Chapter 14

Lying on the washbasin, Savanna was vomiting. When she caught a glimpse of the man in a suit in the mirror from the corner of her eyes, she suddenly paused and almost reflexively turned around. She saw the cold face of Brandon.

It seemed that she also saw a flash of anxiety from his deep eyes. The anxiety flashed too fast, like a

meteor falling from the sky, so fast that she could not catch it, It made her feel like an illusion

again.

She didn't want to see this man, nor did she want to stay in the same room with him.

Almost instinctively, she turned her head and was about to walk out of the door. As soon as she took a step forward, she felt dizzy all of a sudden. She shook her body for two times and then fell straight down.

"Savanna ..."

She heard the anxious voice of Brandon. Before she lost consciousness, her weak body fell into the

strong arms of the man.

When she woke up, the smell of disinfectant fluid floated from the tip of her nose, and her eyes

were full of clean white.

"Are you awake?"

The magnetic and hoarse voice was familiar to her.

She slowly turned around and saw the well dressed face of Brandon. This man was always as dazzling as the sun in the sky, and even if she tried to stretch out her hands, she would never be able to touch him.

"You sent me to the hospital?"

"uh-huh."

The man answered softly. He reached out to his pocket for a cigarette. When his fingertips touched the cigarette box, his eyes fell on the belly of Savanna . he suddenly took his hand out of his pocket.

"Why don't you tell me that you are pregnant?"

His usual calm voice changed a little.

He was flustered when he saw her faint in his arms.

He sent her to the hospital as soon as possible. The doctor told him that the reason why she fainted

was because she was too tired. Only then did he feel relieved.

When he heard the news from the doctor, he was excited and happy.

was because she was too tired. Only then did he feel relieved.

When he heard the news from the doctor, he was excited and happy.

During the time when Savanna was in a coma, Brandon didn't go anywhere but stayed

beside the bed. He just wanted to wait for Savanna to wake up and ask her in person why she didn't tell him that she was pregnant with his child?  
He finally knew.  
Patting her belly with her cold hand, Savanna looked sad and terrified.  
Seeing that she pursed her lips and didn't say anything, he couldn't bear it anymore and asked: "Mine?"  
The man's question was like a cold needle spreading to the depths of her heart.  
She was bleeding.  
When she felt a dull pain in her heart, her body suddenly trembled. If it wasn't his, whose else could it be?  
He was her only man in her life. Whether before or after marriage, he was the only one who could make her willing to devote herself.  
Her silence made Brandon feel relieved.  
With a smile in his eyes, he said in a softer voice: "I'll take care of the Thompson group. Take good care of yourself. What do you want to eat? I'll ask Leo to buy it..."  
"Are you pitying me?" She interrupted him.  
They had already signed the divorce agreement, and the only thing left was to get the divorce certificate. She couldn't bear the gentleness he gave her.  
In her eyes, the reason why he was so gentle and spoiled was that she was pregnant with his child. That was all.  
Sensing that she might have misunderstood something, Brandon held her shoulders, looked at her and said word by word: "Savanna, you are pregnant with my child. I can't just sit by and do nothing."  
I will never let my child become an illegitimate child.  
She didn't say that  
Brandon looked at her with bright eyes. He knew what kind of person she was and what she wanted to say. He sighed and announced in an extremely gentle tone:

"What about Winnie?"  
The question was like a huge ditch in front of him. After a long silence, he said, "Savanna, don't you have any tolerance?"  
tolerance?  
Brandon said the divorce agreement was invalid, and they lived a good life, saying that she had no tolerance.  
Because she was pregnant with this child, he was afraid that the offspring of the Cassel would be a bastard, so he planned to live with her, but he still loved her in his heart.  
What she got was only a man's body.  
A marriage without love was better than a marriage without love.  
Savanna said calmly: "Brandon, you love her so much that you can't live without her. Even so, why do you give me hope again?"  
For the fact that Brandon knew she was pregnant with his child, she was looking forward to it.

However, just now, when she asked, "what about Winnie?" At that time, the silence of Brandon's words hurt her again. Even if they had broken up, just break up completely! "The baby is not yours."

Hearing this, there was no change in the expression on Brandon's face. He took it as a joke and said: "I'm going to buy your favorite artichoke phyllo cups."

Then he put on his coat and walked out of the ward.

The reason why she said she liked artichoke phyllo cups was that Brandon liked them. He had never known what she liked or disliked, but he remembered clearly what she liked.

There was a huge difference between a person who had loved someone before and a person who had never loved someone before.

The steamed dumpling shop was not far from the hospital. Ten minutes later, Brandon bought the artichoke phyllo cups. He open the package lid and put one in front of Savanna . he smiled and said: "It tastes good. Have a try."

Savanna didn't want to disappoint him, so she picked up a steamed dumpling and put it into her mouth,

It was silky and tender, and indeed sweet. She couldn't eat any more after eating two.

As soon as he cleaned up, someone sent him a message.

It was an anonymous message. It was a picture, with a date of two months ago. In the picture, it wi a Savanna in a coat, long hair , charming and gentle, and Cain held an umbrella with her.

He held her in his arms and walked towards an ordinary bnb.

When he was about to close the iMessage, he received another picture.

In this photo, it seemed Savanna's child-like face. She had been chubby, and Cain had worn a whi shirt, black trousers, full of youth. The two people were talking about something happy, and their eyes were full of joy. It was exactly the light in Savanna 's eyes. Brandon narrowed his eyes, giving dangerous signal.

He moved his eyes to the first picture, which irritated him.

All of a sudden, Brandon became very irritable. He was about to go out of the ward to have a cigarette.

"Brandon."

He looked to the direction where the voice came from. At the door of the ward, his sister, Tracy, pushed the wheelchair and showed up. It was Winnie who had just called him "Brandon".

She had a delicate face and even wore light makeup today.

She said to the patient, "Savanna , I heard that you are pregnant. Congratulations!"

Hearing what she said, Savanna almost vomited up the food she had just eaten.

"Yes, big brother, Savanna, Congratulations!"

Tracy echoed.

The two weasels echoed each other, and Savanna didn't want to talk to them at all.

When she saw that Joyce ignored them, she was the first to complain,"I heard that you are pregnar with my brother's child, so I and Winnie rushed over to congratulate you.

But you didn't appreciate it. You have such a long face. Are you afraid of being exposed and abandoned by my brother?"

Savanna wanted to ask the two women why they knew she was pregnant so soon?  
When she was about to say something, she stopped.

Savanna did not want to waste her energy and time on these two boring women, so she pulled out the syringe on the back of her hand and did not hesitate to get up and get dressed.

At the same time.....
