

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel Alternative

Chapter 2596

So, he has to help this girl.

He said apologetically to the girl: "I'm sorry, I... I just hate that iron can't become steel. In fact, this is not my own experience, so I just stand and talk without back pain. I have nowhere to go, no job, and every home in a big city.

If I were in this situation, maybe I would also put all my hopes on a boyfriend.

It's not your fault, Galia. Galia shook her head: "

Brother Christopher, you can't say good things for me just because I saved one of you. It's my fault and it's my fault. I created a fake degree and deceived the company for the loss to the company." , as well as cheating my boyfriend and pestering him again and again, it's really an unforgivable mistake.

You don't have to comfort me brother Christopher.

To be honest, a person, especially a girl, you don't It's lovable, no matter where you go, there's really a reason.

If it's your friend, even if she talks about friends, as long as her boyfriend says no to her, she should be very arrogant. Leave?

Only such a girl is a girl who really attracts men. If a

girl is not arrogant and uncomfortable, how can others love you?"

"No." Christopher shook his head: "She really met her. She's been in a situation like yours before, and she..."

Galia looked at Christopher in disbelief: "No... not your friend, who has pestered her boyfriend?"

Christopher smiled helplessly: "I have really been entangled, not only have she been entangled, she is more fierce than you, on the day of her boyfriend's wedding, she forcefully went to the wedding scene, and forcefully took the man who should be married, It was pulled from the wedding. It

successfully ruined a wedding."

Galia: "Huh?"

"So girl, you are not the worst. Not only are you not the worst, you are even more kind than many girls. It's over." When Christopher said this, there were ten thousand things in his heart that he said sorry to Suzi.

I feel at ease again.

After all, Suzi had indeed done such a thing back then.

Entanglement and entanglement also depend on the situation.

Suzi's entanglement was because she already knew that the other party's bride took her place, that she knew that the other party's bride was a downright bad person, and that Suzi was pregnant at the time.

The reason why she rushed to the wedding to win over Arron was to give her children a complete family.

Her actions are very brave.

And Galia's entanglement can really only be described as becoming too mentally ill.

However, at this time when Galia was most vulnerable, Christopher could only use Suzi to comfort Galia.

Galia's mood really improved, she smiled lonely: "I thought that I was the only one in this world who turned into such a devil, so, so..."

"Actually, women were originally It is softer than men. Women are more profound than men in terms of affection. For men, it is possible to throw them away, but for women, if they are sad, if they are inseparable, it means that This woman is very emotional.

Galia, you are a good girl who is very emotional."

Galia pursed her lips and said with a smile: "Thank you, thank you Christopher for complimenting me like this, I know you are comforting me, I know very well what I have done before, and I will not harm others like this in the future.

I will always reflect on myself . I

will never do things that pester others again."

"Afterwards, after he ran away, you never saw him again?" Christopher asked.

Galia's throat choked again: "Later, I was suddenly approached by a lawyer..."

Chapter 2597

Christopher was surprised again: "Lawyer? What lawyer, is it impossible, you forced that boy... "

Galia: "It has nothing to do with the boy, it has something to do with the money I owe."

Christopher suddenly thought that during this period, for a year, Galia spent all the time waiting for the boy. Not only did she not have a job, but she also had to maintain a minimum monthly expense, and most importantly, she had to send 2,500 yuan to her mother every month.

This year, she not only has no income, but also owes an additional 30,000 to 40,000 yuan.

So it counts. Galia's debts in the past two or three years add up to as much as 70,000 to 80,000 yuan.

Seven or eight is really nothing.

Not to mention for the current Christopher, even when Christopher didn't get the 20% shares of the Fu Group before, 70,000 to 80,000 yuan was not a big deal for Christopher.

But for Galia, it was really a big mountain.

"What do you do with the money you owe?" Christopher asked.

Galia sighed heavily and smiled sadly: "Since then, I've been worrying about every day, but it's been a long time since I was overdue, and every time I call to remind me, I don't take it seriously.

No, lawyers do n't take it seriously. I came to my door.

I had no choice but to sell everything that I could sell. I

originally bought a computer to teach myself, but the computer was sold.

When I bought it, it was more than 7,000, and when I sold it, I sold it for only 3,000. .

Later, although I couldn't find my ex-boyfriend, I had the cheek to call my ex-boyfriend's mother once, and I told her that I had encountered a difficult hurdle, and I hoped his mother could help me once.

Maybe their family wanted to get rid of me completely, so his mother sent me 10,000 yuan.

That 10,000 yuan is equivalent to buying all my self-esteem.

Maybe, in the eyes of their family, I really don't even count as an individual.

I took the 10,000 yuan and solved my immediate need.

Since then, I have started my long process of looking for a job again. Due to two false education incidents, I have become a small celebrity in the industry. I am looking for a job, even if my work experience changes Rich, slightly decent companies don't want me.

I had no choice but to lower my salary requirements, which were lower than the average female workers in the factory.

Companies that desperately need people want me.

In the following years, my work has been unsatisfactory. Without a good job, I am still in debt, and I have to give my mother a lot of money every month.

In this way, the situation that I owe money is still not relieved.

Not only this, but also my personal problems.

A few years ago, I felt that I was young, and time was wasted unknowingly, wasted, and I was twenty-eight in the blink of an eye.

At twenty-eight, I don't have a boyfriend, work unsatisfactory, and pay debts.

Girls like me, in our hometown, are basically already married at the age of 22, and girls in their 27s and 8s can go to primary school.

And I want to go back to my hometown to find a boyfriend, but I can't find the right one.

Besides, who wants a woman in debt?

Nobody wants.

I also dare not tell others that I am in debt.

In this way, my personal problems dragged on and on until I turned 30 this year.

Both my parents were in a hurry, and they were dying.

A few years ago, because of that boyfriend, I got a lot of face, but these few years, not only have I not been able to bring my boyfriend home, but I am getting older and older, and there was one time when I was in debt. The bank sent the bill directly to my home.

That's why people in my hometown discovered that I owed so much debt after working in a big city for so many years.

Chapter 2598

For

a time, those who were envious of me and jealous of me all started to spit on me.

They passed it on from ten to ten, and it was unpleasant for them to pass on me.

They say that I eat, drink and have fun outside, just because I don't work well, that I lie, that I haven't found a good job in a big city for so many years, and I've always tried to lie to my family.

Then gossip first, sent my mother, who was already in poor health, to the hospital.

In the past seven or eight years, I have given them a total of 150,000 to 60,000 yuan, which is just enough to renovate the house in our hometown.

After the house was renovated, my family ran out of money.

When my mother was hospitalized, the family couldn't even pay the hospital bills. My father urgently called me and asked me to come back quickly, and it was no use for me to return to my hometown.

I can no longer afford to pay my mother's hospital bills.

I had no choice but to go to my uncle's house and my aunt's house to borrow money.

But no matter who's house I went to, I was always beaten and scolded by them.

But my mother's illness must be cured, I have no choice but to give my aunt my newly built house.

I told my aunt and uncle, let them lend me 50,000 yuan, I will see a doctor for my mother, and then I will pay them back 70,000 yuan within three years.

If I don't get on, our house will be theirs. Hearing this, Christopher couldn't help but interject: "

Your uncle, aunt? "

Galia nodded: "I don't blame them, after all these years, I've been on top of them in front of them, and they were already full of anger, but when they saw me revealing, naturally they were all angry at me. To vent.

Even if I took our house as collateral, my uncle, aunt, and cousin were reluctant to lend me money.

Later, I had no choice but to kowtow in front of them and pleaded guilty, and they only lent me 30,000 yuan.

But I didn't ask me for interest. I

just asked me to pay it off within three years.

In three years, I tightened my belt and kept delaying my credit card. I finally saved 30,000 yuan, that is, a few days ago. , when I took 30,000 yuan to give to my uncle and aunt, my cousin and cousin were all at home at the time, and I gave them the money. Although my uncle and aunt looked unhappy, they didn't say anything

. I got angry. They

said I was too naive. I borrowed 30,000 yuan for three years without paying any interest at all.

They insisted that they didn't want the money. They

wanted our house."

"Isn't this a clear robbery?" live and ask.

Galia sighed: "Perhaps, they can't be angry. For so many years, I have suppressed them so badly.

My cousin is a college student, and a technical secondary school student.

But I was deceived by me . They couldn't hold their heads up in front of me for eight years and nearly ten years, and they definitely didn't want to let me go easily . They just

tried to embarrass me.

They not only asked me to give up our big house, but also released harsh words to make me have to get it. Take good care of my mother, my mother is their aunt, if their aunt has half the grievance, can't eat well and live well, they will ask me."

Christopher finally understood and asked: "This is you Cousin and cousin are at the head of your village, the reason for beating you?"

Galia shook her head: "No."

Christopher: "..."

Galia smiled sadly: "They must have wanted to hit me for a long time, but they just couldn't find a suitable reason. You beat me so blatantly because my mother and I had a big fight."

Christopher looked at Galia in disbelief: "You... quarreled with your mother first?"

Chapter 2599

Galia smiled sadly: "Actually, I have wanted to quarrel with my mother for a long time, I do not understand since childhood , why does my mother love my cousin more than my brother and me.

I don't understand why she looks down on her own children.

Since you look down on me like this, why are you sick and all your expenses
You need me to give it to you. Why didn't your nephew and niece give it to
you?

When I was a child, my family was so poor!

My brother and I couldn't get enough to eat, but when my cousin came, my
mother went to buy him ham sausage. Eat.

My cousin is at my house. I mix ham sausage with sesame oil that my family
can't bear to eat all year round. My brother and I are anxious. I'm okay. My
brother is so young, and my brother is crying.

But my cousin My brother ate it with relish, and didn't even say to give my
brother some food.

I asked my mother later, and I said that my brother and I also wanted to eat
ham sausage.

I just said one sentence, my mother slapped me too much and slapped me in
the face. They were all swollen, and while beating me, they scolded me that I
was greedy! They

said that I was low-spirited. Remember that

my inferiority complex and my conceit may really have something to do with
my innate character.

But Christopher Brother, do you know that my mother treated us with
contempt since childhood, and when she took us to my grandma's house, she
treated me and my brother with all kinds of contempt, have you ever thought
about how my brother and I feel?"

Christopher I don't know what it feels like.

There are all kinds of parents in this world.

There are parents who love their children in every possible way, and there are parents who don't care about their children.

This is not surprising.

"Could it be that she doesn't feel sorry for you and your brother at all?" Christopher asked.

Galia smiled desolately: "To say that she doesn't hurt us, this is not true. For example, when I was sick, when my brother was sick, she was also very worried and anxious.

I remember one time when I had chickenpox, I have a fever, but I don't

have any money at home, so my dad asked her to borrow some money from my uncle first. My mom, who was crying and hugged me, suddenly threw me on the ground and started arguing with my dad.

Why is my dad lazy, he doesn't know how to live, and he doesn't know how to make money.

Why is our Yan family all lazy pigs, scolding people in all kinds of ways.

She scolded people and didn't consult at all. I was thrown to the ground by her, crying and howling. Later, when I was tired from

the noise, I heard me crying while sitting on the ground. My mother put all her anger on me in a blink of an eye.

I had a serious fever at the time, but she was able to ignore my fever and twist my head. I was picked up by my ears, and I was crying even more because of the pain, but my mother could still yell, 'Cry, cry, mourning, your mother is not dead yet!

Your father can't make money, you Yan family If you are so poor, why do you have chickenpox!

What chickenpox do you have if you don't have money ! If you don't have money, you will suffer, and you will die!

Don't cry!

Cry again and tear your mouth to pieces! Cry as if you are going to get out of here!

This is me Mom's love for us. The

distress is genuine distress, and the anger is also very angry. When I get angry , I don't care if my brother and I live or die. "

Christopher looked at Galia in disbelief: "Your mother, how can she be like this?"

Galia said sadly: "She has always been like this, marrying my father makes her unhappy at all, and my father is also a real person. She doesn't live up to her expectations, she's really lazy. She doesn't live as well as her siblings, and when necessary, she has to pay attention to decency, and naturally everything is unsatisfactory.

Therefore, she gets angry with my brother and me from time to time.

She said the most In a word, if it weren't for me and my brother, she would have divorced my father long ago.
