Chapter 252I

Lucas didn't know that the scar on her left face was a pasted mask.

When the gangster kissed her on the left cheek, she actually didn't feel anything on her face.

But even so, it can't change the fact that the gangster did bully her.

"Young Master, thank you for helping me. You always help me, I don't know how to thank you. I had agreed to treat you to dinner

today, but I got into trouble for you." Siena faced Lucas, Gratefully said, "Don't worry, if your dad asks about this, I will definitely explain it to him."

"Have you ever thought that my dad doesn't want to talk to you at all?" Lucas teased, "It has already happened. Don't think too much. The sky is falling, and I will carry it."

Soon, they arrived at the police station.

After explaining the matter clearly to the police, the police immediately sent someone to the hot pot restaurant.

Not long after, the police brought Young Master Gagnon's friend back to the police station.

“It’s the two of them! This man seriously injured my friend! My friend has been dragged away by the ambulance!” Young Master

Gagnon’s friend saw Lucas and Siena, and his voices became louder.

“What serious injury? You have to issue a certificate from the hospital to say that it is a serious injury.”

Siena said immediately, “It was your friend who harassed me first, so my friend beat him!”

Young Master Gagnon’s friend: “Harassment? Hehe! You ugly, my friend was just joking with you!”

“I’m ugly, Did he just kiss me casually? Was he legally illiterate?”

“Okay, stop arguing. Make a statement first, and wait for the injured person to report his injuries Let’s talk.”

The police man said,

“We will go to the store to adjust the surveillance. You better not lie.”

After recording the statement and leaving the contact information, Young Master Gagnon’s friend discovered Lucas’s identity.

“Who do I think it is? It turned out to be the illegitimate son of the Hogan family! Very good, you wait! I’ll call Uncle Gagnon immediately and ask him to find your father!”

“Is the Gagnon family very powerful?” Siena was mainly worried about getting Lucas involved.

“You ugly monster, you don’t even know about the Gagnon family, you dare to call the police, it’s ridiculous!” Young Master

Gagnon’s friend laughed arrogantly, “You two have no brain!”

Lucas clenched his fists tightly, and the atmosphere was tense.

Siena immediately grabbed Lucas’s arm and pulled him out and said, “Young Master, it’s getting late, let’s go back!”

The two took a taxi, settled the bill for the hot pot restaurant, and returned to Hogan’s house.

“Young Master, why don’t I stay here tonight! In case your father calls you and scolds you, I can explain to him.” Siena felt

uneasy.

In case the Gagnon family was really stronger than the Hogan family, then even if the young master of the Gagnon family was

wrong, Lucas would probably be blamed for this matter.

“Siena, you go back.” Lucas had a headache.

It’s not because of causing a headache to the Gagnon family, but because of being nagged by Siena.

“Okay! Then I’ll come early tomorrow.” Siena turned around and was about to leave.

Looking at her thin back, Lucas couldn't help reminding: "Tell me when you get home."

Usually Siena didn't come home so late, so Lucas didn't worry too much.

"Okay, Young master, I'll be fine. Go take a shower and rest! If you don't want to be disturbed, you can turn off your phone before going to bed." After Siena finished speaking, she walked out.

She thought that Mr. Hogan was going on a trip, and even if he found out about it and rushed back, he might not be able to make it back tonight.

The next day, at 6:30 in the morning, before dawn, Siena came to the auxiliary building.

The whole Hogan family was quiet, but Siena felt flustered.

Mr. Hogan would definitely be furious when he came back.

She opened the door of the auxiliary building, and saw that Lucas's door was open, so she strode over.
