I' m Sorry My Love Novel alternative...

Chapter 2414

Hearing such news, Yan Chongwu almost cried with excitement.

Both the younger brother and the younger sister have been admitted to the No. 1 High School in the county seat, and the chance of going to the university in the No. 1 high school in the county seat is very high.

up to eighty percent.

“Okay, great!” That night, Yan Chongwu specially added meals to his younger siblings.

Said to be a snack, but it was just a meat slice and a carrot.

The meat is still poor.

With such a small amount of meat, the three brothers and sisters were reluctant to eat them.

Seeing how sensible his brother and sister are, Yan Chongwu felt that he must work harder and earn more money.

Seeing that in another three years, my younger siblings will go to college and have more places to spend their money.

I think so, but a person like him who has no education or culture, where can he make money?

Throughout the three years of high school, although Yan Chongwu tried his best to make money, he still owed a lot of debt.

These debts are all used on younger brothers and sisters, as well as on repairing old houses.

Yan Chongwu was extremely happy when his brother and sister's university admission letter arrived, but he was also extremely worried.

What about money?

So what are you going to do to support your siblings?

Two college students.

"Brother, let Jin Jin go to university, and I will support her." At that time, Yan Weimin had already started to like Luo Jin.

"No!" Yan Chongwu immediately scolded Yan Weimin.

He took a breath, and then said ruthlessly: "If she goes to college, gets assigned a job, and gets along in a big city, and doesn't want you in the future, what will you do? We are two brothers, we can't be two of us. Let's all be bachelors!"

Yan Weimin: "This..."

"I'd rather let Jin Jin drop out of school and let you go to college by yourself. You have the ability to assign jobs in the future, even if you dump Jin Jin, you will still be my own brother. Don't blame me for being selfish as a big brother. I'm just your own younger brother. I can't do that my own brother didn't go to school, and our two brothers donate to an outsider! I can't do it!"

The big deal is that you will become prosperous in the future. We will find a good person for her to marry, and it will not be considered unfair treatment of her!"

Yan Weimin was silent for a long time.

Then quietly went back to sleep.

After three days, Yan Weimin went to the construction site to find his brother again.

“Brother, I borrowed all the people in the village. I borrowed it myself. I borrowed enough for one person’s tuition, and there was another person. I also thought about it. We can work-study in the university, and we can also provide some student aid. Loan. So we can both go to college.”

Yan Chongwu: “For the people! You just want Jin Jin to be like that?”

Yan Weimin: “Brother, I like Jin Jin, and I must marry Jin Jin in the future. Wait for me. Both Jinjin and He Jin have a job, and our family will have a better life, and we will bring you to the city, brother.”

Yan Chongwu looked at his younger brother and suddenly smiled: “Of course it is the best, you guys. Don’t worry about brother, brother is very good. Study hard in university. Take good care of Jin Jin, she will be our Yan family in the future.”

“Well.” Yan Weimin nodded heavily.

He and Luo Jin went to university with the money lent to them by the whole village.

My brother promised that the money would be returned by him.

Reassure the villagers.

However, although he owed a lot of debt, the joy on his face could not be hidden.

“Chongwu, you are a good boy. You could have ignored Jin Jin. You have raised her well since childhood. You must know that you are also a child, and you are not yet 30 years old.

” I feel sorry for Yan Chongwu.

Yan Chongwu shook his head, but his face was still very happy: “Jin Jin is a picked child again, but she studies very well and learns very well. As long as I have a way, I will not give up her studies.

Besides, Jin Jinhe My brother is a perfect pair.

Chapter 2415

They are childhood sweethearts, together since childhood, my greatest wish is that they can become a family. This

kind of remark was heard by a girl who came to this village as a guest. The

girl's aunt's home is in this village. The

girl whispered to her aunt: "Aunt, such a loving, righteous, responsible and responsible man, although Poor, but very admirable. "The

aunt said to her own niece: "Did you like him?" "The

niece nodded shyly: "Well, I like it. The

aunt immediately sighed: "This child is very diligent, not only diligent, but also the fiercest in fights. You don't think he likes to fight, but he never bullies the weak. He fights to protect his younger brothers and sisters." He can fight and endure hardships. He has been working on the construction site since he was seventeen or eighteen years old, and his strength is the same as that of adults.

Not only can he fight, he can also work hard, and he can also cook for his younger siblings.

When he was a child, he even washed the clothes of his younger brothers and sisters.

This is this child, life is too hard.

When I was a child, my mother died, and when I was older, my father died again.

He is the eldest and has to take on the responsibility of pulling his younger brother.

No, it's finally over.

Hearing her aunt 's long talk, the girl suddenly wanted to forget: "Aunt, I want to be with Yan Chongwu. "The

aunt looked at her niece: "He is very poor. "

“I’m not afraid of being poor, I just like his sense of responsibility, willingness to work, and a good mind.” The girl said.

The aunt nodded immediately: “My niece has good eyesight, and this matter is up to my aunt.”

Yan Weimin and Luo Jin were in their first semester of college, and Yan Chongwu, who was doing odd jobs at home, fell in love.

At that time, Yan Weimin and Luo Jin were very happy. The two actually ate the miscellaneous noodles for a month and squeezed some money out of their rations to buy a watch for their future sister-in-law.

“My brother is going to get married, and I’m relieved, Jin Jin, we must treat my brother and sister-in-law well in the future.” Yan Weimin said.

Luo Jin nodded desperately: “Well, definitely! Not only is it good for my brother, but also for my sister-in-law.”

Yan Chongwu’s object is Xue Ping.

Xue Ping is really a good girl. She is reasonable, understanding, and hardworking.

Yan Chongwu liked what Xue Ping liked even more, and was simply flattered.

He originally thought that he was going to be a bachelor in his life and wanted to make up for his wife, but a snail girl fell from the sky, helping her with laundry and cooking every day, and waiting for him to come home every day.

It didn’t take long for Yan Chongwu and Xue Ping to talk about marriage.

At that time, the relationship between Yan Weimin and Luo Jin was getting closer and closer, and the two of them had reached the point where they would not marry unless you did not marry.

While they were happy for their brother, they were also happy for themselves.

“Think of how hard our brothers are. We have no father and mother since we were young. We depend on each other.

We didn't think we could live, but now it's fine. My brother has someone he likes and is about to get married.

And we...

Jin Jin, shall we get married as soon as we graduate?”

Luo Jin replied shyly, “I'll listen to you.”

Then she added: “After we graduate and get married, we will first buy a house for my brother and sister-in-law here and take them over to live.”

“Jinjin, you are so kind.”

“Brother is our relative . . . , all servants.” Luo Jin said and threw himself into Yan Weimin's arms.

When the two fell in love with each other, Yan Weimin's lips almost came close to Luo Jin's.

But at this time, a sharp female voice suddenly came from behind them: “You guys are so brave!”

Chapter 2416

This roar made Yan Weimin and Luo Jin tremble violently.

Luo Jin hid in Yan Weimin's arms and didn't dare to look up, but Yan Weimin calmed down after shaking.

What is daring not daring.

They don't steal or steal, they love freely.

He turned around, and the woman standing behind him turned out to be his classmate Jiang Meiruo.

This Jiang Meiruo is four or five years older than her classmates. She is now twenty-four or five years old, but she is only in her second year of high school.

The classmates in the original class thought that she might have repeated her studies for several years, but it seems that she is not.

However, no one knows exactly what happened.

But one thing, the classmates in the class can be sure, that is Jiang Meiruo's family is very rich.

At that time, most of the students in the class were very nervous about food and clothing, but Jiang Meiruo was the only one who went to school every day by car pick-up and delivery. She wore different clothes every day, and each dress was too expensive. The students were stunned.

Jiang Meiruo is very different from the classmates in the class.

Especially like Yan Weimin and Luo Jin, who came from a small county and were orphaned children, in Jiang Meiruo, they were even more insignificant and even dared not speak.

Neither Yan Weimin nor Luo Jin spoke to Jiang Meiruo.

He didn't know why Jiang Meiruo was peeking behind them and frightening them at this moment.

"Student Jiang, why are you doing this?" Yan Weimin asked.

"Haha, just kidding, we are classmates, can't you call me by my name? Also, classmate Jiang, don't you know the principle of being a classmate for three lifetimes?" Jiang Meiruo raised her eyebrows and smiled.

Yan Weimin of course knows the truth of being a classmate for three lifetimes.

He has always been enthusiastic to his classmates, but he also knows what it means to be unattainable.

He also didn't want to climb high.

He just wanted to work hard for himself and Jin Jin to let himself and his elder brother and sister-in-law live a good life.

“How about Yan Weimin Luo Jin, can I admit the two of you as friends? We will often eat together, go shopping, how about it? I adore you.

Who made the two of you’s academic performances tied for the first place in us?

I envy you so much.” Yan

Weimin was unmoved.

But Luo Jin is a soft-hearted girl.

She was an orphan since she was a child, and the brother’s Yan Chongwu and Yan Weimin adopted her. She has always been grateful, but she also knows the truth of being kind and tolerant to others.

She immediately got up and came to Jiang Meiruo with a smile: “Meiruo, you are our classmate, why are you being polite to us? Let’s study together in the future. As for shopping and eating, we won’t go there, because.”

Having said this, Luo Jin blushed embarrassedly: “You know, my brother and I are both poor, and we have to work and study every day in addition to studying. Time to go shopping, but my brother and I will treat you as a friend. If you have any difficulties with your studies, we will help you.”

Jiang Meiruo raised her eyebrows and smiled: “Really?”

Luo Jin nodded solemnly: “Of course it is true. Yes .”

“Okay, I will study with you Luo Jin in the future.” Jiang Meiruo raised her eyebrows and smiled again, and there was a flash of cunning in that smile.

From that day on, Jiang Meiruo really studied with Luo Jin, and it didn’t take long for her academic performance to improve a lot.

At first, every time she called Luo Jin to go shopping, Luo Jin didn't go.

Later, after a while, when they were very familiar, they called Luo Jin again. Luo Jin couldn't get rid of it, and occasionally went shopping with Jiang Meiruo to buy clothes and so on.

Jiang Meiruo is generous.

Chapter 2417

Buy Luo Jin beautiful clothes every time.

He also took her to and from high-end entertainment venues.

Gradually, there were some bad rumors in the school, saying that Luo Jin, a female voice who came from the countryside to take the student loan test, did not want to make progress, and only knew how to eat, drink and have fun all day.

It is impossible for Luo Jin to spend money that a family like her can afford.

Many classmates in the school began to discuss: "She must have been packaged by some rich man."

"Hey, it's really hard for her brother, who treats her so well. Raised her since she was a child."

"This is typical. If a woman becomes bad, she will be rich. She is beautiful, but she is just poor. Which beautiful woman will be poor for a lifetime."

"She still hangs out with the richest female classmate in our class, and she doesn't even think about it. , Does she have the financial resources to live the same life as Jiang Meiruo? After a long time of envy and jealousy, didn't she just want to find someone to take care of her!"

"Hey..."

"Don't talk about it, she's here, She's here."

Seeing Luo Jin walking alone, the whispering classmates stopped talking.

Luo Jin just sat on the table after a meal, when Yan Weimin followed.

“Jinjin, you’ve gone too far recently! You don’t have to fall in love with me, I won’t force you, as long as you are happy, but you can’t be so degenerate!” Yan Weimin said very seriously.

Luo Jin’s eyes instantly turned red: “Brother, you and eldest brother brought me up, do you think I am that kind of person?”

Yan Weimin immediately softened his heart: “Brother doesn’t believe it! Then tell me, why do you always follow Jiang Meiruo’s ass and go in and out of those high-level places with her. We can’t compare to her.”

Jiang Meiruo laughed, a bit miserable: “Brother, Jiang Meiruo said, as long as I’m her valet, I’ll often accompany her after her. When she goes shopping, I help her carry her bags, and when she buys shoes, I help her with her shoes, and most of them are like this. It’s a small job. Sometimes she wants to eat a new dish, but she doesn’t dare to try it. She even asks me to taste the first bite. She is willing to pay me every month for such a simple errand. 1,000 yuan. 1,000 yuan

!

Brother, is it enough for the two of us to live on for two months

? Why don’t I do it? Isn’t that what my

classmates say about me?

Let others tell you.

In this way, we can relieve a lot of the burden on the eldest brother, and we can save a sum of money for the eldest brother.”

Hearing his sister say this, Yan Weimin’s eyes were also red: “I’m sorry for you, Jinjin, wait for us to graduate. That’s good, we’ll graduate in two and a half years, soon.”

“Well! We’re all doing well, don’t worry, brother, I know what I know.”
Luo Jin said.

Yan Weimin nodded.

It’s good to clear the misunderstanding. From then on, whenever Luo Jinchu and Jiang Meiruo went out to play and came back late, Yan Weimin would pick up Luo Jin outside the school gate.

Although Luo Jin told him the situation, he was still worried about Luo Jin’s safety.

His worries were not superfluous.

In the third month of Luo Jin and Jiang Meiruo dating, Luo Jin really had an accident.

The call was made to Yan Weimin’s dormitory building.

He thought it was his brother calling. After the call was connected, Jiang Meiruo’s voice came from the other end. Her tone was very calm: “Hey, Yan Weimin, what’s the matter with your sister?”

Yan Weimin was taken aback for a moment . : “What happened to my sister?”

“She seduces a married woman, an old man who is almost 70 years old, and she even seduces people with hunger. No, she is being seduced by the main room, the children of the main room, and the daughter-in-law. , and even the grandchildren and daughter-in-law, dozens of family members surrounded her and wanted to beat her to death.”

Yan Weimin was shocked: “How is this possible!”
