Chapter 2585

Siena thought Lucas would stay in the room for a day as usual, but he carried a black backpack and walked out.

“Young Master, do you want to go out?” Siena put down the noodle bowl and walked towards Lucas. Lucas’s footsteps did not stop. Obviously, he was going out.

It’s just that he didn’t know what he was doing when he went out.

Siena stood at the door of the auxiliary building, watching Lucas get into a car belonging to hogan’s family, and the car drove away quickly.

Siena looked at the direction where the car disappeared, feeling a strong premonition in her heart.

She and Lucas will get farther and farther in the future, until there is no intersection.

After a while, she returned to the kitchen.

After washing the dishes, she went to the back kitchen of the main building.

She didn’t know if Lucas would come back for dinner at noon.

Lucas didn't tell her anything now. If it were a normal master and servant, it wouldn't be like this.

Siena: "Auntie Perry, let me take care of the dishes for you!"

"Young Master Lucas has gone out? I heard he is going abroad." Auntie Perry said. She's in the main building, so the news was naturally relatively well-informed.

Siena was stunned: "Is he going abroad to study in university?"

"Yes! Didn't the Master Hogan go to the auxiliary building to chat with Young Master Lucas for a while last night? It was probably decided last night. Madam Hogan was so angry that she didn't even eat breakfast this morning. It is said that it will cost a lot of money for Young Master Lucas to study abroad."

Auntie Perry whispered.

Siena: "Which country and university does the young master go to? When he left, he was angry with me and didn't tell me anything."

"I don't know about that. When the driver comes back later, I'll ask him." Auntie Perry was also very interested in this gossip,

"When Young Master Lucas goes abroad, you should go to college."

“Yes.” Siena lowered her head to wash the potatoes.
Her mood was restless.

If Lucas had a better development abroad, she would be happy for Lucas. but she’s afraid he chose to go abroad because he was angry.

At ten o’clock in the morning, Mr. Todd found Siena and had a private chat with her.

“Siena, I have something to tell you.” Mr. Todd smiled and said to Siena, “From today on, the teacher will not come. Young

master Lucas will go out every day to make up lessons. You can go to school now. you’ll come 6:00 o’clock in the evening and make dinner for Young Master Lucas.”

Siena nodded.

“The salary can’t be doubled to you.” Mr. Todd continued, “Can you accept it?”

Siena nodded sharply: “Master and Madam didn’t let me go, I am really grateful.”

“You come to cook dinner every night.” Mr. Todd said:

“I guess I’m afraid that if you don’t say that, Madam will fire you! Master Lucas is still kind to you.”

“Yeah! I know. Uncle Todd, Do you know young master is going to which country and university?”

Siena inquired.

“I heard he’s going to Eozambiulle.” Mr. Todd said.
Siena immediately turned on her phone and searched
for the distance between Eozambiulle and Thopiavelle.
