melissa leave, Nina felt a sense of loss in her heart.

Melissa and Murray had finally been together and they were so happy, but she was a mess

At first, she had a long relationship with Tom, but she ended up having a one night stand with Harley and was pregnant.

It wasn’t easy for her to bury her feelings for Tom deep in her heart. She gradually accepted Harley and planned to spend the rest of her life together with Harley. However, Harley was a playboy and had a scandal with Sylvia.

Now that Sylvia had called to show off, how could Nina not feel disgusted in her heart?

Seeing Nina’s sullen look, Harley was very worried. “Nina, what’s wrong? Is there something on your mind? Tell me if there’s anything. Don’t keep it in your heart. I will spoil your mood. It’s not good for the baby either.”

“What happened between you and Sylvia?” Nina decided not to keep this matter in her heart and directly asked.

It was unexpected Harley’s heart sunk

He couldn’t tell Nina about this.

If Nina knew, she would probably be even angrier

“I have nothing to do with her. I have already said it before. I just treat her like

my sister. "Harley said with a guilty conscience,

Sister :” Nina sneered

Harley’s guilt did not escape Nina’s eyes. Nina suddenly felt that it was a joke.

“Alright, don’t let your imagination run wild. Why don’t I take a leave today to stay with you at home.” Harley tried to change the topic and reached out to hug Nina

“Go and be with your lover, Sylvia!” Nina pushed Harley away.

Nina’s voice was a little loud, Carlee, who was outside, heard it. Carlee immediately frowned and pushed open the door to Harley’s room. “What are you two doing?”

“Mom, why are you here? We are fine,” Harley hurriedly said.

“Are you alright?” Carlee obviously didn’t believe it. She snorted. “Why are you two arguing? It’s so loud. I heard it from outside.”

After a pause, Carlee glanced at Nina. ‘Nina, what did you say about Sylvia? Sylvia is such a good girl, Don’t speak ill of her behind her back.’

Nina was dumbfounded.

It was clear that Sylvia loved her man, and she shamelessly called to show off. And now, it seemed that it was her fault.

Nina felt that Carlee was simply unreasonable.

But it was also true that Carlee never liked her. If it wasn’t for the fact that she was pregnant with Harley’s child, she would have been kicked out long ago.

“I’m going out for a walk,” Nina said with a sullen face.

After saying that, she ignored Harley and Carlee and walked out of the room.

“Nina...” Harley wanted to chase after Nina but was stopped by Carlee. Chapter 597

“Vina is unreasonable. Who was she venting her anger?” Carlee said angrily as she looked at Nina’s back,

“Mom, Nina is pregnant. It’s inevitable that she will think too much. Don’t say that in the future.”

What? You can't take it? I am her mother in-law. What's wrong with saving a few words? You haven't married her yet, and now you are so biased. Will you forget your mother after marrying your wife?" Carlee was even angrier.

Harley only felt a pain in his head.

Escape From the Last Day Celebration Nina walked aimlessly on the street. Her footsteps were unusually heavy. She stroked the child in her belly. She didn't know if it was right or not to keep this child. Laville by now and devoted herself to the work she loved to help Melissa run the studio. But now, she stayed in the Timothy's place and was bullied every day. Nina couldn't stand it anymore. However, she did not know where she should go. Just when Nina was extremely depressed, her phone rang. It was an unfamiliar number. Nina hesitated and picked up the phone. "Hello, who is this?" Nina said. On the other side of the line, there was silence. Nina's heart skipped a beat. A strange feeling arose in her heart. It was Tom. She had a hunch that Tom was on the other side of the line! "Tom, is that you?" Nina's voice was slightly trembling. But on the other side of the line, there was still silence. The caller didn't speak. After a long time, when Nina's phone ran out of power, she put away her Chapter 593 Escape from the Last Day Celebration phone in a daze. She knew that Tom must have called her. Where was Tom? Was his leg completely recovered? Was he ... alright? Today was the last day of filming for Jaylin and Vivian. Melissa also went to the filming set and saw that the filming was over. Originally, the director wanted to invite her to participate in the celebratory banquet, but Melissa thought about it and rejected it. After all, there were still some things that the company had not dealt with. Before leaving, Melissa told Vivian's agent to let Vivian drink less. After all, Vivian couldn't drink much. Moreover, the paparazzi would definitely take photos of the last day celebration banquet. It would not be good if something happened. However, what Melissa did not expect was that Vivian had already thought of escaping the banquet. Because Vivian had already promised Arno to go out with him, not long after the banquet began, Vivian had already drunk a few glasses of wine. When Renita saw this, she was about to stop her, but she saw Vivian wink at her and then pretended to be very uncomfortable sitting at the side. Renita stood up and supported Vivian. Renita said apologetically to the people present, "Sorry, Vivian couldn't drink too much. She may be a little drunk now. I'll help her get back to rest first." Fortunately, the director and producer didn't insist on letting her stay. Seeing this, Renita quickly took Vivian back to rest. She quickly helped Vivian out of

Chapter 598 Escape From the Last Day Celebration 2/5 the private room. However, not long after that, Vivian suddenly came to her senses and raised her head. "You are really bold, even daring to run away from the banquet." Renita poked Vivian on the forehead helplessly. Vivian covered her forehead with a smile and dodged. She grinned at Renita and said, "Hmm... It's a special situation." Seeing this, Renita snorted and looked at her watch. "Go on your date. Remember not to stay too late. We still have things to do tomorrow." "I know, I know." Vivian turned around with a smile. Renita looked at her and felt that something was wrong, but she did not think much about it and was ready to go back to the hotel to rest. On the other hand, Vivian had already informed Arno where the banquet was. He was now waiting for Vivian in the parking lot. He saw Vivian coming out from afar. Arno was about to go up to her when Vivian saw him. Vivian instantly rushed toward him and plunged into her arms. Arno was stunned for a moment. He reached out and touched Vivian's head. "Where are we going?" Vivian looked up at Arno with a blush on her cheeks. Arno lowered his head and just as he was about to say something, he saw that Vivian had already pouted her lips, seemingly hoping to get a kiss. Seeing this, Arno reached out and pinched Vivian's cheek. "Are you drunk?" Vivian opened her eyes and answered vaguely, "In order to come out earlier." Her voice was soft and seemed to be acting spoiled. "I was just pretending to be drunk, but I really had to drink." Chapter 598 Escape from the Last Day Cefetuation Arno saw this and frowned slightly. He had heard from Vivian's agent that Vivian's alcohol tolerance was very poor. Coupled with her running out so early, he was afraid that Vivian didn't have anything else except for wine. Arno originally wanted to bring her back to sober up, but Vivian shook her head and told Arno. "I want to go to a food stall. I don't like the food at the banquet." Arno nodded. He wanted to buy some hangover medicine for Vivian, but Vivian refused unhappily "I am not drunk. I am very sober. It is just a few glasses of wine. I am fine." Although Vivian said this, Arno did not believe it and directly drove the car to his villa. Sure enough, Vivian was not in a good state on the road. She leaned on the passenger seat in a daze and hummed something. She turned to look out the window and asked in confusion, "What kind of food stall is this?" Arno did not expect Vivian to be so drunk. He hurriedly brought her to his villa. Moreover, Vivian had already started acting like a spoiled child. She sat in her seat and reached out to Arno. "Hold me," Vivian said. Arno picked Vivian up and looked at the villa in front of him. Vivian tilted her head. "This food stall is so beautiful. Where did you find it?" Arno looked at Vivian helplessly. "This is my home." Vivian looked at Arno in surprise. "Doesn't your family run a company? When did they open a food stall?" Chapter 598 Escape From the Last Day Celebration 4/5 Get Sonu Arno didn't know whether to laugh or cry at Vivian's words. Arno placed Vivian on the sofa. While Arno was looking for hangover medicine, Vivian sat on the sofa, seriously thinking about what to eat in the food stall. "Excuse me, I want grilled fish," Vivian said to Arno. Arno took a glass and hangover medicine, walked to Vivian, and nodded. "Okay, you take the medicine first. We'll go and eat grilled fish later." However, Vivian pushed Arno's hand and shook her head. "I'm here to eat grilled fish, not to take medicine." "Baby, you're a little drunk. Be good. Eat the hangover medicine and have a good rest," Arno said softly. "I'm not drunk." Vivian pouted her lips, feeling wronged. Her head leaned (forward a little closer to Arno. "Arno." "Then how are you going to prove that you are not drunk?" Arno

said. Originally, she wanted to trick Vivian into eating the hangover medicine, but in the end, Vivian leaned forward and kissed Arno.

There Is No Chance for Regret The drunk kiss made Arno frown slightly. He raised his hand and gently pressed Vivian's shoulder, but the latter took one step forward in advance and leaned on Arno with her arms around him. "Vivian..." Arno snorted, wanting Vivian to calm down. They suddenly got so intimate. The temperature rose, causing Vivian to blush. She looked at Arno in front of her, her eyes filled with a clear and bright light. throat tightened. His voice was low and hoarse. He looked at Vivian with a dangerous gaze and slowly said, "You're drunk, Vivian." However, Vivian had a smile on her face. She reached out and grabbed Arno's collar, bringing him closer to her. "I am not." Her fingertips gently pressed on Arno's neck. On his expensive black shirt, her slender fingers moved down continuously. She was flirting with him. He directly grabbed Vivian's hand and said, "Do you know what you are doing?" Vivian moved closer to Arno's ear, her voice sweet and gentle, "Arno, as I said, I'm not drunk." As she spoke, she gently touched Arno's ear with her lips. Arno's eyes dimmed. He reached out and picked Vivian up, "There is no chance for regrets." As he spoke, he directly led her up the stairs, Moonlight shone through the window into the room, creating a great atmosphere for them. Chapter 599 There Is No Chance for Regret det senus When Vivian woke up, what she saw when she opened her eyes was a naked chest. She blinked and saw Arno's side face. Suddenly recalling what had happened yesterday, Vivian looked down at her arm outside the quilt, and her cheeks suddenly reddened. However, the corners of her mouth curved up quietly. It was not in vain that she had worked so hard to act yesterday. She quietly propped up half of her body in Arno's arm. Her long hair fell on her shoulders. Vivian tilted her head and looked straight at Arno's sleeping face. Her long eyelashes trembled slightly as she breathed, like a butterfly wing drenched in rain. Vivian propped up her face and looked at Arno. The more she looked at him, the more she liked him. In her heart, she secretly praised herself for her excellent taste in choosing a boyfriend. Then, she stretched out her finger and slipped it on Arno's tall nose. Finally, it fell on his lips. Vivian blinked her eyes and leaned over, carefully kissing Arno in secret. However, suddenly, Arno's eyelashes trembled, and his clear eyes opened. Vivian, who was caught, exclaimed. "You actually pretended..." Before she could finish her words, she was pressed down by Arno again. Her gentle kisses fell like raindrops. Vivian was so shocked that she forgot to breathe. She couldn't help but snort. Only then did Arno reluctantly let go of her. "What an idiot." "You are an idiot," Vivian could not help but talk back. Chapter 599 There Is No Chance for Regret As Arno spoke, he stretched out his long arm and pulled Vivian into his embrace. He pressed his lower jaw against the top of Vivian's head and said softly,

“Okay, I am an idiot. “I was so stupid that I thought I was still dreaming.” Vivian didn’t quite understand and asked, “What?” “I’m very happy to meet you and fall in love with you.” Arno curled his lips, and his gentle voice slowly came. When Vivian heard this, she buried her head in his chest and rubbed it like a spoiled child. “Me too.” Suddenly, looking at Arno’s neck, Vivian turned her eyes, raised her head, and gently bit his neck, leaving a red mark. “A stamp. You are mine now.” Vivian grinned. Arno only felt a numb itch on his neck. His eyes looked at Vivian’s shy smile, and his gaze moved. However, Vivian was still unaware of the danger and continued poking at Arno’s chest. “But I haven’t seen you working out. Why is your figure so good?” As she spoke, Vivian’s fingers slid down bit by bit. Arno raised his eyebrows and whispered in her ear, “Do you know what you are doing?” However, Vivian raised her head innocently. She looked at Arno and whispered, “I did it on purpose.” With that, she broke free from Arno’s arms as fast as she could in her life. She wrapped herself in the quilt and rushed into the bathroom. “I’m hungry!” Chapter 599 There Is No Chance for Regret 3/5 Vivian’s voice came from the bathroom together with the sound of the lock. Arno sat up helplessly. He touched his neck, his eyes full of tenderness. Arno and Vivian had made out for the whole morning, and because of that, Vivian felt as if she had forgotten something. However, suddenly, Arno’s phone rang. As soon as he picked up the call, his eyes turned to Vivian the next second. Vivian blinked blankly and saw Arno hand over the phone. “It’s a call from your agent.” This was like a heavy hammer smashing into Vivian’s head. She slapped her forehead and suddenly remembered that she seemed to have work to do today. Vivian’s face immediately became mournful. She looked at Arno pleadingly. However, even without the loudspeaker, Renita’s voice had already pierced through the phone and into Vivian’s ears. “Vivian, stop pretending you didn’t hear me. Hurry up and come out!” Vivian couldn’t help but purse her lips and answer the phone with a trembling voice. Her voice was very sweet. “Hello? Renita.” “Stop that. Didn’t I tell you not to stay too late yesterday? What did you do? You didn’t return for a night and didn’t even answer the phone, did you?” Vivian smiled and said, “I didn’t mean that.” In fact, she left her phone in the living room last night. In addition, she and Arno last night... So she didn’t remember anything else. “Hurry to the company now. You will be doing a promotional interview later.” Renita sighed helplessly. It was obvious that she had long been used to this. Vivian agreed. Chapter 599 There Is No Chance for Regret “Ah, oh no, I’m going to be scolded again when I go back.” After hanging up the phone, Vivian lay on the table, a little discouraged. But it was very clear that Vivian had already made such a mistake many times, and it was just that she had been taught repeatedly and never changed. “I’ll send you back later,” Arno said softly as he cleaned the dishes. “Today is the release of my TV series. I’ve finally finished filming this drama.” Vivian sat on the chair and shook her legs. Arno turned around and walked to Vivian. He reached out and touched her cheek. “Sorry, I have a few operations this afternoon. I can’t pick you up.” “Several operations in a row?” Vivian asked. Arno nodded. He thought that he might be exhausted this afternoon. When Vivian saw this, she looked at Arno with concern. Suddenly, she turned and looked up at him. “Then I’ll pick you up tonight?”

Skip Work for No Reason Looking at Vivian's expectant eyes, Arno nodded very lovingly. The two of them made out again, and Arno sent Vivian to the company. As soon as they arrived at the entrance of the company, Vivian was caught by Renita. "Vivian, once you fall in love, you don't even want to work anymore, right?" Renita poked Vivian on the forehead. "I'm sorry, but it's just this time. After all, I finally finished filming yesterday. I'm happy." Vivian acted like a spoiled child to get away with it, but Renita did not buy it. She directly pulled Vivian and said, "Let's go. Hurry up and get your makeup done. We still have to rush to the promotional site in a while." This time, the cast and crew held a press conference to promote the new TV drama. All the main actors were present. When Vivian was there, Jaylin was sitting in a chair waiting for the conference to start. Vivian hurriedly walked to Jaylin's side and said apologetically, "Sorry, I'm late." "The press conference hasn't started yet." Jaylin said gently, "But you left so early yesterday because you were drunk. I heard from your manager that you can't really drink. Why did you drink so much yesterday?" Vivian puffed up her cheeks and did not speak, but that expression was completely seen through by Jaylin. He smiled. "So it's to escape..." However, before Jaylin could finish his words, Vivian reached out and patted his arm, signaling him not to say it. Cut Boreno Ever since Vivian and Arno had truly gotten together, she and Jaylin had become very good friends. However, what they did was seen by others. Soon, the press conference was held and the main creators went up to the stage to accept interviews from the media. Because the host had talked to the reporters in advance, the press conference went smoothly until the final interview. Vivian was the female lead in this play and Star Entertainment especially wanted to make her more popular with this drama, so Vivian was the first to be interviewed. "May I ask if you had any difficulties with the crew when you first started filming?" — "Umm..." Vivian thought about it briefly and said slowly. "The atmosphere in our crew is very relaxed and we get along very naturally. In fact, there is nothing difficult about it. On the contrary, many interesting things have happened. Let me tell you a secret. In fact, our cameraman is bad at playing cards." As she said this, the people below were already laughing. Vivian also curved the corners of her mouth and cast an apologetic look toward the photography team. "How does it feel to try such a easy school drama?" "I feel like I've returned to my high school days. I feel much younger." The interview was so easy. According to the previous plan, Vivian ended the interview after the last question. However, for some reason, the last reporter that was originally chosen was not present. Seeing this, the host was hesitating whether to let Vivian end the Chapter 600 Skip Work for No Reason interview in advance. Suddenly, a reporter in the corner raised her hand. A very young woman wearing a black and white business suit looked at Vivian with an amiable smile. "I would like to ask, as an actor, what do you think is the most important?" Vivian did not expect the reporter to ask such a question. Vivian was stunned for a moment and said firmly, "I think it is probably responsibility." "Responsibility?" The reporter seemed to hear a very interesting answer and the smile on her face widened. "But there seems to be a report saying that you skipped work for no reason when you were on set. Is this what you

mean by responsibility? Moreover, the previous news that caused such a commotion meant that you were in a relationship with two at the same time, but it seemed that your final explanation was ambiguous. So, can you really explain what exactly is going on?" Vivian did not expect such a question. Her expression changed slightly and she could not help but turn to look at Renita. The host did not expect it to turn out like this. Normally, the reporters' questions for the press conference would have been reviewed. Moreover, the host was with Star Entertainment. In order to support Vivian, they would definitely let the reporters ask some questions that would make Vivian look good. There should not be such sharp questions. Moreover, this was a live conference. Such a question would probably have a bad effect. Sure enough, live streaming platform viewers were very interested in this question. Everyone wanted to know how Vivian would answer this question, Some anti-fans even took this opportunity to insult Vivian. After all, the Chapter 600 Skip Work in No Reason de list , previous matter was a really big thing. When Renita saw this, she wanted to step forward. Vivian pinched her palm and said, "I..." However, before Vivian could finish speaking, a voice came. "These are all true. She has indeed skipped work for no reason, and just now, she was very intimate with Jaylin backstage." Everyone's faces changed. The reporters began to take photos crazily. Some of them could not even help but want to pick up the microphone to interview Vivian. The staff did not expect things to become like this. The sudden change made everyone panic. The only thing they could do now was to stop streaming immediately. In the current situation, the press conference could only be stopped immediately. The staff immediately took Vivian and Jaylin and left quickly. Before leaving, Vivian could still hear the voices of the host. "What happened just now? Who was talking?" Vivian furrowed her brows tightly. She knew that what had happened today came at her. "I've already called and told them. Our company will deal with it quickly." Renita went forward to comfort Vivian. However, Vivian hung her head, unable to say anything. She thought about the questions she had just answered, but had she really been responsible for her work? It was a fact that she skipped work for no reason and had been close to two people at the same time before. Chapter 600 Skin Work for No Reason Get Bonus Suddenly, she felt it was ironic. This was the real her and it was totally different from the perfect person in front of cameras. Vivian took a deep breath and was about to speak, but Jaylin took the lead and said, "Let's go back to the company first." As she spoke, she patted Vivian on the shoulder to comfort Vivian. Vivian could only give up on what she was about to say. Vivian pursed and lowered her head in thought. Soon, this live became the first on the trending list. And the two things that had been forgotten by people were also on the list, too. Melissa, who was in the company, naturally knew the current situation. She immediately contacted the public relations team, but at the same time, Melissa also felt that something was wrong. This matter was definitely not " that simple.
