

When His Eyes Opened Chapter 2633

Chapter 2633

Siena looked at the pair of pink sandals in front of her, and saw the sandals on Avery's feet.

It's the same color, same style, just different size.

"Siena, have you had breakfast? Are you hungry?" Seeing her changing shoes, Avery hurriedly asked again, "Are you thirsty? Do you want something to drink? There is water and drinks..."

"I'm neither hungry nor thirsty." Siena changed her shoes and replied.

"Then let me take you to familiarize yourself with the house! By the way, I will show you your room." Avery wanted Siena to get familiar with the environment here as soon as possible.

Siena was very nervous, so she started shopping with Avery.

Except for Avery who was talking to her, everyone else was staring at her.

Including Elliot and the others, as well as the servants in this family.

"There are six rooms on the first floor. In addition to a master bedroom and two guest rooms, there are also nanny rooms and multi-purpose rooms. We usually live on the second and third floors." Avery introduced to Siena, "There is an elevator here, don't want to walk to climb the stairs, you can take the elevator to climb the stairs. But we usually take the stairs. Moderate exercise is better for your body. But if you are sick and can't exercise, you can take the elevator."

"I live on the second floor with your father, and your sister also lives on second floor. Your eldest brother and second brother live on the third floor." Avery continued, "Your room is next to your sister. I will take you to see it now."

Siena followed Avery, looking sideways from time to time.

"Siena, I know that you still need to go back to deal with your life in Thopiavelle. Then I will go there with you with your father." Seeing that Siena didn't talk much, Avery said, "You can have any ideas. tell me."

"I don't know what to say, my head is in a mess." Siena thought for a while and said, "I thought Rebecca Jobin was my mother, but things don't seem to be like that."

“Many people don’t know the truth about this matter.” Avery took Siena into her room, sat down on the small sofa in her room, and chatted in detail, “First, this matter is disgraceful. Second, the Jobin family’s series of accidents is beyond my control and that of your father.”

“I don’t know if you remember a person. It was this person who bought you from the traffickers. The mother-in-law who raised you. She was hired with money by Gloria Wiens.” Avery spread out the past and told Siena one by one in detail, “The information you know should be passed on to your mother-in-law who takes care of you, and then to you. At first, she thought that the murderer of the Jobin family murder was me and your father. She lurked beside me and investigated this matter.”

“It’s a pity that I didn’t know you were with her at the beginning, otherwise these things would have happened in the first place. I can talk about it.” Avery regretted, “Fortunately, although I missed you for more than ten years, fate still brought our family together.”

“Siena, how have you lived these years? Why can’t we find you?” Elliot stood at the door of the room and asked his doubts, “Your mother and I have never stopped looking for you. It was not until the day before yesterday that we stopped letting detectives continue looking for you.”

Siena covered half of her face with her hand, “I have an ugly scar on my face. I just took it off a few days ago.”

...

“This d*mn old woman! If it wasn’t for her, I would have found my daughter a long time ago!” Elliot was so angry, so he couldn’t help but yell.

Avery patted Elliot on the shoulder to calm him down: “Gloria had taken care of Siena for so many years, and she had worked hard without credit.”

“She has brought my daughter to suffer for more than ten years. Don’t tell me about the hard work. Fortunately, she was dead. If she is not dead, I have to settle the score with her!” Elliot thought of her daughter’s inability to show her true colors all these years, wearing an ugly mask, and suffering so much indifference and ridicule, his heart ached!

“Okay, Husband, Gloria had passed away, and this matter is over. From now on, we will take good care of our daughter and prevent her from being wronged.” Avery’s mood was very serious but overall, the joy of finding her daughter still prevails.

“I don’t think there is any need to go to Thopiavelle anymore. My daughter’s life there is hard. I don’t know what kind of hardship it is...I will never let my daughter suffer any more!” Elliot said coldly, clenched his fists, “I want her former identity to disappear

completely. From today on, there will be no Siena in this world, only my daughter Hazel.”

“Let’s discuss it with my daughter first!” Avery said.

“Mom, you don’t need to discuss this matter with her.” Hayden said, “Since Haze is back, her past life must be erased. Or will it be kept as a laughing stock for others?”
