

Chapter 5197

Matthew just for self-preservation subconsciously dumped the pot on Emily,

But he did not expect, in a moment Emily will be completely angered.

He always thought that she obeyed him because he was a handsome,

And a successful forty-year-old man with extraordinary charm for women,

So that Emily was completely subservient to him,

And at the critical moment to take her out to cover his future,

She certainly will not have any dissatisfaction.

However, he completely overestimated his so-called charm.

For Emily, money is the real source of charm.

As long as there is enough money, even if she is allowed to face a ninety-year-old man,

She will also behave addicted to him, unable to extricate herself.

However, if there is no money, even if the other party is handsome as Tom Cruise, she will still not look at him.

Just now Stella said she will block her in the design industry,

This will already cut off her financial road,

Did not expect Matthew also fell into the well, and this instant let her anger.

Matthew also saw that Emily seemed to have lost her mind,

And hurriedly winked at Emily: “Emily, in front of Miss Fei, you’d better not talk nonsense!”

“I advise you to leave here now and go to the company tomorrow to see the human resources director,”

“Who will give you a certain amount of compensation for your dismissal according to the process.”

Matthew did not dare to say the words too frankly,

The reason why he winked at Emily,

And at the same time said that the company will follow the process to give dismissal compensation,

In fact, is to tell her and let her now honestly put the pot on the back, tomorrow he will not treat her badly.

However, Emily is full of anger at this time by Matthew,

Listening to Matthew talk about termination compensation,

She is even angrier, because according to the company's rules,

She is only three or four years into the staff,

The most compensation for leaving the job is half a year's salary.

Moreover, although Matthew had confirmed that she would be promoted to senior partner,

According to the company's regulations,

There was still a three-month inspection period for senior partners,

And only after the inspection period is over she can successfully pass the debriefing,

She could officially get all the benefits of a senior partner.

This means that if she is fired now, the company only needs to pay her half-year salary,

All according to her previous salary standard, which is only \$200,000 to \$300,000!

When she thought that Matthew was going to use \$200,000 to \$300,000 to send her off,

Emily was even more furious and trembling, she looked at Stella and said out of the blue:

“Miss Fei, the reason why all this happened today is that this son of a b!tch had his eyes on Claire!”

“He asked me to find a way to introduce Claire to him,”

“And to find an opportunity to attract Claire to join the company,”

“So that he could get hit on her!”

Emily’s words immediately made Matthew scared out of his mind,

And he couldn’t help but immediately raise his hand and slap her, cursing:

“Emily, what is your intention in slandering me here?”

“I met Ms. Willson for the first time today,”

“So how could I possibly have ill intentions towards her like you said?”

“You are clearly slandering!”

Emily covered her face and cursed angrily, holding back the pain:

“I’m slandering? You think I don’t have proof?”

Saying that she immediately took out her cell phone,

Fished out her chat records with Matthew, found many photos of Claire,

And said to Charlie and Stella: “Mr. Wade, Miss Fei, look at the time these photos were sent,”

“The earliest one is almost a month ago, at that time I just met Claire in the master class,”

“And Matthew also made a move on Claire at that time.”

“At that time, he had his heart set on Claire!”

Matthew said nervously, "You sent me all these photos,"

"How can you say that I had my heart set on Ms. Willson!"

Emily said coldly, "Don't admit it, right? Here are the chat records,"

"So you can show Mr. Wade and Ms. Fei how you replied to me!"

After that, she looked at Stella and angrily blurted out,

"Miss Fei, you must not let this beast go,"

"He just had an inappropriate sexual relationship with at least seven female employees,"

"Including me within the company, and that's not the most terrible thing!"

"What's scary is that this son of a bitch also preyed on his 13-year-old adopted daughter!"

"And he also took a lot of indecent videos on his phone!"

Matthew heard this, the whole person got terrified to the extreme,

He subconsciously questioned: "You how do you know?!"

Emily sneered: "Your phone password I had quietly noted down long ago,"

"Every time you stayed overnight in my apartment,"

"I would add some sleeping pills to your red wine,"

"And then while you were asleep, secretly looked up at the various contents of your phone,"

"Including your chat records with others, email correspondence,"

"As well as your photos and videos are hidden in the phone!"
