

Cruel Heart Lover Novel

Chapter 53

Selena maintained that awkward posture, pulling it out or stuffing it back, it was extremely sad.

What's even more tragic is that the bra she is wearing today is specially customized for her, with a triangular Superman logo printed on each side, which is very conspicuous.

Daniel obviously noticed it, and raised his eyebrows very slightly, but he didn't show any more shock in a very gentlemanly way, and coughed lightly, "Sorry, I didn't close the door..."

After finishing speaking, he was ready to exit and avoid.

"It's okay, it's my fault, I forgot to close the door!" Selena pretended to be calm and pulled out the bra, stuffed it under the quilt, and fanned it with her hand, "Cough, it's too hot in summer, you men won't understand women's troubles! Well, do you have anything to do with me?"

"Why are you back so late? Have a date?" Daniel asked casually.

"What a date! When I met someone I really hate, I chatted casually!" Selena muttered sullenly.

Hearing this tone, it's definitely not a date, Daniel's face softened a little, "I left some food for you, I'll eat after I take a shower."

"Actually, I can solve the problem of eating by myself..." Selena said shyly.

"It's not too much for you to open your mouth."

"Uh, fine."

After Daniel left, Selena quickly locked the door behind her.

I didn't realize for a while that I didn't make such a low-level mistake in my own home. Will have to pay attention in the future.

After taking a shower and eating, Selena nestled comfortably on the bed and started surfing the Internet to read news, while Rick lay on the table, holding the tome and chewing on it.

"Susie confessed her handsome and rich boyfriend in public, Zhao Yingdi became jealous on the spot"

"Susie praised junior sister Selena for her beauty and strength."

"Selena deserves to be the number one beauty in the entertainment industry, crushing Jia Qingqing"

"The Opening Ceremony of "The World" by Meng Changge (Photos)"

"On the first day of "The World", Susie's tall, handsome and rich boyfriend came to visit the class considerately"

"Counting down the rich suitors of the newly promoted Xiaohua Selena, red roses piled up on the set on the first day of filming (photos)"

...

Seeing that everything is normal here, but things are getting more and more wrong later on, and it has evolved into "Selena is taken care of", "Selena's financial backer", "Selena is on multiple boats", "Selena's private life is chaotic"...

...

Selena had already made preparations when she was on the set, so seeing these things now is quite calm.

She knew that even if there was no incident between Louis and ys that day, sooner or later her image positioning would attract these rumors.

Those gossip news all use ambiguous words, and there is no conclusive evidence. I'm afraid that if one thing is said too many times, no matter it is true or not, it will make people believe it.

"Do you need help?" Daniel's voice came from next to his ear.

Selena got up with her laptop in her arms, and smiled while holding her chin, "Boss Lu, are you going to unlock it for me?"

"Why not?" Daniel handed her and Rick a glass of milk respectively, "Your glass is low-fat."

"Thank you!" Selena took the cup flattered, and then said, "Thank you for your kindness, but there is no need, I believe time will tell everything."

"I believe in you." Daniel said.

Selena was stunned for a moment, then helped her forehead, "Daniel, has anyone told you that you are really good at flirting with girls!"

"Pick up girls?" Daniel had a look of suspicion on his face, obviously he didn't know what these internet words meant.

"Hmm... it means to make girls happy!" Selena explained simply.

Daniel smiled when he heard this, "I'm very happy with your evaluation, does this mean that you are pleased by me?"

As soon as the voice fell, the atmosphere immediately became ambiguous.

Selena's cheeks felt hot immediately, and she felt annoyed, calling you a cheapskate! Tell you to bring up such a dangerous subject with your mouth!

Luckily, Daniel accepts every time he sees something good, "I'll go to the study to read the documents, you two remember to go to bed early. Good night."

Selena: "Good night..."

Rick: "..."

Although Rick didn't speak, but bun's face clearly said "Go, don't disturb me and Aunt Xiaoxi"...

Chapter 54

the next morning.

After Selena left, Daniel worriedly called Saul.

"The crew sent someone to watch over there."

"Brother, are you worried that someone will bully your sister-in-law? In fact, these are all things she has to go through on her way to becoming famous. It's good for her to exercise! If she doesn't go through these things, how can she be independent in the future!" Saul imitated Daniel's tone when he usually educated himself.

Daniel: "She doesn't need it." The implication was that he was protecting her.

Saul: Hehehe.

Regarding the different treatment of his brother, Saul felt desolate.

I thought to myself that you didn't say that when you kicked the young master into the mess of the prosperous age without saying a word, and didn't allow anyone to help me.

"All right, all right, I'll send someone to keep an eye on her right now! Make sure she won't lose a single hair!"

"I'll give you a week's vacation next month," Daniel said suddenly.

"What... brother, what did you just say?" Saul thought he had an auditory hallucination, "You actually want to give me a vacation, it's still a whole week! You haven't given me a vacation for three years!"

"Do not want?"

"I want it! Of course, I want it! But...why are you being so nice to me all of a sudden?" Saul was puzzled, and carefully recalled what he said just now.

In the end, I felt that the problem should lie in two words...sister-in-law.

Just because he called Selena sister-in-law?

This holiday really made him happy and sad...

"Master, Doctor Qin is here." The voice of the maid announced from outside the study.

Standing next to the maid was a slender man, dressed in simple casual clothes, with a gentle appearance and a gentle smile, looking very friendly.

Daniel hung up the phone, turned around, and looked at the person who came, "Here we come, sit down."

Qin Mufeng put down the bag in his hand, and sat down on the sofa, "What's wrong? Rick's condition is not good?"

"You can go and see for yourself, he's in the kitchen," Daniel replied.

"Kitchen?" Qin Mufeng raised his eyebrows, then got up and walked to the kitchen.

After a while, Qin Mufeng came back and said with a smile, "Since when did Rick have a hobby of squeezing juice? And I think he seems to be in a good mood! What happened?"

"Some things did happen during this time. A few days ago, I was too busy with work to take care of Rick, so Saul secretly took him to the bar..."

Daniel briefly explained to him.

Qin Mufeng's expression changed after hearing this, and finally, he said happily, "Rick is a blessing in disguise! As I said before, Rick's current state is too desirable. If there is a driving force that makes him interested, it will be of great help to his condition, not to mention that he is still alive! You didn't leave that girl as a nanny or a tutor for Rick?"

Daniel: "She will be Rick's future mother."

"Cough cough cough..." Qin Mufeng looked at Daniel's expressionless face in surprise, "What did you say? Are you doing it for Rick, or for yourself..."

Daniel's cold expression seemed to melt, he looked out the window, and said slowly, "Doctor Qin, I think your previous conclusion was correct."

"You...you fell in love with this girl?" Qin Mufeng was very excited when he heard the words, "I said that my judgment is not wrong, how could you be asexuality! Tell me the specific situation, what will you do when you see her?" Heart beating faster, blood boiling, want to get close to her, want to have sex with her?"

Daniel lowered his eyes and thought for a while, then nodded, "Basically correct!"

Chapter 55

He once asked Qin Mufeng what it feels like to like someone, Qin Mufeng said, you will know when you meet that person.

At that time, he felt that these words were too empty.

I didn't know until I met Selena that it was the truth.

"Congratulations! Many asexuals may never meet such a person in their lifetime!" Qin Mufeng sincerely congratulated his old friend.

In addition to heterosexuality, homosexuality, and bisexuality, there is also a sexual orientation in this world called "asexual".

The so-called asexuality does not mean that there is a problem with the body, or that the gender orientation is uncertain, nor is it that you are afraid of intimacy. Simply put, it means "not interested in sex".

Because of his problem, his mother even urged Saul to give him medicine five years ago...

"This is double happiness. When will you drink your wedding wine?" Qin Mufeng teased.

"I'm working hard." Mentioning this question, the always invincible Daniel rarely showed a trace of uncertainty on his face.

Qin Mufeng was surprised, "It's actually in the present continuous tense. I thought it must be the past perfect tense when President Lu came out. The girl who can make you fall in love is really extraordinary! So you came to me this time because you want me to teach you how to do it." Chasing girls? Although my practical experience is not as good as Er Shao, I still have a lot of theoretical experience!"

Why does everyone want to teach him how to chase girls?

Daniel's face darkened slightly, "I don't need to bother with that, I came here mainly to confirm the impact of her appearance on Rick."

After the joke, Qin Mufeng started to talk about the business, "It's like this, everything has two sides, although this is a good thing, you also said before that Rick ruined the whole house in order to see her, so the point is still Depends on how you lead.

No matter whether you are out of selfishness or what, the countermeasure of keeping her at home temporarily is quite correct. Next, I suggest that you ask that girl to help you, take Rick out and walk around more, and even send him off when the time is right. Go to school and let him live a normal life step by step. It took me two years to do this, maybe she can..."

"Got it, I'll try."

...

film and television city.

As soon as Selena entered the set, the whispers around her stopped immediately, and everyone looked at her strangely.

It seems that the gossip news has spread.

In the corner, someone muttered strangely, "What, it's just a newcomer who came so late, didn't you see that Teacher Ning arrived so early?"

In fact, there was nothing wrong with the time of Selena's visit today, but Susie came too early.

"Mr. Ning, you and Selena are in the same company, Is those gossip posted on the Internet true?"

"Some people say that she slept with many people in our crew for this role!"

"It's too shameless! Does Empire ignore this kind of unfair competition?"

...

Facing everyone's questioning, Susie showed a touch of helplessness on her face, and sighed, "It's up to each person according to their ability, the company won't care..."

After speaking, he suddenly realized that he had said something wrong and added, "I don't mean that little junior sister really did those things. You can't believe the rumors on the Internet!"

However, saying this sentence at this moment seems to be trying to cover up, and everyone is more sure that those things are true.

It wasn't until the director came over to urge everyone to get to work quickly that the chattering people dispersed.

The pure and innocent expression on Susie's face faded in an instant, and she called the assistant at the side, and asked in a low voice, "How is your work going?"

"Sister Susie, don't worry, it's already done! Didn't you say she's allergic to metals? I put the metal powder in the makeup artist's puff while no one was looking, and I'm sure her entire face will be spent..."
